Chairman's Message

Dear Shareholders,

As we reflect on another defining year in Hero FinCorp's journey, I am energized by the clarity of our purpose and the momentum we continue to build. The trust you have placed in us remains our most valued asset. It is this trust that inspires us to shape Hero FinCorp into an institution of lasting significance —admired not just for its scale, but for the trust it earns and the meaningful impact it creates in the lives it touches.

This year reaffirmed a core belief: great institutions are defined not only by the markets they serve, but by the values they uphold. Guided by disciplined execution, a commitment to digital innovation, and customer centricity, we have continued to grow - stronger in capability and deeper in relevance. At every step, our efforts have been anchored in a singular mission: to unlock opportunity—for individuals, for enterprises, and for the nation we are proud to serve.

The external environment presented its share of headwinds - subdued growth, persistent inflation, and evolving customer expectations tested the resilience of the financial services industry. At Hero FinCorp, we stood firm amid uncertainty, guided by a clear mission and steady resolve. By strengthening internal capabilities, enhancing cross-functional agility, and embracing a data-driven mindset, we transformed uncertainty into impetus—turning challenge into opportunity and progress.

Our performance reflected this resilience. By year-end, our Assets Under Management (AUM) had risen to ₹57,720 crore—a result of prudent risk management, customer-centricity, and disciplined execution. We remained focused on sustainable, quality-led growth.

Our expansive distribution network—spanning over 4,600 touchpoints across both urban and rural India—remains a strategic advantage. Yet its true significance lies beyond reach; it reflects our enduring commitment to financial inclusion and to enabling aspirations across a rising India. We see ourselves as active partners in our nation's growth story—building access, fostering trust, and unlocking opportunity where it matters most.

At the heart of this progress is a culture anchored in accountability, prudent risk management, and ethical standards. Our teams are empowered to lead and act with integrity and purpose, ensuring trust is earned at every action we take. It is this culture that enables us to navigate complexity with confidence and remain steadfast in our long-term vision.

Artificial Intelligence (AI) is at the forefront of our transformation journey. This year, we significantly advanced and strengthened our capabilities in AI, digital, and analytics — enabling sharper decision-making, smarter operations, and deeply personalized customer experiences. From advanced credit assessment to frictionless onboarding these technologies are enhancing both speed and accuracy across our value chain.

Our aspiration is clear: to become an AI-first company, where data-driven systems and human insights come together to drive superior outcomes. Yet amid this digital acceleration, our belief remains steadfast: technology is not merely an enabler—it is an amplifier of empathy. Even as we scale innovation and our digital interventions, we remain committed to keeping people and their aspirations at the heart of everything we do.

As the economic climate began to stabilize in the latter half of the year, we were well-positioned to seize emerging opportunities across key lending segments - while upholding the highest standards of asset quality. This experience reaffirmed a core conviction: that resilience is not born of circumstance, but of preparation guided by principle.

As we look ahead to FY 2025–26, we remain focused on strengthening our core, accelerating digital innovation, and creating lasting value for all stakeholders. Our strategy is clear and resolute: to build a high-performing, future-ready institution, anchored in trust and guided by purpose.

To our customers, employees, partners, and shareholders - thank you. Your continued trust and support remain the foundation of Hero FinCorp's journey. It is your belief in our purpose that fuels our ambition to push boundaries and leave a meaningful mark. Together, we are not merely responding to change—we are shaping the future, with confidence and conviction.

As Malcolm X aptly said, ***"The future belongs to those who prepare for it today."*** At Hero FinCorp, we are prepared—with purpose in our actions, clarity in our vision, and confidence in the path ahead.

Yours sincerely,

Dr. Pawan Munjal
Chairman, Hero FinCorp

MD & CEO's Message

Dear Shareholders,

As we reflect on FY 2024–25, I remain deeply grateful for the trust and partnership you place in Hero FinCorp. Your continued support fuels our journey to build a resilient, responsible, and future-ready institution.

"Great things are not done by impulse, but by a series of small things brought together."
— Vincent Van Gogh

This past year embodied that philosophy — one of deliberate, focused progress. Amidst evolving macroeconomic and financial dynamics, we responded with agility and intent, staying true to our values. Every action was purposeful, aimed at reinforcing our foundation, strengthening governance, and enhancing long-term relevance.

The operating environment presented a new set of realities - from shifting borrower behaviours to an evolving regulatory landscape. Rather than being constrained by these shifts, we treated them as opportunities to build stronger capabilities. We reinforced our risk and governance frameworks, streamlined credit operations, and embedded smarter early-warning systems to stay ahead of emerging signals. Our approach remained guided by a commitment to prudence, agility, and consistency.

FY 2024–25 marked a defining leap in our evolution as an AI-first, technology-driven institution. We reimagined customer journeys by embedding intelligent automation, enabling near-instant decisions and frictionless onboarding experiences. Our modern digital architecture-built on microservices and scalable platforms-now powers over 80% of credit workflows, significantly boosting speed, precision, and adaptability. We introduced AI-led validations in critical journeys, enhancing accuracy, reducing turnaround times, and strengthening our risk governance framework. With every deployment, our systems are becoming smarter, more agile, and more responsive-delivering measurable productivity gains and elevating customer outcomes at scale.

As of March 31, 2025, our Assets Under Management stood at ₹57,720 crore, representing an 11% year-over-year growth. This growth was anchored by a balanced and diversified portfolio, spanning Retail, MSME, and Corporate & Institutional segments — reflecting our continued focus on quality and sustainability.

Our progress would not be possible without the dedication of our 15,000+ colleagues, who continue to deliver excellence across every touchpoint. Together, we have built one of India's most extensive NBFC footprints — over 4,600 locations and 18,600 pin codes — now strengthened by an agile and growing digital infrastructure. This unique blend of scale and technology enables us to serve India's credit needs with speed, precision, and empathy.

Looking ahead to FY 2025–26, AI and advanced technology will be at the heart of our strategy. We are accelerating the integration of data science, machine learning, and automation across credit, collections, and customer engagement. These technologies will drive deeper insights, sharper decision-making, and faster, more proactive responses to risk. As we expand our leadership in secured asset financing—especially in two-wheelers, cars, loan against property, home loans, and more. Our AI-driven segmentation will unlock new customer segments and enable high-impact offerings. Our goal is clear: to create a truly intelligent credit institution that blends data, technology, and empathy to serve India with greater confidence and care.

Guided by our "Caring for All" philosophy, we will continue to grow with discipline and responsibility. Our ambition is not just to scale, but to build an institution that earns trust, delivers impact, and creates value for generations to come. To our shareholders, thank you for your enduring confidence. To our employees, partners, and customers, your trust in Hero FinCorp inspires us to think boldly, act decisively, and lead with purpose.

Together, we are not just adapting to change — we are building what comes next.

Yours sincerely,

Abhimanyu Munjal
MD & CEO, Hero FinCorp

Our Foundation

1 PURPOSE

Empowering every Indian's Dream of Upward Mobility!

2 MISSION

He also serves on the boards of companies such as PB Fintech Ltd. and Ather Energy Ltd.

Message from **The Chairperson - CSR Committee**

Mrs. Renu Munjal

At Hero FinCorp, we believe that businesses flourish when communities thrive. As a company that serves millions of customers across diverse geographies, we believe in contributing to inclusive growth by addressing systemic social challenges with empathy, integrity, and innovation. Our commitment to Corporate Social Responsibility is not a one-time pledge—it is a continuous journey of creating meaningful, measurable change in the lives of people we touch.

This year, our CSR strategy was rooted in driving scale, sustainability, and measurable impact. We sharpened our focus on financial literacy, education, skill development, and youth empowerment—core areas that continue to influence socio-economic mobility in India. Through flagship programs like DhanCharcha, Pathakshala, Hunar, and the RKM Scholarship Program, we positively impacted over 14.7 lakh lives in FY 2024–25.

What sets this year apart is not just the numbers, but the stories of self-confidence rekindling, of dreams rediscovering, and of communities rising together. These stories fuel our belief that CSR is not an obligation but a responsibility we hold with pride.

I express my sincere gratitude to our implementation partners, team members, community leaders, and beneficiaries. Your trust and collaboration drive us forward. Together, we are building a more equitable and empowered India—one step, one story at a time.

Warm regards,

Renu Munjal

Our CSR Philosophy

Guided by the principles of social equity, transparency, and sustainability, Hero FinCorp's CSR agenda focuses on driving impactful change across key developmental areas. Our approach integrates field insights, stakeholder collaboration, and long-term planning to maximize value creation.

KEY FOCUS AREAS:

- ***Financial Literacy & Digital Inclusion***
- ***Education Infrastructure & Learning Support***
- ***Youth Skilling & Livelihood Development***
- ***Improved access to Healthcare***

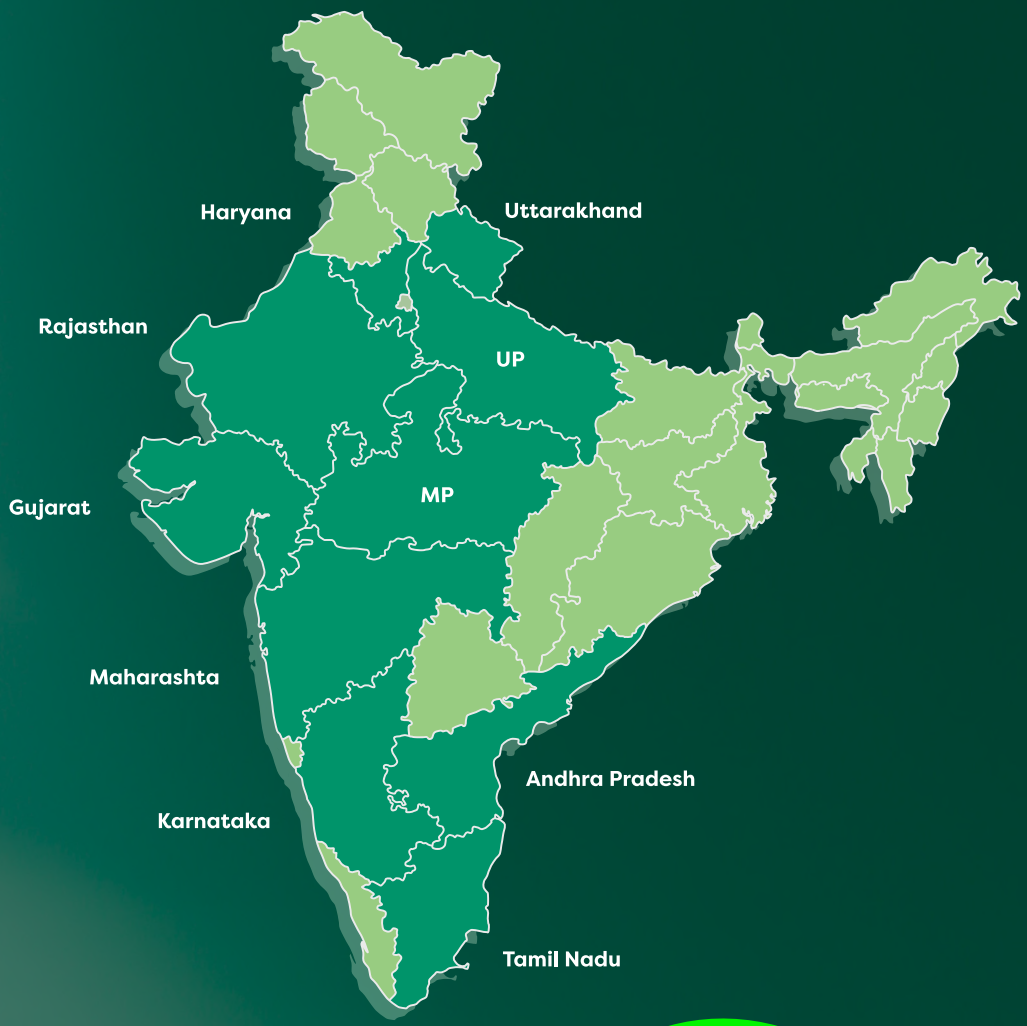

Our interventions are aligned with Schedule VII of the Companies Act, 2013 and contribute to the UN Sustainable Development Goals (SDGs), particularly SDG 1 (No Poverty), SDG 3 (Good Health and Well Being), SDG 4 (Quality Education), SDG 5 (Gender Equality), and SDG 8 (Decent Work and Economic Growth).

DhanCharcha
FINANCIAL LITERACY CAMPAIGN
A Hero FinCorp CSR Initiative

Building Financial and Digital Literacy

DhanCharcha equips rural communities with practical financial and digital knowledge that enhances economic decision-making and promotes financial independence. Initiative focuses on awareness of digital payments, savings, and credit schemes through door-to-door, mobile van and helpline models.

KEY ACHIEVEMENTS:

- **14.07 lakh beneficiaries** trained in FY 2024–25 through door to door and mobile van models, on-ground workshops and mobile-based content.
- Livelihood generation of approx. **650 women working as volunteers.**
- **Special focus on women,** who comprised over 54% of total participants.
- Developed **vernacular digital content** for regional accessibility.

- Government schemes **adopted by 2.5 lakh people** at the grassroot level.
- **Focus Regions:** Haryana, UP, Rajasthan, MP, Uttarakhand, Andhra Pradesh, Gujarat, Karnataka and Maharashtra.
- Most adopted Govt. Scheme- Pradhan Mantri Suraksha Bima Yojana.

Program Highlights & Impact FY 24-25

Pathakshala
LEAD THE CHANGE

School Transformation Program

Pathakshala transforms government schools in various states as a Hero Model School by improving its infrastructure, providing clean drinking water and electricity and undertaking teacher training initiative wherein focus is on english proficiency, learner-centered pedagogy, pedagogical knowledge and tools to develop students' cognitive and intrapersonal skills and 21st Century Skills.

KEY ACHIEVEMENTS:

- **Infrastructure upgrades in government schools.** Learning aids and digital resources provided.
- **Over 1600 students and 100 teachers** and staff experience better working conditions.
- Increased trust with parents and community in public schooling.
- Approximately **500 teachers trained** across three government schools and ASHA Education centres.

Program Highlights & Impact FY 24-25

raman kant munjal SCHOLARSHIPS

Enabling Access to Higher Education

RKM Scholarship supports meritorious students from economically disadvantaged backgrounds in pursuing higher education in finance, commerce, and management. By offering financial support, the initiative seeks to bridge the gap and empower individuals to overcome financial barriers that may hinder their educational aspirations.

SUPPORT SCOPE:

₹40,000 – ₹5,50,000 annually for 3 years.

ELIGIBILITY:

- Family income <₹4 lakh/year, pursuing finance, economics, or management.
- Scored minimum 80% marks in classes 10th and 12th.

KEY ACHIEVEMENTS:

- **55 deserving candidates** were given scholarship in FY 25.
  Support was extended to 104 existing scholars in second and third year.

- Selected candidates are studying in premium institutes such as **University of Delhi, Christ University, Bangalore, IIMs, St. Xaviers College, Vellore Institute of Technology, Symbiosis Pune etc.**

- Many alumni of the scholarship program have taken on impactful roles at some of India's most reputed companies. Others have ventured into entrepreneurship & social development, contributing meaningfully to the society.

Program Highlights & Impact FY 24-25

HERO FINCORP
HUNAR
BUILDING CAPABLE YOUTH

Empowering Youth Through Vocational Training

Hunar aims to bridge the skill gap for underserved youth by offering industry-relevant training and job placement support. This year, we offered 3 courses namely Retail Sales Associate, Debt Recovery Agent and Tally across 2 centres located in New Delhi and Mumbai.

KEY ACHIEVEMENTS:

- **615 students** were certified in FY25 and approx. **62% of them were placed.**
- **Soft skills & workplace readiness** sessions were undertaken.
- Focus on **gender inclusion**: Retail Sales Associate course was exclusively for women participants.

Program Highlights & Impact FY 24-25

ACTION FOR RURAL REJUVENATION

This year, Hero FinCorp supported Isha Outreach's Action for Rural Rejuvenation Initiative. Through this initiative, we supported rural health clinics that are aimed at providing quality and affordable health care within rural communities and mobile health clinics in Coimbatore and Tamil Nadu.

The initiative aims to offer medical consultations, free medicines, health awareness, and guidance on lifestyle changes through a holistic approach, ensuring better healthcare access for rural communities.

KEY ACHIEVEMENTS:

- Approximately **29,000 patients** from **183 villages in Coimbatore, Tamil Nadu and Chikkaballapur, Karnataka** received treatment through mobile health vans. Support was also provided to approximately **4500 people during Palani and Velliangiri Hill pilgrimages.**
- Approximately **8000 persons received treatment through the Isha Health Clinics** that are set up in Alandurai and Kullappanaickanur districts.
- Support was also extended to purchase medical equipment such as **Hematology Analyser, BP Apparatus, Weighing Scales, Cots etc.**

Program Highlights & Impact FY 24-25

ADDITIONAL INITIATIVES AND COMMUNITY ENGAGEMENT

1. **Skill Development Building at RKMF:** A state of the art skill development building is being constructed at the existing campus of Raman Kant Munjal Foundation. The building will house multiple skill development initiatives once construction is complete.

2. **Cochlear Implant surgeries** were provided to underprivileged children through Sewa Bharati.

3. Support was provided to children with cancer through **Arpita Cancer Society for Children.**

4. Scholarship support was given to students of **Raman Munjal Vidya Mandir School.**

5. **Menstrual Hygiene Management sessions** were given to female students in government schools.

6. **Infrastructure was developed** at the Raman Munjal Vidya Mandir school.

7. **Covid-19 Scholarships** were given to students near Gurugram area.

BOARDS' REPORT

Dear Members,

The Board of Directors ("Board") of Hero FinCorp Limited ("HFCL" or "the Company") is pleased to present their 34th (Thirty-Fourth) Annual Report together with the Audited Financial Statements (standalone and consolidated) ("Financial Statements") for the Financial Year ended March 31, 2025 ("FY 2024-25" or "period under review" or "financial year under review").

The Company has been registered as a Systemically Important Non-Banking Financial Company ("NBFC") not accepting public deposits (NBFC-ND-SI) with the Reserve Bank of India ("RBI"). Further, the Company has been classified in the Middle Layer pursuant to Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 ("RBI Scale Based Regulations").

FINANCIAL SUMMARY

The Company's financial performance (standalone and consolidated) for the Financial Year ended March 31, 2025 as compared to the previous financial year ended March 31, 2024 is summarized herein below:

(₹in crore)

Particulars	Standalone		Consolidated	
	2024-25	2023-24	2024-25	2023-24
Total Income	**9,152.85**	**7,804.69**	**9,903.33**	**8,359.72**
Profit before Finance Costs, Depreciation & Amortization Expenses and tax	3,676.44	3,772.38	4,179.77	4,123.87

DIVIDEND

A. Dividend on Equity Shares

In accordance of RBI Circulars and provisions of the Companies Act, 2013, your Company had laid down a framework for consideration and declaration of dividend on equity share capital and preference share capital. The framework had been duly made part of the Dividend Distribution Policy of the Company.

The Board of Directors, after taking in to account various aspects and in compliance with the said circular, recommend for consideration payment of final dividend of 11% of face value of the equity shares (i.e. ₹10 each) amounting to ₹1.10/- per fully paid equity share.

The total outgo on account of equity shares dividend shall be ₹14.02 crore for the financial year 2024-25.

The dividend recommended, if approved by the members, will be paid to the members within the period stipulated under the Companies Act, 2013 ("the Act").

B. Dividend on Preference Shares

This is to inform you that basis the shareholder's approval, the Board considered and approved the payment of dividend on Class – A and Class – B Compulsorily Convertible Preference Shareholders ("collectively called as CCPS Shareholders"). The dividend was paid at 3% of face value of CCPS (i.e. ₹550 each), amounting to ₹16.50/- per fully paid Compulsorily Convertible Preference Shares (CCPS).

The total outgo on account of CCPS dividend shall be ₹60 crore for the financial year 2024-25.

C. Dividend Distribution Policy

The dividend recommended is in accordance with your Company's Dividend Distribution Policy. The Dividend Distribution Policy, in terms of SEBI Listing Regulation is available on your Company's website on https://www.herofincorp.com/company-policies.

D. Unclaimed Dividends

Details of outstanding and unclaimed dividends previously declared and paid by your Company are given under the Corporate Governance Report, which forms part of this Board Report.

E. Investor Education and Protection Fund (IEPF)

Pursuant to the provisions of Section 125 of the Companies Act, 2013 read with Companies (Declaration and Payment of Dividend) Rules, 2014, your Company transferred unclaimed/ unpaid dividend of ₹3,60,502.5 for FY 2016-17 lying with the Company for a period of 7 years to the Investor Education and Protection Fund ("IEPF") of Central Government of India.

Further, pursuant to the provisions of Section 124(6) of the Companies Act, 2013 read with IEPF Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, all shares in respect to which dividend had not been paid or claimed for 7 (seven) consecutive years or more shall be transferred to IEPF Authority. Accordingly, the Company has transferred 4,631 equity shares into demat account of IEPF Authority. The details of equity shares transferred to IEPF are also available on the Company's website, by clicking on the following link- https://www.herofincorp.com/investor-relations/financial-performance.

SUBSIDIARY COMPANIES, JOINT VENTURE OR ASSOCIATE OR REPRESENTATIVE OFFICES

During the year, under review, the Company has neither become subsidiary, associate or joint venture, nor has made any subsidiary or associate companies.

However, the Company has one subsidiary company namely Hero Housing Finance Limited ("HHFL"). HHFL was granted a housing finance company license by the National Housing Bank (NHB) in August, 2017 to carry on the business of (non-deposit taking) housing finance. HHFL had started its lending operations from April, 2018. It is an all-inclusive housing finance company providing hassle-free home loans pan India which includes the following products to its customers: (i) Home Loans, (ii) Loan Against Property etc.

HHFL had seen considerable growth in the financial year 2024-25, aided by strong volume growth across all its lines of businesses. During the year under review, receivables under financing activity has reached to ₹6,144.24 crore in the financial year 2024-25 as compared to ₹4,998.90 crore in the financial year 2023-24 representing an increase of 22.91% over the previous year.

HHFL has Revenue from operations of ₹731.94 crore in financial year 2024-25 as compared to ₹546.82 crore in financial year 2023-24, registering a growth of 33.85% over the previous year. During the financial year 2024-25, HHFL has reported profit after tax of ₹51.10 crore as against profit after tax ₹36.10 crore for the financial year 2023-24 registering a growth of 41.55% over the previous year.

The consolidated audited financial statements of the Company including its Subsidiary Company (HHFL) are forming the integral part of the annual report. A report on performance and financial position of HHFL is included in the consolidated financial statement and is presented in AOC-1 annexed to the financial statements of the annual report.

The Company shall make available the annual accounts of the subsidiary company to the member of the company upon request. The annual accounts of the subsidiary company will also be kept open for inspection at the registered office of the Company and the respective office of the subsidiary company. The annual accounts of the subsidiary company are also available on the website of the Company viz. https://www.herofincorp.com/ and can be accessed by clicking on the following link https://www.herofincorp.com/investor-relations/financial-performance.

REPRESENTATIVE OFFICE

The Company continues to maintain its Representative Office (RO) in Dubai, United Arab Emirates, in accordance with the approval granted by the Reserve Bank of India (RBI). The RO serves as a liaison and facilitation point to explore business opportunities and engage with stakeholders in the region. It does not undertake any commercial/trading/industrial activities and operates strictly within the scope permitted by the RBI and local regulatory authorities. All regulatory compliances, including filings and reporting requirements, are being duly adhered to.

The Nomination and Remuneration Policy is annexed as **Annexure - G** and is available on the website of the Company at https://www.herofincorp.com/company-policies

ANNUAL EVALUATION-BOARD, ITS COMMITTEES AND OF INDIVIDUAL DIRECTORS

The Board has placed a systematic process in place for its evaluation, evaluation of its Committees, individual directors including Chairperson of the Board. The evaluation is being carried out in structured manner which covers various aspects of evaluation including but not limited to composition of board, experiences, competencies, contribution towards single cause of company etc.

To comply with the provisions of Section 134(3)(p) of the Act and Rules made thereunder and Regulation 17(10) / 62 D(16) of SEBI Listing Regulations, Board is responsible to monitor and review the evaluation framework. Further, pursuant to the requirements of Schedule IV to the Companies Act, 2013 and Regulation 25(4)/ 62N (4) of SEBI Listing Regulations, a separate meeting of the Independent Directors of the Company was also held on May 03, 2024, without the presence of non-independent directors and members of the management, to review the performance of non-independent directors, the Board as a whole, the performance of the Chairperson of the Company and also to assess the quality, quantity and timeliness of the flow of information between the Company, management and the Board.

BOARD FAMILIARISATION AND TRAINING PROGRAMME

As a part of process, the Board is being updated on quarterly basis on changes in statutory provisions, as applicable to your Company. The Board is also being updated on the operations, key trends and risk universe applicable to your Company's business.

These updates help the Directors in keeping abreast of key changes and their impact on your Company. An annual strategy retreat is conducted by your Company where the Board provides its inputs on the business strategy and long- term sustainable growth for your Company. Additionally, the Directors also participate in various programmes they get apprised on key global trends.

The details of such programmes are provided in the Corporate Governance Report.

CYBER SECURITY

In view of increased cyberattack scenarios, the cyber security maturity is reviewed periodically and the processes, technology controls are being enhanced in-line with the threat scenarios. Your Company's technology environment is enabled with real time security monitoring with requisite controls at various layers starting from end user machines to network, application and the data.

During the year under review, your Company did not face any incidents or breaches or loss of data breach in cyber security.

INTERNAL FINANCIAL CONTROLS

The Directors had laid down internal financial controls to be followed by the Company and such policies and procedures adopted by the Company for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has assessed adequacy of its internal controls to commensurate with the nature of the business and the size, scale, and complexity of its operations. The Company has documented the policies, controls, and procedures, covering all financial and operating activities. Internal controls include IT general controls, IT application controls, controls designed to provide a reasonable assurance regarding the reliability on financial reporting, monitoring of operations for our efficiency and effectiveness, protecting assets from unauthorized use or losses, compliances with regulations, prevention, and detection of fraudulent activities, etc. The Company makes constant efforts to align all processes and controls with leading practices.

Internal Controls Systems are also subjected to regular Internal Audits to evaluate the adequacy and operating effectiveness of internal controls with additional focus on assessing opportunities for improvement in business processes, systems and controls and provide recommendations for adding value to the organization. Regular follow-up is done for the implementation of corrective actions and improvements in business processes which is quarterly reviewed by the Audit Committee.

INTERNAL AUDIT

The Internal Audit Department of the Company functions independently with direct reporting to the Audit Committee of the Board. Internal Audit function provides independent assurance on the Company's system of internal controls, risk management and governance processes.

Internal Audit is carried out as per risk based internal audit (RBIA) framework. Subject matter expertise of professional firms are utilized as per the requirement.

ANNUAL RETURN

In terms of Section 92(3) read with Section 134(3)(a) of the Act and rules thereto, the Annual Return of the Company in Form MGT-7 as on March 31, 2025 would be available on the Company's website at https://www.herofincorp.com/investor-relations.

DEPOSITORY SYSTEM

The Company's Equity Shares are not listed on any stock exchange and are being traded on off-market platform. As on March 31, 2025, 12,63,93,882 (99.2%) of equity shares capital and 36,363,636 (100%) Compulsorily Convertible Preference Shares were held in dematerialized form with National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL). In view of the numerous advantages offered by the Depository System, the Members holding shares in physical mode are advised to avail the facility of dematerialization.

CORPORATE SOCIAL RESPONSIBILITY

The Company had constituted Corporate Social Responsibility (CSR) Committee which had been entrusted with the prime responsibility of implementation of the activities under the CSR policy and recommend the amount to be spent on such CSR activities during the year.

Details of CSR Committee including composition, terms of reference etc. are provided in the Corporate Governance Report. Your Company has undertaken the CSR activities and complied with the provisions of Section 135 of the Companies Act, 2013. The CSR activities undertaken by your Company are based on the approved CSR policy, which is available on the Company's website at https://www.herofincorp.com/company-policies.

CSR obligation for the financial year 2024-25 was ₹12.38 crore (2% of the average net profit of the Company for last three financial years). Further, the Company had spent a total amount of ₹12.50 crore during the FY 2024-25 which includes excess amount spent i.e. ₹0.12 crore in the manner as approved by the CSR Committee in their meeting held on May 03, 2024.

The Annual Report on Corporate Social Responsibility Activities as per section 135 of the Act, is annexed as **Annexure - D** and form part of the board report.

DIRECTORS RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Companies Act, 2013, the Board of Directors, hereby state and confirm that:

- in the preparation of the annual accounts for the financial year ended March 31, 2025, the applicable accounting standards have been followed along with proper explanation relating to material departures in the Auditor's Report and Notes to accounts;
- they have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit & loss of the Company for the said period;
- they have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

- they had prepared the annual accounts on a going concern basis;
- they had laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and are operating effectively; and
- they had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

STATUTORY AUDITORS AND THEIR REPORT

Pursuant to the provisions of Section 139 of the Act read with rules made thereunder, RBI Guidelines for Appointment of Statutory Auditors and based on the recommendation of the Audit Committee, the Board of Directors of the Company at its Meeting held on May 29, 2024, approved the appointment of M/s. Deloitte Haskins & Sells LLP (Firm Registration No: 117366W/W-100018) and M/s. M M Nissim & Co LLP (Firm Registration No: 107122W/W100672) as Joint Statutory Auditors of the Company for a period of three years i.e. from conclusion of 33rd AGM till conclusion of 36th AGM of the Company.

The members of the Company had approved the appointment of M/s. Deloitte Haskins & Sells LLP and M/s. M M Nissim & Co LLP as Joint Statutory Auditors of the Company in the Annual General Meeting held on August 21, 2024.

The Auditor's Report on Standalone Financial Statements and Consolidated Financial Statements of the Company for the financial year ended March 31, 2025, forms part of this Annual Report. The Auditors' Report read with notes to the accounts are self-explanatory and therefore do not require further comments/elaborations pursuant to Section 134 of the Companies Act, 2013.

There is no qualification made by the Statutory Auditors in their report. Further, there were no frauds reported by the Statutory Auditors to the Audit Committee or the Board under Section 143(12) of the Companies Act, 2013.

SECRETARIAL AUDITORS AND THEIR REPORT

Pursuant to the provisions of Section 204 of the Act, read with rules made thereunder and Regulation 24A/ 62M of SEBI Listing Regulations, M/s. SGS ASSOCIATES LLP, Company Secretaries (Firm Registration No.: L2021DE011600), were appointed as the Secretarial Auditors of the Company to carry out the secretarial audit of the Company for the financial year ended March 31, 2025.

A secretarial audit report issued by the Secretarial Auditors of the Company in Form MR-3 is annexed as **Annexure – E** and forms part of the board report.

The Auditors' Report is self-explanatory and therefore do not require further comments/elaborations from the Board.

The Board, on the recommendation of Audit Committee, has re-appointed M/s. SGS ASSOCIATES LLP, Company Secretaries (Firm Registration No.: L2021DE011600) as Secretarial Auditors of the Company for FY 2025-26.

COST RECORDS AND COST AUDIT

Maintenance of cost records and requirement of cost audit as prescribed under the provisions of Section 148(1) of the Act is not applicable for the business activities carried out by the Company.

LOANS, GUARANTEES AND INVESTMENTS

The details of Loans, Guarantees and Investments covered under the provisions of Section 186 of the Act read with the Companies (Meetings of Board and its Powers) Rules, 2014 are given in the Notes to the Financial Statements.

RELATED PARTY TRANSACTIONS AND POLICY

All contracts, arrangements and transactions entered by the Company during FY 2024-25 with related parties were in the ordinary course of business and on arm's length basis and were approved by the Audit Committee. The Board of Directors of the Company had laid down the criteria for granting the omnibus approval by the Audit Committee for the transactions which are repetitive in nature, in line with the Company's Policy on Related Party Transactions ('RPT Policy').

During the year, the Company had not entered into any materially significant transaction with related parties as defined in the RPT Policy. Accordingly, the disclosure of Related Party Transactions under Section 188(1) of the Act in Form AOC-2 is not applicable. Related Party disclosures including transactions with promoter/promoter group which hold(s) more than 10% shareholding in the Company have been disclosed in Note 38 to the Standalone Financial Statements forming an integral part of the Annual Report.

None of the Directors had any pecuniary relationships or transactions vis-a-vis the Company except as provided in the notes to the accounts.

Pursuant to RBI Scale Based Regulations, the policy on related party transactions is annexed as **Annexure - F** and is also available on the Company's website, at https://www.herofincorp.com/company-policies.

VIGIL MECHANISM/WHISTLE BLOWER POLICY

Pursuant to Rule 7 of the Companies (Meetings of Board and its Powers) Rules, 2014 read with Section 177(9) & (10) of the Act and Regulation 22/ 62J of the SEBI Listing Regulations, the Company has adopted a Vigil Mechanism Framework. The objective of the framework is to establish a redressal forum, which addresses all concerns through which all the stakeholders such as Employees, Directors and service providers (agency, vendor, contractor or any outsourced partner) can raise actual or suspected violations. The Vigil Mechanism Framework provides for adequate safeguards against victimization of the persons who use such mechanism and make provisions for direct access to chairman of Audit Committee.

The effectiveness of the vigil mechanism is regularly reviewed by the AC, which ensures that all grievances are handled promptly and judiciously. The Audit Committee's oversight ensures that the framework is accessible to all stakeholders and that it aligns with best practices. Necessary details pertaining to the framework are disclosed in the Corporate Governance Report.

During the financial year 2024-25, following is the summary of complaints received, disposed off and report finally presented before the Audit Committee/ Board.

No. of complaints received - 31
No. of complaints disposed off - 32*

**Including One complaint carried forward from previous year.*

The whistle blower policy of the Company is available on the Company's website at https://www.herofincorp.com/company-policies

PUBLIC DEPOSITS

Company being a non-deposit taking Non-Banking Financial Company ("NBFC"), has not accepted any deposits from the public during the year under review.

MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

No material changes and/or commitment affecting the financial position of your Company has occurred between April 1, 2025 and the date of signing of this report.

INFORMATION ON CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE

The Company is committed to take effective measures to conserve energy and drive energy efficiency in its operations and also continuously making efforts on increasing use of renewable energy and enhancing waste management to reduce the carbon footprint. The Company also strives to focus on technologies, processes and improvements that matters for the environment. During the year, the Company undertook some cost-effective energy-efficiency initiatives.

The Company believes in leveraging technology to transform every dimension of its business. Investments in technology infrastructure is an important element of Company's commitment to delivering seamless customer experience. Further, steps taken towards Energy Conservation are the result of technology absorption. However, there is no other specific information to be furnished in this regard.

HUMAN RESOURCES

At Hero FinCorp, we are driven by the belief that every individual has the potential to create meaningful impact when empowered with the right opportunities. Rooted in our purpose of "Empowering every Indian's dream of Upward Mobility," we recognize and nurture the Hero within each person. Our vision to become *Bharat ka Digital Lender* is not just a strategic goal-it is a people-powered mission. The Human Resources function plays a pivotal role in this journey by fostering a culture of inclusion, agility, and continuous growth. By aligning talent, strengthening capabilities, and shaping an empowering workplace culture, HR serves as a catalyst in realizing our digital and organizational aspirations.

We take pride in fostering a culture of continuous engagement, innovation, and improvement, enabling our people to drive business excellence. Our rapid growth since inception has been fuelled by the passion and commitment of every employee-each one representing the face and spirit of our organization. The HR function plays a strategic role in shaping this momentum by hiring diverse, digitally skilled talent from both urban and rural India. This inclusive approach not only ensures strong regional representation but also deepens our understanding of local communities, enhancing customer empathy. By building a workforce that truly reflects the fabric

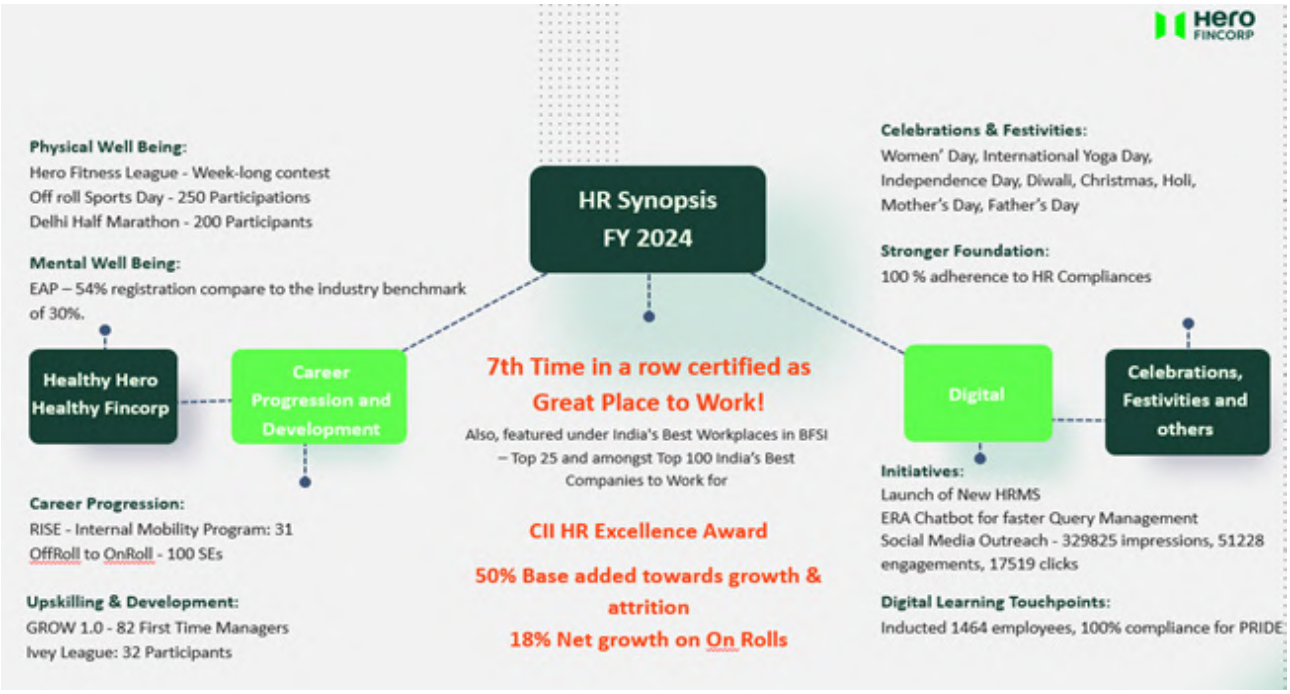

of "Bharat," we are able to deliver meaningful financial solutions to the underserved, staying true to our mission of inclusive growth and empowerment.

Through programs like Grow 1.0, 20, Ivy League, and Emerging Leaders, HR is upskilling employees across all levels to navigate the fast-evolving fintech landscape. These initiatives foster digital agility, innovation, and leadership to support Hero FinCorp's transformation. HR has nurtured a culture of ownership, inclusion, and innovation. With Pay-for-Performance driven systems, regular townhalls, and employee recognition platforms, employees stay motivated, connected, and aligned to business goals. HR operations are fully digital-leveraging AI in recruitment, real-time performance dashboards, and mobile-first learning tools to enhance employee experience and decision-making.

Enhancing the employee experience is at the heart of our people strategy, and we firmly believe that business excellence is driven by a thriving, motivated, and healthy workforce. As we grow and scale, we remain committed to the holistic well-being of our employees by offering robust support systems such as a 24x7 Employee Assistance Program, along with a variety of fun and health-focused engagements-both in-person and digital-through our Hi 5 Engagement App. Recognizing the power of employee voice, we've introduced continuous listening mechanisms like Amber, an AI-powered chatbot, to complement our existing pulse surveys such as Great Place To Work and Working Together Survey. These initiatives help us stay connected to real-time employee sentiments and build a workplace that is agile, inclusive, and aligned with our organizational purpose.

At the core of Hero FinCorp's strategy lies strong, value-driven leadership anchored in our *TITHI* values and guiding principles. Over the past year, our efforts have been focused on delivering an exceptional employee experience by reimagining ways of working, building future-ready capabilities, and fostering a meritocratic culture that recognizes performance and prioritizes well-being. Through open dialogue, continuous engagement, and a sustained focus on growth and care, we are creating an environment where every employee can thrive. These people-first initiatives continue to fuel our collective journey toward becoming *Bharat ka Digital Lender* and realizing our purpose of empowering every Indian's dream of upward mobility.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMY

The global economic landscape in 2026 is anticipated to exhibit moderate growth, underpinned by resilience in the face of several pressing economic headwinds, such as escalating trade tensions, persistent inflationary pressures, constrained monetary policy flexibility, and increasing public debt levels. The International Monetary Fund (IMF) projects a global growth rate of 2.8% for 2025 and a slight uptick to 3.0% in 2026, falling from 3.3% in 2024. Significant challenges projected for the global economy in 2025 include:

1. Trade Tensions and Protectionism: The introduction of U.S. tariffs, predominantly on Chinese imports, has triggered retaliatory measures and disrupted established global supply chains, leading to increased costs and inefficiencies in trade.

2. Inflation and Monetary Policy Constraints: While inflation rates are declining in several regions, certain service sectors are witnessing sustained inflation, contrasted by rising goods price inflation in others. This complex inflationary landscape poses substantial challenges for central banks, hampering their ability to implement accommodative monetary policies effectively.

3. Fiscal Imbalances: The persistently high levels of public debt and fiscal deficits, particularly within advanced economies, exhibit risks to economic stability and limit policy manoeuvrability. The IMF has specifically called on the United States to address its escalating fiscal deficit, which surged to 98% of GDP in 2024.

4. Geopolitical Instability: Ongoing geopolitical conflicts, notably in the Middle East and rising tensions in Eastern Europe, continue to threaten global energy stability and erode investor confidence, further complicating the economic outlook.

5. Structural Weaknesses in Developing Economies: Developing nations face substantial hurdles, including inadequate investment, tepid productivity growth, and elevated debt levels, which significantly hinder their capacity to converge with more advanced economies.

These challenges underscore the complexity of the global economic environment and the need for strategic policy interventions to foster resilience and sustainable growth.

In 2025, policymakers worldwide are anticipated to face significant challenges that will test their economic management capabilities. Economic growth is projected to decelerate, with multiple downside risks emerging from escalating geopolitical tensions, ongoing trade disputes, and mounting domestic public debt.

To maintain and improve global economic stability, policymakers will need to effectively confront persistent inflationary pressures, uneven recovery trajectories across regions, and enduring structural economic issues. The implementation of robust monetary and fiscal policies, coupled with enhanced international coordination, will be imperative in addressing these complexities and cultivating a more resilient global economic landscape.

INDIAN ECONOMY

In India, the Gross Domestic Product (GDP) growth for the fiscal year 2025 (FY 25) is projected to be around 6% year-on-year, with fiscal year 2026 (FY 26) expected to maintain this positive momentum. This growth is a strong reflection of good domestic demand and increased investment. The latest report from the International Monetary Fund (IMF) supports this outlook,

forecasting that India will continue its upward trajectory, with growth rates of 6% to 6.5% in both FY 26 and FY 27, which aligns well with projections from the Reserve Bank of India (RBI) for FY 26. Additionally, inflation in India has moderated within the RBI's tolerance band, although fluctuations in food prices remain an area to monitor. It is anticipated that inflation will approach 4% in FY 26.

The outlook for Non-Banking Financial Companies (NBFCs) in India for FY 26 appears promising, influenced by various macroeconomic factors and sector-specific trends. By FY 26, credit demand growth is expected to stabilize at moderate levels following a period of rapid expansion driven by post-pandemic recovery and financial inclusion initiatives. There is likely to be continued demand for credit, especially from the retail and Micro, Small, and Medium Enterprises (MSMEs) sectors. While growth rates may decelerate as the market matures, projections suggest a sustainable growth range of 12% to 14% annually, contingent on the economic climate and regulatory developments.

Improvements in asset quality, particularly in unsecured lending and microfinance, are anticipated in FY 26 as NBFCs enhance their underwriting standards and risk management strategies. The rise of digital lending and data-driven credit scoring will further enable NBFCs to manage risk effectively, facilitating more efficient credit disbursements with reduced defaults. However, it is essential to remain vigilant regarding potential challenges that may arise from global economic volatility or local disruptions.

Overall, India's NBFC sector is well-positioned to support credit growth in FY 26, provided that deposit and lending rates are aligned with policy adjustments and that regulatory oversight evolves to keep pace with changing funding patterns. This could lead to a more resilient and dynamic financial ecosystem that benefits all stakeholders involved.

FINANCIAL SERVICES - NBFC SECTOR

The NBFC sector has played an important role in promoting inclusive growth in India. The sector has fulfilled diverse financial needs of non-bankable credit requirements of customers. Further, NBFCs often take lead role in providing innovative financial services to Micro, Small, and Medium Enterprises (MSMEs) most suitable to their business requirements, thus providing credit financing to the unorganised and underserved sectors of the country NBFCs do play a critical role in participating in the development of an economy by providing a fillip to transportation, employment generation, wealth creation, bank credit in rural segments, emergency financing and thus support financially weaker sections of the society.

The Indian financial services sector plays a vital role to the country's economy, comprising a diverse range of players such as commercial banks, insurance companies, non-banking financial companies, pension funds, mutual funds and other smaller financial entities. The sector has been evolving over the years, coupled with changes and reforms by the Government and regulatory bodies to strengthen the industry and thus enhancing its growth prospects.

NBFCs are financial intermediaries engaged in the business of accepting deposits and delivering credit thus channelizing the scarce financial resources to capital formation. They supplement the role of the banking sector in meeting the increasing financial needs of the corporate sector, delivering credit to the unorganized sector and to small local borrowers.

NBFCs focuses on business related to loans and advances, acquisition of shares, stock, bonds, debentures, securities issued by government or local authority or other securities of like marketable nature, leasing, hire-purchase, insurance business, chit business etc.

The banking sector would always be the critical sector in the field of business financing on account of its credibility in supporting manufacturing, infrastructural development and thus acting as a backbone for the common man's money. Despite this, the role of NBFCs is critical and their presence in a country only strengthens the financial infrastructure of the country.

REGULATORY DEVELOPMENTS AND SCHEMES

The NBFC sector continued to grow its share in the financial services industry. In India, despite being different from banks, NBFCs are bound by the Indian banking industry rules and regulations. The government and the RBI announced the slew of regulatory forbearances and schemes during the year - some of the key being are:

In FY2025, the RBI has issued following important circulars: -

- Key Fact Statement (KFS) for Loans & Advances: The notification issued by the RBI on April 15, 2024 provides for mandatorily providing Key Fact Statement to the customers. The purpose of KFS was to provide key facts of a loan agreement, in simple and easier to understand language, provided to the borrower in a standardised format.

- Fair Practice Code (FPC) for Lenders – Charging of Interest: This circular was issued by the RBI on April 29, 2024 providing the banks and NBFCs to desist from using certain unfair practices in charging of interest.

- Master Directions on Fraud Risk Management in Non-Banking Financial Companies (NBFCs) (including Housing Finance Companies): These master directions were issued by the RBI on July 15, 2024. These Directions are issued with a view to providing a framework to Applicable NBFCs for prevention, early detection and timely reporting of incidents of fraud to Law Enforcement Agencies (LEAs), Reserve Bank of India (RBI) and National Housing Bank (NHB) and matters connected therewith or incidental thereto.

- Master Direction on Treatment of Wilful Defaulters and Large Defaulters: This master direction was issued by the RBI on July 30, 2024. This Master Direction on wilful defaulters serves as a comprehensive guideline delineating the regulatory framework and procedures for classification of borrowers as wilful defaulters.

- Master Direction – Reserve Bank of India (Credit Information Reporting) Directions, 2025: This master direction was issued by the RBI on January 06, 2025. These directions aim to establish a standardised framework for reporting and dissemination of credit information; safeguard the confidentiality and security of sensitive credit data; provide mechanisms for consumers to access their credit information and grievance redressal on matters related to credit information reporting.

- Prevention of financial frauds perpetrated using voice calls and SMS – Regulatory prescriptions and Institutional Safeguards: The RBI has issued certain instructions on January 17, 2025 providing instructions to the Regulated Entities to mitigate the potential misuse of mobile numbers.

THE COMPANY

Hero FinCorp Limited ("the Company" or "HFCL") is an NBFC with a diversified product portfolio. Its aim is to aid financial inclusion of the underserved and partners to enable the dreams of Indian entrepreneurs & businesses.

In the two-wheeler segment, the Company has focused on customers who are devoid of the reach of banks network for reasons such as limited documentation, credit history and are perceived as high-risk category by the banking channels. The Company believes that credit worthiness can be evaluated by employing innovative methods that consider subjective knowledge gleaned from customer visits, background checks, etc. This can provide opportunity to such customers to start building a credit history and move towards financial inclusion.

The Company provides a bouquet of other financial products including Used-Car Financing, Loyalty & Open Market Personal Loan, Partnership Financing, Unsecured Business Loans, Inventory Funding, Supply Chain Financing, Construction Financing, Loan Against Property, Loans to SMEs and Emerging Corporates.

The Company has also set up a housing finance arm, namely, Hero Housing Finance Limited (subsidiary of Hero FinCorp Limited), to cater the housing needs and support in the Government's holistic mission of "Pradhan Mantri Awas Yojana".

FINANCIAL AND OPERATIONAL PERFORMANCE

The Company always focus on three key principals - operating efficiency, customer centricity and skill up. The Company has again shown a strong year of performance aided by a diversified portfolio mix, robust volume growth and prudent management strategic initiatives.

During the year under review, Asset Under Management (AUM) has grown up by 10% from ₹46,488 crore in FY 2023-24 to ₹50,925 crore in FY 2024-25. The total income has shown a growth of 17% from ₹7,805 crore in FY 2023-24 to ₹9,153 crore in FY 2024-25.

Impact of Compulsorily Convertible Preference Shares (CCPS)

During the year ended March 31, 2023, the Company had 1,70,36,363 Class A CCPS and 1,93,27,273 Class B CCPS of face value of ₹550 each aggregating to ₹2,000 crore. As per Section 43 of the Companies Act, 2013, the preference shares are classified as part of Share Capital. However, as per Ind AS 32 'Financial Instruments: Presentation' and terms and conditions of such preference shares, these are required to be classified as a financial liability.

In accordance with Ind AS 32 'Financial Instruments: Presentation', the Company had classified these CCPS as a financial liability and presented in accordance with Schedule III division III of the Companies Act, 2013 (disclosed under the head of Subordinated liabilities). These CCPS are subsequently measured at fair value through profit or loss as per Ind-AS 109 requirements.

If these CCPS were classified in accordance with section 43 of the Companies Act, 2013 i.e., as equity, profit after tax for the year ended March 31, 2025 would be higher by ₹333.12 crore (March 31, 2024: ₹348.69 crore) and total equity would be higher by ₹2,884.36 crore (March 31, 2024: ₹2,611.24 crore) and subordinated liabilities would be lower by ₹2,884.36 crore as at March 31, 2025 (March 31, 2024: ₹2,611.24 crore). The key numbers considering this impact are given below:

Particulars	For the year ending / As at March 31, 2025	For the year ending / As at March 31, 2024
Financial Liabilities: Subordinated liabilities (₹in Crore)	2,036.35	937.98
Profit before tax (₹in Crore)	531.49	1,273.89
Profit after tax (₹in Crore)	390.96	950.61
Debt equity ratio (no. of times)	5.16	4.66
Net worth (₹in Crore)	8,596.76	8,386.79
Total debts to total assets (%)	81.93	80.49
Net profit margin (%)	4.26	12.18

FINANCIAL HIGHLIGHTS

During the year under review, gross Loan Assets has grown by 7% from ₹46,488 crore in FY 2023-24 to ₹49,876 crore in FY 2024-25. The total income has shown growth of 17% from ₹7,804.69 crore in FY 2023-24 to ₹9,152.85 crore in FY 2024-25.

Profit before tax decreased by 79% from ₹925.20 crore in FY 2023-24 to ₹198.37 crore in FY 2024-25, accordingly the Profit after tax registered a decrease of 90% from ₹601.92 crore in FY 2023-24 to ₹57.84 crore in FY 2024-25. The net profit margin (%) decreased by 92% from 7.71% in FY 2023-24 to 0.63% in FY 2024-25.

During the FY 2024-25, we have experienced a higher ratio of impairment loss allowance to gross loans assets and increased credit costs resulting in a negative impact on our Profit after tax, as a result of certain unforeseen factors not fully within the company's control. Such factors included, but were not limited to, disruptions caused by the general elections in India, which impacted the deployment of collection agents by our collection agency partners due to which our collections were lower than anticipated. This also impacted our gross non-performing assets (GNPA%), which increased by 28% from 4.26% in FY 2023-24 to 5.45% in FY 2024-25 and our return on Net Worth (RoNW%), which decreased by 90% from 10.42% in FY 2023-24 to 1.01% in FY 2024-25.

TREASURY

The Company has an independent, full-fledged treasury department that effectively manages borrowings, liquidity, and treasury investments along with their risks and reporting requirements as laid down by the ALCO, Board and/or RBI. The primary role of the treasury is to borrow funds at competitive rates to meet business needs and maintain adequate liquidity to weather any unanticipated occurrences while prudently managing the ALM and associated risks. Investment activities are undertaken to maintain Liquidity Coverage Ratio (LCR) and invest surplus funds in various liquid instruments.

BORROWED FUNDS

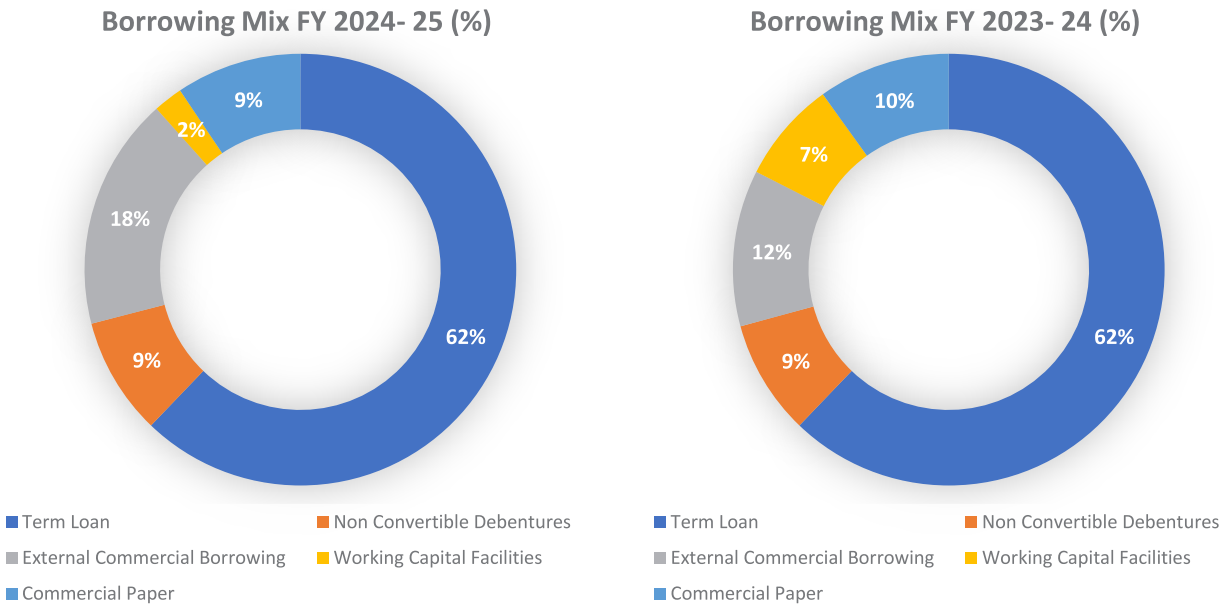

The company continuously seeks to diversify its funding sources by tapping different markets/ institutions to finance its business requirements. In addition to the banking lines, the company also borrows via refinance, external commercial borrowing, and commercial papers & non-convertible debentures in the debt market.

Further, the company strives to keep an appropriate balance between fixed rate and variable rate borrowings throughout the instruments to lower the weighted average cost of borrowing and preserve a reasonable spread on its loans and advances.

For the purpose of meeting its business requirements, the Company borrowed ₹27,217.31 crore during the year (rollovers excluded). The total borrowing book increased by 13.44% to ₹44,341.67 crore as of March 31, 2025, from ₹39,088.16 crore as of March 31, 2024.

Borrowings and debt securities constituted 81.93% of the funds employed as on March 31, 2025. Out of the total borrowings, Banks and financial institutions constitute 81.90% (term loans including refinance & subordinated-unsecured Tier-II loan 61.85%, external commercial borrowing 17.85% and working capital facilities 2.20%), debt market constituted 18.10% (non-convertible debentures 9.18% and commercial paper 8.92%).

The Company maintains close relationships with more than 35 banks and financial institutions, including prominent private, PSU banks and foreign banks. Throughout the period, the Company strengthened its ties with its current lenders, not only with additional sanctions of term loans and working capital, but also by significantly increasing their exposure to ECBs/commercial papers and debentures. The average cost of borrowing was 8.6% for the year ending March 31, 2025 As against 8.4% for the year ending March 31, 2024.

Term Loans

During the FY 2024-25 the Company raised ₹13,900.00 crore from banks/financial institutions in the form of term loan facilities, including ₹300.00 crore Tier-II, subordinated and unsecured TL, which is considered as Tier II capital as per the guidelines issued by RBI for the purpose of computation of Capital Adequacy Ratio.

The term loan book stood at ₹27,425.07 crore as on March 31, 2025, against ₹24,156.23 crore as on March 31, 2024. The banks lines are rated "AA+ with stable outlook" by CRISIL, ICRA and CARE. This indicates high degree of safety with regard to timely servicing of financial obligations.

Working Capital Facilities

The Company manages the working capital facilities (secured and unsecured) from Bank/financial institutions amounting to ₹3,690.00 crore as on March 31, 2025. The working capital facilities book stood at ₹975.64 crore as on March 31, 2025 against ₹2,938.90 crore as on March 31, 2024.

External Commercial Borrowings

During the FY 2024-25, the Company raised ~USD439 Mn (i.e. ~₹3,725 crore) and ~AED184 Mn. (i.e. ₹435 crore) amounting to total ~₹4,160 crore of foreign currency denominated External Commercial Borrowings (ECB) under the automatic route of the RBI. The Company is expanding its ECB borrowing by deepening the investor base of the Company. This also helps in diversifying the borrowing-mix. The ECBs are hedged using a Cross-Currency Swap (variable/fixed rate structure linked with applicable benchmark). The ECBs are fully hedged (interest + principal) for forex risks against the regulatory requirement of minimum 70% of the exposure as set out by RBI. The ECB book stood at ₹7,915.43 crore as on March 31, 2025 against ₹4,759.73 crore as on March 31, 2024.

Non-Convertible Debentures

During the FY 2024-25, the Company raised ₹1,737.00 Crore from the Non-convertible debentures. The Non-convertible debenture book (comprising of Secured NCDs, Tier-I & Tier-II NCDs) stood at ₹4,070.56 crore as on March 31, 2025 against ₹3,556.05 crore as on March 31, 2024. Secured and Tier-II sub-ordinated non-convertible debentures are rated 'AA+' from CRISIL/ICRA and perpetual NCDs are rated 'AA' from CRISIL & ICRA. As per Chapter XII – "Fund raising by issuance of debt securities by large corporate" of the SEBI "Master Circular for issue and listing of Non-convertible Securities, Securitised Debt Instruments, Security Receipts, Municipal Debt Securities and Commercial Paper" dated May 22, 2024, a large corporate (LC)

has to raise minimum 25% of its incremental borrowings through issuance of debt securities which has to be met over a contiguous block of three years from Financial Year (FY) 2025. At the end of three years, large corporate will be incentivised in case of surplus borrowing through issuance of debt securities, and de-incentivised in case of any shortfall in borrowing through issuance of debt securities.

Commercial paper

During the FY 2024-25 the Company raised ₹7,420.00 crore (face value) from commercial papers. The commercial paper book stood at ₹3,954.97 crore as on March 31, 2025 against ₹3,677.24 crore as on March 31, 2024. The commercial papers are rated as "A1+" by CRISIL and ICRA, indicating very strong degree of safety regarding timely payment of financial obligations.

Subordinated Debt

The outstanding subordinated debt as on March 31, 2025 stood at ₹1,494.50 crore as against ₹937.98 crore as on March 31, 2024. The Subordinated debt is considered as Tier II capital as per the guidelines issued by RBI for the purpose of computation of Capital Adequacy Ratio.

Perpetual Debt

To support the CRAR of the company, Tier-I NCDs (perpetual debt) amounting to ₹535.00 crore (face value) were issued during the year. The Company has the outstanding perpetual debt of ₹541.85 crore as on March 31, 2025. The Perpetual debt is considered as Tier I capital as per the guidelines issued by RBI for the purpose of computation of Capital Adequacy Ratio.

Liquidity and Treasury Investment

The Company adheres to an investment strategy established by the Board. Maintaining sufficient liquidity, ensuring the seamless operation of daily cashflow while deploying excess funds (if any) are the main objectives of the investment activities.

As on March 31, 2025, the Cash & Treasury Investments amounts to ₹6,099.75 crore. It constituted 11.3% of total assets as on March 31, 2025. Further, the Company has maintained total liquidity of ₹9,057.95 crore (Standalone basis) as on March 31, 2025 which constitutes 16.7% of total assets as on March 31, 2025. It includes cash and treasury investment of ₹6,099.75 crores and available bank lines of ₹2,958.20 crore.

The Company maintained a healthy daily weighted average LCR of above 120% during FY 2024-25 as against the regulatory threshold of 100% applicable w.e.f. 1st December, 2024 (increased from 85%).

ASSET LIABILITY MANAGEMENT

The Asset Liability Management Committee oversees the ALM on a regular basis, and the Company follows a conservative ALM policy. The Company throughout the year has maintained positive mismatches across buckets up to 5 years i.e. the cumulative inflows of assets are higher than the cumulative outflows.

CAPITAL ADEQUACY

The Company continues to fulfill all the norms and standards laid down by the RBI pertaining to non–performing assets, capital adequacy, statutory liquidity assets etc. As against the RBI norm of 15%, your Company has been able to maintain a Capital Adequacy Ratio (CAR) of 16.88% as on March 31, 2025, which is well above the RBI mandated norm of 15%.

INFORMATION TECHNOLOGY

To drive growth, enhance customer experience and improve operational efficiency Hero Fincorp worked on a 360-degree digital strategy across acquisition, GenAi enabled customer servicing, cross sell and collection and engagement with partner through Bridge app. Following are the key achievement of HFCL Digital Growth in FY 2024-25:-

- Customer acquisition journey for instant personal loan on platform build by in house tech team using open-source tech stack deployed on scalable and reliable AWS cloud infrastructure.
- A major revamp of Sales user experience on assisted journeys underwent a significant revamp with a mobile first architecture for key products viz Two-Wheeler Loans, Used Car Loans, Unsecured Business Loans & Loan Against Property.
- In order to reduce the turnaround time required for Loan sanctioning interventions were brought with Go No-Go engines, Risk Scorecards and automation of credit activities like Banking Analysis with Account Aggregator, Input Sheet Generation (LAP) etc.
- Key controls around Know-Your-Customer processes were introduced with Digital KYC, Video KYC & Biometric KYC as modes of conducting KYC of any customer.
- End to end cross sell journey for existing customer delivering 80-100 Cr disbursement per month.
- Omnichannel customer engagement on app, IVR, WhatsApp and GenAI based chatbot for instant query resolution. More that 65 % servicing request are handled through these digital channels.
- Enterprise Lead management system to create and nurture lead from various sources like corporate Website, QR code campaigns and partners like Olx, BikeDekho etc. This system generate 1.5-2 lacs leads out of which 25% show interest after calling and 2-3% of interested gets disbursed per month.
- GENAI based dashboard for call centre to view feedback on calls at individual, team and group level.
- AI based allocation strategy for allocation of accounts for collection.
- Mobile application catering to the retail LOB now has a customer base of over 5 million in FY24, enabling onboarding, servicing and payments on mobile. In addition to the mobile application, personalised payment link was enabled over mobile to drive growth in payments for Retail collections. Analytics driven retail collection has helped us further strengthen our collection efficiency with the scorecard based allocation of agency & collector for the case resolution. 3Mn+ leads were generated for TWL, UCL and OMPL from website. More than 60% of servicing request are handled through digital channels- mobile & WhatsApp with more than 70% auto resolution efficiency.
- The launch of Omnfin's LOS & LMS for construction finance has significantly improved the efficiency and accuracy of underwriting and servicing, leading to a more robust and streamlined construction loan portfolio.
- Digital customer servicing on WhatsApp has increased to 1 lakh (20%) requests per month (was 16% in FY24)
- IVR self-help usage is 14% (80k) of the overall call volume (was 10% in FY24)
- We have partnered with multiple service providers to work on alternate data models to enhance underwriting and fraud prevention efficiency. We have further focused to support the co-lending and partnership business with a micro services framework that can be suitably tapped onto for any new Partnerships with the complete Loan origination suite available as a service.
- Digital Vertical has further improved the underwriting process with additional fraud and KYC checks for our instant Personal Loan product – 'HIPL" which has now 7 MM installations with ~7k loans disbursed in FY24 Digital enabled business growth through multiple Partnerships.
- Hero FinCorp's technology strategy is to enable business strategy through a flexible, open yet secure platform, which promotes the usage of Artificial Intelligence led capabilities

in simplifying the experience of our customers. Along with the technical capabilities and technology advancement the organization also ensures security of customer data.

- Hero FinCorp has a robust IT governance structure in place & the organization ensures compliance to RBI master direction for NBFC, IT Act and other applicable regulations. We are also ISO 27001:2022 certified, which is a global standard for Information security management system.

- We take pride in well-secured Infrastructure with state of the art networking (Next Generation Firewalls (NGFW), Application Load Balancer (ALB), Link Load Balancer (ILL) P2P, MPLS, VPN/ SSL Connectivity, End User Assets (DLP, Proxy, EDR, ISE, MDM), Hybrid hosting (On-prem Data Center & Clouds), Secure monthly patching (Operating System & third party applications), Email Security, Engineered Boxes for databases, Cloud Access Security Broker (CASB), Video conferencing (Teams & Zoom Room), BCP, DR , Cyber resiliency (CR) site, Web Application Firewall (WAF) & Cyber Geo-Fence is in place to restrict malicious & repeated offender traffic and also protect from cyber-attacks like DDoS, SQL Injection, Cross site scripting etc.

- Further, Information Security remains a strategic pillar driving operational resilience and safeguarding customer trust. We have adopted a proactive, automation first strategy to enhance cyber resilience and regulatory compliances. Major achievements included the integration of Security Orchestration, Automation and Response (SOAR) platforms to streamline incident response, a centralized vulnerability management framework reducing remediation timelines, and robust black box testing to fortify public facing digital assets. Initiatives in Privileged Identity Management, Brand Protection, Employee Awareness, and Application Security significantly elevated cyber defense posture, while maintaining full compliance with RBI, ISO 27001:2022, regulatory and emerging DPDPA guidelines. We have strengthen governance and secure business innovation across platforms.

RISK MANAGEMENT

Risk management is a fundamental component of our business strategy which enables resilience against various risks associated with our lending operations and the broader operating environment. It is deeply embedded in our daily transactions and decision-making processes. Our approach integrates robust governance structures at both segment and enterprise levels, fostering a strong risk culture. This culture is designed to align risk and return considerations, providing the management with comprehensive insights into potential risks and their impact on business continuity and profitability.

The global economic landscape in FY 2025 remains marked by persistent inflationary pressures, monetary policy tightening, geopolitical uncertainties, and financial market volatility. In FY 2025, the global economic environment faced significant headwinds due to geopolitical tensions and the US-led trade disruptions. These developments led to heightened volatility in global markets, capital outflows from emerging economies, and depreciation pressures on the Indian Rupee. Meanwhile, inflation remained sticky in several economies, prompting prolonged monetary tightening by central banks.

Amongst the global headwinds, Indian economy demonstrated resilience, supported by robust domestic demand, moderating inflation, and continued government focus on infrastructure-led growth. Headline inflation eased below the RBI's 4% target, while GDP growth was estimated at around 6.5% by RBI, driven by private consumption and strong services sector performance. However, external challenges-such as global trade disruptions, capital flow volatility, and geopolitical tensions-posed intermittent risks. The financial system remained stable, although selective stress in unsecured retail and MSME segments warranted closer regulatory and risk oversight.

In FY 2025, the BFSI sector-particularly NBFCs with exposure to the microfinance (MFI), unsecured personal loans, and retail credit segments-experienced significant asset quality stress, also

highlighted in the RBI's Financial Stability Report. MFI sector witnessed a sharp deterioration, with portfolio-at-risk rising significant and the proportion of borrowers with four or more concurrent loans increased indicating widespread overleveraging. Additionally, average ticket sizes surged by 43%, heightening credit concentration risk. In the unsecured retail segment, aggressive loan growth led to elevated delinquencies and prompted the RBI to temporarily increase risk weights to 125–150% on unsecured loans and credit card receivables-forcing lenders to recalibrate their portfolios and capital deployment. Consequently, credit costs rose steeply compressing margins and returns on assets. These developments underscored the importance of strengthening risk management systems, tightening borrower exposure norms, and reinforcing early warning and collection mechanisms across the sector.

Amidst these challenges, Hero FinCorp continued its journey of strengthening its risk management framework by identifying, measuring, monitoring and reporting risks in the Company and at the same time, upgrading and repositioning risk management – by bringing in vision, understanding, clarity and agility in running the risk management practices in the Company. These measures have positioned the Company to respond swiftly to external shocks, maintain financial resilience, and sustain growth in an increasingly unpredictable macroeconomic landscape. In FY2025, Hero FinCorp focussed on adopting digital transformation for customer sourcing by revamping loan journeys and embedded AI/ML in its underwriting & collections models. Company also took a leap towards moving to a digital Collections infrastructure from traditional ways by introducing alternative means of repayments to its customers.

The Risk Management Department (RMD) in Hero Fincorp is based on the 'Three lines of Defence' model. These three lines serve as the founding pillars upon which our risk governance model is built and sets out the key roles of three major functions in our Company:

First Line of Defence - Implementation Pillar: Our business units form the first line of defence. Frontline teams and operational managers have primary accountability for identifying, assessing and managing the various operational and compliance risks relating to our business and for implementing corrective actions to address process and control deficiencies.

Second Line of Defence – Identification, Monitoring and Control Pillar: The second line of defence comprises risk management and compliance functions that operate independently from the management and personnel who originate and manage risk exposures. This line coordinates, oversees and objectively challenges the management and execution of business and operations, whilst keeping in mind the risk and control framework.

Third Line of Defence– Independent Assurance Pillar: the third line of defence is the audit function of our internal audit department, which is independent of both business and risk functions and performs independent evaluations and assessments of the first two lines of defence. This pillar relies on the review procedure conducted by the other two lines of defence and uses the results to assess and develop an audit approach that combines various assurance practices that are in place. This approach promotes convergence between various monitoring, evaluation and assessment procedures, and aims to reduce inefficiencies in time, cost and effort.

Our risk management framework, which is enforced and monitored through our three line-of-defence model, focuses on the following key areas: (i) credit risk management, (ii) fraud prevention, (iii) digitisation, automation and cybersecurity:

Credit Risk Management: focused on our profile-based underwriting capabilities, automated scorecards, risk mitigated partnership models, credit policy monitoring, portfolio monitoring, early warning systems, independent model validations, our risk appetite limits and expected credit loss forecasting. Our credit policy monitoring entails regular updates to our credit policies based on learnings from our portfolio and prevailing market trends to maintain the quality of our portfolio thereby curbing losses. Further, we also monitor our portfolio and sourcing trends in real time in order to pre-empt any early trends and take corrective action.

Fraud prevention: focused on utilising our experienced team of fraud risk professionals to detect and curb our fraud risks. We have robust fraud prevention controls including screening and sampling across all our products, monitor our sourcing quality and policy adherence, detect

mystery shopping, conduct invisible monitoring, recognise fraud detection patterns, implement an enhanced enterprise level de-dupe functionality, monitor activities of DSAs, sales managers and third-party distributors to detect any triggers of attempted fraud, harness digital KYC for fraud prevention and conduct contact point verification. We also carry out industry level database checks to identify customers with reported default or high risk histories and any past suspicious activities.

Digitisation, automation and cybersecurity: focused on all our digitised processes and our scorecard driven underwriting capabilities. This also governs the risk management of our digitized collection channels and our alternate data-based underwriting capabilities leveraging third party support.

The company has implemented Internal Capital Adequacy Assessment (ICAAP) process in line with regulatory guidelines issued under Scale-based-Regulatory-Framework for NBFCs. Objective of ICAAP exercise is to have a process to identify and measure all the risks applicable to the NBFC and review overall capital adequacy in relation to its risk profile and have a strategy for maintaining capital levels. To complete the ICAAP assessment exercise, company undertakes a comprehensive exercise of materiality assessment of risks which are potentially material to its business model. ICAAP under Pillar 1 covers the core risks i.e. Credit risk and Operational risk. To measure the requirement of additional capital under Pillar-2, company undertakes quantitative and qualitative assessment of each of possible risks e.g. Liquidity Risk, Market Risk, Compliance risk, Strategic risk, Reputation risk, IT risk, Model risk etc. that it could face. Company carries out the ICAAP exercise annually and present it to the Board for deliberations on additional capital charge requirement Pillar-1 and Pillar-2 and effective capital planning.

Company's Board maintains oversight on the implementation of Risk Management Framework through Risk Management Committee (RMC), which assists Board in setting-up and monitoring of risk management principles and policies, strategies, risk appetite limits and risk mitigation controls. Under the overall ambit of Corporate Governance, the Company has in place a Risk Management policy along with other risk related policies. Risk Management Committee reviews the overall portfolio quality, macro-economic scenario and it's impact on Company, emerging trends in various products/segments, compliance to Risk Appetite limits, Estimated Credit Loss (ECL), ICAAP and Collection/Recovery related updates amongst other metrices at least on a quarterly basis.

The Company operates with an effective Risk Management Framework to actively manage all the material risks faced e.g. Credit, Operational, Liquidity, Information Security, Compliance risk etc., in a manner consistent with our risk appetite.

Credit Risk

Credit risk is the risk of loss resulting from the failure of a borrower to honour its financial or contractual obligations to the Company. Credit risk arises in Company's direct lending operations where borrowers have repayment obligations to Company. The Company has established policies, procedures and systems for managing Credit risk. HFCL's robust underwriting process and vigilance on portfolio quality have ensured that risk at an overall level is within the defined corridor thresholds. The Company measures, monitors and manages credit risk at an individual borrower level, group exposure level for corporate borrowers and portfolio level for retail borrowers. The Company has a structured and standardized credit approval process, which includes a well-established procedure of comprehensive credit appraisal. Credit quality is monitored and losses from defaults are minimised by setting credit parameters and monitoring exposures against approved limits. Company has a clearly laid out Risk Appetite Framework to limit the Concentration Risk on Single/Group Borrowers, Industry and Sensitive sector exposures. The Company has robust Early Warning System in place to detect the incipient stress in its portfolio and take proactive measures to minimize credit losses.

Operational Risk

Operational Risk comprises of risk of loss due to losses arising from failure of internal systems, process and personnel or external events. Operational Risk is inherent in all financial products,

services, activities, processes, and systems. Managing operational risk is becoming an important feature of sound risk management practices in modern financial markets in the wake of phenomenal increase in the volume of transactions, high degree of structural changes and complex support systems.

The Company has set-up a robust Operational Risk Management Framework which enables identification of risks and put in place appropriate controls to mitigate or minimize the risk It also provides a holistic overview to the Board about Operational Resilience and create a feedback loop that fosters perpetual embedding of lessons learned into Company's preparation for operational disruptions and its performance during actual occurrence of disruptions.

Compliance Risk

Compliance risk is 'the risk of legal, statutory or regulatory sanctions, material financial loss or loss of reputation the Company may suffer, as a result of its failure to comply with laws, regulations, rules and codes of conduct, etc., applicable to its activities. The Company ensures an independent Compliance Function, a strong Compliance Risk Management Program and the appointment of a functionally independent Chief Compliance Officer. The Company also ensures compliance not only with the various regulatory guidelines issued from time to time by RBI, SEBI, and other regulators, but also with statutory, secretarial, and other guidelines.

Liquidity Risk

Liquidity risk arises due to the unavailability of adequate amount of funds at an appropriate cost and tenure. We may face an asset-liability mismatch caused by a difference in the maturity profile of our assets and liabilities. This risk may arise from the unexpected increase in the cost of funding an asset portfolio at the appropriate maturity and the risk of being unable to liquidate a position in a timely manner and at a reasonable price. We monitor liquidity risk through our Asset Liability Management Committee.

Monitoring liquidity risk involves categorizing all assets and liabilities into different maturity profiles and evaluating them for any mismatches in any particular maturities, particularly in the short-term. We actively monitor our liquidity position to ensure that we can meet all borrower and lender-related funding requirements. We also engage in forward-looking mobilisation based on projected disbursements and maturing obligations.

Our treasury department secures funds from multiple sources, including banks, financial institutions and capital markets and is responsible for diversifying our capital sources, managing interest rate risks and maintaining strong relationships with banks, financial institutions, mutual funds, insurance companies, the NHB, other domestic and foreign financial institutions and rating agencies. We continuously seek to diversify our sources of funding to facilitate flexibility in meeting our funding requirements.

Interest Rate Risk

Interest rate risk is the exposure of our financial conditions to adverse movements in interest rates. Interest rate risk can pose a significant threat to earnings and capital base. Fluctuations in interest rates can occur due to both internal and external factors. Internal factors include composition of assets and liabilities, maturity profile, pricing of borrowings and fixed and floating nature of assets and liabilities. External factors include macroeconomic developments, competitive pressures, regulatory developments, and global factors. Interest rate risk arises from mismatches in re-pricing of interest rate sensitive assets, rate sensitive liabilities and rate sensitive off-balance sheet items. We are subject to interest rate risk [primarily as we lend to customers at rates and for maturity periods that may differ from our funding sources. Interest rates are highly sensitive to many factors beyond our control, including the monetary policies of the RBI, deregulation of the financial sector in India, domestic and international economic and political conditions, inflation and other factors.

In order to manage interest rate risk, we seek to optimize our borrowing profile between short-term and long-term loans. We adopt funding strategies to ensure diversified resource-raising options to minimize cost and maximize stability of funds. Assets and liabilities are categorized into

various time buckets based on their maturities and our Asset Liability Management Committee prepares an interest rate sensitivity report periodically for assessment of interest rate risks.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a well-defined and effective internal controls system in place which match the scale of its' operations and the complexity of the sector it works in. Such stringent and detailed controls lead to effective and productive use of resources ensuring that the Company's assets and interests are safe-guarded, transactions are duly approved, recorded, and properly reported, and checks and balances guarantee reliability and consistency of accounting data.

Internal Controls System is also subjected to regular Internal Audits to evaluate the adequacy and operating effectiveness of internal controls with additional focus on assessing opportunities for improvement in business processes, systems and controls and provide recommendations for adding value to the organization. Stringent follow-up is done for the implementation of corrective actions and improvements in business processes which is periodically reviewed by the Audit Committee.

INTERNAL AUDIT

The Internal Audit Department of the Company functions independently with direct reporting to the Audit Committee of the Board. Subject matter expertise of professional firms of Chartered Accountants is utilised as per requirement. Concurrent audit is also performed for larger sample sizes to provide additional assurance. Independence of the audit and compliance is ensured by direct reporting of Internal Auditors to the Audit Committee of the Board. Risk based approach and systematic methodology is followed to define and execute annual internal audit plan. The audit approach includes periodic evaluation of regulatory, operational, system and market risks so that controls are strengthened to address future uncertainties.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES

Embracing Agile Ways of Working (AWOW) at Hero FinCorp:

At Hero Fincorp, our people are rooted with the core guiding principles- united in action and values, play to win, own the outcome, and have the confidence in making things happen.

These principles drive a culture of accountability and collaboration. "Own the Outcome" emphasizes collective decision-making and alignment with leadership. "In sync with Businesses - Play to Win" ensures efforts tie back to overall business goals. "Do It –Move It-Make it Happen" promotes enthusiasm across all business aspects. "United in Actions" underscores adaptability and collaboration, with priorities adjusted regularly. These principles collectively foster success through a cohesive and agile approach. All this is based on the most important principle – United in Values which helps the company to have a common value system, social impact, responsible lending, high ethical standards, etc.

We see challenges as opportunities and are excited by the possibilities they offer which makes our Heroes more agile in their ways of working.

Hero FinCorp has embraced Agile Ways of Working (AWOW), which has created an environment where employees feel valued and supported in achieving personal and organizational goals. Adopting an agile approach is crucial for Hero FinCorp to prioritize creativity, innovation, and adaptability, driving sustainable growth. Agile enables faster decisions, enhances accountability, promotes collaboration, nurtures development, and reduces bureaucratic barriers, keeping Hero FinCorp ahead in the dynamic business landscape.

This AWOW platform truly serves as a medium through which employees maximize their true potential to 'make a difference'.

Constantly driving towards a better future: Our HERO PARIVAR family has grown from the last year. also the people strength has grown has increased by 17.5% from the last year. We

strongly believe that our people are at the heart of our strategy. We are always on a lookout for new avenues of personnel growth and to provide a platform for our people on new ways of working.

With these growing numbers, there were few interventions/transformations that has helped us in being stable yet agile.

Performance Management System

HFCL recognizes its People as the most important Asset and believes in supporting employee's duties done in the best interest of the organization and compensating appropriately. The Rewards Philosophy is aligned with the credible performance management process.

Pay for Performance culture has been incorporated in Performance Management philosophy and execution

a) Employees' Performance Rating is completely based on the goal achievement, with the department & organization rating as an overriding factor to provide them with the added incentive of company and department performance.

b) All promotions cases are determined by role change and role expansion and are assessed independently with external vendor assessments.

c) All progressions cases are decided in terms of their relevant career growth in the organization.

Keeping Employee wellbeing (social, physical and mental) as the top-most priority

- "Heroes Instaconnect" -Hi5 App-Engagement at the fingertips for employees across the organization
- Employee Engagement and collaboration drives any organization forward and HFCL has taken steps to promote the same. Our Hi5 app ensures all this and more.
- Hi5, Hero FinCorp's Digital Engagement framework with the aim to enable social collaboration & engagement, bring Innovation at forefront through the Idea Box and enable speed by helping each of us be more connected and engaged through real time recognition, pulse surveys and grievance redressal.
- Hero Fitness League focusing on physical wellness saw a number of Heroes participate in activities such as Stepathon, Cycling and Running.
- Unique benefits are provided to all Heroes to meet their social wellbeing in terms of employee loan by policy providing salary advance and contingency loans are available to meet unforeseen exigencies. Personal Loans are provided to the employees at a lower rate than what Hero FinCorp lends in the market. Relocation benefits in place for new employees as well as existing employees who are transferred for business reasons.
- **Employee Assistance Program:** Holistic Wellness is one of the pivotal aspects of employee care and this year too, we have stayed highly invested in it giving equal focus to not only physical wellness but also mental wellness.

  a) We continue our journey in providing the benefit of the much-needed Employee Assistance Program in partnership with the industry EAP offering leader – 1to1help.com. Keeping in mind the importance of mental health and employee welfare, we started the quarter with organizing EAP refresher sessions across all the zones – North, South, East, West and all People Managers. This is a unique counselling service helps in providing support to all our employees as they meet life's many challenges.

  b) In partnership with our EAP partner 1to1help, various sessions were organised on digital detox and meditation week which saw great participation by our heroes participating from across the country.

Careers to Succeed: Build vs Buy.

- **Udaan** – Success happens when Talent meets opportunity. With this mindset, we launched one of its kind programs called Udaan. This is an industry disruptive practice where one hundred Sales Executives who were contractual staffs were given the opportunity to take the seat as on roll employees of the organization. The opportunity was presented to the top performing Field Sales team who had a significant vintage with the organization and further with a rigorous assessment process they were absorbed as on roll Sales Executives. Not only, this is a one of its kind initiatives this is also a forward-thinking approach to build a pipeline for future Managers of the organization maintaining a good mix of build vs buy.

- Career Progressions through **RISE** (Internal Mobility Program) and role elevations including off roll to on roll conversions have further strengthened our talent actions to assess and recognize capability while providing them more responsibilities and job enrichment. Our Internal Mobility Program – RISE helps in planning for the right people in the right roles at the right time. And as roles become available, we seek to identify talent internally, providing an opportunity for our employees to grow and build their careers. Detailed screening is ensured through pre-defined eligibility parameters such as Performance, Tenure, MPS, Disciplinary proceedings, Assessments, Panel Interview & Nepotism.

- Enable **merit-based Talent Mobility** through IJPs: This program enables our people with the opportunity of mobility across functions or roles and supports horizontal and diagonal movements.

Diversifying our Talent Pool:

- **Next Gen Program** – The MT Bootcamp is new MTs directly interact with Leaders during a healthy interaction. Our Campus program specially curated provides a comprehensive onboarding journey meant to help the Management Trainees integrate with the organization successfully. A detailed engagement plan of 12 months is designed to engage, onboard, and develop our workforce. The plan also includes a comprehensive development plan for the MTs to upskill and to help them hit the road running.

- **Tech Center** - To ensure organizational readiness, the Talent Acquisition team has partnered with the business towards hiring for niche skills and for enabling the setup and staffing of our new Tech Center. Our continued focus on hiring / retention and upskilling continued relentlessly through the year.

- All these interventions have not only helped in building organization capacity with less turnaround time but also given the opportunity to diversify the talent pool.

Empowering every Indian's dream of Upward Mobility:

At Hero FinCorp, we believe that every individual can make a difference, if given the right platform to reach their full potential. We further give credence to the fact that there is a Hero within all of us and we can together achieve the purpose of the organization – ***"Empowering every Indian's dream of Upward Mobility"***. With a strong belief that upskilling, and development are the key aspects essential for an exponential growth of any organisation, we have created some path-breaking records in the world of NBFCs and our competition.

- **Ivy League:** In the endeavour to build future leaders, to fill key positions and build a pipeline of qualified leaders, HFCL has an award-winning Hi-Po development program called "Ivy League". This is a 12-month developmental journey to groom the league members both professionally and personally. Selected employees undergo a structured Assessment Centre to qualify at two levels, 'Manager Ready and 'Talent People Leader' for employees at various levels. This program also offers international exposure in terms of industry visit & learning sessions in association with one of the premium B-school university in London. Upon successful completion of the program, an IVYite has the opportunity of becoming a part of the CEO circle where they will act as a think tank for the MD & CEO and can run strategic cross functional projects.

- **GROW:** Enabling Managers build a trusting team & ecosystem:

  GROW which aims to build Managerial Effectiveness Program focuses on building a 'High Trust-High Performance' culture within their immediate teams. The program design for First Time Managers and Experienced Managers offers customised learning journeys. It is instrumental in reinforcing and leveraging organizational practices that managers can use to enhance engagement in his/her team. The GROW intervention helps in understanding four key action areas that contribute to creating a great workplace: Speaking, Listening, Developing and Thanking.

- **CEO Tank:** Our other interventions like the CEO Tank that helps in identifying and nurturing individuals for expanded roles has enhanced the organization's agility and capability.

Propelling Digital Mindset:

- **PRIDE** (mandatory) modules in Vernacular languages: Another remarkable feat that we have achieved, like no other organisation, is the ongoing PRIDE modules in eleven vernacular languages. There cannot be a better example of implementation of Innovation and Speed at the same time. To facilitate learning for all staff across the length and breadth of the country, we have facilitated trainings on the PRIDE modules in 10 vernacular languages thereby enabling 100% compliance across all staff.

- **Conflict of Interest disclosures**: Last year we have automated the COI Disclosures for all employees. We also made the COI disclosure available in eleven vernacular languages.

- **Paperless onboarding**: New Joiner On-Boarding portal – In continuation to create a WOW new joiner digital experience and keeping our core value of 'Innovation & Speed' in mind, we utilize 'Employee On-Boarding' portal. The tool helps us to digitize the process of hiring and on-boarding of new joiners end-to-end thus removing the need for physical joiner kits and contributing to environment by saving paper. This tool enables a time saving effort of almost 94% in comparison to manual processes.

- **E-Learning Modules**: The adoption of self-paced digital learning propelled learning massively as the platform itself has generated 27810 Learning Hours.

Creating TRUST and TRANSPARENCY - constant partnering with business:

- 1:1 meeting - These forums are a reliable source of seeking insights form the employees and ground sensing, thereby providing support for them to perform well.

- Fresh-eye sessions - for the new joiners where to understand their settling in experience or supporting them with goal setting.

- Town Halls - members of our senior management address their respective departments on key organisational updates followed by a Q & A session with the employees. The employee concerns raised during these Town Halls are then actioned suitably. Such Town Halls reinforce that the employee feedback is valued at Hero FinCorp and their views do not go unheard.

- Policy clinics, led by HR, are meetings around discussion of policies and practices are conducted in partnership with business. Inputs from the policy clinics are then actioned to ensure people safety & well-being.

- Skip Level conversations - which helps in felicitating discussion on Performance, Well-being, and Development between teams. This forum gives an opportunity to raise concerns and seek support from managers for career development and relevant opportunities to gain experience thus ensuring an approachable mindset in the organization.

- Dealership visits – our HR business partnering teams takes this platform as a great opportunity to meet more than 8000+ employees deputed at multiple locations for sharing their concern and voice their opinion.

- **Working Together Survey** – We ensure that we find a way of assessing the camaraderie amongst the functions and capture the internal Voice of Customer. It is only when we put the experience of people together, each bringing their unique knowledge and skills, that businesses flourish. With Agility in mind, we utilise this program to understand the cross departmental collaboration and working togetherness aspect of each department with a scientific approach in collaboration with great people managers as our partners. This annual program enhances cross functional performance and coordination.

Safe and fair environment:

a) **Ethics Committee:** a committee is constituted by the Company/Audit Committee for receiving Disclosures/Reports/Complaints ("Disclosure/s") from Whistle Blowers, making inquiries and/or investigation on the Disclosures and recommending its findings/appropriate action to the Audit.

b) **Whistleblower Policy:** This policy is intended to provide a mechanism for reporting genuine concerns or grievances and ensure that deviations from the Company's Business Conduct Manual and Values are dealt with in a fair and unbiased manner.

c) **Vigil Mechanism:** The Company has framed and adopted a "Vigil Mechanism" to enable directors and employees to report genuine concerns about unethical behaviour, actual or suspected fraud, or violation of Code of Conduct. The objective of this mechanism is to maintain a redressal system, which can process all complaints concerning questionable accounting practices, internal controls, or fraudulent reporting of financial information.

d) **POSH (Prevention of Sexual Harassment at Workplace)**: A dedicated Internal Complaint Committee has been formed to address any workplace harassment cases. A dedicated email id has been created to deal with any Sexual Harassment related grievance which is displayed along with the ICC members list. All our offices are compliant from a safety standard protocol.

Thanking & Celebrating

Given the distributed nature of our workforce, it is imperative that we involve ALL in any and every way possible. As we believe in the culture of Hero Parivar, we believe in including everyone in all the organization events.

Whether it is Recognition or Celebrations, we not only cover ALL but also involve them in designing such events. Through our GARV recognition - Going an Extra Mile & Creating Excellence Award covers our third-party staff members and employees respectively. These tools help us recognize performance, values, and positive behaviour

Rewards & Accolades:

Our commitment to make HFCL a great place to work roots from our basic tenets that run in our organizational DNA, our values, and guiding principles.

Continued focus on striving for Excellence in HR: Our undeterred hard work and keen focus on employee wellbeing has led us to get certified as a Great Place to Work for the 7th time in a row as well as feature among the Top 25 BFSIs to work for once again.

Further, the HR team were recognized by Confederation of Indian Industry recognized for Significant Achievement in the HR Excellence award category. It was perhaps the summation of the Employee Experience that we have created in the organization along with the strategic business partner role the HR team plays on a day-to-day basis.

SWOT ANALYSIS

Strengths

- Strong Brand Name (Hero);
- PAN India presence of network;
- A well-defined and scalable organizational structure based on product, territory and process knowledge;
- Experienced and stable senior management team;
- Cost of borrowing being one of the lowest in the industry;
- Consistent financial track record with rapid growth in AUMs;
- Strong relationships with public, private as well as foreign banks, institutions and investors; and
- Strong brand pedigree and successful track record

Weaknesses

- Business and growth directly linked with the GDP growth of the country; and
- Retail portfolios also likely to come under stress

Opportunities

- Large untapped market, both rural and urban and also geographically;
- Huge opportunity to finance as more and more customers are likely to go for Technology upgradation;
- On boarding customers on technology platform and effectively used for extending credit on their working capital needs and also for enhancing our digital footprint on recovery.
- NBFCs have opportunity to provide financing solutions to MSMEs, which have traditionally struggled to access credit from banks.

Threats

- Inadequate availability of bank finance and upsurge in borrowing cost;
- Competition from captive finance companies, small banks etc.
- External risks associated with liquidity stress, political uncertainties, fiscal slippage concerns, etc.
- Regulatory and compliance-related changes in the sector affecting NBFCs

OUTLOOK

In FY 2024-25, the fundamentals of the country's economy remained resilient despite the challenges felt by the global economy. India is further expected to witness a growth between 6.3% - 6.8% in FY 2025-26. However, the momentum of economic activity & opportunities of growth has remained intact despite the aforesaid challenges. The economic growth will be driven by triggered domestic consumption, favourable Government policies including fiscal & monetary policy focusing on liquidity , control on Inflation & Interest rate pressures, Global factors leading to international demand & increase in public & private investment.

The Company combined with strong parentage, liquidity and vivid business strategy is well equipped to take on opportunities across all line of businesses. Economic recovery and increased consumption will lead to rise in credit demand from across the spectrum of customers and will drive growth.

HFCL is responsive to the changing landscape in the financial services industry. It is confidently poised to overcome the new challenges and sustain its performance in a challenging environment.

ANNEXURE - B

REPORT ON CORPORATE GOVERNANCE

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

The Company recognizes its role as a corporate citizen and endeavors to adopt the best practices and the highest standards of corporate governance through transparency in business ethics, accountability to its customers, investors, regulators and other stakeholders. The Company's history is a story of growth powered by ideas and values. Our business has always been driven by a sense of purpose and the belief that businesses must have purpose beyond profit. We continue to believe that the only way a business will succeed is by making a positive contribution to addressing the challenges the world faces. The Company's activities are carried out in accordance with good corporate practices and the Company is constantly striving to better these practices by adopting best practices.

The Company believes that governance practices enable the Management to direct and control the affairs of the Company in an efficient manner and to achieve the Company's goal of maximizing value for all its stakeholders. The Company will continue to focus its resources, strengths and strategies to achieve its vision, while upholding the core values of transparency, integrity, honesty and accountability. As a part of the Hero Group, the Company has a strong legacy of fair, transparent and ethical governance practices.

The Corporate Governance philosophy is further strengthened with the adherence to the Company's Code of Conduct, which articulates the values, ethics and business principles and serves as a guide to the Company, its directors and employees, supplemented with an appropriate mechanism to report any concern pertaining to non-adherence to the code. In addition, the Company has adopted a Vigil Mechanism, a Fair Practices Code, a Policy against Sexual Harassment at the Workplace, a Fit and Proper Policy for ascertaining the fit and proper criteria of the directors at the time of appointment and on a continuing basis, a Code of Conduct for Independent Directors, Internal Guidelines on Corporate Governance, Anti-Bribery and Anti-Corruption Policy and Whistleblower Policy.

The Corporate Governance Code adopted by the Board acts as a comprehensive framework within which the Company, Board of Directors ('the Board'), Statutory Board Committees may effectively operate for the benefit of its varied stakeholders. The Board is responsible for and committed to sound principles of Corporate Governance in the Company. The Board plays a crucial role in overseeing how the management serves the short and long-term interests of shareholders and other stakeholders. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed and independent Board. We keep our governance practices under continuous review and benchmark ourselves to best practices across the globe.

Corporate Governance is about meeting our strategic goals responsibly and transparently, while being accountable to our stakeholders. It is an interplay between people, processes, performance and purpose. At Hero FinCorp Limited ("the Company"), we feel proud to belong to a Company whose visionary founders laid the foundation stone for good governance long back and made it an integral principle of the business, as demonstrated in the words above.

The Company's philosophy on corporate governance oversees business strategies and ensures fiscal accountability, ethical corporate behavior and fairness to all stakeholders comprising regulators, employees, customers, vendors, investors and the society at large.

Strong leadership and effective corporate governance practices have been the Company's hallmark inherited from the HERO culture and ethos.

The Company is always committed towards achieving the highest standards of Corporate Governance by staying true to its core values:

- Customer First
- Transparency
- Integrity
- Professionalism

The Company continually works towards implementing robust, resilient and best-in-class corporate practices in every facet of its operations, and in all spheres of its activities, thereby generating higher returns and maximizing shareholder value.

The Board of Directors ('the Board') are responsible for and committed to sound principles of Corporate Governance in the Company. The Board plays a crucial role in overseeing how the management serves the short and long-term interests of shareholders and other stakeholders. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed and independent Board. We keep our governance practices under continuous review and benchmark ourselves to best practices across the country.

BOARD OF DIRECTORS

At Hero FinCorp, The Board of Directors and its Committees play a significant role in upholding and furthering the principles of good governance which translates into ethical business practices, transparency and accountability in creating long-term stakeholder value. The Board is committed to protect the long-term interests of all Company's stakeholders, and considering this, it provides objective and prudent guidance to the management. The Board has ultimate responsibility for the management, general affairs, direction, performance and long-term success of business as a whole. To ensure the effective functioning of the Company, the Board has delegated the operational conduct of the business to the Whole-time Director and Managing Director & Chief Executive Officer of the Company.

COMPOSITION OF THE BOARD

The Board of your Company comprises highly experienced persons of repute, eminence and has a good and diverse mix of Executive and Non-Executive Directors. The composition of the Board is in conformity with the applicable provisions of Companies Act, 2013 ("the Act"), Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and RBI Scale Based Regulations, as amended from time to time.

As on date of this Annual Report, the Board consists of Ten Directors comprising Two Executive Directors, Three Non-Executive Directors and Five Non-Executive Independent Directors including Two Non-Executive Independent Women Director.

The composition of the Board represents an optimal mix of professionalism, knowledge and experience and enables the Board to discharge its responsibilities and provide effective leadership to the business. The Board as part of its succession planning exercise, periodically reviews its composition to ensure that the same is closely aligned with the strategy and long term needs of the Company.

BOARD LEVEL COMMITTEES

(i) AUDIT COMMITTEE

Pursuant to the Companies Act, SEBI Listing Regulations and RBI Regulations, the Company has constituted an Audit Committee. All members are non–executive directors. Members of the Committee are considered financially literate and are deemed to have necessary accounting or financial management related expertise in terms of SEBI Listing Regulations. During the period under review, the Audit Committee was reconstituted by the Board on June 27, 2024. Pursuant to the provisions of Section 177 of the Companies Act, 2013 (the Act) and Regulation 18/62F of SEBI Listing Regulations, the Audit Committee of the Company comprises of four directors viz., Mr. Kaushik Dutta, Mr. Pradeep Dinodia, Mr. Paramdeep Singh and Mr. Amar Raj Singh Bindra, two third of them are Independent Director. Mr. Kaushik Dutta, an Independent Director, is the Chairperson of the Audit Committee.

During the financial year under review, the Audit Committee reviewed the internal controls put in place to ensure that the accounts of your Company are properly maintained and that the accounting transactions are in accordance with prevailing laws and regulations. In conducting such reviews, the Committee found no material discrepancy or weakness in the internal control system of your Company. The Committee has also reviewed the procedures laid down by your Company for assessing and managing the risks. The Committee regularly interacts with the statutory auditors, internal auditors and auditees in dealing with matters falling within its terms of reference.

The Board reviews the working of the Committee from time to time to bring about greater effectiveness and to ensure compliance with the various requirements under the Act, SEBI Listing Regulations and RBI Regulations.

Meeting, Composition and Attendance

During the year under review, the Audit Committee met 8 (Eight) times, i.e. on May 03, 2024, May 29, 2024, July 29, 2024, August 06, 2024, October 24, 2024, January 21, 2025, January 29, 2025 and March 26, 2025 respectively.

The composition of the Audit Committee as on date of this Report and the attendance details of meetings during FY 2024-25 is, given below:

** Mr. Kaushik Dutta was appointed as Chairperson of the Audit committee w.e.f June 27, 2024*
 # Mr. Abhimanyu Munjal ceased to be member of the Audit Committee w.e.f. June 27, 2024.
N.A. – Not Applicable since not part of Committee

NOTES:

The composition of the Audit Committee is in line with the provisions of Companies Act, 2013, RBI Scale Based Regulations and SEBI Listing regulations, as applicable. All the Members have the ability to read and understand the financial statements and have relevant finance and / or audit experience.

Mr. Kaushik Dutta was present at the Annual General Meeting of the Company held on August 21, 2024, to answer the shareholders' queries, if any.

The Board has accepted all the recommendations made by the Audit Committee during the year.

The Managing Director & CEO and Chief Financial Officer of the Company and representatives of the Internal Auditors and the Statutory Auditors also attended the Committee meetings upon invitation by the Chairperson.

The Company Secretary acts as the secretary to the Audit Committee.

Terms of reference

The Board has adopted an Audit committee Charter which defines the composition of the Audit Committee, its authority, role, responsibilities and powers and reporting functions in accordance with the Act and SEBI Listing Regulations and Guidelines issued by the Reserve Bank of India ("RBI").

The responsibilities of the Audit Committee, inter alia, include:

- oversight of Company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible;
- recommendation for appointment, re-appointment and replacement, remuneration and terms of appointment of auditors, including the internal auditor, cost auditor and statutory auditor, of the Company and the fixation of audit fee;
- approval of payment to statutory auditors for any other services rendered by the statutory auditors;
- reviewing, with the management, the annual financial statements and auditor's report thereon before submission to the board for approval, with particular reference to:
    (i) matters required to be included in the director's responsibility statement to be included in the board's report in terms of clause (c) of sub-section (3) of Section 134 of the Companies Act, 2013;
    (ii) changes, if any, in accounting policies and practices and reasons for the same;
    (iii) major accounting entries involving estimates based on the exercise of judgment by management;
    (iv) significant adjustments made in the financial statements arising out of audit findings;
    (v) compliance with listing and other legal requirements relating to financial statements;
    (vi) disclosure of any related party transactions;
    (vii) modified opinion(s) in the draft audit report;
- reviewing, with the management, the quarterly financial statements before submission to the board for approval;
- reviewing, with the management, the statement of uses / application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilized for purposes other than those stated in the offer document / prospectus / notice and the report submitted by the monitoring agency monitoring the utilisation of proceeds of a public issue or rights issue, and making appropriate recommendations to the board to take up steps in this matter;
- reviewing and monitoring the auditor's independence and performance, and effectiveness of audit process;
- formulating a policy on related party transactions, which shall include materiality of related party transactions;
- reviewing, at least on a quarterly basis, the details of related party transaction entered into by the Company pursuant to each of the omnibus approvals given; approval or any subsequent material modification of transactions of the Company with related parties and omnibus approval for related party transactions proposed to be entered into by the Company subject to such conditions as may be prescribed. Provided that only those members of the committee, who are independent directors, shall approve related party transactions;

- scrutiny of inter-corporate loans and investments;
- valuation of undertakings or assets of the Company, wherever it is necessary;
- evaluation of internal financial controls and risk management systems;
- reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems;
- reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;
- ensuring that an information system audit of the internal systems and processes is conducted at least once in a year to assess operational risks faced by the Company;
- discussion with internal auditors of any significant findings and follow up thereon;
- reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board;
- discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;
- to look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;
- to review the functioning of the whistle blower mechanism;
- approval of appointment of chief financial officer after assessing the qualifications, experience and background, etc. of the candidate;
- carrying out any other function as is mentioned in the terms of reference of the audit committee;
- reviewing the utilization of loans and/ or advances from/investment by the holding company in the subsidiary exceeding ₹100 crore or 10% of the asset size of the subsidiary, whichever is lower including existing loans / advances / investments existing as on the date of coming into force of this provision; and
- consider and comment on rationale, cost-benefits and impact of schemes involving merger, demerger, amalgamation etc., on the Company and its shareholders.
- carrying out any other functions and roles as provided under the Companies Act, the SEBI Listing Regulations, SEBI ICDR Regulations, each as amended and other applicable laws or by any regulatory authority and performing such other functions as may be necessary or appropriate for the performance of its duties; and
- to carry out such other functions as may be specifically referred to the Audit Committee by the Board and/or other committees of directors of the Company.
- The Audit Committee shall mandatorily review the following information:
    - anagement discussion and analysis of financial condition and results of operations;
    - management letters / letters of internal control weaknesses issued by the statutory auditors;
    - internal audit reports relating to internal control weaknesses; and
    - the appointment, removal and terms of remuneration of the chief internal auditor shall be subject to review by the audit committee.

- statement of deviations:

  a) quarterly statement of deviation(s) including report of monitoring agency, if applicable, submitted to stock exchange(s) in terms of Regulation 32(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

  b) annual statement of funds utilized for purposes other than those stated in the offer document/prospectus/notice in terms of Regulation 32(7) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

- Quarterly statement of variation for public issue, rights issue and preferential issue indicating category wise variation (capital expenditure, sales and marketing, working capital etc.) between projected utilisation of funds and the actual utilisation of funds, before the submission to stock exchange(s);

- To review the financial statements, in particular, the investments made by any unlisted subsidiary; and

- Such information as may be prescribed under the Companies Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

(ii) RISK MANAGEMENT COMMITTEE

The Company's governance structure has well-defined roles and responsibilities, which enable and empower the Management to identify, assess and leverage business opportunities and manage risks effectively. There is also a comprehensive framework for strategic planning, implementation and performance monitoring of the business plan, which inter alia includes a well-structured Business Risk Management process.

Mr. Abhimanyu Munjal, Managing Director & CEO, is the chairperson of the Risk Management Committee (RMC) of the Board. RMC assist the Board in its oversight of various risks, review of compliance with risk policies, monitoring of risk tolerance limits, review and analyse the risk exposures related to specific issues and provides oversight of risk across the organization. Effective risk management is integral to Hero FinCorp's operations and is embedded in its day-to-day business transactions and activities. The framework in place seeks to identify, prioritise, mitigate, monitor and appropriately report any significant threat to the organisation's strategic objectives, its reputation, operational continuity, environment, compliance, and the health and safety of its employees

Meeting, Composition and Attendance

During the year under review, the Risk Management Committee met 4 (Four) times, i.e. on May 02, 2024, August 05 2024, October 23, 2024 and January 28, 2025 respectively.

The composition of the Risk Management Committee as on date of this Report and the attendance details of meetings during FY 2024-25 is, given below:

Mr. Abhimanyu Munjal* (Chairperson)	4	4	√	√	√	√
Mr. Pradeep Dinodia#	4	4	√	√	√	√
Mr. Amar Raj Singh Bindra	4	4	√	√	√	√
Mr. Sanjay Kukreja	4	4	√	√	√	√

** Mr. Abhimanyu Munjal was appointed as Chairperson of the Risk Management Committee w.e.f. June 27, 2024.*

 # Mr. Pradeep Dinodia stepped down from the position of Chairperson of the Risk Management Committee w.e.f. June 27, 2024.

NOTES:

The composition of the Risk Management Committee is in line with the provisions of RBI Scale Based Regulations and SEBI Listing regulations, as applicable.

Terms of reference

The responsibilities of the Risk Management Committee, inter alia, include to oversee:

- To formulate a detailed risk management policy which shall include:

  (a) A framework for identification of internal and external risks specifically faced by the Company, in particular including financial, operational, sectoral, sustainability (particularly, ESG related risks), information, cyber security risks or any other risk as may be determined by the Committee.

  (b) Measures for risk mitigation including systems and processes for internal control of identified risks.

  (c) Business continuity plan.

- To ensure that appropriate methodology, processes and systems are in place to monitor and evaluate risks associated with the business of the Company
- To monitor and oversee implementation of the risk management policy, including evaluating the adequacy of risk management systems;
- To periodically review the risk management policy, at least once in two years, including by considering the changing industry dynamics and evolving complexity;
- To keep the board of directors informed about the nature and content of its discussions, recommendations and actions to be taken;
- The appointment, removal and terms of remuneration of the Chief Risk Officer (if any) shall be subject to review by the Risk Management Committee;
- To coordinate its activities with other committees, in instances where there is any overlap with activities of such committees, as per the framework laid down by the board of directors;
- To evaluate the overall risks faced by the Company including liquidity risk and shall report to the board of the Company; and
- Any other similar or other functions as may be laid down by Board from time to time and/or as may be required under applicable law, as and when amended from time to time, including the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

(iii) NOMINATION & REMUNERATION COMMITTEE

Pursuant to the Act, SEBI Listing Regulations and RBI Regulations, the Company has constituted a Nomination and Remuneration Committee ('NRC').

The terms of reference of the Committee are in accordance with the Act, SEBI Listing Regulations and RBI Regulations. These broadly include formulation of criteria for determining qualifications, positive attributes and independence of a director, recommendation of persons to be appointed to the Board and Senior Management and specifying the manner for effective evaluation of performance of Board, its Committees, Chairperson and individual directors, recommendation of Remuneration Policy for directors, key managerial personnel and other employees, formulation of criteria for evaluation of performance of independent directors and the Board, devising a

policy on Board diversity and such other matters as may be prescribed by the Act, SEBI Listing Regulations and RBI Regulations.

Meeting, Composition and Attendance

During the year under review, the Nomination & Remuneration Committee met 3 (Three) time i.e. on May 03 2024, June 27 2024, and October 24 2024 respectively.

The composition of the Nomination & Remuneration Committee as on date of this Report and the attendance details of meetings during FY 2024-25 is, given below:

Name of Member	Held during the Tenure	Total Attended	May 03, 2024	June 27, 2024	October 24, 2024
Mr. Paramdeep Singh (Chairperson)	3	3	√	√	√
Dr. Pawan Munjal	3	2	√	√	×
Mr. Pradeep Dinodia*	2	2	√	√	N.A

** Mr. Pradeep Dinodia ceased to be member of the Nomination & Remuneration Committee w.e.f. June 27, 2024*

 # Ms. Anuranjita Kumar was appointed as member of the Nomination & Remuneration Committee w.e.f. June 27, 2024

N.A – Not Applicable since not part of Committee

NOTES:

Mr. Paramdeep Singh was present at the Annual General Meeting of the Company held on August 21, 2024, to answer the shareholders' queries, if any.

Terms of reference

The responsibilities of the Nomination & Remuneration Committee, inter alia, include to oversee:

- formulation of the criteria for determining qualifications, positive attributes and independence of a director and recommend to the board of directors of the Company (the "Board" or "Board of Directors") a policy relating to the remuneration of the directors, key managerial personnel and other employees ("Remuneration Policy"). The Nomination and Remuneration Committee, while formulating the Remuneration Policy, should ensure that:

  (i) the level and composition of remuneration be reasonable and sufficient to attract, retain and motivate directors of the quality required to run our Company successfully;

  (ii) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and

  (iii) remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

- formulation of criteria for evaluation of performance of independent directors and the Board;

- to coordinate with the Risk Management Committee (RMC) for effective alignment between compensation and risks.

- for every appointment of an independent director, the Nomination and Remuneration Committee shall evaluate the balance of skills, knowledge and experience on the Board and on the basis of such evaluation, prepare a description of the role and capabilities required

of an independent director. The person recommended to the Board for appointment as an independent director shall have the capabilities identified in such description. For the purpose of identifying suitable candidates, the Committee may:

(i) use the services of an external agencies, if required;

(ii) consider candidates from a wide range of backgrounds, having due regard to diversity; and

(iii) consider the time commitments of the candidates.

(iv) devising a policy on Board diversity;

- identifying persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, and recommend to the Board their appointment and removal and carrying out evaluation of every director's performance (including independent director);
- whether to extend or continue the term of appointment of the independent director, on the basis of the report of performance evaluation of independent directors;
- recommend to the Board, all remuneration, in whatever form, payable to senior management;
- Perform such functions as are required to be performed by the compensation committee under the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021, if applicable.
- carrying out any other activities as may be delegated by the Board of Directors and functions required to be carried out by the Nomination and Remuneration Committee as provided under the Companies Act, 2013, the SEBI Listing Regulations or any other applicable law, as and when amended from time to time.

REMUNERATION POLICY

The remuneration paid to the Executive Director(s) is approved by the Nomination & Remuneration Committee and endorsed by the Board subject to the approval of the shareholders at the general meeting and such other authorities, as may be required from time to time. At the Board Meeting, only the Non-Executive Directors participate in the business pertaining to the approval of the remuneration to be paid to the Executive Director. The remuneration is fixed considering various factors such as qualification, experience, prevailing remuneration in the industry and the current financial position of the Company.

The Non-Executive Directors of the Company are paid sitting fees of ₹1,00,000 for attending each meeting of the Board and Committees of the Board, other than the meeting of Committee of Directors. The Non-Executive Directors are also entitled to remuneration by way of commission aggregating upto 1% of net profits of the Company pursuant to the provisions of Sections 197 and 198 of the Act in addition to the sitting fees.

 # Mr. Anurag Agarwal shall cease from his position w.e.f. June 30, 2025 (end of business hours).

INDEPENDENT DIRECTORS

The Companies Act, 2013 define an 'independent director' as a person who is not a promoter or employee or one of the key managerial personnel of the company or its subsidiaries. Further, the person should not have a material pecuniary relationship or transactions with the company or its subsidiaries, during the two immediately preceding financial years or during the current financial year, apart from receiving remuneration as an independent director.

We abide by these definitions of independent director and based on the disclosures received from all the independent directors and in the opinion of the Board, the independent directors fulfill the conditions specified in the Companies Act, 2013.

Considering the requirement of skill sets on the Board, eminent people having an independent standing in their respective field / profession and who can effectively contribute to the Company's business and policy decisions are considered by the Nomination and Remuneration Committee, for appointment, as an Independent Director on the Board. The Committee inter alia considers qualification, positive attributes, area of expertise and number of Directorship(s) and Membership(s) held in various committees of other companies and determining Directors' independence. The Board considers the Committee's recommendation and takes appropriate decision.

The Independent Directors have confirmed that they meet the criteria of independence laid down under Section 149(6) read with Schedule IV of the Act and Regulation 16(1)(b) of the Listing Regulations and that they are not aware of any circumstance or situation, which exist or may be reasonably anticipated, that could impair or impact their ability to discharge their duties with an objective independent judgment and without any external influence. The Board of Directors have taken on record the declaration and confirmation submitted by the independent directors after undertaking due assessment of the veracity of the same and is of the opinion that they fulfil the conditions specified in the Act and the Listing Regulations and that they are independent of the management.

MEETING OF INDEPENDENT DIRECTORS

Schedule IV of the Companies Act, 2013 and the Rules made thereunder mandate that the independent directors of the Company shall hold at least One meeting in a year, without the

attendance of non-independent directors and members of the Management. At such meetings, Independent Directors inter alia discuss the issues arising out of Committee meetings and Board discussion including the quality, quantity and timely flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties and performance of the executive members of the Board, including the Chairperson. During the year, the independent directors met without the presence of the Management.

SEPARATE MEETING OF THE INDEPENDENT DIRECTORS

During the reporting financial year, a separate meeting of the Independent Directors of the Company, was held on May 03, 2024, the following items as enumerated under Schedule IV to the Companies Act, 2013 were discussed:

- Review of performance of Non-Independent Directors and the Board as a whole;
- Review of performance of the Chairperson of the Company, taking into account the views of Executive Directors and Non-Executive Directors;
- Assessment of the quality and timeliness of flow of information between the Company management and the Board, that is necessary for the Board to effectively and reasonably perform their duties and
- Discussion on Independent Director Familiarization Programme.

DIRECTORS' INDUCTION AND FAMILIARISATION

The Independent Director Familiarisation Programme comprises the following:

- Induction Programme for Independent Directors;
- Immersion sessions on business and functional issues; and
- Strategy sessions.

All Independent Directors on their appointment are taken through a detailed induction and familiarisation programme when they join the Board of your Company. The induction programme is an exhaustive one that covers the history, culture and background of the Company and its growth over the last several decades, various milestones in the Company's existence since its incorporation, the present structure and an overview of the businesses and functions. The programme also covers the Company's Compass Commitments.

During the year, no Independent Director has resigned from their position.

Details of the familiarisation programme for the Independent Directors are available on the Company's website at https://www.herofincorp.com/investor-relations/disclosures-under-regulation-62-of-the-sebi-lodr/statutory-compliances.

PERFORMANCE EVALUATION CRITERIA FOR THE BOARD OF DIRECTORS

In terms of the requirement of the Act and the Listing Regulations, an annual performance evaluation of the Board is undertaken where the Board formally assesses its own performance with the aim to improve the effectiveness of the Board and Committees. The Board along with the Nomination and Remuneration Committee has laid down the criteria of performance evaluation of the Board, its Committees and Individual Directors.

For Directors, evaluation is carried out based on the criteria viz.

- the considerations which led to the selection of the Directors on the Board and the delivery against the same;
- contribution made to the Board/Committees;

- attendance at the Board/Committee Meetings;
- impact on the performance of the Board/Committees;
- instances of sharing best and next practices, engaging with top management team of the Company and
- participation in Strategy Board Meetings, etc.

PECUNIARY RELATIONSHIP

There is no pecuniary relationship or transaction of the Non-Executive Directors vis-à-vis the Company, apart from the sitting fees and commission, if any, received by them for attending the meetings of the Board and Committee(s) thereof.

DISCLOSURES

RELATED PARTY TRANSACTIONS

In terms of Section 188(1) of the Companies Act, 2013, all related party transactions entered into by the Company during FY 2024-25 were duly approved by the Audit Committee. No approval of the Board was required as all the transactions were on arm's length basis and in the ordinary course of business. Disclosure of related party transactions as required under Indian Accounting Standard 24 (Ind AS-24) were, however, disclosed to the Board.

The transactions with the Related Parties are on arm's length basis and in the ordinary course of business of the Company and do not have any potential conflict with the interests of the Company at large.

ACCOUNTING TREATMENT IN PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) notified under Section 133 of Companies Act, 2013 (the 'Act') and other relevant provisions of the Act and Master Direction – Reserve Bank of India (Non-Banking Financial Company –Scale Based Regulation) Directions, 2023. Further, the Company has complied with all the directions related to Implementation of Indian Accounting Standards prescribed for Non-Banking Financial Companies (NBFCs) in accordance with the RBI notification no. RBI/2019-20/170 DOR NBFC). CC.PD.No.109/22.10.106/2019-20 dated March 13, 2020.

QUOTE FOLIO NO. / DP ID NO.:

Shareholders/Beneficial Owners are requested to quote their Folio Nos./DP ID Nos., as the case may be, in all correspondence with the Company.

Shareholders are also requested to quote their Email IDs, Contact/Fax numbers (landline/ cell phone) for prompt reply to their correspondence.

TRANSFER OF UNCLAIMED SHARES TO INVESTOR EDUCATION AND PROTECTION FUND

Pursuant to the provisions of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules 2016 (the 'Rules') notified by the Ministry of Corporate Affairs effective September 7, 2016, as amended, all shares in respect of which dividend has remained unclaimed by the shareholders for seven consecutive years or more are required to be transferred to the Investor Education and Protection Fund (IEPF).

During the year, notices were sent to the concerned shareholders whose shares were liable to be transferred to IEPF/Suspense Account under the said Rules for taking appropriate action and full details of such shareholders and shares due for transfer to IEPF Authority/Suspense Account have also been uploaded on Company's website at link https://www.herofincorp.com/investor-relations/unclaimed-unpaid-dividend.

An option to claim from IEPF Authority, all unpaid/unclaimed dividends or other amounts and the unclaimed shares transferred to IEPF, is available to members. Members may make their claim by following the due procedure for refund as prescribed under the said rules. Details of refund process are also available on website of the Company at https://www.herofincorp.com/investor-relations/unclaimed-unpaid-dividend.

Details of dividends remaining unpaid/unclaimed have been duly uploaded on the website of the Company at www.herofincorp.com and at the website of IEPF authority at www.iepf.gov.in.

VOTING THROUGH ELECTRONIC MEANS

In accordance with the Companies (Management and Administration) Rules, 2014 and MCA circulars, the Company will also provide e-voting facility for members attending the ensuing AGM through VC or OAVM. Membesr/Shareholders who are attending the AGM through VC or OAVM and who have not already cast their votes by remote e-voting shall be able to exercise their right of voting at the meeting. The cut-off date to determine the number of Membesr/Shareholders who are eligible to vote thereat, as per the said Rules, shall be July 22, 2025 and the remote e-voting shall be open for a period of 3 (Three) days, from July 25, 2025 (9.00 A.M. IST) till July 27, 2025 (5.00 P.M. IST) (both days inclusive).

Detailed procedure is given in the Notice of AGM and is also placed on the Company's website www.herofincorp.com

Shareholders may get in touch with the Company Secretary and Compliance Officer at investors@herofincorp.com for further assistance.

The Company has appointed Mr. Devesh Kumar Vasisht (CP No. 13700), Partner of M/s. DPV & Associates LLP, Practicing Company Secretaries, New Delhi as the Scrutinizer for scrutinizing the remote e-voting & e-voting process to ensure that the process is carried out in a fair and transparent manner.

FORM NO. MR-3
SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2025

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members
Hero FinCorp Limited
CIN U74899DL1991PLC046774
34, Community Center, Basant Lok, Vasant Vihar,
New Delhi - 110057

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practices by **M/S. Hero Fincorp Limited** (hereinafter called the **"Company"**). Secretarial Audit was conducted in a manner that provided us with a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2025 ("Audit Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed with Regulatory Authorities, and other records maintained by the Company for the financial year ended on 31st March 2025 according to the provisions of:

i) The Companies Act, 2013 (the "Act") and the rules made there under.

ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under.

iii) The Depositories Act, 1996 and the Regulations and Byelaws framed there under.

iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings.

v) The Following regulations and guidelines prescribed under the Securities and Exchange Board of India Act, 1992: -

1. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (Not Applicable to the Company during the period under review)

2. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 as amended to date.

3. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended from time to time.

4. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; (Not Applicable to the Company during the period under review)

5. The Securities and Exchange Board of India (Issue and Listing of Non-convertible Securities) Regulations, 2021.

6. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client.

7. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 (Not Applicable to the Company during the period under review); and

8. The Securities and Exchange Board of India (Buy back of Securities) Regulations, 2018. (Not Applicable to the Company during the period under review)

9. The Securities and Exchange Board of India (Listing Obligations and Disclosure requirements) 2015.

(vi) The Company is a Non-banking Finance Company-Middle Layer and a High Value Debt Listed entity, registered under the Reserve Bank of India Act, 1934. The rules regulations & directions issued by the RBI from time to time are specifically applicable to the company. The company is primarily engaged in providing financing activities of various kinds of personal, SMEs & corporate loans, etc. We have reviewed the compliances on test check basis and the compliances of the applicable laws placed in the meetings of the Board, we are of the view that the Company has adequate systems to ensure the compliances of the Laws specifically applicable to it.

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India and report that the Company generally complied with the same regarding the Board of Directors, their committees, and the meetings of the shareholders of the Company.

We further report that The Board of Directors of the Company is duly constituted with proper balance of Executive Director(s), Non-executive Directors, Independent Directors, and Woman Director(s). The changes in the composition, if any, of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance (except where the consent was obtained to place the same at shorter notice) and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meetings.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be, and the abstain notes, if any, due to conflict of interest or otherwise have been duly recorded in the Minutes Book.

We further Report that the Company has Seven major events during the year under review as follows:

i) The company has raised funds through the issue of NCD's on Private Placement and Commercial papers on regular basis during the period under review to maintain the capital adequacy ratio;

ii) The company has conducted 2 Postal Ballots during the year under review and has complied with the provisions relating to passing of the business through postal ballots in compliance with the provisions of section 110 of the Act and the rules made thereunder;

iii) The Company has increased its Authorized Share Capital during the year under review from Rs. 2300 Crores to Rs. 3300 crores by Addition of 1,00,000 Redeemable Non-convertible Preference Shares of Rs. 1,00,000/- each.

iv) The Company has allotted 1,06,085 equity shares against the ESOPs granted to the employees of the Company under the Company's ESOP scheme during the year.

v) The Company has filed Draft Red Herring Prospectus (DRHP) for making Public Issue of shares for which the approval of the Regulator was awaited at the end of the financial year.

vi) The Company has made alterations to the Articles of Association in due compliance of the Companies Act 2013.

vii) Changes in the management of the Company have been carried out during the year by re-designating of Mr. Abhimanyu Munjal, Mrs. Renu Munjal & Mr Pradeep Dinodia. Also Mr. Kaushik Dutta & Ms. Aparna Popat Ved were appointed as Independent Director of the Company.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with sector specific applicable laws, rules, regulations, and guidelines.

ANNEXURE - F

RELATED PARTY TRANSACTIONS POLICY

1. Introduction

Hero FinCorp Ltd. (hereinafter referred to as HFCL or the company) recognizes that Related Party Transactions can present potential or actual conflicts of interest and may raise questions about whether such transactions are consistent with the Company and its shareholders' best interests and in compliance to the provisions of the Companies Act, 2013, Securities and Exchange Board of India (Listing Obligations and Disclosures Requirement) Regulations, 2015.

The Board of Directors of the Company has adopted the following policy and procedures with regard to materiality of Related Party Transactions and also ondealing with them as defined below.

The objective of this policy is to regulate transactions between the Company and its Related Parties based on the Companies Act 2013, Securities and Exchange Board of India (Listing Obligations and Disclosures Requirement) Regulations, 2015 and other laws and regulations applicable to the Company.

2. Definitions

These definitions should be read together with the definitions contained in SEBI (Listing Obligation and Disclosure Requirement) Regulations, 2015, and Companies Act, 2013 and if there is any divergence in the definitions mentioned herein then the definitions contained in the regulations and act shall prevail.

"Act" means the Companies Act, 2013

"Audit Committee" means the Committee of the Board formed under Section 177 of the Act.

"Arm's length transaction" means a transaction between two related parties that is conducted as if they were unrelated, so that there is no conflict of interest

"Company" means Hero FinCorp Limited.

"Designated Securities means specified securities, non-convertible debt securities, non-convertible redeemable preference shares, perpetual debt instrument, perpetual non-cumulative preference shares, Indian depository receipts, securitised debt instruments, security receipts, units issued by mutual funds and any other securities as may be specified by the Board.

"Director" means a person as defined in Section 2(34) of the Companies Act, 2013.

"Half Year" means the period of six months commencing on the first day of April or October of a financial year.

"High Value Debt Listed Entities" means a listed entity which has listed its non-convertible debt securities and has an outstanding value of listed non-convertible debt securities of INR 500 Crore and more

"Key Managerial Personnel" shall mean the officers/ employees of the Company as defined in Section 2(51) of the Companies Act, 2013.

"Listed Entity" means an entity which has listed, on a recognised stock exchange(s), the designated securities issued by it or designated securities issued under schemes managed by it, in accordance with the listing agreement entered into between the entity and the recognised stock exchange(s).

"Material modifications" means any modifications to the material related party transactions which were approved by the Audit Committee or Shareholders during the year which will change the complete nature of the transaction and in case of monetary thresholds which is in excess of 10% of the originally approved transaction, in case of exigencies only.

"Material Related Party Transaction" means a transaction entered individually or taken together with previous transactions during a financial year value of which exceeds INR 1,000 Crores or 10% of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity, whichever is lower as per the last audited financial statements of the Company.

"Material Subsidiary" means a subsidiary, whose income or net worth exceeds 10% of the consolidated income or net worth respectively, of the listed entity and its subsidiaries in the immediately preceding accounting year.

"Non-Convertible Debt Securities" means 'debt securities' as defined under the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021.

"Ordinary course of business" means the usual transactions, customs and practices undertaken by the Company to conduct its business operations and activities and includes all such activities which the company can undertake as per Memorandum & Articles of Association.

"Promoter" means the person/ entity as defined in regulation 2(oo) of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 or a person as defined in section 2(69) of the Companies Act, 2013.

"Promoter Group" means the person/ entity as defined in regulation 2(pp) of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018.

"Regulations" means Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

"Relative" with reference to a Director or KMP means the person as defined in Section 2(77) of the Act and rules prescribed thereunder.

"Related Party" means an individual, entity, firm, body corporate or person as definedin Section 2(76) of the Act and regulation 2(zb) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time.

"Related party transaction" means any transactions as given under clause (a) to (g) of section 188(1) of the Act or transfer of resources, services or obligations between**:**

a. a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand; or

b. a listed entity or any of its subsidiaries on one hand, and any other person or entity on the other hand, the purpose and effect of which is to benefit a related party of the listed entity or any of its subsidiaries, with effect from April 1, 2023;

regardless of whether a price is charged and a "transaction" with a related party shall be construed to include a single transaction or a group of transactions in a contract.

Following shall not be considered as related party transaction:

a. the issue of specified securities on a preferential basis, subject to compliance of the requirements under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

b. the following corporate actions by the listed entity which are uniformly applicable/ offered to all shareholders in proportion to their shareholding:

i. payment of dividend;

ii. subdivision or consolidation of securities;

iii. issuance of securities by way of a rights issue or a bonus issue; and

iv. buy-back of securities.

c. acceptance of fixed deposits.

Any other term not defined herein shall have the same meaning as defined in the Companies Act, 2013 or in SEBI (LODR) Regulations, 2015 or such other regulations as applicable from time to time.

3. Applicability

This policy shall be applicable on all related party transactions entered into by and between Hero FinCorp Limited and its related parties and shall come into effect from the 01st day of April, 2022

4. Review and approval of Related Party Transactions

Every Related Party Transaction shall be subject to the prior approval of the Audit Committee. Further, members of the audit committee who are Independent Director shall approve related party transaction and member of the Audit Committee who has a potential interest in any Related Party Transaction shall abstain from discussion and voting on the approval of such transaction.

The approval policy framework is given below:

a. Audit Committee approval: Prior approval of audit committee is required for the following related party transactions:

- Where Company is a party;
- Where subsidiary of the Company is a party but the Company is not a party, if the value of such transaction whether entered into individually or taken together with previous transactions during a financial year exceeds ten per cent of the annual consolidated turnover, as per the last audited financial statements of the Company;
- With effect from April 1, 2023, where subsidiary of the Company is a party but the Company is not a party, if the value of such transaction whether entered into individually or taken together with previous transactions during a financial year, exceeds ten per cent of the annual standalone turnover, as per the last audited financial statements of the subsidiary;
- Transaction of the Company and/ or its subsidiaries with unrelated parties, the purpose and effect of which is to benefit the Related parties of the Company or any of its subsidiaries.

b. Board approval: Following transaction shall require approval/ of the Board:

- In case any Related Party Transactions as referred to the Board for its approval due to the transaction being (i) not in the ordinary course of business, or (ii) not at an arm's length price, such transactions shall be affected only with prior approval of the Board of Directors of the Company, on recommendation of Audit Committee.
- Material Related Party Transactions not in ordinary course or not on an arm's length basis shall require prior approval of the board.

c. Shareholders' approval: Following transaction shall require approval of the shareholders:

- All material related party transactions whether in ordinary course of business and/ or arm's length basis or not shall require approval of the shareholders and the related parties shall abstain from voting on such resolutions irrespective of whether the entity is a party to the particular transaction or not;
- All transactions exceeding the threshold limit as specified in section 188 of the Act;

5. Procedure for omnibus approval of Related Party Transactions

Audit committee may grant omnibus approval for related party transactions proposed to be entered into by the company in accordance with rule 6A of the Companies (Meetings of Board and its Powers) Rules, 2014 and subject to the following conditions:

a. Audit committee shall review the following for granting approval to the proposed related party transaction.

i. Type, material terms and particulars of the proposed transaction;

ii. Name of the related party and its relationship with the listed entity or its subsidiary, including nature of its concern or interest (financial or otherwise);

iii. Tenure of the proposed transaction (particular tenure shall be specified);

iv. Value of the proposed transaction;

v. The percentage of the listed entity's annual consolidated turnover, for the immediately preceding financial year, that is represented by the value of the proposed transaction (and for a RPT involving a subsidiary, such percentage calculated on the basis of the subsidiary's annual turnover on a standalone basis shall be additionally provided);

vi. If the transaction relates to any loans, inter-corporate deposits, advances or investments made or given by the listed entity or its subsidiary:

vi-a) details of the source of funds in connection with the proposed transaction;

vi-b) where any financial indebtedness is incurred to make or give loans, inter-corporate deposits, advances or investments,

- nature of indebtedness;
- cost of funds; and
- tenure;

vi-c) applicable terms, including covenants, tenure, interest rate and repayment schedule, whether secured or unsecured; if secured, the nature of security; and

vi-d) the purpose for which the funds will be utilized by the ultimate beneficiary of such funds pursuant to the RPT.

vii. Justification as to why the RPT is in the interest of the listed entity;

viii. A copy of the valuation or other external party report, if any such report has been relied upon;

ix. Percentage of the counter-party's annual consolidated turnover that is represented by the value of the proposed RPT on a voluntary basis;;

b. On the basis of the above information, Committee shall satisfy itself regarding the need for such omnibus approval and that such approval is in the interest of the listed entity;

c. Omnibus approval resolution shall specify the following: -

i. the name(s) of the related party, nature of transaction, period of transaction, maximum amount of transactions that shall be entered into;

ii. the indicative base price / current contracted price and the formula for variation in the price if any; and

Further, where the need for related party transaction cannot be foreseen and aforesaid details are not available, audit committee may grant omnibus approval for such transactions subject to their value not exceeding INR 1 crore per transaction.

d. Audit committee shall review, at least on a quarterly basis, the details of related party transactions entered into by the listed entity pursuant to each of the omnibus approvals given.

e. Such omnibus approvals shall be valid for a period not exceeding one year and shall require fresh approvals after the expiry of one year:

6. Information to be provided to Audit Committee for approval of Related party transactions

Audit Committee shall approve the related party transaction on the basis of receipt of information as mentioned in point 5(a) of this policy.

7. Information to be provided to Shareholders for approval of Related party transactions

The notice being sent to the shareholders seeking approval for any proposed RPT shall, in addition to the requirements under the Companies Act, 2013, includes the following information as a part of the explanatory statement:

a. Summary of the information provided by the management of the listed entity to the audit committee as specified in point 5(a) of this policy;

b. Justification for why the proposed transaction is in the interest of the listed entity;

c. Where the transaction relates to any loans, inter-corporate deposits, advances or investments made or given by the listed entity or its subsidiary, the details specified under point 6(a) of this policy; (The requirement of disclosing source of funds and cost of funds shall not be applicable on the company.)

d. A statement that the valuation or other external report, if any, relied upon by the listed entity in relation to the proposed transaction will be made available through the registered email address of the shareholders;

e. Percentage of the counter-party's annual consolidated turnover that is represented by the value of the proposed RPT, on a voluntary basis;

8. Reporting of Related party transactions

a. Disclosure in Annual Report: Company shall make the disclosure of related party in its annual report in compliance with the Accounting Standard further company shall make the disclosure of transactions entered into with any person or entity belonging to the promoter/ promoter group which holds 10% or more shareholding in the listed entity in the format prescribed in the relevant accounting standards for annual results.

b. Disclosure in Corporate Governance Report: Company shall make the disclosure of its materially significant related party transactions in its Corporate Governance report.

c. Disclosure to the regulator: Company shall submit to the stock exchanges disclosures of the related party transactions in the format specified by SEBI on the day of disclosure of financial statement to the SEBI.

d. Website Disclosure: Company shall publish the disclosure of related party transactions furnished to SEBI on its website.

9. Review of the Policy

The Policy shall be reviewed on an annual basis pursuant to any regulatory amendment or for any reason as deemed appropriate by the Board of the company.

ANNEXURE - G

NOMINATION AND REMUNERATION POLICY

I. PREAMBLE

Pursuant to Section 178 of the Companies Act, 2013 (the Act) and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Regulations'), the Board of Directors is required to constitute the Nomination and Remuneration Committee. The Company has already constituted Nomination & Remuneration Committee.

Nomination and Remuneration Policy herein is formulated in compliance with Section 178 of the Companies Act, 2013 read along with the applicable rules thereto, Regulation 19 read with Part D of Schedule II of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and RBI Scale Based Regulation (SBR): A Revised Regulatory Framework for NBFCs.

The Nomination & Remuneration Committee determines and recommends to the Board the compensation payable to Directors. Remuneration for the Executive Directors, Key Managerial Personnel(s) (KMPs) and Senior Management Personnel(s) shall consist of a fixed component and a variable component linked to the long term vision, medium term goals and annual business plans.

The company had set-up a Remuneration Committee on April 18, 2005 to review and recommend the quantum and payment of annual salary and commission and finalize service agreements and other employment conditions of the Executive Directors. The Committee takes into consideration the best remuneration practices being followed in the industry while fixing appropriate remuneration packages. As per the guidelines of Companies Act, 2013, the committee has been renamed as the Nomination and Remuneration Committee ("Committee").

Section 178 of the Act provides that the Committee shall recommend to the Board a policy, relating to the remuneration for the Directors, Key Managerial Personnel and other employees, further the Committee shall also formulate the criteria for determining qualifications, positive attributes and independence of a director.

II. OBJECTIVE

The Key Objectives of the Committee would be:

a) To guide the Board in relation to appointment and removal of Directors, Key Managerial Personnel and Senior Management.

b) To evaluate the performance of the members of the Board and provide necessary report to the Board for further evaluation.

c) To recommend to the Board on Remuneration payable to the Directors, Key Managerial Personnel and Senior Management.

III. DEFINITIONS

- **"Board of Directors"** or **"Board"**, in relation to a company, means the collective body of the Directors of the company;

- The expression **"senior management"** means personnel of the company who are

- (i) Members of the Core Management Team other than the Board of Directors including Functional Heads,,

- (ii) Reporting to the Board, including those who are heads of Control, Assurance and Vigilance functions. This would include all members of management one level below the executive directors.
- "Company" means **"Hero FinCorp Limited."**
- "CTC" means cost that occurs to the company in a year on each employee.
- "Independent Director" means a director referred to in Section 149 (6) of the Companies Act, 2013.
- "Key Managerial Personnel" (KMP) means
  - (i) Chief Executive Officer or the Managing Director or the Manager,
  - (ii) Company Secretary,
  - (iii) Whole-time Director,
  - (iv) Chief Financial Officer and
  - (v) Such other officer as may be prescribed.
- "Nomination and Remuneration Committee" shall mean a Committee of Board of Directors of the Company, constituted in accordance with the provisions of Section 178 of the Companies Act, 2013.
- "Policy or This Policy" means, "Nomination and Remuneration Policy."
- "Remuneration" means any money or its equivalent given or passed to any person for services rendered by him and includes perquisites as defined under the Income-tax Act, 1961.

IV. INTERPRETATION

Terms that have not been defined in this Policy shall have the same meaning assigned to them in the Companies Act, 2013, as amended from time to time.

V. GUIDING PRINCIPLES

The Policy ensures that

- The level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors of the quality required to run the Company successfully
- Relationship of remuneration to performance is clear and meets appropriate performance benchmarks and
- Aligning key executive and board remuneration with the longer term interests of the company and its shareholders;
- There is effective governance of Compensation and alignment of compensation practices with prudent risk taking.
- The Compensation practices are within the regulatory framework stipulated from time to time
- Minimize complexity and ensure transparency;
- Link to long term strategy as well as annual business performance of the company;
- Promotes a culture of meritocracy and is linked to key performance and business drivers; and
- Reflective of line expertise, market competitiveness so as to attract the best talent

VI. ROLE OF THE COMMITTEE

The role of the Committee inter alia will be the following:

1. To identify persons who are qualified to become directors, KMP and Officers and who may be appointed in senior management in accordance with the criteria laid down and to recommend to the Board their appointment and/ or removal. The appointment and / or removal of personnel in Senior management shall be reviewed by Jt. MD & CEO.

2. To carry out evaluation of every director's performance.

3. To formulate the criteria for determining qualifications, positive attributes and independence of a director, and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees.

4. To formulate the criteria for evaluation of Independent Directors and the Board.

5. To recommend/review remuneration of the Managing Director/Jt. Managing Director & CEO and Whole-time Director(s) based on their performance and defined assessment criteria.

6. To carry out any other function as is mandated by the Board from time to time and / or enforced by any statutory notification, amendment or modification, as may be applicable.

7. To perform such other functions as may be necessary or appropriate for the performance of its duties.

VII. MEMBERSHIP

a) The Committee shall comprise at least three (3) Directors, all of whom shall be non-executive Directors and at least half shall be Independent.

b) The Board shall reconstitute the Committee as and when required to comply with the provisions of the Companies Act, 2013 and applicable statutory requirement.

c) Membership of the Committee shall be disclosed in the Annual Report.

d) Term of the Committee shall be continued unless terminated by the Board of Directors.

VIII. CHAIRPERSON

a) Committee shall be chaired by an Independent Director.

b) Chairperson of the Company, if any, may be appointed as a member of the Committee but shall not Chair the Committee.

c) Members of the Committee present at the meeting shall choose one amongst them to act as Chairperson.

d) Chairperson of the Nomination and Remuneration Committee could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

IX. FREQUENCY OF MEETINGS

The meeting of the Committee shall be held at such regular intervals as may be required under the Act and SEBI Regulations

X. COMMITTEE MEMBERS' INTERESTS

a) A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.

b) The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

XI. VOTING

a) Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall for all purposes be deemed a decision of the Committee.

b) In the case of equality of votes, the Chairperson of the meeting will have a casting vote.

XII. APPOINTMENT AND REMOVAL OF DIRECTOR, KMP AND SENIOR MANAGEMENT

- **Appointment criteria and qualifications:**

1. The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director, KMP or at Senior Management level and recommend to the Board his / her appointment.

2. A person should possess adequate qualification, expertise and experience for the position he / she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person are sufficient / satisfactory for the concerned position.

3. The Company shall appoint/ re-appoint as Managing Director/Jt. Managing Director & CEO/Whole-time Director/Manager in Compliance with the provisions of the Companies Act, 2013, Guidelines issued by Reserve Bank of India, Listing Obligations and Disclosure Requirement issued by Securities & Exchange Board of India and other Regulatory Authorities from time to time. Provided that the term of the person holding this position may be extended beyond the age of seventy years with the approval of shareholders by passing a special resolution based on the explanatory statement annexed to the notice for such motion indicating the justification for extension of appointment beyond seventy years.

- **Term / Tenure:**

1. Managing Director/Jt. Managing Director& CEO/Whole-time Director/Manager (Managerial Person)

- The Company shall appoint or re-appoint any person as its Managerial Person for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of term.

2. Independent Director

- An Independent Director shall hold office for a term up to five consecutive years on the Board of the Company and will be eligible for reappointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.

- No Independent Director shall hold office for more than two consecutive terms, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director.

- **Evaluation:** The Committee shall carry out evaluation of performance of every Director, KMP and Senior Management at regular interval (yearly).
- **Removal:** Due to reasons for any disqualification mentioned in the Companies Act, 2013, rules made thereunder or under any other applicable Act, rules and regulations, the Committee may recommend, to the Board with reasons recorded in writing, removal of a Director, KMP or Senior Management subject to the provisions and compliance of the said Act, rules and regulations. The removal of personnel in Senior management shall be reviewed by Jt. MD & CEO.
- **Retirement:** The Director, KMP and Senior Management shall retire as per the applicable provisions of the Companies Act, 2013 and the prevailing policy of the Company. The Board will have the discretion to retain the Director, KMP, Senior Management in the same position / remuneration or otherwise even after attaining the retirement age, for the benefit of the Company.

XIII Remuneration paid to Executive Directors

- The remuneration paid to Executive Directors is recommended by the Nomination and Remuneration Committee and approved by the Board in the Board meeting, subject to the subsequent approval by the shareholders at the general meeting and such other authorities, as the case may be.
- At the Board meeting, only the Non-Executive and Independent Directors participate in approving the remuneration paid to the Executive Directors. The remuneration is arrived by considering various factors such as qualification, experience, expertise, prevailing remuneration in the industry and the financial position of the company. The elements of the remuneration and limits are pursuant to the clause 178, 197 and Section V of the Companies Act 2013.

Remuneration Policy Structure

The remuneration structure for the Executive Directors would include the following components:

(i) Basic Salary

- Provides for a fixed, per month, base level remuneration to reflect the scale and dynamics of business to be competitive in the external market.
- Are normally set in the home currency of the Executive Director and reviewed annually.
- Will be subject to an annual increase as per recommendations of the Nomination and Remuneration committee and approval of the Board of Directors.

(ii) Commission/ Incentives

- Executive Directors will be allowed remuneration, by way of commission which is in addition to the Basic Salary, Perquisites and any other Allowances, benefits and amenities.
- Subject to the condition that the amount of commission shall not exceed 5% of net profit of the company in a particular financial year in the manner referred in Section 197 & 198 of Companies Act 2013.
- The amount of commission shall be paid subject to recommendation of the Nomination and Remuneration committee and approval of the Board of Directors.
- In the event there are no profits or inadequate profits then an amount, in the form of Incentive Payment, as recommended by NR Committee and approved by the Board of Directors shall be paid to the Executive Directors and in compliance with regulatory provisions as applicable.

(iii) Perquisites and Allowances

A basket of Perquisites and Allowances would also form a part of the remuneration structure.

(iv) Contribution to Provident and Other funds

In addition to the above, the remuneration would also include:

- Contribution to Provident and Superannuation Funds
- Gratuity

XIV Remuneration payable to Non-Executive & Independent Directors

The Non-Executive Directors of the company would be paid sitting fees of INR 1,00,000 for each meeting of the Committees and Board.

The Non-Executive and/ or Independent Directors will also be entitled to remuneration by way of commission aggregating up to 1% of net profits of the Company pursuant to the provisions of Sections 197 and 198 of the Companies Act 2013 in addition to the sitting fees for attending the meetings of the Board and any Committee thereof

XV Remuneration Philosophy for Key managerial personnel, senior management & staff

The compensation for the Key managerial personnel, senior management and staff at Hero FinCorp would be guided by the external competitiveness and internal parity through annual benchmarking surveys.

The compensation will inter alia, include basic salary, allowances, perquisites, loans and / or advances as per relevant HR policies, retirement benefits, performance linked payout, benefits under welfare schemes, etc. besides long term incentives / ESOPS / RSUs / Performance Shares or such other means as maybe decided by the NRC,

To meet the organization objective of attracting, rewarding and retaining talent, compensation is delivered through a holistic composition of instruments as given below:

(a) Fixed Pay

(b) Performance based Variable Pay

(c) Non-cash Benefits

(d) Guaranteed / Committed / Discretionary bonus/Ex-gratia

Fixed Pay

Fixed Pay comprises of Basic Salary, Allowances, Retirals and other benefits each of which have a monetary ceiling.

Performance based Variable Pay:

Performance based Variable Pay shown as part of CTC in the service letter is an indicative amount considering 'On Target' performance across Company and Department / LOB and Individual performance. Actual payout towards the Annual Performance Based Variable Pay will be determined at the end of the Performance Year based on the eligibility criteria and performance measures as determined by the Company from time to time.

Non-cash benefits:

Additional rewards may be determined based on specific projects that Hero Fincorp may undertake towards given objectives. Achievement of such objectives may result in the team member(s) getting duly recognized and rewarded.

Guaranteed / Committed / Discretionary bonus / Ex-gratia :

Such bonuses are not consistent with the principles of meritocracy and the Company shall not encourage such payouts, limiting its usage to a case to case basis, where such

a payout is made for the purpose of retention / attraction for a fixed term not being part of CTC / Performance based Variable pay. However, in case of special circumstances the CHRO in consultation with Jt. Managing Director & CEO may consider and allow such payment.

XVI Performance Framework

In HFCL Meritocracy is the backbone of the performance and potential recognition framework. The Performance Management and pay Policy revolves around the Four 'P' approach:

- People
- Position
- Performance
- Potential

All employees of Hero FinCorp will be subject to annual performance review as per approved performance management process of the Company. Meritocracy will be promoted by ensuring rigorous performance differentiation.

Internally, performance ratings of all Hero FinCorp Employees would be spread across a normal distribution curve. The employees will be rated on the basis of achievements of these goals and also a defined competency framework as modified from time to time. The frequency of the review and weightages of these depend on the level within the organization as determined by the management from time to time.

The rating obtained by an employee will be used as an input to determine compensation decisions. Compensation given as pay or rewards can also be determined based on identified skill sets critical to success of Hero FinCorp. It is determined as per management's review of market demand and supply. Performance based Variable pay is calculated using a combination of individual performance, department performance and organizational performance. Company holds Grade wise differentiation in the ratio of performance based variable pay and fixed pay upholding risk and reward.

For the reason of a specific job role (such as driver, runner, any other role which does not have a direct impact on business) or cases of long leave or medical condition or for employees where an investigation is under process, there could be cases of employees "Not Rated' in the cycle, which would not be part of Distribution curve.

HFCL encourages constant review culture. Communicating frequently with employees and providing them with valuable feedback on a regular-basis helps us become agile as an organization. It also helps us ensure alignment between employees, managers and organization as a whole. Accordingly, HFCL will promote quarterly and half yearly reviews and will deploy suitable reward, recognition, performance-based variable pay programs following the review.

Appropriate salary band and grade structure will be designed to ensure the organization is managed efficiently and effectively. The structure will be reviewed by the Company's leadership from time to time.

Compensation review may happen during mid-year or otherwise on a case to case basis. For compensation revision and/or annual performance-based variable payout and/or any other discretionary bonus / reward, employee must be in good standing as determined by the Company in its sole discretion, without violation of any company policy and/or procedure, in each case.

Deferred compensation (performance based Variable Pay / Incentives) earned by employees may be subject to clawback in the event of subdued or negative financial

performance of the Company and/or the relevant line of business or employee misconduct as described in the Employee Progressive Disciplinary Policy, in any year.

The compensation structure and / or any cases as mentioned above maybe reviewed and determined by the CHRO from time to time and approved by Jt. MD & CEO where Jt. MD & CEO is the L1 manager and for all other full time staff by CHRO.

XVII Delegation of Authority

The delegation of authority to review, approve and ratify any compensation intervention at a Company or individual level has been laid down, unless otherwise mentioned in the Compensation Policy. Any special compensation intervention not mentioned in the authorisation schedule that may be taken up at a Company, function or individual level is subject to the approval of the Managing Director / Jt. Managing Director & CEO and CHRO, and shall be informed to the NRC.

XVIII. Malus and Claw back

Compensation will be aligned to both financial and non-financial indicators of performance including controls like risk management, process perspective, customer perspective and others.

- Acts of gross negligence and integrity breach shall be covered under the purview of the compensation policy. Errors of judgment shall not be construed to be breaches under this note.
- The deferred part of the performance based variable pay (performance bonus) will be subject to malus, under which, the Company will prevent vesting of all or part of the performance based variable pay in the event of an enquiry determining gross negligence or integrity breach.
- Employees will be required to sign claw back agreements for the performance based variable pay. In a claw back arrangement, the employee will agree to return, in case asked for, the previously paid performance based variable pay to the Company in the event of an enquiry determining gross negligence or integrity breach, taking into account relevant regulatory stipulations.

Malus and clawback may be applied for following circumstances

a) Fraud, misfeasance, breach of trust, dishonesty, or wrongful disclosure by the employee of any confidential information pertaining to the bank or any of its affiliates;

b) Wilful misinterpretation / misreporting of financial performance of the bank;

c) Material failure in risk management controls or material losses due to negligent risk-taking which are attributable to the employee, whether directly or indirectly;

d) Non-disclosure of material conflict of interest by the employee or any misuse of official powers;

e) An act of wilful, reckless or grossly negligent conduct which is detrimental to the interest or reputation of the bank or any of its affiliates, monetarily or otherwise;

f) Material breach of Code of Conduct, any Non-Disclosure Agreement, regulatory procedures, internal rules and regulations or any other such instance for which the NRC, in its discretion, deems it necessary to apply malus or / and clawback provisions;

XIX Diversity of Board

The Committee will ensure that no person is discriminated against on grounds of religion, race, gender, pregnancy, childbirth or related medical conditions, national origin or ancestry, marital status, age, sexual orientation, or any other personal or physical attribute which does not speak to such person's ability to perform as a Board member.

Accordingly, the Committee shall:

- assess the appropriate mix of diversity, skills, experience and expertise required on the Board and assess the extent to which the required skills are represented on the Board,
- make recommendations to the Board in relation to appointments, and maintain an appropriate mix of diversity, skills, experience and expertise on the Board, and
- periodically review and report to the Board requirements, if any, in relation to diversity on the Board

XX. Reporting to RBI within 2 days post the date of exit/separation of Key Managerial Personnel (KMP) & Senior Management Personnel (SMP)

Company shall be required to inform to RBI within two working days on the exit of KMP & SMP.

The following information required to be furnished to RBI on exit of any KMP & SMP:

a) Name and Contact details of the SMP/Non-Executive Director (NED).

b) Designation of SMP.

c) Manner of exit and its effective date.

d) Reasons cited by the SMP/NED for resignation

e) Tenure of SMP/NED in the last held position.

f) Portfolios handled by the SMP for three years prior to exit

g) Time period of association of the SMP/NED with the entity.

XXI. MINUTES OF COMMITTEE MEETING

Proceedings of all Meetings must be recorded in the Minutes book and signed by the Chairperson of the said meeting or the Chairperson of the next succeeding meeting. Minutes of the Committee meeting will be tabled at the subsequent Board and Committee meeting.

XXII. DEVIATIONS FROM THIS POLICY

Deviations on elements of this Policy in extraordinary circumstances, when deemed necessary in the interests of the Company, will be made if there are specific reasons to do so in an individual case.

XXIII. Review

This policy will be reviewed at appropriate time, as decided by the NRC and with the approval of the Board. The utility and interpretation of this policy will be at the sole discretion of the NRC /Board.

8. It is hereby affirmed that remuneration to Key Managerial Personnel and Employees of the Company are in line with the Remuneration Policy of the Company.

Independent Auditor's Report
To the Members of Hero FinCorp Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Hero FinCorp Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2025 and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Key audit matter	How the key audit matter was addressed in our Audit
Assessment of impairment loss allowance basis expected credit losses (ECL) on Loans **(Refer Notes 8, 30 and 43.2 of the standalone financial statements)**	The audit procedures performed by us to assess appropriateness of the impairment allowance under ECL on loans included the following:

Key audit matter	How the key audit matter was addressed in our Audit
The loan balances aggregating to Rs. 47,873.18 crores (excluding CROMS balances) and the associated impairment allowances aggregating to Rs. 2,145.11 crores as at March 31, 2025 are significant to the standalone financial statements and involve exercise of judgement by the management of the Company around the determination of the impairment allowance in line with the Expected Credit Loss ('ECL') model specified under Ind AS 109 'Financial Instruments'. Impairment allowances under the ECL model include management's estimate of the expected losses within the loan portfolios at the balance sheet date and involves judgement in two main variables, viz. 'Probability of Default' and 'Loss Given Default' as specified under Ind AS 109. Quantitative factors like days past due, behaviour of the portfolio, historical losses incurred on defaults and macro-economic data points and qualitative factors like nature of the underlying loan, deterioration in credit quality, reduction in the value of security, correlation of macro-economic variables to determine expected losses, uncertainty over realisability of security, judgement in relation to management overlays and related Reserve Bank of India (RBI) guidelines, to the extent applicable, etc. have been taken into account in the ECL computation. In view of significant management judgement and estimates, and the complexity of the ECL model, we determined this to be a key audit matter.	• We understood and evaluated the design and tested the operating effectiveness of the key controls put in place by the management over: i. the assumptions used in the calculation of ECL and its various aspects such as determination of Probability of Default, Loss Given Default, Exposure at Default, Staging of Loans, etc.; ii. the completeness and accuracy of source data used by the management in the ECL computation; and iii. Computation of ECL. • We verified the appropriateness of the methodology and models used by the Company and reasonableness of the assumptions used within the computation process to derive the impairment allowance in line with the Board approved ECL policy; • We verified on a test check basis the completeness and accuracy of the source data used; • We recomputed the impairment allowance for a sample of loans across the portfolio, to check arithmetical accuracy and compliance with the requirements of Ind AS 109 in the ECL computation; • We evaluated the reasonableness of the judgement involved in management overlays forming part of the impairment allowance, and the related approvals; and • We evaluated the adequacy of presentation and disclosures in relation to impairment loss allowance in the standalone financial statements of the Company.

Key audit matter	How the key audit matter was addressed in our Audit
Information technology and general controls: The Company is dependent on its information technology ('IT') systems due to the significant number of transactions that are processed daily across such multiple and discrete IT systems. Also, IT application controls are critical to ensure that changes to applications and underlying data are made in an appropriate manner and under controlled environment. Appropriate controls contribute to mitigating the risk of potential fraud or errors as a result of changes to applications and data. On account of the pervasive use of its IT systems, the testing of the general computer controls of the IT systems used in financial reporting has been considered to be a key audit matter.	With the assistance of our IT specialists, we obtained an understanding of the Company's IT applications, databases and operating systems relevant to financial reporting and the control environment. For these elements of the IT infrastructure the areas of our focus included access security (including controls over privileged access), program change controls, database management and network operations. In particular: • We tested the design, implementation, and operating effectiveness of the Company's general IT controls over the IT systems relevant to financial reporting. This included evaluation of Company's controls over segregation of duties and access rights being provisioned/modified based on duly approved requests, access for exit cases being revoked in a timely manner and access of all users being recertified during the period of audit. • We also tested key automated business cycle controls and logic for the reports generated through the IT infrastructure that were relevant for financial reporting or were used in the exercise of internal financial controls with reference to standalone financial statements. Our tests included testing of the compensating controls or alternate procedures to assess whether there were any unaddressed IT risks that would materially impact the standalone financial statements.
Valuation of Financial Instruments (Level 3) issued by the Company **Refer notes (18, 29 and 42) to the standalone financial statements** The Company has issued financial instruments which are measured at fair value in accordance with the fair value hierarchy as specified in Ind-AS 113 'Fair Value Measurement' and the corresponding fair value change is recognised in the Statement of Profit and Loss. These financial instruments are categorised as Level 3 in the fair valuation hierarchy, as their valuation is based on inputs which are not	The audit procedures performed by us with respect to this matter included the following: • We understood and evaluated the design and tested the operating effectiveness of the controls in relation to the valuation of financial instruments categorised as Level 3 in the fair valuation hierarchy.

Key audit matter	How the key audit matter was addressed in our Audit
observable either directly or indirectly. At March 31, 2025, the Company reported fair value of CCPS for Rs. 2,884.36 crores and corresponding net loss on fair value change of Rs. 333.12 crores for the year then ended. The valuation of these financial instruments involves judgement around the determination of the fair value in line with the requirements of the Ind AS 109 "Financial Instruments" and Ind AS 113. The management has engaged valuation experts (management's experts) for determination of fair values, which involves selection of appropriate valuation methodology, and use of assumptions in relation to inputs to the valuation model. In view of the complexity of the valuation methodology and inherent subjectivity in the valuation of Level 3 instruments, this has been considered as a key audit matter.	• We read the terms of agreement to identify conditions that were relevant to the classification and valuation of financial instruments. • We obtained and read the valuation report of the management's experts used by the Company to determine fair value, and assessed their competence, capability and objectivity. • With the involvement of the internal experts, we reviewed the reasonableness of the valuation methodology and key assumptions used by the management's experts in determining the fair valuation. Further, we tested the arithmetical accuracy of the underlying model used in determination of fair value. • We evaluated the appropriateness and adequacy of disclosures made by the Management in relation to financial instruments in the standalone financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information, identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting

principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The standalone financial statements of the Company for the previous year ended March 31, 2024, were audited by another auditors who expressed an unmodified opinion on those statements on May 03, 2024.

Our opinion on the standalone financial statements is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

   d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

   f. The modification/s relating to the maintenance of accounts and other matters connected therewith, is/are as stated in paragraph (b) above.

g. With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.

h. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 37.2 to the standalone financial statements;

   ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note 6, 7, 8, 10 and 43.2.3 to the standalone financial statements;

   iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

   iv (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 49(vii) to the standalone financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

   (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 49(viii) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

   (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

j. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 44 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, as applicable.

k. Based on our examination, which included test checks, the Company has used accounting softwares for maintaining its books of account for the financial year ended March 31, 2025:

a) In respect of one software, has the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with.

Additionally audit trail has been preserved by the Company as per the statutory requirements for record retention in respect of above software.

b) The other accounting softwares used for loan management system, the audit trail feature was enabled at the application level and operated for all relevant transactions recorded in such software. The audit trail feature at the database level have been enabled through a privilege access management (PAM) tool, which logs direct data changes except for details of what are the changes made and logs are not being retained throughout the year. Accordingly, for database level, we are unable to comment whether audit trail was enabled or there were any instances of the audit trail feature being tampered with throughout the year.

Additionally, the audit trail that was enabled and operated for the year ended March 31, 2024 at the application level, has been preserved by the Company as per the statutory requirements for record retention.

c) In respect of the accounting software operated by a third party software service provider, for maintaining payroll records, in the absence of an independent auditor's system and organization controls report covering the audit trail requirement, we are unable to comment whether the audit trail feature was enabled and operated throughout the year for all relevant transactions recorded in the software, and whether there were any instances of audit trail feature been tampered with, and the audit trail logs being preserved by the Company as per the statutory requirements for record retention.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure "A" to Independent Auditor's Report

(Referred to in paragraph 1(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to standalone financial statements of Hero FinCorp Limited (the "Company") as at March 31, 2025, in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial control with reference to standalone financial statements is a

process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025 based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure "B" to the Independent Auditor's Report of Hero Fincorp Limited

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that

(i) (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, capital work-in-progress and relevant details of right-of-use assets.

B. The Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a program of verification of property, plant and equipment to cover all the items in a phased manner over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, some property, plant and equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and based on our examination of the certified copy of conveyance deed/sale deed obtained by the Company, from the joint sub registrar, provided to us, we report that, title deeds for the immovable property (other than immovable properties where the Company is the lessee, and the lease agreements are duly executed in favour of the Company) disclosed in the financial statement in property, plant and equipments are held in the name of the Company as at the balance sheet date . The management has informed that the company is in the process of locating/obtaining the original title deeds.

Further, the lease agreements where Company is lessee were duly executed in favour of the Company.

(d) The Company has not revalued any of its property, plant and equipment (including Right of Use assets) and intangible assets during the year.

(e) According to information and explanations given by the management, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) The Company does not have any inventory and hence reporting under clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks or financial institutions on the basis of security of loan receivables. In our opinion and according to the information and explanations given to us, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the unaudited books of account of the Company of the respective quarters and no material discrepancies have been observed.

(iii) The Company has not provided any guarantee or security, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. The Company has made investments and granted loans or advances in the nature of loans,

secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:

(a) The Company's principal business is to give loans or advances in the nature of loans, and hence reporting under clause 3(iii)(a) of the Order is not applicable.

(b) The investments made, and the terms and conditions of the grant of all the above-mentioned loans or advances in the nature of loans, during the year are, in our opinion, not prejudicial to the Company's interest.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that in respect of loans or advances in the nature of loans (referred to as 'loan assets'), the schedule of repayment of principal and payment of interest has been stipulated. Note No. 3(b) to the financial statements explains the Company's accounting policy relating to impairment of financial assets which include loan assets. In accordance with that policy, certain loan assets as at 31 March 2025, were categorised as 'Stage 3' - credit impaired and 'Stage 2' - where the credit risk has increased significantly since initial recognition, the Company has recognised necessary provisions in accordance with the aforesaid accounting policy. Disclosures in respect of such loans assets have been provided in Note No. 43.2.3 to the financial statements. In all other cases, the repayment of principal and interest is regular. Having regard to the nature of the Company's business and the volume of information involved, it is not practicable to provide an itemised list of loan assets where delinquencies in the repayment of principal and interest have been identified.

(d) In respect of the loan assets, the total amount overdue for more than ninety days as at March 31, 2025 is Rs. 1,051.87 crore. In such instances, in our opinion, based on information and explanations provided to us, reasonable steps have been taken by the Company for the recovery of the principal amounts and the interest thereon. Refer Note 43.2.3 in the standalone financial statements for details of number of cases and the amount of principal and interest overdue as at March 31, 2025.

(e) The Company's principal business is to give loans, and hence reporting under clause 3(iii)(e) of the Order is not applicable.

(f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) is not applicable.

(iv) According to information and explanation given to us, the Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 of the Act. Other provisions of Section 186 of the Act are not applicable to the Company as per sub section (11) since it is a Non-Banking Finance Company registered with RBI and hence not commented upon.

(v) According to the information and explanations given to us, the Company has not accepted any deposit or amounts which are deemed to be deposits. Further, the Company being Non-Banking Finance Company registered with RBI, provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014, as amended, are not applicable and no order has been passed by the Reserve Bank of India or any Court or any other Tribunal against the Company in this regard.

(vi) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Thus, reporting under clause 3(vi) of the order is not applicable to the Company.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Services tax, Provident Fund, Income-tax, duty of Customs, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities. We have been informed that the provisions of the Employees' State Insurance Act, 1948 are not applicable to the Company.

There were no undisputed amounts payable in respect of Employees' State Insurance, Income-tax, Customs Duty, Goods and Services Tax and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

(b) Details of dues of Value added tax, Income-tax and Goods and Services Tax which have not been deposited as on March 31, 2025 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount unpaid (Rs. in crores)*	Period to which the amount relates	Forum where dispute is pending	Remarks, if any
Income Tax Act, 1961	Income Tax	0.33	2006-07 2009-10	The High Court of Delhi	Amount paid under protest is Rs. 0.33
Income Tax Act, 1961	Income Tax	25.83	2013-14 2014-15 2020-21	Commissioner (Appeals) of Income Tax	Amount paid under protest is Rs. 15.18
Income Tax Act, 1961	Income Tax	280.98	2016-17 2017-18	Income Tax Appellate Tribunal	Amount paid under protest is Rs. 40.48
Income Tax Act, 1961	Income Tax	1.68	2022-23	Commissioner of Income Tax	Amount paid under protest is Rs. 1.68
Delhi Value Added Tax Act	Value added Tax	0.20	2013-14 2014-15	Objection hearing authority (Trade & Tax department)	
Goods and Services Tax, 2017	Goods and Services Tax	23.99	2017-18 to 2022-23	Directorate General of GST Intelligence (DGGI)	

* Includes interest and penalty as per demand orders.

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained, other than temporary deployment pending application.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, not been used during the year for long-term purposes by the Company.

(e) The Company has not made any investment in or given any new loan or advances to its subsidiary during the year and hence, reporting under clause 3(ix)(e) of the Order is not applicable.

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiary company.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x) (a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) (a) There have been instances of fraud on the Company by its customers amounting to Rs 1.49 crore which have been concluded subsequent to year end and referred in Note 46.18 to the standalone financial statements. No fraud by the Company has been noticed or reported during the year, nor have we been informed of any such case by the Management.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year and provided to us, when performing our audit.

(xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business

(b) We have considered, the internal audit reports issued to the Company for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its subsidiary Company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

(xvi) (a) The Company is required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934 and it has obtained the registration as a Systemically Important Non-Deposit taking Non-Banking Financial Company (NBFC-ND-SI) vide certificate of Registration No.14.00266.

(b) During the year the Company has not conducted any Non Banking Financial activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India (RBI) as per the Reserve Bank of India Act, 1934.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi) (c) of the Order is not applicable to the Company.

(d) The Group does not have more than one CIC as part of the group.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, (Asset Liability Maturity (ALM) pattern) other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

(b) As at balance sheet date, the Company does not have any amount remaining unspent under Section 135(5) of the Act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable.

Notes to standalone financial statement for the year ended March 31, 2025

Note 1: Corporate information

Hero FinCorp Limited ("the Company") is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956 on December 16, 1991. The Company is registered as a Non-Banking financial (Non deposit accepting) Company, engaged in the business of financing, leasing, bill discounting and related financial services, with the Reserve Bank of India (Registration No. 14.00266). The Company is also registered as a corporate agent under the IRDAI (Registration of Corporate Agents) Regulations, 2015 and the Insurance Regulatory and Development Authority Act, 1999 (Registration No. CA0474 valid till March 21, 2026). The address of the Company's registered office is 34, Community Centre, Basant Lok, Vasant Vihar, New Delhi - 110057, India.

Note 2: Basis of preparation

2.1 Statement of Compliance

These Standalone financial statements (hereinafter referred to as 'financial statements') have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) notified under Section 133 of Companies Act, 2013 (the 'Act') and other relevant provisions of the Act and Master Direction – Reserve Bank of India (Non-Banking Financial Company –Scale Based Regulation) Directions, 2023. Further, the Company has complied with all the directions related to Implementation of Indian Accounting Standards prescribed for Non-Banking Financial Companies (NBFCs) in accordance with the RBI notification no. RBI/2019-20/170 DOR NBFC).CC.PD.No.109/22.10.106/2019-20 dated March 13, 2020.

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

The financial statements were authorized for issue by the Company's Board of Directors on April 29, 2025.

2.2 Basis of measurement and presentation

These financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities that are measured at fair value (refer to accounting policies), such as defined benefit plans and other long term employee benefit plans measured at fair value, financial instruments carried at fair value through profit or loss and share-based payments. The method used to measure fair value are discussed further in notes to financial statements.

The Balance Sheet, the Statement of Change in Equity and the Statement of Profit and Loss is presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non-Banking Financial Companies ('NBFCs") that are required to comply with Ind AS. The Statement of Cash Flows has been presented as per the requirements of Ind AS 7, Statement of Cash Flows.

The financial statements are prepared on a going concern basis as the Management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

2.3 New Accounting Standards issued but not effective / Recent Accounting Developments

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. There is no such notification issued till March 31, 2025 which would have been applicable from April 01, 2025 or afterwards.

2.4 Functional and presentation currency

These financial statements are prepared in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest crores and two decimals thereof, except as stated otherwise

2.5 Use of estimates and judgments

In the preparation of these financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenues and expenses. Actual results may not be in line with these estimates. The estimates and underlying assumptions are under ongoing consideration. Revisions to accounting estimates are recognized prospectively

Judgements, assumptions and estimation uncertainties

In the process of applying the Company's accounting policies, management has made the following estimates and judgments, which have a significant impact on the carrying amount of assets and liabilities at each balance sheet date.

Business model assessment

Classification of financial assets: assessment of business model within which the assets are held and assessment of whether the contractual terms of the financial asset are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance is measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortized cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is carried out in establishing fair values. Judgments and estimates take into account liquidity and model inputs associated with such items as credit risk (own and counterparty), funding value adjustments, correlation and volatility.

Impairment of financial instruments:

When determining whether the risk of default on a financial instrument has increased significantly since initial recognition, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based upon the Company's historical experience and credit assessment and including forward looking information.

The Company establishes criteria for determining whether credit risk of the financial assets has increased significantly since initial recognition, determines methodology for incorporating forward looking information into the measurement of expected credit loss ('ECL') and selection of models used to measure ECL.

Effective Interest Rate (EIR) method

The Company's EIR methodology, recognizes interest income/ expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans given / taken and recognizes the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behavior and lifecycle of the instruments, as well expected changes to Company base rate and other fee income/expense that are integral parts of the instrument.

Measurement of defined benefit obligations: key actuarial assumptions

The measurement of obligations related to defined benefit plans requires to use several statistical and other factors that attempt to anticipate future events. These factors include assumptions about the discount rate, the rate of future compensation increases, withdrawal rate, mortality rates etc. The management has used the past trends and future expectations in determining the assumptions which are used in measurements of obligations.

Recognition of deferred tax assets: The Company has recognized deferred tax assets/ (liabilities) and concluded that the deferred tax assets will be recoverable using the estimated future taxable income based on the experience and future projections. The Company is expected to generate adequate taxable income for liquidating these assets in due course of time.

Measurement of Provisions and contingencies: The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in statutory litigation in the ordinary course of the Company's business. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

2.6 Measurement of fair value

The Company's certain accounting policies and disclosures require fair value measurement, for financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data to the extent possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Note 3: Material accounting policies

(a) Financial instruments

Initial recognition and measurement

Financial assets and liabilities are initially recognized at the trading date, i.e., which is the date on which the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial assets - Classification

On initial recognition, a financial asset is classified as measured at either of:

- Amortized cost
- Fair value through other comprehensive income (FVTOCI)
- Fair value through profit or loss (FVTPL)

Financial assets are not reclassified after initial recognition, except if and during the period in which the Company changes its financial asset's business model.

A financial asset being 'debt instrument' is measured at the amortized cost, only if both of the following conditions are met and is not designated as at FVTPL:

- The financial asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

A financial asset being 'debt instrument' is measured at the FVTOCI if both of the following criteria are met and is not designated as at FVTPL:

- The asset is held within the business model, whose objective is achieved both by collecting contractual cash flows and selling the financial assets, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Company may irrevocably

designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets – Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realizing cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed; how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

If cash flows after initial recognition are realized in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest:

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;

- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in Statement of Profit and Loss.

Financial assets at amortized cost

These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in Statement of Profit and Loss. Any gain or loss on derecognition is recognized in Statement of Profit and Loss.

Debt investments at FVOCI

These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognized in Statement of Profit and Loss. Other net gains and losses are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to Statement of Profit and Loss.

Equity investments at FVOCI

These assets are subsequently measured at fair value. Dividends are recognized as income in Statement of Profit and Loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are not reclassified to Statement of Profit and Loss.

Investment in subsidiaries

Investment in subsidiaries is recognized at cost and are not adjusted to fair value at the end of each reporting period. Cost of investment represents amount paid for acquisition of the said investment.

The Company assesses at the end of each reporting period, if there are any indications that the said investment may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in Statement of Profit and Loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in Statement of Profit and Loss. Any gain or loss on derecognition is also recognized in Statement of Profit and Loss. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down

Derecognition

Financial asset – derecognition due to substantial modification of terms and conditions

The Company derecognizes a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognized as derecognition gain or loss, to the extent

that an impairment loss has not already been recorded. The newly recognized loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be purchased or originated credit impaired (POCI).

However, if the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Company records a modification gain or loss, to the extent that an impairment loss has not already been recorded

Financial asset – derecognition other than due to modification of terms and conditions

A financial asset, such as a loan to a customer, is derecognized only when:

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognized in the Statement of Profit and Loss

Derecognition - Financial liability

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire. The Company also derecognizes a financial liability when its terms are amended and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in Statement of Profit and Loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

(b) Impairment of financial assets

The Company recognizes loss allowances for expected credit losses on financial assets measured at amortized cost and financial assets measured at FVOCI- debt investments. At each reporting date, the Company assesses whether financial assets carried at amortized cost and debt securities at FVOCI are credit impaired. A financial asset is an "impaired credit" where one or more events that adversely impact the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the restructuring of a loan by the Company on terms that the Company would not consider otherwise; or
- it is becoming probable that the borrower will enter bankruptcy or other financial re-organization

The Company applies the ECL model in accordance with Ind AS 109 for recognizing impairment loss on financial assets. For recognizing impairment loss, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly,12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used.

ECL is calculated on a collective basis for certain products, considering the retail nature of the underlying portfolio of financial assets. The impairment methodology applied depends on whether there has been significant increase in credit risk. When determining whether the risk of default on the financial asset has increased significantly since initial recognition, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on a provision matrix which takes into account the Company's historical credit loss experience, current economic conditions, forward looking information and scenario analysis.

The expected credit loss is a product of exposure at default ('EAD'), probability of default ('PD') and loss given default ('LGD'). Accordingly, the financial assets have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial asset:

- Stage 1 (without significant increase in credit risk since initial recognition):

  ECL resulting from default events that are possible in the next 12 months are recognized for financial assets in stage 1. The Company has ascertained default possibilities on past behavioral trends witnessed for each homogenous portfolio using behavioral analysis and other performance indicators, determined statistically
- Stage 2 (significant increase in credit risk):

  The Company considers loan accounts which are overdue for more than 30 days but up to 90 days as on the reporting date as an indication of significant increase in credit risk.

  The measurement of risk of defaults under stage 2 is computed on homogenous portfolios, generally by nature of loans, and borrower profiles. The default risk is assessed using PD (probability of default) derived from past behavioral trends of default across the identified homogenous portfolios. The assessed PDs are then aligned considering future economic conditions that are determined to have a bearing on ECL
- Stage 3 (credit impaired assets):

The Company recognises a financial asset to be credit impaired and in stage 3 by considering relevant objective evidence, primarily whether:

- Contractual payments of principal and/or interest are past due for more than 90 days;
- The loan is otherwise considered to be in default.

- Loan accounts where principal and/or interest are past due for more than 90 days along with all other loan accounts of that customer, continue to be classified as stage 3, till overdue across all loan accounts are cleared.
- Restructured loans where repayment terms are renegotiated as compared to the original contracted terms due to significant credit distress of the borrower are classified as credit impaired. Such loans are upgraded to stage 1 if-
  a. The loan which was restructured is not in default during the specified period as per applicable regulatory guidelines
  b. Other loans of such customer are not in default during this period.
- Fraud cases are classified as credit impaired irrespective of their DPDs

The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD). ECL is calculated by multiplying the PD, LGD and EAD and adjusted for time value of money using a rate which is a reasonable approximation of EIR.

- Determination of PD is covered above for each stages of ECL.
- EAD represents the expected balance at default, taking into account the repayment of principal and interest from the Balance Sheet date (together with any expected drawdowns of committed facilities).
- LGD represents expected losses in the event of default, taking into account, among other attributes, the actual recovery adjusted for time value of money and the mitigating effect of collateral value with a suitable haircut

The Company recalibrates above components of its ECL model on a periodical basis by using the available incremental and recent information, except where this information does not represent the future outcome. Further, the Company assesses changes required to its statistical techniques for a granular estimation of ECL.

The Company incorporates forward looking information into both assessments of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL.

The measurement of impairment losses across all categories of financial assets requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. The Company's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. The Company regularly reviews its models in the context of actual loss experience and make adjustments when such differences are significantly material.

The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss,

After initial recognition, trade receivables and other financial assets are subsequently measured at amortized cost using the effective interest method, less provision for impairment. The Company follows the simplified approach required by Ind AS 109 for recognition of impairment loss allowance on trade receivables and other financial assets, which requires lifetime ECL to be recognized at each reporting date, right from initial recognition of the receivables.

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

Write-offs

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(c) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(d) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are presented as financial liabilities. They are recognized initially at their transaction price, net of transaction costs, and subsequently measured at amortized cost using the effective interest method where the time value of money is significant.

(e) Property, plant and equipment

Initial recognition and measurement

The cost of an item of Property, plant and equipment is recognized as an asset if, and only if:

- it is probable that future economic benefits associated with the item will flow to the entity; and
- the cost of the item can be measured reliably.

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located.

Gains or losses arising from the retirement or disposal of a property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognized as income or expense in the Statement of Profit and Loss.

The cost of fixed assets not ready for their intended use is recorded as capital work-in-progress before such date. Cost of construction that relate directly to specific fixed assets and that are attributable to construction activity in general and can be allocated to specific fixed assets are included in capital work-in-progress.

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method as per useful life prescribed in Schedule II of the Act, and is generally recognized in the statement of profit and loss. Depreciation/ amortization is charged on a pro-rata basis for assets acquired/sold during the year from/to the date of acquisition/sale.

Based on technical evaluation and assessment of useful lives, the management believes that its estimate of useful lives represents the period over which management expects to use these assets.

Depreciation method, assets residual values and useful lives are reviewed at each financial year end considering the physical condition of the assets for review and adjusted residual life prospectively.

(f) Intangible assets

Initial recognition and measurement

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. The cost of such assets includes purchase price, licensee fee, import duties and other taxes and any directly attributable expenditure to bring the assets to their working condition for intended use. The Company's other intangible assets mainly include the value of computer software.

Amortization methods, estimated useful lives and residual value

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortized over the useful economic life. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortization period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortization expense of intangible assets with finite lives is presented as a separate line item in the statement of profit and loss.

Amortization is calculated using the straight–line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortized on a straight line basis over a period of 6 years, unless it has a shorter useful life.

Subsequent expenditure is recognized as an increase in the carrying amount of the assets are carried when it is probable that future economic benefit deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

(g) Impairment of non–financial assets

The Company's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For assets that are not yet available for use, the recoverable amount is estimated at each reporting date.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognized if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognized in profit or loss. Impairment losses recognized in respect of CGUs are reduced from the carrying amounts of the assets of the CGU.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

(h) Provisions and contingencies

A provision is recognized if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as finance cost

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. are recognized when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of an outflow of resources is remote.

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the year in which the change occurs.

(i) Revenue recognition

Interest income

Interest income on a financial asset at amortized cost is recognized on a time proportion bases taking into account the amount outstanding and the effective interest rate ('EIR'). The EIR is the rate that exactly discounts estimated future cash flows of the financial asset through the expected life of the financial asset or, where appropriate, a shorter period, to the net carrying amount of the financial instrument. The internal rate of return on financial asset after netting off the fee received and cost incurred approximates the effective interest rate for the financial asset. The future cash flows are estimated taking into account all the contractual terms of the instrument.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortized cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets (regarded as 'Stage 3') the interest income is calculated by applying the EIR to the amortized cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for ECLs). If the financial asset is no longer credit impaired i.e. all the outstanding dues are recovered, the company reverts to calculating interest income on a gross basis.

Gain on derecognition of financial instruments under amortised cost category

Gains arising out of direct assignment transactions comprises of the difference between interest on the loan portfolio and the applicable rate at which the direct assignment is entered into with the assignee, also known as the right of excess interest spread (EIS). The future EIS basis the scheduled cash flow on execution of the transaction, discounted at the applicable rate is recorded upfront in the statement of profit and loss.

Other financial charges

Penal interest or other overdue charges which are not included in EIR are recognized on receipt basis.

Other Income

The Company recognizes revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial Instruments' is applicable) based on a comprehensive assessment model as set out in Ind AS 115 'Revenue from contracts with customers. The Company identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and recognizes revenue only on satisfactory completion of performance obligations.

Net gain on fair value changes

Financial assets are subsequently measured at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI), as applicable. The Company recognizes gains/losses on fair value change of financial assets measured as FVTPL and realized gains/losses on derecognition of financial asset measured at FVTPL and FVOCI.

(j) Employee benefits

Short term employee benefits

Short term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. Benefits such as salaries, wages and bonuses etc., are recognized in the Statement of Profit and Loss in the period in which the employee provides the related service.

Post-employment benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts.

Provident Fund: Provident fund is a defined contribution plan. The Company expenses its contributions towards provident fund which are being deposited with the Regional Provident Fund Commissioner.

Superannuation Fund: Contributions are made to a scheme administered by the Life Insurance Corporation of India to discharge superannuating liabilities to the employees, a defined contribution plan, and the same is expensed to the Statement of Profit and Loss. The Company has no liability other than its annual contribution.

Defined benefit plans

The Company's gratuity scheme is an unfunded defined benefit plan. The Company pays gratuity to employees who retire or resign after a minimum period of five years of continuous service. The present value of obligations under such defined benefit plans are based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognize each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rate used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity period approximating to the terms of related obligations.

The change in defined benefit plan liability is split into changes arising out of service, interest cost and re-measurements. Changes due to service cost and net interest cost / income is recognized in the statement of profit and loss. Re-measurements of net defined benefit liability / (asset) which comprise of actuarial gains and losses are recognized in other comprehensive income.

Other long term employee benefits

Benefits under compensated absences constitute other employee benefits. Employee entitlements to annual leave are recognized when they accrue to the eligible employees. An accrual is made for the estimated liability for annual leave as a result of services provided by the eligible employees up to the Balance Sheet date. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

Expenses are recognized immediately in the Statement of Profit and Loss.

Share based payments

The Company recognizes compensation expense relating to share-based payments in net profit using fair value in accordance with Ind AS 102 - Share-based Payment. The estimated fair value of awards is charged to income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding amount.

Equity-settled share based payments:

The cost is recognized in employee benefits expenses together with a corresponding increase in employee stock option outstanding account in other equity, over the period in which the service conditions are fulfilled. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has not expired and the Company's best estimate of the number of equity instruments that will ultimately vest.

Service conditions are not considered when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Non– market performance conditions are reflected within the grant date fair value.

No expense is recognized for awards that do not ultimately vest because non-market performance and/or service conditions are not met.

Cash-settled share based payments:

For cash-settled share based payments, the fair value of the amount payable to employees is recognized as 'employee benefit expenses' with a corresponding increase in liabilities, over the vesting period on straight line basis. The liability is re-measured at each reporting period up to, and including the settlement date, with changes in fair value recognized in employee benefits expenses.

(k) Leases

Determining whether an arrangement contains a lease

The Company evaluates if an arrangement qualifies to be a lease as per the requirements

of Ind AS 116. At inception of an arrangement, it is determined whether the arrangement is or contains a lease. At inception or on reassessment of the arrangement that contains a lease, the payments and other consideration required by such an arrangement are separated into those for the lease and those for other elements on the basis of their relative fair values.

Company as a lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using incremental borrowing rates. Lease liability and ROU asset have been separately presented in the Balance Sheet.

Company as a lessor

Leases where the Company does not transfer substantially all of the risk and benefits of ownership of the asset are classified as operating leases. Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the statement of profit or loss, Initial direct costs incurred in negotiating operating leases are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income.

(l) Taxes

Current tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Company operates and generates taxable income.

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the tax payable on the taxable income or loss for the year and any adjustment to the tax payable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- has a legally enforceable right to set off the recognized amounts; and
- intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously

Deferred tax

Deferred tax is provided in full, using the balance sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized for all deductible temporary differences only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized.

Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

In respect of tax deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

Goods and services tax input credit

Goods and services tax input credit is recognized in the books of account in the period in which the supply of goods or service is received and when there is no uncertainty in availing/utilizing the credits.

Expenses and assets are recognized net of the goods and services tax/value-added taxes paid, except:

- When the tax incurred on a purchase of assets or receipt of services is not recoverable from the taxation authority, in which case, the tax paid is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

- When receivables and payables are stated with the amount of tax included.

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

(m) Foreign Currency Transactions & Balances

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates prevailing on the date of the transaction. Exchange differences arising due to the differences in the exchange rate between the transaction date and the date of settlement of any monetary items are taken to the statement of profit and loss. Monetary assets and monetary liabilities denominated in foreign currency are translated at the exchange rate prevalent at the date of the Balance Sheet and resultant gain/ loss is taken to the Statement of Profit and Loss.

(n) Dividends on ordinary shares

The Company recognizes a liability to make cash or non-cash distributions to equity holders of the parent when the distribution is authorized and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is allowed when it is approved by the shareholders. A corresponding amount is recognized directly in equity

(o) Borrowing at amortised cost

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in Statement of Profit and Loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs and amortized over the period of the facility to which it relates.

(p) Derivative financial instruments

The Company enters into derivative financial instruments to manage its exposure to interest rate risk and foreign exchange rate risk. Derivatives held include foreign exchange forward contracts, interest rate swaps and cross currency interest rate swaps.

Derivatives are initially recognized at fair value at the date of a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognized in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship. The Company designates certain derivatives as hedges of highly probable forecast transactions (cash flow hedges). A derivative with a positive fair value is recognized as a financial asset whereas a derivative with a negative fair value is recognized as a financial liability.

Hedge accounting policy

The Company makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the Company applies hedge accounting for transactions that meet specific criteria. At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging / economic

relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the Company would assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an on-going basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Cash Flow Hedges

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognized asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognized directly in OCI within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognized immediately in Finance Cost in the statement of profit and loss.

When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognized in OCI at that time remains in OCI and is recognized when the hedged forecast transaction is ultimately recognized in the statement of profit and loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the statement of profit and loss.

The Company's hedging policy only allows for effective hedging relationships to be considered as hedges as per the relevant Ind-AS. Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument. The Company enters into hedge relationships where the critical terms of the hedging instrument match with the terms of the hedged item, and so a qualitative and quantitative assessment of effectiveness is performed.

(q) Earnings per share

Basic earnings per share are computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares, expect where the results are anti-dilutive.

(r) Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available.

17.4 As per the prevalent practice, cash credit facilities and working capital demand loans are renewed on a year to year basis and therefore, are revolving in nature. The secured facilities are secured by first pari-passu charge by way of hypothecation of receivables. Terms of repayment of cash credit facilities and working capital demand loans:

Instrument	Repayment	As at March 31, 2025	As at March 31, 2024
Carrying interest rate			
Cash Credit facilities	On Demand	-	7.82% p.a to 9.10% p.a
Working Capital demand loans	On Demand	7.68% p.a. to 7.87% p.a.	6.95% p.a. to 9.23% p.a.

17.5 No term loans, cash credit, working capital demand from banks and any other borrowings is guaranteed by directors and/or others.

17.6 During the periods presented, there were no defaults in the repayment of principal and/or interest.

17.7 The term loans have been applied for the purposes for which they were obtained except for ₹2,803.47 crore (March 31, 2024 : ₹1,379.70 crore) which were pending to be utilised and temporarily parked in liquid assets as at March 31, 2025.

17.8 Quarterly returns or statements of receivables, current assets etc. filed by the Company with the banks, financial institutions or others are in agreement with the books of account, except the insignificant differences.

17.9 There are no charges or satisfaction which are yet to be registered with the Registrar of Companies beyond the statutory period.

EIR Adjustments										**(2.26)**
	Total	**-**	**-**	**-**	**-**	**-**	**-**	**2**	**300.00**	**297.74**

18.6 During the year ended March 31, 2023, the Company had allotted 3,63,63,636 Compulsorily Convertible Preference Shares (CCPS) (comprising of 1,70,36,363 Class A CCPS and 1,93,27,273 Class B CCPS) of face value of ₹550 each aggregating to ₹2,000 crore. As per Section 43 of the Companies Act, 2013, the preference shares are classified as part of Share Capital. However, as per Ind AS 32 'Financial Instruments: Presentation' and terms and conditions of such preference shares, they are required to be classified as a financial liability.

In accordance with Ind AS 32 'Financial Instruments: Presentation', the Company had classified these CCPS as a financial liability and presented it in accordance with Schedule III division III of the Companies Act, 2013 (disclosed under the head of Subordinated liabilities). These CCPS are subsequently measured at fair value through profit or loss as per Ind-AS 109 requirements.

If these CCPS were classified in accordance with section 43 of the Companies Act, 2013 i.e., as equity, profit after tax for the year ended March 31, 2025 would be higher by ₹333.12 crore (March 31, 2024: ₹348.69 crore) and total equity would be higher by ₹2,884.36 crore (March 31, 2024: ₹2,611.24 crore) and subordinated liabilities would be lower by ₹2,884.36 crore as at March 31, 2025 (March 31, 2024: ₹2,611.24 crore).

18.7 Each CCPS is a compulsorily and fully convertible preference share, convertible into Equity Shares, as per the terms and conditions as laid out in agreement. The holders of CCPS shall not be entitled to any voting rights with respect to such CCPS, except in accordance with the Companies Act, 2013

18.8 Amount raised through issuance of CCPS has been used for purpose for which they are raised as stated in the agreement.

18.9 Subject to terms and conditions as laid out in agreement, the holder of each CCPS shall be entitled to receive dividends in cash annually, in respect of each CCPS, at minimum annual cumulative rate of 3% (Three Percent) on the face value of such CCPS upto the date of expiry of QIPO period. On April 29, 2025, the board of directors has approved the payment of dividend of 3% p.a. per CCPS for the year ended March 31, 2025.

During the year ended March 31, 2025, Company has paid dividend on CCPS of ₹60 crore for the year ended March 31, 2024, approved by board of directors in their meeting held on May 03, 2024.

18.10 As per the terms of issuance of CCPS, in the event, QIPO is not completed on or prior to the expiry of QIPO period, the coupon for the CCPS will change to 16% p.a. from 3% p.a. after the expiry of QIPO period till the date of conversion of such CCPS.

Nature of other equity:

Securities premium:

Securities premium is used to record the premium on issuance of shares. Securities premium can be utilised as per the provision of the Companies Act, 2013.

Statutory reserve:

Statutory reserve is used to record reserve in accordance with section 45-IC of the Reserve Bank of India Act, 1934. The statutory reserves can be utilised for the purpose as specified by the RBI from time to time.

Stock options outstanding account:

Stock option outstanding account is created as required by Ind AS 102 'Share Based Payments' on the Employee Stock Option Scheme operated by the company for employees of the Company and its subsidiary. The reserve is used to recognise the fair value of the options issued to employees under Company's employee stock option plan. Refer note 45 for further detail of this plan.

General reserve:

Free reserve to be utilized as per provision of the Companies Act, 2013.

Cash flow hedge reserve:

It represents the cumulative gains/(losses) arising on revaluation of the derivative instruments designated as cash flow hedges through OCI.

Retained earnings:

Retained earnings is used to record profit/ (loss) for the year. This amount is utilised as per the provision of Companies Act, 2013.

Capital Reserve:

The Company has transferred money received for forfeited partly paid-up shares to Capital reserve at the time of re-issue of these shares, in accordance with the provision of the Companies Act, 2013 and will be utilised in accordance with the provisions of the Companies Act, 2013.

Note 33: Earnings per equity share

The basic earnings per share is computed by dividing the net profit attributable to Equity Shareholders for the year by the weighted average number of Equity Shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of Equity Shares and also the weighted average number of Equity Shares that could have been issued on the conversion of all dilutive potential Equity Shares. The dilutive potential Equity Shares are adjusted for the proceeds receivable, had the shares been actually issued at fair value.

The following table shows the income and share data used in the basic and diluted EPS calculations:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Net profit for the year (₹in crore) **(A)**	57.84	601.92
Calculation of weighted average number of equity shares		
Number of equity shares outstanding at the beginning of the year	12,73,06,674	12,73,06,674
Number of equity shares issued during the year	1,06,633	-
Number of equity shares forfeited during the year	(548)	-
Number of equity shares outstanding at the end of the year	12,74,12,759	12,73,06,674
Nominal value of equity share (in ₹)	10	10
Weighted average number of equity shares outstanding during the year (B)	12,73,52,756	12,73,06,273
Basic earnings per share of face value of ₹10 each **(A) / (B)**	4.54	47.28
Weighted average number of potential diluted equity shares (C)	12,75,87,349	12,75,60,202
Diluted earnings per share of face value of ₹10 each (A) / (C)	4.53	47.19
Weighted average number of equity shares (diluted)		
Weighted average number of equity shares outstanding during the year	12,73,52,756	12,73,06,273
Add: Number of potential equity share in respect of employee stock option scheme and partly paid up shares	2,34,593	2,53,929
Weighted average number of potential diluted equity shares	12,75,87,349	12,75,60,202

Note 34: Retirement benefit plan

34.1 Defined contribution plans

The Company makes periodic contribution towards provident fund, superannuation fund and national pension scheme which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to the statement of profit and loss as they accrue. The amount recognized as expense towards such contribution are as follows:

₹ in Crore

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Employer's contribution to provident fund	24.68	21.71
Employer's contribution to superannuation fund	0.37	0.94
Employer's contribution to national pension scheme	1.90	1.38
	26.95	**24.03**

34.2 Defined benefit plan

The Company operates an unfunded gratuity plan wherein every employee is entitled to the benefit equivalent to 15 days salary last drawn for each completed year of service. The same is payable on termination of service, or retirement, or death, whichever is earlier. The benefit vests after five year of continuous service. The benefit to employees is as per the plan rules or as per the Payment of Gratuity Act, 1972, whichever is earlier.

i) Reconciliation of the net defined benefit liability

The following table shows a reconciliation from the opening balances to the closing balances for net defined benefit liability and its components:

₹ in Crore

Particulars	As at March 31, 2025	As at March 31, 2024
Balance at the beginning of the year	35.33	27.83
Included in statement of profit and loss:		
Current service cost	6.75	5.73
Interest expense	2.52	2.04
Benefits paid	(1.21)	(2.03)
	8.06	**5.74**
Remeasurement (gains)/ losses in other comprehensive income (OCI)		
Actuarial loss/(gain) arising from :		
- demographic assumptions	-	-
- financial assumptions	0.94	1.12
- experience adjustment	(6.55)	0.64
	(5.61)	**1.76**
Other		
Contributions paid by the employer	-	-
Balance at the end of the year	**37.78**	**35.33**

Since the liability is not funded, Therefore information with regards to the plan assets has not been furnished.

ii) Expense recognised in statement of profit and loss:

₹ in Crore

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Current service cost	6.75	5.73
Net interest expense	2.52	2.04
Total	**9.27**	**7.77**

iii) Expense recognised in Other comprehensive (income)/ loss:

₹ in Crore

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Remeasurement (gains)/losses		
Actuarial (gain)/ loss arising from:		
- demographic assumptions	-	-
- financial assumptions	0.94	1.12
- experience adjustment	(6.55)	0.64
Total	**(5.61)**	**1.76**

iv) Plan characteristics and associated risks

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest Rate risk: The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Liquidity Risk: This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Salary Escalation Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic Risk: The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts.

v) Actuarial assumptions

Principal actuarial assumptions at the reporting date (expressed as weighted averages):

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	6.50%	7.15%
Attrition / Withdrawal rate		
Up to 30 years	22.00%	22.00%
31 - 44 years	22.00%	22.00%
Above 44 years	22.00%	22.00%

Mortality rate	100% of IALM 2012-14	100% of IALM 2012-14
Retirement age (years)	58	58
Future salary growth*	7-10%	7-12%

* The estimate of future salary increase considered in actuarial valuation take account of inflation, seniority, promotion and relevant factors such as supply and demand in the employment market etc.

vi) Sensitivity analysis of significant assumptions

The following table present a sensitivity analysis to one of the relevant actuarial assumption, holding other assumptions constant, showing how the defined benefit obligation would have been affected by changes in the relevant actuarial assumptions that were reasonably possible at the reporting date.

	As at March 31, 2025		As at March 31, 2024	
	Increase	Decrease	Increase	Decrease
Discount rate (- / + 1%)	36.35	39.33	34.19	36.55
Salary growth rate (- / + 1%)	39.29	36.36	36.52	34.20
Attrition rate (- / + 50%)	35.90	40.17	33.98	36.89
Mortality rate (- / + 10%)	37.78	37.78	35.33	35.33

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

vii) Expected contribution during the next annual reporting period

Since the scheme is managed on unfunded basis, the next year contribution is taken as Nil (March 31, 2024: Nil)

viii) Expected maturity analysis of the defined benefit plans in future years (valued on undiscounted basis)

₹ in Crore

Duration (years)	As at March 31, 2025	As at March 31, 2024
within the next 12 months	10.38	15.09
Between 2 to 5 years	21.66	16.32
Above 5 years	18.26	14.55

As at March 31, 2025, the weighted-average duration of the defined benefit obligation was 4 years (March 31, 2024: 3 years)

34.3 Other long term employee benefit plan

Other long term employee benefit plans comprises compensated absences. The Company operates compensated absences plan (earned leaves), where in every employee is entitled to the benefit equivalent to 13 days salary for every completed year of service which is subject to maximum of 90 days accumulation of leaves. The same is payable during early retirement, withdrawal of scheme, resignation by employee and upon death of employee. The Company also recognises sick leave provision, where in every employee is entitled to the benefit equivalent to 6 days salary for every completed year of service which is subject to maximum of 20 days accumulation of leaves. The salary for calculation of earned leave and sick leaves are last drawn basic salary. The amount of the provision is ₹28.04 crore (March 31, 2024: ₹26.05 crore) as per the actuarial report.

Note 35: Maturity analysis of assets and liabilities

The table below shows a maturity analysis of assets and liabilities. Loans is net of impairment loss allowance on loans considering realizability, the amount recoverable from Stage 3 assets is classified under after 12 months.

* The Company has provided bank guarantee to National Stock Exchange to comply with the requirement of Recovery Expense Fund as per SEBI Circular SEBI/HO/MIRSD/CRADT/CIR/P/2020/207 dated October 22, 2020 and Second to Unique Identification Authority of India to obtain KYC User Agency license.

(a) The Parliament has approved the Code on Social Security, 2020 ('Code') which may impact the contribution by the Company towards Provident Fund and Gratuity. The effective date from which the Code and its provisions would be applicable is yet to be notified and the rules which would provide the details based on which financial impact can be determined are yet to be framed after which the financial impact can be ascertained. The Company will complete its evaluation and will give appropriate impact, if any, in the financial result following the Code becoming effective and the related rules being framed and notified.

37.3 Litigations constitute the pending litigations filed by customers/vendors/ex-employees/ others against the Company for service deficiency/title claims/monetary claims, etc. which is in the course of business as usual. A provision is created where an unfavourable outcome is deemed probable based on review of pending litigations with its legal counsels and assessment of such contingency as 'low', 'medium' or 'high'. In respect of the open litigations, the Management believes that the outcome of such matters will not have a material adverse effect on the Company's financial position, its operations and cash flows.

* Parties having significant influence over the Company.

Notes:

1. Dividend related transactions are on actual payment/ receipt basis.

Note 39: Operating segment

An operating segment is a component that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. The Company is engaged in the business of financing, leasing and related financial services. Accordingly, the Company's activities/ business is regularly reviewed by the Company's Managing Director assisted by an executive committee from an overall business perspective, rather than reviewing its product/ services as individual standalone components. Thus, the Company has only one operating segment, and no reportable segments in accordance with Ind AS 108 Operating Segments.

a) The Entity wide disclosures as required by Ind AS 108 are as follows ;

Information about products and services:

The Company provides a wide portfolio of financial products including two-wheeler loan, pre-owned car loan, loyalty personal loan, inventory funding, loan against property, loans to small, medium and emerging corporates etc.
The break-up of revenue from interest income and other income is provided in note 26.

b) Revenue from external customers

The entire income of the Company is generated from customers who are domiciled in India.

c) Revenue from external customer

The Company does not derives revenues, from any single customer, amounting to ten per cent or more of Company's revenues.

Note 40: Events after balance sheet date

There have been no significant events after the reporting date that requires disclosure in these financial statements.

Note 41: Leases

Note 42: Financial instruments

(a) Financial instruments by category and fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are:

(a) recognised and measured at fair value and

(b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

₹ in Crore

As at March 31, 2025	Carrying amount					Fair value*

(c) Valuation framework

The finance department of the Company includes personnel that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO).

The Company measures fair values using the following fair value hierarchy, which reflects the significance of the inputs used in making the measurements.

Level 1: Inputs that are quoted market prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : The fair value of financial instruments that are not traded in active markets is determined using valuation techniques which maximize the use of observable market data either directly or indirectly, such as quoted prices for similar assets and liabilities in active markets, for substantially the full term of the financial instrument but do not qualify as Level 1 inputs. If all significant inputs required to fair value an instrument are observable the instrument is included in level 2.

Level 3 : If one or more of the significant inputs is not based in observable market data, the instruments is included in level 3. That is, Level 3 inputs incorporate market participants' assumptions about risk and the risk premium required by market participants in order to bear that risk. The Company develops Level 3 inputs based on the best information available in the circumstances.

The Company uses suitable valuation models to determine the fair value of common and simple financial instruments, that use only observable market data and require little management judgement and estimation.

Loans

The fair value of loan and advances are estimated by discounted cash flow models. For fixed rate loans, the fair value represent the discounted value (discounted basis the weighted average yield of recently disbursed loans) of the expected future cash flow. For floating rate interest loans, the carrying amount of loans represent fair market value of loans.

Debt securities, borrowings (other than debt securities) and subordinated liabilities (other than compulsorily convertible preference shares (CCPS))

Fair value is estimated at portfolio level by a discounted cash flow model incorporating market interest rates and the company's own credit risk or based on market-observable data such as secondary market prices for its traded debt. Further, for floating rate interest bearing borrowings, the carrying amount of borrowings represent fair market value of borrowings.

Compulsorily Convertible Preference Shares (CCPS)

Fair value is estimated by using a discounted cash flow model based on management expected cash flows (determined using monte carlo simulations), discount rates (market inputs adjusted for the company specific risk) and terms of CCPS. The significant unobservable inputs include risk adjusted discount rate. Increase in the discount rate by 100 bps would decrease the fair value by ₹14.07 crore (March 31, 2024: ₹25.32 crore) and decrease in discount rate by 100 bps would increase the fair value by ₹14.14 crore (March 31, 2024: ₹25.58 crore).

Investments

Investment in alternate investment fund and mutual fund is recorded at fair value determined by third party based on net asset value method. Investment in government securities, commercial paper, treasury bills, certificate of deposits, corporate bonds etc. are fair valued at reporting date. For rest of the investments, based on the information available from external sources, management believes that the carrying value of the investments approximates the fair value.

There were no transfers between levels during the year.

Note 43: Risk management framework

43.1 *Risk profile and risk mitigation*

(a) Risk management structure and Company's risk profile

The Company's Board of directors have overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of directors have established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its policies and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

43.2 *Credit risk*

Credit risk arises from loans, cash and cash equivalents, bank balance other than cash and cash equivalents, investments, trade receivables and other financial assets. Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's asset on finance and trade receivables from customers; loans and investments. The carrying amounts of financial assets represent the maximum credit risk exposure.

The Company holds cash and cash equivalents and other bank balances with banks and financial institutions. Funds are invested after taking into account parameters like safety, liquidity and post-tax returns etc. The credit worthiness of such banks and financial institutions is evaluated by the Management on an ongoing basis and is considered to be high.

(a) Credit risk management

Financial assets measured on a collective basis

The Company splits its exposure into smaller homogeneous portfolios, based on shared credit risk characteristics, as described below in the following order:

- Secured/unsecured
- Nature of security
- Nature of loan

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the restructuring of a loan by the Company on terms that the Company would not consider otherwise; or
- it is becoming probable that the borrower will enter bankruptcy or other financial re-organization;

The risk management committee has established a credit policy under which each new customer is analysed individually for credit worthiness before the Company's standard payment and terms and conditions are offered. The Company's review includes external ratings, if they are available, background verification, financial statements, income tax returns, credit agency information, industry information, etc. Portfolio review is performed by the management on quarterly basis.

(b) Definition of default

The Company considers a financial instrument as defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower crosses 90 days past due on its contractual payments. Further in compliance with RBI circular dated November 12, 2021, Cases, where borrower had crossed 90 days past due, continued to be considered as Stage 3 (credit-impaired) for ECL calculations till the time all the due contractual payments are paid by the borrower.

The Company considers probability of default upon initial recognition of asset and whether there has been any significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. Following indicators are incorporated:

- DPD analysis as on each reporting date
- significant changes in expected performance and behaviour of the borrower including changes in payment status of borrowers.

(c) Probability of default (PD)

Day past dues (DPD) analysis is the preliminary inputs in the determination of the term structure of PD for exposures. The Company collects performance and default information about its credit risk exposures analysed by type of product and borrowers as well as by DPD. The Company analyses the data collected and generates estimates of the PD of exposures and how these are expected to change as result of passage of time.

The month-on-month outstanding balances and count of active accounts in each DPD bucket are assessed to estimate the historic probability of default for each bucket; this probability is then combined with a macro-economic variable to compute the final PD estimate.

(d) Exposure at default

The exposure at default (EAD) represents the gross carrying amount (in addition to the interest to be earned during the next year) of the financial instruments subject to the impairment calculation, addressing both the client's ability to increase its exposure while approaching default and potential early repayments too. To calculate the EAD for a Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12 months ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments.

(e) Loss given default

Loss given default (LGD) represent estimated financial loss the Company is likely to suffer in the event of default and it is used to calculate provision requirement on EAD along with probability of default. LGD values are assessed, reviewed and approved by the Company. These LGD rates take into account the actual recoveries, adjusted for time value of money and the amount expected to be recovered or realized from any collateral held.

(f) Significant increase in credit risk

The Company continuously monitor all the assets subject to ECL in order to determine whether an instrument or a portfolio of instruments is subject to 12 months ECL or life time ECL, the Company assesses whether there has been significant increase in credit risk since initial recognition. The Company also applies a secondary qualitative methods for triggering a significant increase in credit risk for an asset wherever applicable. Regardless of the change in credit grades, if contractual payments are more than 30 days past due , the credit risk is deemed to have increase significantly since initial recognition.

(g) Expected credit loss on Loans

The Company assesses whether the credit risk on a financial asset has increased significantly on collective basis. For the purpose of collective evaluation of impairment, financial assets are grouped on the basis of shared credit risk characteristics, date of initial recognition, remaining term to maturity, collateral type, and other relevant factors.

For the assessment, each financial asset (after segmentation based on the nature), is then clubbed into the following DPD cohorts:

- Stage 1 (0-30 DPD)
- Stage 2 (31-90 DPD)
- Stage 3 (>90 DPD)

The Company considers a financial instrument as defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower crosses 90 days past due on its contractual payments. Further in compliance with RBI circular dated November 12, 2021, Cases, where borrower had crossed 90 days past due, continued to be considered as Stage 3 (credit-impaired) for ECL calculations till the time all the due contractual payments are paid by the borrower.

The Company considers its historical loss experience and adjusts the same for current observable data. The key inputs into the measurement of ECL are the probability of default, loss given default and exposure at default. These parameters are derived from the statistical models and other historical data.

43.2.1 Inputs, assumptions and estimation techniques used to determine expected credit loss

The Company's loan loss provision are made on the basis of the Company's historical loss experience and future expected credit loss, after factoring in various macro-economic parameters such as Consumer Prices (% change pa; av), Domestic Demand (% real change pa), Real GDP (% change pa), Services (% change pa) Lending Interest Rate (%) etc. The selection of these variables was made basis statistical analysis and relevance to the business.

The macro- economic variables were regressed using a regression model against the log-odds of the weighted average PDs to forecast the forward-looking PDs with macro-economic overlay incorporated.

Best, base and worst scenarios were created for all the variables and default rates were estimated for all the scenarios. These default rates were then used with the same LGD and EAD to arrive at the expected credit loss for all three cases. The three cases were then assigned weights and a final probability-weighted expected credit loss estimate was computed.

Macro economic indicator	Scenario	2025Q1	2025Q2	2025Q3	2025Q4	2026Q1	2026Q2	2026Q3	2026Q4

An analysis of Expected credit loss rate:

Particulars	For the year ended March 31, 2025				For the year ended March 31, 2024			
	Stage 1	Stage 2	Stage 3	Total	Stage 1	Stage 2	Stage 3	Total
Expected credit loss rate*	0.61%	22.98%	56.88%	4.30%	0.61%	21.99%	52.42%	3.35%

* Expected credit loss rate is computed ECL divided by EAD

Note 1: New assets originated represents fresh disbursals made during the year. Classification of new assets originated in stage 1, stage 2, and stage 3 is based on year end staging. Interest accruals on existing loans that remain unpaid at the end of the year, are classified under new assets originated as per their opening stage category.

Note 2: Assets originated and repaid during the year have not been disclosed in the movement of gross carrying amount.

Note 3: The contractual amount of financial assets that has been written off by the Company is as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Contractual amount of financial assets that has been written off that were still subject to enforcement activity	2,489.23	2,087.28

Note 4: The Company recognize expected credit loss (ECL) on collective basis that takes into account comprehensive credit risk information.

43.2.4 *Collateral and other credit enhancements*

The loan portfolio of the Company has both secured and unsecured loans and they vary with the type of funding. Products like loan against property, corporate loan, two wheeler loan and pre owned car loan are all secured loans whereas products like business loan and personal loan generally do not carry any collateral security.

For loan against property, properties (residential, commercial, industrial, mixed use, etc.) are generally acceptable collateral. For corporate loan there is usually a collateral basket comprising of properties, rated securities, current assets (including stock and book debts), plant and machinery, and deposits. For two wheeler loan and pre owned car loan, the respective vehicle against which the loan been offered is taken as a collateral security.

The Company has a pre-defined loan to value norms in the policy and the same is disbursed to control the risk of the Company. For loan against property, the loan to value ('LTV') is in the range of 50% to 75%. For corporate loan, the funding is secured by way of a collateral basket – the overall security cover is generally maintained in the range of 1.1 times to 3.0 times and above. For loan against shares, a minimum cover of 2.0 times is maintained.

For pre-owned car and two wheeler loan, the Company maintains a loan to value range of 75% to 90% depending upon tenure and model. The loan to value for refinance of pre-owned car can be up to 200%

Valuation of the collateral, wherever applicable, is done by empanelled valuers who carry the necessary experience and expertise in the area. The guidelines governing these valuation have been clearly laid out for each collateral class. For two wheeler loan since the asset is new no valuation is has been carried out by the Company. Valuation of the collateral for pre-owned car is done by empanelled valuers who carry the necessary experience and expertise in the area. Collaterals related to credit impaired assets are revalued for assessment /provisioning purposes and distress value is considered. The Company has an in-house team of technical managers who oversee the property valuation activity undertaken by empanelled technical valuers.

As at March 31, 2025 ₹ in Crore

Stage 3 Total Outstanding (TOS) (A)	Wheeled Assets (B)	Immovables (Land & Buildings)(C)	Other Asset (D)	Total Collateral (E=B+C+D)	Net Exposure (F=A-E)	Total ECL (G)
1,320.84	1,638.11	515.36	72.26	2,225.73	(904.89)	558.42

As at March 31, 2024 ₹ in Crore

Stage 3 Total Outstanding (TOS) (A)	Wheeled Assets (B)	Immovables (Land & Buildings) C)	Other Asset (D)	Total Collateral (E=B+C+D)	Net Exposure (F=A-E)	Total ECL (G)
1,254.01	1,403.96	481.33	90.78	1,976.07	(722.06)	523.29

Note 1: Including Buyout Portfolio

Note 2: Stage 3 TOS and Total ECL is of the secured assets

Note 3: The total collateral value is the fair market value of the collaterals and the distress value of the collaterals has been used to compute the total ECL allowances.

43.3 *Liquidity risk*

Liquidity risk arises as the Company has contractual financial liabilities that are required to be serviced and redeemed as per committed timelines and in the business of lending where funds are required for the disbursement and creation of financial assets to address the going concern of Company. Liquidity risk management is imperative to the Company as this allows covering the core expenses, market investment / creation of financial assets, timely repayment of debt commitments and continuing with its operations. The Company uses various liquidity monitoring tools to measure and gauge the liquidity risk as per necessary guidelines stipulated by the RBI. The Company with the help of the Asset and Liability Committee (ALCO), ALM policy and Liquidity Desk, monitors the Liquidity risk and uses structural, dynamic liquidity statements and cash flow statements as a mechanism to address this. To effectively manage liquidity in any stress situation, the Company continuously maintains adequate level of liquidity buffers in terms of High Quality Liquid Assets to manage LCR norms by RBI, which acts as a safeguard against any likely disruption in the funding and market liquidity.

43.3.1 *Contractual maturities of financial instruments*

The table below summarizes the maturity profile of the undiscounted cash flows of the Company's financial liabilities as at reporting date.

₹ in Crore

As at March 31, 2025	Carrying value	Within 1 year	1 to 5 years	After 5 years	Total
Financial liabilities					
Trade payables	511.30	511.30	-	-	511.30
Debt securities*	6,286.92	5,192.16	1,556.76	28.68	6,777.60
Borrowings (other than debt securities)*	36,018.40	16,142.45	24,927.90	-	41,070.35

Lease liabilities	109.85	32.59	89.72	12.13	134.44
Other financial liabilities	399.08	348.83	57.16	23.99	429.98
Total undiscounted financial liabilities	**42,618.49**	**21,353.76**	**23,269.50**	**726.26**	**45,349.52**

* The interest payments on variable interest rate loans in the table above reflect interest rates at the reporting date and these amounts may change as market interest rates change.

\# In respect of Compulsorily Convertible Preference Shares (CCPS) issued during the earlier year, the Company has only considered a mandatory pay-out of preference dividend of 3% p.a. for the purpose of liquidity risk, as such CCPS are likely to be converted into the entity's own shares as estimated by the management as on March 31, 2025. Also refer to Note 18.9.

43.4 *Market risk*

Market risk is the risk that the fair value or future cash flow of financial instrument will fluctuate due to changes in market variables such as interest rates, foreign exchange rates etc. The objective of market risk management is to manage and control market risk exposure within acceptable parameters while maximising the return. Cash and cash equivalents, bank balance other than cash and cash equivalents, trade receivables, and other financial assets do not have any interest and market risk exposure due to the nature of balances.

Interest rate risk

A major portion of The Company's assets and liabilities are interest bearing - which could be either at a fixed or a floating rate. Interest rate risk is managed by way of regular monitoring of all interest rate bearing assets and liabilities. The same also forms part of the ALCO and ALM policy.

The exposure of Company's financial assets and liabilities to interest rate risk is as follows:

₹ in Crore

Financial assets	Floating rate instruments	Fixed rate instruments
March 31, 2025	9,440.80	40,435.57
March 31, 2024	9,711.00	36,777.19
Financial liabilities		
March 31, 2025	33,505.29	13,720.74
March 31, 2024	31,282.63	10,416.76

The table below illustrates the impact of a 1.00% movement in interest rates on interest income and interest expense on floating loans and floating borrowings respectively for next one year, assuming that the changes occur at the reporting date and has been calculated based on risk exposure outstanding as of date. The year end balances are not necessarily representative of the average loans and borrowings outstanding during the year.

Movement in interest rates	Impact on profit before tax (₹in Crore)	
	For the year ended March 31, 2025	For the year ended March 31, 2024
1.00%	(164.92)	(141.01)
(1.00%)	164.92	141.01

Price risk

Price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. It arises from financial assets such as investments in equity instruments, bonds, mutual funds, G-secs, T-Bills, money market instruments etc. The Company is exposed to price risk arising mainly from investments carried at fair value through profit and loss. A sensitivity analysis demonstrating the impact of change in market prices of these instruments from the prices existing as at the reporting date is given below:

₹in Crore

Particulars	As at March 31, 2025	As at March 31, 2024
Investments carried at FVTPL valued using quoted prices in active market	2,133.62	1,632.89

	For the year ended March 31, 2025	For the year ended March 31, 2025
5.00%	106.68	81.64
(5.00%)	(106.68)	(81.64)

43.5 *Foreign currency risk management*

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Company arises majorly on account of foreign currency borrowings. The Company presently manages this foreign currency risk by entering into cross currency swaps and forward contract. When a derivative is entered into for the purpose of being as hedge, the Company negotiates the terms of those derivatives to match with the terms of the underlying exposure. The Company's policy is to fully hedge its foreign currency borrowings at the time of drawdown and remain so till repayment.

The Company holds derivative financial instruments such as cross currency interest rate swap to mitigate risk of changes in exchange rate in foreign currency and floating interest rate. The counterparty for these contracts is generally a bank. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in market place.

The Company exposure to foreign currency risk at the end of the reporting period expressed in ₹in Crore, are as follows:

Foreign currency exposure	Currency	As at March 31, 2025	As at March 31, 2024
Borrowings (other than debt securities)	USD	7,185.35	4,145.78

Foreign currency sensitivity

The sensitivity of changes in the exchange rates arises mainly from foreign currency denominated financial instruments and from derivative financial instruments i.e. forward exchange contracts and currency swaps, designated as cash flow hedges, will be recognised in OCI. Company has considered a sensitivity of +/- 5% for increase and decrease in the ₹against the relevant foreign currencies to calculate the net impact on OCI.

43.6 Interest rate sensitivity on derivative financial instruments

The sensitivity of changes in the interest rates from derivative financial instruments i.e. forward exchange contracts and currency swaps, designated as cash flow hedges, will be recognised in OCI. Company has considered a sensitivity of +/-1% for related interest rate changes to calculate the impact on OCI.

₹ in Crore

43.7 Modified financial assets

₹ in Crore

Particulars	As at March 31, 2025	As at March 31, 2024
Amortized cost of modified assets at the time of modification during the year	7.92	13.40
Modification gain/ (loss) for the year	-	-
Carrying cost of the modified financial assets	132.75	198.38

43.8 Derecognition of financial assets

During the year ended March 31, 2025, the Company has sold 80% / 90% of a portion of its loans through direct assignments, measured at amortised cost. As per regulatory requirement, the Company continues to hold balance of 10% or more of those loans as Minimum Retention Requirement (MRR). The Company transferred substantially all the risks and rewards relating to assets to the buyer and accordingly, sold portion of loans was derecognised.

The following table below sets forth, for the periods indicated, the summary of carrying amounts of the derecognised financial assets measured at amortised cost and the gain/(loss) on derecognition.

₹ in Crore

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Carrying value of financial assets derecognised	1,209.55	-
Gain on derecognition of financial assets	82.46	-

Since, the Company has transferred the above financial asset is a transfer that qualified for derecognition in its entirety therefore the whole of the interest spread at its present value (discounted over the expected life of the asset) is recognised on the date of derecognition as interest-only strip receivable (excess interest spread receivable on assigned loans) with a corresponding credit to the statement of profit and loss. The Outstanding pool of downsell portfolio as on March 31, 2025 is ₹1,048.84 crores (March 31, 2024: Nil)

Note 44: Dividend paid and proposed

₹ in Crore

	As at March 31, 2025	As at March 31, 2024
Declared and paid during the year		
Dividends on ordinary shares:		
Final dividend for the year ended March 31, 2024: ₹10# per share (March 31, 2023: ₹8.1 per share)	127.31	103.12
Dividend distribution tax on final dividend declared and paid	-	-
Total dividends paid (including dividend distribution tax)	**127.31**	**103.12**

After the reporting dates the following dividends were proposed by the Board of Directors subject to the approval of the shareholders at Annual General Meeting. Accordingly, the dividends have not been recognised as liabilities.

Dividend on ordinary shares:		
Proposed for approval at Annual General Meeting March 31, 2025: ₹1.10* per share (March 31, 2024: ₹10# per share)	14.02	127.31
	14.02	**127.31**

* On April 29, 2025, the Board of Directors has proposed a final dividend on equity shares of ₹1.10 per share for the financial year ended March 31, 2025 subject to the approval by the shareholders at the Annual General Meeting.

\# On May 03, 2024, the Board of Directors has proposed a final dividend on equity shares of ₹10 per share for the financial year ended March 31, 2024 subject to the approval by the shareholders at the Annual General Meeting.

Note 45: Employee Stock Option Scheme

(i) Equity settled

The Employee Stock Options Scheme titled "ESOP Scheme 2017" or "the Scheme" was approved by the shareholders of the Company through postal ballot on June 09, 2017. The Scheme covered 26,39,703 options. The Scheme allows the issue of options to employees of the Company which are convertible to one equity share of the Company. As per the Scheme, the Nomination and Remuneration Committee grants the options to the employees deemed eligible. The options granted vest over a period of 4 years from the date of the grant in proportions specified in the ESOP Plan. The fair value as on the date of the grant of the options, representing Stock compensation charge, is expensed over the vesting period.

(v) Outstanding at the end of the year	23,76,072	726.35	25,56,529	721.76
(vi) Exercisable at the end of the year	10,99,574	664.08	8,78,344	610.48

Weighted average remaining contractual life of options outstanding as at year end is 6.2 months (March 31, 2024: 16 months)

(ii) Cash settled

The Cash settled Employee Stock Options Scheme titled "Phantom Stock Units Plan 2022" or "the Phantom Scheme" was approved, on the recommendations of the Nomination and Remuneration Committee (NRC), by the Board of the Company on August 03, 2022. The Scheme confers a right upon the employee to receive sum of money equal to appreciation in accordance with the terms and conditions of such issue. As per the Scheme, the Nomination and Remuneration Committee grants the options to the employees deemed eligible. The fair value is re-measured at each reporting period up to, and including the settlement date, is expensed over the vesting period. The said scheme vide board resolution dated June 27, 2024 has been converted into "Long Term Cash Reward Plan", hence all the disclosures are given for previous year only.

Plan	Number of Options Granted	Grant date	Number of Options outstanding	Vesting condition and vesting period	Fair value of the options at grant date (₹)

46.30 Liquidity Coverage Ratio (LCR)

As per the 'Guidelines on Liquidity Coverage Ratio' - Annex XXI of the Master Direction – Reserve Bank of India (Non-Banking Financial Company–Scale Based Regulation) Directions, 2023 , the LCR requirement shall be binding on all non-deposit taking systemically important NBFCs with asset size of ₹10,000 crore and above and all deposit taking NBFCs irrespective of the asset size from December 1, 2020, with the minimum LCR to be 50%, progressively increasing, till it reaches the required level of 100%, by December 1, 2024, as per the timeline given below:

Particulars	December 1, 2020	December 1, 2021	December 1, 2022	December 1, 2023	December 1, 2024
Minimum LCR	50%	60%	70%	85%	100%

(i) Main LCR drivers and evolution of the contribution of inputs in LCR calculation over time

The Liquidity Coverage Ratio (LCR) is a crucial regulatory measure designed to support the stability and sound functioning of the financial system. Its primary objective is to enhance and streamline the short-term liquidity management of Non-Banking Financial Companies (NBFCs) by requiring them to maintain an adequate reserve of High-Quality Liquid Assets (HQLA). These assets should be sufficient to withstand a significant stress scenario lasting up to 30 days. By doing so, the LCR serves as a key safeguard against systemic contagion, helping to prevent the transmission of financial stress from the sector to the broader real economy.

The LCR calculation is primarily determined by the volume of High-Quality Liquid Assets (HQLA) and the projected net cash outflows under stress conditions over the subsequent 30 calendar days. This calculation is performed daily throughout the financial year. The numerator of LCR represents the quantum and composition of High Quality Liquid Assets (HQLA). The denominator of LCR represents the value of net cash outflows.

Cash Outflows

(a) Unsecured and secured wholesale funding

Borrowing Maturities falling due in the next 30 days form a major component of Cash Outflows. Commercial Papers form the major portion of unsecured funding. Bank Term loans and NCDs form the majority of secured wholesale funding maturities.

(b) Outflows related to derivative exposures and other collateral requirements

During the reporting period, the Company has entered into derivative transactions to hedge its balance sheet liability exposure. Accordingly, the net positive MTM and/or the net negative MTM have been considered as inflow and outflow in next 30 days respectively for the computation.

(c) Other contractual funding obligations

Other contractual funding obligations are taken from Trade Payable, Other financial liabilities, Current tax liabilities (net) and Other non-financial liabilities shown in the Balance Sheet which are expected to be paid in the next 30 days. Interest accrued on borrowings but not due, Trade payables, Book Overdrafts and Loans pending disbursement form a major portion of other contractual funding obligations.

Cash Outflows

(a) Secured lending

There is no secured lending transaction backed by HQLA during the reporting period and margin lending backed by all other collateral is included in the fully performing exposures.

(b) Inflows from fully performing exposures

Principal inflows and interest accrued from advances with no overdues due in the next 30 days are taken.

(c) Other inflows

For the LCR calculation, under other inflows, the major components are sanctioned but undrawn lines, non-HQLA investments maturing in next 30 days and receivables from collection agencies.

(ii) Intra period changes and changes over time

The Company endeavours to maintain a healthy level of LCR at all points of time. The LCR table shows the movement of changes in each component over the reporting period.

(iii) Composition of HQLA

The Company has made sufficient investments in the securities which are regarded as High Quality Liquid Assets (HQLA) in the form of Government securities (G Sec), Treasury Bills (T-Bills) and Commercial papers of AAA rated entities. The components considered for HQLA are as under:

₹ in Crore

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
T-Bills	1,614.05	956.36
G Sec	196.26	367.83
AAA rated securities	-	-
Cash & cash equivalent	310.19	28.34
Total	**2,120.50**	**1,352.53**

(iv) Concentration of funding sources

The Company has a diversified funding profile in the form of Bank term loans, Non-convertible debentures and External Commercial Borrowings which are long-term in nature and Commercial papers which are short term in nature. Also, the Company has availed Working Capital Demand loan (WCDL) and Cash credit (CC) lines from various Banks. The Company is a non-deposit taking NBFC and hence, reporting nil deposits. The Company has a wide array of investors / bankers who have funded the Company through various funding instruments.

(v) Derivative exposures and collateral calls

The Company did not indulge in derivative trading activities. However, the company has entered into derivative transactions to hedge its balance sheet liability exposure and has accordingly considered in its computation purposes.

(vi) Currency mismatches

The Company was not exposed to any major currency risk during the reporting period.

Notes:

1. The data is provided for as per the RBI guidelines mentioned above.
2. The quarterly average is calculated as the average of opening and closing balances of the relevant months of the respective quarters.
3. The components of LCR is arrived at by taking a stock approach whereby from the month end outstanding of each component (as financial records), the portion expected to be paid in the next 30 days is considered.
4. The components of HQLA are taken as per the Ind AS accounting standard. If the month-end falls on a non-working day, valuation of the HQLAs is as per the previous working day.
5. Given the revolving nature of CC, utilized portion of CC has not been considered as outflows.
6. Interest accrued but not due to be paid for the subsequent month is considered.

46.31 Public disclosure on liquidity risk in accordance with Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies as per the Master Direction–Reserve Bank of India (Non-Banking Financial Company–Scale Based Regulation) Directions, 2023.

(i) Funding Concentration based on significant counterparty (both deposits and borrowings)

		As at March 31, 2025		
Sr. No.	**Number of Significant Counterparties**	**Amount (₹in Crore)**	**% of Total deposits**	**% of Total Liabilities**
1	17	35,079.92	Not Applicable	72.46%

Note: Significant counterparty is as defined in RBI Circular RBI/2019-20/88 DOR.NBFC (PD) CC.No.102/03.10.001/2019-20 dated November 4, 2019 on Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies.

(ii) Top 20 large deposits

Particulars	**As at March 31, 2025**
Total deposits to twenty largest deposit holders	Not Applicable
Percentage of deposits to twenty largest deposit holders to Total deposits	Not Applicable

(iii) Top 10 borrowings

Particulars	**As at March 31, 2025**
Amount of top ten borrowings (₹in Crore)	28,496.68
Percentage of top ten borrowings to total borrowings	60.34%

(iv) Funding Concentration based on significant instrument/ product

Sr. No.	**Name of the instrument/product**	**As at March 31, 2025**	
		Amount(₹in Crore)	**% of Total Liabilities**
1	Rupee loans from Banks/ FIs	28,089.97	58.02%
2	Secured NCDs	2,331.95	4.82%
3	Subordinate liabilities	2,036.35	4.21%

Sr. No.	Name of the instrument/product	As at March 31, 2025	
		Amount(₹in Crore)	% of Total Liabilities
4	Compulsorily Convertible Preference Shares (CCPS)	2,884.36	5.96%
5	Commercial Paper	3,954.97	8.17%
6	External commercial borrowing/ Foreign Currency Loans	7,928.43	16.38%
	Total	**47,226.03**	**97.56%**

Note: Significant instrument/product is as defined in RBI Circular RBI/2019-20/88 DOR.NBFC (PD) CC.No.102/03.10.001/2019-20 dated November 4, 2019 on Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies.

(v) Stock Ratios

Sr. No.	Particulars	Total Public Funds	Total Liabilities	Total Assets
(a)	Commercial papers as a % of	8.92%	8.17%	7.31%
(b)	Non-convertible debentures (original maturity of less than one year) as a % of	Nil	Nil	Nil
(c)	Other short-term liabilities as a % of	43.27%	39.63%	35.45%

Note:

1. Other Short-term Liabilities is computed as current maturities of long-term debt, short-term bank borrowings including outstanding CC/WCDL and other short-term liabilities has been considered, but excludes commercial paper and Non-convertible debentures (original maturity of less than one year).

2. Public funds are as defined in Master Direction – Reserve Bank of India (Non-Banking Financial Company –Scale Based Regulation) Directions, 2023.

(vi) Institutional set-up for liquidity risk management

The Board through the Asset-Liability Management Committee (ALCO) shall have the overall responsibility for management of liquidity risk. The ALCO shall decide the strategy, policies and procedures to manage liquidity risk in accordance with the liquidity risk tolerance/limits decided from time to time.

The ALCO committee is responsible for framing, implementing and monitoring the Liquidity Risk Management Framework including the ALM framework. It is also responsible for ensuring adherence to the various limits set by the regulator, Board and Board Sub Committee.

46.32 Comparison between provisions required under IRACP and impairment allowances made under Ind AS 109 (as required in terms of Master Direction – Reserve Bank of India (Non-Banking Financial Company –Scale Based Regulation) Directions, 2023:

(v) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(vi) The Company has not been declared as Wilful Defaulter by any Bank or Financial Institution or other Lender.

(vii) The Company has not advanced or provided loan to or invested funds (either borrowed funds or share premium or any other sources or kind of funds) to any other persons or entities including foreign entities (Intermediaries) with the understanding (whether recorded in writing or otherwise) that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(viii) The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

Note 50

As per the requirements of rule 3(1) of the Companies (Accounts) Rules 2014, the Company uses only such accounting software for maintaining its books of account that have a feature of recording audit trail of each and every transaction creating an edit log of each change made in the books of account along with the date when such changes were made within such accounting software. This feature of recording audit trail has operated throughout the year and was not tampered with during the year except in respect of three accounting softwares used for loan management system, where the audit log at database level enabled through privilege access management (PAM) tool do not capture details of what changes are made and logs are not being retained throughout the year. Further, in respect of payroll processing software, independent auditor's system and organization controls report does not cover the audit trail requirement. The Company has established and maintained an adequate internal control framework and based on its assessment, believes that this was effective as of March 31, 2025.

Additionally, the audit trail that was enabled and operated for the year ended March 31, 2024, has been preserved by the Company as per the statutory requirements for record retention.

Note 51 : Capital

The Company maintains an actively managed capital base to cover risks inherent in the business and is meeting the capital adequacy requirements of the Reserve Bank of India (RBI) of India. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI. The Company has complied in full with all its externally imposed capital requirements over the reported period.

51.1 Capital management

The primary objectives of the Company's capital management policy are to ensure that the Company complies with regulatory capital requirements. The Company ensures adequate capital at all time and manages its business in a way in which capital is protected, satisfactory business growth is ensured, cash flow are monitored, borrowing covenants are honoured and ratings are maintained.

Regulatory capital- related information is presented as part of the RBI mandated disclosures. The RBI norms require capital to be maintained at prescribed level. In accordance with such norms, Tier I capital of the Company comprises of share capital, share premium, retained earnings, general reserve, statutory reserve, employee stock options outstanding account less deferred revenue expenditure, deferred tax assets and intangible assets (excluding right-of-use assets). The other component of regulatory capital is Tier II Capital Instruments, which include subordinate debt and impairment allowance on loans for stage 1 to the extent the same does not exceed 1.25 % of Risk Weight Assets. There were no changes in capital management process during the period presented.

51.2 Regulatory Capital

Refer note no 46.1 for regulatory capital.

Note 52 : There are no loan against gold portfolio as at March 31, 2025 and March 31, 2024.

Note 53 : The Company has reclassified/regrouped previous year figures to conform to the current year's classification, wherever applicable.

INDEPENDENT AUDITOR'S REPORT
To The Members of Hero FinCorp Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Hero Fincorp Limited ("the Holding Company") and its subsidiary, (the Holding Company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2025 and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended on that date, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of the other auditors on separate financial statements of the subsidiary referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025 and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their report referred to in the sub-paragraphs (a) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Key audit matter	How the key audit matter was addressed in our Audit
Assessment of impairment loss allowance basis expected credit losses (ECL) on Loans **(Refer Notes 8, 30 and 44.2 of the consolidated financial statements)** The loan balances aggregating to Rs. 54,017.42 crores (excluding CROMS balances) and the associated impairment allowances aggregating to Rs. 2,205.31 crores as at March 31, 2025 are significant to the consolidated financial statements and involve exercise of judgement by the management of the Holding Company around the determination of the impairment allowance in line with the Expected Credit Loss ('ECL') model specified under Ind AS 109 'Financial Instruments'. Impairment allowances under the ECL model include management's estimate of the expected losses within the loan portfolios at the balance sheet date and involves judgement in two main variables, viz. 'Probability of Default' and 'Loss Given Default' as specified under Ind AS 109. Quantitative factors like days past due, behaviour of the portfolio, historical losses incurred on defaults and macro-economic data points and qualitative factors like nature of the underlying loan, deterioration in credit quality, reduction in the value of security, correlation of macro-economic variables to determine expected losses, uncertainty over realisability of security, judgement in relation to management overlays and related Reserve Bank of India (RBI) guidelines, to the extent applicable, etc. have been taken into account in the ECL computation. In view of significant management judgement and estimates, and the complexity of the ECL model, we determined this to be a key audit matter.	The audit procedures performed by us and auditor of Subsidiary Company ("Component auditor") to assess appropriateness of the impairment allowance under ECL on loans included the following: • We understood and evaluated the design and tested the operating effectiveness of the key controls put in place by the management over: i. the assumptions used in the calculation of ECL and its various aspects such as determination of Probability of Default, Loss Given Default, Exposure at Default, Staging of Loans, etc.; ii. the completeness and accuracy of source data used by the management in the ECL computation; and iii. Computation of ECL. • We, verified the appropriateness of the methodology and models used by the Holding Company and reasonableness of the assumptions used within the computation process to derive the impairment allowance in line with the Board approved ECL policy; • We verified on a test check basis the completeness and accuracy of the source data used; • We recomputed the impairment allowance for a sample of loans across the portfolio, to check arithmetical accuracy and compliance with the requirements of Ind AS 109 in the ECL computation; • We evaluated the reasonableness of the judgement involved in management overlays forming part of the impairment allowance, and the related approvals; and • We evaluated the adequacy of presentation and disclosures in relation to impairment loss allowance in the standalone financial statements of the Holding Company. This matter has been identified as KAM by the component auditors also. The Component auditors have reported to us that they have performed these procedures.

Information technology and general controls: The Holding Company is dependent on its information technology ('IT') systems due to the significant number of transactions that are processed daily across such multiple and discrete IT systems. Also, IT application controls are critical to ensure that changes to applications and underlying data are made in an appropriate manner and under controlled environment. Appropriate controls contribute to mitigating the risk of potential fraud or errors as a result of changes to applications and data. On account of the pervasive use of its IT systems, the testing of the general computer controls of the IT systems used in financial reporting has been considered to be a key audit matter.	With the assistance of our IT specialists, we obtained an understanding of the Holding Company's IT applications, databases and operating systems relevant to financial reporting and the control environment. For these elements of the IT infrastructure the areas of our focus included access security (including controls over privileged access), program change controls, database management and network operations. In particular: • We tested the design, implementation, and operating effectiveness of the Holding Company's general IT controls over the IT systems relevant to financial reporting. This included evaluation of Holding Company's controls over segregation of duties and access rights being provisioned/modified based on duly approved requests, access for exit cases being revoked in a timely manner and access of all users being recertified during the period of audit. • We also tested key automated business cycle controls and logic for the reports generated through the IT infrastructure that were relevant for financial reporting or were used in the exercise of internal financial controls with reference to standalone financial statements. Our tests included testing of the compensating controls or alternate procedures to assess whether there were any unaddressed IT risks that would materially impact the standalone financial statements.
Valuation of Financial Instruments (Level 3) issued by the Company **Refer notes (18, 29 and 43) to the consolidated financial statements** The Company has issued financial instruments which are measured at fair value in accordance with the fair value hierarchy as specified in Ind-AS 113 'Fair Value Measurement' and the corresponding fair value change is recognised in the Statement of Profit and Loss. These financial instruments are categorised as Level 3 in the fair valuation hierarchy, as their valuation is based on inputs which are not observable either directly or indirectly. At March 31, 2025, the Company reported fair value of CCPS for Rs. 2,884.36 crores and corresponding net loss on fair value change of Rs. 333.12 crores for the year then ended.	The audit procedures performed by us with respect to this matter included the following: • We understood and evaluated the design and tested the operating effectiveness of the controls in relation to the valuation of financial instruments categorised as Level 3 in the fair valuation hierarchy. • We read the terms of agreement to identify conditions that were relevant to the classification and valuation of financial instruments.

The valuation of these financial instruments involves judgement around the determination of the fair value in line with the requirements of the Ind AS 109 "Financial Instruments" and Ind AS 113. The management has engaged valuation experts (management's experts) for determination of fair values, which involves selection of appropriate valuation methodology, and use of assumptions in relation to inputs to the valuation model. In view of the complexity of the valuation methodology and inherent subjectivity in the valuation of Level 3 instruments, this has been considered as a key audit matter.	• We obtained and read the valuation report of the management's experts used by the Company to determine fair value, and assessed their competence, capability and objectivity. • With the involvement of the internal experts, we reviewed the reasonableness of the valuation methodology and key assumptions used by the management's experts in determining the fair valuation. Further, we tested the arithmetical accuracy of the underlying model used in determination of fair value. • We evaluated the appropriateness and adequacy of disclosures made by the Management in relation to financial instruments in the standalone financial statements.

Information other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. Annual report is expected to be made available to us after the date of this auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, identified above when it becomes available, compare with the financial statements of the subsidiary, to the extent it relates to this entity and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiary, is traced from their financial statements audited by the other auditors.

When we read the Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and

prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entity within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entity included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by the other auditor, such other auditor remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of subsidiary, whose financial statements reflect total assets of Rs. 6,720.01 crores as at March 31, 2025, total revenues of Rs. 762.58 crores and net cash outflows amounting to Rs. 69.33 crores for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditor whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary is based solely on the report of the other auditor.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor.

The consolidated financial statements of the Holding Company for the year ended March 31, 2024, were audited by other auditor who expressed an unmodified opinion on those statements on May 03, 2024.

Our opinion on the consolidated financial statements is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditor on the separate financial statements/ financial information of the subsidiary referred to in the Other Matters section above we report, to the extent applicable that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

(b) In our opinion, proper books of account as required by law maintained by the Group including relevant records relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditor.

(c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

(d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Company and the reports of the statutory auditor of its subsidiary company, none of the directors of the Group companies is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate report in "Annexure A" which is based on the auditors' reports of the Holding Company and subsidiary company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to consolidated financial statements of those companies.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the auditor's report of subsidiary company, the remuneration paid by the Holding Company and such subsidiary company to their respective directors during the year is in accordance with the provisions of section 197 of the Act.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group - Refer Note 38.2 to the consolidated financial statements;

ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 6, 7, 8, 10, 30 and Note 44.2.3 to the consolidated financial statements;

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. Based on the report of the other auditor, there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the subsidiary company

iv. (a) The respective Managements of the Holding Company and its subsidiary, whose financial statements have been audited under the Act, have represented to us and to the other auditor of such subsidiary respectively that, to the best of their knowledge and belief, as disclosed in the note 47(vii) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or such subsidiary, to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or such subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The respective Managements of the Holding Company and its subsidiary, whose financial statements have been audited under the Act, have represented to us and to the other auditor of such subsidiary respectively that, to the best of their knowledge and belief, as disclosed in the note 47(viii) to the consolidated financial statements, no funds have been received by the Holding Company or such subsidiary from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or such subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditor of the subsidiary, nothing has come to our or other auditor's notice that has caused us or the other auditor to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The final dividend proposed in the previous year, declared and paid by the Holding Company, whose financial statements have been audited under the Act, during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 46 to the consolidated financial statements, the Board of Directors of the Holding Company, whose financial statements have been audited under the Act, have proposed final dividend for the year which is subject to the approval of the members of the Holding Company at the ensuing respective Annual General Meetings. Such dividend proposed is in accordance with section 123 of the Act, as applicable.

Based on the report of the other auditor, the subsidiary company, which is company incorporated in India, whose financial statements have been audited under the Act, have not declared or paid any dividend during the year and have not proposed final dividend for the year.

vi. Based on our examination, which included test checks, and based on the other auditor's report of its subsidiary company incorporated in India whose financial statements have been audited under the Act, the Holding Company and its subsidiary company has used accounting softwares for maintaining its books of account for the financial year ended March 31, 2025:

(a) In respect of one software, has the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we and other auditor, whose report has been furnished to us by the Management of the Holding Company, have not come across any instance of the audit trail feature being tampered with.

Additionally audit trail has been preserved by the Holding Company and above referred subsidiary company as per the statutory requirements for record retention in respect of above software.

(b) The other accounting softwares used for loan management system (LMS), the audit trail feature was enabled at the application level and operated for all relevant transactions recorded in such software. The audit trail feature at the database level have been enabled through a privilege access management (PAM) tool, which logs direct data changes except for details of what are the changes made and logs are not being retained throughout the year. Accordingly, for database level, we and other auditor, whose report has been furnished to us by the Management of the Holding Company, are unable to comment whether audit trail was enabled or there were any instances of the audit trail feature being tampered with throughout the year. Further, in respect of subsidiary, one of the accounting software used by for LMS, the audit log is not maintained for changes at the database level to log any direct data changes, as reported by the other auditor.

Additionally, the audit trail that was enabled and operated for the year ended March 31, 2024 at the application level, has been preserved by the Holding Company and above referred subsidiary company as per the statutory requirements for record retention.

(c) In respect of an accounting software used by the Holding Company and operated by a third party software service provider, for maintaining payroll records, in the absence of an independent auditor's system and organization controls report covering the audit trail requirement, we are unable to comment whether the audit trail feature was enabled and operated throughout the year for all relevant transactions recorded in the software, and whether there were any instances of audit trail feature been tampered with, and the audit trail logs being preserved by the Holding Company as per the statutory requirements for record retention.

With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditor of subsidiary company included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Holding Company, we report that there are no qualifications or adverse remarks by the auditor in the CARO reports of the said company included in the consolidated financial statements.

Annexure "A" to the Independent Auditor's Report

(Referred to in paragraph 1(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as at and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of Hero FinCorp Limited (hereinafter referred to as "Holding Company") and its subsidiary which is company incorporated in India, as of that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The respective Company's management and Board of Directors of the Holding Company and its subsidiary which is company incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of the subsidiary company in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary which is company incorporated in India.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor referred to in the Other Matters paragraph below, Holding Company and its subsidiary company which is company incorporated in India have, in all material respects, maintained adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, the criteria for internal financial control with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to the subsidiary company, which is company incorporated in India, is based solely on the corresponding report of the auditor of such company incorporated in India.

Our opinion is not modified in respect of the above matters.

Notes to consolidated financial Statement for the year ended March 31, 2025

Note 1: Corporate information

Hero FinCorp Limited ("the Holding Company" or "the Company") is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956 on December 16, 1991. The Holding Company is registered as a Non-Banking financial (Non deposit accepting) Company, engaged in the business of financing, leasing, bill discounting and related financial services, with the Reserve Bank of India (Registration No. 14.00266). The Holding Company also registered as a corporate agent under the IRDAI (Registration of Corporate Agents) Regulations, 2015 and the Insurance Regulatory and Development Authority Act, 1999 (Registration No. CA0474 valid till March 21, 2026). The address of the Holding Company's registered office is 34, Community Centre, Basant Lok, Vasant Vihar, New Delhi - 110057, India. Hero Housing Finance Limited is the subsidiary of the Holding Company which is registered as a Housing Finance Company with National Housing Bank (NHB).

Note 2: Basis of preparation

2.1 Statement of Compliance

These consolidated financial statements (herein after referred to as "consolidated financial statements" or "financial statements") of Hero FinCorp Limited and its subsidiary ("the Group") have been prepared in accordance with the Indian Accounting Standard (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) notified under Section 133 of Companies Act, 2013 (the 'Act'), other relevant provisions of the Act , Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 and directives and guidelines issued by National Housing Bank to the extent applicable.

The accounting policies set out below have been applied consistently to the periods presented in these consolidated financial statements.

The consolidated financial statements were authorized for issue by the Company's Board of Directors on April 29, 2025.

2.2 Basis of measurement and presentation

These consolidated financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities that are measured at fair value (refer to accounting policies) such as defined benefit plans and other long term employee benefit plans measured at fair value, financial instruments carried at fair value through profit or loss and share-based payments. The method used to measured fair value are discussed further in notes to consolidated financial statements.

The Consolidated Balance Sheet, the Consolidated Statement of Change in Equity and the Consolidated Statement of Profit and Loss is presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non-Banking Financial Companies ('NBFCs") that are required to comply with Ind AS. The Consolidated Statement of Cash Flows has been presented as per the requirements of Ind AS 7, Statement of Cash Flows.

The consolidated financial statements are prepared on a going concern basis as the Management is satisfied that the Group shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

2.3 New Accounting Standards issued but not effective /Recent Accounting Developments

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. There are no such notification issued till March 31, 2025 which would have been applicable from April 01, 2025 or afterwards.

2.4 Basis of consolidation

The Company is able to exercise control over the operating decisions of the investee company, resulting in variable returns to the Company, and accordingly, the same has been classified as investment in subsidiary and line by line by consolidation has been carried under the principles of consolidation. The Consolidated financial statements of the Group have been prepared on the following basis:

a) The financial statements of the subsidiary used in the consolidation are drawn up to the same reporting date as that of the Holding Company i.e. March 31, 2025.

b) The Financial statements of the Holding Company and its subsidiary have been combined on a line-by-line basis by adding together like items of asset, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and resulting unrealized profit or losses, unless cost cannot be recovered.

c) Non-controlling interest (NCI) in the net assets of the subsidiary consist of the amount of equity attributable to the minority shareholders at the date on which investment in the subsidiary were made and further movement in their share in the equity, subsequent to the dates of investments. Net profit/ loss for the year of subsidiary attributable to NCI is identified and adjusted against the profit after tax of the Group to arrive at the profit attributable to shareholders of the Group.

d) Following subsidiary company has been considered in the presentation of the consolidated financial statements:

Name of the entity	Relationship	Country of incorporation	Ownership held by	% of shareholding
Hero Housing Finance Limited	Subsidiary	India	Company	99.10%

e) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are prepared to the extent possible, for all significant matters in the same manner as the Company's separate financial statements.

2.5 Functional and presentation currency

Items included in the financial statements of each of the group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency').

These consolidated financial statements are prepared in Indian Rupees (INR), which is the functional and presentation currency of the Holding Company. All financial information presented in INR has been rounded to the nearest crores and two decimals thereof, except as stated otherwise.

2.6 Use of estimates and judgments

In the preparation of these financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenues and expenses. Actual results may not be in line with these estimates. The estimates and underlying assumptions are under ongoing consideration. Revisions to accounting estimates are recognized prospectively.

Judgements, assumptions and estimation uncertainties

In the process of applying the Group's accounting policies, management has made the following estimates and judgments, which have a significant impact on the carrying amount of assets and liabilities at each balance sheet date:

Business model assessment

Classification of financial assets: assessment of business model within which the assets are held and assessment of whether the contractual terms of the financial asset are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortized cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is carried out in establishing fair values. Judgments and estimates take into account liquidity and model inputs associated with such items as credit risk (own and counterparty), funding value adjustments, correlation and volatility.

Impairment of financial instruments:

When determining whether the risk of default on a financial instrument has increased significantly since initial recognition, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based upon the Group's historical experience (to the extent available) and credit assessment and including forward looking information.

The Group establishes criteria for determining whether credit risk of the financial assets has increased significantly since initial recognition, determines methodology for incorporating forward looking information into the measurement of expected credit loss ('ECL') and selection of models used to measure ECL.

Income on derecognized (assigned) loans

Gains arising out of direct assignment transactions comprises of the difference between interest on the loan portfolio and the applicable rate at which the direct assignment is

entered into with the assignee, also known as the right of excess interest spread (EIS). The future EIS basis the scheduled cash flow on execution of the transaction, discounted at the applicable rate is recorded upfront in the statement of profit and loss.

Effective Interest Rate (EIR) method

The Group EIR methodology, recognizes interest income/ expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans given / taken and recognizes the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behavior and lifecycle of the instruments, as well expected changes to Group's base rate and other fee income/expense that are integral parts of the instrument.

Measurement of defined benefit obligations: key actuarial assumptions

The measurement of obligations related to defined benefit plans requires to use several statistical and other factors that attempt to anticipate future events. These factors include assumptions about the discount rate, the rate of future compensation increases, withdrawal rate, mortality rates etc. The management has used the past trends and future expectations in determining the assumptions which are used in measurements of obligations.

Recognition of deferred tax assets: The Holding Company has recognized deferred tax assets/ (liabilities) and concluded that the deferred tax assets will be recoverable using the estimated future taxable income based on the experience and future projections. The Company is expected to generate adequate taxable income for liquidating these assets in due course of time.

The Subsidiary Company while determining whether deferred tax assets should be recognized the Company do the assessment based on the taxable projections whether future taxable income will be available against which unused tax losses and tax credits will be used. Considering existence of unused tax losses / credits, the Subsidiary Company has done the assessment and recognized deferred tax assets/ (liabilities) only to the extent it is probable that future taxable profits will be made available against unused tax losses and credits can be used.

Measurement of Provisions and contingencies: The Holding Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in statutory litigation in the ordinary course of the Holding Company's business. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Holding Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

2.7 Measurement of fair value

The Group's certain accounting policies and disclosures require fair value measurement, for financial assets and liabilities. The Group has an established control framework with respect to the measurement of fair values.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data to the extent possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Note 3: Material accounting policies

(a) Financial instruments

Initial recognition and measurement

Financial assets and liabilities are initially recognized at the trading date, i.e., which is the date on which the Group becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial assets - Classification

On initial recognition, a financial asset is classified as measured at either of:

- Amortized cost
- Fair value through other comprehensive income (FVTOCI)
- Fair value through profit or loss (FVTPL)

Financial assets are not reclassified after initial recognition, except if and during the period in which the Group changes its financial asset's business model.

A financial asset being 'debt instrument' is measured at the amortized cost, only if both of the following conditions are met and is not designated as at FVTPL:

- The financial asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

A financial asset being 'debt instrument' is measured at the FVTOCI if both of the following criteria are met and is not designated as at FVTPL:

- The asset is held within the business model, whose objective is achieved both by collecting contractual cash flows and selling the financial assets, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Group may irrevocably designate a

financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets – Business model assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realizing cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed; how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

If cash flows after initial recognition are realized in a way that is different from the original expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest:

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Group claim to cash flows from specified assets (e.g. non- recourse features).

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in the consolidated Statement of Profit and Loss.

Financial assets at amortized cost

These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in the consolidated Statement of Profit and Loss. Any gain or loss on derecognition is recognized in the consolidated Statement of Profit and Loss.

Debt investments at FVOCI

These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognized in Statement of Profit and Loss. Other net gains and losses are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to the consolidated Statement of Profit and Loss.

Equity investments at FVOCI

These assets are subsequently measured at fair value. Dividends are recognized as income in Statement of Profit and Loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are not reclassified to the consolidated Statement of Profit and Loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in Statement of Profit and Loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in Statement of Profit and Loss. Any gain or loss on derecognition is also recognized in the consolidated Statement of Profit and Loss. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Derecognition

Financial asset – Derecognition due to substantial modification of terms and conditions

The Group derecognizes a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognized as derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognized loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be purchased or originated credit impaired (POCI).

However, if the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Group records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

Financial asset – Derecognition other than due to modification of terms and conditions

A financial asset, such as a loan to a customer, is derecognized only when:

- the Group has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the Group has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognized in the Statement of Profit and Loss.

Collateral Repossession

The Group provides mortgage loans to individuals and Corporates. To mitigate the credit risk on financial assets, the Group seeks to use collateral, where possible as per the powers conferred on the Housing Finance Companies under the Securitisation and Reconstruction of Financial Assets and Enforcement of Securities Interest Act, 2002 ("SARFAESI").

In its normal course of business upon account becoming credit impaired, the Group physically repossess properties in its portfolio. Any surplus funds are returned to the customers/ obligors. As a result of this practice, the properties under legal repossession processes are not recorded on the balance sheet and not treated as non–current assets held for sale.

Derecognition - Financial liability

The Group derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire. The Group also derecognizes a financial liability when its terms are amended and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in the consolidated Statement of Profit and Loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

(b) Impairment of financial assets

The Group recognizes loss allowances for expected credit losses on financial assets measured at amortized cost and financial assets measured at FVOCI- debt investments. At each reporting date, the Group assesses whether financial assets carried at amortized cost and debt securities at FVOCI are credit impaired. A financial asset is an "impaired credit" where one or more events that adversely impact the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- breach of contract such as a default or being past due.
- the restructuring of a loan by the Group on terms that the Group would not consider otherwise; or
- it is becoming probable that the borrower will enter bankruptcy or other financial re-organization;

The Group applies the ECL model in accordance with Ind AS 109 for recognizing impairment loss on financial assets. For recognizing impairment loss, the Group determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly,12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used.

ECL is calculated on a collective basis for certain products, considering the retail nature of the underlying portfolio of financial assets.

The impairment methodology applied depends on whether there has been significant increase in credit risk. When determining whether the risk of default on the financial asset has increased significantly since initial recognition, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on a provision matrix which takes into account the Group historical credit loss experience, current economic conditions, forward looking information and scenario analysis.

The expected credit loss is a product of exposure at default ('EAD'), probability of default ('PD') and loss given default ('LGD'). Accordingly, the financial assets have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial asset.

- Stage 1 (without significant increase in credit risk since initial recognition):

  ECL resulting from default events that are possible in the next 12 months are recognised for financial assets in stage 1. The Company has ascertained default possibilities on past behavioral trends witnessed for each homogenous portfolio using behavioral analysis and other performance indicators, determined statistically.
- Stage 2 (significant increase in credit risk):

  The Company considers loan accounts, which are overdue for more than 30 days but up to 90 days as on the reporting date as an indication of significant increase in credit risk.

  The measurement of risk of defaults under stage 2 is computed on homogenous portfolios, generally by nature of loans, and borrower profiles. The default risk is assessed using PD (probability of default) derived from past behavioral trends of default across the identified homogenous portfolios. The assessed PDs are then aligned considering future economic conditions that are determined to have a bearing on ECL.
- Stage 3 (credit impaired assets):

  The Company recognises a financial asset to be credit impaired and in stage 3 by considering relevant objective evidence, primarily whether:

  - Contractual payments of principal and/or interest are past due for more than 90 days;
  - The loan is otherwise considered to be in default.

- Loan accounts where principal and/or interest are past due for more than 90 days along with all other loan accounts of that customer, continue to be classified as stage 3, till overdue across all loan accounts are cleared.
- Restructured loans where repayment terms are renegotiated as compared to the original contracted terms due to significant credit distress of the borrower are classified as credit impaired. Such loans are upgraded to stage 1 if-
  a. The loan which was restructured is not in default during the specified period as per applicable regulatory guidelines
  b. Other loans of such customer are not in default during this period.
- Fraud cases are classified as credit impaired irrespective of their DPDs.

The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD). ECL is calculated by multiplying the PD, LGD and EAD and adjusted for time value of money using a rate which is a reasonable approximation of EIR.

- Determination of PD is covered above for each stages of ECL.
- EAD represents the expected balance at default, taking into account the repayment of principal and interest from the Balance Sheet date (together with any expected drawdowns of committed facilities).
- LGD represents expected losses in the event of default, taking into account, among other attributes, the actual recovery adjusted for time value of money and the mitigating effect of collateral value with a suitable haircut.

The Company recalibrates above components of its ECL model on a periodical basis by using the available incremental and recent information, except where this information does not represent the future outcome. Further, the Company assesses changes required to its statistical techniques for a granular estimation of ECL.

The Group incorporates forward looking information into both assessments of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL.

The measurement of impairment losses across all categories of financial assets requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. The Group ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. The Group regularly reviews its models in the context of actual loss experience and make adjustments when such differences are significantly material.

The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

After initial recognition, trade receivables and other financial assets are subsequently measured at amortized cost using the effective interest method, less provision for impairment. The Group follows the simplified approach required by Ind AS 109 for recognition of impairment loss allowance on trade receivables and other financial assets, which requires lifetime ECL to be recognized at each reporting date, right from initial recognition of the receivables.

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

Write-offs

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the procedures for recovery of amounts due.

(c) Cash and cash equivalents

Cash and cash equivalent in the consolidated balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(d) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are presented as financial liabilities. They are recognised initially at their transaction price, net of transaction costs, and subsequently measured at amortized cost using the effective interest method where the time value of money is significant.

(e) Property, plant and equipment

Initial recognition and measurement

The cost of an item of Property, plant and equipment is recognized as an asset if, and only if:

- it is probable that future economic benefits associated with the item will flow to the entity; and
- the cost of the item can be measured reliably.

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located.

Gains or losses arising from the retirement or disposal of a property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognized as income or expense in the Consolidated Statement of Profit and Loss.

The cost of fixed assets not ready for their intended use is recorded as capital work-in-progress before such date. Cost of construction that relate directly to specific fixed assets and that are attributable to construction activity in general and can be allocated to specific fixed assets are included in capital work-in-progress.

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method as per useful life prescribed in Schedule II of the Act, and is generally recognized in the statement of profit and loss. Depreciation/ amortization is charged on a pro-rata basis for assets acquired/sold during the year from/to the date of acquisition/sale.

Based on technical evaluation and assessment of useful lives, the management believes that its estimate of useful lives represent the period over which management expects to use these assets.

Depreciation method, assets residual values and useful lives are reviewed at each financial year end considering the physical condition of the assets for review and adjusted residual life prospectively.

(f) Intangible assets

Initial recognition and measurement

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. The cost of such assets includes purchase price, licensee fee, import duties and other taxes and any directly attributable expenditure to bring the assets to their working condition for intended use. The Group other intangible assets mainly include the value of computer software.

Amortization methods, estimated useful lives and residual value

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortized over the useful economic life. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortization period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortization expense of intangible assets with finite lives is presented as a separate line item in the consolidated statement of profit and loss.

Amortization is calculated using the straight–line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortized on a straight line basis over a period of 6 years, unless it has a shorter useful life.

Subsequent expenditure is recognized as an increase in the carrying amount of the assets are carried when it is probable that future economic benefit deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

(g) Impairment of non–financial assets

The Group's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For assets that are not yet available for use, the recoverable amount is estimated at each reporting date.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognized if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the consolidated statement of profit and loss. Impairment losses recognized in respect of CGUs are reduced from the carrying amounts of the assets of the CGU.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

(h) Provisions and contingencies

A provision is recognized if, as a result of a past event, the Group has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as finance cost.

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. are recognized when it is probable that a liability has been incurred, and the amount can be estimated reliably. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of an outflow of resources is remote.

Contingent assets are not recognized in the consolidated financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the year in which the change occurs.

(i) Revenue recognition

Interest income

Interest income on a financial asset at amortized cost is recognized on a time proportion bases taking into account the amount outstanding and the effective interest rate ('EIR'). The EIR is the rate that exactly discounts estimated future cash flows of the financial asset through the expected life of the financial asset or, where appropriate, a shorter period, to the net carrying amount of the financial instrument. The internal rate of return on financial asset after netting off the fee received and cost incurred approximates the effective interest rate for the financial asset. The future cash flows are estimated taking into account all the contractual terms of the instrument.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortized cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets (regarded as 'Stage 3') the interest income is calculated by applying the EIR to the amortized cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for ECLs). If the financial asset is no longer credit impaired i.e. all the outstanding dues are recovered, the company reverts to calculating interest income on a gross basis.

Other financial charges

Penal interest or other overdue charges which are not included in EIR are recognized on receipt basis.

Gain on derecognition of financial instruments under amortised cost category

Gains arising out of direct assignment transactions comprises of the difference between interest on the loan portfolio and the applicable rate at which the direct assignment is entered into with the assignee, also known as the right of excess interest spread (EIS). The future EIS basis the scheduled cash flow on execution of the transaction, discounted at the applicable rate is recorded upfront in the statement of profit and loss.

Other Income

The Group recognizes revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial Instruments' is applicable) based on a comprehensive assessment model as set out in Ind AS 115 'Revenue from contracts with customers. The Group identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and recognizes revenue only on satisfactory completion of performance obligations.

Net gain/ (loss) on fair value changes

Financial assets are subsequently measured at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI), as applicable. The Group recognizes gains/ losses on fair value change of financial assets measured as FVTPL and realised gains/ losses on derecognition of financial asset measured at FVTPL and FVOCI.

(j) Employee benefits

Short term employee benefits

Short term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. Benefits such as salaries, wages and bonuses etc., are recognized in the Statement of Profit and Loss in the period in which the employee provides the related service.

Post-employment benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts.

Provident Fund: Provident fund is a defined contribution plan. The Group expenses its contributions towards provident fund which are being deposited with the Regional Provident Fund Commissioner.

Superannuation Fund: Contributions are made to a scheme administered by the Life Insurance Corporation of India to discharge superannuating liabilities to the employees, a defined contribution plan, and the same is expensed to the Consolidated Statement of Profit and Loss. The Group has no liability other than its annual contribution.

Defined benefit plans

The Group's gratuity scheme is an unfunded defined benefit plan. The Group pays gratuity to employees who retire or resign after a minimum period of five years of continuous service. The present value of obligations under such defined benefit plans are based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit

Method, which recognize each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rate used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity period approximating to the terms of related obligations.

The change in defined benefit plan liability is split into changes arising out of service, interest cost and re-measurements. Changes due to service cost and net interest cost / income is recognized in the statement of profit and loss. Re-measurements of net defined benefit liability/ (asset) which comprise of actuarial gains and losses are recognized in other comprehensive income:

Other long term employee benefits

Benefits under compensated absences constitute other employee benefits. Employee entitlements to annual leave are recognized when they accrue to the eligible employees. An accrual is made for the estimated liability for annual leave as a result of services provided by the eligible employees up to the Balance Sheet date. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

Expenses are recognized immediately in the Consolidated Statement of Profit and Loss.

Share based payments

The Group recognizes compensation expense relating to share-based payments in net profit using fair value in accordance with Ind AS 102 - Share-based Payment. The estimated fair value of awards is charged to income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding amount.

Equity-settled share-based payments:

The cost is recognized in employee benefits expenses together with a corresponding increase in employee stock option outstanding account in other equity, over the period in which the service conditions are fulfilled. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has not expired and the Group's best estimate of the number of equity instruments that will ultimately vest.

Service conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Non–market performance conditions are reflected within the grant date fair value.

No expense is recognized for awards that do not ultimately vest because non-market performance and/or service conditions are not met.

Cash-settled share-based payments:

For cash-settled share-based payments, the fair value of the amount payable to employees is recognised as 'employee benefit expenses' with a corresponding increase in liabilities, over the vesting period on straight line basis. The liability is re-measured at each reporting period up to, and including the settlement date, with changes in fair value recognised in employee benefits expenses.

(k) Leases

Determining whether an arrangement contains a lease

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of

Ind AS 116. At inception of an arrangement, it is determined whether the arrangement is or contains a lease. At inception or on reassessment of the arrangement that contains a lease, the payments and other consideration required by such an arrangement are separated into those for the lease and those for other elements on the basis of their relative fair values.

Group as a lessee

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using incremental borrowing rates. Lease liability and ROU asset have been separately presented in the Balance Sheet.

Group as a lessor

Leases where the Group does not transfer substantially all of the risk and benefits of ownership of the asset are classified as operating leases. Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the Consolidated statement of profit or loss, . Initial direct costs incurred in negotiating operating leases are added to the carrying amount of the leased asset and recognize over the lease term on the same basis as rental income.

(l) Taxes

Current tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Group operates and generates taxable income.

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the tax payable on the taxable income or loss for the year and any adjustment to the tax payable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset at Company level only if, the Company:

- has a legally enforceable right to set off the recognized amounts; and
- intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is provided in full, using the balance sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized for all deductible temporary differences only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Holding Company and its subsidiary has recognized deferred tax asset only to the extent that they have sufficient taxable temporary differences or there is convincing evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized.

Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

In respect of tax deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

Goods and services tax input credit

Goods and services tax input credit is recognized in the books of account in the period in which the supply of goods or service is received and when there is no uncertainty in availing/utilizing the credits.

Expenses and assets are recognized net of the goods and services tax/value-added taxes paid, except:

- When the tax incurred on a purchase of assets or receipt of services is not recoverable from the taxation authority, in which case, the tax paid is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of tax included.

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

(m) Foreign Currency Transactions & Balances

Items included in the financial statements of each of the group's entities are measured using the currency of the primary economic environment in which the entity operates ('the

functional currency'). Transactions in foreign currencies are translated into the functional currency of the Holding Company at the exchange rates prevailing on the date of the transaction. Exchange differences arising due to the differences in the exchange rate between the transaction date and the date of settlement of any monetary items are taken to the statement of profit and loss. Monetary assets and monetary liabilities denominated in foreign currency are translated at the exchange rate prevalent at the date of the Balance Sheet and resultant gain/ loss is taken to the Consolidated Statement of Profit and Loss.

(n) Dividends on ordinary shares

The Group recognizes a liability to make cash or non-cash distributions to equity holders of the parent when the distribution is authorized and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is allowed when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

(o) Borrowing at amortised cost

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings

are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in Statement of Profit and Loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs and amortized over the period of the facility to which it relates.

(p) Derivative financial instruments

The Group enters into derivative financial instruments to manage its exposure to interest

rate risk and foreign exchange rate risk. Derivatives held include foreign exchange forward contracts, interest rate swaps and cross currency interest rate swaps.

Derivatives are initially recognised at fair value at the date of a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship. The Group designates certain derivatives as hedges of highly probable forecast transactions (cash flow hedges). A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability.

Hedge accounting policy

The Group makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the Group applies hedge accounting for transactions that meet specific criteria. At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Group's risk management objective and strategy for undertaking hedge, the hedging / economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the Group would assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an on-going basis to determine that they actually have been

highly effective throughout the financial reporting periods for which they were designated.

Cash Flow Hedges

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in Finance Cost in the statement of profit and loss.

When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the statement of profit and loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the statement of profit and loss.

The Group's hedging policy only allows for effective hedging relationships to be considered as hedges as per the relevant Ind-AS. Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument. The Group enters into hedge relationships where the critical terms of the hedging instrument match with the terms of the hedged item, and so a qualitative and quantitative assessment of effectiveness is performed.

(q) Earnings per share

Basic earnings per share are computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares, expect where the results are anti-dilutive.

(r) Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group other components, and for which discrete financial information is available.

Total		**-**	**-**	**-**	**-**	**-**	**-**	**1**	**300.00**	**297.74**

18.6 During the year ended March 31, 2023, the Holding Company had allotted 3,63,63,636 Compulsorily Convertible Preference Shares (CCPS) (comprising of 1,70,36,363 Class A CCPS and 1,93,27,273 Class B CCPS) of face value of ₹550 each aggregating to ₹2,000 crores. As per Section 43 of the Companies Act, 2013, the preference shares are classified as part of Share Capital. However, as per Ind AS 32 'Financial Instruments: Presentation' and terms of conditions of such preference shares, they are required to be classified as a financial liability.

In accordance with Ind AS 32 'Financial Instruments: Presentation', the Holding Company had classified these CCPS as a financial liability and presented it in accordance with Schedule III division III of the Companies Act, 2013 (disclosed under the head of Subordinated liabilities). These CCPS are subsequently measured at fair value through profit or loss as per Ind-AS 109 requirements.

If the CCPS were classified in accordance with section 43 of the Companies Act, 2013 i.e., as equity, profit after tax for the year ended March 31, 2025, would be higher by ₹333.12 crore (March 31, 2024: ₹348.69 crore) and total equity would be higher by ₹2,884.36 crore (March 31, 2024: ₹2,611.24 crore) and subordinated liabilities would be lower by ₹2,884.36 crore as at March 31, 2025 (March 31, 2024: ₹2,611.24 crore).

18.7 Each CCPS is a compulsorily and fully convertible preference share, convertible into Equity Shares, as per the terms and conditions as laid out in agreement. The holders of CCPS shall not be entitled to any voting rights with respect to such CCPS, except in accordance with the Companies Act, 2013.

18.8 Amount raised through issuance of CCPS has been used for purpose for which they are raised as stated in the agreement.

18.9 Subject to terms and conditions as laid out in agreement, the holder of each CCPS shall be entitled to receive dividends in cash annually, in respect of each CCPS, at minimum annual cumulative rate of 3% (Three Percent) on the face value of such CCPS upto the date of expiry of QIPO period. On April 29, 2025, the board of directors has approved the payment of dividend of 3% p.a. per CCPS for the year ended March 31, 2025.

During the year ended March 31, 2025, the Holding Company has paid dividend on CCPS of ₹60.00 crore for the year ended March 31, 2024, approved by board of directors in their meeting held on May 03, 2024.

18.10 As per the terms of issuance of CCPS, in the event, QIPO is not completed on or prior to the expiry of QIPO period, the coupon for the CCPS will change to 16% p.a. from 3% p.a. after the expiry of QIPO period till the date of conversion of such CCPS.

Nature of other equity:

Securities premium:

Securities premium is used to record the premium on issuance of shares. The securities premium can be utilised as per the provisions of the Companies Act, 2013.

Statutory reserve:

Statutory reserve is used to record reserve in accordance with section 45-IC of the Reserve Bank of India Act, 1934 and in accordance with section 29C of the NHB Act, 1987. The statutory reserves can be utilised for the purpose as specified by the RBI and NHB from time to time.

Stock options outstanding account:

Stock option outstanding account is created as required by Ind AS 102 'Share Based Payments' on the Employee Stock Option Scheme operated by the Group for employees of the group. The reserve is used to recognise the fair value of the options issued to employees under Group's employee stock option plan. Refer note 45 for further detail of this plan.

General reserve:

Free reserve to be utilized as per provision of the Companies Act, 2013.

Cash flow hedge reserve

It represents the cumulative gains/ (losses) arising on revaluation of the derivative instruments designated as cash flow hedges through OCI.

Retained earnings:

Retained earnings is used to record profit/ (loss) for the year. This amount is utilised as per the provision of the Companies Act, 2013.

Capital Reserve:

The Company has transferred money received for forfeited partly paid-up shares to Capital reserve at the time of re-issue of these shares, in accordance with the provision of the Companies Act, 2013 and will be utilised in accordance with the provisions of the Companies Act, 2013.

(i)	Excess amount spent during the year carried forward to subsequent year	-	-
(j)	The company has spent excess/(short) amount and details of the same are as follows:		

Financial Year	Opening Balance	Amount required to be spent during the year	Amount spent during the year	Balance not carried forward to next year	Balance carried forward to next year
2023-24	-	4.64	4.99	0.35	-
2024-25	-	12.38	12.50	0.12	-

* There is no related party transaction by the Group in relation to CSR expenditure.

\# Promote financial literacy, education, skill development and health & hygiene.

Note 33: Earning per share

The basic earnings per share is computed by dividing the net profit attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity shares and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been actually issued at fair value.

The following table shows the income and share data used in the basic and diluted EPS calculations:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Net profit for the year attributable to owners of the Company (₹in Crore) **(A)**	109.49	636.78
Calculation of weighted average number of equity shares (in crore)		
Number of equity shares outstanding at the beginning of the year	12.7	12.7
Number of equity shares issued during the year	#	-
Number of equity shares forfeited during the year	#	-
Number of equity shares outstanding at the end of the year	12.7	12.7
Nominal value of equity share (in ₹)	10	10
Weighted average number of equity shares outstanding during the year (in crore) **(B)**	12.7	12.7
Basic earnings per share of face value of ₹10 each **(A)/ (B)**	8.63	50.04
Weighted average number of potential dilutive equity shares (in crore) **(C)**	12.7	12.7
Dilutive earnings per share of face value of ₹10 each **(A)/ (C)**	8.62	49.94
Weighted average number of equity shares (diluted) (in crore)		
Weighted average number of equity shares outstanding during the year	12.7	12.7
Add: Number of potential equity share in respect of employee stock option scheme and partly paid up shares	#	#
Weighted average number of potential dilutive equity shares	12.7	12.7

Below rounding off norms.

Note 35: Retirement benefit plan

35.1 Defined contribution plan

The Group makes periodic contribution towards provident fund, superannuation fund and national pension scheme which are defined contribution plans. The Group has no obligations other than to make the specified contributions. The contributions are charged to the consolidated statement of profit and loss as they accrue. The amount recognized as expense towards such contributions are as follows:

₹ in Crore

Particulars	As at March 31, 2025	As at March 31, 2024
Employer's contribution to provident fund	30.31	26.48
Employer's contribution to superannuation fund	0.37	0.94
Employer's contribution to national pension scheme	1.90	1.38
Total	**32.58**	**28.80**

35.2 Defined benefit plan

The Group operates an unfunded gratuity plan wherein every employee is entitled to the benefit equivalent to 15 days salary last drawn for each completed year of service. The same is payable on termination of service, or retirement, or death, whichever is earlier. The benefit vests after five year of continuous service. The benefit to employees is as per the plan rules or as per the Payment of Gratuity Act, 1972, whichever is earlier.

i) Reconciliation of the net defined benefit liability

The following table shows a reconciliation from the opening balances to the closing balances for net defined benefit liability and its components:

₹ in Crore

Particulars	As at March 31, 2025	As at March 31, 2024
Balance at the beginning of the year	39.67	31.10
Included in statement of profit and loss:		
Current service cost	8.15	7.07
Interest expense	2.82	2.28
Benefits paid	(1.49)	(2.21)
	9.48	**7.14**
Remeasurement (gains)/ losses in other comprehensive income (OCI)		
Actuarial loss/(gain) arising from :		
- demographic assumptions	(0.42)	(0.23)
- financial assumptions	1.18	1.21
- experience adjustment	(6.95)	0.45
	(6.19)	**1.43**
Other		
Contributions paid by the employer	-	-
Balance at the end of the year	**42.96**	**39.67**

Since the liability is not funded, therefore information with regards to the plan assets has not been furnished.

ii) Expense recognised in statement of profit and loss:

₹ in Crore

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Current service cost	8.15	7.07
Net interest expense	2.82	2.28
Total	**10.97**	**9.35**

iii) Expense recognised in other comprehensive (income)/loss:

₹ in Crore

Particulars	As at March 31, 2025	As at March 31, 2024
Remeasurement (gains)/ losses		
Actuarial loss/ (gain) arising from :		
- demographic assumptions	(0.42)	(0.23)
- financial assumptions	1.18	1.21
- experience adjustment	(6.95)	0.45
Total	**(6.19)**	**1.43**

iv) Plan characteristics and associated risks

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the Group is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest Rate risk: The plan exposes the Group to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Liquidity Risk: This is the risk that the Group is not able to meet the short-term gratuity payouts. This may arise due to non availabilty of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Salary Escalation Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liabilty.

Demographic Risk: The Group has used certain mortality and attrition assumptions in valuation of the liability. The Group is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts.

v) Actuarial assumptions

Principal actuarial assumptions at the reporting date (expressed as weighted averages) of Holding Company:

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	6.50%	7.15%
Attrition/ Withdrawal rate		
- Up to 30 years	22.00%	22.00%
- 31 - 44 years	22.00%	22.00%
- Above 44 years	22.00%	22.00%
Mortality rate	100% of IALM 2012-14	100% of IALM 2012-14
Retirement age (years)	58	58
Future salary growth*	7-10%	7-12%

* The estimate of future salary increase considered in actuarial valuation take account of inflation, seniority, promotion and relevant factors such as supply and demand in the employment market etc.

Principal actuarial assumptions at the reporting date (expressed as weighted averages) of Subsidiary Company:

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	6.55%	7.15%
Attrition/ Withdrawal rate	10%-20%	10%-15%
Mortality rate	100% of IALM 2012-14	100% of IALM 2012-14
Retirement age (years)	58 years	58 years
Future salary growth*	10.00%	10.00%

* The estimate of future salary increase considered in actuarial valuation take account of inflation, seniority, promotion and relevant factors such as supply and demand in the employment market etc.

vi) Sensitivity analysis of significant assumptions

The following table present a sensitivity analysis to one of the relevant actuarial assumption, holding other assumptions constant, showing how the defined benefit obligation would have been affected by changes in the relevant actuarial assumptions that were reasonably possible at the reporting date.

₹ in Crore

Particulars	As at March 31, 2025		As at March 31, 2024	
	Increase	Decrease	Increase	Decrease
Discount rate (- / + 1%)	41.22	44.83	38.23	41.23
Salary growth rate (- / + 1%)	44.70	41.30	41.12	38.29
Attrition rate (- / + 50%)	40.60	46.14	37.98	41.75
Mortality rate (- / + 10%)	42.95	42.96	39.67	39.67

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

vii) Expected contribution during the next annual reporting period

Since the scheme is managed on unfunded basis, the next year contribution is taken as Nil (March 31, 2024 : Nil)

viii) Expected maturity analysis of the defined benefit plans in future years (valued on undiscounted basis)

₹ in Crore

Duration (years)	As at March 31, 2025	As at March 31, 2024
within the next 12 months	10.87	15.41
Between 2 to 5 years	24.28	18.15
Above 5 years	23.29	20.51

As at March 31, 2025, the weighted-average duration of the defined benefit obligation was 4 years (March 31, 2024: 3 years) for the Holding Company, 6 years (March 31, 2024: 7 years) for the Subsidiary Company.

35.3 Other long term employee benefit plan

Other long term employee benefit plans comprises compensated absences. The Group operates compensated absences plan (earned leaves), where in every employee is entitled to the benefit equivalent to certain leaves for every completed year of service subject to maximum as prescribed in the policies. The same is payable during early retirement, withdrawal of scheme, resignation by employee and upon death of employee. The Holding Company also recognises sick leave provision, where in every employee is entitled to the benefit equivalent to 6 days salary for every completed year of service which is subject to maximum of 20 days accumulation of leaves. The amount of the provision is ₹32.72 crore (March 31, 2024: ₹30.19 crore) as per the actuarial report.

Note 36: Maturity analysis of assets and liabilities

The table below shows a maturity analysis of assets and liabilities. Loans is net of impairment loss allowance on loans considering realisability, the amount recoverable from Stage 3 assets is classified under after 12 months.

* The Group has provided bank guarantee to National Stock Exchange to comply with the requirement of Recovery Expense Fund as per SEBI Circular SEBI/HO/MIRSD/CRADT/CIR/P/2020/207 dated October 22, 2020.

(a) The Parliament has approved the Code on Social Security, 2020 ('Code') which may impact the contribution by the Group towards Provident Fund and Gratuity. The effective date from which the Code and its provisions would be applicable is yet to be notified and the rules which would provide the details based on which financial impact can be determined are yet to be framed after which the financial impact can be ascertained. The Group will complete its evaluation and will give appropriate impact, if any, in the financial result following the Code becoming effective and the related rules being framed and notified.

38.3 Litigations constitute the pending litigations filed by customers/vendors/ex-employees/ others against the Group for service deficiency/title claims/monetary claims, etc. which is in the course of business as usual. A provision is created where an unfavourable outcome is deemed probable based on review of pending litigations with its legal counsels and assessment of such contingency as 'low', 'medium' or 'high'. In respect of the open litigations, the Management believes that the outcome of such matters will not have amaterial adverse effect on the Group's financial position, its operations and cash flows.

* Parties having significant influence over the Company.

Notes:

1. Dividend related transactions are on actual payment/ receipt basis.

Note 40 : Operating segments

An operating segment is a component that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, and for which discrete financial information is available. The Group is engaged in the business of financing, leasing and related financial services. The Group's activities/ business is reviewed from an overall business perspective, rather than reviewing its product/ services as individual standalone components. Thus, the Group has only one operating segment, and no reportable segments in accordance with Ind AS 108 Operating Segments.

(a) The Group wide disclosures as required by Ind AS 108 are as follows;

Information about products and services:

The Group provides a wide portfolio of other financial products including two-wheeler loans, pre-owned car loans, loyalty personal loan, inventory funding, loan against property, housing loan, loans to SMEs and emerging corporates etc.

The break-up of revenue from interest income and other income is provided in note 26.

(b) Revenue from external customers

The entire income of the Group is generated from customers who are domiciled in India.

(c) Revenue from external customer

The Group does not derives revenues, from any single customer, amounting to ten per cent or more of Group's revenues.

Note 41: Events after balance sheet date

There have been no significant events after the reporting date that requires disclosure in these consolidated financial statements.

Note 42: Leases

Note 43: Financial instruments

(a) Financial instruments by category and fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are:

(a) recognised and measured at fair value and

(b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

₹ in Crore

As at March 31, 2025	Carrying amount					Fair value*		
	FVTPL	FVTOCI	Amortised Cost	Derivative instruments in hedging relationship	Total	Level 1	Level 2	Level 3

(c) Valuation framework

The finance department of the Group includes personnel that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO).

The Group measures fair values using the following fair value hierarchy, which reflects the significance of the inputs used in making the measurements.

Level 1 : Inputs that are quoted market prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : The fair value of financial instruments that are not traded in active markets is determined using valuation techniques which maximize the use of observable market data either directly or indirectly, such as quoted prices for similar assets and liabilities in active markets, for substantially the full term of the financial instrument but do not qualify as Level 1 inputs. If all significant inputs required to fair value an instrument are observable the instrument is included in level 2.

Level 3 : If one or more of the significant inputs is not based in observable market data, the instruments is included in level 3. That is, Level 3 inputs incorporate market participants' assumptions about risk and the risk premium required by market participants in order to bear that risk. The Group develops Level 3 inputs based on the best information available in the circumstances.

The Group uses suitable valuation models to determine the fair value of common and simple financial instruments, that use only observable market data and require little management judgement and estimation.

Loans

The fair value of loan and advances are estimated by discounted cash flow models. For fixed rate loans, the fair value represent the discounted value (discounted basis the weighted average yield of recently disbursed loans) of the expected future cash flow. For floating rate interest loans, the carrying amount of loans represent fair market value of loans.

Debt securities, borrowings (other than debt securities) and subordinated liabilities (other than compulsorily convertible preference shares (CCPS))

Fair value is estimated at portfolio level by a discounted cash flow model incorporating market interest rates and the group's own credit risk or based on market-observable data such as secondary market prices for its traded debt. Further, for floating rate interest bearing borrowings, the carrying amount of borrowings represent fair market value of borrowings.

Compulsorily Convertible Preference Shares (CCPS)

Fair value is estimated by using a discounted cash flow model based on management expected cash flows (determined using monte carlo simulations), discount rates (market inputs adjusted for the holding company specific risk) and terms of CCPS. The significant unobservable inputs include risk adjusted discount rate. Increase in the discount rate by 100 bps would decrease the fair value by ₹14.07 crore (March 31, 2024: ₹25.32 crore) and decrease in discount rate by 100 bps would increase the fair value by ₹14.14 crore (March 31, 2024: ₹25.58 crore).

Investments

Investment in alternate investment fund is recorded at fair value determined by third party using discounted cash flow method. Investment in government securities, commercial paper, treasury bills, certificate of deposits, corporate bonds etc. are fair valued at reporting date. For rest of the investments, based on the information available from external sources, management believes that the carrying value of the investments approximates the fair value.

There were no transfers between levels during the year.

Note 44: Risk management framework

44.1 *Risk profile and risk mitigation*

(a) Risk management structure and Group's risk profile

The respective Company's Board of directors has overall responsibility for the establishment and oversight of the risk management framework. The respective Board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the risk management policies. The committee reports regularly to the board of directors on its activities.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee of respective Companies oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the respective Companies.

44.2 *Credit risk*

Credit risk arises from loans, cash and cash equivalents, bank balance other than cash and cash equivalents, investments, trade receivables and other financial assets. Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's asset on finance and trade receivables from customers; loans and investments. The carrying amounts of financial assets represent the maximum credit risk exposure.

The Group holds cash and cash equivalents and other bank balances with banks and financial institutions. Funds are invested after taking into account parameters like safety, liquidity and post-tax returns etc. The credit worthiness of such banks and financial institutions is evaluated by the Management on an ongoing basis and is considered to be high.

a) Credit risk management

Financial assets measured on a collective basis

The Group splits its exposure into smaller homogeneous portfolios, based on shared credit risk characteristics, as described below in the following order:

- Secured/unsecured i.e. based on whether the loans are secured
- Nature of security i.e. the nature of the security if the loans are determined to be secured
- Nature of loan i.e. based on the nature of loan

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the restructuring of a loan by the Group on terms that the Group would not consider otherwise; or
- it is becoming probable that the borrower will enter bankruptcy or other financial re-organization;

The risk management committee has established a credit policy under which each new customer is analyzed individually for credit worthiness before the Group standard payment and terms and conditions are offered. The Group's review includes external ratings, if they are available, background verification, financial statements, income tax returns, credit agency information, industry information, etc. Portfolio review is performed by the management on quarterly basis.

(b) Definition of default

The Group considers a financial instrument as defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments. Further in compliance with RBI circular dated November 12, 2021, Cases, where borrower had crossed 90 days past due, continued to be considered as Stage 3 (credit-impaired) for ECL calculations till the time all the due contractual payments are paid by the borrower.

The Group considers probability of default upon initial recognition of asset and whether there has been any significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. Following indicators are incorporated:

- DPD analysis as on each reporting date
- significant changes in expected performance and behaviour of the borrower including changes in payment status of borrowers.

(c) Probability of default (PD)

Day past dues (DPD) analysis is the preliminary inputs in the determination of the term structure of PD for exposures. The Group collects performance and default information about its credit risk exposures analysed by type of product and borrowers as well as by DPD. The Group analyses

the data collected and generates estimates of the PD of exposures and how these are expected to change as result of passage of time.

The month-on-month outstanding balances in each DPD bucket are assessed to estimate the historic probability of default for each bucket; this probability is then combined with a macro-economic variable to compute the final PD estimate.

(d) Exposure at default

The exposure at default (EAD) represents the gross carrying amount (in addition to the interest to be earned during the next year) of the financial instruments subject to the impairment calculation, addressing both the client's ability to increase its exposure while approaching default and potential early repayments too. To calculate the EAD for a Stage 1 loan, the Group assesses the possible default events within 12 months for the calculation of the 12 months ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments.

(e) Loss given default

Loss given default (LGD) represent estimated financial loss the Group is likely to suffer in the event of default and it is used to calculate provision requirement on EAD along with probability of default. LGD values are assessed, reviewed and approved by the Group. These LGD rates take into account the expected EAD in comparison to the amount expected to be recovered or realized from any collateral held.

(f) Significant increase in credit risk

The Group continuously monitor all the assets subject to ECL in order to determine whether an instrument or a portfolio of instruments is subject to 12 months ECL or life time ECL, the Group assesses whether there has been significant increase in credit risk since initial recognition. The Group also applies a secondary qualitative methods for triggering a significant increase in credit risk for an asset, such as moving customer/ facilities to the watch list, or the account becoming forborne. Regardless of the change in credit grades, if contractual payments are more than one month overdue, the credit risk is deemed to have increase significantly since initial recognition. The Group continuously monitors all assets subject to ECLs.

g) Expected credit loss on loans

The Group assesses whether the credit risk on a financial asset has increased significantly on collective basis. For the purpose of collective evaluation of impairment, financial assets are grouped on the basis of shared credit risk characteristics, date of initial recognition, remaining term to maturity, collateral type, and other relevant factors.

For the assessment, each financial asset (after segmentation based on the nature), is then clubbed into the following DPD cohorts:

- Stage 1 (0-30 DPD)
- Stage 2 (31-90 DPD)
- Stage 3 (>90 DPD)

The Group considers a financial instrument as defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower crosses 90 days past due on its contractual payments. Further in compliance with RBI circular dated November 12, 2021, Cases, where borrower had crossed 90 days past due, continued to be considered as Stage 3 (credit-impaired) for ECL calculations till the time all the due contractual payments are paid by the borrower.

The Group considers its historical loss experience and adjusts the same for current observable data. The key inputs into the measurement of ECL are the probability of default, loss given default and exposure at default. These parameters are derived from the statistical models and other historical data.

44.2.1 *Inputs, assumptions and estimation techniques used to determine expected credit loss*

The Holding Company's loan loss provision are made on the basis of the Holding Company's historical loss experience and future expected credit loss, after factoring in various macro-economic parameters such as Consumer Prices (% change pa; av), Industrial Production (% change pa), Real GDP, Unemployment Rate (%), Real Manufacturing, Lending Interest Rate (%) etc. The selection of these variables was made basis statistical analysis and relevance to the business.

The macro- economic variables were regressed using a regression model against the log-odds of the weighted average PDs to forecast the forward-looking PDs with macro-economic overlay incorporated.

Best, base and worst scenarios were created for all the variables and default rates were estimated for all the scenarios. These default rates were then used with the same LGD and EAD to arrive at the expected credit loss for all three cases. The three cases were then assigned weights and a final probability-weighted expected credit loss estimate was computed.

Macro economic indicator	Scenario	2025Q1	2025Q2	2025Q3	2025Q4	2026Q1	2026Q2	2026Q3	2026Q4

An analysis of Expected credit loss rate:

Particulars	For the year ended March 31, 2025				For the year ended March 31, 2024			
	Stage 1	Stage 2	Stage 3	Total	Stage 1	Stage 2	Stage 3	Total
Expected credit loss rate*	0.56%	21.65%	55.80%	3.94%	0.59%	20.15%	51.41%	3.12%

* Expected credit loss rate is computed ECL divided by EAD

Note 1: New assets originated represents fresh disbursals made during the year. Classification of new assets originated in stage 1, stage 2, and stage 3 is based on year end staging. Interest accruals on existing loans that remain unpaid at the end of the year, are classified under new assets originated as per their opening stage category.

Note 2 : Assets originated and repaid during the year have not been disclosed in the movement of gross carrying amount.

Note 3: The contractual amount of financial assets that has been written off by the Group is as follows:

₹in Crore

Particulars	As at March 31, 2025	As at March 31, 2024
Contractual amount of financial assets that has been written off that were still subject to enforcement activity	2,489.23	2087.28

Note 4 : The Group recognize expected credit loss (ECL) on collective basis that takes into account comprehensive credit risk information.

Note 5 : Stage 3 assets include properties held for disposal under Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002.

₹in Crore

Particulars	As at March 31, 2025	As at March 31, 2024
Properties	23.16	20.99

Note 6: Derecognition of financial assets

During the year ended March 31, 2025 and March 31, 2024, the Group has sold 80% / 90% of a portion of its loans through direct assignments, measured at amortised cost, to maintain reasonable leverage. As per regulatory requirement, the Group continues to hold balance 10% or more of those loans as Minimum Retention Requirement (MRR). The Group transferred substantially all the risks and rewards relating to assets to the buyer and accordingly, sold portion of loans was derecognised.

The following table below sets forth, for the periods indicated, the summary of carrying amounts of the derecognised financial assets measured at amortised cost and the gain/ (loss) on derecognition.

₹in Crore

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Carrying value of financial assets derecognised	1,633.77	154.35
Gain on derecognition of financial assets	134.82	21.28

Since the Group transferred the above financial asset is a transfer that qualified for derecognition in its entirety therefore the whole of the interest spread at its present value (discounted over the expected life of the asset) is recognised on the date of derecognition as interest-only strip receivable (excess interest spread receivable on assigned loans) with a corresponding credit to the statement of profit and loss. The Outstanding pool of downsell portfolio as on March 31, 2025 is ₹1,699.92 crores (March 31, 2024: ₹333.72 crores).

44.2.4 Collateral and other credit enhancements

The loan portfolio of the Group has both secured and unsecured loans and they vary with the type of funding. Products like loan against property, corporate loan, two wheeler loan and pre owned car loan are all secured loans whereas products like business loan and personal loan generally do not carry any collateral security.

For loan against property, properties (residential, commercial, industrial, mixed use, etc.) are generally acceptable collateral. For corporate loan there is usually a collateral basket comprising of properties, rated securities, current assets (including stock and book debts), plant and machinery, and deposits. For two wheeler loan and pre owned car loan, the respective vehicle against which the loan been offered is taken as a collateral security.

The Holding Company has a pre-defined loan to value norms in the policy and the same is disbursed to control the risk of the Holding Company. For loan against property, the loan to value ('LTV') is in the range of 50% to 75%. For corporate loan, the funding is secured by way of a collateral basket – the overall security cover is generally maintained in the range of 1.1 times to 3.0 times and above. For loan against shares, a minimum cover of 2.0 times is maintained.

For pre-owned car and two wheeler loan, the Holding Company maintains a loan to value range of 75% to 90% depending upon tenure and model. The loan to value for refinance of pre-owned car can be up to 200%.

Valuation of the collateral, wherever applicable, is done by empanelled valuers who carry the necessary experience and expertise in the area. The guidelines governing these valuation have been clearly laid out for each collateral class. For two wheeler loan since the asset is new no valuation has been carried out by the Holding Company. Valuation of the collateral for pre-owned car is done by empanelled valuers who carry the necessary experience and expertise in the area. Collaterals related to credit impaired assets are revalued for assessment /provisioning purposes and distress value is considered. The Group has an in-house team of technical managers who oversee the property valuation activity undertaken by empaneled technical valuers.

The loan portfolio of the subsidiary company generally comprises housing loan and non-housing loan which are generally secured by land and building such as residential building, commercial building, industrial building, etc. The Subsidiary Company is regulated by National Housing Bank Directions (NHB Directions) and Reserve Bank of India Master Directions (RBI Master Directions) , the LTV ratios are in line with the NHB Directions and RBI Master Directions and the internal credit policy framework of the Subsidiary company.

As at March 31, 2025 ₹in Crore

Stage 3 Total Outstanding (TOS) (A)	Wheeled Assets (B)	Immovables (Land & Buildings) (C)	Other Asset (D)	Total Collateral (E=B+C+D)	Net Exposure (F=A-E)	Total ECL

As at March 31, 2024 ₹in Crore

Stage 3 Total Outstanding (TOS) (A)	Wheeled Assets (B)	Immovables (Land & Buildings) (C)	Other Asset (D)	Total Collateral (E=B+C+D)	Net Exposure (F=A-E)	Total ECL
1,345.79	1,403.96	619.47	90.78	2,114.21	(768.42)	550.44

Note 1: Including Buyout Portfolio.

Note 2: Stage 3 TOS and Total ECL is of the secured assets.

Note 3: The total collateral value is the fair market value of the collaterals and the distress value of the collaterals has been used to compute the total ECL allowances.

44.3 *Liquidity risk*

Liquidity risk arises as the Group has contractual financial liabilities that are required to be serviced and redeemed as per committed timelines and in the business of lending where funds are required for the disbursement and creation of financial assets to address the going concern of the Group. Liquidity risk management is imperative to the Group as this allows covering

the core expenses, market investment / creation of financial assets, timely repayment of debt commitments and continuing with its operations. The Group uses various liquidity monitoring tools to measure and gauge the liquidity risk as per necessary guidelines stipulated by the RBI. The Group with the help of the Asset and Liability Committee (ALCO), ALM policy and Liquidity Desk, monitors the Liquidity risk and uses structural, dynamic liquidity statements and cash flow statements as a mechanism to address this. To effectively manage the fallout of the COVID-19 pandemic related RBI measures on its funding and liquidity, the Group has been continuously maintaining adequate level of liquidity buffers in terms of High Quality Liquid Assets as a safeguard against any likely disruption in the funding and market liquidity.

44.3.1 *Contractual maturities of financial instruments*

The table below summarizes the maturity profile of the undiscounted cash flows of the Group's financial liabilities as at reporting date.

₹in Crore

As at March 31, 2025	Carrying value	Within 1 year	1 to 5 years	After 5 years	Total
Financial liabilities

* The interest payments on variable interest rate loans in the table above reflect interest rates at the reporting date and these amounts may change as market interest rates change.

\# In respect of Compulsorily Convertible Preference Shares (CCPS) issued during the year, the Holding Company has only considered a mandatory pay-out of preference dividend of 3% p.a. for the purpose of liquidity risk, as such CCPS are likely to be converted into the holding company's own shares as estimated by the management of the Holding Company as on March 31, 2025. Also refer to note 18.9.

44.4 *Market risk*

Market risk is the risk that the fair value or future cash flow of financial instrument will fluctuate due to changes in market variables such as interest rates, foreign exchange rates etc. The objective of market risk management is to manage and control market risk exposure within acceptable parameters while maximising the return. Cash and cash equivalents, bank balance other than cash and cash equivalents, trade receivables, and other financial assets do not have any interest and market risk exposure due to the nature of balances.

Interest rate risk

A major portion of the Group's assets and liabilities are interest bearing - which could be either at a fixed or a floating rate. Interest rate risk is managed by way of regular monitoring of all interest rate bearing assets and liabilities. The same also forms part of the ALCO and ALM policy.

The exposure of Group's financial assets and liabilities to interest rate risk is as follows:

₹ in Crore

Financial assets	Floating rate	Fixed rate
March 31, 2025	15,362.45	40,658.16
March 31, 2024	14,403.08	37,084.01

Financial liabilities	Floating rate	Fixed rate
March 31, 2025	37,822.66	15,131.98
March 31, 2024	35,087.05	11,082.43

The table below illustrates the impact of a 1.00% movement in interest rates on interest income and interest expense on floating loans and floating borrowings respectively for next one year, assuming that the changes occur at the reporting date and has been calculated based on risk exposure outstanding as of date. The year end balances are not necessarily representative of the average loans and borrowings outstanding during the year.

	Impact on profit before tax (₹in Crore)	
Movement in interest rates	For the year ended March 31, 2025	For the year ended March 31, 2024
1.00%	(148.87)	(132.13)
(1.00%)	148.87	132.13

Price risk

Price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. It arises from financial assets such as investments in equity instruments, bonds, mutual funds, G-secs, T-Bills, money market instruments etc. The Company is exposed to price risk arising mainly from investments carried at fair value through profit and loss. A sensitivity analysis demonstrating the impact of change in market prices of these instruments from the prices existing as at the reporting date is given below:

₹in Crore

Particulars	As at March 31, 2025	As at March 31, 2024
Investments carried at FVTPL valued using quoted prices in active market	2,531.15	1,895.96

5.00%	126.56	94.80
(5.00%)	(126.56)	(94.80)

44.5 Foreign currency risk management

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Group arises majorly on account of foreign currency borrowings. The Group presently manages this foreign currency risk by entering into cross currency swaps and forward contract. When a derivative is entered into for the purpose of being as hedge, the Group negotiates the terms of those derivatives to match with the terms of the underlying exposure. The Group's policy is to fully hedge its foreign currency borrowings at the time of drawdown and remain so till repayment.

The Group holds derivative financial instruments such as cross currency interest rate swap to mitigate risk of changes in exchange rate in foreign currency and floating interest rate. The counterparty for these contracts is generally a bank. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in market place.

The Group's exposure to foreign currency risk at the end of the reporting period expressed in ₹in Crore, are as follows:

Foreign currency exposure	Currency	As at March 31, 2025	As at March 31, 2024
Borrowings (other than debt securities)	USD	7,358.28	4,171.04
Borrowings (other than debt securities)	SGD	314.03	639.54
Borrowings (other than debt securities)	AED	429.05	-

Foreign currency sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments and the impact on other comprehensive income arises from foreign forward exchange contracts and foreign exchange option contracts designated as cash flow hedges. Group has considered a sensitivity of +/- 5% for increase and decrease in the ₹against the relevant foreign currencies to calculate the net impact on OCI.

₹in Crore

Note 45 : Employee Stock Option Scheme

(i) Equity settled

The Employee Stock Options Scheme titled "ESOP Scheme 2017" in respect of holding company and "ESOP Scheme 2018" in respect of subsidiary company or "the Scheme" was approved by the shareholders of the holding Company and subsidiary company through postal ballot on June 09, 2017 and September 21, 2018 respectively. The Scheme covered 26,39,703 options of Holding Company and 2,29,00,000 options of subsidiary company. The Scheme allows the issue of options to employees of the respective companies which are convertible to one equity share of the respective companies. As per the Scheme, the Nomination and Remuneration Committee grants the options to the employees deemed eligible. The options granted vest over a period of 4 years from the date of the grant in proportions specified in the ESOP Plan. The fair value as on the date of the grant of the options, representing Stock compensation charge, is expensed over the vesting period.

Weighted average remaining contractual life of options outstanding as at year end is 1.17 years (March 31, 2024: 4.75 years) of subsidiary company.

(ii) Cash settled

The Cash settled Employee Stock Options Scheme titled "Phantom Stock Units Plan 2022" or "the Phantom Scheme" was approved, on the recommendations of the Nomination and Remuneration Committee (NRC), by the Board of the Holding Company on August 03, 2022. The Scheme confers a right upon the Employee to receive sum of money equal to appreciation in accordance with the terms and conditions of such issue. As per the Scheme, the Nomination and Remuneration Committee grants the options to the employees deemed eligible. The fair value is re-measured at each reporting period up to, and including the settlement date, is expensed over the vesting period. The said scheme vide board resolution dated June 27, 2024 has been converted into "Long Term Cash Reward Plan", hence all the disclosures are given for previous year only.

Plan	Number of Options Granted	Grant date	Number of Options outstanding	Vesting condition and vesting period	Fair value of the options at grant date (₹)
Phantom Stock Units Plan 2022	3,23,511	September 1, 2022	2,37,009	Tranche I: 33% on completion of first year, Tranche II: 33% on completion of second year, Tranche III: 34% on completion of third year.	Tranche I - 548.13 Tranche II - 546.50 Tranche III - 545.10
	3,375	October 1, 2022	3,375		Tranche I - 659.10 Tranche II - 657.40 Tranche III - 656.00
	2,500	November 1, 2022	1,675		
	17,437	January 1, 2023	14,193		Tranche I - 659.10 Tranche II - 657.40 Tranche III - 656.00

\# On May 03, 2024, the Board of Directors fo the Holding Company has proposed a final dividend on equity shares of ₹10 per share for the financial year ended March 31, 2024 subject to the approval by the shareholders at the Annual General Meeting.

Note 47 : Additional Information:

(i) The Group has not entered any transactions with companies that were struck off under Section 248 of the Companies Act, 2013 or Section 560 of the Companies Act, 1956.

(ii) The Group is in compliance with number of layers of companies, as prescribed under clause (87) of Section 2 of the Act read with the Companies (Restriction on number of Layers) Rules, 2017.

(iii) During the year, no scheme of arrangements in relation to the Group has been approved by the competent authority in terms of Sections 230 to 237 of the Companies Act, 2013. Accordingly, aforesaid disclosure are not applicable, since there were no such transaction.

(iv) The Group does not have any transactions which were not recoded in the books of accounts, but offered as income during the year in the income tax assessment.

(v) The Group has not traded or invested in Crypto currency or Virtual Currency during the financial year.

(vi) The Group has not been declared as Wilful Defaulter by any Bank or Financial Institution or other Lender.

(vii) The Group has not advanced or provided loan to or invested funds (either borrowed funds or share premium or any other sources or kind of funds) to any other persons or entities including foreign entities (Intermediaries) with the understanding (whether recorded in writing or otherwise) that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(viii) The Group has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

47.1 As per the requirements of rule 3(1) of the Companies (Accounts) Rules 2014, the Group uses only such accounting software for maintaining its books of account that have a feature of recording audit trail of each and every transaction creating an edit log of each change made in the books of account along with the date when such changes were made within such accounting software. This feature of recording audit trail has operated throughout the year and was not tampered with during the year except in respect of three accounting softwares used for loan management system, where the audit log at database level enabled through privilege access management (PAM) tool do not capture details of what changes are made and logs are not being retained throughout the year. In respect of another accounting software used for LMS by the subsidiary Company, audit log is not maintained for changes at the database level to log any direct data changes.

Further, in respect of payroll processing software, independent auditor's system and organization controls report does not cover the audit trail requirement. The Group has established and maintained an adequate internal control framework and based on its assessment, believes that this was effective as of March 31, 2025.

Additionally, the audit trail that was enabled and operated for the year ended March 31, 2024, has been preserved by the Group as per the statutory requirements for record retention.

Note 48 : Capital

The Group maintains an actively managed capital base to cover risks inherent in the business and is meeting the capital adequacy requirements of the Reserve Bank of India (RBI). The adequacy of the Group's capital is monitored using, among other measures, the regulations issued by RBI. The Group has complied in full with all its externally imposed capital requirements over the reported period.

48.1 Capital management

The primary objectives of Group's capital management policy are to ensure that the Group complies with regulatory capital requirements. The Group ensures adequate capital at all time and manages its business in a way in which capital is protected, satisfactory business growth is ensured, cash flow are monitored, borrowing covenants are honoured and ratings are maintained.

Regulatory capital- related information is presented as part of the RBI mandated disclosures. The RBI norms require capital to be maintained at prescribed level. In accordance with such norms, Tier I capital of the Group comprises of share capital, share premium, retained earnings, general reserve, statutory reserve, employee stock options outstanding account less deferred revenue expenditure, deferred tax assets and intangible assets (excluding right-of-use assets). The other component of regulatory capital is Tier II Capital Instruments, which include subordinate debt and impairment allowance on loans for stage 1 to the extent the same does not exceed 1.25 % of Risk Weight Assets. There were no changes in capital management process during the period presented.

Note 49 :

The Group has reclassified/ regrouped previous year figures to conform to the current year's classification, where applicable.
