MANAGEMENT DISCUSSION AND ANALYSIS

A detailed report on Management Discussion and Analysis on the business of the Company, Discussion and Analysis of Company's Financial Statements and Operational Performance, Opportunities, Risks and Threats, etc., is presented in a separate section and forms part of this Directors' Report.

CORPORATE GOVERNANCE

The basic philosophy of Corporate Governance in the Company is to achieve business excellence and dedicate itself for increasing long-term shareholders' value. The Company is committed to maximum transparency in all its dealings and places prominence on business ethics.

Being an unlisted entity, the legal provisions of Corporate Governance such as relevant provisions of the LODR are not applicable to the Company. However, the Company voluntarily follows the standards of Corporate Governance which are, to the extent possible, in line with the internationally accepted standards of Best Practices. The Company is committed to establish best practices of Corporate Governance and to this end the Board has already approved the Company's Corporate Governance Strategy and the same is being implemented in a phased manner.

In furtherance of its quest for adoption of best corporate governance practices, your Company has taken initiatives of voluntarily publishing reports on Corporate Governance and Management Discussion and Analysis in the Annual Report. These Reports are annexed and form part of this Directors' Report.

Further, following information as are required to be disclosed in the Board's Report have been included in the Corporate Governance Report which form an integral part of Directors' report:

- Statement indicating the manner in which formal annual evaluation has been made by the Board of its own performance and that of its committees and individual directors.
- Number of Board Meetings held during the year.
- Statement relating to Development and Implementation of Risk Management Policy including identification of key risks.
- Details of Establishment of Vigil Mechanism.
- Details of Remuneration Policy.

CORPORATE SOCIAL RESPONSIBILITY

Your Company is committed to make a difference within the communities where it operates and takes up an active responsibility to empower local communities to help them achieve their ambitions. The Company believes in making its contribution towards progressive socio-economic change, especially in the fields of Health and Education.

During the Financial Year 2021-22, the Corporate Social Responsibility Committee of the Company comprised of Mr. Sergey Savchenko - Director, Mr. Vikram Kaushik - Non-Executive Independent Director and Mr. Bharat Patel - Non Executive Independent Director. CSR Committee of the Board has developed a CSR Policy in the fields of Health, Education and eradicating hunger.

The contents of the CSR Policy are described in brief, in the following para.

The vision of CSR policy states that SSTL empowers people to pursue their purpose in a modern networked world. The policy is a comprehensive tool-kit for planning and execution of CSR projects. The policy takes into account the needs of local communities in India and also draws inspiration from Sistema's philosophy of 'Lift To The Future'. The execution framework of the CSR Policy has been extended to include philanthropic activities as well as contribution towards disaster relief.

The Company has also adopted Corporate Social Responsibility Strategy to address the CSR issue effectively and to ensure that business is conducted with an innate sense of Social Responsibility.

The provisions of Section 135 of the Companies Act 2013 read with Companies (Corporate Social Responsibility Policy) Rules, 2014, the provisions requiring mandatory spend of 2% of Average Net Profit on the CSR Activities is not applicable on the Company as the Company has not earned any profits during immediately preceding 3 financial years.

However, the absence of profits has not been an impediment in the CSR activities of the Company. Various steps taken by the company pursuant to CSR policy are described in detail in following para.

During the year under review, woolen shawls were distributed to the girls at Govt School Ambapura, Tonk-Raj. Plant saplings were also planted at the Gurgaon and Malpura, Rajasthan. Further, scholarship for studies to a student who lost his father due to COVID was also given.

Employee volunteerism was the key aspect of these programs as some of the SSTL employees associated with Sadbhavana Foundation drove these programs.

An annual report on the CSR activities in prescribed format has also been attached as **Annexure- A** to this Report.

SUBSIDIARY COMPANY

Your Company has one wholly owned subsidiary, namely, Sistema Internet Services Limited.

During the year under review, no other company became or ceased to be the subsidiary Company, Joint Venture Company or Associate of your Company.

DISCUSSION & ANALYSIS ON FINANCIAL STATEMENT AND OPERATIONAL PERFORMANCE

Overview

During the year ended 31 March 2022, the Company has incurred a loss of Rs. 25,745 million (2021- Rs. 22,763 million). The losses have increased mainly due to increase in finance cost (interest accrued on financial liability portion of Redeemable preference shares).

Key Financial & Operational Highlights for the financial year 2021-22

I. Financial Condition

I. Net Worth

The negative net-worth of the Company has increased from Rs. 194,649 million in previous financial year to Rs. 220,394 million in current financial year i.e., as of 31 March 2022. The increased in negative net-worth is mainly due to interest charged on financial liability portion of Redeemable preference shares.

2. Share Capital

During the financial year there is no change in the capital structure of the Company.

3. Secured and Unsecured Loan

(Rupees in Million)

Facility	March 31, 2022	March 31, 2021
Unsecured loans	220,873	195,203
Secured loans	-	-
Total	**220,873**	**195,203**

The increase in unsecured loan is on account of interest accrued on redeemable preference shares of Rs. 25,670 million.

4. Tangible Assets

Decrease in tangible assets is due to depreciation charged during the year is Rs. 1 million.

5. Provision

There is decrease in provision mainly due to employee related liability.

II. Results of Operations

The Earning/(loss) before finance and depreciation expenses ("EBITDA") of the Company during the current financial year has decreased. EBITDA (loss) is 14 million as against EBITDA (loss) of Rs. 17 million in previous year.

Revenues from operations

Revenue from operations have increased from Rs. 58 million in previous financial year to Rs. 134 million in the current financial year i.e. 2021-22 mainly on account of increase in revenue from sale of goods.

Other Income

Other income has decreased from Rs. 172 million in the previous financial year to Rs. 84 million in the current financial year due to decrease in the interest income.

Finance and Treasury Charges

Finance expenses are mainly on account of interest accrued on Redeemable preference shares classified as financial liability.

Employee benefit Expenses

Employee benefit expenses have decreased from Rs. 119 million in previous financial year to Rs.103 million (in the current financial year) on account of decrease in employee strength.

PRODUCTS AND SERVICES

SSTL has been engaged, inter alia, in providing managed services in form System Integration Services in Information Communication Technology domain ("ICT Domain"). In this regard, SSTL has been successful in forging partnerships with major OEMs in the ICT Domain. In its pursuit of becoming a successful system integrator, SSTL has been continuously making efforts for tying up with multiple OEMs to rollout the different level of projects in Government/ PSUs sector.

The Company is also providing Shared services in areas of finance, tax, risk, budgeting, legal, secretarial and IT services to its group companies based in India and Singapore.

HUMAN RESOURCES

At SSTL, our HR mission has been to uphold organization goals by fostering a positive and engaging work environment while identifying and responding to the fast-changing business scenarios.

The year was hit by pandemic of Covid 19. We at SSTL strongly believe that "Prevention is better than cure" which is very apt to the pandemic like Covid – 19 where there is no scientific treatment other than taking precautions. As a proactive measure, the Company had implemented Work From Home for all its employees keeping employee safety as paramount.

Timely and frequent communication with employees is strong tool that SSTL had sorted to keep a track of employee wellbeing and provide any help and support required by any employee during the challenging times.

As a practice, Performance Linked Incentive (PLI) policy, and KPI Structure, for each position was defined for the reporting period. Compensation review exercise was carried out in light of market trends and merit increments were applied for all the employees.

SSTL's Organization structure was reviewed at regular intervals and the manpower budget was strictly adhered to keep the OPEX with the defined limits.

In line with the industry practice exercise of Performance Management System was successfully carried out. As part of the performance evaluation exercise the fulfillment levels on KPIs were assessed and payout of PLI was made to all eligible employees as per the PLI policy approved by the Board of Directors for the assessment period.

Conclusion

INDEPENDENT AUDITOR'S REPORT

To

The Members of Sistema Smart Technologies Limited

Report on the Audit of the Standalone financial statements

Opinion

We have audited the accompanying standalone financial statements of **Sistema Smart Technologies Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to note 30(b) of the standalone Ind AS financial statements, which describes the uncertainties related to estimation of liability, due to the matter being subjudice and the demand of Rs. 3,019 million raised by the Department of Telecommunication ('DoT') on the Company which includes demand of Rs. 2,214 million related to licence fees and spectrum usage charges on Adjusted Gross Revenue (AGR Liability) transferred to Reliance Communications Limited ("RCOM") under scheme arrangement. Supported by the legal opinions, the Company strongly believes that the AGR liability of Rs. 2,214 million transferred to RCOM as part of the approved scheme of arrangement cannot be enforced against the Company. During the earlier years, the Company had recognized provision of liabilities of Rs 863 and expects no additional financial liability in this matter.

Our opinion is not modified in respect of this matter.

Information Other than the Standalone financial statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive loss, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive loss, the Statement of Cash Flow and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

   d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as at March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as at March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

      In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      iii. There was no amount which were required to be transferred, to the Investor Education and Protection Fund by the Company.

      iv. a) The Management has represented that, to the best of it's knowledge and belief, other than as disclosed in the note 45 to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other person or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of it's knowledge and belief, other than as disclosed in the note 45 to the financial statements no funds have been received by the Company from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the CARO 2016") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Report on Internal Financial Controls Over Financial Reporting

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Sistema Smart Technologies Limited ("the Company") as of March 31, 2022, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that-

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of the property, plant and equipment, capital work-in-progress, assets held for sale and relevant details of right-of-use assets.

(b) The property, plant and equipment, capital work-in-progress, assets held for sale and right-to-use assets were physically verified during the year by the Management which, in our opinion, provides for physical verification at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) With respect to immovable property disclosed in the financial statements included in property, plant and equipment and assets held for sale according to the information and explanations given to us and based on the examination of the registered title deed provided to us, we report that, the title deeds of such immovable property are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land that have been taken on lease and disclosed as Right of use assets in the financial statements, the lease agreement are in the name of the Company, where the Company is the lessee in the agreement.

(d) The Company has not revalued any of its property, plant and equipment (including Right of Use assets) during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

(b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.

(iii) The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause (iii) of the Order is not applicable.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 186 of the Companies Act, 2013 in respect of grant of loans and making investments. The Company has not granted any loans, made investments or provide guarantees under Section 185 of the Companies Act 2013.

(v) The Company has not accepted or is not holding any deposit or amounts which are deemed to be deposits during the year. Hence, reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has not been specified for the activities of the Company by the Central Government under section 148(1) of the Companies Act, 2013. Hence, reporting under clause (vi) of the Order is not applicable.

(vii) In respect of statutory dues:

(a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Income-tax, Sales Tax, duty of Custom, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities and there were no delay in respect of remittance of undisputed statutory dues.

There were no undisputed amounts payable in respect of Goods and Services Tax, Provident Fund, Income-tax, cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

Sr. No.	Name of Statute	Nature of Dues	Forum where the Dispute is pending	Period to which the amount pertains (FY)	Amount Involved* (Rs. In million)	Amount Disputed (Net of Payment under Protest) (Rs. In million)
1	Kerala Commercial Tax Act, 2003	VAT	High Court	2011-12 2015-16	63	63
2	Finance Act, 1994 (Service tax provisions)	Service Tax	Custom, Excise, Service tax Appellate Tribunal	2008-11, & 2013-14	596	504

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause (ix)(a) of the Order is not applicable to the Company.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long term purposes by the Company.

(e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary and hence, reporting under clause (ix)(e) of the Order is not applicable.

(f) The Company has not raised any loans during the year and hence reporting of clause (ix)(f) of the Order is not applicable.

(x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of my knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) To the best of my knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

(c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and up to the date of this report.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports issued to the Company during the year and covering the period up to March 2022.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or directors of it's holding company or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(b) The Group does not have any Core Investment Company as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

(xvii) The Company has incurred cash losses amounting to INR 75 million during the financial year covered by our audit and the immediately preceding financial year amounting to INR 101 million.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company was not having net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

Notes to Standalone financial statements for the year ended 31 March 2022

(All amounts in Rupees million, except per share amounts unless stated otherwise)

1) Background

(a) *Corporate Information*

Sistema Smart Technologies Limited ('the Company' or 'SSTL'), is a public unlisted company was incorporated on 20 April 1995, under the provisions of Indian companies Act.The company is domiciled in India with its registered office located at 121, Doctors Colony, Near DCM Ajmer Road, Jaipur – 302021 Rajasthan.

The shareholding of Sistema PJSFC ('SISTEMA') and Russian Federation are 75.62% and 22.86% respectively. SISTEMA is the holding company of SSTL.

Currently the Company is engaged in the business of providing managed services and sale of equipment.

The standalone financial statements have been authorized for issue in accordance with the resolution of the Board of Directors dated 25 August 2022.

Scheme of Demerger

In November 2015, SISTEMA and SSTL entered into a merger agreement with Reliance Communications Limited('RCOM') pursuant to which SSTL agreed to transfer its telecommunication undertaking to RCOM on a going concern basis under a court approved scheme of arrangement pursuant to provisions of Sections 391 to 394 of the Companies Act, 1956 ("SCHEME").

The Scheme was approved by Hon'ble High Court of Rajasthan and Bombay on 30 September 2016 and 7 October 2016 respectively (Final Order). DoT vide its letter dated 20 October 2017 also gave its approval to the Company and RCOM for the transfer of the Company's telecom business including spectrum to RCOM.The Company filed the Final Order with the Registrar of Companies ('ROC') and the SCHEME became effective on 31 October 2017.

(b) (b) During the year ended 31 March 2022, the Company has incurred a loss of Rs 25,745 (2021- 22,763) and cash loss of Rs. 75 (2021-109). Accumulated loss of the Company as on 31 March 2022, Rs 311,482 (2021- 285,737) and the Company has a negative net worth of Rs 220,394 (2021- 194,649) after adjusting accumulated losses.

The Company is expanding its business of managed services and sale of equipment.

The Company is evaluating number of business options and started providing strategic and operational management services on long term contract basis which are as follows:

- o The business cases to get more business post covid environment.
- o The shared service revenue of company is expected to increase during the next financial year due to launch of new venture capital fund by Sistema in India.
- o Increase in revenue from sale of equipment

Further, as indicated in note 13 (a), the redemption of the RPS shall start from the year 2022-23. Subsequent to year end the Company has entered into an agreement for revision in the terms.,As per the revised terms of the agreement, the parties have mutually decided to extend the redemption period by 5 years (currently from 10 years to 15 years) without any redemption premium for extended period. In this regard, the Company shall utilise the available funds at the time of redemption. Further as per the terms of the agreement the parties may mutually decide to extend the redemption period (upto 20 years). Further, both the companies are evaluating option of either conversion to equity/ merger of both the companies/ redemption (fully or partially) based on availability of the funds with the Company. In any event RPS holder (Fellow Subsidiary) will not initiate liquidation of SSTL for recovery of amount due on redemption of RPS.

Considering the Company's business projection for next year, liquidity position of the Company to settle the liabilities, these financials, have been prepared using the going concern assumption.

2) Significant accounting policies

2.1) Statement of compliance

The stand alone financial statements of the Company have been prepared in accordance with Indian accounting standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 notified under Sec-133 of the Companies Act, 2013, (the Act), as amended, and other relevant provisions of the Act.

2.2) Basis of preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

The financial statements are prepared on historical cost basis, except for certain financial assets and liabilities that are measured at fair value as required under relevant Ind AS.

The financial statements are presented in millions of Indian Rupees, which is the Company's functional and presentation currency, and all amounts are rounded to the nearest million, except per share unless stated otherwise.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

2.3) Summary of significant accounting policies

The accounting policies adopted are consistent with those of the previous financial year.

(a) Current versus non-current classification

The Company presents assets and liabilities in Balance Sheet based on current/non-current classification in accordance with Schedule III, Division II of Companies Act, 2013 notified by the Ministry of Corporate Affairs.

An asset is classified as current when it is:

(i) Expected to be realised or intended to be sold or consumed in normal operating cycle.

(ii) Held primarily for the purpose of trading.

(iii) Expected to be realised within twelve months after the reporting period, or

(iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

(i) It is expected to be settled in normal operating cycle.

(ii) It is held primarily for the purpose of trading.

(iii) It is due to be settled within twelve months after the reporting period, or

(iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

All the assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in the Companies (Accounts) Rules 2014.

(b) Basis of Measurement

The stand-alone financial statements have been prepared on historical cost basis, except for the defined benefit assets/liabilities – fair value of plan assets less present value of defined benefit obligation.

(c) Functional Currency

The Company's financial statements are presented in INR, which is also the Company's functional currency and all amounts are rounded to the nearest million, except as stated and presentation otherwise

Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

(d) Fair value measurement

The Company measures financial instruments at fair value at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

(i) In the principal market for the asset or liability, or

(ii) In the absence of a principal market, in the most advantageous market for the asset or liability

(iii) The principal or the most advantageous market must be accessible by the Company.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(e) Revenue recognition

Service revenues

Revenue from shared services is recognized on the basis of contracts with customer and when there is certainty of collection from customer.

Revenue from the sale of products or services is recognized upon transfer of control to customers. Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example, taxes and duties collected on behalf of the government). A receivable is recognized upon satisfaction of performance obligations as per the Contracts.

Sale of goods:

Revenue from products are recognised when the significant risks and rewards of ownership have been transferred to the buyer, continuing managerial involvement usually associated with ownership and effective control have ceased, the amount of revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the Company and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue from sale of goods is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the products.

The Company collects Goods and service tax on behalf of the government and therefore, it is not an economic benefit owing to the Company, hence it is excluded from revenue.

Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable effective interest rate. Interest income is included under the head 'other income' in the Statement of Profit and Loss.

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

(f) Taxes

(i) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, by the reporting date, in the countries where the Company operates and generates taxable income.

(ii) Deferred tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

Deferred tax liabilities are recognised for all taxable temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income ('OCI') or directly in equity.

(g) Property, plant and equipment ('PPE')

Property, plant and equipment, Capital work in progress is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. The carrying amount of the replaced part is derecognised. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Refer to note 25 regarding provision and significant accounting judgements, estimates & assumptions for further information about the recorded assets.

In respect of accounting periods commencing on or after 7 December 2006 exchange differences arising on reporting of the long term foreign currency monetary items at rates different from those at which they were initially recorded during the period or reported in the previous financial statements are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset, if these monetary items pertain to the acquisition of a depreciable fixed asset.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

PPE, other than land, are depreciated on a pro-rata basis on straight line method (SLM) using the rates arrived based on the useful lives of assets specified in Part-C of Schedule II thereto of the Companies Act, 2013 which represents the period over which management expects to use these assets, as follows

Asset Category	Management Estimated Useful Life (In Years)	Useful Life as per Schedule II (In Years)
Freehold land is not depreciated		
Plant and equipment	3 to 6	3 to 6
Computers	3	3
Furniture and fixtures	6	10
Office equipment	5	5
Vehicles	5	6

Depreciation on PPE has been provided as per the useful life prescribed in Schedule II to the Companies Act 2013 other than in respect of plant and equipment, furniture and fixtures and vehicles, in which case the life of the assets has been assessed based on technical advice, taking into account the nature, the estimated usage, operating conditions of the asset, past history of replacement, anticipated technological changes and maintenance practices etc.

An item of PPE and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

PPE individually costing less than rupees five thousand are fully depreciated in the year of acquisition.

(h) Assets Held for Sale

Non-current assets or disposal groups are classified as held for sale if their carrying amount is intended to be recovered principally through sale rather than through continuing use.

Assets are classified as 'held for sale' when all the following criteria are met:

(i) decision has been made to sell,

(All amounts in Rupees million, except per share amounts unless stated otherwise)

(ii) the assets are available for immediate sale in its present condition,

(iii) the assets are being actively marketed and

(iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such assets classified as 'held for sale' are measured at the lower of it carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated. A gain or loss of the non-current assets is recognised at the date of de-recognition.

(i) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale, including interest attributable to the funding of license fees with respect to new circles up to the date of commencement of commercial operations, are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

(j) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company recognizes right-of-use asset (ROU) representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right-of-use (ROU) assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

Company as a lessee

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The discount rate is generally based on the incremental borrowing rate calculated as the weighted average rate specific to the portfolio of leases with similar characteristics."

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in statement of profit and loss.

The Company may elect not to apply the requirements of Ind AS 116 to leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Company as a lessor

Lease rentals under operating lease are recognised as income on a straight-line basis over the lease term. In case the payments to the lessor are structured to increase in line with the general expected inflation to compensate for the lessor's expected inflationary cost increases, then straight lining of operating lease rentals is not required.

(k) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an assets or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses of continuing operations are recognised in the Statement of Profit and Loss.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

(l) Provisions

General

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingencies

Provision in respect of litigation relating to claims assessment, fines, penalties, etc. are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Such provisions are not discounted to their present value and are determined based on management's estimation of the obligation required to settle the obligation at Balance Sheet date. These are reviewed at Balance Sheet date and adjusted to reflect management's current estimates.

(m) Retirement and other employee benefits

(a) Short-term employee benefits

Short term employee benefits are recognised in the year at undiscounted amount of benefits expected to be paid in exchange of related services.

(b) Post employment obligations

Defined contribution plans

Provident fund and employees' state insurance schemes

All employees of the Company are entitled to receive benefits under the provident fund, which is a defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate of the employees' basic salary. These contributions are made to the fund administered and managed by the Government of India.

The Company recognises contribution payable to both these schemes as an expense, when an employee renders the related service. The Company has no further obligations under these plans beyond its monthly contributions.

Defined benefit plan

Gratuity

The Company provides for gratuity obligations through a defined benefit retirement plan (the 'Gratuity Plan') covering all employees. The gratuity plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee salary and years of employment with the Company. The Company provides for the gratuity plan based on actuarial valuations in accordance with Ind AS 19 'Employee Benefits'. The cost of providing benefits under the defined benefit plan is determined using the Projected Unit Credit Method.

Re-measurements, comprising of actuarial gains and losses, the effect of changes in the asset ceiling (excluding amounts included in net interest on the net defined benefit liability) is recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Re-measurements are recognised in OCI and are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

(i) The date of the plan amendment or curtailment, and

(ii) The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss:

(i) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and

(ii) Net interest expense or income

Other long term employee benefit obligations

Compensated absences

The Company has provided for the liability at year end on account of unavailed earned leave as per the actuarial valuation as per the Projected Unit Credit Method on the balance sheet

(All amounts in Rupees million, except per share amounts unless stated otherwise)

(n) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

a) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Investment in equity instruments at fair value through other comprehensive income ('FVTOCI')

On initial recognition, the Company can make an irrevocable election to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the instruments.

A financial assets is held for trading if

- It has been acquired principally for the purpose of selling it in the near term; or
- On initial recognition it is part of the portfolio of identified financial instruments that the Company has to swap with Companies shares.

Financial assets at fair value through profit or loss (FVTPL)

Investment in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent change in fair value in other comprehensive income for investments in equity instruments.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss.

b) Classification of Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

(i) Debt instruments at amortised cost

(ii) Debt instruments at fair value through other comprehensive income (FVTOCI)

(iii) Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)

(iv) Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

(i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows. And

(ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate ('EIR') method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR recognised is included in other income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

De-recognition

A financial asset (or where applicable a part of a financial asset or part of a Company of similar financial assets) is primarily de-recognised (i.e. removed from the Company's Balance Sheet) when:

(i) The contractual rights to receive cash flows from the asset have expired, or

(ii) The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss ('ECL') model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

(i) Financial assets that are debt instruments are measured at amortised cost e.g., deposits, trade receivables.

(ii) Lease receivables

(iii) Trade receivables or any contractual right to receive cash or another financial asset.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

(i) Trade receivables or contract revenue receivables; and

(ii) All lease receivables resulting from transactions

The application of simplified approach does not require the Company to track changes in credit risk.

Receivables are stated net of provision for doubtful debts.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings.

Classification and Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are recognised through the EIR recognised process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

This category generally applies to borrowings. For more information refer Note 13.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Preference shares

The Company had issued Non-Cumulative Non-Convertible Redeemable Preference Shares (RPS) in multiple tranches. Each Non-Cumulative Non-Convertible Redeemable Preference Share carry non-cumulative preferential dividend @ 0.01% p.a. RPS are redeemable upon the completion of ten years from the respective date of issue at the issue price (face value including issue premium) along with redemption premium per annum. Further, any variation (extension or reduction) in the tenure is subject to the mutual agreement of both parties and extension shall not exceed twenty years from the respective date of issue.

RPS that are treated as financial liability in accordance with the requirements of Ind AS 32, are initially recognised at fair value and subsequently measured at amortised cost using effective interest rate method (EIR), considering premium on redemption.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above as they are considered an integral part of the Company's cash management.

(o) Inventories

Inventories are valued at the lower of cost and net realisable value. Cost of inventory comprises all cost of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and other cost incurred in bringing the inventories to their respective present location and condition.

(p) Earnings per share

The earnings considered in ascertaining the Company's Earnings per Share ('EPS') comprise the net profit/ (loss) for the year. The number of shares used in computing basic EPS is the weighted average number of equity shares outstanding during the year. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving basic earnings per share and also the weighted average number of shares, if any which would have been used in the conversion of all dilutive potential equity shares.

(q) Segment reporting

The Company's primary operating business is organised and managed according to the nature of services which is managed services. The analysis of geographical segment is based on the area in which the Company operates.

Chief operating decision maker of the company is Executive Committee of the Company, along with Board of Directors, who review the financials of the company.

24 Earnings/(loss) Per Share (EPS)

Basic EPS amounts are calculated by dividing the profit/(loss) for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit/(loss) for the year attributable to the equity shareholders of the Company by weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the loss and share data used in the basic and diluted EPS computations:

	For the year ended 31 March 2022	For the year ended 31 March 2021

25) Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Property, plant and equipment

The useful lives, residual values and depreciation method of PPE are reviewed, and adjusted appropriately at-least as at each reporting date so as to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from these assets. Refer note 2(g) and note 3 for the estimated useful life and carrying value of property, plant and equipment respectively.

Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed for impairment at each Balance Sheet date if there is any indication of impairment based on internal and external factors. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit (CGU) is the greater of the assets value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset.

An impairment loss is recognised wherever the carrying amount of an asset or CGU exceeds its estimated recoverable amount and are recognised in Statement of Profit and Loss. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

Impairment losses recognised in previous period are assessed at each Balance Sheet date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Going Concern

Based on the revised business model after demerger of telecom business, the Company is confident that it would be able to arrange funds for long term and operations.

In view of above, these financial statements have been prepared using the going concern assumption. Refer Note 1(b) for detailed disclosure on going concern assumption of the Company.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

Defined benefit plans (gratuity) and compensated absences

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation and leave encashment are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity and compensated absences obligations are given in Note 29.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk, volatility and discount rates. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 13 and 26 for further disclosures.

As per Ind AS 109, the RPS have been recorded at fair value. The differential amount (i.e. difference between the transaction price and the fair value) has been considered as other equity. For determination of fair value, the discount rate has been calculated based on risk free rate along with adjustment for credit spread and illiquidity premium.

Provision for contingencies

The Company provide for the contingencies when it has a present obligation as a result of past event, it is more likely than not that an outflow of resources will be required to settle the obligation as described in Note 14 in respect of which a reliable estimate can be made. Provision for contingencies are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates (also refer note 30).

26 Fair values

Total	**2,21,707**	**1,96,052**

*The carrying value of above financial assets and financial liabilities approximate its fair value.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

Fair values

The management assessed that the fair values of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company determines fair values of financial assets and financial liabilities by discounting contractual cash inflows / outflows using prevailing interest rates of financial instruments with similar terms. The initial measurement of financial assets and financial liabilities is at fair value. Further, the subsequent measurement of all financial assets and financial liabilities is at amortised cost, using the effective interest method.

Discount rates used in determining fair value

The interest rate used to discount estimated future cash flows, where applicable, are based on the incremental borrowing rate of the borrower which in case of financial liabilities is the weighted average cost of borrowings of the Company and in case of financial assets is the average market rate of similar credit rated instrument.

Fair value of financial assets and financial liabilities is the amount that would be received to sell an asset or paid to transfer a liability in orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows based on the lowest level input that is significant to the fair value measurement as whole:

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows based on the lowest level input that is significant to the fair value measurement as whole:

Level 1: quoted (unadjusted) prices in active market for identical assets and liabilities.

Level 2: valuation techniques for which the lowest level of input that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3: valuation techniques for which the lowest level of input that has a significant effect on the fair value measurement is not based on observable market data.

There have been no transfers between Level 1 and Level 2 during the year.

27 Capital management

The objective of the Company's capital management structure is to ensure that there remains sufficient liquidity within the Company to carry out business. The Company monitors the long term cash flow requirements of the business in order to assess the requirement for changes to the capital structure to meet that objective and to maintain flexibility.

The Company manages its capital structure and makes adjustments to it, in light of changes to economic conditions. To maintain or adjust the capital structure, the Company may return capital, issue new shares for cash, repay debt, put in place new debt facilities as appropriate.

No changes were made in the objectives, policies or processes during the year ended 31 March 2022.

The Company has Rs Nil borrowings as at 31 March 2022 (2021: Rs Nil). Undrawn borrowing available as at 31 March 2022 is Rs 1,300 (2021: Rs 1,300).

28 Derivative instruments

The Company has not taken any derivative instruments during the current year / previous year.

29 Employee Benefits:

Defined Benefit Plans

Gratuity:

The employee's gratuity fund scheme managed by the Company is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using Projected Unit Credit Method (PUC). The plan liability is the actuarial present value of the projected accrued benefits as of the beginning and end of the period for active members.

Changes in the defined benefit obligation and fair value of plan assets as at 31 March 2022:

	Gratuity cost charged to profit or loss					Remeasurement gains/(losses) in other comprehensive income						
	01-Apr-21	Service cost	Net interest expense	Sub-total included in profit or loss (Note 20)	Benefits paid	Return on plan assets (excluding amounts included in net interest expense)	Actuarial changes arising from changes in demographic assumptions	Actuarial changes arising from changes in financial assumptions	Experience adjustments	Sub-total included in OCI	Contributions by employer	31-Mar-22

The principal assumptions used in determining gratuity for the Company's plans are shown below:

Particulars	**31 March 2022**	**31 March 2021**
Discounting rate	7.2%	6.8%
Future salary increase	5.0%	5.0%
Retirement age (years)	60	60

Ages	**Withdrawal Rate (%)**	
Up to 30 years	-	10
From 31 to 44 years	8	37
Above 44 years	4	12

The discount rate is generally based upon the market yields available on government bonds at the accounting date with a term that matches the liabilities and the salary growth rate takes account of inflation, seniority, promotion and other relevant factors on long term basis.

A quantitative sensitivity analysis for significant assumption as at 31 March 2022 is as shown below:

Based on the discussion with consultants/advisors, the management reasonably expect that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Company's operations or financial condition. As a result, the Company is not carrying provisions on pending cases in the books of account.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

a) **Provident fund**

In view of recent Hon'ble Supreme Court of India Judgement, in the case of "Regional Provident Fund Commissioner (II) Vs Vivekananda Vidyamandir, West Bengal in relation to non-exclusion of certain allowance from the definition of "Wages" of the relevant employees for the purpose of determining contribution to provident fund under the Employees Provident Fund & Miscellaneous provision Act, 1952, the Company has obtained legal opinion in the matter. In terms of legal opinion, there are various interpretational issues and thus the Company is in the process of evaluating the impact.

Other Disputed matters not included above

b) **License fee and Spectrum Usage charges Matter (AGR)**

During earlier years, the Department of Telecommunication ('DoT') had raised demands for payment of license fees, spectrum usages charges ("SUC") and interest (interest on principal and interest on penalty)/penalty thereon for various financial years on account of difference in interpretation of Adjusted Gross Revenue ("AGR") and other assessment related matters. The Company had contested these demands by filing petition/s with the Hon'ble TDSAT. In its Order dated 23 April 2015, the Hon'ble TDSAT set aside all the demands under dispute and directed to the DoT to rework demands for the license fees and SUC payable by the Company in light of the findings, observations and directions made in the Order. The DoT had approached the Hon'ble Supreme court against the order of Hon'ble TDSAT.

On 24 October 2019, the Hon'ble Supreme Court of India delivered a judgement in relation to a long outstanding industry-wide case upholding the view of the DoT in respect of the definition of AGR ('AGR Judgement').

Pursuance to the SCHEME, DoT letter dated 20 October 2017 approving SCHEME, the AGR liability upto Rs. 2,214 for 21 licenses quashed in 2012 and complete AGR liability for 9 operating circles has been transferred to RCOM under the SCHEME.

As per details filed by DoT on 23 July 2019 to court, the demand of Rs. 3,019 on the Company, includes AGR liability related to 9 operating circles transferred to ('RCOM') as well as liability for 21 licenses Quashed in 2012. The Company has already informed DoT that the directions given by the Supreme Court in the Judgment dated 24 October 2019 are binding on RCOM and therefore DoT should recover the AGR dues from RCOM in terms of its own approval of SCHEME.

The Company had outstanding bank guarantees of Rs 4,508 as on date of approval with DoT as per licenses conditions. The Company has already filed the petition in Court to return these bank guarantees and the matter is under litigation. The said guarantee of Rs. 4,508 given by the Company has been disclosed as a contingent liability.

On 7 April 2022, DoT has filed an affidavit to Hon'ble Supreme Court in compliance of Court Judgment. In affidavit, DoT has produced a table wherein DoT has reiterated / confirmed the amount of total dues of RCOM including SSTL's due as well.

The Company strongly believes supported by the legal opinions that, the Company has transferred AGR liabilities of Rs. 2214 to RCOM in terms of DoT's own approval of SCHEME. The AGR dues liability transferred as per SCHEME cannot be enforced against the Company and only RCOM is liable to pay such AGR liability to DoT by operation of law.

During earlier years, the Company had recognized provision of liabilities of Rs 863 and the Company expects no additional financial liability in this matter.

c) **One Time Spectrum charges ('OTSC')**

During 2014-15, DoT issued Show Cause Notice of Rs 6,369 towards One Time Spectrum Charges to the Company for continuation of its services, post cancellation of its 21 telecom licenses, from 2 February 2012 till closure of services in 13 service areas and till last valid date of the licenses in 8 service areas where the Company secured spectrum in the auction conducted by the DoT in March 2013 and new licenses. The Company has submitted its reply to the DoT on 6 January 2015. Subsequently, the DoT has issued a demand notice dated 22 September 2016 of Rs 6,369 and interest thereon of Rs 1,836. The Company has filed a petition in Hon'ble TDSAT. While matter was pending with Hon'ble TDSAT, the DoT, vide its letter dated 14 February 2017, revised its demand to Rs 5,849 (excluding interest) and interest thereon of Rs 3,416 and further revised the demand, vide its letter dated 13 June 2017, to Rs 5,849 and interest thereon of Rs 3,699. TDSAT vide its final order dated 10 May 2018 has allowed petition of the Company and directed DoT to issue revised demand as per Order. Based on above order, DoT has revised its demand to Rs. 1,078 and the same has been paid by Company.

DoT has filed Appeal before Hon'ble Supreme Court against TDSAT judgment. Appeal is pending in Hon'ble Supreme Court.

d) **Liquidated Damages ('LD')**

The Company received a Show Cause Notice ('SCN') dated 17 June 2016 issued by DoT for Liquidated Damages ('LD') in respect of non-fulfillment of roll out obligations of GSM spectrum of Rajasthan Circle. The Company has filed its detailed response dated 1 July 2016 to the SCN with DOT. Since there are no separate roll-out obligations under the UASL and the GSM spectrum granted to the Company was an additional spectrum granted under the existing UASL and does not entail any new roll-out obligations other than as explicitly stated in the UASL. The DoT served a demand vide its letter dated 25 November 2016 of Rs 140. The Company has filed a petition in Hon'ble TDSAT to challenge the demand. Hon'ble TDSAT has stayed the demand vide order dated 22 December 2016. Based on legal advisor's assessment, the Company does not foresee any further liability.

Further, the Company received the demand notices from DoT of Rs 653 in 2010/2011 for LD for non-fulfillment of roll out obligations under the License and the Company has deposited Rs. 594 against the said demand notes. TDSAT vide its order dated 13

January 2012 ordered the quashing of above demands and directed the DoT to re-compute fresh demands based on the directions given in the Order. As of reporting date, the matter is pending before Hon'ble Supreme Court of India. During the year 2016-17, the Company has received the revised demand notices of Rs. 791 from DoT in respect of LD for non-fulfillment of roll out obligations under the License based on above judgement but without considering the procedural delay in various approvals.

Based on its assessment, the Company does not foresee any further liability. During the financial year 2017-18 the Company has transferred the liability for above dispute to RCOM as per SCHEME.

e) Claims from IP (Infrastructure provider) Vendors

i. Certain passive infrastructure vendors ('the Vendors') raised claims amounting to Rs 1,868 (2021 – 1,868) and interest thereon due to premature termination of the respective service contracts by the Company as a result of discontinuation of operations in the thirteen telecom circles in pursuance of the Order issued by the Hon'ble Supreme Court of India related to cancellation of the Company's Telecom Licenses. These Vendors served notices invoking the dispute resolution mechanism as per the respective service contracts and the matters were referred to the Arbitral Tribunals for adjudication. The Arbitral Tribunals decided the matters in favor of the Company rejecting the claims for premature termination (exit charges) of service contracts. The vendors subsequently filed appeals before the Hon'ble Delhi High Court challenging the orders passed by the Arbitral Tribunals. These appeals are pending before the Hon'ble High Court.

During the financial year 2017-18 the Company has transferred the liability for above dispute to RCOM as per SCHEME.

ii. A passive infrastructure vendor ('the Vendor') raised claims amounting to Rs 1,287 (2021 – 1,287) and interest thereon due from the Company as on the date of transfer of its telecom undertaking to RCOM under the SCHEME. The vendor served notices invoking the dispute resolution mechanism as per the respective master service contracts and the dispute was referred to the Arbitral Tribunals for adjudication, by Delhi High Court. As of now, the claims are pending adjudication before the Arbitral Tribunals. SSTL has opposed the amounts claimed inter-alia on the ground that with the scheme of arrangement coming into force, all liabilities of the transferred undertaking including the subject claims stands transferred to/vested in RCOM by operation of Law.

31 Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the group's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and price risk. Financial instruments affected by market risk include, interest bearing loans and borrowings and fixed deposits.

The sensitivity analysis has been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and the proportion of financial instruments are all constant.

The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held as on reporting date.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

As the Company has no significant interest-bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates, which are included in interest bearing loans and borrowings in these financial statements.

Fair value sensitivity analysis for fixed rate instruments

The Company does not have any fixed rate financial assets and liabilities at fair value through profit and loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss and neither would it affect the equity.

Foreign currency risk

The Indian Rupee is the Company's most significant currency. As a consequence, the Company's results are presented in Indian Rupee and exposures are managed against Indian Rupee accordingly. Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). The year end foreign currency exposures that have not been hedged are Rs Nil (USD Nil) [31 March 2021: Rs 2 (USD .03 Mn)]. The Company has not entered into any derivative arrangements during the year.

The following table demonstrates the sensitivity in the USD to the functional currency of the Company, with all other variable held constant. The impact on the Company's net loss is due to changes in the fair value of monetary assets and liabilities.

Particulars	Effect on loss before tax (increase)/ decrease

INR appreciates 5% against USD	-
INR depreciates 5% against USD	-
For the year ended 31 March 2021

(b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments. Credit risk is managed by company's established policy, procedures and control relating to customer credit risk management.

Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit

worthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

(c) Liquidity risk

The Company monitors its risk of a shortage of funds using a liquidity planning tool.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of short term and long-term loans and borrowings. The Company manages liquidity risk by maintaining adequate reserves, banking facilities, and reserve borrowing facilities, by continuously forecast and actual cash flows, and by matching the maturity profile of financial assets and liabilities.

The following are the contractual maturities of the financial liabilities, including estimated interest payments as at 31 March 2022:

33 Income taxes

Deferred tax

The Company has incurred losses during the year and earlier years. Since it is not probable that taxable profit will be available against which the temporary difference can be utilised, the Company has not recognised any deferred tax assets resulting from the carried forward tax losses and unabsorbed depreciation. Further, no deferred tax liabilities on amount recognised directly in equity and other temporary timing differences have been recognised as it would be set off against these deferred tax assets.

34 Impact of COVID-19 (Global pandemic)

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables, intangibles, investments and other assets. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the Company has used internal and external sources of information. The Company has reviewed the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

35 Event after the reporting period

Events after the reporting period are those events, favourable and unfavourable, that occur between the end of the reporting period and the date when the financial statements are authorized for issue. There are no significant events to be reported except disclosed below:

The Company in its board of Director meeting dated 19 April 2022 has amended the terms of the RPS agreement. As per the revised term of the agreement, the parties have mutually decided to extend the redemption period by 5 years (currently from 10 years to 15 years) with no redemption premium shall accrue or be payable for the extension period (i.e. 5 years).

INDEPENDENT AUDITOR'S REPORT

To

The Members of Sistema Smart Technologies Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Sistema Smart Technologies Limited** ("the Holding Company"/ ("the Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group") , which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditor on separate financial statements of subsidiary referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, their consolidated loss, their consolidated total comprehensive loss, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us, and the audit evidence obtained by the other auditor in terms of their reports referred to in the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to note 30(b) of the consolidated Ind AS financial statements, which describes the uncertainties related to estimation of liability, due to the matter being subjudice and the demand of Rs. 3,019 million raised by the Department of Telecommunication ('DoT') on the Company which includes demand of Rs. 2,214 million related to licence fees and spectrum usage charges on Adjusted Gross Revenue (AGR Liability) transferred to Reliance Communications Limited ("RCOM") under scheme arrangement. Supported by the legal opinions, the Company strongly believes that the AGR liability of Rs. 2,214 million transferred to RCOM as part of the approved scheme of arrangement cannot be enforced against the Company. During the earlier years, the Company had recognized provision of liabilities of Rs 863 and expects no additional financial liability in this matter.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in Board's Report including Annexures to the Board's Report but does not include the consolidated financial statements, standalone financial statements, and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiary audited by the other auditors, to the extent it relates to the subsidiary and, in doing so, place reliance on the work of the other auditor and consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiary, is traced from their financial statements audited by the other auditor.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its subsidiary are also responsible for overseeing the financial reporting process of the Group and of its subsidiary.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and

to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We, also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entity or business activities included in the consolidated financial statements, which have been audited by the other auditor, such other auditor remains responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

We did not audit the financial statements of subsidiary whose financial statements reflect total assets of Rs. 8.40 million as at March 31, 2022, total revenues of Rs. Nil and net cash outflows of Rs. 0.42 million for the year ended on that date, as considered in the consolidated financial statements. The financial statement of the subsidiary have been audited by the other auditor whose reports have been furnished to us by the management, and our opinion in so far as it relates to the amounts and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary and our report in terms of sub section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary is based solely on the report of other auditor.

Our opinion on the consolidated financial statements above, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the word done and the report of the other auditor and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditor on separate financial statements of the subsidiary company incorporated in India, referred in the Other Matters paragraph above we report, to the extent applicable that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

   b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, returns and the reports of the other auditor.

   c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including (Other Comprehensive Income), the Consolidated Cash Flows Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

   d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022, taken on record by the Board of Directors of the Company and the report of the statutory auditor of the subsidiary, none of the directors of the Group, incorporated in India is disqualified as on March 31, 2022, from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Holding Company and subsidiary company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.

   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

      In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group.

      ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary company incorporated in India.

      iv. a) The respective Managements of the Holding Company, its subsidiary which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us, and to the auditors of such subsidiary, to the best of their knowledge and belief, other than as disclosed in the note 45 to the consolidated financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or the subsidiary to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.;

      (b) The respective Managements of the Holding Company and its subsidiary, which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the auditor of such subsidiary that, to the best of their knowledge and belief, other than as disclosed in the note 45 to the consolidated financial statements no funds have been received by the Holding Company or its subsidiary, from any persons or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or the subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the subsidiary which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or their auditor's notice that has caused us or the their auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Holding Company or its subsidiary, has not declared or paid any dividend during the year and has not proposed final dividend for the year.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Holding Company, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the consolidated financial statements.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company for year ended March 31, 2022, we have audited the internal financial controls over financial reporting of **Sistema Smart Technologies Limited** (hereinafter referred to as "Holding") and its subsidiary Company, which includes internal financial controls over financial reporting of the Company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding and its subsidiary Company, incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding and its subsidiary Company, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor referred to in the other matters paragraph below, the Holding and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to the subsidiary company, which is a company incorporated in India, is based solely on the corresponding report of the auditors of such company incorporated in India.

Our opinion is not modified in respect of the above matters.

Notes to Consolidated financial statements for the year ended 31 March 2022

(All amounts in Rupees million, except per share amounts unless stated otherwise)

1) Background

(a) *Corporate Information*

Sistema Smart Technologies Limited ('the Group' or 'SSTL'), was incorporated on 20 April 1995, under the provisions of Indian companies Act. The company is domiciled in India with its registered office located at 121, Doctors Colony, Near DCM Ajmer Road, Jaipur – 302021 Rajasthan.

The shareholding of Sistema PJSFC ('SISTEMA') and Russian Federation are 75.62% and 22.86% respectively. SISTEMA continues to be the holding company of SSTL.

Currently the Group is engaged in the business of providing managed services and sale of equipment.

The Subsidiary Sistema Internet Services Limited was in the business of internet services. SISL has been granted category 'B' License on 18 December 2003 by Department of Telecommunication for a period of 16 years for providing internet services in the state of Rajasthan. During the previous financial year SISL has surrendered its license and close the operation w.e.f. 31 December 2017.

SSTL and its subsidiary ('SISL') hereinafter refer to as 'the Group'.

The financial statements have been authorized for issue in accordance with the resolution of the Board of Directors dated 25 August 2022.

Scheme of Demerger

In November 2015, SISTEMA and SSTL entered into a merger agreement with Reliance Communications Limited('RCOM') pursuant to which SSTL agreed to transfer its telecommunication undertaking to RCOM on a going concern basis under a court approved scheme of arrangement pursuant to provisions of Sections 391 to 394 of the Companies Act, 1956 ("SCHEME").

The Scheme was approved by Hon'ble High Court of Rajasthan and Bombay on 30 September 2016 and 7 October 2016 respectively (Final Order). DoT vide its letter dated 20 October 2017 also gave its approval to the Company and RCOM for the transfer of the Company's telecom business including spectrum to RCOM.The Company filed the Final Order with the Registrar of Companies ('ROC') and the SCHEME became effective on 31 October 2017.

(b) During the year ended 31 March 2022, the Group has incurred a loss of Rs 25,745 (2021- 22,763) and cash loss of Rs. 75 (2021-109). Accumulated loss of the Group as on 31 March 2022, Rs 311,474 (2021- 285,729) and the Group has a negative net worth of Rs 220,386 (2021- 194,641) after adjusting accumulated losses.

The Group is expanding its business of managed services and sale of equipment.

The Group is evaluating number of business options and started providing strategic and operational management services on long term contract basis which are as follows:

- The business cases to get more business post covid environment.
- The shared service revenue of company is expected to increase during the next financial year due to launch of new venture capital fund by Sistema in India.
- Increase in revenue from sale of equipment

Further, as indicated in note 13 (a), the redemption of the RPS shall start from the year 2022-23. Subsequent to year end the Company has entered into an agreement for revision in the terms., As per the revised terms of the agreement, the parties have mutually decided to extend the redemption period by 5 years (currently from 10 years to 15 years) without any redemption premium. In this regard, the Company shall utilise the available funds at the time of redemption. Further as per the terms of the agreement the parties may mutually decide to extend the redemption period (upto 20 years). Further, both the companies are evaluating option of either conversion to equity/ merger of both the companies/ redemption (fully or partially) based on availability of the funds with the Company. In any event RPS holder (Fellow Subsidiary) will not initiate liquidation of SSTL for recovery of amount due on redemption of RPS.

Considering the Group's business projection for next year, liquidity position of the Company to settle the liabilities, these financials, have been prepared using the going concern assumption.

2) Significant accounting policies

2.1) Statement of compliance

The financial statements of the Group have been prepared in accordance with Indian accounting standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 notified under Sec-133 of the Companies Act, 2013, (the Act), as amended, and other relevant provisions of the Act.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

2.2) Basis of preparation

The financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

The financial statements are prepared on historical cost basis, except for certain financial assets and liabilities that are measured at fair value as required under relevant Ind AS.

The financial statements are presented in millions of Indian Rupees, which is the Group's functional and presentation currency, and all amounts are rounded to the nearest million, except per share, per debenture amounts unless stated otherwise.

2.3) Summary of significant accounting policies

The accounting policies adopted are consistent with those of the previous financial year.

(a) Current versus non-current classification

The Group presents assets and liabilities in Balance Sheet based on current/non-current classification in accordance with Schedule III, Division II of Companies Act, 2013 notified by the Ministry of Corporate Affairs.

An asset is classified as current when it is:

(i) Expected to be realised or intended to be sold or consumed in normal operating cycle.

(ii) Held primarily for the purpose of trading.

(iii) Expected to be realised within twelve months after the reporting period, or

(iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

(i) It is expected to be settled in normal operating cycle.

(ii) It is held primarily for the purpose of trading.

(iii) It is due to be settled within twelve months after the reporting period, or

(iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

(b) Basis of Measurement

The financial statements have been prepared on historical cost basis, except for the defined benefit assets/liabilities – fair value of plan assets less present value of defined benefit obligation.

(c) Functional Currencies

The Group's financial statements are presented in INR, which is also the Group's functional currency and all amounts are rounded to the nearest million, except as stated and presentation otherwise.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Group at their respective functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

(d) Fair value measurement

The Group measures financial instruments at fair value at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market

(All amounts in Rupees million, except per share amounts unless stated otherwise)

participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

(i) In the principal market for the asset or liability, or

(ii) In the absence of a principal market, in the most advantageous market for the asset or liability

(iii) The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(e) Revenue recognition

Service revenues

Revenue from shared services is recognised on the basis of contracts with customer and when there is certainty of collection from customer.

Revenue from the sale of products or services is recognised upon transfer of control to customers. Revenue is measured at the amount of consideration which the Group expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example, taxes and duties collected on behalf of the government). A receivable is recognised upon satisfaction of performance obligations as per the Contracts.

Sale of goods:

Revenue from products are recognised when the significant risks and rewards of ownership have been transferred to the buyer, continuing managerial involvement usually associated with ownership and effective control have ceased, the amount of revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the Group and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue from sale of goods is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the products.

The Group collects Goods and service tax on behalf of the government and therefore, it is not an economic benefit owing to the Group, hence it is excluded from revenue.

Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable effective interest rate. Interest income is included under the head 'other income' in the Statement of Profit and Loss.

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

(f) Taxes

(i) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, by the reporting date, in the countries where the Group operates and generates taxable income.

(ii) Deferred tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income ('OCI') or directly in equity.

(g) Property, plant and equipment ('PPE')

Property, plant and equipment, Capital work in progress is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. The carrying amount of the replaced part is derecognised. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Refer to note 25 regarding provision and significant accounting judgements, estimates & assumptions for further information about the assets.

In respect of accounting periods commencing on or after 7 December 2006 exchange differences arising on reporting of the long term foreign currency monetary items at rates different from those at which they were initially recorded during the period or reported in the previous financial statements are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset, if these monetary items pertain to the acquisition of a depreciable fixed asset.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

PPE, other than land, are depreciated on a pro-rata basis on straight line method (SLM) using the rates arrived based on the useful lives of assets specified in Part-C of Schedule II thereto of the Companies Act, 2013 which represents the period over which management expects to use these assets, as follows

	Management Estimated Useful Life (In Years)	Useful Life as per Schedule II (In Years)
Freehold land is not depreciated		
Plant and equipment	3 to 6	3 to 6
Computers	3	3
Furniture and fixtures	6	10
Office equipment	5	5
Vehicles	5	6

Depreciation on PPE has been provided as per the useful life prescribed in Schedule II to the Companies Act 2013 other than in respect of plant and equipment, furniture and fixtures and vehicles, in which case the life of the assets has been assessed based on technical advice, taking into account the nature, the estimated usage, operating conditions of the asset, past history of replacement, anticipated technological changes and maintenance practices etc.

An item of PPE and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

PPE individually costing less than rupees five thousand are fully depreciated in the year of acquisition.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

(h) Assets Held for Sale

Non-current assets or disposal groups are classified as held for sale if their carrying amount is intended to be recovered principally through sale rather than through continuing use.

Assets are classified as 'held for sale' when all the following criteria are met:

(i) decision has been made to sell,

(ii) the assets are available for immediate sale in its present condition,

(iii) the assets are being actively marketed and

(iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such assets classified as 'held for sale' are measured at the lower of it carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated. A gain or loss of the non-current assets is recognised at the date of de-recognition.

(i) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale, including interest attributable to the funding of license fees with respect to new circles up to the date of commencement of commercial operations, are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

(j) Leases

The Group has applied Ind AS 116 with effect from 1 April 2019 using the modified retrospective.

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group recognises right-of-use asset (ROU) representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right-of-use (ROU) assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

Group as a lessee

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The discount rate is generally based on the incremental borrowing rate calculated as the weighted average rate specific to the portfolio of leases with similar characteristics."

The Group recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the re-measurement in statement of profit and loss.

The Group may elect not to apply the requirements of Ind AS 116 to leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Group as a lessor

Lease rentals under operating lease are recognised as income on a straight-line basis over the lease term. In case the payments to the lessor are structured to increase in line with the general expected inflation to compensate for the lessor's expected inflationary cost increases, then straight lining of operating lease rentals is not required.

(k) Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an assets or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is

(All amounts in Rupees million, except per share amounts unless stated otherwise)

determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses of continuing operations are recognised in the Statement of Profit and Loss.

(l) Provisions

General

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingencies

Provision in respect of litigation relating to claims assessment, fines, penalties, etc. are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably. Such provisions are not discounted to their present value and are determined based on management's estimation of the obligation required to settle the obligation at Balance Sheet date. These are reviewed at Balance Sheet date and adjusted to reflect management's current estimates.

(m) Retirement and other employee benefits

(a) Short-term employee benefits

Short term employee benefits are recognised in the year at undiscounted amount of benefits expected to be paid in exchange of related services.

(b) Post-employment obligations

Defined contribution plan

Provident fund and employees' state insurance schemes

All employees of the Group are entitled to receive benefits under the provident fund, which is a defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate of the employees' basic salary. These contributions are made to the fund administered and managed by the Government of India.

The Group recognises contribution payable to both these schemes as an expense, when an employee renders the related service. The Group has no further obligations under these plans beyond its monthly contributions.

Defined benefit plan

Gratuity

The Group provides for gratuity obligations through a defined benefit retirement plan (the 'Gratuity Plan') covering all employees. The gratuity plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee salary and years of employment with the Group. The Group provides for the gratuity plan based on actuarial valuations in accordance with Ind AS 19 'Employee Benefits'. The cost of providing benefits under the defined benefit plan is determined using the Projected Unit Credit Method.

Re-measurements, comprising of actuarial gains and losses, the effect of changes in the asset ceiling (excluding amounts included in net interest on the net defined benefit liability) is recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Re-measurements are recognised in OCI and are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

(i) The date of the plan amendment or curtailment, and

(ii) The date that the Group recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss:

(All amounts in Rupees million, except per share amounts unless stated otherwise)

(i) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and

(ii) Net interest expense or income

Other long term employee benefit obligations

Compensated absences

The Group has provided for the liability at year end on account of unavailed earned leave as per the actuarial valuation as per the Projected Unit Credit Method.

(n) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

a) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Investment in equity instruments at fair value through other comprehensive income ('FVTOCI')

On initial recognition, the Group can make an irrevocable election to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the instruments.

A financial assets is held for trading if

- It has been acquired principally for the purpose of selling it in the near term; or
- On initial recognition it is part of the portfolio of identified financial instruments that the Group has to swap with Companies shares.

Financial assets at fair value through profit or loss (FVTPL)

Investment in equity instruments are classified as at FVTPL, unless the Group irrevocably elects on initial recognition to present subsequent change in fair value in other comprehensive income for investments in equity instruments.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss.

b) Classification of Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

(i) Debt instruments at amortised cost

(ii) Debt instruments at fair value through other comprehensive income (FVTOCI)

(iii) Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)

(iv) Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

(i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows. and

(ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate ('EIR') method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

De-recognition

A financial asset (or where applicable a part of a financial asset or part of a Group of similar financial assets) is primarily de-recognised (i.e. removed from the Group's Balance Sheet) when:

(All amounts in Rupees million, except per share amounts unless stated otherwise)

(i) The contractual rights to receive cash flows from the asset have expired, or

(ii) The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss ('ECL') model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

(i) Financial assets that are debt instruments are measured at amortised cost e.g., deposits, trade receivables.

(ii) Lease receivables

(iii) Trade receivables or any contractual right to receive cash or another financial asset.

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

(i) Trade receivables or contract revenue receivables; and

(ii) All lease receivables resulting from transactions

The application of simplified approach does not require the Group to track changes in credit risk.

Receivables are stated net of provision for doubtful debts.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings.

Classification and Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

This category generally applies to borrowings. For more information refer Note 12.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Preference shares

The Group had issued Non-Cumulative Non-Convertible Redeemable Preference Shares (RPS) in multiple tranches. Each Non-

(All amounts in Rupees million, except per share amounts unless stated otherwise)

Cumulative Non-Convertible Redeemable Preference Share carry non-cumulative preferential dividend @ 0.01% p.a. RPS are redeemable upon the completion of ten years from the respective date of issue at the issue price (face value including issue premium) along with redemption premium per annum. Further, any variation (extension or reduction) in the tenure is subject to the mutual agreement of both parties and extension shall not exceed twenty years from the respective date of issue.

RPS that are treated as financial liability in accordance with the requirements of Ind AS 32, are initially recognised at fair value and subsequently measured at amortised cost using effective interest rate method (EIR), considering premium on redemption.

Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above as they are considered an integral part of the Group's cash management.

(o) Inventories

Inventories are valued at the lower of cost and net realisable value. Cost of inventory comprises all cost of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and other cost incurred in bringing the inventories to their respective present location and condition.

(p) Earnings per share

The earnings considered in ascertaining the Group's Earnings per Share ('EPS') comprise the net profit/ (loss) for the year. The number of shares used in computing basic EPS is the weighted average number of equity shares outstanding during the year. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving basic earnings per share and also the weighted average number of shares, if any which would have been used in the conversion of all dilutive potential equity shares.

(q) Segment reporting

The Group's primary operating business is organised and managed according to the nature of services which is managed services. The analysis of geographical segment is based on the area in which the Group operates.

Chief operating decision maker of the company is Executive Committee of the Company, along with Board of Directors, who review the financials of the group.

24 Earnings/(loss) Per Share (EPS)

Basic EPS amounts are calculated by dividing the profit/(loss) for the year attributable to equity shareholders of the Group by the weighted average number of equity shares outstanding during the year.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

Diluted EPS amounts are calculated by dividing the profit/(loss) for the year attributable to the equity shareholders of the Group by weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the loss and share data used in the basic and diluted EPS computations:

25) Significant accounting judgements, estimates and assumptions

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Property, plant and equipment

The useful lives, residual values and depreciation method of PPE are reviewed, and adjusted appropriately at-least as at each reporting date so as to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from these assets. Refer note 2(f) and note 3 for the estimated useful life and carrying value of property, plant and equipment respectively.

Impairment of non-financial assets

The carrying amounts of the Group's non-financial assets are reviewed for impairment at each Balance Sheet date if there is any indication of impairment based on internal and external factors. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit (CGU) is the greater of the assets value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset.

An impairment loss is recognised wherever the carrying amount of an asset or CGU exceeds its estimated recoverable amount and are recognised in Statement of Profit and Loss. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

Impairment losses recognised in previous period are assessed at each Balance Sheet date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have

(All amounts in Rupees million, except per share amounts unless stated otherwise)

been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Going Concern

Based on the revised business model after demerger of telecom business, the Group is confident that it would be able to arrange funds for long term and operations.

In view of above, these financial statements have been prepared using the going concern assumption. Refer Note 1(b) for detailed disclosure on going concern assumption of the Group.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Defined benefit plans (gratuity) and compensated absences

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation and leave encashment are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity and compensated absences obligations are given in Note 29.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk, volatility and discount rates. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 12 and 26 for further disclosures.

As per Ind AS 109, the RPS have been recorded at fair value. The differential amount (i.e. difference between the transaction price and the fair value) has been considered as other equity. For determination of fair value, the discount rate has been calculated based on risk free rate along with adjustment for credit spread and illiquidity premium.

Provision for contingencies

The Group provide for the contingencies when it has a present obligation as a result of past event, it is more likely than not that an outflow of resources will be required to settle the obligation as described in Note 13 in respect of which a reliable estimate can be made. Provision for contingencies are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates (also refer note 30).

26 Fair values

The carrying value of the Company's financial instruments by categories by as follows:

	Measured at amortised Cost*	
	As at 31 March 2022	**As at 31 March 2021**
Financial assets		
At Amortised cost

Trade payables	827	842
Sundry creditors for capital goods	7	7
Total	**221,707**	**196,052**

*The carrying value of above financial assets and financial liabilities approximate its fair value.

Fair values

The management assessed that the fair values of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Group determines fair values of financial assets and financial liabilities by discounting contractual cash inflows / outflows using prevailing interest rates of financial instruments with similar terms. The initial measurement of financial assets and financial liabilities is at fair value. Further, the subsequent measurement of all financial assets and financial liabilities is at amortised cost, using the effective interest method.

Discount rates used in determining fair value

The interest rate used to discount estimated future cash flows, where applicable, are based on the incremental borrowing rate of the borrower which in case of financial liabilities is the weighted average cost of borrowings of the Group and in case of financial assets is the average market rate of similar credit rated instrument.

Fair value of financial assets and financial liabilities is the amount that would be received to sell an asset or paid to transfer a liability in orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows based on the lowest level input that is significant to the fair value measurement as whole:

Level 1: quoted (unadjusted) prices in active market for identical assets and liabilities.

Level 2: valuation techniques for which the lowest level of input that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3: valuation techniques for which the lowest level of input that has a significant effect on the fair value measurement is not based on observable market data.

The following table provides the fair value measurement hierarchy of the Group's assets and liabilities.

			Fair value	
	Carrying Value	**Level 1**	**Level 2**	**Level 3**
At 31 March 2022				
Financial assets	1,928	-	-	-
Financial liability	2,21,707	-	-	-
At 31 March 2021				
Financial assets	2,005	-	-	-
Financial liability	1,96,052	-	-	-

There have been no transfers between Level 1 and Level 2 during the year.

27 Capital management

The objective of the Group's capital management structure is to ensure that there remains sufficient liquidity within the Group to carry out business. The Group monitors the long term cash flow requirements of the business in order to assess the requirement for changes to the capital structure to meet that objective and to maintain flexibility.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

The Group manages its capital structure and makes adjustments to it, in light of changes to economic conditions. To maintain or adjust the capital structure, the Group may return capital, issue new shares for cash, repay debt, put in place new debt facilities as appropriate.

No changes were made in the objectives, policies or processes during the year ended 31 March 2022.

The Group has Rs Nil borrowings as at 31 March 2022 (2021: Rs Nil). Undrawn borrowing available as at 31 March 2022 is Rs 1,300 (2021: Rs 1,300).

28 Derivative instruments

The Group has not taken any derivative instruments during the current year / previous year.

29 Employee Benefits:

Defined Benefit Plans

Gratuity:

The employee's gratuity fund scheme managed by the Group is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using Projected Unit Credit Method (PUC). The plan liability is the actuarial present value of the projected accrued benefits as of the beginning and end of the period for active members.

Changes in the defined benefit obligation and fair value of plan assets as at 31 March 2022:

	Gratuity cost charged to profit or loss					Remeasurement gains/(losses) in other comprehensive income						
	01-Apr-20	Service cost	Net interest expense	Sub-total included in profit or loss (Note 20)	Benefits paid	Return on plan assets (excluding amounts included in net interest expense)	Actuarial changes arising from changes in demographic assumptions	Actuarial changes arising from changes in financial assumptions	Experience adjustments	Sub-total included in OCI	Contributions by employer	31-Mar-21
Defined benefit obligation	(4)	(1)	(0)	(1)	1	-	0	0	(0)	0	-	(4)
Benefit liability	**(4)**			**(1)**						**0**	**-**	**(4)**

Changes in the defined benefit obligation and fair value of plan assets as at 31 March 2021:

	Gratuity cost charged to profit or loss					**Remeasurement gains/(losses) in other comprehensive income**						
	01-Apr-19	**Service cost**	**Net interest expense**	**Sub-total included in profit or loss (Note 20)**	**Benefits paid**	**Return on plan assets (excluding amounts included in net interest expense)**	**Actuarial changes arising from changes in demographic assumptions**	**Actuarial changes arising from changes in financial assumptions**	**Experience adjustments**	**Sub-total included in OCI**	**Contributions by employer**	**31-Mar-20**
Defined benefit obligation	(4)	(1)	(0)	(1)	1	-	0	0	(0)	(0)	-	(4)
Benefit liability	**(4)**			**(1)**						**(0)**	**0**	**(4)**

The principal assumptions used in determining gratuity for the Group's plans are shown below:

Particulars	**31 March 2022**	**31 March 2021**
Discounting rate	7.2%	6.8%
Future salary increase	5.0%	5.0%
Retirement age (years)	60	60
Mortality table	100% of IALM (2012 - 14)	
Ages	**Withdrawal Rate (%)**	
Up to 30 years	-	10
From 31 to 44 years	8	37
Above 44 years	4	12

The discount rate is generally based upon the market yields available on government bonds at the accounting date with a term that matches the liabilities and the salary growth rate takes account of inflation, seniority, promotion and other relevant factors on long term basis.

A quantitative sensitivity analysis for significant assumption as at 31 March 2022 is as shown below:

Assumptions	**Discount rate**	**Future salary increases**

(All amounts in Rupees million, except per share amounts unless stated otherwise)

Sensitivity level	0.5% increase	0.5% decrease	0.5% increase	0.5% decrease
Impact on defined obligation (refer note 38)	0	0	0	0

A quantitative sensitivity analysis for significant assumption as at 31 March 2021 is as shown below:

Assumptions	Discount rate		Future salary increases	
Sensitivity level	0.5% increase	0.5% decrease	0.5% increase	0.5% decrease
Impact on defined obligation (refer note 36)	0	0	0	0

The sensitivity analysis above has been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

Other long-term employee benefits

Compensated absences:

Compensated absences expense recognised in salaries, wages and bonus for the year ended 31 March 2022 and 31 March 2021 are as follows:

Particulars	31 March 2022	31 March 2021
Current service cost	2	2
Interest cost	1	1
Actuarial (gain) / loss	1	(7)
Net Cost	**4**	**(4)**

Based on the discussion with consultants/advisors, the management reasonably expect that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Company's operations or financial condition. As a result, the Company is not carrying provisions on pending cases in the books of account.

a) Provident fund

In view of recent Hon'ble Supreme Court of India Judgement, in the case of "Regional Provident Fund Commissioner (II) Vs Vivekananda Vidyamandir, West Bengal in relation to non-exclusion of certain allowance from the definition of "Wages" of the relevant employees for the purpose of determining contribution to provident fund under the Employees Provident Fund & Miscellaneous provision Act, 1952, the Group has obtained legal opinion in the matter. In terms of legal opinion, there are various interpretational issues and thus the Group is in the process of evaluating the impact.

Other Disputed matters not included above.

b) License fee and Spectrum Usage charges Matter (AGR)

During earlier years, the Department of Telecommunication ('DoT') had raised demands for payment of license fees, spectrum usages charges ("SUC") and interest (interest on principal and interest on penalty)/penalty thereon for various financial years on account of difference in interpretation of Adjusted Gross Revenue ("AGR") and other assessment related matters. The Group had contested these demands by filing petition/s with the Hon'ble TDSAT. In its Order dated 23 April 2015, the Hon'ble TDSAT set aside all the demands under dispute and directed to the DoT to rework demands for the license fees and SUC payable by the Group in light of the findings, observations and directions made in the Order. The DoT had approached the Hon'ble Supreme court against the order of Hon'ble TDSAT.

On 24 October 2019, the Hon'ble Supreme Court of India delivered a judgement in relation to a long outstanding industry-wide case upholding the view of the DoT in respect of the definition of AGR ('AGR Judgement').

Pursuance to the SCHEME, DoT letter dated 20 October 2017 approving SCHEME, the AGR liability upto Rs. 2,214 for 21 licenses quashed in 2012 and complete AGR liability for 9 operating circles has been transferred to RCOM under the SCHEME.

As per details filed by DoT on 23 July 2019 to court, the demand of Rs. 3,019 on the Group, includes AGR liability related to 9 operating circles transferred to ('RCOM') as well as liability for 21 licenses Quashed in 2012. The Group has already informed DoT that the directions given by the Supreme Court in the Judgment dated 24 October 2019 are binding on RCOM and therefore DoT should recover the AGR dues from RCOM in terms of its own approval of SCHEME.

The Group had outstanding bank guarantees of Rs 4,508 as on date of approval with DoT as per licenses conditions. The Group has already filed the petition in Court to return these bank guarantees and the matter is under litigation. The said guarantee of Rs. 4,508 given by the Company has been disclosed as a contingent liability.

On 7 April 2022, DoT has filed an affidavit to Hon'ble Supreme Court in compliance of Court Judgment. In affidavit, DoT has produced a table wherein DoT has reiterated / confirmed the amount of total dues of RCOM including SSTL's due as well.

The Group strongly believes supported by the legal opinions that, the Group has transferred AGR liabilities of Rs. 2214 to RCOM in terms of DoT's own approval of SCHEME. The AGR dues liability transferred as per SCHEME cannot be enforced against the Group and only RCOM is liable to pay such AGR liability to DoT by operation of law.

During earlier years, the Group had recognized provision of liabilities of Rs 863 and the Group expects no additional financial liability in this matter.

c) One Time Spectrum charges ('OTSC')

During 2014-15, DoT issued Show Cause Notice of Rs 6,369 towards One Time Spectrum Charges to the Group for continuation of its services, post cancellation of its 21 telecom licenses, from 2 February 2012 till closure of services in 13 service areas and till last valid date of the licenses in 8 service areas where the Group secured spectrum in the auction conducted by the DoT in March 2013 and new licenses. The Group has submitted its reply to the DoT on 6 January 2015. Subsequently, the DoT has issued a demand notice dated 22 September 2016 of Rs 6,369 and interest thereon of Rs 1,836. The Group has filed a petition in Hon'ble TDSAT. While matter was pending with Hon'ble TDSAT, the DoT, vide its letter dated 14 February 2017, revised its demand to Rs 5,849 (excluding interest) and interest thereon of Rs 3,416 and further revised the demand, vide its letter dated 13 June 2017, to Rs 5,849 and interest thereon of Rs 3,699. TDSAT vide its final order dated 10 May 2018 has allowed petition of the Group and directed DoT to issue revised demand as per Order. Based on above order, DoT has revised its demand to Rs. 1,078 and the same has been paid by Group.

DoT has filed Appeal before Hon'ble Supreme Court against TDSAT judgment. Appeal is pending in Hon'ble Supreme Court.

d) Liquidated Damages ('LD')

The Group received a Show Cause Notice ('SCN') dated 17 June 2016 issued by DoT for Liquidated Damages ('LD') in respect of non-fulfillment of roll out obligations of GSM spectrum of Rajasthan Circle. The Group has filed its detailed response dated 1 July 2016 to the SCN with DOT. Since there are no separate roll-out obligations under the UASL and the GSM spectrum granted to the Group was an additional spectrum granted under the existing UASL and does not entail any new roll-out obligations other than as explicitly stated in the UASL. The DoT served a demand vide its letter dated 25 November 2016 of Rs 140. The Group has filed a petition in Hon'ble TDSAT to challenge the demand.

Further, the Group received the demand notices from DoT of Rs 653 in 2010/2011 for LD for non-fulfillment of roll out obligations under the License and the Group has paid (paid under protest) amount of Rs. 594 against the said demand notes. TDSAT vide its order dated 13 January 2012 ordered the quashing of above demands and directed the DoT to re-compute fresh demands based on the directions given in the Order. As of reporting date, the matter is pending before Hon'ble Supreme Court of India. During the year 2016-17, the Group has received the revised demand notices of Rs. 791 from DoT in respect of LD for non-fulfillment of roll out obligations under the License based on above judgement but without considering the procedural delay in various approvals.

Based on its assessment, the Group does not foresee any further liability. During the previous financial year 2017-18 the Group has transferred the liability for above dispute of Rs. 247 to RCOM as per SCHEME.

e) Claims from IP (Infrastructure provider) Vendors

i. Certain passive infrastructure vendors ('the Vendors') raised claims amounting to Rs 1,868 (2021 – 1,868) and interest thereon due to premature termination of the respective service contracts by the Company as a result of discontinuation of operations in the thirteen telecom circles in pursuance of the Order issued by the Hon'ble Supreme Court of India related to cancellation of the Group's Telecom Licenses. These Vendors served notices invoking the dispute resolution mechanism as per the respective service contracts and the matters were referred to the Arbitral Tribunals for adjudication. The Arbitral Tribunals decided the matters in favor of the Group rejecting the claims for premature termination (exit charges) of service contracts. The vendors subsequently filed appeals before the Hon'ble Delhi High Court challenging the orders passed by the Arbitral Tribunals. These appeals are pending before the Hon'ble High Court.

During the financial year 2017-18 the Group has transferred the liability for above dispute to RCOM as per SCHEME.

ii. A passive infrastructure vendor ('the Vendor') raised claims amounting to Rs 1,287 (2021 – 1,287) and interest thereon due from the Group as on the date of transfer of its telecom undertaking to RCOM under the SCHEME. The vendor served notices invoking the dispute resolution mechanism as per the respective master service contracts and the dispute was referred to the Arbitral Tribunals for adjudication, by Delhi High Court. As of now, the claims are pending adjudication before the Arbitral Tribunals. SSTL has opposed the amounts claimed inter-alia on the ground that with the scheme of arrangement coming into force, all liabilities of the transferred undertaking including the subject claims stands transferred to/vested in RCOM by operation of Law.

Terms and conditions of transactions with related parties

The services provided and received from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free (except for loans and redeemable preference share) and settlement occurs in cash.

** The remuneration to the KMP does not include the provisions made for gratuity, compensated absences as they are determined on an actuarial basis for the Group as a whole. Performance link incentive is included in KMP remuneration only when amount became due for payment on fulfilling certain conditions.

INSITEL Services Private Limited (fellow subsidiary of the Group) has given the security to the bank for issuance of Bank Guarantee of Rs. 2,387 (2021: Rs. 1,917)

PJSFC Sistema, holding company, has given corporate guarantee of Rs. 1,750 to certain lenders for non fund facilities availed by the Group.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

32 Financial risk management objectives and policies

The Group's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the group's operations. The Group's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and price risk. Financial instruments affected by market risk include, interest bearing loans and borrowings and fixed deposits.

The sensitivity analysis has been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and the proportion of financial instruments are all constant.

The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held as on reporting date.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

As the Group has no significant interest-bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates, which are included in interest bearing loans and borrowings in these financial statements.

Fair value sensitivity analysis for fixed rate instruments

The Group does not have any fixed rate financial assets and liabilities at fair value through profit and loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss and neither would it affect the equity.

Foreign currency risk

The Indian Rupee is the Group's most significant currency. As a consequence, the Group's results are presented in Indian Rupee and exposures are managed against Indian Rupee accordingly. Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency). The year end foreign currency exposures that have not been hedged are Rs Nil (USD Nil) [31 March 2021: Rs 2 (USD .03 Mn)]. The Group has not entered into any derivative arrangements during the year.

The following table demonstrates the sensitivity in the USD to the functional currency of the Group, with all other variable held constant. The impact on the Group's net loss is due to changes in the fair value of monetary assets and liabilities.

Particulars	**Effect on loss before tax (increase)/ decrease**
For the year ended 31 March 2022	
INR appreciates 5% against USD	-
INR depreciates 5% against USD	-
For the year ended 31 March 2021	
INR appreciates 5% against USD	(0.11)
INR depreciates 5% against USD	0.11

(b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments. Credit risk is managed by Group's established policy, procedures and control relating to customer credit risk management.

(All amounts in Rupees million, except per share amounts unless stated otherwise)

Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Group uses expected credit loss model to assess the impairment loss.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

(c) Liquidity risk

The Group monitors its risk of a shortage of funds using a liquidity planning tool.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of short term and long-term loans and borrowings. The Group manages liquidity risk by maintaining adequate reserves, banking facilities, and reserve borrowing facilities, by continuously forecast and actual cash flows, and by matching the maturity profile of financial assets and liabilities.

The following are the contractual maturities of the financial liabilities, including estimated interest payments as at 31 March 2022:

33 Income taxes

Deferred tax

The Group has incurred losses during the year and earlier years. Since it is not probable that taxable profit will be available against which the temporary difference can be utilised, the Group has not recognised any deferred tax assets resulting from the carried forward tax losses and unabsorbed depreciation. Further, no deferred tax liabilities on amount recognised directly in equity and other temporary timing differences have been recognised as it would be set off against these deferred tax assets.

34 Impact of COVID-19 (Global pandemic)

The Group has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables, intangibles, investments and other assets. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the Group has used internal and external sources of information. The Group has reviewed the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered. The impact of COVID-19 on the Group's financial statements may differ from that estimated as at the date of approval of these financial statements and the Group will continue to closely monitor any material changes to future economic conditions.

35 Event after the reporting period

Events after the reporting period are those events, favourable and unfavourable, that occur between the end of the reporting period and the date when the financial statements are authorized for issue. There are no significant event to be reported.

The Group in its board of Director meeting dated 19 April 2022 has amended the terms of the RPS agreement. As per the revised term of the agreement, the parties have mutually decided to extend the redemption period by 5 years (currently from 10 years to 15 years) with no redemption premium shall accrue or be payable for the extension period (i.e. 5 years).

36 Social security code

The code on Social security, 2020 ('Code') relating to employee benefits during the employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. The Ministry of Labour and Employment ('Ministry') has released draft rules for the Code on 13 November 2020 and has invited suggestions from stakeholders which are under active consideration by the Ministry. However, the date on which the Code will come into effect has not been notified. The Group will assess the impact of the Code when it comes into effect and will record any related impact in the period in which the Code become effective.

43) Recent accounting developments

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from 01 April 2022. MCA issued notifications dated 24 March 2021 to amend Schedule III to the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. These amendments are applicable to the Company for the financial year starting 01 April 2021.

44) Impact of Russia Ukraine Crisis

On 13 April 2022, one of the ultimate beneficiary owners of the holding Company, Mr. Vladimir Evtushenkov (the "UBO") has been subjected to sanctions which was imposed by the UK Government. The UBO is not having both direct and indirect controls on the holding Company (SISTEMA). The management has assessed that the sanction to the UBO is personal and therefore do not apply to the Company.

In view of the above the Company believe that there is no impact of sanctions on the Group.

45) No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries") with the understanding that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries). The Company has not received any fund from any party(s) (Funding Party) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

6. Members whose email address are not registered can register the same in the following manner:

   (i) Members holding share(s) in physical mode can register their e-mail addresses on the Kfintech website at https://karisma.kfintech.com/emailreg by providing the requisite details of their holdings and documents for registering their e-mail address. Post successful registration of the email address, the shareholder would get soft copy of the notice and the procedure for e-voting along with the User ID and Password to enable e-voting for this AGM. In case of any queries, shareholder may write to einward.ris@kfintech.com & evoting@kfintech.com or contact Mr. Hanumantha Rao Patri of KFin Technologies Limited at 040-67162222 or at 1800345 4001 (Toll Free);

   (ii) Members holding share(s) in electronic mode are requested to register / update their e-mail address with their respective Depository Participants "DPs" for receiving all communications from the Company electronically.

7. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.

8. Since the AGM will be held through VC/ OAVM facility, the route map, proxy form and attendance slip are not annexed in this Notice.

9. In case of joint holders attending the Meeting, the joint holder who is highest in the order of names will be entitled to vote at the Meeting.

10. Members holding shares in physical form are requested to furnish bank details, e-mail address, change of address etc. to the Company's Registrar & Share Transfer Agents: KFin Technologies Limited, Selenium Tower B, Plot Nos. 31-32, Financial District, Nanakramguda, Serilingampally Mandal, Hyderabad 500 032, so as to reach them latest by Tuesday, September 20, 2022, in order to take note of the same. In respect of members holding shares in electronic mode, the details as would be furnished by the Depositories as at the close of the aforesaid date will be considered by the Company. Hence, Members holding shares in demat mode should update their records at the earliest.

11. Instructions for attending the AGM through VC/ OAVM are as under:

    a) Members will be provided with a facility to attend the AGM through video conferencing platform provided by Kfintech. Members may access the same at https://evoting.kfintech.com/ by using the remote e-voting credentials. The said credentials will be sent to the registered email ID by Kfintech. The link for AGM will be available after login, where the EVENT and the name of the company can be selected. Please note that the members who do not have the User ID and Password for e-Voting or have forgotten the User ID and Password may retrieve the same by following the remote e-Voting instructions mentioned in the notice.

    b) Facility of joining the AGM through VC / OAVM shall open 15 minutes before the time scheduled for the AGM and Members who may like to express their views or ask questions during the AGM may register themselves as Speaker by clicking on the "speaker Registration" after logging at https://emeetings.kfintech.com by using e-voting login credentials 48 hours before start of the AGM. Facility of joining AGM may be closed on expiry of 15 minutes from the schedule time of the AGM. Only those Members who register themselves as Speaker will be allowed to express views/ask questions during the AGM. The Company reserves the right to restrict the number of questions and number of speakers, as appropriate for smooth conduct of the AGM.

    c) Members who would like to express their views/ask questions during the meeting may log into https:// evoting.kfintech.com/ and click on "AGM Questions" and post their queries/views/questions in the window provided by mentioning the name, demat account number/folio number, email id and mobile number. The "AGM Questions" window shall be activated during the remote e-voting period and shall be closed 24 hours before the AGM.

    d) Facility of joining the AGM through VC / OAVM shall be available for 1000 members on first come first served basis. However, the participation of members holding 2% or more shares, promoters, and Institutional Investors, directors, key managerial personnel, chairpersons of Audit Committee, Stakeholders Relationship Committee, Nomination and Remuneration Committee and Auditors are not restricted on first come first serve basis.

    e) Members who need technical assistance before or during the AGM, can contact with Mr. Hanumantha Rao Patri of Kfintech at einward.ris@kfintech.com & evoting@kfintech.com or call at 040- 67162222 or at 1800 345 4001 (Toll Free).

    f) Members are encouraged to join the Meeting through Laptops for better experience. Further Members will be required to use Internet with a good speed to avoid any disturbance during the meeting. Please note that Members connecting from Mobile Devices or Tablets or through Laptop connecting via Mobile Hotspot may experience Audio/Video loss due to fluctuation in their respective network. It is therefore recommended to use stable Wi-Fi or LAN connection to mitigate any kind of aforesaid glitches.

INSTRUCTIONS FOR E-VOTING/REMOTE E-VOTING :

12 Pursuant to Section 108 of the Companies Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended from time to time and Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, the Members are provided with the facility to cast their vote electronically, through the e-Voting services provided by KFintech on all the resolutions set forth in this Notice. ANNEXURE TO NOTICE

EXPLANATORY STATEMENT UNDER SECTION 102 OF THE COMPANIES ACT, 2013

Item No. 3

Pursuant to the recommendation of the Nomination, Remuneration and Compensation (NRC) Committee, the Board of Directors ("the Board") appointed Ms. Preeti Singh as an Additional Director (designated as Non-Executive Independent Director) w.e.f. 20 April, 2022 under Sections 161 and 149 of the Companies Act, 2013 ("the Act").

In terms of Section 161(1) of the Act, an Additional Director shall hold office upto the date of next Annual General Meeting. Considering her knowledge, skills and experience, the Board of Directors, has recommended/approved the appointment of Ms. Preeti Singh as an Independent Director of the Company for a term of five consecutive years from 20 April, 2022 to 19 April, 2027 on such terms and conditions determined/ to be determined by the Board.

The Company has received a notice in writing pursuant to Section 160 of the Act from a Member proposing her candidature for the appointment as an Independent Director of the Company. The Company has received consent in writing from her to act as Director of the Company and a declaration that she is not disqualified to act as Director under Section 164(2) of the Act and meet the criteria of independence as provided in Section 149(6) of the Act In the opinion of the Board, Ms. Preeti Singh fulfils the conditions specified in the Act and she is independent of the management. The Board recommends the Resolution set out at Item No. 3 of the Notice for the approval of the members as a Special Resolution.

The brief profile, specific areas of her expertise and other information, is provided at the end of the notice. The terms and conditions of appointment of Director would be available for electronic inspection between 11.00 A.M. and 1.00 P.M. (IST) on all working day of the Company, except holiday, upto the date of 27th Annual General Meeting. Members seeking to inspect such document can send an E-mail to cssstl@sistema.co.in.

None of the directors and key managerial personnel or their relatives are interested financially or otherwise in the resolution as set out in item no. 3 of this notice.

Item No. 4

Mrs. Neera Sharma (DIN: 00975300) was re-appointed as CEO (Whole-Time Director) of the Company w.e.f. November 01, 2020 till October 31, 2022 pursuant to the approval of the Shareholder accorded in the Annual General Meeting held on September 08, 2020. As the term of her appointment will expire on October 31, 2022, the Board of Directors in its meeting held on August 12, 2022, approved the re-appointed of Mrs. Neera Sharma as CEO (Whole-Time Director) of the Company for a further period of two years i.e. from November 1, 2022 to October 31, 2024. Further, at the same meeting, the Board also approved the remuneration / terms and conditions for her re-appointment as Whole-time Director (CEO). The terms and conditions as set out in the resolution given under item no.4 were also approved by the Nomination & Remuneration Committee at its meeting held on August 12, 2022, subject to the approval of Shareholders in General Meeting.

She started her career in 1997 as a Senior Executive-Legal with DCM Group and thereafter worked with HFCL Infotel Ltd., HCL Comnet Ltd., Idea Cellular Ltd., and Emaar MGF Land Pvt. Ltd. before joining Dishnet Wireless Ltd. in 2007.

The remuneration payable to the appointee by the Company is given in the resolution, which is quite reasonable and also acceptable to the appointee keeping in view the comparative remuneration profile in similar industry in India.

Mrs. Neera Sharma has no pecuniary relationship with the Company and no relationship with its managerial personnel, either directly / indirectly. Mrs. Neera Sharma also does not hold any shares in the Company as a shareholder.

General and Other Information including Company Business and Growth Plan

After exit from the telecom business, SSTL has been engaged, inter alia, in providing managed services in form of System Integration Services in Information Communication Technology domain ("ICT Domain"). In this regard, SSTL has been successful in forging partnerships with major OEMs in the ICT Domain. In its pursuit of becoming a successful system integrator, SSTL has been continuously making efforts for tying up with multiple OEMs to rollout the different level of projects in Government/ PSUs sector.

The Company is also providing Shared services in areas of finance, tax, risk, budgeting, legal, secretarial and IT services to its group companies based in India and Singapore

However, there are still lot of legal and regulatory uncertainties and issues which need to be looked into both strategically and operationally on a day-to-today basis. This necessitates very close monitoring of the legal and regulatory environment, which are very crucial and sensitive areas for the future development of the Company. Keeping this in view, it was thought fit to re-appoint Mrs. Neera Sharma as a CEO (Whole-Time Director) of the Company for a further period of two years. This will help in continued streamlined reporting to the Board as well as expert guidance availability for the Board members for better clarity and for taking strategic decisions on a timely basis. In view of the above, it became indispensable to re-appoint Mrs. Neera Sharma as the CEO of the Company.

As Mrs. Neera Sharma is having enormous experience and expertise in field of Legal function, therefore, it was deemed proper to re-appoint her as CEO of the Company. Mrs. Neera Sharma has a wealth of operational experience, legal acumen and inspirational leadership needed to provide direction to the Company on legal / regulatory matters. Accordingly, the Board of Directors, keeping in view the current business profile of the Company and the number and sensitivity of pending legal cases, and further based on the recommendation of the Nomination and Remuneration Committee (meeting dated August 12, 2022), the Board at its Meeting held on August 12, 2022 approved the re-appointment of Mrs. Neera Sharma as CEO (Whole Time Director) of the Company for a further period of two (2) years starting from November 1, 2022, subject to the approval of shareholders by way of a special resolution in the Annual General Meeting.

Foreign Investment in Company

As on date, SISTEMA Joint Stock Financial Corporation (SISTEMA JSFC), of Russia, as a strategic investor in the business of the Company, holds 75.62% of the aggregate paid up equity share capital of the Company.

The Board of Directors believes that the Company shall be certainly benefited by the immense and versatile experience of Mrs. Sharma in legal field.

Mrs. Neera Sharma does not have any pecuniary relationship directly/ indirectly with the Company. Further, Mrs. Sharma is not related to any Key Managerial Personnel.

Your Directors recommend passing of the resolution as a special resolution.

None of the Directors, Key Managerial Personnel or their relatives, except Mrs. Sharma to whom the resolution relates, is concerned or interested in the proposed resolution.

Item No. 5

At the 26th Annual General Meeting (AGM) of the Company held on 16th September 2021, the members of the Company had accorded their approval for payment of statutory audit fees of the Rs.18,00,000/- (Rupees eighteen lakhs only) plus reimbursement of out of pocket expenses and applicable taxes to the Statutory Auditors of the Company, namely, M/s. Deloitte Haskins & Sells LLP, Chartered Accountants, for the financial year 2021- 22.

Considering the amount of time spent and nature of expertise offered by the Statutory Auditors, the Audit Committee, at its meeting held on August 25, 2022, had recommended to increase the statutory audit fee for the financial year 2021-22 from INR 18,00,000/- to INR 28,00,000 i.e. an increase of INR 10,00,000/- (Rupees Ten Lakhs only) in the statutory audit fee for the financial year 2021-22. The Board of Directors at its meeting held on 25.08.2022 accepted the aforesaid recommendation of Audit Committee subject to the approval by the members of the Company.

Accordingly, the Board, based on the recommendation of the Audit Committee, unanimously, recommends the ordinary resolution as set out in item no. 5 of this notice.

None of the directors and key managerial personnel or their relatives are interested financially or otherwise in the resolution as set out in item no. 5 of this notice.
