MANAGING DIRECTOR'S STATEMENT
58th ANNUAL GENERAL MEETING

Dear Shareholders,

I welcome you all to the 58th Annual General Meeting of your Company.

The Directors' report, Independent Auditors Report and Audited Accounts with the notes thereon for the financial year 2023-24 have been circulated to you. With your consent I shall take them as read.

As you are aware, the focus of your company over the last couple of years has been on recovery from its delinquent loans and investments so as to clean up its books and improve its overall financial position and at the same time moving towards compliance of the important regulatory norms.

I am pleased to inform you that your Company has made further progress in its endeavor as under:

The Company recovered Rs.110 crs from the NPA Accounts during the period under Review. I wish to highlight that recoveries from NPA Loan Accounts during the year resulted in reversal of excess provisions made towards the loans aggregating Rs.30 Crs.

The Regulatory Capital of the Company increased from Rs.108.40 crs as of March 31,2023 to Rs.180.12 crs as of March 31,2024, primarily on account of reversal of excess provisions held as given above.

In the absence of fresh lending, the Risk weighted assets of the Company reduced from Rs.479.13 crs as of March 31,2023 to Rs. 367.79 crs.

The Capital Adequacy Ratio of the Company stood at 51.02 % as of March 31,2024 (above the stipulated minimum of 15% in terms of the RBI guidelines) vis-à-vis 27.66% as of March 31, 2023.

Further, the provision coverage ratio also improved to 92.30% as of March 31,2024 vis-a-vis 91.51% as of March 31,2023.

As a consequence of the Recoveries and improved Provision Coverage the Net NPAs reduced from Rs.103.31 crs as of March 31,2023 to Rs.77.11 crs as of March 31,2024

The Net Worth of the Company improved to Rs.450 crs as of March 31,2024 from Rs. 420 crs as of March 31,2023.

Outlook for 2024-25:

As I have stated earlier, the efforts of the Management of your Company during the current year shall continue to focus on recovery from the delinquent accounts and become Debt free.

In addition to the recovery from the delinquent accounts, the Company would also continue its efforts on increasing fee based income by expanding its advisory business and actively seeking opportunities to work hand in hand with various Departments of the Government of Maharashtra, thereby furthering the objectives and policies of the Government of Maharashtra. In this regard, I would like to highlight that due to the support from the Government of Maharashtra the Company could increase the Advisory Income to Rs.8.60 crs for the period under review as against Rs.4.23 crs for the previous year.

I am immensely grateful to the Government of Maharashtra, the Reserve Bank of India and the Bankers to the Company, all shareholders, the Board of Directors and our esteemed lenders viz. MIDC, SRA and the employees of your Company for their unstinted support to your company.

Best Regards,

Shri Kanhuraj Bagate
Managing Director

Directors' Report

To

The Members
SICOM Limited

The Directors present the 58th Annual Report of the Company and Audited Financial Statements for the Financial Year ended March 31, 2024.

1. FINANCIAL RESULTS

The highlights of the audited (IND-AS) financial results of the Company on standalone and consolidated basis for the year under review vis-à-vis the audited (IND-AS) financial results for the previous financial year are given below:

(Rs. in crores)

	Standalone		**Consolidated**	
	2023-24	**2022-23**	**2023-24**	**2022-23**
Total Income	75.71	46.08	79.42	43.34
Profit/ (Loss) before taxation	53.37	41.51	52.60	25.59
Less : Provision for taxation	0.00	0.00	0.63	0.36

Profit / (Loss) for the year from continuing operations	3.37	14.56	1.87	(5.17)
Profit/(loss) from discontinued operations (after tax)	NIL	NIL	NIL	NIL
Profit /(loss) for the period	0.40	10.20	(1.10)	(9.53)
Other comprehensive income	26.68	9.62	26.65	9.62
Total comprehensive income	27.08	19.82	25.55	0.09
Transfer to Reserve under RBI Act, 1934	0.67	2.91	0.67	2.91
Equity Dividend	NIL	NIL	NIL	NIL
Equity Dividend Tax	NIL	NIL	NIL	NIL

Financial performance:

Standalone performance of SICOM LTD:

During the year under review, the Company reported Profit after Tax of Rs.0.40 crores vis-à-vis Profit after tax of Rs.10.20 crores reported last year. The Profit during the year was primarily on account of reversal of excess provisions held exceeding the incremental provisions/ diminutions made on the delinquent loans and investments.

Consolidated performance of SICOM LTD.

The Total Income of SICOM Ltd and its subsidiaries upon consolidation stood at Rs.75.71 crores and the consolidated Loss After Tax for the year under review from continuing operations stood at Rs.1.10 crores vis-à-vis Loss after tax of Rs.9.53 crores reported last year.

Details of the performance of various subsidiaries on standalone basis, for the year under review, is given below in para 4.

State of Company's affairs and future outlook:

The focus of attention of the Company during the period under review has been to clean its books of the delinquent accounts through recoveries and incremental provisions and deleveraging the balance sheet. Your company has planned to become debt free in FY 25 by repaying the outstanding deposits from PSUs of Rs.280.13 crores as of March 31,2024.

The Capital to Risk Weighted Assets ratio (CRAR) of the Company stood at 51.02% as on March 31, 2024 vis-à-vis the Regulatory requirement of minimum of 15%.

As a result of recoveries from the delinquent accounts during the year, the Company has been able to reduce the Net NPAs from Rs.103.31 crores as of March 31, 2023, to Rs.77.11 crores as of March 31, 2024.

The Company has during the year become a fully compliant organisation in terms of the guidelines of RBI as applicable to systemically important non deposit taking Non-Banking Financial Companies.

Dividend

Due to unavailability of distributable surplus, no dividend is proposed for the financial year FY24

Appropriations

Due to unavailability of distributable surplus, no amount is transferred to General Reserves in FY24

Material changes and commitments, if any, affecting the financial position of the Company

There are no material changes and commitments other than those mentioned in this Report affecting the financial position of the Company for the financial year 2023-24.

7 EVALUATION OF BOARD OF DIRECTORS

In compliance with the Companies Act, 2013, in a separate meeting of Independent Directors, the performance evaluation of the Board and Committees of the Board was carried out during the year under review. Accordingly, the Nomination and Remuneration Committee in its meeting held on 26th March, 2024 has carried out the evaluation of Director's performance and Independent Directors also separately in its meeting held on 14th March, 2024 reviewed the performance of non-Independent Directors, Chairperson and the Board as a whole. The performance of the Chairperson of the Company, Independent Directors, Non-Independent Directors and Committees and Board as a whole for the year ended March 31, 2023 was discussed and evaluated at the Board Meeting held on 27th March, 2024.

8 DIRECTORS RESPONSIBILITY STATEMENT

Subject to the matters described elsewhere in this Report, the Directors of the Company hereby confirm that:

a. In the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures.

b. The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit and loss of the Company for that period.

c. The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities.

d. The Directors have prepared the annual accounts on a going concern basis; and

e. The Directors has devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

9 SECRETARIAL AUDIT

Your Directors in pursuance of Section 204(1) of the Companies Act, 2013 and relevant Rules had appointed Ragini Chokshi & Company, Company Secretaries, as Secretarial Auditor of the Company for the financial year 2023-24, to issue the Secretarial Audit Report to the Company. The Secretarial Audit Report is annexed to this report.

The Company has complied with secretarial standards issued by the Institute of Company Secretaries of India on Board Meetings and Annual General Meetings.

10 RISK MANAGEMENT AND INTERNAL CONTROLS

10.1 Internal Control Systems

The internal control systems are designed to ensure reporting efficiency and compliance with the regulations. The internal control system is audited by Independent Internal Auditors. The Internal Audit Reports are discussed at length during the Audit Committee meetings, which also reviews the adequacy and effectiveness of the internal controls.

10.2 Internal Financial Controls

The Company had appointed an external Auditor to evaluate the existing Internal Financial Controls. In order to follow the global best practices in the industry, internal financial controls have been reviewed and strengthened.

10.3 Risk Management

To lend appropriate focus to the mitigation of various types of risks that the Company faces, the Company has established a separate Integrated Risk Management Department. The Internal Risk Management Committee and the Risk Management committee of the Board of Directors on a regular basis monitor the various types of risks that the Company is exposed to and the monitoring and mitigation measures undertaken by the Company. A detailed Risk Management Framework to cover all risks has been developed.

11 PARTICULARS OF EMPLOYEES AND RELATED INFORMATION

Being an unlisted Company, provisions of Rule 5 of the Companies (Appointment and Remuneration of the Managerial Personnel) Rules, 2014 are not applicable to the Company.

However, there is no employee, who has been-

i) employed throughout the financial year, and in receipt of remuneration of Rs. 102 lacs or more per annum;

ii) employed for a part of the financial year, and in receipt of remuneration for any part of that year, at a rate which, in the aggregate, was Rs. 8.5 lacs or more per month;

iii) employed throughout the financial year or part thereof, was in receipt of remuneration in that year which, in the aggregate, or as the case may be, at a rate which, in the aggregate, is in excess of that drawn by the managing director or whole-time director or manager and holds by himself or along with his spouse and dependent children, not less than two percent of the equity shares of the Company.

12 Public Fixed Deposits:

The Company has not accepted any fixed deposits from members of public during the year under review and will not accept fixed deposits from members of the public.

13 Particulars of Loans, Guarantees or Investments.

The disclosures required under Section 186 of the Act are not applicable to the Company.

14 PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All related party transactions that were entered into during the financial year were at an arm's length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the Company with the Promoters, Directors, Key Managerial Personnel (KMP) or other designated persons which may have a potential conflict with the interest of the Company at large. All related party transactions as required under AS-18 are reported in notes to the financial statement.

None of the Directors has any pecuniary relationships or transactions vis-à-vis the Company.

15 EXTRACT OF ANNUAL RETURN

.
Pursuant to the requirements under Section 92(3) and Section 134(3) of the Act read with Rule 12 of Companies (Management and Administration) Rules, 2014, an extract of Annual Return in prescribed Form MGT-7 is placed on the website of the Company.

16 CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO.

Due to the nature of business of the Company the conservation of energy, technology clause and its provisions are not applicable. There are no foreign exchange earnings and outgo.

17 VIGIL MECHANISM/WHISTLE BLOWER POLICY

The Company has established a vigil mechanism to provide appropriate avenues to the Directors and employees to bring to the attention of the Management, the concerns about behavior of employees that raise concerns including fraud by using the mechanism provided by the Whistle Blower Policy.

During the financial year 2023-24, no cases under this mechanism were reported in the Company and any of its subsidiaries/associates.

18 POLICY FOR PREVENTION, PROHIBITION AND REDRESSAL OF SEXUAL HARASSMENT OF WOMEN AT WORKPLACE.

Our policy against sexual harassment is embodied both in the HRD Manual as also in a specifically written policy in accordance with the Sexual Harassment of Women at workplace (Prevention, Prohibition and Redressal) Act 2013. All employees (permanent, contractual, temporary, trainees) are covered under this policy. Internal Committee has been set up to redress complaints received regarding sexual harassment.

During the financial year 2023-24, no cases in the nature of sexual harassment were reported at any workplace of SICOM.

19 ORDERS BY AUTHORITY

There are no orders passed by any regulators or courts or tribunals impacting the going concern status and Company’s operations in future.

20 CORPORATE GOVERNANCE

Corporate Governance refers to the entire system by which a Company is managed and monitored, its Corporate Principles and guidelines, the system of internal and external control and supervision to which the Company's operations are subjected.

Corporate governance is practiced by all departments in the Company and is not restricted only to the Board of Directors.

21 DETAILS OF APPLICATIONS UNDER INSOLVENCY AND BANKRUPTCY CODE, 2016

1. ABG Shipyard Ltd
2. Bharathi Shipyard Ltd
3. Parekh Aluminex Ltd
4. Era infra Engg Ltd
5. Hi Point Investment and Finance Ltd
6. Adel Infrastructure Ltd
7. Kamla Real Estate Hub Pvt Ltd
8. Era Housing and Development Co Ltd
9. Shree Ganesh jewellery House Ltd
10. Amar Remedies Ltd
11. Gujrat NRE Mineral Resources Ltd
12. Hanung Toys and Textiles Ltd
13. Diamond Power Transformer Ltd
14. Edu smart Services Pvt ltd

22 THE DETAILS OF THE DIFFERENCE BETWEEN THE AMOUNT OF THE VALUATION DONE AT THE TIME OF ONE-TIME SETTLEMENT AND THE VALUATION DONE WHILE TAKING A LOAN FROM THE BANKS OR FINANCIAL INSTITUTIONS ALONG WITH REASON THEREOF.

During the year under review, there was no instance of any one time settlement from the banks or financial institutions.

23 FRAUD REPORTING

During the year, 1 loan account of the Company's subsidiary viz. SICOM Investments & Finance Ltd. (SIFL) amounting to Rs 1,358 lakhs for which fraud reporting has already been submitted by SIFL to RBI, is assigned to the Company.

The provision of 100% has been made by the Company for the loan account in accordance with RBI's directions. The Company has initiated legal action to recover the outstanding dues.

24 MANAGEMENT DISCUSSION AND ANALYSIS: -

The global economy has displayed remarkable resilience in the year, having successfully navigated a host of challenges, and identified opportunities amid the diverse economic conditions in various regions. The Indian economy notably distinguished itself as one of the fastest-growing major economy, driven by robust domestic consumption, favorable demographics and government initiatives towards infrastructure enhancement. This was further supported by broadbased industrial growth, especially in manufacturing. The financial services sector in India has flourished and is a catalyst for economic momentum through innovative strides in fintech, digital banking, and inclusive finance. The Reserve Bank of India's (RBI) effective inflation management also contributed to maintaining a stable interest rate environment, laying the groundwork for long term investments. The RBI decided to keep the policy repo rate unchanged at 6.5% as retail inflation continues to be above its target of 4%. As inflation is projected to converge to target levels by 2025, the stage is set for potentially more accommodating monetary policies.

The Non-Banking Financial Company (NBFC) sector in India has shown significant growth, reaching approximately USD 380 Billion in FY 2024. This expansion underscores the sector's crucial role in the financial landscape, driven by increasing demand for specialized financial services from Micro, Small, and Medium Enterprises (MSMEs), which often face challenges in securing loans from traditional banks

As we progress towards our FY 2025, we are committed to restart the lending operations, rebuild a technology driven, diversified NBFC that is centred around customer focus, people, market understanding, digital-first approach, robust cost management and high credit quality, we are on track to achieving our goals. Together, we are moving forward with resolve and optimism, ready to embrace the opportunities of a new era. I thank you for being a part of this journey towards growth and success.

Acknowledgements

The Directors /Company express their sincere gratitude and thanks to Government of Maharashtra, the Reserve Bank of India, other Government and Regulatory Authorities, its lenders viz. State Public Sector Undertakings (MIDC and SRA) for their ongoing support.

The Directors also place on record their sincere appreciation for the continued support extended by the Company's shareholders and trust reposed by them in the Company. The Directors sincerely appreciate the efforts put in by the employees of the Company and its subsidiaries across all levels.

For and on behalf of the Board of Directors

FORM NO MR-3

SECRETARIAL AUDIT REPORT

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel Rules, 2014]

FOR THE PERIOD 01-04-2023 TO 31-03-2024

To,

The Members,

SICOM Limited
Solitaire Corporate Park,
Building No.4, Guru Hargovindji Road.
Andheri (East), Mumbai – 400093.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **SICOM Limited (CIN: U65990MH1966PLC013459)** (hereinafter called the company) for financial year ended on March 31, 2024. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period April 01, 2023 to March 31, 2024 ("the Reporting Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2024 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made thereunder;

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder; **(Not applicable to the Company during the period under review**)

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):- **(Not applicable to the Company during the period under review)**

a) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirement) Regulations, 2015;

b) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

c) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

e) The Securities and Exchange Board of India (Share Based Employee Benefits & Sweat Equity) Regulations, 2021;

f) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;

g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;

i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018.

We have relied on the representation made by the Company and its Officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company.

We are of the opinion that the management has complied with the following laws specifically applicable to the Company:

The Reserve Bank of India Act, 1934 & rules, guidelines, regulations, circulars and notifications issued by the RBI and applicable to systematically important Non-Deposit Accepting Non-Banking Finance Company.

We have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards i.e. SS-1 and SS-2 issued by The Institute of Company Secretaries of India.

(ii) The Securities and Exchange Board of India (Listing obligations and Disclosure Requirement) Regulation 2015 and the Listing Agreements entered into by the Company with Stock Exchanges. **(Not Applicable to the Company during the period under review)**

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except mentioned below:

Some forms have been submitted after the Due date because of technical issues with the Ministry of Corporate Affairs and RBI websites.

We further report that

The Board of Directors of the Company is duly constituted and the changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent within/beyond the prescribed time, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

As per the minutes, the decisions at the Board meeting were taken unanimously/with requisite majority.

There are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines

We further report that during the audit period, the company had no specific events or actions which might have a bearing on the company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc. except following:

1. Cessation of Mr. Vishal Vithal Kamat as Independent Director of the Company w.e.f. 23rd May 2023.

2. Appointment of Mr. Sandip Chitnis as Independent Director of the Company w.e.f. 14th June 2023.

3. Appointment of Mr. Ashok Paranjpe as Independent Director of the Company w.e.f. 22nd June 2023.

INDEPENDENT AUDITOR'S REPORT

To the Members of SICOM Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of SICOM Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including the Statement of Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies information and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Companies Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements Section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

1. We draw attention to the Note 42 Financial Statements, regarding the deferred tax assets, the management has performed assessment in relation to the same. The management has reasonable certainty of generating future profits, and they are of the view that they are able to utilize the DTA as at the Balance sheet date.
   During the current year, management has assessed to write off Rs. 50 Crores of DTA from Rs. 85 Crores during last FY 2022-23 to Rs. 35 Crores in current FY 2023-24.

2. Refer to Note 22 of the Financial Statements, the company has outstanding borrowings from Govt of Maharashtra (GoM) since 2001-02 of INR 46.02 Crores, on which interest has been kept accrued of Rs 96.69 Crores. It was agreed that repayment of the re-adjustment loan will be carried out based on mutual discussion between the Company and GoM. The company has put forth a proposal in front of GoM for

enhancing its regulatory capital by conversion of loan amount into a subordinate debt and waiver of interest.

As per Ind AS 32 'Financial Instruments- Presentation', paragraph 28 read with AG 31, the same may be required to be assessed as a compound financial instrument, however due to inability to assess future cash outflows in light of above negotiations, entire loan along with interest accrued has been classified as liability.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no significant reportable Key Audit Matters to be communicated in the Report.

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the Other Information. The other information comprises the Director's Report, Board Report, but does not include Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this information, we required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As a part of an audit in accordance with SA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company to express an opinion on the Statement.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by section 197(16) of the Act based on our audit, the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Sub-Section (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

3. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the possible impact of the matters described in the Emphasis of Matters and for the matters stated in paragraph 18(g)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

   (d) Except the possible impact of the matters described in Emphasis of Matters, in our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements – Refer Note 49 on Contingent Liabilities

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2024;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. With respect to clause (e) of Rule 11 of the companies (Audit and Auditors) Rules,2014, as amended:

(a) The Management has represented that, to the best of its knowledge and belief, other than disclosed in the notes, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, other than disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on audit procedures, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. The Company has not declared or paid any dividend during the financial year ended 31st March 2024.

vi. As stated in Note 89 to the accompanying standalone financial statements and based on our examination which included test checks, except for instances mentioned below, the Company, in respect of financial year commencing 1 April 2023, has used an accounting software for maintaining its books of account which has a feature of audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with other than the consequential impact of exception given below in the table:

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from 01 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record 31 March 2024, the reporting thereon would be done from Financial Year 2024-25 onwards.

Nature of Exception noted	**Details of Exception**
Instances of accounting software for maintaining its books of account which did not have a feature of recording audit trail (edit log) facility including to log any direct data changes at database level and the same was not enabled and not operated throughout the year for all relevant transactions recorded in the software	1) Following accounting software which did not have a feature of recording audit trail (edit log) facility. Accordingly, the audit trail feature was not enabled and not operated throughout the financial year including to log any direct data changes at database level: (a) Loan Accounting Management System (LAMS) (b) Foxpro OD Entry System (c) Foxpro Treasury System

Annexure A to the Independent Auditor's Report

With reference to the Annexure A referred to in paragraph 2 under the heading "Report on other Legal and Regulatory Requirements" of the Independent Auditor's report to the members of SICOM Limited on the Financial Statements for the year ended 31 March 2024, we report that:

(i)

(a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment;

(B) The company is maintaining proper records showing full particulars of intangible assets;

(b) As explained to us, Property, Plant and Equipment have been physically verified by the management at regular intervals; as informed to us, no material discrepancies were noticed on such verification;

(c) According to the information and explanation given to us and on the basis of examination of the records of the Company, the title deeds of immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favor of the lessee) are held in the name of the Company except as below:

Relevant line item in the Balance sheet	Description of item of property	Gross Carrying Value (Rs. In Lakhs)	Title deed held in the name of the company	Whether title deed holder is a promoter, director or relative of promoter /director or employee of promoter /director	Reason for not being held in the name of the company
Properties Held under PPE	Building	1069.27	State Industrial and Investment Corporation of Maharashtra Limited	No	The name of SICOM Limited changed vide notification in official gazette. However, the title deeds are in the erstwhile name of the Company and not changed to SICOM Ltd
Properties Held under PPE	Land	48.75			
Properties Held under Investment Property	Building	2376.75			
Properties Held under PPE	Building	142.11	Government of Maharashtra	No	The matter is pending with Industry Department (GOM) for executing the sale deed in favour of SICOM Limited. Further the Company has received allotment letter.

(d) The company has not revalued its Property, Plant and Equipment or intangible assets during the year;

(e) According to the information and explanation given to us and on the basis of examination of the records of the Company, there are no Proceedings are initiated or no pending cases against the company for holding Benami Property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder;

(ii) The Company is in the business of rendering services and consequently, does not hold any inventory. Therefore, the provision of paragraph 3 (ii) of the Order not applicable to the Company.

(iii)

(a) The principal business of the company is to give loans and hence this clause is not applicable to the company

(b) The investments made, guarantees provided security given and the terms and conditions of the grant of all loans and advances in nature of loans and guarantees provided are prejudicial to the company's interest due to following reason;
- Investments made or loans/advances not recoverable

(c) In respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest has been stipulated however the repayments or receipts are irregular

(d) There are overdue amounts for more than ninety days, reasonable steps have been taken by the company for recovery of the principal

Rs in Lakhs

No. of Cases (Including Related Party Loans)	Principal amount overdue (Rs. In Lakhs)	Interest Overdue (Rs. In Lakhs)	Total (Rs. In Lakhs)	Remarks, if any
64	1,00,152.97	7,14,527.3	8,14,680.26	-

(The above cases are as on 31st March 2024 and excluding amounts earlier written off)

(e) No such fresh loans or advances are granted to settle the over dues of existing loans given to the same parties.

(f) The company has granted loan or advances in the nature of loans which are repayable on demand, details are as under:

Rs in Lakhs

Name of the Parties	Aggregate amount loans/advances granted (Rs. In Lakhs)	% to total loans granted	Aggregate amount of loans granted to related parties* (Rs. In Lakhs)
SICOM Investment and Finance Ltd (Subsidiary) and SICOM Realty Ltd. (Subsidiary)	1672.59	1.64%	1672.59

(During the year, assignment of loans of subsidiary (SIFL) has been done owing to which related party loans have been reduced against the assignment of loans and investment portfolio of SIFL)

(iv) The Company has complied with the provisions of sections 185 and 186(1) of the Act. Further as the company is a Non-Banking Finance Company, engaged in the business of financing, the provisions of section 186 [except for sub section (1)] of the act are not applicable to the Company.

(v) In our opinion, the company has not accepted any deposits from the public within the provisions of sections 73 to 76 of the Act and the rules framed there under. Accordingly, the provisions of clause 3(v) of the Order are not applicable.

(vi) As informed to us, the maintenance of cost records has not been specified by the Central Government under subsection (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.

(vii)

(a) The Company is regular in depositing undisputed statutory dues including Goods & Service Tax (GST), Provident Fund, Employees' State Insurance, Income tax and other statutory dues to the appropriate authorities. Further, the sale tax, service tax, duty of custom, duty of excise and cess are not applicable to the company. There are no arrears of outstanding statutory dues as on the last day of the financial year concerned for a period of more than six months from the date they became payable.

(b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited on account of any dispute as appearing from Income Tax website and as per the register maintained by the company are as under as on March 31, 2024:

Nature of Statute	Nature of Dues	Amount (Rs. In lakhs)	Period for which Amount relates	Forum where Dispute is pending
Income Tax Act, 1961	Income Tax Demand	165.26	A.Y. 2005-06	Income Tax Officer
Income Tax Act, 1961	Income Tax Demand	290.13	A.Y. 2007-08	High Court, Mumbai
Income Tax Act, 1961	Income Tax Demand	24.06	A.Y. 2010-11	High Court, Mumbai
Income Tax Act, 1961	Income Tax Demand	238.91	A.Y. 2013-14	High Court, Mumbai
Income Tax Act, 1961	Income Tax Demand	632.35	A.Y. 2016-17	Commissioner of Income Tax (Appeal)
Income Tax Act, 1961	Income Tax Demand	451.64	A.Y. 2018-19	Commissioner of Income Tax (Appeal)
Income Tax Act, 1961	Income Tax Demand	36,644.53	A.Y 2016-17	Commissioner of Income Tax (Appeal)
Income Tax Act, 1961	Income Tax Demand	1,885.48	A.Y 2015-16	Commissioner of Income Tax (Appeal)
Income Tax Act, 1961	Income Tax Demand	45,794.51	A.Y 2015-16	Commissioner of Income Tax (Appeal)
Income Tax Act, 1961	Income Tax Demand	261.92	A.Y 2001-02	Commissioner of Income Tax (Appeal)
Income Tax Act, 1961	Income Tax Demand	289.31	A.Y 2011-12	Commissioner of Income Tax

				(Appeal)
Income Tax Act, 1961	Income Tax Demand	3689.67	A.Y 2015-16	Commissioner of Income Tax (Appeal)
Finance Act, 1994	Service Tax Demand	330.02	FY 2014-15 to FY 2017-18	Custom, Excise and Service Tax Appellate Tribunal

(viii) As explained to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) (a) According to the information and explanations given to us and on the basis of our audit procedures, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.

We draw attention to footnote to Note no. 22 of the Standalone Ind AS Financial Statements in respect of loan obtained from Government of India (Ministry of Food Processing Industries) and Government of Maharashtra for the purpose of this clause. During the year, the Company has not taken any loan or borrowing from banks or issued any debentures.

(b) According to the information and explanations given to us and on the basis of our audit procedures and representations received from the management of the Company, we report that the company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.

(c) According to the information and explanations given to us and on the basis of our audit procedures, the company has not raised any money by way of term loans.

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the company, we report that no funds raised on short term basis have been used for long term purposes by the company.

(e) According to the information and explanations given to us, and the procedures performed by us, Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures;

(f) The Company has not raised loans during the year on the pledge of securities held by the subsidiaries, associates or joint ventures;

(x) In our opinion and according to the information and explanations given to us:

(a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(b) The company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year, hence the requirements of section 42 and section 62 of the Companies Act, 2013 are not applicable.

(xi)

(a) No incident of fraud on the company has been noticed or reported to RBI during the year

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) According to the information and explanations given to us, and the procedures performed by us, there are no whistle-blower complaints received by the Company during the year (and up to the date of this Report)

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of Act, where applicable, and the details have been disclosed in the standalone Ind AS financial statements as required by the applicable accounting standards

(xiv)

(a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports for the year under audit.

(xv) In our opinion during the year, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. and hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi)

(a) In our opinion, the Company is required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and has duly taken the registration.

(b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

(xvii) The Company has not incurred cash losses in the financial year. The Company has incurred cash losses of Rs. 4,614.33 lakhs in the immediately preceding financial year

(xviii) During the year, there is no resignation of statutory auditors.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor’s knowledge of the Board of Directors and management plans, and based on our examination of the evidence supporting the assumptions, there exists few conditions, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) Based upon the audit procedures performed and according to the information and explanations given by the management, the company fulfills the applicable criteria as mentioned in Section 135 of the Companies Act, 2013 for the year. However, considering the Company has average net losses during the three immediately preceding financial years, hence the Company is not required to spent the expenditure on Corporate Social Responsibility.

(xxi) The reporting under clause 3 (xxi) of the Order is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of the said clause under this report.

Annexure B to the Independent Auditor's Report – March 31, 2024
[Referred to in paragraph 2(f) under 'report on other legal and regulatory requirements' section of our Report of even date]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of SICOM Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SICOM Limited
Notes to financial statements
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 1: Corporate Information

SICOM Limited (‘The Company’) is registered as a Non- Banking Financial Company (‘NBFC’) (non- deposit accepting) as defined under section 45-I A of the Reserve Bank of India (‘RBI’) Act, 1934. The Company was incorporated on 31st March 1966. The Company is primarily engaged in the business of corporate lending.

The Company is registered with Reserve Bank of India (RBI) as non-deposit taking Non Banking Financial Company (NBFC) with Registration No. B-13.01647.

The Company is among the leading well-diversified financial services. Company in India offering end-to-end lending and financing to a diversified range of customers across the country.

The registered office of the Company is, Building No.4, Solitaire Corporate Park, Guru Hargovindji Road, Chakala, Andheri East, Mumbai 400093. The principal place of business is Building No.4, Solitaire Corporate Park, Guru Hargovindji Road, Chakala, Andheri East, Mumbai 400093.

The financial statements for the year ended 31st March 2024 were approved for issue in accordance with the resolution of the Board of Directors on 18th June, 2024.

Note 2: Basis of preparation and presentation

a. Basis of preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Accounting Standards. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The preparation of financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgment or complexity, or areas where assumptions are significant to the Company are discussed in Note 7 - Significant accounting judgments, estimates and assumptions.

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest crore, except when otherwise indicated.

b. Basis of measurement

The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Indian Accounting Standards. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

c. Functional and presentation currency

The financial statements are presented in Indian Rupees which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates and all values are rounded to nearest lakhs, except wherever other wise stated.

Note 3: Presentation of financial statement

The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:
i. The normal course of business
ii. The event of default
iii. The event of insolvency or bankruptcy of the Company and/or its counterparties

Note 4: Statement of compliance

These standalone or separate financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Act.

Note 5: Implementation of revised disclosure as per Schedule III

On 24 March 2021, the Ministry of Corporate Affaires('MCA') through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I,II and III of Schedule III have been implemented for preparation of financial statement.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 6: Summary of material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

6.1. Recognition of Income

a) Interest Income

Under Ind AS 109 interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Company recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the statement of profit and loss.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets and financial asset measured at FVTPL. When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Company calculates interest income by applying the effective interest rate to the amortised cost net of provision of the financial asset for the loans whose tenure has not expired. If the financial assets cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

b) Dividend Income

Dividend income is recognised :
i. When the right to receive the payment is established,
ii. it is probable that the economic benefits associated with the dividend will flow to the entity and
iii. the amount of the dividend can be measured reliably

c) Rental Income

Rental income arising from operating leases is recognised on a straight-line basis over the lease term. In cases where the increase is in line with expected general inflation rental income is recognised as per the contractual terms.

Operating leases are leases where the Company does not transfer substantially all of the risk and benefits of ownership of the asset.

d) Fees & Commission Income

Fees and commissions are recognised when the Company satisfies the performance obligation, at fair value of the consideration received or receivable based on a five-step model as set out below, unless included in the effective interest calculation:
Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to provide service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation

Fees earned from contract with customer is recognised basis point in time when performance obligation is satisfied (when the trade is executed). Fees and commissions arising from negotiating or participating in the negotiation of a transaction for a third party, such as the arrangement/participation, syndication fees, consortium fees, are recognised on completion of the underlying transaction. Fees or components of fees that are linked to a certain performance are recognised after fulfilling the corresponding criteria.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

e) Other Income

i. All other charges such as cheque return charges, overdue charges etc. are recognised on realization basis. These charges are treated to accrue on realization, due to the uncertainty of their realization.

ii. All other incomes are accounted on accrual basis.

6.2. Property, Plant and equipment ("PPE")

An item is recognised as an asset, if and only if, it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. PPE are initially recognised at cost. The initial cost of PPE comprises its purchase price (including non-refundable duties and taxes but excluding any trade discounts and rebates), and any directly attributable cost of bringing the asset to its working condition and location for its intended use. Subsequent to initial recognition, PPE are stated at cost less accumulated depreciation and any impairment losses. When significant parts of property, plant and equipment are required to be replaced in regular intervals, the Company recognises such parts as separate component of assets. When an item of PPE is replaced, then its carrying amount is de-recognised from the balance sheet and cost of the new item of PPE is recognised. The expenditures that are incurred after the item of PPE has been put to use, such as repairs and maintenance, are normally charged to the statement of profit and loss in the period in which such costs are incurred. However, in situations where the said expenditure can be measured reliably, and is probable that future economic benefits associated with it will flow to the Company, it is included in the asset’s carrying value or as a separate asset, as appropriate.

Depreciation is calculated using the Straight Line Method (SLM) method to write down the cost of PPE to their residual values over their estimated useful lives. Land is not depreciated.

The estimated useful lives are as follows:

Particulars	Useful Life of Assets
Furniture and fixtures	10 years
Typewriter and office equipment	10 years
Electronic Telephone equipment	10 years
Vehicles	8 years
Audio-visual equipment	10 years
Air conditioners and refrigerators	10 years
Other machinery and equipment	5 years
Computers	3 years
Ownership premises	19-54 years

Depreciation is provided as per Schedule II of the Companies Act, 2013 as given below :

Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other operating income in the Statement of profit and loss in the year in which the asset is derecognized.

6.3. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment loss. Intangible assets are amortized on a straight line basis over the estimated useful economic life.
The Company considers that the useful life of an intangible asset will not exceed 10 years from the date when the asset is available for use.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

6.4. Impairment of non-financial assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

6.5. Leases

The determination of whether an arrangement is or contains a lease, is based on the substance of the arrangement at the inception of the lease. The arrangement is or contain a lease if the fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2017, the Company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Company as a lessee

Leases that do not transfer to the Company substantially all of the risks and benefits incidental to ownership of the leased items are operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term, unless the increase is in line with expected general inflation, in which case lease payments are recognised based on contractual terms. Contingent rental payable is recognised as an expense in the period in which it is incurred.

Company as a lessor

Leases where the Company does not transfer substantially all of the risk and benefits of ownership of the asset are classified as operating leases. Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the statement of profit or loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms. Initial direct costs incurred in negotiating operating leases are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

6.6. Retirement and other employee benefits

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized in the Statement of Profit and Loss during the year.

Post-employment employee benefits

a) Defined contribution schemes

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

b) Defined Benefit schemes

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund.

The fund is administered by Life Insurance Corporation of India (LIC). The gratuity liability is calculated using the Projected Unit Credit Method which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation, is based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations.

The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

Other long-term employee benefits

Company's liabilities towards compensated absences to employees are accrued on the basis of valuations, as at the Balance Sheet date, carried out by an independent actuary. Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in the Statement of Profit and Loss.
The Company presents the provision for compensated absences under provisions in the Balance Sheet.

6.7. Finance cost

Finance cost represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed :
a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
c. Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.
Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

Interest expense includes issue costs that are initially recognized as a part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee etc., provided these are incremental costs that are directly related to the issue of a financial liability.

6.8. Taxes

Tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting the tax effect of timing differences between accounting income and taxable income for the period).

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

i Current Taxes

Provision for current tax is made on the basis of estimated taxable income for the accounting year in accordance with the Income Tax Act, 1961. Current tax assets and liabilities are measured at the amount expected to be recovered from, or paid to, the taxation authorities.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Management periodically evaluates positions taken in the tax returns with respect to situation in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and liabilities are offset where the entity has legally enforceable right to offset and intends either to settle on net basis, or to realise the assets and settle the liability simultaneously.

ii Deferred Taxes

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit and is accounted for using the balance sheet liability model. Deferred tax liabilities are generally recognised for all the taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

iii Minimum Alternate Tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognises MAT credit available as an asset only to the extent that it is probable that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognises MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as “MAT Credit Entitlement.” The Company reviews the MAT Credit Entitlement asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

6.9. Other Expenses

All other expense are recognized in the period they occur.

6.10. Earnings per share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

6.11. Provisions and other Contingent liabilities
a) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the Company determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The increase in the provision due to un-winding of discount over passage of time is recognised within finance costs. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

b) Other Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

6.12. Dividend on Equity Shares

The Company recognises a liability to make cash or non-cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the Companies Act, 2013 in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

Our Company also recognises dividends on ordinary shares and related dividend tax as a liability and deducted from equity when they are approved by the Company's shareholders.

6.13. Cash and cash equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

6.14. Segment Information

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM)
The Board of Directors of the Company has appointed the Managing Director ("MD") to assess the financial performance and position of the Company, and makes strategic decisions. The MD has been identified as being the CODM for corporate planning.
Refer Note No. 44 for segment information presented.

6.15. Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past / future cash receipts or payments. For the purpose of the Statement of Cash Flows, cash and cash equivalents as defined above, net of outstanding bank overdrafts as they are considered an integral part of cash management of the Company.

6.16. Determination of Fair Value

On initial recognition, all the financial instruments are measured at fair value. For subsequent measurement, the Company measures certain categories of financial instruments (as explained in note 6.17.1) at fair value on each balance sheet date.

Fair value is the price at the measurement date, at which an asset can be sold or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:
a) In the principal market for the asset or liability, or
b) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company's accounting policies require measurement of certain financial / non-financial assets and liabilities at fair values (either on a recurring or non-recurring basis). Also, the fair values of financial instruments measured at amortised cost are required to be disclosed in the said financial statements.

The Company is required to classify the fair valuation method of the financial / non-financial assets and liabilities, either measured or disclosed at fair value in the financial statements, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurement).

Accordingly, the Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Level 1 financial instruments −Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments−Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

Level 3 financial instruments − Those that includes one or more unobservable input where there is little market activity for the asset/liability at the measurement date that is significant to the measurement as a whole.

6.17. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Entity becomes a party to the contractual provisions of the instruments.

6.17.1 Financial Assets

Initial Recognition - All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in three categories:

- Financial instruments to be measured at amortised cost
- Financial instruments to be measured at fair value through other comprehensive income (FVTOCI).
- Financial instruments to be measured at fair value through profit or loss (FVTPL).

Financial assets measured at amortised cost
Debt instruments

These financial assets comprise Bank Balances, Loans, Trade Receivables, Investments and Other Financial Assets.

Debt instruments are measured at amortised cost where they have:

a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and

b) are held within a business model whose objective is achieved by holding to collect contractual cash flows.

After initial measurement at fair value plus directly attributable costs, these financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. The measurement of credit impairment is based on the stage 3 expected credit loss model described in Note on Impairment of financial assets.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Business Model Assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.
The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:
> How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
>The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed
> How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
> The expected frequency, value and timing of sales are also important aspects of the Company's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Company assesses whether the financial instruments' cash flows represent solely payments of principal and interest (the 'SPPI test'). In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss. The amortised cost, as mentioned above, is computed using the effective interest rate method.

Financial assets measured at fair value through other comprehensive income

Debt Instruments
Investments in debt instruments are measured at fair value through other comprehensive income where they have:
a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest (SPPI) on the principal amount outstanding; and
b) Are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income within a separate component of equity. Impairment losses or reversals, interest revenue and foreign exchange gains and losses are recognised in profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statement of profit or loss. The expected credit loss model is described in Note on Impairment of financial assets.

Equity instruments
Investment in equity instruments that are neither held for trading nor contingent consideration recognised by the Company in a business combination to which Ind AS 103 'Business Combination' applies, are measured at fair value through other comprehensive income, where an irrevocable election has been made by management and when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation. Such classification is determined on an instrument-by-instrument basis. As at reporting date, there are equity instruments measured at FVOCI. Amounts presented in other comprehensive income are not subsequently transferred to profit or loss. Dividends on such investments are recognised in profit or loss.

Financial Instrument measured at fair value through profit or loss

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, financial instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

Items at fair value through profit or loss comprise:
• Investments (including equity shares) held for trading;
• Items specifically designated as fair value through profit or loss on initial recognition; and
• Financial instruments with contractual terms that do not represent solely payments of principal and interest.
Financial instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

6.17.2 Financial Liability

A financial liability may be designated at fair value through profit or loss if it eliminates or significantly reduces an accounting mismatch or:
• if a host contract contains one or more embedded derivatives; or
• if financial assets and liabilities are both managed and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.
Where a financial liability is designated at fair value through profit or loss, the movement in fair value attributable to changes in the Company's own credit quality is calculated by determining the changes in credit spreads above observable market interest rates and is presented separately in other comprehensive income. As at the reporting date, the Company has not designated any financial instruments as measured at fair value through profit or loss.

Other borrowed funds

After initial measurement, other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and transaction costs that are an integral part of the Effective Interest Rate (EIR).

Modification of loans

The Company sometimes renegotiates or otherwise modifies the contractual cash flows of loans to customers. When this happens, the Company assesses whether or not the new terms are substantially different to the original terms.
If the terms are substantially different, the Company derecognises the original financial asset and recognises a 'new' asset at fair value and recalculates a new effective interest rate for the asset. The date of renegotiation is consequently considered to be the date of initial recognition for impairment calculation purposes, including for the purpose of determining whether a significant increase in credit risk has occurred. However, the Company also assesses whether the new financial asset recognised is deemed to be credit-impaired at initial recognition, especially in circumstances where the renegotiation was driven by the debtor being unable to make the originally agreed payments. Differences in the carrying amount are also recognised in profit or loss as a gain or loss on de recognition.

If the terms are not substantially different, the renegotiation or modification does not result in de recognition, and the Company recalculates the gross carrying amount based on the revised cash flows of the financial asset and recognises a modification gain or loss in profit or loss. The new gross carrying amount is recalculated by discounting the modified cash flows at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

6.17.3 Impairment of financial assets

The Company applies the expected credit loss (ECL) model for recognising impairment loss as against hitherto Income Recognition and Asset Classification (IRAC) norms of RBI.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months from the reporting date.

The Company assesses at each reporting date whether a financial asset (or a Company of financial assets) such as investments, loans and advances, non-fund based limits not designated as FVTPL and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Lifetime Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Stage 1 : 12 months ECL
All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Company classifies all standard advances and advances upto 30 days default under this category. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2. For these assets, 12 months ECL are recognized and interest revenue is calculated on the gross carrying amount of the asset.

Stage 2: Lifetime ECL – not credit impaired
Financial instruments that have had a significant increase in credit risk since initial recognition are classified under this stage. 30 Days Past Due is considered as significant increase in credit risk and classified under this category. For these assets, lifetime ECL are recognized, but interest revenue is still calculated on the gross carrying amount of the asset.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Stage 3: Lifetime ECL – credit impaired
All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount for the loans whose tenure is not expired. 90 Days Past Due is considered as default for classifying a financial instrument as credit impaired. If an event (for eg. any natural calamity) warrants a provision higher than as mandated under ECL methodology, the Company may classify the financial asset in Stage 3 accordingly.

Credit-Impaired financial assets :
Measurement of ECLs

The measurement of ECL reflects:
a) An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes
b) The time value of money
c) Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

ECLs are derived from unbiased and probability-weighted estimates of expected loss, and are measured as follows:
- Financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls over the expected life of the financial asset discounted by the effective interest rate. The cash shortfall is the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive.
- Financial assets that are credit-impaired at the reporting date: for majority of Stage 3 assets, the ECL is assessed on individual recoverability basis and for remainder on collective basis as per segmentation of financial assets.
- Undrawn loan commitments: as the present value of the difference between the contractual cash flows that are due to the Company if the commitment is drawn down and the cash flows that the Company expects to receive.

ECLs are recognised using a provision for doubtful debts account in the statement of profit and loss. In the case of debt instruments measured at fair value through other comprehensive income, the measurement of ECLs is based on the three-stage approach as applied to financial assets at amortised cost. The Company recognises the provision charge in the statement of profit and loss, with the corresponding amount recognised in other comprehensive income, with no reduction in the carrying amount of the asset in the balance sheet.

Write-off
Loans and debt securities are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for ECL are presented in the statement of financial position as follows:
a) Financial assets measured at amortised cost: as a deduction from the gross carrying amount of the assets;
b) Loan commitments and financial guarantee contracts: generally, as a provision;
c) Where a financial instrument includes both a drawn and an undrawn component, and the Company cannot identify the ECL on the loan commitment component separately from those on the drawn component: the Company presents a combined loss allowance for both components. The combined amount is presented as a deduction from the gross carrying amount of the drawn component. Any excess of the loss allowance over the gross amount of the drawn component is presented as a provision; and
d) Debt instruments measured at FVOCI: no loss allowance is recognised in the statement of financial position because the carrying amount of these assets is their fair value. However, the loss allowance is disclosed and is recognised in the fair value reserve.

6.17.4 Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition. Financial liabilities are never reclassified. The Company did not reclassify any of its financial assets or liabilities in 2023-24 and until the year ended March 31, 2024.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Recognition and Derecognition of financial assets and financial liabilities

Recognition:

a) Loans and Advances are initially recognised when the funds are transferred to the customers' account or delivery of assets by the dealer, whichever is earlier.
b) Investments are initially recognised on the settlement date.
c) Deposits and borrowings are initially recognised when funds reach the Company.
d) Other Financial assets and liabilities are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Derecognition:

Financial assets: The Company derecognizes a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

Financial liabilities: A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss. As at the reporting date, the Company does not have any financial liabilities which have been derecognized.

Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and liabilities are offset and the net amount is presented in the balance sheet when the Company has a legal right to offset the amounts and intends to settle on a net basis or to realise the asset and settle the liability simultaneously in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and/or its counterparties

Securities lending and borrowing
Securities lending and borrowing transactions are usually collateralised by securities or cash. The transfer of the securities to counterparties is only reflected on the statement of financial position if the risks and rewards of ownership are also transferred. Cash advanced or received as collateral is recorded as an asset or liability. Securities borrowed are not recognised in the statement of financial position, unless they are then sold to third parties, in which case, the obligation to return the securities is recorded as a short sale within financial liabilities held for trading and measured at fair value with any gains or losses included in net trading income.

Financial guarantees

Financial guarantee contracts are contracts that require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of a debt instrument. Such financial guarantees are given to Company's, financial institutions and others on behalf of customers to secure loans, overdrafts and other Companying facilities.

In the ordinary course of business, the Company issues financial guarantees, consisting of letters of credit, guarantees and acceptances. Financial guarantee contracts issued by the entity are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. All financial Instruments should be valued at its fair value on initial recognition (which normally is its transaction price) and since financial guarantee falls under financial instrument definition (as per Ind AS-32) hence, financial guarantees are initially recognised in the financial statements within 'other liabilities' at fair value, being the commission/premium received.

Subsequent to initial recognition, the Company's liability under each guarantee is measured at the higher of the amount initially recognised less cumulative amortisation recognised in the Statement of profit and loss, and the best estimate of expenditure required to settle any financial obligation arising as a result of the guarantee (loss allowance determined as per Ind AS 109). Any increase in the liability relating to financial guarantees is recorded in the Statement of profit and loss in credit loss expense. The premium received is recognised in the Statement of profit and loss in net fees and commission income on a straight line basis over the life of the guarantee.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 7: Significant Accounting Judgments, Estimates and Assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

7.1 Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

7.2 Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

7.3 Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

7.4 Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

The impairment loss on loans and advances is disclosed in more detail in Note 6.17.3. Impairment of Financial assets.

7.5 Contingent liabilities and provisions other than impairment on loan portfolio

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

7.6 Effective Interest Rate (EIR) method

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgment regarding the expected behavior and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument

7.7 Other estimates:

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Note 8: Mandatory exceptions

Following mandatory exceptions are applicable to the Company:

8.1 Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies).

8.2 Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that existed at the date of transition to Ind AS.

The above Debt securities are charged against outstanding Deposits

More information regarding the valuation methodologies can be found in Note 52.9

The company has not entered in to any credit derivative to mitigate above credit risk.

The company has designated its investment in Debt securities as FVPTL on the basis that these are held for trading. Investment in Government securities which are held for long term investments are designated at amortised cost.

The company has designated its equity investments as FVOCI on the basis that these are not held for trading and held for strategic purposes and at FVTPL for those held for trading.

As per the requirements of Ind AS 36, impairment assessment of provision for investment in Subsidiary SRL was being carried by the management since the cost/carrying value of the investment was exceeding the net equity appearing in standalone balance sheet of SRL. However as per the management's assessment , since the 'recoverable value' of the assets of SRL is exceeding the carrying amount, the impairment provision is not required.

Reconciliation of impairment allowance on Investment carried at amortised cost

Note 22 : Borrowings (other than deposits) (Continued)

Loans repayable on demand

(i) Loan from Government of India

The Company obtained Interest free loan from Ministry of Food Processing Industries (MOFPI) of Rs.291 lakhs (present outstanding is Rs.141 lakhs) for investing in the equity shares of five undertakings. As per agreement, above loan was repayable to MOFPI within three years from commencement of commercial production by these undertakings or five years from the date of payment whichever is earlier. At the expiry of the above mentioned period, SICOM was to disinvest the said amount from the investee companies and return the interest free loan to MOFPI. Any delay in payment beyond the stipulated period mentioned above was to carry interest @15% p.a. However, since these undertakings have turned sick or closed down, the Company was unable to divest investments in these undertakings. As at the Balance Sheet date, the Company had requested MOFPI for waiver of the outstanding loan along with accrued interest thereon vide letters dated July 24, 2006, December 19, 2011, April 4, 2012, March 8, 2013, Feb 13,2014,July 29, 2014 , August 19 ,2015 , August 2018, September 10, 2019 , October 27,2021 and March 16,2022 and accrued interest thereon. Pending a decision by Government of India, interest continues to be accrued on the aforesaid loan. There has been no further progress on the matter in FY 2022-23 & FY 2023-24.

(ii) Loan from Government of Maharashtra- interest bearing re-adjustment loan

In the year 1995-96, the Government of Maharashtra (GoM) divested its 51% holding in the Company for Rs.23,012.88 lakhs . This amount was provided to the Company as interest free re-adjustment loan. Thereafter, vide Government Resolution (GR) dated June 13, 2000 the terms and conditions of the said interest free readjustment loan were decided with a proviso that every year 10 percent of the loan amount would get converted into interest bearing w.e.f. financial year 2000-2001.

Accordingly by the year 2001-02, an amount of Rs.4,602.58 lakhs had become interest bearing and the balance amount of Rs.18,410.30 lakhs was non-interest bearing.

The GoM agreed vide its GR dated September 30,2002 to accept repayment of the non-interest bearing portion of Rs.18,410.30 lakhs at its Net Present Value of Rs.6,912 lakhs. Accordingly, SICOM arranged for payment of the non-interest bearing portion of the loan in the year 2002-03.
Both the aforementioned GRs also provided that repayment of the re-adjustment loan will be carried out based on mutual discussion between the Company and GoM.
In the meeting of the Empowered Committee (constituted by the GoM) dated January 31, 2004, it was suggested to consider converting interest bearing portion of the said loan into Grant or interest free loan or converting the entire loan into preference share capital. Pending decision in the matter, the Company has accrued interest on the outstanding loan for the period since April 1, 2003 @10% p.a.

The Company received a letter dated May 15, 2012 from GoM, requesting reasons for non-payment of annual interest @ 10% and non re-payment of the principal in December 2010. In reply thereto the Company vide its letter dated May 22, 2012 informed the GoM that the company had paid interest to GoM for the period upto March31,2003 and has been accruing the interest @ 10% on the outstanding loan of Rs.4,602.58 lakhs pending decision in respect of the suggestion made in the meeting of Empowered Committee held on January 31,2004. The company in the said letter also mentioned that the company has vide its letter dated March 29, 2012 proposed GoM to convert the loan and the interest thereon into sub-ordinate debt for a period of 10 years and proposed GoM for early decision in the matter. There has been no further progress in this matter.

As per Ind AS 32 ‘Financial Instruments- Presentation’, paragraph 28 read with AG 31, the same may be required to be assessed as a compound financial instrument, however due to inability to assess future cash outflows in light of above negotiations, entire loan along with interest accrued has been classified as liability.

As at March 31, 2024, the loan outstanding re-adjustment loan is Rs. 4,602.58 lakhs and interest accrued thereon is Rs. 9.669.19 lakhs.
As at March 31, 2023, the loan outstanding re-adjustment loan is Rs. 4,602.58 lakhs and interest accrued thereon is Rs. 9,207.67 lakhs.

Nature and purpose of Account
Securities Premium Account: Securities premium account is used to record the premium on issue of shares. The account can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

Special reserve : A special reserve is created u/s 36(1)(viii) of Income Tax Act, 1961, such benefit being available to financial corporations, specified in Section 4A of the Companies Act, 1956 engaged in the business of providing long term finance for industrial development in India.

Statutory Reserve pursuant to Section 45-IC of the Reserve Bank of India Act, 1934 :

The conditions and restrictions, for distribution, attached to statutory reserves as specified in Section 45-IC(1) in The Reserve Bank of India Act, 1934:

(1) Every non-banking financial company (NBFC) shall create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the Statement of profit and loss and before any dividend is declared.

(2) No appropriation of any sum from the reserve fund shall be made by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation shall be reported to the RBI within twenty-one days from the date of such withdrawal,

Provided that the RBI may, in any particular case and for sufficient cause being shown, extend the period of twenty one days by such further period as it thinks fit or condone any delay in making such report.

(3) Notwithstanding anything contained in sub-section (1) the Central Government may, on the recommendation of the RBI and having regard to the adequacy of the paid-up capital and reserves of a NBFC in relation to its deposit liabilities, declare by order in writing that the provisions of sub-section (1) shall not be applicable to the NBFC for such period as may be specified in the order:

Provided that no such order shall be made unless the amount in the reserve fund under sub-section (1) together with the amount in the share premium account is not less than the paid-up capital of the NBFC.

Capital Redemption Reserve: The Company has recognised Capital Redemption Reserve on redemption of Non-Convertible Redeemable Preference Shares from its retained earnings. The amount in Capital Redemption Reserve is equal to nominal amount of the Non-Convertible Redeemable Preference Shares redeemed. The Company may issue fully paid up bonus shares to its members out of the capital redemption reserve account.

General Reserve: Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 43: Earnings per share

Basic earnings per share (EPS) is calculated by dividing the net profit/(loss) for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS is calculated by dividing the net profit attributable to equity holders of the Company (after adjusting for interest on the convertible preference shares and interest on the convertible bond, in each case, net of tax) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

(Rs. in Lakhs)

Note 44: Segment Information

(i) Description of segments and principal activities:

The Company operates in two Business Segments namely Lending and Advisory & Treasury. Business segments have been identified as reportable segments based on how the CODM examines the company’s performance. Since the business operations of the Company are primarily concentrated in India, the Company is considered to operate only in the domestic segment.
Types of products and services in each business segment:
a) Lending : Long Term Loans, Corporate Loans, Short Term Loans, Inter Corporate Deposits, Promoter Funding, Bill Discounting and Advisory. b) Treasury: Investments in Shares, Mutual Funds, Corporate Bonds, Government Securities and CBLOs.
c) Advisory services : Providing Advisory servies to Govt. departments and Corporates.

(ii) Summary of Segment information is as under:
Revenue has been identified to a segment on the basis of relationship to operating activities of the segment. Revenue which relate to the Company as a whole and are not allocable to a segment on a reasonable basis have been disclosed as 'Unallocated'.
Segment assets and segment liabilities represent assets and liabilities in respective segments. Tax related assets and other assets and liabilities which relate to the Company as a whole and that cannot be allocated to a segment on reasonable basis have been disclosed as 'Unallocated'.
The Company is primarily engaged in financing activities. It operates in 4 segments namely financing activities, treasury & other activities, Advisory services and single geographical segment. The Company earned treasury income, these income have been classified as “Treasury Activities” as per requirements of IND AS- 108 on Segment Reporting.

Defined Benefit Plan

Gratuity: The Company provides gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on respective employee's salary and the tenure of employment. The Company's liability is provided and funded on the basis of year end Actuarial valuation. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Gratuity is payable to all eligible employees of the Company on superannuation, death and permanent disablement, in terms of the provisions of the Payment of Gratuity Act, 1972 or as per the Company's Scheme whichever is more beneficial .

The estimates of future salary increases considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors.

The following tables summaries the components of net benefit expense recognized in the statement of profit and loss and the funded status and amounts recognized in the balance sheet for the gratuity plan.

Changes in the defined benefit obligation and fair value of plan assets as at 31 March 2024:

Note 49: Contingent liabilities and commitments

(a) Contingent Liabilities

(Rs in lakhs)

Particulars	**As at 31 March 2024**	**As at 31 March 2023**
i) Claims against the Company not acknowledged as debts (Refer Note 49.1)	37,983.98	37,983.98
ii) Disputed income tax demands	8,137.51	3,896.62
iii) Disputed service tax demands	330.03	0.00
iv) Disputed demand from landlords (Refer Note 49.2)	1,825.00	1,825.00
v) Loan received Ministry of Food Processing Industries (MOFPI) Govt of India (Refer Note 49.3)	66.00	66.00
Total	**48,342.52**	**43,771.60**

(b) Commitments and Capital Commitments

(Rs in lakhs)

Particulars	**As at 31 March 2024**	**As at 31 March 2023**
Undisbursed loans sanctioned	-	-
Capital Commitments	-	14.40
Total	**-**	**14.40**

49.1 Including claims of Rs.37,983.98 lakhs (previous year Rs. 37,983.98 lakhs) by way of damages claimed by various Customers against whom the Company has initiated recovery proceedings in respect of loans aggregating Rs. 227 lakhs (previous year Rs. 227 lakhs).

Reserve Bank of India ('RBI') vide its letter No. DNBS(BD) No. 140/05.02/2000-01 dated 7th August, 2000 has concurred with the Company's view that for the purpose of computation of Capital to Risk weighted assets ratio (CRAR), the contingent liability would be limited to amounts / dues outstanding as on the date of filing of suit or takeover of assets charged as security, irrespective of the damages claimed by the borrower.

49.2 This is with respect to premises taken on rent by the Company.

49.3 Loan received from Ministry of Food Processing Industries (MOFPI), Govt. of India, along with similar contribution by the Company was disbursed to Dynamix Dairy Industries ('Dynamix'). The Company as well as Dynamix had written to Ministry for waiver of interest on such loans. Interest liability of on such loans has been appropriated by the Company against the Corporate Deposits placed by Dynamix. MOFPI may demand payment if application for waiver rejected.

49.4 As regards the land parcel situated at Village Parsodi and Dorli, Wardha, the Government of Maharashtra had vide its letter dated May 20, 2016 informed the Company to remit 50% of the unearned income to the Government.

In response, SICOM has clarified to the Government vide its letter dated September 20, 2016 that the land parcel is owned by SICOM and the original land owners have been duly paid the consideration including additional compensation.

Further, the Company has brought it to the notice of the Government of Maharashtra that in terms of the relevant GRs, unearned income is payable in respect of Government Land and since the land parcel at Wardha is owned entirely by SICOM no unearned income is payable to the Government ,

In view of the above, the company has requested the Government of Maharashtra to waive the clause regarding remittance of the unearned income. The Company has again vide its letter dated 18th January, 2017 informed the Government that the decision regarding waiver of the clause is awaited from the Government. However, there has been no response from the Government in the matter nor has the Government raised any fresh demand in the matter.

The Company is of the opinion, that having regard to the title of the land there is remote possibility of the Company requiring to remit the unearned income as demanded by the Government of Maharashtra and therefore not shown as contingent liability.

Note 51: Capital

The Company maintains an actively managed capital base as on 31st March 2024 to cover risks inherent in the business which includes issued equity capital, share premium and all other equity reserves attributable to equity holders of the Company.

As an NBFC, the RBI requires the Company to maintain a minimum capital to risk weighted assets ratio ("CRAR") consisting of Tier I and Tier II capital of 15% of our aggregate risk weighted assets. Further, the total of our Tier II capital cannot exceed 100% of Tier I capital at any point of time. The capital management process of the company ensures to maintain a healthy CRAR as on 31st March 2024.

Capital Management

The primary objectives of the Company's capital management policy are to ensure that the Capital is adequate to support its business with view to maximize the shareholder value; while ensuring that the Company complies with the requirement of capital as per the guidelines issued by the Reserve Bank of India in that regard. The company manages its capital structure and make adjustments to it according to changes in economic condition and the risk characteristics of its activities. In order to maintain its capital structure the company may adjust the amount of dividend payable to shareholders, raise fresh capital or reduce borrowings based on review undertaken by the Board of Directors.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

(Rs. in Lakhs)

Regulatory capital	**As at 31 March 2024 ***	**As at 31 March 2023 ***
Common Equity Tier1 (CET1) capital	14,195.98	8,215.78
Other Tier 2 capital instruments	4,569.94	5,036.39
Total capital	18,765.92	13,252.17
Risk weighted assets	36,779.97	47,913.83
CET1 capital ratio	38.60%	17.15%
Total capital ratio	51.02%	27.66%

* calculated as per RBI notification RBI/2019-20/170 DOR (NBFC).CC .PD .No.109/22.10.106/2019-20 "Implementation of Indian Accounting Standards" issued by RBI on March 13, 2020.

"Tier I capital", "Tier II capital" and "Owned fund" are calculated as defined in Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 and notification RBI/2019-20/170 DOR (NBFC).CC .PD .No.109/22.10.106/2019-20 "Implementation of Indian Accounting Standards" issued by RBI on March 13, 2020.

Regulatory capital consists of CET 1 capital, which comprises share capital, share premium, retained earnings including current year profit less accrued dividends. Certain adjustments are made to Ind AS–based results and reserves, as prescribed by the Reserve Bank of India. The other component of regulatory capital is other Tier 2 Capital Instruments, which includes sub-ordinated debts and ECL Provision on Stage 1.

The Company was compliant in maintaining the RBI Prescribed Tier - 1 Capital ratio i.e. 10% and Capital Adequacy Ratio i.e. 15% as per Notification No. RBI/2017-18/ 181 as on 31st March 2024.

In Q1 & Q2 of FY 2022-23, The Company was non-compliant in maintaining the RBI Prescribed Tier - 1 Capital ratio i.e. 10% and Capital Adequacy Ratio i.e. 15% as per Notification No. RBI/2017-18/ 181. In Q3 & Q4 of FY 2022-23, The Company was compliant in maintaining the RBI Prescribed Tier -1 Capital ratio and Capital Adequacy Ratio.

Note 52: Fair value measurement

52.1 Valuation Principle

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as explained in Note 6.16

52.2 Fair Value Hierarchy of assets and liabilities

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

As at 31 March 2024

52.3 Valuation techniques

Equity instruments
Equity instruments in non-listed entities are initially recognised at transaction price and re-measured (to the extent information is available) and valued on a case-by-case and classified as Level 3. Equity instruments in listed entities are initially recognised at transaction price and fair valued at FVTPL on a case-by-case and classified as Level 1.

Debt securities
The investment in Debt securities are initially recognised at transaction price which is revalued at FVTPL based on FIMMDA Valuation which are classified in Level 3.

Government Securities
The investment in Government Securities is classified at amortised cost based on Effective interest rate method .

Preference shares
The Investment made in preference shares are either measured at amortised cost for which ECL is provided as per Ind AS 109 or fair valued through FVTPL which is classified as Level 3.

52.5 Movements in Level 3 financial instruments measured at fair value

The following tables show a reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities which are recorded at fair value. Transfers from Level 3 to Level 2 occur when the market for some securities became more liquid, which eliminates the need for the previously required significant unobservable valuation inputs. Since the transfer, these instruments have been valued using valuation models incorporating observable market inputs. Transfers into Level 3 reflect changes in market conditions as a result of which instruments become less liquid. Therefore, the Company requires significant unobservable inputs to calculate their fair value.

The following tables show the reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities measured at fair value:

(Rs. in Lakhs)

For Financial Year ended 31st March 2024	As at 1 April 2023	Purchase	Sales	At 31 March 2024	Unrealised gains and losses related to balances held at the end of the period

52.6 Impact on fair value of level 3 financial instruments measured at fair value of changes to key assumptions
The table summarises the valuation techniques together with the significant unobservable inputs used to calculate the fair value of the Company's Level 3 assets and liabilities. The range of values indicates the highest and lowest level input used in the valuation technique and, as such, only reflects the characteristics of the instruments as opposed to the level of uncertainty to their valuation. Relationships between unobservable inputs have not been incorporated in this summary.

52.7 Sensitivity of fair value measurements to changes in unobservable market data

The table below describes the effect of changing the significant unobservable inputs to reasonable possible alternatives. All changes except for debt instruments classified as FVOCI would be reflected in the Statement of profit and loss. Sensitivity data are calculated using a number of techniques, including analysing price dispersion of different price sources, adjusting model inputs to reasonable changes within the fair value methodology. The ranges are not comparable or symmetrical as the model inputs are usually not in the middle of the favorable/unfavorable range.

The table below shows data in relation to Level 3 inputs that are already aggregated on the underlying product levels without assuming any potential diversification effect, but including potential off-sets from economic or accounting hedge relationships in place. The Company is of the opinion that, whilst there may be some diversification benefits, incorporating these would not be significant to the analysis.

(Rs. In Lakhs)

Particulars	31-Mar-2024		31-Mar-2023	
	Favourable changes	Unfavourable changes	Favourable changes	Unfavourable changes
Equity instruments	15,960.63	14,440.57	13,234.29	11,973.89

Note 52 : Fair value measurement (*continued*)

52.9 Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Company's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in Notes 6.17.

Short-term financial assets and liabilities

For financial assets and financial liabilities those having a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: Trade receivables and trade payables without a specific maturity. Such amounts have been classified as Level 3 on the basis that no adjustments have been made to the balances in the balance sheet.

Financial assets at amortised cost

Loans and advances to customers
The loans and receivables are net of impairment and not fair valued due to unavailability of observable market inputs henceforth classified in Level 3.
Borrowings and Deposits
The borrowings and deposits are classified at amortised cost and not fair valued due to unavailability of observable market inputs henceforth classified in Level 3

Note 53: Risk management
As a financial intermediary, risk is inherent in the Company's activities. Risk is managed through an integrated risk management framework which covers identification, measurement and monitoring of risk and application of defined risk limits and other controls. The Company is exposed to credit risk, legal risk, liquidity risk and market risk, operational and business risks. Risk management is critical to the Company's sustainability and growth and each department and employee of the Company has a role to play in managing the risk associated with his or her function.

53.1 Introduction and Risk Profile
53.1.1 Risk management structure
The Board of Directors are responsible for the overall risk management of the Company and for approving the risk management strategies and adherence to Regulatory requirements on an ongoing basis.

A Board constituted Sub-Committee of Board of Directors i.e. Risk Management Committee (RMC) is responsible for monitoring the overall risk process within the Company. The Risk Management Committee is responsible for the development of risk strategy, policies, frameworks and limits. The Risk Management Committee is responsible for ongoing monitoring of risk levels and giving directions for containing risks within acceptable limits.

The task of the Chief Risk Officer and Integrated Risk Group (IRG) is to evaluate and mitigate the Credit Risks, Operational Risks, Liquidity Risks and all types of risks associated with the Company and make presentations to the RMC. IRG functions as a control function apart from performing the reporting function and suggest suitable actions to be taken in order to identify, analyze and mitigate risk in a better manner. IRG is responsible for implementing the approved risk policies, procedures and control processes.
The Internal Audit function is responsible for periodic audit and assessment of the risk management processes to ensure the adequacy of the procedures and the Company's compliance with the procedures. Internal Audit reports are reviewed by the management and the Risk Management Committee.

The Company's Treasury Department is responsible for managing assets and liabilities and the overall financial structure of the Company as per policies approved by the Board of Directors and Regulatory requirements. The treasury Department also addresses the funding and liquidity risks of the Company.

53.1.2 Risk measurement and reporting systems
The Company's policy is to measure and monitor the overall risk-bearing capacity in relation to the aggregate risk exposure across all risk types and activities. Standard Operating Procedures and Risk Control Matrix are put in place to cover all the departments and processes of the organisation.

The risk rating of each loan account at the time of origination is monitored on an on-going basis through the life cycle of the loan and deterioration in the rating (external or internal rating assigned by the Company) is reported to the Risk Management Committee.

As per contemporary risk management practices, the Company uses the method of computing the expected and unexpected loss to estimate the eventual actual loss.

53.1.3 Risk Limits - Setting and Monitoring

In order to ensure proper diversification of risk, single borrower / group exposure limits have been defined which are in line with the prescribed regulatory Prudential Norms for exposure. The limit were checked at the time of sanction. Limits have also been specified for industries and sectors to prevent excessive concentration of exposures to similar business activities which may collectively impact their business due to changes in macro-economic environment or other conditions like policy changes or developments in the external environment.

53.2 Credit Risk
Credit risk is the potential that the Company may incur a loss on account of its borrowers or counterparties fail to fulfill their contractual obligations in accordance with agreed terms. The Company manages credit risk ascribing a risk rating at loan origination stage to the proposed exposure, by setting limits for exposure to individual/group borrowers, and by monitoring exposures in relation to such limits and ratings. Limits prescribed for industry/sector exposure are also monitored.

Credit risk is monitored by the Integrated Risk Group of the Company. It is their responsibility to review and manage credit risk for all borrowers.

The Company has a system in place for early identification of deterioration in the credit profile of borrowers, impact of external and macro-economic developments on the overall portfolio quality and these reviews are made available to the Risk Management Committee on a quarterly basis. This review process enables the Company to assess the expected loss in the future and take appropriate corrective actions.

The Company's internal credit rating grades on days past due 9dpd) basis:

Internal rating grade	**Internal rating description**
Performing	
High grade	0 dpd
Standard grade	1 to 30 dpd
Sub-standard grade	31 to 60 dpd
Past due but not impaired	61 to 90 dpd
Non-performing	90+ dpd

53.2.1 Impairment assessment

The following impairment assessment model is used by the Company:

- Estimation and monitoring of probability of default, exposure at default and loss given default. (Notes 53.2.1.2, 53.2.1.3, 53.2.1.4)
- Judgment of the Company about a significant increase in the credit risk associated with an exposure. (Notes 53.2.1.5)
- For majority of Stage 3 assets, the ECL is assessed on individual recoverability basis and for remainder on collective basis as per segmentation of financial assets as Stage 1, Stage 2 and Stage 3 assets for assessment of ECL. (Refer Note 53.2.1.6)

The model should be read and interpreted in conjunction with the summary of significant accounting policies.

SICOM Limited
Notes to financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 53 : Risk Management (Continued)

53.2.1.1 Definition of default

A borrower is considered to be in Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on any of its contractual payments.

Besides the above consideration, as a part of a qualitative assessment of whether an exposure to any borrower is likely to result in a loss for the Company, the Company also considers indicators that may point towards a likelihood of a default.

In such an event, the Company evaluates judiciously, after weighing in all factors and data available, whether the exposure should be classified as Stage 2 or Stage 3 for the purpose of ECL computations. Such events include:

- A significant impairment of the value of the collateral or potential realization from sale of the collateral
- A significant covenant breach, not corrected by the borrower and not expressly waived by the Company
- The borrower filing for bankruptcy application/protection

In the event of any borrower becoming credit impaired, all exposures to the borrower are treated as Stage 3.

53.2.1.2 PD estimation process

It is an estimate of the likelihood of default over a given time horizon.

It is an estimate of the likelihood of default over a given time horizon. PD estimation process is done based on historical internal data available with the Company. While arriving at the PD, the Company also ensures that the factors that affects the macro economic trends are considered to a reasonable extent, wherever necessary. Company calculates the 12 month PD by taking into account the past historical trends of the portfolio and its credit performance. In case of assets where there is a significant increase in credit risk, lifetime PD has been applied which is computed based on survival analysis. For credit impaired assets, a PD of 100% has been applied.

53.2.1.3 Exposure at Default (EAD)

The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation, addressing both the ability to increase its exposure while approaching default and potential early repayments too.

To calculate the EAD for Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12 months ECL.

For Stage 2 and Stage 3, the exposure at default is considered for events over the lifetime of the instruments or exposures

In case of undrawn loan commitments, the entire amount of undrawn loan commitment is considered as the expected drawdown.

53.2.1.4 Loss Given Default (LGD)

LGD is an estimate of the loss arising in case where a default occurs. It is based on the difference between the contractual cash flows due and those that the Company would expect to receive, including from the realization from sale of any security. The LGD in case of stage 3 assets is computed majorly on individual basis and remainder on collective basis.

53.2.1.5 Significant increase in credit risk

The Company continuously monitors all assets to assess whether there has been an event which could cause a significant increase in the credit risk of the underlying asset or the borrower's ability to pay and accordingly changes the 12 month ECL to a lifetime ECL.

Under certain circumstances, the Company may also consider that events explained in "Definition of Default" section above (Refer Note 53.2.1.1) are a significant increase in credit risk as against a default. However, for all exposures which are greater than 30 days past due, the credit risk is considered to have increased significantly since initial recognition.

While estimating ECLs on a collective basis for similar assets, the Company applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

53.2.1.6 Grouping financial assets measured on a collective basis

The Company calculates ECLs on the portfolio which is broadly bifurcated into 2 categories:

1. Bills Discounted
2. Loans other than Bills Discounted

Loans other than bill discounted are further sub-categorised into the following:

a. Long term loans
b. Short Term Loans
c. Corporate Term Loan (CTL)
d. Loan against Deposit (LACD)
e. Loan Against Property (LAP) / Security Based Lending (SBL)
f. Loan against shares
g. Loan against guarantee
h. Revolving short term loans
i. Inter Corporate Deposit (ICD)
j. Receivable Finance

Total	**1,915.47**		**100,152.97**	**102,068.44**

53.3 Liquidity risk management:

Liquidity risk is the risk that the Company may be unable to meet its short term financial obligations due to the non-availability of adequate funds at an appropriate cost or tenure. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company relies on cash flows from operating and financial activities to meet its financial obligations as and when they fall due. The Company has a dedicated treasury department to manage liquidity whose primary function is resource raising and day to day cash flow management. The Company has taken a conservative approach to invest only in highly liquid assets such as G-Secs, T Bills and rated Commercial Papers. The Company has further taken a conscious decision avoid investment in derivatives.

The Treasury Department is also primarily responsible for the funding and liquidity risks of the Company. There is a daily monitoring of fund availability and deployment. Market risk and Investment Policy is put in place for carrying out treasury and investment operations. The policy is reviewed annually by the Asset Liability Management Committee (ALCO) of the Board of Directors.

The table below provides details regarding the undiscounted non-contractual maturities of significant financial assets and liabilities as on:-

Note 53 : Risk Management (Continued)

53. 4 Market Risk:

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. Such changes in the values of financial instruments may result from changes in the interest rates, credit, liquidity and other market changes. The Company is exposed to two types of market risk as follows:

53.4.1 Interest Rate Risk:

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company is subject to interest rate risk, primarily because it is in the business of lending to borrowers at fixed interest rates and for periods that may differ from our funding sources, while its borrowings are at both fixed and variable interest rates for different periods. The Company manages its interest rate risk by managing its assets and liabilities. Asset Liability Management Committee (ALCO) evaluates asset liability management, and ensures that all significant mismatches, if any, are being managed appropriately.

The Company has Board Approved Asset Liability Management (ALM) policy for managing interest rate risk and policy for determining the interest rate to be charged on the loans given.

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on the portion of borrowings affected. With all other variables held constant, the profit before tax is affected through the impact on floating rate borrowings, as follows:

(Rs. In Lakhs)

Particulars	**31-Mar-24**	**31-Mar-23**
Finance Cost	2,877.02	2,656.39
0.50 % increase	NIL*	NIL*
0.50% decrease	NIL*	NIL*

* During financial year 2023-24 & 2022-23, the Company has not availed any borrowings with floating rate of interest.

53.4.2 Price Risk:

The Company's exposure to price risk is not material and it is primarily on account of investment of temporary treasury surpluses in the highly liquid debt funds for very short durations. The Company has a board approved policy of investing its surplus funds in highly rated debt mutual funds, fixed deposits and other instruments having insignificant price risk, not being equity funds/risk bearing instruments.

Note 55: Corporate Social Responsibility

As per the provisions of Section 135 of the Companies Act, 2013 (the 'Act'), the Company has formulated the Corporate Social Responsibility (CSR) Policy. The Board has constituted a CSR Committee in accordance with Section 135 of the Act.

The Company is not required to incur CSR Expenditure for the current year (Previous Year: NIL), as average net profit of the past three years is negative.

However, CSR expenditure incurred by the Company approved by the Board of Director/CSR committee is as follows:

(Rs. In Lakhs)

Amount spent during the year ended on March 31, 2024	In Cash	Yet to be Paid in Cash	Total
(i) Construction / acquisition of any asset	-	-	-

The additional disclosure notes required by Reserve Bank India (RBI) are prepared under Indian Accounting Standards (Ind AS) issued by Ministry of Corporate Affairs (MCA), unless otherwise stated.

Note 59: Disclosure Of Restructured Accounts

(Rs. In lakhs)

Sr. no	Type of Restructuring Financial Year Asset Classification		Others Year ended 31-Mar-24	Others Year ended 31-Mar-23
1	Restructured Accounts as on 1st April of the FY (opening figures)	No of borrowers	3	3
		Amounts outstanding	14,252.25	14,320.25
		Provision thereon	13,760.25	13,804.87
2	Fresh restructuring during the year	No of borrowers	-	-
		Amounts outstanding	-	-
		Provision thereon	-	-
3	Upgradations to restructured standard category during the FY	No of borrowers		-
		Amounts outstanding	-	-
		Provision thereon	-	-
4	Restructured standard advances which cease to attract higher provisioning and/or additional risk weight at the end of the FY and hence need not be shown in restructured standard advances at the beginning of the next FY	No of borrowers		-
		Amounts outstanding		-
		Provision thereon		-
5	Down-gradations of restructured accounts during the FY	No of borrowers		
		Amounts outstanding		
		Provision thereon		
6	Write offs/Repayment of restructured accounts during FY	No of borrowers	2	-
		Amount repayment	1,752.25	68.00
		Provision thereon	1,260.25	44.61
7	Restructured Accounts as on March 31 of the FY (closing figures)	No of borrowers	1	3
		Amounts outstanding	12,500.00	14,252.25
		Provision thereon	12,500.00	13,760.25

Notes:

1 The outstanding amount and number of borrowers as at March 31, 2024 and March 31, 2023 is after considering recoveries during the year.

2 Additional facilities availed by borrowers or addition in outstanding balance in existing restructured accounts and partial repayments in existing restructured accounts are adjusted and disclosed under “Write-offs of restructured accounts”, however, for the purpose of arithmetical accuracy the number of existing borrowers availing additional facility or partial repayments have been ignored.

3 Asset classification as required by Master Direction - Non-Banking Financial Company - Systemically Important Non- Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016, as amended, is not disclosed as asset classification is not defined under Indian Accounting Standards.

4 The Company has classified all the restructured accounts under Stage 3 for ECL Calculations under Ind-AS and Provision for Impairment Loss on all the restructured accounts have been recognised in the books accordingly.

5 For the purpose of arithmetical accuracy, movement in provisions in the existing restructured account as compared to balance of provision as disclosed in opening balance and fresh restructuring on account sale/recovery/settlement (for any change in provision) is adjusted and disclosed under “Write-offs of restructured accounts” during the year.

Note 79: Note on Exposure in ILFS

As of March 31, 2024, the Company has outstanding exposure by way of investment in Non- Convertible Debentures of Rs 4,993.36 lakhs (P.Y. March 31, 2023 : Rs. 5,000 lakhs) issued by IL&FS Energy Development Company Ltd (IEDCL) and outstanding exposure by way of Investment in Non- Convertible Debentures of Rs, 3,412.13 lakhs (P.Y.March 31, 2023 : Rs. 3,709.05 lakhs) issued by IL&FS Transportation Network Ltd (ITNL). Thus aggregate exposure to the aforesaid IL&FS Group Companies stood at Rs 8,405.49 lakhs (P.Y. March 31, 2023 : Rs. 8,709.05 lakhs). Total provisions as on FY 2023-24 in respect of exposure to IL&FS group companies stood at Rs 6,298.57 lakhs (P.Y. March 31, 2023 : Rs. 4,459.13 lakhs).

The matter is under NCLT / NCLAT. In terms of the resolution plan submitted by the GOI appointed Board to the NCLAT, ILFS had issued a Public announcement on May 22, 2019 calling the financial creditors to file their claims against the various IL&FS group companies including IL&FS Energy Development Company Ltd and IL & FS Transportation Network Ltd.(where SICOM has exposure).The Public announcement had specifically directed Debenture Holders to file their claim through the Debenture Trustees with interest accrued and due as of October 15, 2018. The Company has already filed claims for IL&FS Energy Development Company Ltd and IL & FS Transportation Network Ltd with the Debenture Trustee viz. IDBI Trusteeship Services Ltd on May 24, 2019.

Note 80: Note on Exposure in RHFL

As of March 31, 2023, the Company has outstanding exposure by way of investment in Non- Convertible Debentures of Rs 5015.68 lakhs issued by Reliance Home Finance Ltd (RHFL). Total provisions made in respect of exposure RHFL stood at Rs 4112.98 lakhs.

The Mumbai bench of the NCLT has approved Authum Investments and Infrastructure resolution plan for RHFL. The plan, has been approved by the CoC, the Reserve Bank of India (RBI), and the Competition Commission of India (CCI).

Accordingly, company had received an amount of Rs 1385.29 lakhs towards the proceeds of the Resolution Plan as on 31st March, 2023.

Note 81: Note on Exposure in Reliance Capital Ltd.

As of March 31, 2024, the Company has outstanding exposure by way of investment in Non- Convertible Debentures of Rs 10,041.95 lakhs issued by Reliance Capital Ltd (RCL). Total provisions made in respect of exposure RCL stood at Rs 5,741.95 lakhs

Hinduja Group entity IndusInd International Holdings had offered Rs 9,750 crore in the extended auction held on April 26, 2023 expected recovery is going to be around 43%.

The resolution plan submitted by the successful resolution applicant had received approval from Insurance Regulatory and Development

IIHL was required to implement the RCAP resolution plan by May 27 2024, but this deadline was extended to August 8, 2024 by the NCLT at IIHL's request. Now, IIHL is seeking another extension, citing the need for additional time to secure various regulatory approvals.

Note 82:

The Company has incurred cash profit of approx. Rs. 33.91 crore during the year 31st March 2024 and cash loss of Rs. 46.14 crore (approx.) during the year ended 31st March 2023. The Board has considered the RBI communication dated 27th June 2020 relaxing the restrictions on lending operations of the Company adhering to the guidelines, and the improved financial position of the Company and accordingly approved business plan for the Company in its meeting held on 12th January 2023. In addition, the management is of the opinion that going concern basis of accounting is appropriate in view of the continuous support from the Government of Maharashtra and also meeting of the required norms for its lending operations. The Company's CRAR ratio improved from 27.66% (Mar23) to 51.02% (Mar24) which is above regulatory requirement of 15% as per RBI guidelines. Accordingly, the Standalone Financial Statements are prepared as a going concern basis.

Note 83: Penalties imposed by RBI and other regulators:

No penalties imposed by Reserve Bank of India and other regulators.

Note 89: Note on Audit Trail

The Ministry of Corporate Affairs (MCA) has prescribed a new requirement for companies under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 inserted by the Companies (Accounts) Amendment Rules 2021 requiring companies, which uses accounting software for maintaining its books of account, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled.

The Company has enabled the audit trail (edit logs) facility of the accounting software used for maintenance of all accounting records during the year ended March 31, 2024 except for the following accounting software which did not have a feature of recording audit trail (edit log) facility. Accordingly, the audit trail feature was not enabled and not operated throughout the financial year including to log any direct data changes at database level:

1. Loan Accounting Management System (LAMS)
2. Foxpro OD Entry System
3. Foxpro Treasury System

The company has planned to implement the new cloud based Trust Bank CBS software with a feature of recording of Audit Trail for the next financial year.

INDEPENDENT AUDITOR'S REPORT

To the Members of SICOM Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying consolidated financial statements of SICOM Limited ("the Holding Company") and its subsidiaries together referred to as 'the Group'), as listed in Annexure I, which comprise the Consolidated Balance Sheet as at March 31, 2024, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries except for the possible effects of the matters described in the Basis for Qualified Opinion section of our report, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group as at 31 March 2024, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Qualified Opinion

We draw your attention to the following qualification to the audit opinion of the financial statements of SICOM Investments & Finance Limited, a subsidiary of the Holding Company issued by an independent firm of Chartered Accountants vide its Report dated June 24, 2024 reproduced by us as under:

1. We draw attention to Note No. 52(c) to the Consolidated Financial Statements regarding the negative Net worth of the Company. A Non-Banking Financial Company is required to have a net owned fund of Two Hundred Lakh Rupees to commence or carry on the business of Non-Banking Financial Institution, as per para 5 of Chapter III of Section I of Master Direction· Non-Banking Financial Companies Systematically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 ("RBI Directions"). During the year ended March 31, 2024 the Company had negative Net worth and did not have any Net Owned Funds (NOF). The impact of non-maintenance of minimum NOF has consequential impact on non-maintenance of Capital to Risk (Weighted) Assets Ratio (CRAR) and other compliances with RBI Directions. As the Company has not fulfilled the criteria for registration as Non-Banking Financial Institution, in absence of specific approval from Reserve Bank of India ("RBI"), the Company will not be able to carry on the business of Non-Banking Financial Institutions.

   We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements Section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of

Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their report referred to in Other Matters section below, is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matters

2. We draw attention to Note No. 70 to the consolidated financial statements in relation to the show cause notice issued by RBI on the ground of non-maintenance of Minimum Net Owned Funds as required under RBI Directions. RBI has issued a notice advising the company to voluntarily surrender the Certificate of Registration (CoR) by April 15, 2019. Accordingly, the Company has applied for voluntary surrender on CoR on account of exit from Non- Banking Financial Institution (NBFI) business vide application dated February 9, 2024. In response to the Company application, RBI vide its letter ref. no. CO.DOS.SED.No.S141/11-01-003/2024-25 dated April 05, 2024 advised the Company to apply a fresh with all the requisite documents.

3. We draw attention to Note No 71 regarding non-compliance with terms of issue of preference shares by the Company as at April 1, 2023. The impact of the same was not ascertainable on the date of signing the financial statements for the year ended March 31, 2023. During the current financial year, the Parent Company SICOM Limited has waived off the unpaid accrued preference dividend of Rs. 21.25 crores which was unpaid since the financial year ended March 31, 2016 vide its letter dated September 27, 2023 to the Company. After obtaining the consent of the only Preference Shareholder SICOM Limited, the Company has applied to National Company Law Tribunal (NCLT) for redemption of Redeemable Preference Shares (RPS) and issue of fresh RPS against the existing unredeemed RPS of Rs. 25 crores. Accordingly, fresh RPS carrying coupon rate of 0.01% was issued on February 20, 2024 for a maximum period of 20 years in lieu of the existing unredeemed RPS carrying coupon rate of 10% under Section 55(3) of the Companies Act, 2013 in compliance with the NCLT Order dated November 6, 2023 in Company Petition No. 288 of 2023 before the NCLT, Bench-V Mumbai. Thus the Company is compliant as at March 31, 2024 in view of the NCLT Order dated November 6, 2023.

4. We draw attention to Note 1 to the consolidated financial statements which indicates that the subsidiary companies - SICOM ARC Limited (SARC), SICOM Capital Management Private Limited (SCMPL), SICOM Investments and Finance Limited (SIFL) and SICOM Trustee Company (STCPL) - do not intend to carry on the business activity. Hence, the consolidated financial statements of respective subsidiary companies are prepared on realizable value basis.

Related to SICOM Limited - Holding

5. We draw attention to the Note 44(c) Financial Statements, regarding the deferred tax assets, the management has reasonable certainty of generating future profits, and they are of the view that they are able to utilize the DTA as at the Balance sheet date.
 During the current year, management has assessed to write off Rs. 50 Crores of DTA from Rs. 85 Crores during last FY 2022-23 to Rs. 35 Crores in current FY 2023-24.

6. We draw attention to Note 22 to the Consolidated Financial Statements, the company has outstanding borrowings from Govt of Maharashtra (GoM) since 2001-02 of INR 46.02 Crores, on which interest has been kept accrued of Rs 96.69 Crores. It was agreed that repayment of the re-adjustment loan will be carried out based on mutual discussion between the Company and GoM. The company has put forth a proposal in front of GoM for enhancing its regulatory capital by conversion of loan amount into a subordinate debt and waiver of interest.
 As per Ind AS 32 'Financial Instruments- Presentation', paragraph 28 read with AG 31, the same may be required to be assessed as a compound financial instrument, however due to inability to assess future cash outflows in light of above negotiations, entire loan along with interest accrued has been classified as liability.

Related to SICOM Realty Limited (SRL)- Subsidiary

7. We draw attention to Note 12,13,14 of the consolidated financial statements, regarding evaluation of impairment provision in accordance with Ind AS 36 - 'Impairment of Assets' for loans given to other parties and receivables to be received aggregating Rs. 485.58 lakhs (As at March 31, 2023: Rs.531.33 lakhs) after reducing ECL Provision as on March 31, 2024, for which payments are not forthcoming regularly since more than five years. The recoverability of the said loans and receivables is primarily dependent on its realization.

8. We draw attention to Note 44(d) to the consolidated financial statements relating to SICOM Reality Limited ("SRL"), the subsidiary company for Deferred Tax Assets amounting to Rs.217.78 lakhs as at 31 March 2024 mainly arising out of provision for diminution in value of loans and investment, Impairment on receivables, provision for compensated absences, gratuity and other employee benefits recognized by SRL. In view of no operations of SRL since last few years, losses suffered in the preceding periods, and other unused tax losses available to the Company and reasonable certainty of realization of deferred tax assets, we are unable to comment on realizability of deferred tax assets in future. The consequential adjustments, if any, that may be required on non-realization of such deferred tax assets on loss for the year, equity and deferred tax assets, if any, is currently not unascertainable.

Other Matters

1. The audit of one of subsidiaries SICOM Investments & Finance Ltd has been undertaken by other auditor. The consolidation is being done on the audited financial statements of the subsidiary. Disclaimer of Opinion has been given in their Standalone Auditor's Report. Total assets of Rs.0.89 lakhs and net assets of Rs.18658.86 lakhs (net liabilities) as at March 31, 2024, total revenues of Rs. 9433.57 lakhs and net cash inflows amounting to Rs. (1329.80) lakhs for the year ended on that date as considered in the consolidated financial statements

2. SICOM Realty Limited, attention is drawn to Note No. 67(b),(c) and(d) to consolidated the financial statements, which describes the principal business of the company and the communication with the Reserve Bank of India (RBI) regarding registration as a Non-Banking Finance company (NBFC) under section 45-lA of the RBI Act 1934, based on its asset-income pattern. SICOM Limited, the holding company has received the RBI Inspection and Risk assessment Report (IRAR) as of March 31, 2023-Risk Mitigation Plan dated 18 July 2024, wherein it was mentioned that SRL continued to meet the Principal Business Criteria as on March 31, 2023, and therefore, it continued to qualify as an NBFC. However, the subsidiary had not re-applied to the Bank for obtaining the COR for an NBFC (since its earlier application had been returned by the Bank on December 18, 2019). The Holding Company has submitted the responses on August 28, 2024 to RBI. According to the information and explanations given by the Management, during the financial year 2022-23 the Financial Assets and Income from Financial Assets of the Company continue to be more than 50% of the total assets and total income respectively. The reason for exceeding income from financial assets is due to written back of provisions of impairment on financial assets due to sale of a land parcel related to that Joint Venture in November, 2022 on which provision was recognized in earlier years SICOM Realty Ltd has exited from the investments in LLP as well as monetized its ICD and advances during FY 2022-23 and this financial income is not related to inflow from a new non-banking financial activity and just a realization of earlier year's provisions of ICD and advances given to LLP.

   According to the information and explanations given to us, during the financial year 2023-24, the Company is not meeting the Principal Business Criteria as stipulated by RBI, therefore it is not required to be registered as NBFC with RBI under Section 45-IA of the RBI Act, 1934.

3. In case of SICOM Investments & Finance Limited, the financial statements or annual returns of the Company has not been filed for 2020-2021.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no significant reportable Key Audit Matters to be communicated in the Report except as mentioned above.

Information Other than the Consolidated Financial Statements and Auditor's Report thereon

The Holding Company's Board of Directors is responsible for the Other Information. The other information comprises the Director's Report, Board Report, but does not include Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this information, we required to report that fact. We are required to report that fact. As described in the Basis for Qualified Opinion section above. Accordingly, we are unable to conclude whether or not the other information is materially misstated with respect to these matters.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors are also responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As a part of an audit in accordance with SA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company to express an opinion on the Statement.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company and its subsidiaries to its directors (where applicable) during the year is in accordance with the provisions of the Section 197 of the Act.

2. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, based on the consideration of the Order reports issued till date by us and by the respective other auditors as mentioned in paragraphs above, of companies included in the consolidated financial statements and covered under the Act, refer Annexure II for details of qualifications and/ or adverse remarks given by respective auditors in the Order reports of such companies.

3. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and except for the possible effects of matters described in the Basis for Qualified Opinion section, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) Except the possible impact of the matters described in the Basis for Qualified Opinion section, in our opinion, proper books of account as required by law have been kept by the Holding Company so far as it appears from our examination of those books.

   (c) The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;

   (d) Except the possible impact of the matters described in the Basis for Qualified Opinion section, in our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   (e) The audit report on the financial statements of SICOM Investments & Finance Limited, a subsidiary of the Holding Company, issued by an independent firm of Chartered Accountants vide its audit report dated June 24, 2024 contains the following remark, which is reproduced by us as below:

   "The matters described under the Basis for Qualified Opinion section above, in our opinion, may have an adverse effect on the functioning of the Group."

(f) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act, however, refer to the point no 4 of Other Matter section above.

(g) The audit report on the financial statements of SICOM Investments & Finance Limited, a subsidiary of the Holding Company, issued by an independent firm of Chartered Accountants vide its audit report dated June 24, 2024 contains the following remark, which is reproduced by us as below:

The reservation relating to maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.

(h) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and its subsidiaries and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" wherein we have expressed a modified opinion.

(i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Consolidated Financial Statements – Refer Note 50 on Contingent Liabilities.
ii. The Company did not have any long-term contracts including derivative contracts. Hence, the question of any material foreseeable losses does not arise;
iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiaries.
iv. With respect to clause (e) of Rule 11 of Companies (Audit and Auditors) Rules, 2014, as amended

(a) The Management has represented that, to the best of its knowledge and belief, other than disclosed in the notes, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, other than disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate

Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Holding Company and its subsidiaries has not declared any dividend during the year ended March 31, 2024.

vi. As stated in note 72 to the Consolidated financial statements and based on our examination which included test checks, except for instances mentioned below, the Company, in respect of financial year commencing 1 April 2023, has used an accounting software for maintaining its books of account which has a feature of audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with other than the consequential impact of exception given below in the table:

Name of Entity	Nature of Exception noted	Details of Exception
1. SICOM Limited	Instances of accounting software for maintaining its books of account which did not have a feature of recording audit trail (edit log) facility including to log any direct data changes at database level and the same was not enabled and not operated throughout the year for all relevant transactions recorded in the software	1) Following accounting software which did not have a feature of recording audit trail (edit log) facility. Accordingly, the audit trail feature was not enabled and not operated throughout the financial year including to log any direct data changes at database level: (a) Loan Accounting Management System (LAMS) (b) Foxpro Treasury System (c) Foxpro OD Entry System
2. SICOM Realty Limited 3. SICOM ARC Limited 4. SICOM Capital Management Limited 5. SICOM Trustee Limited	Instances of accounting software for maintaining its books of account which did had a feature of recording audit trail (edit log) facility but the same was not enabled and not operated throughout the year for all relevant transactions recorded in the software.	The accounting software TallyPrime Edit Log is used for maintenance of books of accounts of the Company. The feature of recording audit trail (edit log) facility was not enabled throughout the period from 1st April 2023 to 31st March 2024 for all relevant transactions recorded in the software. The feature of recording audit trail (edit log) facility was not enabled at database level to log any direct data changes for the accounting software used for maintaining the books of account.

6. SICOM Investments and Finance Limited	Instances of accounting software where the independent firm of Chartered Accountants is unable to form an opinion whether the feature of recording the audit trail has operated throughout the year for all transactions recorded in software and whether the audit trail feature has been tempered with.	Based on Independent firm of Chartered Accountants' examination, the Company has used accounting software for maintaining its books of accounts for financial year ended 31.03.2024 which has a feature of recording audit trail (Edit Log) facility. However Independent firm of Chartered Accountants are unable to form an opinion whether the feature has operated throughout the year for all transactions recorded in software and whether the audit trail feature has been tempered with. (Refer note no. 66 in notes to accounts to standalone financial statements)

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from 01 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record 31 March 2024, the reporting thereon would be done from Financial Year 2024-25 onwards.

3	SICOM Realty Limited	Subsidiary	Clause iii(d), vii(b)
4	SICOM Capital Management Private Limited	Subsidiary	Clause vii(a), xvii, and xix
5	SICOM Trustee Company Private Limited	Subsidiary	Clause vii(a), xvii, and xix

Annexure A to the Independent Auditor's Report – March 31, 2024

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of SICOM Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') as at and for the year ended 31 March 2024, we have audited the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies which are covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

Our responsibility is to express an opinion on the internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors is sufficient and appropriate to provide a basis for our unqualified audit opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the internal control with reference to financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

* In respect of SICOM Ltd, as per RBI Notification RBI/2019-20/170 DOR (NBFC).CC. PD.NO.109/22.10.106/2019-20 where impairment allowance under Ind AS 109 is lower than the provisioning required under Income Recognition, Asset Classification and Provisioning (IRACP) (including standard asset provisioning), NBFCs/ARCs shall appropriate the difference from their net profit or loss after tax to a separate account called 'Impairment Reserve'. The Impairment Reserve of Rs.297.36 lakhs for FY 2023-24 and Rs. 435.74 lakhs for FY 2022-23 represents the difference provisioning under IND AS 109 and IRACP provisioning.

- During the pervious year (FY 2022-23), the SICOM Realty Limited (SRL) has retired from Investments in RRL joint venture and has taken exemption from preparing the consolidated financial statements. This was the reversal of adjustment pertaining to SICOM Realty Limited and related to the investments in joint venture which was accounted on cost basis as per standalone financial statements and on Equity method under consolidated financial statements for the year ended March 31, 2022.

SICOM Limited
Notes to the Consolidated financial statements
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 1: Corporate Information

SICOM Limited ("the Parent Company/the Holding Company") is registered as a Non- Banking Financial Company (‘NBFC’) (non- deposit accepting) as defined under section 45-IA of the Reserve Bank of India (‘RBI’) Act, 1934. The Parent Company and its subsidiaries (together hereinafter referred to as "the Group"). The Group is primarily engaged in the business of corporate lending, managing stressed assets of banks and financial institutions and Real Estate Sector.

SICOM Investments & Finance Limited (SIFL), SICOM ARC Limited (SARC), SICOM Capital Management Private Limited (SCMPL/SCML) and SICOM Trustee Company Private Limited (STCPL/STCL), subsidiary companies of the Parent Company, do not intent to carry on any business activity and accordingly these Consolidated Financial Statements, to the extent of inclusion of these entities in it, are not prepared on going concern basis. Accordingly, all assets of these subsidiaries have been carried at estimated realizable value and has provided all known liabilities.

Note 2: Basis of preparation and presentation

The consolidated financial statements comprise the financial statements of the Parent company, its subsidiaries (being the entity that it controls) as at 31st March 2024. Control is evidenced when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

The Consolidated Financial Statements of the Group have been prepared in accordance with the Ind AS 110- ‘Consolidated Financial Statements’ as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Act.

Principles of consolidation and equity accounting

a) Subsidiaries

"Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the Parent Company and its subsidiaries line by line adding together like items of assets, liabilities, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, Consolidated statement of changes in equity and Balance sheet respectively."

b) Joint ventures

Interests in joint ventures are accounted for using the equity method.

Equity method

Under the equity method of accounting in accordance with the Indian Accounting Standard 28 on ‘Investments in Associates and Joint Ventures’, the investments are initially recognised at cost and adjusted thereafter to recognise the Group’s share of the post-acquisition profits or losses of the investee in profit and loss, and the Group’s share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group’s share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its joint ventures of SRL are eliminated to the extent of the Group’s interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

c) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity (Refer Note No.46).

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in Consolidated Statement of Profit and Loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to Consolidated Statement of Profit and Loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

d) The excess of cost to the Parent Company of its investment in the subsidiary / joint venture over the Parent Company’s portion of equity of the subsidiary / joint venture is recognised in the Consolidated Financial Statements as Goodwill. This Goodwill is tested for impairment at the end of the financial year. The excess of Parent Company’s portion of equity over the cost of investment as at the date of its investment is treated as Capital Reserve.

Non-Controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, Consolidated statement of changes in equity and Balance sheet respectively.

SICOM Limited
Notes to the Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 2: Basis of preparation and presentation (continueed)

e) The financial statements of the subsidiaries used in consolidation are drawn upto the same reporting date as that of the Parent Company.

The subsidiaries and jointly controlled entities in India (JVs) considered in these Consolidated Financial Statements are as under:

Name of the Subsidiary company	Country of Incorporation	Share of Ownership	
		March 31, 2024	March 31, 2023
SICOM Investments & Finance Limited (SIFL)	India	100%	100%
SICOM Trustee Company Private Limited (STCPL/STCL)	India	100%	100%
SICOM Capital Management Private Limited (SCMPL/SCML)	India	100%	100%
SICOM ARC Limited (SARC)	India	100%	100%
SICOM Realty Limited (SRL)	India	100%	100%

Note 3: Presentation of Consolidated financial statements

a. Basis of preparation

The Consolidated Financial Statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

Consolidated Financial Statements have been prepared on a going concern basis in accordance with the applicable accounting standards prescribed in the Companies (Indian Accounting Standards), Rules, 2015 issued by the Central Government. However, In view of the intent to not carry on any business activity in respect of SIFL, SARC, SCMPL and STCPL, the financial statements have been prepared on the realisable value and accordingly all assets and liabilities are stated at the value at which they are realisable/ payable **(Refer note 1 above).**

b. Basis of measurement

The Consolidated Financial Statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Indian Accounting Standards. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

c. Functional and presentation currency

The Consolidated Financial Statements are presented in Indian Rupees which is the functional currency of the Group and the currency of the primary economic environment in which the Group operates and all values are rounded to nearest lakhs, except when otherwise stated.

The Consolidated Financial Statements of the Group are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:
i. The normal course of business
ii. The event of default
iii. The event of insolvency or bankruptcy of the Company and/or its counterparties.

Note 4: Statement of compliance

These Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Act. However, the compliance is to the extent relevant in case of SIFL, SARC, SCMPL and STCPL as these are non-going concern entities and the individual financial statements of these entities are prepared on realizable value basis.

Note 5: Implementation of revised disclosure as per Schedule III

On 24 March 2021, the Ministry of Corporate Affaires('MCA') through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I,II and III of Schedule III have been implemented for preparation of financial.

Note 6: Summary of material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

6.1. Recognition of Income

a) Interest Income

Under Ind AS 109, interest income is recorded using the effective interest rate (EIR) method for all financial instruments measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.
The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Group recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges).
If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the statement of profit and loss.

The Group calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets and financial asset measured at FVTPL. When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Group calculates interest income by applying the effective interest rate to the amortised cost net of provision of the financial asset for the loans whose tenure has not expired. If the financial assets cures and is no longer credit-impaired, the Group reverts to calculating interest income on a gross basis.

b) Dividend Income

Dividend income is recognised :
i. When the right to receive the payment is established,
ii. it is probable that the economic benefits associated with the dividend will flow to the entity and
iii. the amount of the dividend can be measured reliably

SICOM Limited
Notes to the Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 6: Summary of material accounting policies (continued)

c) Rental Income

Rental income arising from operating leases is recognised on a straight-line basis over the lease term. In cases, where the increase is in line with expected general inflation rental income is recognised as per the contractual terms.
Operating leases are leases where the Group does not transfer substantially all of the risk and benefits of ownership of the asset.

d) Fees & Commission Income

Fees and commissions are recognised when the Group satisfies the performance obligation, at fair value of the consideration received or receivable based on a five-step model as set out below, unless included in the effective interest calculation:
Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to provide service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation

Fees earned from contract with customer is recognised basis point in time when performance obligation is satisfied (when the trade is executed. Fees and commissions arising from negotiating or participating in the negotiation of a transaction for a third party, such as the arrangement/participation, syndication fees, consortium fees, are recognised on completion of the underlying transaction. Fees or components of fees that are linked to a certain performance are recognised after fulfilling the corresponding criteria.

e) Other Income

i. All other charges such as cheque return charges, overdue charges etc are recognised on realization basis. These charges are treated to accrue on realization, due to the uncertainty of their realization.

ii. All other incomes are accounted on accrual basis.

6.2. Property, Plant and equipment ("PPE")

An item is recognised as an asset, if and only if, it is probable that the future economic benefits associated with the item will flow to the Group and its cost can be measured reliably. PPE are initially recognised at cost. The initial cost of PPE comprises its purchase price (including non-refundable duties and taxes but excluding any trade discounts and rebates), and any directly attributable cost of bringing the asset to its working condition and location for its intended use. Subsequent to initial recognition, PPE are stated at cost less accumulated depreciation and any impairment losses. When significant parts of property, plant and equipment are required to be replaced in regular intervals, the Group recognises such parts as separate component of assets. When an item of PPE is replaced, then its carrying amount is de-recognised from the balance sheet and cost of the new item of PPE is recognised. The expenditures that are incurred after the item of PPE has been put to use, such as repairs and maintenance, are normally charged to the statement of profit and loss in the period in which such costs are incurred. However, in situations where the said expenditure can be measured reliably, and is probable that future economic benefits associated with it will flow to the Group, it is included in the asset's carrying value or as a separate asset, as appropriate.

Depreciation is calculated using the Straight Line Method (SLM) method to write down the cost of PPE to their residual values over their estimated useful lives. Land is not depreciated.

The estimated useful life of assets are in accordance with the Schedule II of the Companies Act, 2013.

Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Property, Plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other operating income in the Statement of profit and loss in the year in which the asset is derecognised.

6.3. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment loss. Intangible assets are amortized on a straight line basis over the estimated useful economic life.
The Group considers that the useful life of an intangible asset will not exceed 10 years from the date when the asset is available for use.

6.4. Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.
In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.
After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

6.5. Leases

The determination of whether an arrangement is or contains a lease, is based on the substance of the arrangement at the inseption of the lease. The arrangement is or contain a lease if the fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2017, the Group has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Group as a lessee

Leases that do not transfer to the Group substantially all of the risks and benefits incidental to ownership of the leased items are operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term, unless the increase is in line with expected general inflation, in which case lease payments are recognised based on contractual terms. Contingent rental payable is recognised as an expense in the period in which it is incurred.

SICOM Limited
Notes to the Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 6: Summary of material accounting policies (continued)

Group as a lessor
Leases where the Group does not transfer substantially all of the risk and benefits of ownership of the asset are classified as operating leases. Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the statement of profit or loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms. Initial direct costs incurred in negotiating operating leases are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

6.6. Retirement and other employee benefits
Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. In case of the Group, these benefits include compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized in the Statement of Profit and Loss during the year. It is accrued based on an actuarial valuation at the balance sheet date carried out by an independent actuary.

Post-employment employee benefits
a) Defined contribution schemes

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund.

The fund is administered by Life Insurance Corporation of India (LIC). The gratuity liability is calculated using the Projected Unit Credit Method which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation, is based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations.

The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

c) Other long-term employee benefits

Group’s liabilities towards compensated absences to employees are accrued on the basis of valuations, as at the Balance Sheet date, carried out by an independent actuary. Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in the Statement of Profit and Loss.
The Group presents the provision for compensated absences under provisions in the Balance Sheet. In case of SIFL, Compensated absence which is a defined benefit, is accrued based on leave balance to the credit of the employee as on March 31, 2023 valued at Basic Salary, Dearness Allowance, House Rent Allowance & Compensatory Local Allowance.

6.7. Finance cost

Finance cost represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.
The EIR in case of a financial liability is computed :
a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
c. Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

Interest expense includes issue costs that are initially recognized as a part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee etc, provided these are incremental costs that are directly related to the issue of a financial liability.

6.8. Taxes
Tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting the tax effect of timing differences between accounting income and taxable income for the period).

i Current Taxes

Provision for current tax is made on the basis of estimated taxable income for the accounting year in accordance with the Income Tax Act, 1961. Current tax assets and liabilities are measured at the amount expected to be recovered from, or paid to, the taxation authorities. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Management periodically evaluates positions taken in the tax returns with respect to situation in which applicable tax regulations are subject to interpretation and establishes provisions were appropriate. Current tax assets and liabilities are offset where the entity has legally enforceable right to offset and intends either to settle on net basis, or to realise the assets and settle the liability simultaneously.

SICOM Limited
Notes to the Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 6: Summary of material accounting policies (continued)

ii Deferred Taxes

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the Consolidated Financial Statements and the corresponding tax bases used in the computation of the taxable profit and is accounted for using the balance sheet liability model. Deferred tax liabilities are generally recognised for all the taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

iii Minimum Alternate Tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognises MAT credit available as an asset only to the extent that it is probable that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognises MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the MAT Credit Entitlement asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

6.9. Other Expenses

All other expense are recognized in the year in which they occur.

6.10. Earnings per share

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.
For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

6.11. Provisions and other Contingent liabilities

a) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the Group determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The increase in the provision due to un-winding of discount over passage of time is recognised within finance costs. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

b) Other Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

6.12. Cash and cash equivalent

Cash and cash equivalent in the Consolidated balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

6.13. Segment Information

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM).
The Board of Directors of the Parent Company has appointed the Managing Director ("MD") to assess the financial performance and position of the Group, and makes strategic decisions. The MD has been identified as being the CODM for corporate planning. Refer Note no.44 for segment information presented.

6.14. Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past / future cash receipts or payments. For the purpose of the Statement of Cash Flows, cash and cash equivalents, as defined above is net of outstanding bank overdrafts as they are considered an integral part of cash management of the Group.

6.15. Determination of Fair Value

On initial recognition, all the financial instruments are measured at fair value. For subsequent measurement, the Group measures certain categories of financial instruments (as explained in note no, 6.16.1 at fair value on each balance sheet date.)

Fair value is the price at the measurement date, at which an asset can be sold or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:
a) In the principal market for the asset or liability, or
b) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group's accounting policies require measurement of certain financial / non-financial assets and liabilities at fair values (either on a recurring or non-recurring basis). Also, the fair values of financial instruments measured at amortised cost are required to be disclosed in the said financial statements.

SICOM Limited
Notes to the Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 6: Summary of material accounting policies (continued)

The Group is required to classify the fair valuation method of the financial / non-financial assets and liabilities, either measured or disclosed at fair value in the financial statements, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurement).

Accordingly, the Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments −Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments−Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Group will classify the instruments as Level 3.

Level 3 financial instruments − Those that includes one or more unobservable input where there is little market activity for the asset/liability at the measurement date that is significant to the measurement as a whole.

6.16. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Entity becomes a party to the contractual provisions of the instruments.

6.16.1 Financial Assets

Initial Recognition - All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in three categories:

- Financial instruments to be measured at amortised cost
- Financial instruments to be measured at fair value through other comprehensive income (FVTOCI).
- Financial instruments to be measured at fair value through profit or loss (FVTPL).

Financial assets measured at amortised cost

Debt instruments
These financial assets comprise bank balances, Loans, Trade receivables, investments and other financial assets.

Debt instruments are measured at amortised cost where they have:
a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and
b) are held within a business model whose objective is achieved by holding to collect contractual cash flows.

After initial measurement at fair value plus directly attributable costs, these financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. The measurement of credit impairment is based on the stage 3 expected credit loss model described in Note on Impairment of financial assets.

Business Model Assessment

The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.
The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:
> How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
>The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed
> How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
> The expected frequency, value and timing of sales are also important aspects of the Group's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Group assesses whether the financial instruments' cash flows represent solely payments of principal and interest (the 'SPPI test'). In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss. The amortised cost, as mentioned above, is computed using the effective interest rate method.

SICOM Limited
Notes to the Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 6: Significant accounting policies (continued)

Financial assets measured at fair value through other comprehensive income
Debt Instruments

Investments in debt instruments are measured at fair value through other comprehensive income where they have:
a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest (SPPI) on the principal amount outstanding; and
b) are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income within a separate component of equity. Impairment losses or reversals, interest revenue and foreign exchange gains and losses are recognised in profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statementm of profit or loss. The expected credit loss model is described in Note on Impairment of financial assets.

Equity instruments

Investment in equity instruments that are neither held for trading nor contingent consideration recognised by the Group in a business combination to which Ind AS 103 'Business Combination' applies, are measured at fair value through other comprehensive income, where an irrevocable election has been made by management and when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation. Such classification is determined on an instrument-by-instrument basis. As at reporting date, there are equity instruments measured at FVOCI. Amounts presented in other comprehensive income are not subsequently transferred to profit or loss. Dividends on such investments are recognised in profit or loss.

Financial Instrument measured at fair value through profit or loss

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, financial instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

Items at fair value through profit or loss comprise:
• Investments (including equity shares) held for trading;
• Items specifically designated as fair value through profit or loss on initial recognition; and
• Financial instruments with contractual terms that do not represent solely payments of principal and interest. Financial instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs
recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains
or losses are recognised in the statement of profit and loss as they arise.

6.16.2 Financial Liability

A financial liability may be designated at fair value through profit or loss if it eliminates or significantly reduces an accounting mismatch or:
• if a host contract contains one or more embedded derivatives; or
• if financial assets and liabilities are both managed and their performance evaluated on a fair value basis in
accordance with a documented risk management or investment strategy.
Where a financial liability is designated at fair value through profit or loss, the movement in fair value attributable to changes in the Group's own credit quality is calculated by determining the changes in credit spreads above observable market interest rates and is presented separately in other comprehensive income. As at the reporting date, the Group has not designated any financial instruments as measured at fair value through profit or loss.

Other borrowed funds

After initial measurement, other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and transaction costs that are an integral part of the Effective Interest Rate (EIR).

6.16.3 Impairment of financial assets

The Group apply the expected credit loss (ECL) model for recognising impairment loss as against hitherto IRAC norms of RBI. ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.
Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months from the reporting date.
The Group assesses at each reporting date whether a financial asset (or a Group of financial assets) such as investments, loans and advances, non-fund based limits not designated as FVTPL and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Lifetime Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

The Group apply a three-stage approach to measuring expected credit losses (ECLs) for the following categories of financial assets that are not measured at fair value through profit or loss:
• debt instruments measured at amortised cost and fair value through other comprehensive income;
• loan commitments; and
• Financial guarantee contracts.
No ECL is recognised on equity investments.
Financial assets are classified through the following three stages based on the change in credit risk since initial recognition:

Stage 1: 12-months ECL

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Group classify all standard advances and advances upto 30 days default under this category. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2. For these assets, 12 months ECL are recognized and interest revenue is calculated on the gross carrying amount of the asset.

Stage 2: Lifetime ECL – not credit impaired
Financial instruments that have had a significant increase in credit risk since initial recognition are classified under this stage. 30 Days Past Due is considered as significant increase in credit risk and classified under this category. For these assets, lifetime ECL are recognized, but interest revenue is still calculated on the gross carrying amount of the asset.

Stage 3: Lifetime ECL – credit impaired
All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount for the loans whose tenure is not expired. 90 Days Past Due is considered as default for classifying a financial instrument as credit impaired. If an event (for eg. any natural calamity) warrants a provision higher than as mandated under ECL methodology, the Group may classify the financial asset in Stage 3 accordingly.

SICOM Limited
Notes to the Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 6: Significant accounting policies (continued)

Credit-impaired financial assets:

At each reporting date, the Group assesses whether financial assets carried at amortised cost and debt financial assets carried at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.
Evidence that a financial asset is credit-impaired includes the following observable data:
a) Significant financial difficulty of the borrower or issuer;
b) A breach of contract such as a default or past due event;
c) The restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
d) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
e) The disappearance of an active market for a security because of financial difficulties.

Measurement of ECLs

The measurement of ECL reflects:
a) An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes
b) The time value of money
c) Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

ECLs are derived from unbiased and probability-weighted estimates of expected loss, and are measured as follows:
- Financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls over the expected life of the financial asset discounted by the effective interest rate. The cash shortfall is the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive.
- Financial assets that are credit-impaired at the reporting date: for majority of Stage 3 assets, the ECL is assessed on individual recoverability basis and for remainder on collective basis as per segmentation of financial assets.
- Undrawn loan commitments: as the present value of the difference between the contractual cash flows that are due to the Group if the commitment is drawn down and the cash flows that the Group expects to receive.

ECLs are recognised using a provision for doubtful debts account in the statement of profit and loss. In the case of debt instruments measured at fair value through other comprehensive income, the measurement of ECLs is based on the three-stage approach as applied to financial assets at amortised cost. The Group recognises the provision charge in in the statement of profit and loss, with the corresponding amount recognised in other comprehensive income, with no reduction in the carrying amount of the asset in the balance sheet.

Write-off
Loans and debt securities are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for ECL are presented in the statement of financial position as follows:
a) Financial assets measured at amortised cost: as a deduction from the gross carrying amount of the assets;
b) Loan commitments and financial guarantee contracts: generally, as a provision;
c) Where a financial instrument includes both a drawn and an undrawn component, and the Group cannot identify the ECL on the loan commitment component separately from those on the drawn component: the Group presents a combined loss allowance for both components. The combined amount is presented as a deduction from the gross carrying amount of the drawn component. Any excess of the loss allowance over the gross amount of the drawn component is presented as a provision; and
d) Debt instruments measured at FVOCI: no loss allowance is recognised in the statement of financial position because the carrying amount of these assets is their fair value. However, the loss allowance is disclosed and is recognised in the fair value reserve.

6.16.4 Reclassification of financial assets and liabilities

The Group do not reclassify its financial assets subsequent to their initial recognition. Financial liabilities are never reclassified. The Group did not reclassify any of its financial assets or liabilities in 2017-18 and until the year ended March 31, 2019.

Recognition and Derecognition of financial assets and financial liabilities
Recognition:

a) Loans and Advances are initially recognised when the funds are transferred to the customers' account or delivery of assets by the dealer, whichever is earlier.
b) Investments are initially recognised on the settlement date.
c) Deposits and borrowings are initially recognised when funds reach the Group.
d) Other Financial assets and liabilities are initially recognised on the trade date, i.e., the date that the Group becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Derecognition:

Financial assets: The Group derecognizes a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Group is recognized as a separate asset or liability.

Financial liabilities: A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss. As at the reporting date, the Group does not have any financial liabilities which have been derecognised.

Securities lending and borrowing
Securities lending and borrowing transactions are usually collateralised by securities or cash. The transfer of the securities to counterparties is only reflected on the statement of financial position if the risks and rewards of ownership are also transferred. Cash advanced or received as collateral is recorded as an asset or liability. Securities borrowed are not recognised in the statement of financial position, unless they are then sold to third parties, in which case, the obligation to return the securities is recorded as a short sale within financial liabilities held for trading and measured at fair value with any gains or losses included in net trading income.

SICOM Limited
Notes to the Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 6: Significant accounting policies (continued)

Financial guarantees

Financial guarantee contracts are contracts that require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of a debt instrument. Such financial guarantees are given to Group's, financial institutions and others on behalf of customers to secure loans, overdrafts and other accompanying facilities.

In the ordinary course of business, the Group issues financial guarantees, consisting of letters of credit, guarantees and acceptances. Financial guarantee contracts issued by the entity are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. All financial Instruments should be valued at its fair value on initial recognition (which normally is its transaction price)" and since financial guarantee falls under financial instrument definition (as per Ind AS-32) hence, financial guarantees are initially recognised in the Consolidated Financial Statements within 'other liabilities') at fair value, being the commission/premium received.

Subsequent to initial recognition, the Group's liability under each guarantee is measured at the higher of the amount initially recognised less cumulative amortisation recognised in the Statement of profit and loss, and the best estimate of expenditure required to settle any financial obligation arising as a result of the guarantee (loss allowance determined as per Ind AS 109). Any increase in the liability relating to financial guarantees is recorded in the Statement of profit and loss in credit loss expense. The premium received is recognised in the Statement of profit and loss in net fees and commission income on a straight line basis over the life of the guarantee.

6.17 Goodwill on Consolidation

Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

Note 7: Significant Accounting Judgements, Estimates and Assumptions

The preparation of Consolidated Financial Statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Consolidated Financial Statements is included in the following notes:

7.1 Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

7.2 Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

7.3 Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

7.4 Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

The impairment loss on loans and advances is disclosed in more detail in Note 6.16.3 Impairment of Financial assets

7.5 Contingent liabilities and provisions other than impairment on loan portfolio

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

7.6 Effective Interest Rate (EIR) method

The Group's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgment regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

SICOM Limited
Notes to the Consolidated financial statements (Continued)

(Currency : Indian Rupees in Lakhs)

Note 7 : Significant Accounting Judgements, Estimates and Assumptions (continued)

7.7 Other estimates:

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Note 8: Mandatory exceptions

Following mandatory exceptions are applicable to the Group:

8.1 Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies).

8.2 Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that existed at the date of transition to Ind AS.

Loans repayable on demand

(i) Loan from Government of India - Parent Company

The Company obtained Interest free loan from Ministry of Food Processing Industries (MOFPI) of Rs.291 lakhs (present outstanding is Rs.141 lakhs) for investing in the equity shares of five undertakings. As per agreement, above loan was repayable to MOFPI within three years from commencement of commercial production by these undertakings or five years from the date of payment whichever is earlier. At the expiry of the above mentioned period, SICOM was to disinvest the said amount from the investee companies and return the interest free loan to MOFPI. Any delay in payment beyond the stipulated period mentioned above was to carry interest @15% p.a. However, since these undertakings have turned sick or closed down, the Company was unable to divest investments in these undertakings. As at the Balance Sheet date, the Company had requested MOFPI for waiver of the outstanding loan along with accrued interest thereon vide letters dated July 24, 2006, December 19, 2011, April 4, 2012, March 8, 2013, Feb 13,2014,July 29, 2014 , August 19 ,2015 , August 2018, September 10, 2019 , October 27,2021 and March 16,2022 and accrued interest thereon. Pending a decision by Government of India, interest continues to be accrued on the aforesaid loan. There has been no further progress on the matter in FY 2022-23 & FY 2023-24.

(ii) Loan from Government of Maharashtra- interest bearing re-adjustment loan - Parent Company

In the year 1995-96, the Government of Maharashtra (GoM) divested its 51% holding in the Company for Rs.23,012.88 lakhs . This amount was provided to the Company as interest free re-adjustment loan. Thereafter, vide Government Resolution (GR) dated June 13, 2000 the terms and conditions of the said interest free readjustment loan were decided with a proviso that every year 10 percent of the loan amount would get converted into interest bearing w.e.f. financial year 2000-2001.

Accordingly by the year 2001-02, an amount of Rs.4,602.58 lakhs had become interest bearing and the balance amount of Rs.18,410.30 lakhs was non-interest bearing.

The GoM agreed vide its GR dated September 30,2002 to accept repayment of the non-interest bearing portion of Rs.18,410.30 lakhs at its Net Present Value of Rs.6,912 lakhs. Accordingly, SICOM arranged for payment of the non-interest bearing portion of the loan in the year 2002-03.
Both the aforementioned GRs also provided that repayment of the re-adjustment loan will be carried out based on mutual discussion between the Company and GoM.
In the meeting of the Empowered Committee (constituted by the GoM) dated January 31, 2004, it was suggested to consider converting interest bearing portion of the said loan into Grant or interest free loan or converting the entire loan into preference share capital. Pending decision in the matter, the Company has accrued interest on the outstanding loan for the period since April 1, 2003 @10% p.a.

The Company received a letter dated May 15, 2012 from GoM, requesting reasons for non-payment of annual interest @ 10% and non re-payment of the principal in December 2010. In reply thereto the Company vide its letter dated May 22, 2012 informed the GoM that the company had paid interest to GoM for the period upto March31,2003 and has been accruing the interest @ 10% on the outstanding loan of Rs.4,602.58 lakhs pending decision in respect of the suggestion made in the meeting of Empowered Committee held on January 31,2004. The company in the said letter also mentioned that the company has vide its letter dated March 29, 2012 proposed GoM to convert the loan and the interest thereon into sub-ordinate debt for a period of 10 years and proposed GoM for early decision in the matter. There has been no further progress in this matter.

As per Ind AS 32 ‘Financial Instruments- Presentation’, paragraph 28 read with AG 31, the same may be required to be assessed as a compound financial instrument, however due to inability to assess future cash outflows in light of above negotiations, entire loan along with interest accrued has been classified as liability.

As at March 31, 2024, the loan outstanding re-adjutment loan is Rs. 4,602.58 lakhs and interest accrued thereon is Rs. 9.669.19 lakhs.
As at March 31, 2023, the loan outstanding re-adjutment loan is Rs. 4,602.58 lakhs and interest accrued thereon is Rs. 9,207.67 lakhs.

Terms/ rights attached to equity shares

The Parent Company has only one class of equity share having a par value of Rs. 10/- per share. Each holder of equity shares is entitled to one vote per share. The Parent Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting except in case of Interim Dividend.

The Parent Company has not declared Interim Dividend during the FY 2023-24 and no dividend is proposed for the FY 2023-24.

In the event of liquidation of the Parent Company, the holders of equity shares will be entitled to receive remaining assets of the Parent Company, after distribution of all preferential amounts. The distribution will be in proportion of the number of the equity shares held by the equity share holders.

Note 30: Other equity *(Continued)*

Nature and purpose of Account

Statutory Reserve pursuant to Section 45-IC of the Reserve Bank of India Act, 1934 :

The conditions and restrictions for distribution attached to statutory reserves as specified in Section 45-IC(1) in The Reserve Bank of India Act, 1934:

(1) Every non-banking financial company (NBFC) shall create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the Statement of profit and loss and before any dividend is declared.

(2) No appropriation of any sum from the reserve fund shall be made by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation shall be reported to the RBI within twenty-one days from the date of such withdrawal,

Provided that the RBI may, in any particular case and for sufficient cause being shown, extend the period of twenty one days by such further period as it thinks fit or condone any delay in making such report.

(3) Notwithstanding anything contained in sub-section (1) the Central Government may, on the recommendation of the RBI and having regard to the adequacy of the paid-up capital and reserves of a NBFC in relation to its deposit liabilities, declare by order in writing that the provisions of sub-section (1) shall not be applicable to the NBFC for such period as may be specified in the order:
Provided that no such order shall be made unless the amount in the reserve fund under sub-section (1) together with the amount in the share premium account is not less than the paid-up capital of the NBFC.

Securities Premium Account: Securities premium account is used to record the premium on issue of shares. The account can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

Special reserve : A special reserve is created u/s 36(1)(viii) of Income Tax Act, 1961, such benefit being available to financial corporations, specified in Section 4A of the Companies Act, 1956 engaged in the business of providing long term finance for industrial development in India.

General Reserve: Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

Capital Redemption Reserve: The Parent Company has recognised Capital Redemption Reserve on redemption of Non-Convertible Redeemable Preference Shares from its retained earnings. The amount in Capital Redemption Reserve is equal to nominal amount of the Non-Convertible Redeemable Preference Shares redeemed. The Group may issue fully paid up bonus shares to its members out of the capital redemption reserve account.

Note 43: Segment Information

(i) Description of segments and principal activities:

The Group operates in three Business Segments namely NBFC, Advisory services, Realty & ARC. Business segments have been identified as reportable segments based on how the CODM examines the Group's performance. Since the business operations of the Group are primarily concentrated in India, the Group is considered to operate only in the domestic segment.

Types of products and services in each business segment:

A. NBFC
a) Lending Long Term Loans, Corporate Loans, Short Term Loans, Inter Corporate Deposits, Promoter Funding, Bill Discounting and Advisory.
b) Treasury: Investments in Shares, Mutual Funds, Corporate Bonds, Government Securities and CBLOs.

B. Advisory services
a) Advisory : Providing Advisory services to Govt. departments and Corporates.
b) Treasury : Fees from Advisory services

C. Realty
Making equity investment in real estate projects and providing advisory services to real estate companies.

D. ARC
Managing the stressed assets of banks and financial institutions.

(ii) Summary of Segment information is as under:

Transaction between segments are carried out at arm's length and are eliminated on consolidation. The segment revenue is measured in the same way as in the Consolidated Statement of Profit and Loss. Revenue has been identified to a segment on the basis of relationship to operating activities of the segment. Revenue which relate to the Group as a whole and are not allocable to a segment on a reasonable basis have been disclosed as 'Unallocated'.

Note 44: Income Tax
The components of income tax expense for the years ended 31 March 2024 and 31 March 2023 are:

(A) **(Rs. in lakhs)**

Particulars	**Year ended 31 March 2024**	**Year ended 31 March 2023**
Current tax	63.47	36.00
Tax Adjustment & Excess provision of last year	-	-
Deferred tax relating to origination and reversal of temporary differences	5,010.10	2,924.53
Total tax charge	**5,073.57**	**2,960.53**
Current tax	63.47	36.00
Tax Adjustment & Excess provision of last year	-	-
Deferred tax relating to OCI	-	-
Deferred tax Charge/(Credit)	5,010.10	2,924.52

(B) Reconciliation of the total tax charge:

The tax charge shown in the statement of profit and loss differs from the tax charge that would apply if all profits had been charged at India corporate tax rate. A reconciliation between the tax expense and the accounting profit multiplied by India’s domestic tax rate for the years ended 31 March 2024 and 31 March 2023 is, as follows:

(Rs. in lakhs)

Particulars	**Year ended 31 March 2024**	**Year ended 31 March 2023**
Accounting profit before tax	5,260.83	2,559.59
At India’s statutory income tax rate	1,531.95	1,385.78
Adjustment in respect of current income tax of prior years	-	28.47
Reversal of Provision for Standard and NPA	(7,730.57)	(4,095.02)
Income not subject to tax	(5.40)	(9.29)
Long term capital gain on shares	-	0.66
Non Deductible Expenses		
Corporate social responsibility expenditure not allowable for tax purpose	-	-
Disallowance u/s 14A of Income Tax Act, 1961	-	-
Property, plant and equipment Written Off	-	-
Others	-	-
Unrecognized Deferred Tax on losses	-	-
Excess Depreciation chargeable to tax	114.55	109.99
Other Temporary differences	5,010.10	2,262.75
Other	-	316.66
Tax concession due to set off of brought forward losses of parent company	(7,013.19)	-
Income tax expense reported in the statement of profit or loss	**0.00**	**0.00**

(C) The management of Holding company has reasonable certainity of generating future profits and are of the view that management are able to utilize the Deferred Tax Assets (DTA) as at the Balance Sheet Date.
During the current year, management of Holding company has assessed to write off Rs. 50 Crores of DTA from 85 Crores during last FY 2022-23 to 35 Crores in current FY 2023-24.

In respect of Holding company for FY 2022-23, Deferred tax assets and Deferred tax liabilities have been off set as they relate to the same governing tax laws . The management of parent company has reviewed the carrying value of deferred tax asset and has decided to maintain the amount of deferred tax asset has been reduced to Rs 8,500.00 lakhs on conservative basis considering material uncertainties with respect to going concern.

(D) In SICOM Reality Limited (“SRL”), the subsidiary company, there is a Deferred Tax Assets amounting to Rs.217.78 lakhs as at 31 March 2024 mainly arising out of provision for diminution in value of loans and investment, Impairment on receivables, provision for compensated absences, gratuity and other employee benefits recognized by SRL. In view of no operations of SRL since last few years, losses suffered in the preceding periods, unused tax losses available to the Company and reasonable certainty of realization of deferred tax assets is uncertain. The consequential adjustments, if any, that may be required on non-realization of such deferred tax assets on loss for the year, equity and deferred tax assets, if any, is currently not ascertainable.

(E) The individual financial statements SARC, SIFL, SCML & STCL (subsidiaries of the Parent Company) have been prepared on realisable value basis, being non going concern entities, therefore deferred tax has not been recognized.

Note 45: Earning per share

Basic earnings per share (EPS) is calculated by dividing the net profit/(loss) for the year attributable to equity holders of the Group by the weighted average number of equity shares outstanding during the year.

Diluted EPS is calculated by dividing the net profit/(loss) attributable to equity holders of the Group (after adjusting for interest on the convertible preference shares and interest on the convertible bond, in each case, net of tax) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

Note 47: Employee benefit plan (Continued)

(A) Defined Benefit Plan

Gratuity: The Holding Company (SICOM) and SRL (a subsidiary company) provides gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on respective employee's salary and the tenure of employment. The Company's liability is provided on the basis of year end Actuarial valuation. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise. The Gratuity plan for SICOM Limited is funded and for SICOM Reality is un-funded.

Gratuity is payable to all eligible employees of the Companies on superannuation, death and permanent disablement, in terms of the provisions of the Payment of Gratuity Act, 1972 or as per the Company's Scheme whichever is more beneficial.

The estimates of future salary increase considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors.

Since the number of employees in the Subsidiary Companies of the Group i.e. SICOM Investments & Finance Limited , SICOM ARC Limited, SICOM Trustee Company Private Limited and SICOM Capital Management Private Limited are below the threshold limit as prescribed under the Payment of Gratuity Act, 1972, the provisions of Gratuity Fund are not applicable to these Companies.

The following tables summaries the components of net benefit expense recognized in the statement of profit and loss and the funded status and amounts recognized in the balance sheet for the gratuity plan.

Particulars	As at 31 March 2024	As at 31 March 2023
Undisbursed loans sanctioned	-	-
Capital Commitments	-	14.40
Total	**-**	**14.40**

50.1 (a) SICOM Limited- Including claims of Rs. 37,983.98 lakhs (previous year Rs. 37983.98 lakhs) by way of damages claimed by various Customers against whom the company has initiated recovery proceedings in respect of loans aggregating Rs. 227 lakhs (previous year Rs. 227 lakhs).

Reserve Bank of India ('RBI') vide its letter No. DNBS(BD) No. 140/05.02/2000-01 dated 7th August, 2000 has concurred with the company's view that for the purpose of computation of Capital to Risk weighted assets ratio (CRAR), the contingent liability would be limited to amounts / dues outstanding as on the date of filing of suit or takeover of assets charged as security, irrespective of the damages claimed by the borrower.

50.1 (b) In respect of SICOM ARC Limited, Claim amounting to Rs. 17.88 lakhs (previous year Rs.17.88 lakhs) made by Reliable Industrial Services towards security charges, vide order dated 23rd March, 2017, passed by Recovery Officer (Debt Recovery Tribunal) for the period April, 2010 to February, 2017 in respect of an Non Performing Asset Solar Pharmachem Limited against which the company preferred an appeal with the presiding officer (Debt Recovery Tribunal).

50.1 (c) In respect of SICOM Realty Limited, Claim amounting to Rs. 399.73 lakhs (previous year Rs. 399.73 lakhs) made by Vidarbha Industries Power Ltd (VIPL) by way of Commercial Summary Suit filed in July 2017 pending before the High Court (Mumbai) in respect of recovery of refund of 50% professional fees paid by VIPL to the Company. In March, 2018, the High Court has granted the company an unconditional leave to defend the commercial suit filed against it by VIPL.

50.2 This is with respect to premises taken on rent by SICOM Limited

50.3 SICOM Limited - Loan received from Ministry of Food Processing Industries (MOFPI), Govt. of India, along with similar contribution by the Company was disbursed to Dynamix Dairy Industries ('Dynamix'). The company as well as Dynamix had written to Ministry for waiver of interest on such loans. Interest liability on such loans has been appropriated by the company against the Corporate Deposits placed by Dynamix. MOFPI may demand payment if application for waiver rejected.

50.4 SICOM Limited - As regards the land parcel situated at Village Parsodi and Dorli, Wardha, the Government of Maharashtra had vide its letter dated May 20, 2016 informed the company to remit 50% of the unearned income to the Government.

In response, SICOM has clarified to the Government vide its letter dated September 20, 2016 that the land parcel is owned by SICOM and the original land owners have been duly paid the consideration including additional compensation.

Further, the company has brought it to the notice of the Government of Maharashtra that in terms of the relevant GRs, unearned income is payable in respect of Government Land and since the land parcel at Wardha is owned entirely by SICOM no unearned income is payable to the Government.

In view of the above, the company has requested the Government of Maharashtra to waive the clause regarding remittance of the unearned income. The company has again vide its letter dated 18th January,2017 informed the Government that the decision regarding waiver of the clause is awaited from the Government. However, there has been no response from the Government in the matter nor has the Government raised any fresh demand in the matter.

The company is of the opinion, that having regard to the title of the land there is remote possibility of the company requiring to remit the unearned income as demanded by the Government of Maharashtra and therefore not shown as contingent liability.

Note 52: Capital

The Group maintains an actively managed capital base to cover risks inherent in the business which includes issued equity capital, share premium and all other equity reserves attributable to equity holders of the Company.

The RBI requires the companies into NBFC business to maintain a minimum capital to risk weighted assets ratio ("CRAR") consisting of Tier I and Tier II capital of 15% of our aggregate risk weighted assets. Further, the total of our Tier II capital cannot exceed 100% of our Tier I capital at any point of time. The capital management process of the company ensures to maintain a healthy CRAR at all the times.

(A) Capital Management

The primary objectives of the Group's capital management policy are to ensure that the Group complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholder value.

The Group manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

In case of Parent Company, which is an NBFC :

(Rs. in Lakhs)

Regulatory capital	As at 31 March 2024*	As at 31 March 2023*
Common Equity Tier1 (CET1) capital	14,195.98	8,215.78
Other Tier 2 capital instruments	4,569.94	5,036.39
Total capital	18,765.92	13,252.17
Risk weighted assets	36,779.97	47,913.83
CET1 capital ratio	38.60%	17.15%
Total capital ratio	51.02%	27.66%

* calculated as per RBI notification RBI/2019-20/170 DOR (NBFC).CC .PD .No.109/22.10.106/2019-20 "Implementation of Indian Accounting Standards" issued by RBI on March 13, 2020.

"Tier I capital", "Tier II capital" and "Owned fund" are calculated as defined in Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 and notification RBI/2019-20/170 DOR (NBFC).CC .PD .No.109/22.10.106/2019-20 "Implementation of Indian Accounting Standards" issued by RBI on March 13, 2020.

Regulatory capital consists of CET 1 capital, which comprises share capital, share premium, retained earnings including current year profit less accrued dividends. Certain adjustments are made to Ind AS–based results and reserves, as prescribed by the Reserve Bank of India. The other component of regulatory capital is other Tier 2 Capital Instruments, which includes subordinate debt and ECL Provision on Stage 1 assets.

The Holding company was compliant in maintaining the RBI Prescribed Tier - 1 Capital ratio i.e. 10% and Capital Adequacy Ratio i.e. 15% as per Notification No. RBI/2017-18/ 181 as on 31st March 2024.

In Q1 & Q2 of FY 2022-23, The Holding company was non-compliant in maintaining the RBI Prescribed Tier - 1 Capital ratio i.e. 10% and Capital Adequacy Ratio i.e. 15% as per Notification No. RBI/2017-18/ 181. In Q3 & Q4 of FY 2022-23, The Holding company was compliant in maintaining the RBI Prescribed Tier -1 Capital ratio and Capital Adequacy Ratio.

(B) In case of SRL, the company manages its capital by reviewing its Debt - Equity Ratio.

For the purpose of the SRL's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of SRL. The primary objective of the SRL's capital management is to maximize the shareholder value.

SRL manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, SRL may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. SRL monitors capital using a adjusted net debt to adjusted equity ratio, which is adjusted net debt divided by adjusted equity capital. SRL's net debt is equal to borrowings, trade and other payables less cash and cash equivalents.

Particulars	Amount As at 31 March 2024	Amount As at 31 March 2023

Adjusted Net Debt to Adjusted Equity Ratio	**-25%**	**-29%**

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2024 and 31 March 2023

(C) During the year ended March 31, 2024, the SICOM Investments and Fiancé Limited (SIFL) had negative net-worth. A Non-Banking Financial Company is required to have a net owned fund of Two Hundred Lakh Rupees to commence or carry on the business of Non-Banking Financial Institution, as per para 5 of Chapter III of Section I of Master Direction• Non-Banking Financial Companies Systematically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 ("RBI Directions"). During the year ended March 31, 2024 the Company had negative Net worth and did not have any Net Owned Funds (NOF). The impact of non-maintenance of minimum NOF has consequential impact on non-maintenance of Capital to Risk (Weighted) Assets Ratio (CRAR) and other compliances with RBI Directions. As the Company has not fulfilled the criteria for registration as Non-Banking Financial Institution, in absence of specific approval from Reserve Bank of India ("RBI"), the Company will not be able to carry on the business of Non-Banking Financial Institutions.

For SARC, SCMPL and STCPL, the financial statements have been prepared on realisable value basis for financial year 2023-24 and 2022-23. Accordingly, aforsaid disclosure is not made for these entities.

SICOM Limited
Notes to Consolidated financial statements (Continued)
for the year ended 31 March 2024

Note 53: Fair value measurement

53.1 Valuation Principle

This note is presented for the Parent Company and SRL, since the other subsidiary companies i.e SIFL, SARC, SCMPL and STCPL are non going concern entities and financial statements have been prepared on realisable value basis for the FY 2023-24 and 2022-23.
Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as explained in Note 6.15.

53.2 Fair Value Hierarchy of assets and liabilities

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

As at 31 March 2024

(Rs. in Lakhs)

Assets measured at fair value on a recurring basis	**Level-1**	**Level-2**	**Level-3**	**Total**

SICOM Limited
Notes to Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 53 : Fair value measurement (Continued)

53.3 Valuation techniques

Equity instruments

Equity instruments in non-listed entities are initially recognised at transaction price and re-measured (to the extent information is available) and valued on a case-by-case and classified as Level 3. Equity instruments in listed entities are initially recognised at transaction price and fair valued at FVTPL on a case-by-case and classified as Level 1.

Debt securities

The investment in Debt securities are initially recognised at transaction price which is revalued at FVTPL based on FIMMDA Valuation which are classified in Level 3.

Preference shares

The Investment made in preference shares are either measured at amortised cost for which ECL is provided as per Ind AS 109 or fair valued through FVTPL which is classified as Level 3.

53.4 During the year, there were no transfers between level 1 and level 2. Similarly, there were no transfers from or transfer to level 3.

53.5 Movements in Level 3 financial instruments measured at fair value

The following tables show a reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities which are recorded at fair value. Transfers from Level 3 to Level 2 occur when the market for some securities became more liquid, which eliminates the need for the previously required significant unobservable valuation inputs. Since the transfer, these instruments have been valued using valuation models incorporating observable market inputs. Transfers into Level 3 reflect changes in market conditions as a result of which instruments become less liquid. Therefore, the Group requires significant unobservable inputs to calculate their fair value.

53.6 Impact on fair value of level 3 financial instruments measured at fair value of changes to key assumptions

The table summarises the valuation techniques together with the significant unobservable inputs used to calculate the fair value of the Group’s Level 3 assets and liabilities. The range of values indicates the highest and lowest level input used in the valuation technique and, as such, only reflects the characteristics of the instruments as opposed to the level of uncertainty to their valuation. Relationships between unobservable inputs have not been incorporated in this summary.

Note 53 : Fair value measurement (Continued)

Note 53.7 Sensitivity of fair value measurement to changes in unobservable market data

The table below describes the effect of changing the significant unobservable inputs to reasonable possible alternatives. All changes except for debt instruments classified as FVOCI would be reflected in the Statement of profit and loss. Sensitivity data are calculated using a number of techniques, including analysing price dispersion of different price sources, adjusting model inputs to reasonable changes within the fair value methodology. The ranges are not comparable or symmetrical as the model inputs are usually not in the middle of the favourable/unfavourable range.

The table below shows data in relation to Level 3 inputs that are already aggregated on the underlying product levels without assuming any potential diversification effect, but including potential off-sets from economic or accounting hedge relationships in place. The Group is of the opinion that, whilst there may be some diversification benefits, incorporating these would not be significant to the analysis.

Note 53 : Fair value measurement (Continued)

53.9 Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the consolidated financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques and assumptions explained in Notes 6.16.

Short-term financial assets and liabilities

For financial assets and financial liabilities those having a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: Trade receivables and trade payables without a specific maturity. Such amounts have been classified as Level 3 on the basis that no adjustments have been made to the balances in the balance sheet.

Financial assets at amortised cost
The held-to-maturity investments are not fair valued due to unavailability of observable market inputs henceforth classified in Level 3.

Loans and advances to customers
The loans and receivables are net of impairment and not fair valued due to unavailability of observable market inputs henceforth classified in Level 3.

Borrowings and Deposits
The borrowings and deposits are at amortised cost and not fair valued due to unavailability of observable market inputs henceforth classified in Level 3.

Note 54: Risk management

54.1 Introduction and Risk Profile

54.1.1 Risk management structure

The Group's business activities are exposed to a variety of financial risks namely liquidity risk, market risk and credit risk.

The Board of Directors are responsible for the overall risk management of the Group and for approving the risk management strategies and adherence to Regulatory requirements on an ongoing basis.

A Board constituted Sub-Committee of Board of Directors i.e. Risk Management Committee (RMC) is responsible for monitoring the overall risk process within the Company. The Risk Management Committee is responsible for the development of risk strategy, policies, frameworks and limits. The Risk Management Committee is responsible for ongoing monitoring of risk levels and giving directions for containing risks within acceptable limits.

The task of the Chief Risk Officer and Integrated Risk Group (IRG) is to evaluate and mitigate the Credit Risks, Operational Risks, Liquidity Risks and all types of risks associated with the Group and make presentations to the RMC. IRG functions as a control function apart from performing the reporting function and suggest suitable actions to be taken in order to identify, analyze and mitigate risk in a better manner. IRG is responsible for implementing the approved risk policies, procedures and control processes.

The Internal Audit function is responsible for periodic audit and assessment of the risk management processes to ensure the adequacy of the procedures and the Group’s compliance with the procedures. Internal Audit reports are reviewed by the management and the Risk Management Committee.

The Group’s Treasury Department is responsible for managing assets and liabilities and the overall financial structure of the Group as per policies approved by the Board of Directors and Regulatory requirements. The treasury Department also addresses the funding and liquidity risks of the Group.

54.1.2 Risk measurement and reporting systems

The Group’s policy is to measure and monitor the overall risk-bearing capacity in relation to the aggregate risk exposure across all risk types and activities. Standard Operating Procedures and Risk Control Matrix are put in place to cover all the departments and processes of the organisation.

As a financial intermediary, risk is inherent in the Parent Company’s activities. Risk is managed through an integrated risk management framework which covers identification, measurement and monitoring of risk and application of defined risk limits and other controls. The Group is exposed to credit risk, legal risk, liquidity risk and market risk, operational and business risks. Risk management is critical to the Company’s sustainability and growth and each department and employee of the Group has a role to play in managing the risk associated with his or her function.

The subsidiaries SIFL, SARC, SCMPL and STCPL being non-going concern, and hence, note not being relevant and therefore, not presented.

The risk rating of each loan account at the time of origination is monitored on an on-going basis through the life cycle of the loan and deterioration in the rating (external or internal rating assigned by the Group) is reported to the Risk Management Committee.

As per contemporary risk management practices, the Group uses the method of computing the expected and unexpected loss to estimate the eventual actual loss.

54.1.3 Risk Limits - Setting and Monitoring

In order to ensure proper diversification of risk in Parent Company, single borrower / group exposure limits have been defined which are in line with the prescribed regulatory Prudential Norms for exposure.The limit were checked at the time of sanction. Limits have also been specified for industries and sectors to prevent excessive concentration of exposures to similar business activities which may collectively impact their business due to changes in macro-economic environment or other conditions like policy changes or developments in the external environment.

54.2 Credit Risk

Credit risk is the potential that the Group may incur a loss on account of its borrowers or counterparties fail to fulfill their contractual obligations in accordance with agreed terms. The Parent Company manages credit risk ascribing a risk rating at loan origination stage to the proposed exposure, by setting limits for exposure to individual/group borrowers, and by monitoring exposures in relation to such limits and ratings. Limits prescribed for industry/sector exposure are also monitored.

Credit risk is monitored by the Integrated Risk of the Group. It is their responsibility to review and manage credit risk for all borrowers.

The Group has a system in place for early identification of deterioration in the credit profile of borrowers, impact of external and macro-economic developments on the overall portfolio quality and these reviews are made available to the Risk Management Committee on a quarterly basis. This review process enables the Group to assess the expected loss in the future and take appropriate corrective actions.

SICOM Limited
Notes to Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 54 : Risk management (Continued)

The Parent Company’s internal credit rating grades on days past due (dpd) basis:

Internal rating grade	Internal rating description
Performing	
High grade	0 dpd
Standard grade	1 to 30 dpd
Sub-standard grade	31 to 60 dpd
Past due but not impaired	61 to 90 dpd
Non-performing	90+ dpd

54.2.1 Impairment assessment

In case of Parent Company, the following impairment assessment model is used by the Company:

- Estimation and monitoring of probability of default, exposure at default and loss given default. (Notes 54.2.1.2, 54.2.1.3, 54.2.1.4)

- Judgment of the Group about a significant increase in the credit risk associated with an exposure. (Notes 54.2.1.5)
- For majority of Stage 3 assets, the ECL is assessed on individual recoverability basis and for remainder on collective basis as per segmentation of financial assets as Stage 1, Stage 2 and Stage 3 assets for assessment of ECL. (Refer Note 54.2.1.6)

The model should be read and interpreted in conjunction with the summary of significant accounting policies.

54.2.1.1 Definition of default

A borrower is considered to be in Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on any of its contractual payments.

Besides the above consideration, as a part of a qualitative assessment of whether an exposure to any borrower is likely to result in a loss for the company, the company also considers indicators that may point towards a likelihood of a default.
In such an event, the company evaluates judiciously, after weighing in all factors and data available, whether the exposure should be classified as Stage 2 or Stage 3 for the purpose of ECL computations. Such events include:

- A significant impairment of the value of the collateral or potential realization from sale of the collateral
- A significant covenant breach, not corrected by the borrower and not expressly waived by the Company
- The borrower filing for bankruptcy application/protection

In the event of any borrower becoming credit impaired, all exposures to the borrower are treated as Stage 3.

54.2.1.2 PD estimation process
It is an estimate of the likelihood of default over a given time horizon.

It is an estimate of the likelihood of default over a given time horizon. PD estimation process is done based on historical internal data available with the company. While arriving at the PD, the company also ensures that the factors that affects the macro economic trends are considered to a reasonable extent, wherever necessary. company calculates the 12 month PD by taking into account the past historical trends of the portfolio and its credit performance. In case of assets where there is a significant increase in credit risk, lifetime PD has been applied which is computed based on survival analysis. For credit impaired assets, a PD of 100% has been applied.

SICOM Limited
Notes to Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 54 : Risk management (Continued)

54.2.1.3 Exposure at Default (EAD)

The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation, addressing both the ability to increase its exposure while approaching default and potential early repayments too.

To calculate the EAD for Stage 1 loan, the Company assesses the possible default events within 12 months for the calculation of the 12 months ECL.
For Stage 2 and Stage 3, the exposure at default is considered for events over the lifetime of the instruments or exposures
In case of undrawn loan commitments, the entire amount of undrawn loan commitment is considered as the expected drawdown.

54.2.1.4 Loss Given Default (LGD)
LGD is an estimate of the loss arising in case where a default occurs. It is based on the difference between the contractual cash flows due and those that the Company would expect to receive, including from the realization from sale of any security. The LGD in case of stage 3 assets is computed majorly on individual basis and remainder on collective basis.

54.2.1.5 Significant increase in credit risk

The Company continuously monitors all assets to assess whether there has been an event which could cause a significant increase in the credit risk of the underlying asset or the borrower's ability to pay and accordingly changes the 12 month ECL to a lifetime ECL.

Under certain circumstances, the Company may also consider that events explained in "Definition of Default" section above (Refer Note 55.2.1.1) are a significant increase in credit risk as against a default. However, for all exposures which are greater than 30 days past due, the credit risk is considered to have increased significantly since initial recognition.

While estimating ECLs on a collective basis for similar assets, the Company applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

54.2.1.6 Grouping financial assets measured on a collective basis

The Company calculates ECLs on the portfolio which is broadly bifurcated into 2 categories:
1. Bills Discounted
2. Loans other than Bills Discounted

Loans other than bill discounted are further sub-categorized into the following:
a. Long term loans
b. Short Term Loans
c. Corporate Term Loan (CTL)
d. Loan against Deposit (LACD)
e. Loan Against Property (LAP) / Security Based Lending (SBL)
f. Loan against shares
g. Loan against guarantee
h. Revolving short term loans
i. Inter Corporate Deposit (ICD)
j. Receivable Finance

54.2.2 Analysis of risk concentration

Note 54 : Risk management (Continued)

54.3 Liquidity risk management:

Liquidity risk is the risk that the Group may be unable to meet its short term financial obligations due to the non-availability of adequate funds at an appropriate cost or tenure. The Group relies on cash flows from operating and financial activities to meet its financial obligations as and when they fall due. The Group has a dedicated treasury The Treasury Department is also primarily responsible for the funding and liquidity risks of the Company. There is a daily monitoring of fund availability and deployment. The table below provides details regarding the undiscounted non-contractual maturities of significant financial assets and liabilities as on:-

SICOM Limited
Notes to Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 54 : Risk management (Continued)

54. 4 Market Risk:

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. Such changes in the values of financial instruments may result from changes in the interest rates, credit, liquidity and other market changes. The Company is exposed to two types of market risk as follows:

54.4.1 Interest Rate Risk:

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Parent Company is subject to interest rate risk, primarily because it is in the business of lending to borrowers at fixed interest rates and for periods that may differ from our funding sources, while its borrowings are at both fixed and variable interest rates for different periods. The Company manages its interest rate risk by managing its assets and liabilities. Asset Liability Management Committee (ALCO) evaluates asset liability management, and ensures that all significant mismatches, if any, are being managed appropriately.

The Company has Board Approved Asset Liability Management (ALM) policy for managing interest rate risk and policy for determining the interest rate to be charged on the loans given.

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on the portion of borrowings affected. With all other variables held constant, the profit before tax is affected through the impact on floating rate borrowings, as follows:

(Rs. In Lakhs)

Particulars	**31-Mar-24**	**31-Mar-23**
Finance Cost	2,656.39	3,003.29
0.50 % increase	NIL*	NIL*
0.50% decrease	NIL*	NIL*

* During financial year 2023-24 & 2022-23, the Company has not availed any borrowings with floating rate of interest.

54.4.2 Price Risk:

The Company's exposure to price risk is not material and it is primarily on account of investment of temporary treasury surpluses in the highly liquid debt funds for very short durations. The Company has a board approved policy of investing its surplus funds in highly rated debt mutual funds, fixed deposits and other instruments having insignificant price risk, not being equity funds/risk bearing instruments.

SICOM Limited

Note 55: Corporate Social Responsibility

As per the provisions of Section 135 of the Companies Act, 2013 (the 'Act'), the Group has formulated the Corporate Social Responsibility (CSR) Policy. The Board has constituted a CSR Committee in accordance with Section 135 of the Act.

The Group is not required to incur CSR Expenditure for the current year (Previous Year: NIL), as average net profit of the past three years is negative.

Accordingly, CSR expenditure incurred by the Group approved by the Board of Director/CSR committee is as follows:

(Rs. In Lakhs)

Note 57: Note on Exposure in ILFS

As of March 31, 2024, the Parent company has outstanding exposure by way of investment in Non- Convertible Debentures of Rs 4,993.36 lakhs (P.Y. March 31, 2023 : Rs. 5,000 lakhs) issued by IL&FS Energy Development Company Ltd (IEDCL) and outstanding exposure by way of Investment in Non-Convertible Debentures of Rs, 3,412.13 lakhs (P.Y.March 31, 2023 : Rs. 3,709.05 lakhs) issued by IL&FS Transportation Network Ltd (ITNL). Thus aggregate exposure to the aforesaid IL&FS Group Companies stood at Rs 8,405.49 lakhs (P.Y. March 31, 2023 : Rs. 8,709.05 lakhs). Total provisions as on FY 2023-24 in respect of exposure to IL&FS group companies stood at Rs 6,298.57 lakhs (P.Y. March 31, 2023 : Rs. 4,459.13 lakhs).

The matter is under NCLT / NCLAT. In terms of the resolution plan submitted by the GOI appointed Board to the NCLAT, ILFS had issued a Public announcement on May 22, 2019 calling the financial creditors to file their claims against the various IL&FS group companies including IL&FS Energy Development Company Ltd and IL & FS Transportation Network Ltd.(where SICOM has exposure).The Public announcement had specifically directed Debenture Holders to file their claim through the Debenture Trustees with interest accrued and due as of October 15, 2018. The Parent company has already filed claims for IL&FS Energy Development Company Ltd and IL & FS Transportation Network Ltd with the Debenture Trustee viz. IDBI Trusteeship Services Ltd on May 24, 2019.

Note 58: Note on Exposure in RHFL

As of March 31, 2023, the Parent company has outstanding exposure by way of investment in Non- Convertible Debentures of Rs 5,015.68 lakhs issued by Reliance Home Finance Ltd (RHFL). Total provisions made in respect of exposure RHFL stood at Rs 4,112.98 lakhs.

The Mumbai bench of the NCLT has approved Authum Investments and Infrastructure resolution plan for RHFL. The plan, has been approved by the CoC, the Reserve Bank of India (RBI), and the Competition Commission of India (CCI).

Accordingly, Parent company had received an amount of Rs 1385.29 lakhs towards the proceeds of the Resolution Plan as on 31st March, 2023.

Note 59: Note on Exposure in Reliance Capital Ltd.

As of March 31, 2024, the Parent company has outstanding exposure by way of investment in Non- Convertible Debentures of Rs 10,041.95 lakhs issued by Reliance Capital Ltd (RCL). Total provisions made in respect of exposure RCL stood at Rs 5,741.95 lakhs

Hinduja Group entity IndusInd International Holdings had offered Rs 9,750 crore in the extended auction held on April 26, 2023 expected recovery is going to be around 43%.

The resolution plan submitted by the successful resolution applicant had received approval from Insurance Regulatory and Development

IIHL was required to implement the RCAP resolution plan by May 27 2024, but this deadline was extended to August 8, 2024 by the NCLT at IIHL's request. Now, IIHL is seeking another extension, citing the need for additional time to secure various regulatory approvals.

Note 60:

The Holding company has incurred cash profit of approx. Rs. 33.91 crore during the year 31st March 2024 and cash loss of Rs. 46.14 crore (approx.) during the year ended 31st March 2023. The Board of Holding company has considered the RBI communication dated 27th June 2020 relaxing the restrictions on lending operations of Holding company adhering to the guidelines, and the improved financial position of the Holding company and accordingly approved business plan for the Holding company in its meeting held on 12th January 2023. In addition, the management of Holding company is of the opinion that going concern basis of accounting is appropriate in view of the continuous support from the Government of Maharashtra and also meeting of the required norms for its lending operations. The Holding company's CRAR ratio improved from 27.66% (Mar23) to 51.02% (Mar24) which is above regulatory requirement of 15% as per RBI guidelines. Accordingly, the Standalone Financial Statements of Holding company are prepared as a going concern basis.

Note 66:
As per supplementary limited liability partnership agreement dated 25 November 2022, SICOM Realty Limited (SRL) was a retiring partner from RRL joint venture and taking exemption as per IndAS 110 from preparing the consolidated financial statements.

As per IndAS 110, para 4 - SRL has meets all the conditions mentioned in the standard.

i) it is a wholly-owned subsidiary of SICOM Limited (SL) and its nominees and have been informed about it to SL and its nominees and they do not have any objection for the SRL not presenting consolidated financial statements;
(ii) SRL's debt or equity instruments are not traded in a public market (a domestic or foreign stock exchange or an over-the-counter market, including local and regional markets);
iii) SRL did not file, nor is it in the process of filing, its financial statements with a securities commission or other regulatory organization for the purpose of issuing any class of instruments in a public market; and
(iv) SL is a parent and produces financial statements that are available for public use and comply with Ind AS 110, in which SRL and other subsidiaries are consolidated in accordance with this Ind AS.

Considering above SRL has met the above conditions and is not required to prepare the consolidated financial statements.

SICOM Limited
Notes to Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 67: Note related to SRL (as per respective individual financial statement)

(A) For FY 2014-15 and FY 2015-16 and FY 2016-17, the SRL's financial assets constitutes more than 50 percent of the total assets and income from financial assets constitutes more than 50 percent of the gross income. Therefore, the SRL had, vide its letter dated September 1, 2016, approached the Reserve Bank of India (RBI) to seek guidance on the matter of applicability of the proviso to Section 45-IA of the RBI Act. The predecessor auditor had submitted an exception report dated January 20, 2017 to the RBI stating that the SRL needs to seek registration as a Non-Banking Financial Institution (NBFI). RBI has, vide its response dated March 6, 2017, advised the SRL to seek registration an NBFC, since financing of SPVs is treated an NBFI activity and hence the SRL meets the Principal Business Criteria.

However, the SRL believes that, the financial exposure taken by SRL is going towards building actual real estate as an end product. Since its incorporation from July 2007 and as provided in the Memorandum of Association of the SRL, the main business of the SRL is investing in real estate and carrying out activities such as buying land parcels on its books. The SRL also invests in joint venture with other companies / LLPs to develop land parcels as residential projects in separate SPVs wherein the SRL has equity stakes. In order to keep the projects live and running, the SRL also provides interim financial assistance by way of Inter Corporate Deposits to these SPVs. Apart from that, the SRL also undertakes various advisory assignments in the field of Real Estate and Infrastructure sector.

The SRL had clarified the aforesaid position to the RBI. SRL intends to take corrective actions whereby the SRL would not engage in any fresh investment / lending activity to new real estate projects and divest / liquidate the existing investment / inter-corporate deposits respectively in a phased manner.

The SRL had, vide letter dated August 24, 2017, sought time of one year from the RBI, to take the aforementioned corrective actions and, to operate without being registered as an NBFC with the RBI. The RBI vide their letter dated December 11, 2017 had granted time upto March 31, 2018 to SRL to bring down the financial assets / income below 50% of the total assets / income and also cautioned that failing this SRL would not be able to operate without registration as NBFC. The SRL liquidated some of its asset during FY 2017-18 and the SRL did not engage in any fresh lending activity during FY 2017-18. SRL has, vide its letter dated April 27, 2018, submitted unaudited financial statements for FY 2017-18 to the RBI and requested additional time of twelve months from RBI to comply with RBI directions.

Vide its response dated June 19, 2018, RBI has advised SRL to submit certificate from statutory auditors on whether SRL meets principal business criteria defined by RBI for NBFCs along with the audited financial statements of SRL for FY 2017-18.

From June 2018 till June 2019, SRL vide its various communications with RBI, submitted data as asked by RBI including the Statutory Auditors report as of March 2018. Finally RBI vide its letter dated June 11, 2019 asked SRL to seek NBFC registration.

In response to the said letter from RBI, SRL has submitted application for certificate of registration with RBI on July 15, 2019 (under provisional Company Registration Number 26664 received from RBI's online site). As per the directions from its SRL Board has also made a detailed representation to the RBI vide its letter dated August 8, 2019 requesting it to reconsider its decision on asking SRL to register as NBFC.

(B) RBI vide its letter dated December 18, 2019 informed that RBI is not agreeable to grant NBFC license to SRL and has returned its application with an advice to apply a fresh. SRL Pursuant to the direction from the SRL Board SRL has not further engaged in to any fresh funding activity to new Real estate projects since 2017. During the year 2022-23 SRL has sold its investments in Joint Venture in Ramnath Realty LLP and KRS Realty LLP.

(C) As at March, 2023, the Financial Assets and Income from Financial Assets continue to be more than 50% of total assets and total income respectively.

The reason for exceeding income from financial assets is due to write back of the provisions of impairement on financial assets due to sale of a land parcel related to that Joint Venture in November, 2022 on which provision was recognized in earlier years. SICOM Realty Ltd has exited from the Investment in LLP as well as monetized its ICD and advances during the FY 2022-23. Therefore, the income recignised in Statement of Profit and Loss as financial income is not related to inflow from a new non-banking financial activity. It is just a realization of earlier year's provisions of ICD and advances given to Ramnath Realty and Ramnath Enterprises.

(D) SICOM Limited, the parent company has received the RBI Inspection and Risk Assessment Report (IRAR) as of March 31, 2023- Risk Mitigation Plan dated 18 July 2024, wherein it was mentioned that SRL continued to meet the Principal Business Criteria as on March 31, 2023, and therefore, it continued to qualify as an NBFC. However, the subsidiary had not re-applied to the Bank for obtaining the COR for an NBFC (since its earlier application had been returned by the Bank on December 18, 2019). The parent company has submitted the response on August 28, 2024 on the same to RBI.

As at March 31, 2024, SRL is not meeting the Principal Business Criteria as stipulated by RBI, therefore it is not required to be registered as NBFC with RBI under Section 45-IA of RBI Act, 1934..

Note 67 (A) : Note related to SRL (as per respective individual financial statement)

In respect of SICOM Realty Ltd, evaluation of impairment provision in accordance with Ind AS 36 - 'Impairment of Assets' for loans given to other parties and receivables to be received aggregating Rs. 485.58 lakhs (As at March 31, 2023: Rs.531.33 lakhs) after reducing ECL Provision as on March 31, 2024, for which payments are not forthcoming regularly since more than five years. The recoverability of the said loans and receivables is primarily dependent on its realization.

SICOM Limited
Notes to Consolidated financial statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 68: Notes related to SARC (as per respective individual financial statement)

The Securities and Exchange Board of India (SEBI), vide its show cause notice dated August 12, 2016 in the matter of Ashok Alco-Chem Limited, informed SARC of its alleged violations of provisions of (i) Regulation 29(2) read with Regulation 29(3) of SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 and (ii) Regulation 13(3) read with regulation 13(5) of SEBI (Prohibition of Insider Trading) Regulations, 1992.

Thereafter, SARC had certain meetings with the Internal Committee of the SEBI. Upon the Company's application filed on February 20, 2017, proposing the settlement of the matter, a High Powered Advisory Committee (HPAC) of the SEBI in its meeting held on January 29, 2018 considered the settlement terms proposed and recommended the case for settlement upon payment of Rs.1,242,149 by SARC towards settlement charges for aforementioned violations. Upon payment by SARC of the said amount, SEBI, vide it's settlement order dated March 26, 2018, informed SARC that SEBI shall not initiate any enforcement action against SARc for the said defaults.

Note 69: Notes related to SIFL (as per respective individual financial statement)

SICOM Investments and Finance Limited (SIFL) has finalised the financial statements for FY 2023-24 after expensing out Service Tax & GST Input Credits as of March 31, 2024. The SIFL shall take necessary steps to obtain GST Registration.

Note 70: Notes related to SIFL (as per respective individual financial statement)

Show Cause Notice issued to SIFL by RBI
RBI issued show cause notice to SIFL on the ground of non-maintenance of Minimum Net Owned Funds as required under RBI Directions. RBI has issued a notice advising the company to voluntarily surrender the Certificate of Registration (CoR) by April 15, 2019. Accordingly, the Company has applied for voluntary surrender on CoR on account of exit from Non- Banking Financial Institution (NBFI) business vide application dated February 9, 2024. In response to the Company application, RBI vide its letter ref. no. CO.DOS.SED.No.S141/11-01-003/2024-25 dated April 05, 2024 advised the Company to apply a fresh with all the requisite documents.

The SICOM Investments and Finace Limited (SIFL) is registered with Reserve Bank of India (RBI) as non-deposit taking Non Banking Financial Company (NBFC) with Registration no.N-13.01842. The SIFL had received a Show Cause Notice (SCN) dated April 19, 2018 as to why the Certificate of Registration (CoR) issued to the Company should not be cancelled. RBI in the said show cause notice had mentioned that the Revised Regulatory Framework for NBFCs (RB1/2014- 15/520DNBR (PD) CC. No. 024/ 03.10.001/ 2014-15) read with Notification No.DNBR.007/CGM(CDS)- 2015 dated March 27, 2015 issued by the RBI had specified two hundred lakh rupees as the net owned fund (NOF) required for a non-banking financial company to commence or carry on the business of non-banking financial institution. Also, all non-banking financial companies holding a Certificate of Registration (CoR) issued by the Bank and having net owned fund of less than two hundred lakhs of rupees, were permitted to carry on the business of non-banking financial institution, provided such companies achieve the net owned fund of two hundred lakhs of rupees before April 1, 2017.

The aforesaid show cause notice further stated that since the Company was already holding CoR issued by the RBI and has failed to achieve the NOF of two hundred lakhs of rupees before April 1, 2017 thus violating the provision under which the Company was permitted to continue the business of a non-banking financial institution.

Further, the Reserve Bank of India vide its letter no. DNBS.MRO.CMD.No.1512/13.19.280/2018-19 dated March 26, 2019 advised the SIFL to approach the Bank for voluntary cancellation and surrender of Certificate of Registration (CoR) by April 15, 2019.

Accordingly, the SIFL has applied for voluntary surrender of CoR on account of exit from Non-Banking Financial Institution (NBFI) business vide the application dated February 9, 2024. In response to the Company application, RBI vide its letter ref. no. CO.DOS.SED.No.S141/11-01-003/2024-25 dated April 05, 2024 advised the Company to apply a fresh with all the requisite documents again immediately after completion of the statutory audit for F.Y.2023-24. The same will be duly complied.

Note 71: Notes related to SIFL (as per respective individual financial statement)

The cumulative redeemable 25 lakhs Preference shares with face value of Rs. 100/- per share aggregating to Rs. 25 crores were originally issued by the SICOM Investments and Finace Limited (SIFL) and subscribed by the Parent Company SICOM Limited which was carrying coupon rate of 10% having the maturity date of December 26, 2017.

Their was non-compliance with terms of issue of preference shares by the Company as at April 1, 2023. The impact of the same was not ascertainable on the date of signing the financial statements for the year ended March 31, 2023. During the current financial year, the Parent Company SICOM Limited has waived off the unpaid accrued preference dividend of Rs. 21.25 crores which was unpaid since the financial year ended March 31, 2016 vide its letter dated September 27, 2023 to the Company. After obtaining the concent of the only Preference Shareholder SICOM Limited, the Company has applied to National Company Law Tribunal (NCLT) for redemption of Redeemable Preference Shares (RPS) and issue of fresh RPS against the existing unredeemed RPS of Rs. 25 crores. Accordingly, fresh RPS carrying coupon rate of 0.01% was issued on February 20, 2024 for a maximum period of 20 years in lieu of the existing unredeemed RPS carrying coupon rate of 10% under Section 55(3) of the Companies Act, 2013 in compliance with the NCLT Order dated November 6, 2023 in Company Petition No. 288 of 2023 before the NCLT, Bench-V Mumbai. Thus the Company is compliant as at March 31, 2024 in view of the NCLT Order dated November 6, 2023

SICOM Limited
Notes to Consolidated Financial Statements (Continued)
for the year ended 31 March 2024
(Currency : Indian Rupees in Lakhs)

Note 72: Note on Audit Trail

The Ministry of Corporate Affairs (MCA) has prescribed a new requirement for companies under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 inserted by the Companies (Accounts) Amendment Rules 2021 requiring companies, which uses accounting software for maintaining its books of account, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled.

Notes realted to parent company (as per respective individual financial statement)

The parent company has enabled the audit trail (edit logs) facility of the accounting software used for maintenance of all accounting records during the year ended March 31, 2024 except for the following accounting software which did not have a feature of recording audit trail (edit log) facility. Accordingly, the audit trail feature was not enabled and not operated throughout the financial year including to log any direct data changes at database level:

1. Loan Accounting Management System (LAMS)
2. Foxpro OD Entry System
3. Foxpro Treasury System

The parent company has planned to implement the new cloud based Trust Bank CBS software with a feature of recording of Audit Trail for the next financial year.

Notes realted to SICOM Realty Ltd, SICOM ARC Ltd, SICOM Capital Management & SICOM Trustee Company Pvt Ltd (as per respective individual financial statement)

The above subsidiary companies has enabled the audit trail (edit logs) facility of the accounting software used for maintenance of all accounting records during the year ended March 31, 2024 except for the case mentioned as below:

The accounting software Tally Prime Edit Log is used for maintenance of books of accounts of the Company. The feature of recording audit trail (edit log) facility was not enabled throughout the period from April 01, 2023 to March 31, 2024 for all relevant transactions recorded in the software. The feature of recording audit trail (edit log) facility was not enabled at database level to log any direct data changes for the accounting software used for maintaining the books of account.

Notes realted to SICOM Investment & Finance Ltd (SIFL)

The above subsidiary companies has enabled the audit trail (edit logs) facility of the accounting software used for maintenance of all accounting records during the year ended March 31, 2024 except for the case mentioned as below:

The SIFL uses accounting software Tally Prime for maintaining its books of accounts which has a feature of recording audit trail (edit log) facility. However, considering its recent upgradation and absence of material and significant transactions in terms of nature and quantum, this feature was not operated throughout the year for all transactions recorded in the software. The necessary precautions and approvals have been taken during accounting and processing of transactions as per its internal policies.
