- ❖ Profit after taxes (Net Profit) increased by 9.88 percent to Rs.275.15 lakhs

The year 2020-21 has been one of the worst hit globally due to the pandemic. Even though everyone wished the pandemic would be overcome by introducing medical measures, the overall situation in India continues to be far from satisfactory. It is expected that the economic situation would bounce back to normalcy only by 2022.

The Company however posted a growth in annual revenue by 50.43 percent. This was possible due to the Floating Solar Orders in hand as well as a major order of 15 crore from KSEB for High end CCTV Systems. These orders received last year will be completed this year by December 2021. There has also been a Growth in exports compared to previous year.

The year 2020-21 witnessed economic shock due to pandemic induced lockdowns and closure of businesses which was almost total in first half, which eased off during second half. Even though your Company was expecting a doubling in turnover, only 50 percent or so increase was recorded as covid19 hit our business also hard, like it did to other businesses. We were rather fortunate enough to have gone through the phase without much bruises.

The Company posted annual revenues of 70.29 crores as against 46.72 cr. recorded last year. Due to lockdowns, retail sales came to a total stand still during first half of 2020-21. The Company has 3 revenue segments – Retail, Commercial / Industrial and Solar. The retail segment recorded a dip of 36.73 percent over last year. Exports however jumped from Rs. 274.89 lakhs to 680.66 lakhs as your company was able to quote competitively amidst cutthroat competition.

The commercial / industrial segment recorded a 29.14 percent increase in revenues from 1012.79 lacs last year to Rs.1307.88 lakhs this year due to a large order from State Electricity Board for surveillance camera systems

The solar segment did 3616.96 lacs this year as against 617.78 lacs last year. Major orders received from BHEL and Tata Solar are under execution. Due to the pandemic and mostly due to delays in receipt of working capital funds, completion of these large projects have been delayed.

Earnings per share (EPS) was Rs. 2.31 per share for the year under review as against Rs. 2.10 in the previous year.

Future Outlook is positive on account of the vision of your company to continue the growth pattern. Your Company has made two senior level appointments. The first one has been, appointing a VP(Projects) to head the commercial/industrial segment business. His role is to grow the C/I business in the South, North and West regions. Next, your company has appointed a National Business Head to head the retail business. His role and leadership skills is to grow the retail business by another 30 percent from the pre pandemic year. He will also make needed changes to the present sales team and improve their sales/marketing skills.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. Auditor's Response

Principal Audit Procedures

We have obtained details of completed tax assessments and demands for the year ended March 31, 2021 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at March 31, 2021 to evaluate whether any change was required to management's position on these uncertainties.

3. Key Audit Matter

Capitalisation of Property, Plant and Equipment

In respect of Solar Division and E-Locking Project with IOCL, the Company has incurred capital expenditure on which the Company has charged Depreciation proportionately during the year under consideration.

Auditor's Response

Our Audit procedures included and were not limited to the following :

- 1) Assessing the nature of the costs incurred to test whether such costs are incurred specifically to meet the recognition criteria as set out in para 16 to 22 of Ind AS 16.
- 2) Evaluating the assessment provided by third party vendors involved in the construction and testing process to determine whether capitalization ceased when the asset is in the location and condition necessary for it to be capable of operating in the manner intended by the management.

Emphasis of Matter

We draw attention to Note(q) in the Financial statements, which describes the economic and social [consequences/disruption] the entity is facing as a result of COVID-19 which is impacting [supply chains / consumer demand/financial markets/commodity prices/ personnel available for work and or being able to access offices]. Our opinion is not modified in respect of this matter

Other Information

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134 (5) of the Act, with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profits and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditors' Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure B to the Independent Auditors' Report – 31 March, 2021

Report on the Internal Financial Controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") (Referred to in paragraph (A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to standalone financial statements of M/s. Adtech Systems Limited ("the Company") as at 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with respect to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with respect to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with respect to standalone financial statements included obtaining an understanding of internal financial controls with respect to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with

generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

GLOBAL ECONOMY

In the year under review, global economic activity, got badly thrashed by outbreak of the pandemic Covid19 which originated in Wuhan, China towards later part of December 2019. This has produced a humane and economic crisis unlike any in recent memory. Global economy experienced its deepest recession since World War II, disrupting economic activity, travel, supply chains and many more. Governments have responded with lock down measures and stimulus plans, but the extent of these actions has been unequal across countries. Within countries, the most vulnerable populations have been disproportionately affected, both in regard to job loss and the spread of the virus. The outbreak resulted in shutdowns and lockdowns across the world causing deep cuts and massive bleeding in the global economy, which is still reeling under the Covid19 impact. The hope is that policy makers can rise to the challenge in the medium term to tackle the Covid19 virus and the related challenges that the pandemic has exacerbated.

INDIAN ECONOMY in view of the Impact of Covid19

Overall rate of contraction in India was (in real terms, adjusted for inflation) 7.3% for the whole 2020-'21 financial year. This means that 2020-'21 is the worst year in terms of economic contraction in the country's history and much worse than the overall contraction in the World. While economies worldwide have been hit hard, India has suffered one of the largest contractions. During the 2020-'21 financial year, the rate of decline in GDP for the world was 3.3% and 2.2% for emerging market and developing economies. The fact that India's growth rate in 2019 was among the highest makes the drop due to Covid-19 even more noticeable. The pandemic has brought severe economic hardship, especially to young individuals who are over-represented in informal work. India has a large share of young people in its workforce and the pandemic has put them at heightened risk of long-term unemployment. To avoid another livelihood crisis, India turned to local lockdowns during the second wave of the virus. But the second wave has made India's position significantly worse. The total confirmed cases per million now are comparable to those in the rest the world and the rate of vaccination is lower in India.

OUTLOOK ON INDUSTRY

Electronic Security industry goes along with retail industry and with development of new facilities, be it in the retail malls or in software companies facilities, all of which has been badly affected by Covid19 pandemic. Lockdowns have resulted in total stoppage of activity for retail industry and construction of new shopping malls and places of business along with new plans for real estate sector can be estimated only once the pandemic subsides, either by way of complete vaccination or by the country achieving herd immunity, as pointed out by WHO. Either of these events being expected in Q3 of FY 2021-22 or later will be the single most factor that will serve to kick start business in retail segment and thereafter for the Electronic Security Segment.

Solar Segment does see immense activity in the year 2021-22 and afterwards, with many PSUs floating tenders for utilizing water bodies for construction of floating solar farms.

OUTLOOK OF ADTECH SYSTEMS LIMITED

The Company, being pioneer in electronic security integration segment, has most of the prominent retailers PAN India in its client list. Closure of shopping malls and locking down of the country has affected the revenue and future expansion plans of all such retailers and in turn has started affecting revenue of the Company. State specific lockdowns having started in the last week of April 2021 at the outset of 2nd wave has somewhat affected Q1 of FY 2021-22 but is expected to ease by Q2. What is in store for the year to come will be decided partly by any third wave of the virus or the extent and pace of vaccination.

OPPORTUNITIES AND THREATS

The Company is engaged in providing sophisticated solutions in the electronic surveillance segment. Due to statutory requirements, need for protection by way of electronic security solutions is increasing not only among corporates but also among individuals. The Company seeks to make full use of this growing awareness of the requirement of electronic security protection. The Company provides integrated solution and employs professional work force. We now cater to numerous corporates as their exclusive electronic security solutions provider which position is not unassailable. Constant attempts both from the organised and unorganised sector remains a threat to our business and earnings. The Team works hard to retain the customers which affects by providing the latest solution at the best price and support. Solar Division which caters to solutions by way of providing floating solar platforms has the first mover advantage in this field and gets numerous enquiries PAN India. Solar projects being of high value requires substantial amounts as working capital to execute the projects which is found to be the main hindrance. Our efforts to access funds from banks by way of working capital has so far not met with success in view of stringent requirements collateral security requirements demanded by banks. In spite of repeated announcements by the Government of India to make credit easily available to MSMEs, banks are shying away from providing much needed credit facilities even when the purchase orders from PSUs are well received.

RISK FACTORS AND CONCERNS

Our success largely depends on the continued services and performance of our management, our technical team and other key personnel as our business is revolving around technical capabilities of our personnel's which is human approach to be precise with. The loss of service of the management, our technical team and key personnel could seriously impair the ability to continue to manage and expand the business efficiently. Further, the loss of any of the senior management or other key personnel may adversely affect the operations, finances and profitability of our Company. Any failure or inability of our Company to efficiently retain and manage its human resources would adversely affect our ability to implement new projects and expand our business.

The growth of our business depends on the operations to realize our vision of attaining size and to improve our cost competitiveness. In order to achieve such future growth, we need to effectively manage our new project, our resources and accurately assess new markets, attract new customers, obtain sufficient financing, control our input costs, maintain sufficient operational and financial controls and make additional capital investments to take advantage of anticipated market conditions and keep on learning and inventing on technology. We expect our growth to place significant demands on our management and other resources. Any inability to manage our growth could have an adverse effect on our business, financial condition and results of operations.

The cost of implementing any new technologies could be significant and could adversely affect our business and financial condition. While we regularly upgrade our technology, the emergence of newer technologies could render our current technology ineffective or obsolete and may adversely affect the cost structure and competitiveness of our products and services. Changes in technology with which we are unable to keep pace, or which render our products and services less useful to customers and the market, could affect our growth, business, financial condition and results of operations.

We commit resources to projects prior to receiving advances or other payments from customers in amounts sufficient to cover expenditures on projects as they are incurred. We may be subject to working capital shortages due to delays or defaults in customer payments. If customers default in their payments on a project to which we have devoted significant resources or if a project in which we have invested significant resources is delayed, cancelled or does not proceed to completion, it could have a material adverse effect on our business, financial condition and results of operations.

The input costs of the products/services of the Company may increase due to *various reasons. In case the Company is not able to pass on such increase to the consumers because of competition or otherwise, it may affect the profitability of the Company.

Competition would have an adverse impact on our business and financial performance. The industry, in which we are operating, is highly and increasingly competitive and unorganized and our results of operations and financial condition are sensitive to, and may be materially adversely affected by, competitive pricing and other factors. Competition may result in pricing pressures, reduced profit margins or lost market share or a failure to grow our market share, any of which could substantially harm our business and results of operations.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The philosophy we have with regard to internal control systems and their adequacy has been formulation of effective systems and their strict implementation to ensure that assets and interests of the Company are safeguarded; checks and balances are in place to determine the accuracy and reliability of accounting data. The internal audit, an independent appraisal function to examine and evaluate the adequacy and effectiveness of the internal control system, appraises periodically about activities and audit findings to the Audit Committee. The Company's internal controls are supplemented by an extensive programme of internal audits, review by management and documented policies, guidelines and procedures. The Audit Committee also holds discussions with statutory auditors, internal auditors and the Management on matters pertaining to internal controls, auditing and financial reporting.

SEGMENT WISE OR PRODUCT WISE PERFORMANCE

The Company had till been operating in a single segment viz electronic security systems. In the current year, the Company has diversified into Solar Power business which turnover has crossed that of electronic security systems, details of which are mentioned elsewhere in this report.

The Company operates primarily in India, hence there is no other significant geographical segment that requires disclosure.
