We have audited the accompanying financial statements of **Panasonic AVC Networks India Co. Limited** ("the Company"), which comprise the balance sheet as at March 31, 2020, and the statement of Profit and Loss and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounts) Rules, 2014, as amended, ("AS") and accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its loss, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Emphasis of Matter

Attention is invited to note 25 and 26 of the financial statements regarding assets which have been classified as held for sale and discontinued operations for the reasons as stated in the said notes. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the board of directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the board of directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure 'B' to the Independent Auditors' Report of even date on the financial statement of Panasonic AVC Networks India Co. Limited**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to financial statements of **Panasonic AVC Networks India Co. Limited ("the Company")** as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls With reference to Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2020, based on "the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements for the year ended March 31, 2020

(₹ in lakh, unless otherwise stated)

Note 1 : Background

Panasonic AVC Networks India Co. Limited ('the Company') is in the business of manufacturing and trading of electronic items (LCD/LED TVs, Mounted printed circuit board for air conditioner, washing machines & refrigerators and related spare parts) at its unit located at Noida, Uttar Pradesh. The Company is a subsidiary of Panasonic Corporation, Japan.

Note 2 : Significant accounting policies

The accounting policies set out below have been applied consistently to the period presented in these financial statements.

i. Basis of preparation of financial statements

The financial statements of the Company are prepared in accordance with the Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention, on the accrual and going concern basis. GAAP includes accounting standards as specified under the section 133 of the Companies Act, 2013 read with Rules, as applicable, of Companies (Accounts) Rules, 2014 and other pronouncements of the Institute of Chartered Accountants of India. The financial statements are presented in Indian rupees rounded off to nearest lakh.

ii. Use of estimates

The preparation of financial statements in conformity with the Generally Accepted Accounting Principles ('GAAP') requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

iii. Current and non-current assets

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) It is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) It is held primarily for the purpose of being traded;
- c) It is expected to be realised within 12 months after the reporting date; or
- d) It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) It is expected to be settled in the Company's normal operating cycle;
- b) It is held primarily for the purpose of being traded;
- c) It is due to be settled within 12 months after the reporting date; or
- d) The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counter party, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

iv. Property, plant and equipment**Tangible Assets**

Property, plant and equipment are carried at cost of acquisition or construction less accumulated depreciation and/or accumulated impairment loss, if any. The cost of an item of property, plant and equipment comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures related to an item of property, plant and equipment are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Property, plant and equipment under construction are disclosed as capital work-in-progress.

Depreciation on the following property, plant and equipment (except leasehold land) is provided on the written value method on a pro-rata basis. Depreciation rates are determined based on management's estimate of the economic useful lives of the asset which are higher or lower than the indicative rates specified under schedule II to the Companies Act, 2013.

Property, plant and equipment	Schedule II-useful life	Estimated useful life
Computers	3 years	3 years
Plant and equipment	5/10/15 years	4/8/10 years
Dies and moulds	8 years	1 year
Furniture and fixtures	10 years	10 years
Vehicles	8 years	4 years
Factory Building	30 years	29 years
Non- factory Building	60 years	59 years

Leasehold land is amortised on a straight line basis over the period of the lease. i.e. 83 years.

Property, plant and equipment is eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Losses arising from retirement or gains or losses arising from disposal of property, plant and equipment which are carried at cost are recognized in the Statement of Profit and Loss.

Intangible fixed assets

Acquired intangible assets

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and any accumulated impairment loss.

Intangible assets are amortized in the Statement of profit and loss over their estimated useful lives, from the date that they are available for use based on the expected pattern of consumption of economic benefits of the asset. Accordingly, at present, these are being amortized on straight line basis. In accordance with the applicable Accounting Standard, the Company follows a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use. However, if there is persuasive evidence that the useful life of an intangible asset is longer than ten years, it is amortized over the best estimate of its useful life. Such intangible assets that are not yet available for use are tested annually for impairment.

Intangible assets comprise computer software only, which are being amortized over a period of 3 years.

Amortization method and useful lives are reviewed at each reporting date. If the useful life of an asset is estimated to be significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern.

An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and disposal.

v. Impairment

Property, plant and equipment and intangible assets are reviewed at each reporting date to determine if there is indication of any impairment. If any indication exists, the asset's recoverable amount is estimated. For assets that are not yet available for use, the recoverable amount is estimated at each reporting date. An impairment loss is recognised whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

vi. Operating leases

Assets acquired under leases other than finance leases are classified as operating leases. The total lease rentals (including scheduled rental increases) in respect of an asset taken on operating lease are charged to the Statement of Profit and Loss on a straight line basis over the lease term unless another systematic basis is more representative of the time pattern of the benefit. Initial direct costs incurred specifically for an operating lease are deferred and charged to the statement of profit and loss over the lease term.

Assets given by the Company under operating lease are included in property, plant and equipment. Lease income from operating leases is recognised in the Statement of Profit and Loss on a straight line basis over the lease term unless another systematic basis is more representative of the time pattern in which benefit derived from the leased asset is diminished. Costs, including depreciation, incurred in earning the lease income are recognised as expenses. Initial direct costs incurred specifically for an operating lease are deferred and recognised in the Statement of Profit and Loss over the lease term in proportion to the recognition of lease income.

vii. Inventories

Inventories which comprise raw materials, work-in-progress, finished goods, stock-in-trade, and stores and spares are carried at the lower of cost and net realisable value.

Cost of inventories comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

In determining the cost, weighted average cost method is used. In the case of manufactured inventories and work in progress, fixed production overheads are allocated on the basis of normal capacity of production facilities.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

The proportionate amount of additional duty of customs paid on finished goods imported for trading and lying unsold as at the year-end has been included in the value of the finished goods stock whenever paid.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

viii. Employee benefits

Short-term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognized as an expense as the related service is rendered by employees.

Post-employment benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts.

(i) Superannuation fund

Under the superannuation scheme, a defined contribution plan, the Company pays fixed contributions into a separate trust and has no obligation to pay further amounts. The trust has taken up a policy with the Life Insurance Corporation of India. Benefits are paid by Life Insurance Corporation of India to the vesting employees on retirement, death, incapacitation or termination of employment. Contributions paid by the Company to the superannuation trust are charged to the Statement of Profit and Loss.

(ii) Provident Fund and Employees State Insurance Scheme

The Company makes specified monthly contributions towards employee provident fund to Government administered provident fund scheme which is a defined contribution plan. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service. In addition, some employees of the Company are covered under the Employees State Insurance Scheme, which is also defined contribution scheme recognised and administered by the Government of India.

Defined benefit plans

Gratuity

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. Vesting occurs upon completion of five years of service. The Company makes annual contributions to gratuity fund established as trust which has taken up a group policy with Life Insurance Corporation of India. The Company accounts for the liability for gratuity benefits payable in future based on an independent actuarial valuation report using the projected unit credit method as at the year end.

Other long term employee benefits

Compensated absences

The employees can carry-forward a portion of the unutilized accrued compensated absences and utilize it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company makes annual contributions to Life Insurance Corporation of India. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

ix. Revenue recognition

Revenue from sale of goods in the course of ordinary activities is recognized when property in the goods or all significant risks and rewards of their ownership are transferred to the customer which generally coincides with delivery of goods to the customers in accordance with the contract terms and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of the goods and regarding its collection.

In view of the nature of services rendered, revenue from services is recognised on an accrual basis, as per the terms of the agreement with the customers, and when no significant uncertainty exists regarding the collection of the consideration. The amount recognised as revenue is exclusive of sales tax, value added taxes (VAT), service tax, Goods and Services Tax (GST) and is net of returns.

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

Dividend income is recognised when the right to receive payment is established.

x. Foreign exchange transactions

Transactions in foreign currency are recorded at the exchange rate prevailing at the date of the transaction. Exchange differences arising on foreign currency transactions settled during the year are recognised in the Statement of Profit and Loss for the year.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated into Indian rupees at the closing exchange rates on that date. The resultant exchange differences are recognised in the Statement of Profit and Loss.

Premiums / discounts arising at the inception of the forward exchange contracts, which are covered under Accounting Standard (AS) 11 "The Effects of Changes in Foreign Exchange Rates", entered into to hedge foreign currency risks are amortised as expense / income over the life of the contract. Exchange difference on such a contract is recognised in the Statement of Profit and Loss in the reporting period in which the exchange rate changes.

Derivative contracts are marked to market and provision for loss/gain, if any, is recognised in the Statement of Profit and Loss.

xi. Royalty

Payment of technical assistance and trade mark fees in the form of royalty on the sale of products is being accounted for on accrual basis as per technical assistance and trade mark agreement with Panasonic Corporation, Japan.

xii. Provisions

A provision is recognised if, as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the balance sheet date. The provisions are measured on an undiscounted basis.

xiii. Contingent liabilities and contingent assets

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

xiv. Income taxes

Income-tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). Income-tax expense is recognized in the Statement of Profit and Loss except that tax expense related to items recognized directly in reserves is also recognized in those reserves.

Current tax is measured at the amount expected to be paid to (recovered from) the taxation authorities, using the applicable tax rates and tax laws. Deferred tax is recognised in respect of timing differences between taxable income and accounting income i.e. differences that originate in one period and are capable of reversal in one or more subsequent periods. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

Minimum Alternate tax (MAT) under the provisions of the Income Tax Act 1961 is recognised as current tax in the Statement of Profit and Loss. The credit available under the Act in respect of MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

xv. Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposit with banks, other short term highly liquid investments with original maturities of three months or less.

	<u>As At March 31, 2020</u>	<u>As At March 31, 2019</u>

* The Company is liable towards warranty claims made by end users of its products. A provision is estimated for expected warranty claims in respect of products sold during the year on the basis of a technical evaluation and past experience regarding failure trends of products and costs of rectification or replacement. It is expected that most of this cost will be incurred over the warranty period, which extends upto 12 months.

Provision for warranty includes an amount of ₹ Nil (March 31, 2019: ₹ 36.03 lakh). This incremental warranty provision has been recognized on account of expected failure beyond normal warranty (referred as 'epidemic warranty'). It is necessary to carry forward such provision in view of anticipated future claim based on market feedback.

However, the Company had limited information in relation to external factors such as consumer willingness, consumer location, compensation payable, disposal and uncertainty over availability of enough electronic and electrical equipment ('EEE') for pickup which were essential to arrive at a reliable estimate. Considering these limitations, the Company had made its best estimates required to settle the obligation i.e. cost required to comply with the E- Waste rules.

However, in earlier year one of its group company, Panasonic India Private Limited ("PI") had applied to Central Pollution Control Board vide its letter dated March 7, 2018 for obtaining EPR authorization and complying with the E-Waste Rules collectively for PI and the Company as all the products of the Company are supplied to PI. Accordingly, the Company has charged off E-Waste expenses of ₹203.43 lakh (March 31, 2019 ₹164.64 lakh) on the basis of debit note received from PI which as per management is in accordance with the provisions of E-Waste Rules.

Note 46: The outbreak of COVID-19 in India does not have or likely to have a significant adverse impact on the Company's operations. The management does not see any risks in the Company's ability to continue as a going concern and meeting its liabilities as and when they fall due for payment.

Note 47: Previous year figures have been regrouped and reclassified wherever considered necessary.
