Independent Auditor's Report

To the Members of B9 Beverages Private Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

• We have audited the accompanying consolidated financial statements of B9 Beverages Private Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31 March 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flow and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group as at 31 March 2022, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 11 of the Other Matter section below, is sufficient and appropriate to provide a basis for our opinion.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Director's Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

The Director's report is not made available to us at the date of this auditor's report. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The Holding Company's Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act the respective Board of Directors of the company included in the Group, covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds

and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative

but to do so.

Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the financial statements, of which we are the independent auditors. For the other entities included in the financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
- We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matter

We did not audit the financial statements of 4 subsidiaries, whose financial statements reflect total assets of INR 854.47 million, total revenues of INR 128.02 million, total net loss after tax of INR 740.15 million, total comprehensive income of INR (757.03) million and net cash flows (net) amounting to INR 4.75 million for the year ended on that date, as considered in the consolidated financial statements. This financial information has been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid subsidiaries, are based solely on the reports of the other auditors.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

Based on our audit and on the consideration of the report of the other auditors, referred to in paragraph 11, on separate financial statements of the subsidiary, we report that the provisions of section 197 read with Schedule V to the Act are not applicable to the Holding Company and its subsidiary company, incorporated in India whose financial statements have been audited under the Act since none of such companies is a public company as defined under section 2(71) of the Act. Accordingly, reporting under section 197(16) is not applicable.

As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act based on the consideration of the Order reports issued till date by us and by the respective other auditors as mentioned in paragraph 11 above, of companies included in the consolidated financial statements for the year ended 31 March 2022 and covered under the Act we report that:

Following are the adverse remarks reported by us in the Order reports of the companies included in the consolidated financial statements for the year ended 31 March 2022 for which such Order reports have been issued till date:

--

Name	CIN	Holding Company / subsidiary / Associate / Joint Venture	Clause number of the CARO report which is qualified or adverse
B9 Beverages Private Limited	U80903DL2012PTC236595	Holding Company	Clausei(a),(b) and clauseii (b)

As required by section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditor on separate financial statements and other financial information of the subsidiary incorporated in India whose financial statements have been audited under the Act, we report, to the extent applicable, that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;

In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;

The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;

In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;

On the basis of the written representations received from the directors of the Holding Company and its subsidiary companies and taken on record by the Board of Directors of the Holding Company, and the reports of the statutory auditors of its subsidiary company covered under the Act, none of the directors of the Group companies covered under the Act, are disqualified as on 31 March 2022 from being appointed as a director in terms of section 164(2) of the Act.

With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, and its subsidiary company covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure I' wherein we have expressed an unmodified opinion;

With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor on separate financial statements and other financial information of the subsidiary incorporated in India whose financial statements have been audited under the Act}:

- The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group as detailed in Note 27 to the consolidated financial statements;

The Holding Company, its subsidiary companies, did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2022;

There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary company, covered under the Act, during the year ended 31 March 2022;

- The respective managements of the Holding Company, its subsidiary company incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in note 47(b) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company or its subsidiary companies to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, or any such subsidiary companies ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;

- The respective managements of the Holding Company, its subsidiary company incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in note 47(c) to the consolidated financial statements, no funds have been received by the Holding Company or its subsidiary companies, from any persons or entities, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company, or any such subsidiary companies shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- Based on such audit procedures performed by us and that performed by the auditors of the subsidiaries, as considered reasonable and appropriate in the circumstances, nothing has come to our or other auditors' notice that has caused us or the other auditor to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

The Holding Company and its subsidiary companies have not declared or paid any dividend during the year ended 31 March 2022

Annexure B

Independent Auditor's Report on the internal financial controls with reference to the consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

• In conjunction with our audit of the consolidated financial statements of B9 Beverages Private Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as at and for the year ended 31 March 2022, we have audited the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies which are companies covered under the Act, as at that date.

Responsibilities of Management for Internal Financial Controls

The respective Board of Directors of the Holding Company audits subsidiary companies, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company audits subsidiary companies, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company audits subsidiary companies as aforesaid.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to consolidated financial statements and such controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to consolidated financial statements criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

(A) Other expenses 2,920.31 Excise duty on sale of goods 3,266.66

(B) Excise duty on sale of goods 2,475.79 Other expenses 1,428.74

Textual information (2)**Earnings per share explanatory [Text Block]**

34. Loss per share (LPS)			
Particulars		For the year ended March 31, 2022	For the year ended March 31, 2021
Loss attributable to equity shareholders		(3,960.64)	(2,571.51)
Weighted average number of shares		40,858,953	34,863,578
Basic/Diluted loss per share of face value of INR 10/- each		(96.93)	(73.76)
Diluted loss per share of face value of INR 10/- each*		(96.93)	(73.76)
*On conversion of preference shares and options into equity shares earnings will be anti-dilutive, therefore effect of anti-dilutive potential equity shares are ignored in calculating diluted loss per share.			
Reconciliation of weighted average number of shares considered above for computing loss per share:-			
Particulars		As at March 31, 2022	As at March 31, 2021
Weightage average number of equity shares		13,729,699	13,714,946
Weightage average number of CCCPS#		27,604,114	21,111,581
Weighted average number of shares used above		41,333,813	34,826,527
# Equity shares that will be issued upon the conversion of a mandatorily convertible instrument (CCPS here) are included in the calculation of basic earnings per share from the date of issue as per Ind AS 33 "Earnings per Share".

Subnotes:-

i) Conversion price shall mean the conversion price determined at the time of conversion.

ii)In the event of liquidation of the Company, the Series C will get the first preference, then the Series B, Pre Series D, Pre Series D1 and Series C1, and then Series A, Series A1, Series A2, Bonus Series A, Bonus Series A1, Pre-Series C, Pre-Series C1, Bridge Series CCCPS, Subscription CCCPS and Super Angles preference shareholders and shall have the right to receive the assets of the Company before any distribution to OCPS, in priority to the equity shares.

13. Other equity (refer consolidated statement of changes in equity)

Particulars	As at March 31,	As at March 31,
-------------	-----------------	-----------------

	2022	2021
Retained earnings	(13,436.59)	(9,470.69)
Securities premium	10,184.04	7,642.17
Share option outstanding account	242.45	94.37
Foreign currency translation reserve	(162.56)	(89.50)
Share application money pending allotment	7.00	-
Total	(3,165.66)	(1,823.65)

Notes:

The description of the nature and purpose of each reserve within equity is as follows:

- a) Retained earnings are accumulated losses earned by the Group till date, as adjusted for distribution to owners.
- b) Securities premium is used to record the premium on issue of shares. It will be utilised in accordance with the provisions of the Companies Act, 2013.
- c) Employee stock option outstanding account is used to record the impact of employee stock option schemes. Refer note 33 for further details on the plan.
- d) Pending allotment have subsequently been allotted on April, 02 2022

Disclosure of significant accounting policies [Text Block]

Corporate information

B9 Beverages Private Limited ("the Company") was incorporated on May 28, 2012 under the Companies Act, 1956. The name of the Company was changed from Divya Jyoti Coaching Institute Private Limited to B9 Beverages Private Limited on September 9, 2015. The Company had acquired business related to 'Bira 91' beer of Cerana Beverages Private Limited on a slump sale basis on October 17, 2015. The Company is engaged in trading and manufacturing of alcoholic beverages. The Company is a private limited company incorporated and domiciled in India and has its registered office at H-106, Connaught Place, New Delhi-110001, India.

Significant accounting policies

Basis of preparation

The consolidated financial statements of the Company and its subsidiaries (referred to as 'the Group') have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules as amended from time to time and presentation requirements of Schedule III (Division II) to the Companies Act, 2013, as applicable to the consolidated financial statements.

On 24 March 2021, the Ministry of Corporate Affairs (MCA) through a notification, amended Schedule III of the Companies Act, 2013 and the amendments are applicable for financial periods commencing from 1 April 2021. The Company has evaluated the effect of the amendments on its standalone financial statements and complied with the same.

All the financial information presented in INR (Indian rupee) has been rounded off to the nearest millions.

The accounting policies adopted in the preparation of these consolidated financial statements are consistent with those of the previous year except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy.

The consolidated financial statements have been prepared on a going concern (refer note 45) and historical cost basis and on accrual method of accounting, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

Principles of consolidation

The consolidated financial statements relate to B9 Beverages Private Limited (the 'Company') and its subsidiaries (referred to as "the Group"). The consolidated financial statements have been prepared on the following basis:

(i) The financial statements of the subsidiary company used in the consolidation is drawn upto the same reporting date as that of the Company i.e., March 31, 2022.

(ii) The financial statements of the Company and its subsidiaries viz., B9 Beverages Inc, B9 Beverages SPRL, B9 Beverages Pte Ltd and Pomelo Flavormaker Merchandise and Events Pvt Ltd have been consolidated on a line by line basis by adding together like items of assets, liabilities, income, expenses, after eliminating intra-group transactions and any unrealized gains or losses in accordance with the Ind AS - 110 on "Consolidated Financial Statements".

(iii) The financial statements of the Company and its subsidiary have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances.

Use of estimates

The preparation of consolidated financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although, these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Significant estimates and assumptions are used for, but not limited to,

- (i) Measurement of useful life and residual value of property, plant and equipment;
- (ii) Impairment assessment of non-financial assets - key assumptions underlying recoverable amount;
- (iii) Impairment assessment of financial assets;

- (iv) Allowance for uncollectible accounts receivables;
- (v) Identification of leases and measurement of lease liabilities and right of use assets;
- (vi) Measurement of defined benefit obligations : key actuarial assumptions;

(vii) Fair value measurement of financial instruments.

(viii) Recognition of deferred tax assets

(ix) Measurement of share based payments

Current versus non-current classification

All assets and liabilities are classified into current and non-current.

Assets:

An asset is classified as current when it satisfies any of the following criteria:

- expected to be realized or intended to be sold or consumed in the Group's normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within twelve months after the reporting date; or
- cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

Liabilities:

A liability is classified as current when it satisfies any of the following criteria:

- expected to be settled in the Group's normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within twelve months after the reporting period; or
- the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current assets/liabilities respectively.

Operating Cycle:

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

Inventories

Inventories are valued at the lower of cost or net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials, packing materials and stores and spares: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Finished goods and work-in-progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs.

Stock-in-trade: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

The cost of Inventory is determined on a weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Cash and cash equivalents

Cash and cash equivalents comprise of cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of an item of property, plant and equipment comprises of the purchase price and directly attributable costs of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

In the normal course of business, the Group keeps draft machines and visi coolers at customer's premises and are recorded under property, plant and equipment.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible property, plant and equipment has been provided on the Straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. The Group has used the following life to provide depreciation on its property, plant and equipments:

Assets

Plant and equipments	10 - 15 years
Reusable Bottles 650 ML *	3 years
Office equipments	5 years
Computers	3 years
Laboratory equipments	10 years
Furnitures and fixtures	10 years
Leasehold improvements	Over the remaining lease period

The Group, based on management estimates, depreciates certain items of plant and equipment over estimated useful lives which are lower than the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

* The management recognises reusable RGB 650 ML bottles (Bira proprietary bottles) as property, plant and equipment in the books of accounts based on appropriate estimates and trend analysis performed, which will be depreciated over a period of 3 years @ 50% in year 1, 25% in year 2 and 3 respectively subject to regular assessment of useful life of bottles to be done by management for proprietary bottles returned and collected.

The assessment for the same was carried out by the management of the Group during the year and basis that, the management is of the view that the estimates used approximates the actual results.

De-recognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognized. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if required.

Capital work in progress (CWIP)

Projects under which property, plant and equipment are not yet ready for their intended use are disclosed as capital work-in-progress, and are carried at cost, comprising direct cost, related incidental expenses and attributable expenses.

Assets costing less than INR 5,000 each are fully depreciated in the year of purchase.

Depreciation is charged on a pro-rata basis for assets purchased / sold during the year.

Intangible assets

Intangible assets that are acquired by the Group are measured initially at deemed cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and any accumulated impairment loss. Intangible assets comprise of software where it is expected to obtain future enduring economic benefits. Capitalization costs include license fees and cost of implementation/system integration services. The Costs are capitalized in the year in which the relevant software is applied for use.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite life is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortized, but are tested for impairment at each year end either individually or at the cash generating unit level.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Intangible assets are amortised over their estimated useful life on straight line method as follows:

Assets	Estimated useful life of asset
--------	--------------------------------

Software

4-10
years

Intellectual Property Rights

10 years

Amortisation of software and intellectual property rights is based on the economic benefits that are expected to accrue to the Group over such period.

The estimated useful life of the intangible assets and the amortization period are reviewed at the end of each financial year and the amortization period is revised to reflect the changed pattern, if any.

Cash flow statement

Statement of Cash flow is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

- (a) transactions of a non-cash nature;
- (b) any deferrals or accruals of past or future operating cash receipts or payments and;
- (c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Group are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Statement of cash flow. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

Foreign currency transactions and translations

The Group's financial statements are presented in Indian Rupees (INR), which is the Group's functional currency. Functional currency is the currency of the primary economic environment in which a Group operates and is normally the currency in which the Group primarily generates and expends cash. All amounts have been rounded to the nearest millions up to two decimal places, unless otherwise stated. Consequent to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute amounts.

Transactions in foreign currencies are initially recorded by the Group at their respective functional currency spot rates at the date of the transaction.

Foreign-currency denominated monetary assets and liabilities are translated to the relevant functional currency at exchange rates in effect at the balance sheet date. Exchange differences arising on settlement or translation of monetary items are recognized in the statement of profit and loss.

Employee benefits

The Group has various schemes of employee benefits such as provident fund, employee state insurance scheme and gratuity fund, which are dealt with as under:

- i. The Group's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.
- ii. For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuation being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Statement of Other Comprehensive Income in the period in which they occur.
- iii. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted when the absences occur.

Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, and for which discrete financial information is available. All operating segments' operating results are regularly reviewed by the Group's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance.

The Group's chief operating officer is the chief operating decision maker.

Leases

A lease is a contract that contains right to control the use of an identified asset for a period of time in exchange for consideration

Group as a lessee

The Group leases brewery plant, land and buildings. These leases are evaluated to determine whether

it contains lease based on principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors as defined in Ind AS 116 effective from April 1, 2019. The Group recognises a right-of-use asset and lease liability at the commencement a lease. Right-of-use asset represents the Group's right to control the underlying assets under lease and the lease liability is the obligation to make the lease payments related to the underlying asset under lease. Right-of-use asset is measured initially based on the lease liability adjusted for any initial direct costs, prepaid rent and lease incentives. The lease liability is measured at the lease commencement date and determined using the present value of the minimum lease payments not yet paid and the Group's incremental borrowing rate. Right-of-use asset is depreciated based on straight line method over the lease term or useful life of right-of-use asset, whichever is less. Subsequently, right-of-use asset is measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of lease liability. Lease liability is subsequently measured by increase the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payment made and remeasuring the carrying amount to reflect any reassessment or modification, if any.

The Group has elected not to apply the requirements of Ind As 116-Leases to short term leases with a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized on a straight-line basis over the lease term in the statement of profit and loss.

The Group is generally recognises the amount of the re-measurement of the lease liability as an adjustment to the right-of-use asset.

Loss Per Share (EPS)

Basic LPS amounts are computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. Diluted LPS amounts are computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. the average market value of the outstanding shares). Dilutive potential equity shares are deemed converted as at the beginning of the year, unless issued at a later date. Dilutive potential equity shares are determined independently for each year presented. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for bonus shares.

Income-taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any relating to income taxes. It is measured using the tax rates enacted for the relevant reporting period.

Deferred income tax assets and liabilities recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Group has a legally enforceable right for such set off. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss i.e. in other comprehensive income.

Provisions and contingencies

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets / liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions for onerous contracts are recognized when the expected benefit to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

Impairment of non-financial assets

At each reporting date, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication of impairment. If there are indications of impairment, then the asset's recoverable amount is estimated. For impairment testing, assets are grouped together into the smallest group of assets that generate cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash generating units (CGUs). When the carrying amount of the CGU exceeds its recoverable amount (i.e. the higher of the fair value less costs of disposal and value in use), an impairment loss is recognized. The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed to the extent of increase in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability
- in the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

Events occurring after the balance sheet date

Impact of events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date are adjusted to respective assets and liabilities.

Share issue expenses

Share issue expenses are adjusted against the securities premium account as permissible under Section 52 of the Companies Act, 2013, to the extent any balance is available for utilisation in the securities premium account. Share issue expenses in excess of the balance in the securities premium account is expensed in the statement of profit and loss.

Employee share based payments

Employees (including senior executives) of the Company receive remuneration in the form of

share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognized, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the year in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting year has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The standalone statement of profit and loss expense or credit for a year represents the movement in cumulative expense recognized as at the beginning and end of that year and is recognized in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognized for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognized is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

For cancelled options, the payment made to the employee shall be accounted for as a deduction from equity, except to the extent that the payment exceeds the fair value of the equity instruments of the Company, measured at the cancellation date. Any such excess from the fair value of equity instrument shall be recognized as an expense.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets.

Borrowing cost includes interest expense as per effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial liability or a shorter period, where appropriate, to the amortised cost of a financial liability after considering all the contractual terms of the financial instrument.

The Group determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period, to the extent that an entity borrows funds specifically for obtaining a qualifying asset. In case if the Group borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset.

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Debt instruments at amortized cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through Profit & Loss (FVTPL)
- Equity instruments measured at fair value through Other comprehensive income (FVTOCI)
- Equity instruments in subsidiaries/associates carried at cost

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- (a) the asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- (b) contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instrument at fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- (a) the objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets; and
- (b) the asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at fair value through profit and loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Debt instrument included within FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Equity instruments

De-recognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognized (i.e. removed from the Group's balance sheet) when:

- (a) the contractual rights to receive cash flows from the asset have expired, or

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings, other financial liabilities.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at amortised cost

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Loans and borrowings

De-recognition

Reclassification of financial assets

Offsetting of financial instruments

Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Group has concluded that it is the principal in all of its revenue arrangements, except in certain contract manufacturing arrangements as explained below, since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Based on the Educational Material on Ind AS 115 issued by the Institute of Chartered Accountants of India ("ICAI"), the recovery of excise duty flows to the Group on its own account and hence is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the Group on its own account, revenue includes excise duty. However, sales tax/value added tax (VAT), goods and services tax are not received by the Group on its own account and are taxes collected on value added to the commodity by the seller on behalf of the government. Accordingly, these are excluded from revenue.

Sale of goods

Revenue from the sale of products is recognised at a point in time when control of the products is transferred to the customer and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Revenue from the sale of products is measured at the fair value of the consideration received or receivable, net of returns and allowances, discounts and incentives.

If the consideration in a contract includes a variable amount (discounts and incentives), the Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer and such discounts and incentives are estimated at contract inception.

Generally, the Group receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Holding Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A trade receivable is recognised if an amount of consideration is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Refer to accounting policies of financial assets.

Contract liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from

the customer before the Company transfers the related goods or services. Contract liabilities are recognised as revenue when the Company performs under the contract (i.e., transfers control of the related goods or services to the customer).

Other income

Interest income is recognised using the effective interest rate method. The effective interest rate is the rate that discounts the estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instruments but does not consider the expected credit losses.

Recently issued accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 01, 2022, as below:

a) Ind AS 103 – reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Group does not expect the amendment to have any significant impact in its consolidated financial statements.

b) Ind AS 16 – proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Group does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its consolidated financial statements.

c) Ind AS 37 – onerous contracts - costs of fulfilling a contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Group does not expect the amendment to have any significant impact in its consolidated financial statements.

d) Ind AS 109 – annual improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Group does not expect the amendment to have any significant impact in its consolidated financial statements.

(ii) The financial statements of the Company and its subsidiaries viz., B9 Beverages Inc, B9 Beverages SPRL, B9 Beverages Pte Ltd and Pomelo Flavormaker Merchandise and Events Pvt Ltd have been consolidated on a line by line basis by adding together like items of assets, liabilities, income, expenses, after eliminating intra-group transactions and any unrealized gains or losses in accordance with the Ind AS - 110 on "Consolidated Financial Statements".

(iii) The financial statements of the Company and its subsidiary have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances.

A lease is a contract that contains right to control the use of an identified asset for a period of time in exchange for consideration

Group as a lessee

The Group leases brewery plant, land and buildings. These leases are evaluated to determine whether it contains lease based on principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors as defined in Ind AS 116 effective from April 1, 2019. The Group recognises a right-of-use asset and lease liability at the commencement a lease. Right-of-use asset represents the Group's right to control the underlying assets under lease and the lease liability is the obligation to make the lease payments related to the underlying asset under lease. Right-of-use asset is measured initially based on the lease liability adjusted for any initial direct costs, prepaid rent and lease incentives. The lease liability is measured at the lease commencement date and determined using the present value of the minimum lease payments not yet paid and the Group's incremental borrowing rate. Right-of-use asset is depreciated based on straight line method over the lease term or useful life of right-of-use asset, whichever is less. Subsequently, right-of-use asset is measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of lease liability. Lease liability is subsequently measured by increase the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payment made and remeasuring the carrying amount to reflect any reassessment or modification, if any.

The Group has elected not to apply the requirements of Ind As 116-Leases to short term leases with a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized on a straight-line basis over the lease term in the statement of profit and loss.

The Group is generally recognises the amount of the re-measurement of the lease liability as an adjustment to the right-of-use asset.

Based on the Educational Material on Ind AS 115 issued by the Institute of Chartered Accountants of India ("ICAI"), the recovery of excise duty flows to the Group on its own account and hence is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the Group on its own account, revenue includes excise duty. However, sales tax/value added tax (VAT), goods and services tax are not received by the Group on its own account and are taxes collected on value added to the commodity by the seller on behalf of the government. Accordingly, these are excluded from revenue.

Generally, the Group receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Holding Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 01, 2022, as below:

a) Ind AS 103 – reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Group does not expect the amendment to have any significant impact in its consolidated financial statements.

b) Ind AS 16 – proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Group does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its consolidated financial statements.

c) Ind AS 37 – onerous contracts - costs of fulfilling a contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials)

or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Group does not expect the amendment to have any significant impact in its consolidated financial statements.

d) Ind AS 109 – annual improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the ‘10 percent’ test of Ind AS 109 in assessing whether to derecognise a financial liability. The Group does not expect the amendment to have any significant impact in its consolidated financial statements.

Textual information (7)

Disclosure of significant accounting policies [Text Block]

Corporate information

B9 Beverages Private Limited ("the Company") was incorporated on May 28, 2012 under the Companies Act, 1956. The name of the Company was changed from Divya Jyoti Coaching Institute Private Limited to B9 Beverages Private Limited on September 9, 2015. The Company had acquired business related to 'Bira 91' beer of Cerana Beverages Private Limited on a slump sale basis on October 17, 2015. The Company is engaged in trading and manufacturing of alcoholic beverages. The Company is a private limited company incorporated and domiciled in India and has its registered office at H-106, Connaught Place, New Delhi-110001, India.

Significant accounting policies

Basis of preparation

The consolidated financial statements of the Company and its subsidiaries (referred to as 'the Group') have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules as amended from time to time and presentation requirements of Schedule III (Division II) to the Companies Act, 2013, as applicable to the consolidated financial statements.

On 24 March 2021, the Ministry of Corporate Affairs (MCA) through a notification, amended Schedule III of the Companies Act, 2013 and the amendments are applicable for financial periods commencing from 1 April 2021. The Company has evaluated the effect of the amendments on its standalone financial statements and complied with the same.

All the financial information presented in INR (Indian rupee) has been rounded off to the nearest millions.

The accounting policies adopted in the preparation of these consolidated financial statements are consistent with those of the previous year except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy.

The consolidated financial statements have been prepared on a going concern (refer note 45) and historical cost basis and on accrual method of accounting, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

Principles of consolidation

The consolidated financial statements relate to B9 Beverages Private Limited (the 'Company') and its subsidiaries (referred to as "the Group"). The consolidated financial statements have been prepared on the following basis:

(i) The financial statements of the subsidiary company used in the consolidation is drawn upto the same reporting date as that of the Company i.e., March 31, 2022.

(ii) The financial statements of the Company and its subsidiaries viz., B9 Beverages Inc, B9 Beverages SPRL, B9 Beverages Pte Ltd and Pomelo Flavormaker Merchandise and Events Pvt Ltd have been consolidated on a line by line basis by adding together like items of assets, liabilities, income, expenses, after eliminating intra-group transactions and any unrealized gains or losses in accordance with the Ind AS - 110 on "Consolidated Financial Statements".

(iii) The financial statements of the Company and its subsidiary have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances.

Use of estimates

The preparation of consolidated financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although, these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Significant estimates and assumptions are used for, but not limited to,

- (i) Measurement of useful life and residual value of property, plant and equipment;
- (ii) Impairment assessment of non-financial assets - key assumptions underlying recoverable amount;
- (iii) Impairment assessment of financial assets;

- (iv) Allowance for uncollectible accounts receivables;
- (v) Identification of leases and measurement of lease liabilities and right of use assets;
- (vi) Measurement of defined benefit obligations : key actuarial assumptions;

(vii) Fair value measurement of financial instruments.

(viii) Recognition of deferred tax assets

(ix) Measurement of share based payments

Current versus non-current classification

All assets and liabilities are classified into current and non-current.

Assets:

An asset is classified as current when it satisfies any of the following criteria:

- expected to be realized or intended to be sold or consumed in the Group's normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within twelve months after the reporting date; or
- cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

Liabilities:

A liability is classified as current when it satisfies any of the following criteria:

- expected to be settled in the Group's normal operating cycle;
- held primarily for the purpose of trading;
- due to be settled within twelve months after the reporting period; or
- the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current assets/liabilities respectively.

Operating Cycle:

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

Inventories

Inventories are valued at the lower of cost or net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials, packing materials and stores and spares: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Finished goods and work-in-progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs.

Stock-in-trade: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

The cost of Inventory is determined on a weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Cash and cash equivalents

Cash and cash equivalents comprise of cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of an item of property, plant and equipment comprises of the purchase price and directly attributable costs of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

In the normal course of business, the Group keeps draft machines and visi coolers at customer's premises and are recorded under property, plant and equipment.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible property, plant and equipment has been provided on the Straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. The Group has used the following life to provide depreciation on its property, plant and equipments:

Assets

Plant and equipments	10 - 15 years
Reusable Bottles 650 ML *	3 years
Office equipments	5 years
Computers	3 years
Laboratory equipments	10 years
Furnitures and fixtures	10 years
Leasehold improvements	Over the remaining lease period

The Group, based on management estimates, depreciates certain items of plant and equipment over estimated useful lives which are lower than the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

* The management recognises reusable RGB 650 ML bottles (Bira proprietary bottles) as property, plant and equipment in the books of accounts based on appropriate estimates and trend analysis performed, which will be depreciated over a period of 3 years @ 50% in year 1, 25% in year 2 and 3 respectively subject to regular assessment of useful life of bottles to be done by management for proprietary bottles returned and collected.

The assessment for the same was carried out by the management of the Group during the year and basis that, the management is of the view that the estimates used approximates the actual results.

De-recognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognized. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if required.

Capital work in progress (CWIP)

Projects under which property, plant and equipment are not yet ready for their intended use are disclosed as capital work-in-progress, and are carried at cost, comprising direct cost, related incidental expenses and attributable expenses.

Assets costing less than INR 5,000 each are fully depreciated in the year of purchase.

Depreciation is charged on a pro-rata basis for assets purchased / sold during the year.

Intangible assets

Intangible assets that are acquired by the Group are measured initially at deemed cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and any accumulated impairment loss. Intangible assets comprise of software where it is expected to obtain future enduring economic benefits. Capitalization costs include license fees and cost of implementation/system integration services. The Costs are capitalized in the year in which the relevant software is applied for use.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite life is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortized, but are tested for impairment at each year end either individually or at the cash generating unit level.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Intangible assets are amortised over their estimated useful life on straight line method as follows:

Assets	Estimated useful life of asset
--------	--------------------------------

Software

4-10
years

Intellectual Property Rights

10 years

Amortisation of software and intellectual property rights is based on the economic benefits that are expected to accrue to the Group over such period.

The estimated useful life of the intangible assets and the amortization period are reviewed at the end of each financial year and the amortization period is revised to reflect the changed pattern, if any.

Cash flow statement

Statement of Cash flow is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

- (a) transactions of a non-cash nature;
- (b) any deferrals or accruals of past or future operating cash receipts or payments and;
- (c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Group are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Statement of cash flow. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

Foreign currency transactions and translations

The Group's financial statements are presented in Indian Rupees (INR), which is the Group's functional currency. Functional currency is the currency of the primary economic environment in which a Group operates and is normally the currency in which the Group primarily generates and expends cash. All amounts have been rounded to the nearest millions up to two decimal places, unless otherwise stated. Consequent to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute amounts.

Transactions in foreign currencies are initially recorded by the Group at their respective functional currency spot rates at the date of the transaction.

Foreign-currency denominated monetary assets and liabilities are translated to the relevant functional currency at exchange rates in effect at the balance sheet date. Exchange differences arising on settlement or translation of monetary items are recognized in the statement of profit and loss.

Employee benefits

The Group has various schemes of employee benefits such as provident fund, employee state insurance scheme and gratuity fund, which are dealt with as under:

- i. The Group's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.
- ii. For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuation being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Statement of Other Comprehensive Income in the period in which they occur.
- iii. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted when the absences occur.

Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, and for which discrete financial information is available. All operating segments' operating results are regularly reviewed by the Group's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance.

The Group's chief operating officer is the chief operating decision maker.

Leases

A lease is a contract that contains right to control the use of an identified asset for a period of time in exchange for consideration

Group as a lessee

The Group leases brewery plant, land and buildings. These leases are evaluated to determine whether

it contains lease based on principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors as defined in Ind AS 116 effective from April 1, 2019. The Group recognises a right-of-use asset and lease liability at the commencement a lease. Right-of-use asset represents the Group's right to control the underlying assets under lease and the lease liability is the obligation to make the lease payments related to the underlying asset under lease. Right-of-use asset is measured initially based on the lease liability adjusted for any initial direct costs, prepaid rent and lease incentives. The lease liability is measured at the lease commencement date and determined using the present value of the minimum lease payments not yet paid and the Group's incremental borrowing rate. Right-of-use asset is depreciated based on straight line method over the lease term or useful life of right-of-use asset, whichever is less. Subsequently, right-of-use asset is measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of lease liability. Lease liability is subsequently measured by increase the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payment made and remeasuring the carrying amount to reflect any reassessment or modification, if any.

The Group has elected not to apply the requirements of Ind As 116-Leases to short term leases with a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized on a straight-line basis over the lease term in the statement of profit and loss.

The Group is generally recognises the amount of the re-measurement of the lease liability as an adjustment to the right-of-use asset.

Loss Per Share (EPS)

Basic LPS amounts are computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. Diluted LPS amounts are computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. the average market value of the outstanding shares). Dilutive potential equity shares are deemed converted as at the beginning of the year, unless issued at a later date. Dilutive potential equity shares are determined independently for each year presented. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for bonus shares.

Income-taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any relating to income taxes. It is measured using the tax rates enacted for the relevant reporting period.

Deferred income tax assets and liabilities recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Group has a legally enforceable right for such set off. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss i.e. in other comprehensive income.

Provisions and contingencies

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets / liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions for onerous contracts are recognized when the expected benefit to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

Impairment of non-financial assets

At each reporting date, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication of impairment. If there are indications of impairment, then the asset's recoverable amount is estimated. For impairment testing, assets are grouped together into the smallest group of assets that generate cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash generating units (CGUs). When the carrying amount of the CGU exceeds its recoverable amount (i.e. the higher of the fair value less costs of disposal and value in use), an impairment loss is recognized. The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed to the extent of increase in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability
- in the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

Events occurring after the balance sheet date

Impact of events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date are adjusted to respective assets and liabilities.

Share issue expenses

Share issue expenses are adjusted against the securities premium account as permissible under Section 52 of the Companies Act, 2013, to the extent any balance is available for utilisation in the securities premium account. Share issue expenses in excess of the balance in the securities premium account is expensed in the statement of profit and loss.

Employee share based payments

Employees (including senior executives) of the Company receive remuneration in the form of

share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognized, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the year in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting year has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The standalone statement of profit and loss expense or credit for a year represents the movement in cumulative expense recognized as at the beginning and end of that year and is recognized in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognized for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognized is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

For cancelled options, the payment made to the employee shall be accounted for as a deduction from equity, except to the extent that the payment exceeds the fair value of the equity instruments of the Company, measured at the cancellation date. Any such excess from the fair value of equity instrument shall be recognized as an expense.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets.

Borrowing cost includes interest expense as per effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial liability or a shorter period, where appropriate, to the amortised cost of a financial liability after considering all the contractual terms of the financial instrument.

The Group determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period, to the extent that an entity borrows funds specifically for obtaining a qualifying asset. In case if the Group borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset.

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Debt instruments at amortized cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through Profit & Loss (FVTPL)
- Equity instruments measured at fair value through Other comprehensive income (FVTOCI)
- Equity instruments in subsidiaries/associates carried at cost

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- (a) the asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- (b) contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instrument at fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- (a) the objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets; and
- (b) the asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at fair value through profit and loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Debt instrument included within FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Equity instruments

De-recognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognized (i.e. removed from the Group's balance sheet) when:

- (a) the contractual rights to receive cash flows from the asset have expired, or

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings, other financial liabilities.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at amortised cost

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Loans and borrowings

De-recognition

Reclassification of financial assets

Offsetting of financial instruments

Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Group has concluded that it is the principal in all of its revenue arrangements, except in certain contract manufacturing arrangements as explained below, since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Based on the Educational Material on Ind AS 115 issued by the Institute of Chartered Accountants of India ("ICAI"), the recovery of excise duty flows to the Group on its own account and hence is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the Group on its own account, revenue includes excise duty. However, sales tax/value added tax (VAT), goods and services tax are not received by the Group on its own account and are taxes collected on value added to the commodity by the seller on behalf of the government. Accordingly, these are excluded from revenue.

Sale of goods

Revenue from the sale of products is recognised at a point in time when control of the products is transferred to the customer and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Revenue from the sale of products is measured at the fair value of the consideration received or receivable, net of returns and allowances, discounts and incentives.

If the consideration in a contract includes a variable amount (discounts and incentives), the Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer and such discounts and incentives are estimated at contract inception.

Generally, the Group receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Holding Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A trade receivable is recognised if an amount of consideration is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Refer to accounting policies of financial assets.

Contract liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from

the customer before the Company transfers the related goods or services. Contract liabilities are recognised as revenue when the Company performs under the contract (i.e., transfers control of the related goods or services to the customer).

Other income

Interest income is recognised using the effective interest rate method. The effective interest rate is the rate that discounts the estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instruments but does not consider the expected credit losses.

Recently issued accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 01, 2022, as below:

a) Ind AS 103 – reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Group does not expect the amendment to have any significant impact in its consolidated financial statements.

b) Ind AS 16 – proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Group does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its consolidated financial statements.

c) Ind AS 37 – onerous contracts - costs of fulfilling a contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Group does not expect the amendment to have any significant impact in its consolidated financial statements.

d) Ind AS 109 – annual improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Group does not expect the amendment to have any significant impact in its consolidated financial statements.

At the end of the year	20	0.02	20	0.02
(iii) Details of CCCPS converted in equity shares and additions during the years:				
(a) During the current year:				
1. The Company has converted 53,000 series C1 CCCPS of INR 100/- each into equity shares of face value INR 10/-				

each in the ratio of 1:1 and 83,333 pre-series C CCCPS of

INR 15/- each into equity shares of face value INR 10/- each in the ratio of 1:1.398 in the meeting of Board of Directors held on July 05, 2021.

2. The Company has converted 1,064 series CCCPS of INR 100/- each and 125,552 bonus CCCPS of INR 15/- each respectively into equity shares of face value INR 10/- each in the ratio of 1:1 in the meeting of Board of Directors held on October 09, 2021.

3. The Company has converted 1,789 Series A1 CCCPS of INR 100/- each, 135,430 Bonus Series A1 CCCPS of INR 15/- each, 369,302 Series A2 CCCPS of INR 15/- each into equity shares of face value INR 10/- each respectively in the conversion ratio of 1:1 and 68,942 Pre-Series C1 CCCPS of INR 15/- each into equity shares of face value INR 10/- each in the conversion ratio of 1:1.380 in the meeting of Board of Directors held on October 29, 2021.

4. The Company has converted 16,667 Pre-Series C CCCPS of INR 15/- each into equity shares of face value INR 10/- each in the conversion ratio of 1:1.398 and 12,919 Series C1 CCCPS INR 100/- each into equity shares of face value INR 10/- each in the ratio of 1:1 in the meeting of Board of Directors held on November 08, 2021.

(b) During the previous year:

1. The Company has issued 130,909 equity shares of INR 10/- each at a price of INR 275.00/- (including premium of INR 265.00/-) in the meeting of Board of Directors held on August 24, 2020.

2. The Company has issued 53,908 equity shares of INR 10/- each at a price of INR 371.00/- (including premium of INR 361.00/-) in the meeting of Board of Directors held on August 29, 2020.

3. The Company has issued 100 equity shares of INR 10/- each at a price of INR 387.04/- (including premium of INR 377.04/-) in the meeting of Board of Directors held on January 25, 2021.

(iv) Rights, preferences and restrictions attached to the shareholders:

Equity shareholders:

The Holding Company has two classes of equity shares having a par value of INR 10/- each and INR 1,000/- each respectively. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors of the Holding Company is subject to the approval of the shareholders in the ensuing annual general meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Group after distribution of all preferential amounts, in proportion of their shareholding. Further, the shareholder holding equity shares of the face value of INR 1,000/- each, shall collectively be entitled to 5% (five percent) voting rights of the equity share capital calculated on fully diluted basis at any meeting of the shareholders of the Holding Company. On account of any dilution event, the voting rights attached to the promoter shares shall stand increased automatically to 26% of the equity share capital.

(v) Details of equity shares held by each shareholder holding more than 5% fully paid up equity shares:

Disclosure of notes on trade receivables explanatory [Text Block]

9(a). Trade receivables		
Particulars	As at March 31, 2022	As at March 31, 2021
Trade receivables		
- unsecured, considered good	1,190.37	1,212.51
- unsecured, credit impaired	68.26	5.00
	1,258.63	1,217.51
Less: Loss allowance	(68.26)	(5.00)
Total	1,190.37	1,212.51
Notes:		
(i) No trade receivables are due from directors or other officers of the Group either severally or jointly with any other person.		
(ii) All amounts are recoverable in short or near future. The net carrying amount of trade receivables is considered a reasonable approximation of their fair value.		
(iii) There are no unbilled and disputed trade receivables as of the reporting date.		
(iv) The Group believes that the unimpaired amounts that are past due for less than 180 days in case of receivables are still collectible in full, based on historical payment behaviour, and subsequently collections.		
(v) The Group based upon past trends determines a loss allowance for doubtful receivables outstanding for more than 180 days past due.		
The allowance for expected credit loss on trade receivables is as below:

27. Contingent liabilities and commitments (to the extent not provided for)

(i) Contingent liabilities

The Company has a pending tax litigation pertaining to assessment year 2016-17, 2017-18 and 2018-19 under the Income Tax Act, 1961. The amount involved is INR 109.65 (31 March 2021 of INR 21.80). Based on advices of independent legal experts, the management of the Group believes that the economic outflow of resources will be remote.

(ii) Capital commitments

Particulars	As at March 31, 2022	As at March 31, 2021
Estimated amount of contracts remaining to be executed on capital account and not provided for [net of capital advances of INR 114.13 (March 31, 2021: INR 6.64)]	41.98	36.43

(iii) Other commitments

Particulars	As at March 31, 2022	As at March 31, 2021
Estimated amount of contracts remaining to be executed on revenue account and not provided for [net of advances to suppliers of INR 298.98 (March 31, 2021: INR 65.29)]	77.86	156.24

Textual information (32)

Disclosure of revenue [Text Block]

Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Group has concluded that it is the principal in all of its revenue arrangements, except in certain contract manufacturing arrangements as explained below, since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Based on the Educational Material on Ind AS 115 issued by the Institute of Chartered Accountants of India ("ICAI"), the recovery of excise duty flows to the Group on its own account and hence is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the Group on its own account, revenue includes excise duty. However, sales tax/value added tax (VAT), goods and services tax are not received by the Group on its own account and are taxes collected on value added to the commodity by the seller on behalf of the government. Accordingly, these are excluded from revenue.

Sale of goods

Revenue from the sale of products is recognised at a point in time when control of the products is transferred to the customer and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Revenue from the sale of products is measured at the fair value of the consideration received or receivable, net of returns and allowances, discounts and incentives.

If the consideration in a contract includes a variable amount (discounts and incentives), the Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer and such discounts and incentives are estimated at contract inception.

Generally, the Group receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Holding Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

Textual information (33)

Disclosure of revenue [Text Block]

Sale of goods

The Group derives revenue from manufacture and sale of Beer in the name of BIRA91 and its product BIRA 91 Hot Sauce.

Under Ind AS 115, revenue is recognized upon transfer of control of promised goods to the customers. The point at which control passes is determined by each customer arrangement when there is no unfulfilled obligation that could affect the customer's acceptance of goods.

? ? ?

Sale of goods

? ?

Revenue from sales of goods to Corporations are recognised when the control of the promised goods is being transferred which generally occurs when goods are delivered to the customer, the customer has full discretion over the channel and price to sell the products. Revenue is measured based on the transaction price i.e. the consideration to which the Group expects to be entitled from a customer, net of returns, allowances, discounts and rebates. Revenue includes both fixed and variable consideration. Variable consideration arises on the sale of goods as a result of discounts and allowances given and accruals for estimated future returns and rebates. Revenue is not recognised in full until it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The methodology and assumptions used to estimate rebates and returns are monitored and adjusted regularly in the light of contractual and legal obligations, historical trends and past experience. Once the uncertainty associated with the returns and rebates is resolved, revenue is adjusted accordingly. Revenue includes excise duty but excludes value added tax, central sales tax and goods & services tax.

A contract asset is a right to consideration that is conditional upon factors other than the passage of time. Contract assets are recognized where there is excess of revenue over the billings. Revenue recognized but not billed to customers is classified either as contract assets or unbilled receivable in our consolidated Balance Sheet. Contract assets primarily relate to unbilled amounts on fixed price contracts using the cost to cost method of revenue recognition. Unbilled receivables represents contracts where right to consideration is unconditional (i.e. only the passage of time is required before the payment is due).

A contract liability arises when there is excess billing over the revenue recognized.

Disclosure of employee benefits [Text Block]

29. Employee benefit obligations:

(a) Defined contribution plans:

Amounts recognized in the consolidated statement of profit and loss are as under:

Particulars	As at March 31, 2022	As at March 31, 2021
Employers' contribution to Employee provident fund [refer to note (i) below]	22.30	20.47
Employers' contribution to Employee State Insurance [refer to note (ii) below]	0.25	0.35
Employers' contribution to other funds (refer to note (iii) below)	5.37	1.82
Total	27.93	22.64

The expenses incurred on account of the above defined contribution plans have been included in note 23 "Employee Benefits Expenses" under the head "Contribution to provident and other funds"

(i) Employers' contribution to provident fund

The Group makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards employee's provident fund. The Group has no obligation other than to make the specified contributions. The contributions are charged to the consolidated statement of profit and loss as they accrue.

(ii) Employers' contribution to State Insurance

The Group's contribution paid/payable under the scheme to the employee state insurance is recognised as an expense in the consolidated statement of profit and loss during the year in which the employee renders the related service.

(iii) Employers' contribution to other funds

The Company makes contributions, in respect of qualifying employees towards national pension scheme and labour welfare fund. The Group has no obligation other than to make the specified contributions. The contributions are charged to the consolidated statement of profit and loss as they accrue.

(b) Defined benefit plans

Gratuity plan

The Group operates a gratuity plan wherein every employee is entitled to the benefit. Gratuity is payable to all eligible employees (who have completed 5 years or more of service) of the Group on retirement, separation, death or permanent disablement, of an amount equivalent to 15 days basic salary payable for each completed year of service or part thereof in excess of 6 months in terms of the provisions of The Payment of Gratuity Act, 1972.

(i) These plans typically expose the Group to actuarial risks such as investment risk, salary risk, interest rate risk and longevity risk.

Investment risk

The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Salary risk

The present value of defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Interest risk

The plan exposes the Group to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in value of the liability.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plans liability.

(ii) The principal assumptions used for the purpose of the actuarial valuation (gratuity) are as follows:

Particulars			As at March 31, 2022	As at March 31, 2021
Discount rate	5.72%	4.57%		
Salary increase	9.50%	8.00%		
Retirement age (years)	62	62		
Mortality table	IALM*	IALM*		
	2012-2014	2012-2014		
	2012-2014	2012-2014		
Attrition rate				
18 to 30 years	12.00%	38.00%		
18 to 45 years	27.00%	35.00%		
Above 45 years	17.00%	31.00%		

*IALM-Indian Assured Lives Mortality

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation, it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date. The present value of the defined benefit obligation and the related current service cost and past service cost are measured using the projected unit cost method.

(iii) Amounts recognised in consolidated statement of profit and loss in respect of these benefit plans are as follows:

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021		
Current service cost		10.13	6.62	
Net interest expense	1.11	1.01		
Total			11.24	7.63

These amounts for the year are included in note 23 "Employee benefits expenses" included under the head salaries, wages and bonus.

(iv) Amounts recognised in other comprehensive income:

Particulars		For the year ended March 31, 2022	For the year ended March 31, 2021	
Actuarial loss/(gain) arising from changes in financial assumptions	0.44	9.31		
Actuarial loss/(gain) arising from changes in demographic assumptions	4.39	(3.03)		
Actuarial loss/(gain) arising from changes in experience adjustments	0.43	(6.10)		
Total			5.26	0.18

(v) The amount included in consolidated balance sheet arising from the entity's obligation in respect of its defined benefit plans is as follows:

Particulars	As at March 31, 2022	As at March 31, 2021
Present value of funded defined benefit obligation	39.00	24.36
(Deficit)	(39.00)	(24.36)
Effect of asset ceiling, if any	-	-

(Liability)	(39.00)	(24.36)	
-------------	---------	---------	--

(vi) Movements in the present value of defined benefit obligation are as follows:

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021	
Opening defined benefit obligation	24.36	18.08	
Current service cost		10.13	6.62
Interest cost	1.11	1.01	
Actuarial loss/(gain) on obligation	5.26	0.18	
Benefits paid		(1.86)	(1.53)
Closing defined benefit obligation	39.00	24.36	

(vii) Expected maturity analysis of the undiscounted defined liability plans in future years:

Particulars			As at March 31, 2022	As at March 31, 2021
Duration of defined benefit obligation				
Less than 1 year	6.93	5.78		
Between 1-2 years	6.17	6.18		
Between 2-5 years	30.34	26.38		
Over 5 years	89.57	96.34		

Expected expense during for next annual reporting period is INR 1.62 (March 31, 2021 INR 1.57)

(viii) Bifurcation of closing net liability at the end of year:

Particulars			As at March 31, 2022	As at March 31, 2021
Non-current		32.20	18.71	
Current		6.80	5.65	
Total			39.00	24.36

(ix) Sensitivity analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase. The sensitivity analysis below has been determined based on reasonably possible changes of the respective assumptions occurring at the end of reporting year, while holding all other assumptions constant.

Discount rate and future salary escalation rate are the key actuarial assumptions to which the defined benefit obligations are particularly sensitive. The following table summarizes the impact on defined benefit obligations as at 31 March 2022 arising due to an increase / decrease in key actuarial assumptions by 100 basis points:

Particulars	Discount rate	Salary escalation
Impact of increase	(2.09)	2.21
Impact of decrease	2.31	(2.04)

(x) Weighted average duration of defined benefit obligations is 3.29 years as at March 31, 2022 and 3.09 years as at March 31, 2021.

(c) Other long-term employee benefits

Amounts recognized in the consolidated statement of profit and loss in note 23 "Employee benefits expense" under the head "salaries and wages" are as under:

	For the year	For the year
--	--------------	--------------

Particulars		ended March 31, 2022	ended March 31, 2021
Compensated absences	9.44	5.73	
Total			9.44 5.73
Movement in the liability of compensated absences is as under:-			
Opening balance	18.75	16.38	
Created during the year	9.44	5.73	
Benefits paid		(3.17)	(3.38)
Closing balance	25.02	18.73	
Balances			
Non-current		18.25	15.94
Current		6.77	2.79
	25.02	18.73

39. Leases

A. Leases where the Group is a lessee

The Group leases several assets including land, buildings and plant and machinery.

- Leasehold Land: The Group's leases of land comprise of land taken on lease on for office and factory.
- Building: The Group's leases of building comprise of lease of offices.
- Plant and machinery: The Group leases brewery plant for the production of the beer.

i. Right-of-use assets (ROU)

The following table presents the carrying values of ROU:

Particulars	Plant and equipment	Building	Lease hold land	Total
As ar March 31, 2021	2,401.88	39.04	263.04	2,703.96
As ar March 31, 2022	1,978.23	31.15	722.66	2,732.07

Note: Additions made during the year INR 546.94 (previous year: INR 24.26)

ii. Lease liabilities

Particulars	As at March 31, 2022	As at March 31, 2021
Current	542.90	435.23
Non current	2,674.43	2,791.97

iii. Amounts recognised in the consolidated statement of profit and loss

Particulars	For year ended March 31, 2022	For year ended March 31, 2021
Depreciation on right-of-use assets	518.85	259.75
Interest on lease liabilities	409.68	404.86
Expenses relating to short-term leases	43.31	39.38
Expenses relating to leases of low-value assets, excluding Short-term leases of low-value assets	-	0.10
Expense relating to variable lease payments not included in the measurement of lease liabilities	-	9.84
Rent concessions*	(1.04)	(47.67)
Net impact on consolidated statement of profit or loss	970.80	666.26

*During the previous and current year, consequential to COVID-19 pandemic, the Group has renegotiated several rent concessions with the landlords. Further, in view of recent amendments by the Companies (Indian Accounting Standards) Amendment Rules, 2020, the Group has elected to apply the practical expedient of not assessing the rent concessions as a lease modification, as per MCA notification dated July 24, 2020 on Ind As 116 for rent concessions received on account of COVID-19 pandemic. Accordingly, per requirements of MCA notification, out of total rent concessions confirmed till March 31, 2022 of INR 1.04 (March 31, 2021: INR 47.67).

iv. Amounts recognised in the consolidated statement of cash flow:

Particulars	For year ended March 31, 2022	For year ended March 31, 2021
Payment of lease liabilities- principal	(441.24)	(69.34)
Payment of lease liabilities- interest	(409.68)	(404.86)
Total cash outflows	(850.92)	-474.20

42. Financial risk management		
<p>The Group is exposed to market risk, credit risk and liquidity risk which may impact the fair value of its financial instruments. The Group's Corporate treasury function plays the role of monitoring financial risk arising from business operations and financing activities.</p> <p>Financial risk management within the Group is governed by policies and guidelines approved by the senior management and the Board of Directors. These risk management policies aim to reduce volatility in financial statements while maintaining balance between providing predictability in the Group's business plan along with reasonable participation in market movement. The Group's policies and guidelines also cover areas such as cash management, investment of excess funds and the raising of short and long-term debt. Compliance with the policies and guidelines is managed by the Corporate Treasury function within the Group. Review of the financial risk is done on a monthly basis by the CEO and on a quarterly basis by the Board of Directors. The objective of financial risk management is to contain, where deemed appropriate, exposures on net basis to the various types of financial risks mentioned above in order to limit any negative impact on the Group's results and financial position.</p>		
42.1 Credit risk		
<p>Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, and other financial instruments. To manage trade receivables, the Group periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and ageing of such receivables. Credit risk from balances with banks and financial institutions is managed by the Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made only with counter parties who meet the parameters agreed by the Board of Directors (BoD) of the Company. The BoD specifies the limits of investment in various categories of products so as to minimize the concentration of risks and therefore mitigate financial loss due to counter party's potential failure.</p>		
Particulars	As at March 31, 2022	As at March 31, 2021
Trade receivables (a)	1,190.37	1,212.51
Cash and cash equivalents (b)	88.36	152.38
Bank balances other than above (b)	424.16	640.85
Loans (c)	122.22	150.42
Other financial assets (c)	440.31	170.82
<p>Other than financial assets mentioned above, none of the Group's financial assets are either impaired or past due, and there were no indications that defaults in payment obligations would occur.</p>		
Notes:		
(a) For risk exposure, the Group has made expected credit loss provision. Refer note 9(a).		
(b) Cash and cash equivalents and bank balances other than cash and cash equivalents, these are balances in scheduled banks of India, . Hence it carries no risks.

42.2 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of money market instruments, bank overdrafts, bank loans, debentures and other types of facilities. The liquidity management is governed by the Board approved liquidity management policy.

The Group manages liquidity by ensuring control on its working capital, consistently generating sufficient cash flows from operations, having access to multiple sources of funding to meet the financial obligations and maintaining adequate liquidity for use. It ensures adequate credit facilities sanctioned from bank to finance the peak estimated funds requirements. The working capital credit facilities are continuing facilities which are reviewed and renewed every year. The Group also ensures that the long term funds requirements are met through adequate availability of long term capital (Debt & Equity).

Particulars	As at March 31, 2022	As at March 31, 2021
Total committed working capital limits	400.00	250.00
Utilized working capital limit	400.00	250.00

Total	3,424.36	4,090.81	2,263.46	9,778.63

* Including current maturities of non-current borrowings

42.3 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk and interest rate risk. The Group is primarily exposed to fluctuation in foreign currency exchange rates.

(A) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in exchange rates. Foreign currency risk in the Group is attributable to Group's operating activities and financing activities.

The Group's exchange rate risk primarily arises when revenue / costs are

generated in a currency that is different from the reporting currency (transaction risk). The information is monitored by the Board of Directors. This foreign currency risk exposure of the Group are majorly in U.S. Dollar (USD). The Group's exposure to foreign currency changes for all other currencies is

not material.

Non-derivative foreign currency exposure as of 31 March 2022 and 31 March 2021 in major currencies is as below:

Particulars	Currency	As at March 31, 2022	As at March 31, 2021
Assets	USD	93,697	58,748
(INR in millions)	7.08	4.30

Foreign currency sensitivity analysis

The Company is significantly exposed to USD and EUR.

The following table details the Group's sensitivity to a 1% increase and decrease in the INR against the relevant foreign currency. The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the year end for 1% change in foreign currency rates. A positive number below indicates an increase in profit before tax or vice-versa.

Particulars	Year ended March 31, 2022		Year ended March 31, 2021	
	INR strengthens by 1%	INR weakens by 1%	INR strengthens by 1%	INR weakens by 1%
Impact on profit /(loss) for the year				
USD	(12.00)	12.00	(11.50)	11.50

43. Payment to auditors' (including applicable taxes)

Particulars	As at March 31, 2022	As at March 31, 2021
(a) For statutory audit	3.48	5.51
(b) Reimbursement of expenses	0.23	0.03
(c) Other certification	0.46	-
Total	4.17	5.54

44. Particulars of loan given in accordance with section 186(4) of the Companies Act, 2013, as amended:

i) The Company has given loan to Raja Kaimoor Breweries Limited amounting to INR 122.22 (March 31, 2021: INR 150.42) as at the reporting date. The loan carries an interest of 12.00% p.a (March 31, 2021: 12.00% p.a). The loan has been provided for general business purposes and is repayable in 52 instalments.

45. Going concern assessment

The Group has incurred losses (total comprehensive loss) of INR 4,038.96 during the current year [March 31, 2021 : INR 2,571.51] and has accumulated losses of INR 13,436.59 as at March 31, 2022 [March 31, 2021 : INR

9,470.69], which has eroded the net worth of the Group.

Based on financial projections, capital infusions during the year including expected capital infusions, the Group expects growth in its operations, improved operating performance and increased market presence in coming years and also, expects to earn enhanced cash inflows from its operating activities. The Group believes such anticipated internally generated funds from operations in future, expected capital infusions and its available revolving undrawn credit facilities as at 31 March 2022 along with certain other current assets (financial and non-financial) as on date, will enable it to meet its future known obligations and expected liabilities arising out of future actions for next year, in the ordinary course of business.

In view of the same, the management of the Group is hopeful of generating

sufficient cash flows in the future to meet the Group's financial obligations. Therefore, these consolidated financial statements have been prepared on a going concern basis.

46. Relationship with struck off companies:

Textual information (48)

Description of share-based payment arrangement

During the current year, on June 01, 2021, pursuant to the authority granted in terms of the approvals by (i) the Board and (ii) the shareholders at the extra ordinary general meeting of the Holding Company approved the Employee Stock Option Plan 2021 (ESOP 2021). ESOP 2021 was formulated with the objective to enable the Holding Company to grant options for equity shares of the Holding Company to certain eligible employees, officers and directors of the Holding Company, to purchase shares from the Holding Company at a pre-determined price. The total number of options to be granted by the Holding Company in accordance with ESOP 2021 shall be a) 12,35,866 (Twelve Lakh Thirty-Five Thousand Eight Hundred Sixty-Six) and b) any options that were granted under 'ESOP Plan 2016' that lapse under the terms of the 'ESOP Plan 2016'. Each Option when exercised will be converted into 1 (one) Share of the Holding Company. The pool of shares may be increased post approval from the Board and Shareholders. During the earlier years, on April 06, 2016, the Board of Directors approved the Employees Stock Option Plan 2016 (ESOP 2016), which was subsequently approved by the shareholders on April 15, 2016. ESOP 2016 was formulated with the objective to enable the Holding Company to grant options for equity shares of the Holding Company to certain eligible employees, officers and directors of the Holding Company, to purchase shares from the Holding Company at a pre-determined price. ESOP 2016 was amended subsequently and was approved by the shareholders on 9 May 2018. The resolution provides that Options so granted, shall not represent more than 997,898 shares of the Holding Company at any given point of time (Ceiling Limit). As per ESOP 2016, holders of vested options are entitled to purchase one equity share for every Option at an exercise price determined by the Board which shall not be lesser than the face value per share as on the date of grant of options.

33. Employee Stock Option Scheme

During the current year, on June 01, 2021, pursuant to the authority granted in terms of the approvals by (i) the Board and (ii) the shareholders at the extra ordinary general meeting of the Holding Company approved the Employee Stock Option Plan 2021 ("ESOP 2021"). ESOP 2021 was formulated with the objective to enable the Holding Company to grant options for equity shares of the Holding Company to certain eligible employees, officers and directors of the Holding Company, to purchase shares from the Holding Company at a pre-determined price. The total number of options to be granted by the Holding Company in accordance with ESOP 2021 shall be a) 12,35,866 (Twelve Lakh Thirty-Five Thousand Eight Hundred Sixty-Six) and b) any options that were granted under 'ESOP Plan 2016' that lapse under the terms of the 'ESOP Plan 2016'. Each Option when exercised will be converted into 1 (one) Share of the Holding Company. The pool of shares may be increased post approval from the Board and Shareholders.

During the earlier years, on April 06, 2016, the Board of Directors approved the Employees Stock Option Plan 2016 ("ESOP 2016"), which was subsequently approved by the shareholders on April 15, 2016. ESOP 2016 was formulated with the objective to enable the Holding Company to grant options for equity shares of the Holding Company to certain eligible employees, officers and directors of the Holding Company, to purchase shares from the Holding Company at a pre-determined price. ESOP 2016 was amended subsequently and was approved by the shareholders on 9 May 2018. The resolution provides that Options so granted, shall not represent more than 997,898 shares of the Holding Company at any given point of time ("Ceiling Limit"). As per ESOP 2016, holders of vested options are entitled to purchase one equity share for every Option at an exercise price determined by the Board which shall not be lesser than the face value per share as on the date of grant of options.

a. The options were granted during the current and previous year are mentioned in the table below:

Grant Date	Number of Options granted	Exercise Price (INR)	Vesting Condition	Vesting Period
ESOP 2021				Graded vesting over the period of 3 years
June 01,2021	7,818	10.00	Vesting condition 1	(30% each in first two years and 40% in third year)
June 01,2021	7,818	10.00	Vesting condition 2	Graded vesting over the period of 2 years (entire 100% in second year)

June 01,2021	2,09,616	10.00	Vesting condition 1	Graded vesting over the period of 4 years (20% each in first two years and 30% each in next two years)
June 01,2021	2,45,519	10.00	Vesting condition 2	Graded vesting over the period of 4 years (50% in second year and 50% in fourth year)
Grant Date	Number of Options granted	Exercise Price (INR)	Vesting Condition	Vesting Period
ESOP 2016				
June 01, 2020	1,01,260	429.08	Vesting condition 1	100% in first year
June 01, 2020	1,55,615	429.08	Vesting condition 1	Graded vesting over the period of 4 years (20% each in first two years and 30% each in next two years)
January 01, 2020	18,645	429.08	Vesting condition 1	Graded vesting over the period of 5 years (10% in first year, 15% each in next two years, 20% in fourth year and 40% in fifth year)

Vesting conditions:

Vesting Condition 1 - continuation of employment on the relevant vesting date and achievement of performance rating of "meets expectation" or higher in the appraisal period immediately preceding the date of relevant vesting

Vesting Condition 2 - continuation of employment on the relevant vesting date, achievement of performance rating of "meets expectation" or higher in the appraisal period immediately preceding the date of

relevant vesting and EBITDA of the Company for FY 2022-2023 shall be -3% of net sales or more and PBT for financial year 2024-25 of the Company shall be INR 1350 or more.

b. Measurement of fair values

The fair values are measured based on the Black-Scholes-Merton model. The fair value of the options and inputs used in the measurement of the grant date fair values of the equity settled share based payments are as follows:

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Fair value per option at grant date (in INR)	482.61	186.93
Share price at grant date (in INR)	492.61	435
Exercise price (in INR)	10.00	429.08
Expected volatility	61.28%	26.47%
Expected life (in years)	6.000	6.84
Expected dividends	0.00%	0.00%
Risk-free interest rate	5.85%	5.80%

The risk-free interest rate is the implied yield currently available on zero-coupon government issues of the country in whose currency the exercise price is expressed, with a remaining term equal to the expected term of the option being valued. Expected volatility is a measure of the amount by which a price is expected to fluctuate during a period. The measure of volatility used in option pricing models is the annualised standard deviation of the continuously compounded rates of return on the share over a period of time.

c. Effect of employee stock option schemes on the consolidated statement of profit and loss

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Employee stock option scheme expense	148.08	43.72
Total	148.08	43.72

During the current year, eligible employees have been given an option to convert their options from ESOP 2016 scheme to ESOP 2021 scheme. Basis which, the Holding Company have converted 189,262 number of options from ESOP 2016 to ESOP 2021 and old options under ESOP 2016 got lapsed. Accordingly, the same has been accounted for as per the provisions of Ind AS 102 - Share Based Payments.

d. Reconciliation of outstanding share options as per Employees Stock Option Plan 2016 ("ESOP 2016")

The number and weighted-average exercise prices of share options under the share option schemes are as follows:

Particulars	For the year ended March 31, 2022		For the year ended March 31, 2021	
	Number of options	Weightage average exercise price (INR)	Number of options	Weightage average exercise price (INR)
Option outstanding at the beginning of the year (A)	5,78,571	380.68	5,89,008	369.65
Add: Options granted during the year (B)	-	-	2,56,875	429.08

Vested during the year (C)	2,00,154	429.08	1,13,817	367.57
