Statement pursuant to Section 102(1) of the Companies Act, 2013 (“Act”)

The following Explanatory Statements set out all material facts relating to Item Nos. 6 to 10 mentioned in the accompanying Notice.

Item No. 6

At the 61st Annual General Meeting of the Company held on 29th September, 2020, the Members had approved the re-appointment of Mr. Priyabrata Panda (DIN:07048273) as Managing Director of the Company for a period of three years, commencing from 4th April, 2020 to 3rd April, 2023 on the terms and conditions as set out in the Explanatory Statement annexed to the Notice of the said Annual General Meeting. The Members at the said Annual General Meeting had inter alia approved, salary in the scale of ₹ 5,50,000/- to ₹ 7,00,000/- per month with the authority of the Board to decide an annual increment effective from 1st April every year.

Mr. Panda's service has been extended further from 4th April 2023 to 30th April 2024 at the Board meeting held on 17th March, 2023 and his next increment is due with effect from 1st April 2023. In order to accommodate the increased basic pay per month from 1st April 2023 to 3rd April 2023, the Board of Directors of the Company, at their meeting held on 27th July, 2023, considering his present salary, and based on the recommendation of the Nomination and Remuneration Committee, decided to revise the upper limit of ₹ 7,00,000/- per month in the present salary scale of Mr. Panda, (i.e ₹ 5,50,000/- to ₹ 7,00,000/- per month) to ₹ 7,70,000/- per month.

The other terms and conditions of Mr. Panda's re-appointment as the Managing Director as enumerated in Resolution No. 6 passed at the 61st Annual General Meeting of the Company held on 29th September, 2020 and the Explanatory Statement thereto remain the same.

Pursuant to the provisions of Section 196, 197 and any other applicable provisions, if any, of the Companies Act, 2013 (“the Act”) and the Rules made thereunder, as amended from time to time, read with Schedule V of the Act, the approval of the Members is sought with respect to the above revision in terms of remuneration of Mr. Panda i.e. the approval of salary scale of ₹ 5,50,000/- to ₹ 7,70,000/- per month, vide a Special Resolution as set out in Item No. 6 of the Notice.

Except Mr. Priyabrata Panda, none of the Directors and key managerial personnel of the Company or their relatives are concerned or interested in the Resolution at Item No. 6 of the Notice.

The Board recommends the Resolution mentioned at Item No. 6 of the Notice for approval of the Members.

Item No. 7

Mr. Priyabrata Panda (DIN:07048273), was appointed as Managing Director of the Company from 1st January 2015 to 31st December 2017. He was subsequently reappointed as Managing Director up to 3rd April, 2020. He was further reappointed as Managing Director up to 3rd April, 2023. The Nomination & Remuneration Committee in their meeting held on 17th March 2023, recommended to the Board for his re-appointment as Managing Director of the Company for another period from 04.04.2023 to 30.04.2024. Accordingly, the Board of Directors of the Company, at their meeting held on 17th March, 2023, has re-appointed Mr. Priyabrata Panda as Managing Director of the Company for the period from 4th April 2023 to 30th April 2024 with following terms and conditions, subject to the approval of the Shareholders.

The main terms and conditions relating to the re-appointment of Mr. Priyabrata Panda as the Managing Director are as follows:

- (1) **Period:** 4th April, 2023 to 30th April, 2024.
- (2) **Nature of Duties:** Mr. Priyabrata Panda shall devote his whole time and attention to the business of the Company and carry out such duties as may be entrusted to him by the Board from time to time and separately communicated to him and exercise such powers as may be assigned to him, subject to superintendence, control and directions of the Board in connection with and in the best interests of the business of the Company and the business of any one or more of its associated companies and / or subsidiaries, including performing duties as assigned by the Board from time to time by serving on the boards of such associated companies and / or subsidiaries or any other executive body or any committee of such a Company.
- (3) **Remuneration:**
 - (i) Salary: ₹ 7,70,000/- (Rupees Seven Lakh Seventy Thousand only) per month, with authority to the Board which expression shall include a Committee thereof, to fix his basic salary from time to time within the maximum of ₹ 10,00,000/- (Rupees Ten Lakh only) per month. The annual increments will be merit based and take into account the Company's performance; such increment shall fall due on 1st April of every succeeding year.

OR

Such remuneration by way of commission, in addition to salary and perquisites, calculated with reference to the net profits of the Company for each financial year, subject to the overall ceiling stipulated in section 197 of the Companies Act, 2013 and also such limit as may be decided by the Board of Directors of the Company at the end of each such financial year.

These amounts (if any) will be paid after the Annual Financial Statements of the Company have been approved by the Board and adopted by the Shareholders in Annual General Meeting.

- (iii) **Long Term Incentive Plan:** Deferred cash-based incentive scheme as approved by the Board
- (iv) **Perquisites and Allowances:**

In addition to the salary and Commission / Performance Linked Remuneration, the Managing Director shall also be entitled to perquisites like accommodation (furnished or otherwise) or house rent allowance in lieu thereof; house maintenance allowance, together with reimbursement of expenses or allowances for utilities such as gas, electricity, water, furnishings, repairs, servant's salaries, society charges and property tax, medical reimbursement for self and family, medical/accident insurance, leave travel concession for self and his family, club fees and such other perquisites and allowances in accordance with the rules of the Company or as may be agreed to by the Board or Committee thereof and the Managing Director, such perquisites and allowances to be restricted to an overall limit of 140% of the annual salary of the Managing Director.

Provided that—

- (a) for the purpose of calculating the above ceiling, perquisites and allowances shall be evaluated as per the Income-tax Rules, wherever applicable. In the absence of any such Rules, perquisites and allowances shall be evaluated at actual cost.
- (b) provision for use of the Company's car for official duties and telephone at residence (including payment for local calls and

long-distance official calls) shall not be included in the computation of perquisites and allowances for the purpose of calculating the said ceiling; and

(c) Company's contribution to Provident Fund and Superannuation Fund or Annuity Fund and Gratuity payable as per the rules of the Company and encashment of leave at the end of the tenure shall not be included in the computation of the said ceiling.

(v) Minimum Remuneration:

Notwithstanding anything to the contrary herein contained, where in any financial year during the tenure of Mr. Panda, the Company has no profits or inadequate profits, the Company will pay him remuneration by way of salary, performance linked remuneration, perquisites and allowances, Long-Term Incentive as approved by the Board.

(4) Other terms of appointment:

- (a) The Managing Director, so long as he functions as such, undertakes not to become interested or otherwise concerned, directly or through his spouse and/or children, in any selling agency of the Company.
- (b) The terms and conditions of the re-appointment of the Managing Director and/or this agreement may be altered and varied from time to time by the Board as it may, in its discretion deem fit, irrespective of the limits stipulated under Schedule V to the Act or any amendments made hereafter in this regard in such manner as may be agreed to between the Board and the Managing Director, subject to such approvals as may be required.
- (c) The appointment may be terminated earlier, without any cause, by either party by giving to the other party six months' notice of such termination or the Company paying six months' remuneration, which shall be limited to provision of Salary, Benefits, Perquisites, Allowances and any pro-rated Incentive Remuneration (paid at the discretion of the Board), in lieu of such notice.
- (d) The employment of the Managing Director may be terminated by the Company without notice or payment in lieu of notice:
 - (i) if the Managing Director is found guilty of any gross negligence, default or misconduct in connection with or affecting the business of the Company or any subsidiary or associated Company to which he is required by the Agreement to render services; or
 - (ii) in the event of any serious or repeated or continuing breach (after prior warning) or non-observance by the Managing Director of any of the stipulations contained in the Agreement; or
 - (iii) in the event the Board expresses its loss of confidence in the Managing Director.
- (e) In the event the Managing Director is not in a position to discharge his official duties due to any physical or mental incapacity, the Board shall be entitled to terminate his contract on such terms as the Board may consider appropriate in the circumstances.
- (f) Upon the termination by whatever means of Managing Director's employment under the Agreement:
 - (i) He shall immediately cease to hold offices held by him in any holding Company, subsidiaries or associate companies without claim for compensation for loss of office by virtue of Section 167(1)(h) of the Act and shall resign as trustee of any trusts connected with the Company.
 - (ii) He shall not, without the consent of the Board at any time thereafter represent himself as connected with the Company or any of its subsidiaries and associated companies.
- (g) All Personnel Policies of the Company and the related rules which are applicable to other employees of the Company shall also be applicable to the Managing Director unless specifically provided otherwise.
- (h) If and when the agreement expires or is terminated for any reason whatsoever, Mr. Panda will cease to be the Managing Director and also cease to be a Director of the Company. If at any time, the Managing Director ceases to be a Director of the Company for any reason whatsoever, he shall cease to be the Managing Director and the Agreement shall forthwith terminate. If at any time, the Managing Director ceases to be in the employment of the Company for any reason whatsoever, he shall cease to be a Director and Managing Director of the Company.
- (i) The terms and conditions of re-appointment of Managing Director also include clauses pertaining to adherence to the Company's Code of Conduct, protection and use of intellectual property, non-competition, non-solicitation post termination of agreement and maintenance of confidentiality.

None of the Directors and Key Managerial Personnel of the Company or their respective relatives, except Mr. Priyabrata Panda to whom the resolutions relate, are concerned or interested in the resolutions mentioned at Item No. 7 of the Notice.

In compliance with the provisions of Sections 196, 197 and other applicable provisions of the Act, read with Schedule V to the Act, the approval of the Members is sought for the re-appointment and terms of remuneration of Mr. Priyabrata Panda as Managing Director as set out above.

Item No. 8

Based on the recommendation of the Nomination and Remuneration Committee, the Board, in its meeting held on 19th September, 2022, has appointed Mr. Chaitanya Bhanu (DIN: 09733430) as an Additional Director of the Company with effect from 20th September, 2022 to hold office up to the date of ensuing Annual General Meeting in terms of Section 161(1) of the Companies Act, 2013 (the "Act") and Article 97 of the Articles of Association of the Company.

Accordingly, Mr. Chaitanya Bhanu (DIN: 09733430) is proposed to be appointed as a Non-Executive Director, liable to retire by rotation, in the ensuing Annual General Meeting pursuant to the provisions of Sections 149, 152, 160 and other applicable provisions of the Companies Act, 2013 (the "Act") and Article 91 of the Articles of Association of the Company.

The Company has received from Mr. Chaitanya Bhanu (i) Consent in writing to act as Director in Form DIR-2 pursuant to Rule 8 of Companies (Appointment & Qualification of Directors) Rules 2014, (ii) Intimation in Form DIR-8 in terms of Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that he is not disqualified under Section 164 (2) of Act and (iii) other disclosures as applicable.

Mr. Chaitanya Bhanu, aged about 52 years, is working as Vice President, Steel Manufacturing at Tata Steel Limited. He is responsible for the steel manufacturing operations at Jamshedpur comprising of Flat and Long Products and downstream flat rolling operations near Mumbai.

He joined Tata Steel as a Graduate Trainee in 1992 after graduating with Honors degree in Metallurgical Engineering from IIT (BHU),

Varanasi. He later obtained a post graduate degree in Materials & Metallurgical Engineering from IIT, Kanpur in 1997. In 2019, he was nominated by Tata Steel for the General Management Program (GMP) at CEDEP in Fontainebleau, France. Since 1992 he has worked in different capacities in functions like Technology, R&D, Steelmaking & Hot Rolling Operations, as well as Human Resources at Tata Steel. In his long career with Tata Steel, he has held senior positions of GM Operations in Kalinganagar and that of Principal Executive officer, where he was heading the office of CEO & MD. He has played an active role in the improvement of performance levels in steelmaking and casting operations in Tata Steel for last two decades. He has been recipient of Essar Gold Medal of IloM for his contribution to Secondary Metallurgy in the year 2009.

Economic Environment

Global Economy during the year 2022 was impacted by Global fight against inflation, Russia's war in Ukraine, and resurgence of COVID-19 in China. The impact of first two factors is expected to continue even in 2023. However, despite these adverse impacts, GDP was surprisingly strong in the third quarter of 2022 in many economies, including United States and developing economies. Domestic consumption and greater fiscal support have helped in improving the demand and GDP. Business investments rose to meet the demand. Similarly on the supply side, easing bottlenecks and declining transportation costs have reduced pressure on input prices and helped to rebound the economy. Energy markets have adjusted from the shock of Russia's invasion of Ukraine much faster than expected. But, in the fourth quarter of 2022, this growth in GDP has faded in most of the major economies. Economic activity in China slowed in the fourth quarter due to COVID-19 outbreaks. China's slowdown has reduced global trade growth and international commodity prices. However, US growth remains stronger in the fourth

quarter with consumers continuing to spend, unemployment near historic lows with many job opportunities. Overall, it appears that Global Economy is poised for a gradual recovery from the powerful blows of pandemic and war.

Escalation of the war in Ukraine remains still a major source of vulnerability, particularly for Europe and lower-income countries. International sanctions, aimed at pressuring Russia to end hostilities, are splitting the world economy into blocs, and reinforcing geopolitical tensions, such as those associated with the US-China trade dispute. Fragmentation could intensify with more restrictions on cross-border movements of capital, workers, international payments and could hamper multilateral cooperation on providing global public goods. The costs of such fragmentation are especially high in the short term, as replacing disrupted cross-border flows takes time.

Global headline (consumer price index) inflation appears to have peaked in the third quarter of 2022. Monetary policy tightening has started to cool demand and inflation and the central banks raised rates faster. This has resulted in declining of prices of fuel and nonfuel commodities, lowering headline inflation, particularly in the United States, Europe, and Latin America. As per International Monetary Fund (IMF), about 84 percent of countries are expected to have lower headline inflation in 2023 than 2022. Global inflation is set to fall from 8.7 percent in 2022 to 7 percent in 2023 and 4.9 percent in 2024. However, this is higher than pre-pandemic levels of average 3.5 per cent. In most of the economies, priority remains at achieving a sustained reduction in inflation towards

target levels. Financial markets are displaying high sensitivity to inflation, with equity markets rising on releases of lower inflation data with an anticipation of interest rate cuts.

Overall, financial stability risks remain elevated as investors reassess their inflation and monetary policy outlook, although global financial conditions have eased, and Global Economy poised for a gradual recovery from the powerful blows of pandemic and war.

Economic Outlook

As per the International Monetary Fund (IMF), global growth estimated at 3.4 percent in 2022, is projected to fall to 2.8 percent in 2023 before rising slowly to 3 percent in 2024. Global growth projected for 2023 and 2024 is below the historical (2000–19) annual average of 3.8 percent. Advanced economies especially are expected to see slowdown in growth, from 2.7 percent in 2022 to 1.3 percent in 2023. This outlook reflects the tight policy stances needed to bring down inflation, fallout from the recent deterioration in financial conditions, ongoing war in Ukraine, and growing geoeconomic fragmentation. This decline in growth in 2023 is driven by advanced economies. In the United States, growth is projected to fall from 2.0 percent in 2022 to 1.4 percent in 2023 and 1.0 percent in 2024. With growth rebounding in the second half of 2024, growth in 2024 will be faster than in 2023 on a fourth quarter over fourth quarter basis. Growth is expected to pick up in China with the full reopening in 2023. The expected pickup in 2024 reflects gradual recovery from the effects of the war in Ukraine and subsiding inflation. Globally headline inflation is set to fall from 8.7 percent in 2022 to 7.0 percent in 2023 on the back of lower commodity prices

but inflation is likely to decline more slowly. Inflation returning to its normal target levels is unlikely before 2025 in most economies. Once inflation rates are back to targets, central banks will likely reduce interest rates toward their pre-pandemic levels.

Despite the global slowdown, India's economic growth rate is stronger compared to many peer economies and reflects relatively robust domestic consumption and lesser dependence on global demand. As per Asian Development Bank (ADB), India's GDP growth is expected to be 6.8% in 2022 and the growth is expected to limit to 6.4% in 2023 before rising to 6.7% in 2024. The Government of India's strong infrastructure push, logistics development, and industrial corridor development will contribute significantly to raising industrial competitiveness and boosting future growth. The central government's commitment to significantly increase capital expenditure in FY2023, despite targeting a lower fiscal deficit of 5.9% of GDP, will also spur demand helped by recovery in tourism and other contact services. The services sector will grow strongly in FY2023 and FY2024 as the impact of COVID-19 wanes. However, manufacturing growth in FY2023 is expected to be tampered down by a weak global demand, but it will likely improve in FY2024 assuming moderation in oil and food prices, and inflationary pressures subside. In tandem, monetary policy in FY2023 is expected to be tighter as core inflation persists, while becoming more accommodative in FY2024. The current account deficit is projected to decline to 2.2% of GDP in FY2023 and 1.9% in FY2024. Growth in goods exports is forecast to moderate in FY2023 before improving in 2024.

Performance

The year 2022-23 has been once again a year of records for your Company, surpassing its own best performances achieved in earlier years. The Company has achieved highest ever revenue, Profit Before and After Taxes. On stand-alone basis, the revenue of the Company increased to ₹ 2299 Crores against ₹ 1924 Crores in the previous year; an increase of 19%. The export revenue of the Company increased to ₹ 322 Crores from ₹ 312 Crores in the previous year; an increase of 3%. On standalone basis, gross production during the year was 239126 MT against 240443 MT in the previous year; a decrease of 0.5% and sales volume was 305549 MT against 313077 MT in the previous year; a decrease of 2%.

Despite significant increase in prices of Coal and Furnace oil, continuous depreciation of Rupee against USD, which has impacted prices of imported raw materials, Profit Before Tax and Other Comprehensive Income for the year was ₹ 207 Crores against ₹ 133 Crores in the previous year; an increase of 56%.

Higher selling prices improved operational efficiencies, enhanced product performance, improved technical services, stabilisation of ocean freight charges, storage of raw materials at lower prices and higher cost reduction largely contributed to the improved performance of the Company.

Credit Ratings

ICRA has reaffirmed long-term rating [ICRA] AA (pronounced ICRA Double A) with stable outlook to term loan and fund based working capital facilities and A1+ (pronounced ICRA A One plus) to both non-fund based and short-term fund based working Capital limits of the Company.

Business Strategy

The demand for Steel in India is continuously increasing and it is expected that India will be one of the few countries with good demand for steel in the medium term. In line with the increase in demand for steel, refractories demand will also increase. The Company's strategy of becoming partner with customers by improving customers' service has started giving results. The Company has increased its customer service by continuously monitoring performance of refractories by its technical experts at customers' site and adopting best safety practices by its safety officers posted at important customers' sites. This has helped in improving customer satisfaction and as a result the Company has won several awards from its customers.

New capital investments made to improve the quality in Dolomite and Basic departments and increasing capacity in Tap Hole Clay department are also giving benefits. The improved quality is helping to get repeat orders with higher selling prices. Consolidation of steel industry is also helping the Company to increase its sales by focusing on few customers who accepts superior products than lowest prices thus competing only with superior product suppliers. The benefit of multi-pronged growth strategy, increased market share of focused products, higher selling prices, increase in revenues from international business, enhanced product performance, improved technical services, higher cost reduction has reflected in the performance results.

The strategy of the Company to supply small customers through stockiest is giving results and the revenue from stockiest sales has increased by 29%. Revenue from identified Focus Products has increased by 18%. Improved technical services at customer's site and improved product performance has helped in maintaining market share of 70% in Dolomite refractories. During the year, the Company has achieved delivery compliance of 100% for all its products.

The Company's newly commenced Alumina Graphite (AG) refractories products are giving good results and the product has been well accepted by the customers. Product trials of AG refractories is in progress at several customer's plants.

Associates

TRL Krosaki Asia Pte. Ltd. Singapore and Almora Magnesite Limited are two Associates of the Company. In accordance with Section 129(3) of the Companies Act, 2013, consolidated financial statements of the Company with all its associates have been prepared, which form part of the Annual Report. Further, the Report on the performance and financial position of each of the associate and salient features of the financial statement in the prescribed Form AOC-1 is given in notes to consolidated financial statements.

Management Discussion and Analysis

Management discussion and analysis given separately forms part of this Report "Annexure – F"

Safety, Health & Environment Management

Safe operations and implementation of Health, Safety and Environmental (HSE) initiatives remain at the core of all business activities for TRL Krosaki. While the Company continuously strives to achieve performance beyond the prescribed norms in the areas of Safety, Health and Environment, it seeks to manage its HSE outcomes through

employee motivation – leveraging both extrinsic and intrinsic motivations. The outcome of such approach has been phenomenal, and the results achieved in past three years bear the testimony to that. “Zero reportable accident”, “zero occupational disease”, “zero effluent discharge”, “reducing carbon footprint” are a few key success indicators.

Apart from being the first Refractories Company to be certified to the Integrated Management System (IMS) i.e. on ISO 9001 (Quality Management), ISO 14001 (Environment Management) and ISO 45001 (Occupational Health & Safety Management), TRL Krosaki is the first Refractories Company to get certified to the Social Accountability (SA8000) standard. These initiatives not only further strengthen the HSE systems and processes but also make the approaches and outcomes transparent and visible to all the stakeholders; thus building trust and confidence.

The HSE initiatives of the Company has been duly recognized both at the State and National Level during the year with a number of prestigious Awards and Recognitions.

Safety & Health Management

TRL Krosaki seeks to promote the health and well-being of its employees and sustain their ability to perform over the long term, which necessitates a safe workplace. The Company, therefore, constantly strives to create & maintain a “safe place to work” and all its endeavors are directed towards this. It has always been the constant endeavor of the Company to achieve its mission of achieving Zero Harm and follow the policy of Zero Tolerance in the matter of Safety.

TRL Krosaki is one among the best in the region / industry in terms of safety & health performance. During the current year, many focused initiatives were taken in the areas of safety & health. The key initiatives include year wise efforts on “Automation & Mechanization” to reduce man-machine interface, “Improvement of Workplace Ergonomics”, strengthening implementation of “Safety Standards”, strengthening the “Contractor Safety Management System”, focused “Audit of Critical Areas”, etc. Besides, employee's involvement and motivation has been achieved through defining ownership at all levels of employees, driving a robust reward & recognition scheme, and strictly reinforcing the robust Consequent Management Guidelines. All these helped the Company to continue to maintain its superior safety performance and zero accident frequency rate during the year is a testimony to that.

In line with the Company's objective of extending its “Safety Excellence Journey” beyond the factory premises to its Township and more importantly all Customer Sites, a number of focused initiatives were implemented at our key customer sites resulting in improved safety performance and many recognitions from the customers.

The focus on “Preventive Health Care” continues to be pursued across the Company. The key initiatives in this area include; extending the “Health Score Card System” for all officers, strict screening of new employees based on their prevailing health conditions. Initiatives taken in the area of occupational health include Pre-employment & Periodic health checkup, occupational health checkup, screening of employees engaged in high risk activities, health awareness

at the shopfloor, special health training sessions on stress & life style management, a well-defined job rotation policy to prevent long term exposure to air pollution by the employees etc.. During the year, 224 numbers of training programmes were conducted in the areas of occupational health, safety & environment for the employees & contractor workers. These initiatives have helped the Company to continuously achieve “Zero” case of Silicosis, a notified occupational disease not only during the current year but for more than past five years consecutively.

The Company's occupational health and safety initiatives and performances have been duly recognized at International, National & State levels over the years. During the year, the Company received the Greentech International EHS Award - 2023 in EHS Leadership Category (Winner), Confederation of Indian Industries (Eastern Region) SHE Excellence Award 2021-22 (1st Runners Up) & Confederation of Indian Industries (Odisha Chapter) SHE Excellence Awards 2021-22 (Winner). The Safety Management initiatives by the Company at different Customer Sites have also earned a number of laurels / recognitions from reputed Customers, such as, Tata Steel, JSW Steel, AMN Steel, etc.

Environment Management

At TRL Krosaki, Environment Management strategy is an integral part of overall Company business and operations. The Company being the first refractories Company in India to have a dedicated Environment Management function, it boasts of its “Zero Discharge” of wash / wastewater from its factory and best ever “Air Quality” level in the work zone areas.

The Company has made great strides in its Environment Management journey and strives to move towards cleaner operations and greener environment. During this year, the Company installed additional four numbers of Dust Extraction systems of volume 35,000 m³/hr. One additional CEMS installed to monitor SPM. Two numbers of IP cameras installed to monitor chimney emissions on real time basis. Its Environment Laboratory upgraded with modern testing equipment/facility in line with the ISO 17025 (NABL) requirements.

The Company is committed not only to comply with all the applicable statutory requirements but also to continually improve its environmental performance. Accordingly, focused initiatives are taken in the areas of air pollution control, water pollution control, wastewater management and recycling, energy and resource conservation, greenbelt development, development of environment friendly products and reduction of carbon footprint and bio-diversity. The environmental performances in these focused areas are measured, compared against targets, and improved.

In water pollution control, apart from the ETP & STP inside plant premises, one state of art Sewage Water Treatment Plant has been installed at our Colony to avoid the ground water contamination and 100 % reuse of the treated water from the STP for gardening purpose. The Company continues to achieve “Zero” discharge of effluent from its plant.

The Environment Laboratory of the Company is accredited with ISO 17025:2017 (NABL) for wastewater analysis. The Environment Laboratory is equipped with modern testing

equipment like Spectro Photometer, Ion meter, Double Distillation unit, Cyanide and Ammonia Distillation units, Conductivity meter, Turbidity meter, etc. for better accuracy of testing of Environmental parameters.

Developing and maintaining a Green Belt in and around the plant has been a priority for the Company and today, the greenbelt coverage stands at around 35% of the total land area, which is more than the statutory norm.

The Company's endeavor towards protecting the environment has been recognized at International / National / State Level forums. During the year, the Company won several coveted Environment Awards such as Greentech International EHS Award - 2023 in EHS Leadership Category (Winner), ICC Environment Excellence Award-2022 (Winner), Greentech Environment Gold Award-2022 (Winner) & Kalinga Environment Excellence Award 2021 (Winner).

Sustainability

TRL Krosaki recognizes the fact that driving sustainability agenda within the Company is much more than a mere responsibility. It's an opportunity to build a more sustainable business and a key differentiator to enhance relevancy and trust with organization stakeholders. Driven strategically, a Sustainability program creates valuable impact within the organization, the community and for the planet for years to come.

Accordingly, the Company, as a part of its environment sustainability drive, continued its focus on improving performance in environment management, energy conservation, recycling, and reuse of wastes, reducing freshwater consumption etc. during the year. The Company also explored and used appropriate technology, materials, and equipment to facilitate the same.

The Company's Carbon Footprint reduction program drives improvement in efficiencies of various initiatives, viz; best ever performance was recorded during the year in the areas of specific energy consumption, recycling & reuse of used products, reduction in freshwater consumption etc. With all these initiatives complimented with greenbelt development drive, the Company could continue to reduce its overall carbon footprint year on year.

Corporate Social Responsibility (CSR) Initiatives

Fostering inclusive growth is central to TRL Krosaki's agenda of sustainable business model. The Company acknowledges the fact that, the social, economic and cultural development of the community, where it operates, is a prerequisite for peaceful coexistence and sustainable growth. Therefore, the Company strives to secure and promote the socio-economic interests of these remotely located sections of the society.

The Company's vision of societal upliftment follows a systematic approach that delivers beyond regulatory requirements. The Company's approach emphasises partnership with intended beneficiaries and local government authorities for collective selection and execution of CSR programmes. Under the guidance of the 'Corporate Social Responsibility Committee' constituted at the Board level, Company's Corporate Social Responsibility Initiatives run through initiatives on Education, Health Care, Drinking Water and Sanitation, Sustainable Livelihood, Infrastructure

Development, Environment Protection, promoting Ethnicity and Sports. These continue to be the focus areas for the Company for driving its CSR initiatives.

During the year, the Company continued to identify and successfully implement meaningful programmes in its focused areas. New initiatives, such as, promoting use of renewable energy by way of setting up Solar Powered Mini Irrigation Projects, focused health initiatives for senior citizens, programs on empowerment of adolescent girls etc. were introduced, which were much appreciated.

The CSR initiatives undertaken by TRL Krosaki has received due recognition as the Company bagged the Prestigious 'Golden Peacock CSR Award' in Large Enterprise Category at the national level for the Year 2021 during the last financial year.

The CSR Policy and initiatives on CSR taken by the Company during the year as per the Companies (Corporate Social Responsibility Policy), Rules, 2014 has been annexed to this report as 'Annexure – A'.

The Company's CSR Policy is displayed in the Company's website <https://www.trlkrosaki.com/en/about-us/corporate-governance/policies> which can be accessed by anyone at any point of time.

The Company spent ₹ 221.39 Lakhs towards its CSR initiatives during the year.

Industrial Relations

Current year is yet again a remarkable year showcasing cordial and collaborative Industrial Relations at all units and branches. The annual Bonus agreement was signed amicably between Union and Management and paid a highest ever Bonus. Regular connect with workmen at all levels through proactive efforts to listen and resolve their grievances, conducting focused trainings for their health and wellbeing and ensuring shopfloor connect has resulted in all time high morale, cooperation and support from the Union and workmen.

The HR&IR team conducted a drive and reached to all workmen to ensure that the records pertaining to Provident Fund and Pension matters are prepared properly. A dedicated team was deployed to ensure that all records were verified and updated internally as well as in EPFO office. This effort was lauded by all workmen, especially those who had retired recently or are retiring in next 3-5 years.

In addition, special programmes of financial planning for workers were conducted to help them prepare their financial planning after retirement. With continued support and collaboration with the Union, the absenteeism rates in the plant are at a negligible level. Several employees have been counselled and trained, thereby increasing the overall productivity in the shop floor. Beside these, quality of life of workmen was continuously reviewed to demonstrate the Company's comprehensive commitment towards improving Quality of Life of our workforce.

Corporate Governance

Corporate Governance practices followed by the Company are given in separate section which forms integral part of this Report "Annexure – G".

Annual Return

The copy of Annual Return (Annexure-B) is placed in Company's website : <https://www.trlkrosaki.com/en/about-us/investors/annual-returns>.

Vigil Mechanism

The Company is committed to conduct all aspects of its business affairs in a fair and transparent manner by adopting highest standards of professionalism, honesty, integrity, and ethical behaviour with due compliance to all applicable legal requirements. Towards this, the Company follows a set of Vigil Mechanism policies which lay down the principles and standards that should govern the actions of the Company, its stake holders, and its employees. These policies also provide a formal mechanism for all the Directors, employees, and vendors to approach the Ethics Counsellor or Chairman of the Audit Committee and make protective disclosures about the unethical behaviour, actual or suspected fraud or violation of any policies. Any actual or potential violation is treated as a matter of serious concern by the Company and appropriate action is initiated.

The Vigil Mechanism consists of four policies 1. TRL Krosaki Code of Conduct 2. Whistle Blower Policy for Directors and Employees 3. Anti-Bribery and Anti-Corruption (ABAC) policy 4. Conflict of Interest policy. These policies encourage every employee to promptly report to the management any actual or possible violation of the Code or any event wherein he or she becomes aware of that, which could affect the business or reputation of the Company. These policies provide protection to vendors from victimization or unfair trade practice by the Company and provides protection to the whistle blowers from any retaliatory action. While the Whistle blower policy encourages Whistle blowers to make protected disclosures in good faith, it also forbids raising concerns with malicious intent.

The Company also has a policy of conducting online test wherein questions are asked randomly, and employees are required to score at least 80% of marks to be eligible to confirm that they have understood the policies. The number of employees passed in the online test is being reported to the Audit Committee.

Internal Control System

The Board of Directors is responsible for ensuring that Internal Financial Controls (IFC) have been laid down and implemented in the Company and that such controls are adequate and effective. The foundation of IFC lies in the code of conduct, policies and procedures adopted by the management, corporate strategies, annual business planning process, management review and the risk management framework.

The Company has an IFC framework commensurate with the size, scale, and complexity of its operations. The framework has been designed to provide reasonable assurance with respect to recording and providing reliable financial and operational information, complying with applicable laws, safeguarding assets from unauthorized use, executing transaction with proper authorization, and ensuring compliance with the corporate policies. Divisional heads are responsible to ensure compliance with these policies and

procedures. The controls were tested based on the prevailing conditions and processes during the year and no reportable material weakness in the design or effectiveness was observed. The framework on internal financial controls over financial reporting has been reviewed by internal and external auditors during the year.

The Company uses various proven and trustworthy IT platforms to keep the internal control framework robust and approved information management policy governs these IT platforms. During the year, to further strengthen controls, segregation of duties (SOD) of different users of the Company was reviewed and created process-wise roles which will improve to eliminate conflicts in segregation of duties. The systems, standard operating procedures and controls are implemented by the executive leadership team and reviewed by internal audit team, whose finding and recommendations are placed before the Audit Committee.

The scope and authority of Internal Auditors is defined in Internal Audit Charter. To maintain its objectivity and independence, the Internal Auditors report to the Audit Committee. Internal Auditors develop an annual audit plan based on the risk profile of the business activities. The Internal Audit plan is approved by the Audit Committee, which also reviews compliance to the plan.

The Internal Auditors monitor and evaluate the efficacy and adequacy of internal control systems in the Company. Based on the Report of the Internal Auditors, process owners undertake necessary preventive and corrective actions in their respective areas which help in strengthening the controls further. Significant audit observations and corrective controls thereon are presented to the Audit Committee and this process ensures strengthening of various controls.

The Audit Committee reviews the reports submitted by the Internal Auditors in its meetings. Besides, the Audit Committee conducts an independent session with the external auditors and the management to discuss the adequacy and effectiveness of internal control system.

Directors' Responsibility Statement

Based on the framework of internal financial controls established and maintained by the Company, work performed by the Internal, Statutory and Secretarial Auditors and external agencies, including Audit of internal financial controls over financial reporting by the Statutory Auditors and the review performed by the Management and the relevant Board Committees, including the Audit Committee, the Board is of the opinion that the Company's internal financial controls were adequate and effective during the financial year 2022-23.

Accordingly, pursuant to Section 134(5) of the Companies Act, 2013, the Board of Directors to the best of their knowledge and ability confirms:

- (a) that in the preparation of annual accounts, the applicable accounting standards have been followed along with proper explanations relating to material departures;
- (b) that directors had selected such accounting policies and applied them consistently, and made judgments and estimates, that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of Financial Year, and of the profit and loss of

the Company for that period;

- (c) that the directors had taken proper and sufficient for the maintenance of adequate accounting records, in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (d) that the directors had prepared the annual accounts on a going concern basis;
- (e) that the directors had devised proper system to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively;
- (f) that the directors had laid down proper internal financial controls and that such internal financial controls are adequate and were operating effectively.

Risk Management

The Company has developed and implemented a risk management policy with an objective to develop a risk intelligent culture that supports decision making and to help improving performance for a long-term business sustainability. Although the Company is not mandatorily required to constitute the risk management committee, the Company, as a mark of good corporate governance initiative, has proactively constituted a risk management committee consisting of the Managing Director and Senior Executives of the Company.

The Company's risk management process focuses on timely identification and analysis of the risks associated with the business and operating environment and addresses the same

suitably to eliminate or mitigate the risk. Cohesion between all risks and control functions (Risk, Finance Control, Compliance, IT Security and Health & Safety) continues to be a priority to support an integrated assurance process.

To strengthen the process of identifying and mitigating both external and internal risks, the Company has engaged an external consultant. The consultant has helped to develop a robust 5 step Enterprise Risk Management (ERM) process to address the risks associated with the business. Further, the 5-step risk management process aims at developing a “Risk intelligent culture” within the Company to encourage risk informed business decision-making as well as resilience to adverse environment and to create awareness of opportunities in order to enhance the long-term stakeholder value.

During the current year, the Company, in order to further strengthen the culture of identifying risks at the lowest possible employee level, conducted several workshops to identify the risks afresh. This has helped in identifying the smallest possible risk and these risks were reviewed and due diligence were conducted on new risks. The new risks identified along with its mitigation plan was presented to the Audit Committee and accordingly risk mitigation actions are being taken.

**SECRETARIAL AUDIT REPORT
For The Financial Year Ended 31st March, 2023**

To
The Members,
TRL KROSAKI REFRACTORIES LIMITED
CIN-U26921OR1958PLC000349

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practice by TRL Krosaki Refractories Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2023 complied with the statutory provisions listed hereunder and also that the company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made there under;
- (ii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder.
- (iii) Foreign Exchange Management Act, 1999 and the Rules and Regulations made there under relating to Foreign Direct Investment or Overseas Direct Investment.
- (iv) Following other laws as are specifically applicable to the Company:
 - a. The Factories Act, 1948
 - b. The Employees Provident Fund & Miscellaneous Provisions Act, 1952
 - c. Industrial Disputes Act, 1947

Conservation of Energy, Technology Absorption

A. Conservation of Energy

(i) Steps taken or impact on conservation of energy

(a) Energy conservation measures taken:

- i. Modification of back up lining brick design from straight to tapered brick was done, resulting in lower rotary Kiln Shell temperature due to reduced heat losses.
- ii. Increased the secondary air temperature at combined hood by introducing a man-cooler duct in the rotary cooler. This has resulted in lower fuel consumption and lower discharge temperature of dolomite sinter.
- iii. Eliminated the pet coke fines shortage problem thus lowering specific fuel consumption in Rotary Kiln.
- iv. Rotary Kiln no.2 Cooler type shell replacement and gear reversal is done to eliminate possibility of breakdown.
- v. Improved the firing efficiency in Dolomite Tunnel Kiln no.3 by replacing with new design nozzles and regulating motor RPM at burners.
- vi. Power factor was maintained at more than 0.995.
- vii. In Silica tunnel Kiln the gas pipeline and burner were modified to eliminate fire incidents in the Kiln.

(b) Impact of above measures :

- i. Lowest ever specific consumption of oil of 119 Litres/MT of sinter is achieved in Dolomite rotary Kilns in 22-23.
- ii. Lowest ever specific coal consumption of 104 Kg/MT of production is achieved at Belpahar Plant.
- iii. Lowest ever specific energy consumption of 1.86 G Cal/MT is achieved at Belpahar works.

(ii) Capital investment on energy conservation equipment

New UPS installed in Rotary Kilns at the cost of ₹ 7.15 lakhs to control ESP temperatures and emergency power.

B. Technology absorption, adaptation and innovation:

(i) Efforts, in brief, made towards technology absorption, adaptation and innovations:

- Number of new products have been introduced in the product basket with in-house development as well as with technical know-how with Krosaki Harima Corporation, Japan.
- Improved Trough Castable (High corrosion resistance) for higher capacity blast furnace.
- A series of high performance castable for pellet plant application.
- Large PCPF block for BF Trough application (back-up) with improved design.
- Improved quality Direct bonded & semi-rebonded Magnesia-Chrome bricks for non-ferrous (Ausmelt Furnace) & ferrous application.
- Magnesia-Spinel-ZrO₂ bricks for RH Degasser application.
- Longer series MgO-C bricks for LD converter application.
- High performance CDQ bricks – Complete package (Mullite-SiC, Andalusite & Chamotte).
- High performance Long Purging--plug (Slot type Jet-plug).
- Improved quality Al-90 slide plates for higher performance (Maximum 9 Heats at Tata Steel Kalinganagar).
- Improved Quality Ladle Shroud & Mono Block Stopper.
- Longer series (>1000 mm) Burnt- dolomite bricks for higher performances in AOD vessel.

TRLK-Technology Division has published 18 nos. of technical papers in IRECON'22, ICRJ'22, Copper'22 (Chile), REFISS 4.0, and ICS'22.

TRL Krosaki is continuously working jointly with Customers (TSL-TISTRICK) & Raw material suppliers (ALMATIS, IMERYS, etc.) for performance improvement of existing products, new product development and introduction of new raw materials.

(ii) Benefits derived as a result of above efforts

Consistent and enhanced product performance and customer satisfaction.

(iii) In case of imported technology (imported during the five years reckoned from the beginning of the financial year) following information may be furnished:

Details of Technology	Year of Import	Whether technology fully absorbed	Status of Implementation
Manufacturing of AG Refractories - Krosaki Harima Corporation, Japan	2019-20	Yes	Commercialised

C. Research & Development

(i) Specific areas in which R&D work was carried out by the Company

New & improved product development, continuous improvement of product performance, redesigning of existing product, improvement for product consistency, use of recycle material & cost-effective recipe development. Major emphasis was given to the research in the field of iron making & steel making areas like Trough, Torpedo, Pellet Plant CDQ, Flow Control & CC, Steel Ladle, RH Degasser and BOF. In stainless steel & non-ferrous area also continuous research work has been carried out to improve the performance of Dolomite, DBMC & High Alumina/Monolithic Products.

(ii) Benefits delivered as a result of R&D Programmes

R&D activities have helped the company in reducing the input cost of raw materials through development of alternative cost-effective products. This has helped the company to replace competitors and remain competitive in the market.

(iii) Future plan of action

Company continues its effort on developing new and improved cost-effective, environment-friendly, and customized products through Marketing & Technical services to meet the future technological challenges and meet customers' demand. Technology will continue to work on reducing input costs.

(iv) Expenditure of R&D

(a) Capital	:	₹ 383.70 Lakhs
(b) Recurring	:	₹ 1,105.90 Lakhs
(c) Total	:	₹ 1,489.60 Lakhs
(d) Total R&D expenditure as a Percentage of total turnover	:	0.65%

D. Foreign Exchange Earnings & Outgo on Research & Development

Foreign Exchanged Earned	:	₹ 337.93 Crore
Foreign Exchange Used	:	₹ 579.11 Crore

MANAGEMENT DISCUSSION AND ANALYSIS

Industry Overview

Refractories are composite materials used in large volume in extreme, usually corrosive environments in equipment, such as, furnace lining, molten metal storage and tapping for high temperature materials processing and other applications in which thermo-chemical properties are of critical importance. Refractories are therefore facilitating or enabling materials and are essential to successful operations of any core industry in which high temperature applications are involved. About 70% of world refractories production is consumed by steel industry. In India steel industry consumes around 75% of refractories produced. Other significant consumers of refractories are copper, cement, lime, aluminum, glass, and chemical industries.

The steel industry is the major consumer of refractories. The growth of refractories industry is closely linked with the growth of iron and steel industry. India has become 2nd largest producer of crude steel in the world. India's estimated steel production in 2022-23 was 126 Mn. MT an increase of 6 Mn. MT from 120 Mn. MT in 2021-22. It is estimated that steel demand will continue to increase in India especially from construction, automotive and infrastructure sectors. Growth story of Indian Steel Industry is further supported by Government's thrust on infrastructure development which was announced in the Union Budget. Indian steel industry is expected to infuse fresh funds for raising capacity utilization. Steel industry in India is consolidating and the unused capacity of the industry is being utilized. It is estimated that the steel production in India will increase to 131 Mn. MT by 2023-24. As per Government of Odisha the steel production in the state only is expected to increase from the current installed capacity of 34 Mn. MT to 138 Mn. MT by 2030. This will increase the demand for refractories. Other major consuming industries like cement, copper and aluminium are also expected to grow in the next 5 years.

Performance Review

During the year, the Company recorded revenue of ₹ 2299 Crores (previous year ₹ 1924 Crores). Profit Before exceptional items and Tax stood at ₹ 207 Crores (previous year: ₹ 133 Crores); Profit Before Tax ₹ 207 Crores (previous year: ₹ 137 Crores) and Profit After Tax of ₹ 155 Crores (previous year: ₹ 103 Crores). The increase in profit before tax is primarily on account of improved realisations and higher volume of focused products.

Sl. No.	Item	2022-23 ₹ Crores	2021-22 ₹ Crores	Change (%)
1	Sale of Products and Services	2295	1921	19% ↑
2	Other Income	4	3	33% ↑
3	Total Income (1+2)	2299	1924	19% ↑
4	Manufacturing and other Expenses	2030	1741	17% ↑
5	Earnings before interest, Depreciation, Taxes	269	183	47% ↑
6	Exceptional Item	-	4	100% ↓
7	Other Comprehensive Income/(Loss)	-3	-1	200% ↑

10	Finance Cost	23	16	44% ↑
11	Profit Before Tax	207	137	51% ↑
12	Profit After Tax	155	103	50% ↑

Raw material consumption increased from ₹ 803 Crores in 2021-22 to ₹ 1002 Crores in current year primarily on account of increase in raw material prices. Employee benefit expenses increased from ₹ 141 Crores in 2021-22 to ₹ 162 Crores in current year primarily on account of salary revisions and its consequential impact on the retirement provisions. Depreciation increased from ₹ 34 Crores in 2021-22 to ₹ 39 Crores in current year primarily on account of increase in capitalization. Finance cost increased from ₹ 16 Crores in 2021-22 to ₹ 23 Crores in the current year primarily due to increase in rates consequent to the increase in repo rates by RBI and higher utilization of working capital facility following increase in business. Stores and Spares consumption increased from ₹ 33 Crores in 2021-22 to ₹ 40 Crores in current year primarily due to increase in prices. Repairs to Building increased from ₹ 16 Crores in 2021-22 to ₹ 26 Crores in current year primarily due to increase in repairs in township. Fuel consumption increased from ₹ 130 Crores in 2021-22 to ₹ 161 Crores in current year primarily due to increase in prices of furnace oil, coal, and pet coke. Conversion and processing charges increased from ₹ 32 Crores in 2021-22 to ₹ 37 Crores in the current year due to increase in prices. Freight and Handling charges decreased from ₹ 120 Crores in 2021-22 to ₹ 112 Crores in the current year primarily due to decrease in ocean freight. Royalty increased from ₹ 8 Crores in 2021-22 to ₹ 11 Crores in current year due to higher sale of royalty bearing products. Commission expenses increased from ₹ 10 Crores in 2021-22 to ₹ 12 Crores in current year primarily due to higher business through overseas agents. Allowance for credit losses/provision for doubtful advances has decreased from ₹ 11 Crores in 2021-22 to ₹ 4 Crores in current year primarily due to decrease in expected credit losses. Travelling expenses increased from ₹ 6 Crores in 2021-22 to ₹ 17 Crores in current year primarily due to increase in travelling in connection with international business. Insurance charges increased from ₹ 3 Cr. in 2021-22 to ₹ 4 Crores in current year due to increase in policy amount.

Customer Relationship

During the year, the Company has given unique solutions to satisfy the need of customers with focus on upgradation in design of refractories lining to improve performance, improvement of the equipment availability time and demonstrating best safety practices at customer sites.

The Company continues to capture in detail the voice of customers with the aim to provide customized solutions on pain points. At Tata Steel Kalinganagar Blast Furnace, Computational Fluid Dynamics modelling was done to come out with a customized design of lining and eliminate the problem of metal-slag emulsification. Through a focused approach on performance management, the Company has created benchmark in Torpedo Ladle car performance at Steel Authority of India Limited - Rourkela Steel Plant. This is an all-time highest performance of Refractories in a Torpedo Ladle Car in India. After successful execution of supplies and installation of Pellet plant at Bravo Sponge last year, the improvement of footprint in Pellet Plant kilns was made more prominent by executing the repeat order this year from this customer. The Company-maintained performance superiority in the Steel Melting Shops of Integrated Steel Mills like Tata Steel & JSW Steel. In the Stainless-Steel Industry, record performance of Dolomite refractories was achieved across different customers like Jindal Stainless Limited, Viraj Alloys Limited, and Rimjhim Ispat Limited. The Company stabilized the performance of Alumina Graphite Refractories from its newly commissioned plant at Belpahar with successful trials at Steel Authority of India and Arcelor Mittal Nippon Steel India.

The Company has given a prime focus on equipment availability time for customers and thus supported its customers on productivity enhancement. At both Tata Steel Jamshedpur & Kalinganagar, lime kiln relining job was executed in a record time. At JSW Steel Vijayanagar, Blast Furnace Trough revamping job was completed under a stringent schedule maintaining all safety practices and protocols. The Company completed the Converter relining at Tata Steel Kalinganagar in a record time. At Tata Steel NINL, Slide Gate commissioning was completed in a very short span of time.

The Company was recognized by many integrated steel mills for its efforts towards supply, services, and safety practices at site. The most notable ones are the award on "Supplier Partner of the Year – Materials" from Tata Steel Limited, "Best Safety practices" from JSW Steel Limited and "Best Supplier of Refractories" from Jindal Stainless Limited. As an initiative to raise Safety awareness at customer sites, the Company has initiated safety audits and workshops which was well appreciated by the customers. The Company continues to give focus towards improving its presence in Micro, Small & Medium Enterprises by enhancing the retail sales network across the country. This business from Channel Sales witnessed a growth of 30% over previous fiscal.

The Company believes that digitalization and smart refractories solutions are the key to success in near future and is preparing itself by introducing automation in site services, maintaining cloud-based data management and 360 Degree Customer Relationship Management.

International Business

When the World began to recover from the impact of pandemic in this fiscal and demands in market started improving, geopolitical tension between Russia and Ukraine changed the dynamics. Europe and CIS were worst impacted amongst all, and production cut, frequent operational stoppage and deferment of project was observed. Fuel crisis and production cut across various sectors reduced overall demand of refractories. Unprecedented Forex crisis at Bangladesh and Nigeria in FY 2022-23 reduced import of refractories in these markets. However, the Ocean freight costs witnessed steady decline which was favorable for export.

Despite above mentioned challenges across the globe, the Company remained focus towards continuous growth through sustainable business development in International Business. Strategies has been set to put more thrust on Technical Support Services, build customer relationship, increase customer base through Group companies in Europe, USA and Taiwan. To overcome uncertainty of project orders, focus has been made to increase business of consumables by maximizing customer base.

International Business registered a growth of 5% in FY 2022-2023 over 2021-22 and achieved ₹ 323 Cr. in revenue. Major business growth came from Middle East, Brazil & Zambia. Through successful conversion of various trials and maintaining Share of Business at major customers the Company crossed ₹ 50 Cr. revenue from Middle East market for the first time. One of the major focused products DBMC (Direct Bonded Magnesia Chrome) bricks registered a revenue growth of 20% in 2022-23 over 2021-22 through continuous market development activities and conversion of successful trials at Europe, Africa & Far East Asia. Business share of Dolomite bricks improved at Arcelor Mittal, Brasil and the Company secured bulk orders from this market. All major Freight contracts were successfully negotiated within budgeted freight cost which helped to improve bottom line and maintain sustainable business at Overseas market.

Borrowings and Liquidity

There is no change in borrowing for working capital in the current year and remained at same level of ₹ 183 Crores inspite of increase in business and repayment of term loan primarily due to increase in internal generation. Inventory of raw materials decreased from ₹ 291 Crores on 31st March 2022 to ₹ 287 Crores on 31st March 2023 primarily due to planned decrease in Chinese raw materials. Trade Receivables increased from ₹ 299 Crores on 31st March 2022 to ₹ 337 Crores on 31st March 2023 primarily due to increase in revenue. Other current assets decreased from ₹ 29 Crores on 31st March 2022 to ₹ 26 Crores on 31st March 2023 primarily due to decrease in advances with public bodies.

The average cost of borrowing has increased from 5.41% in 2021-22 to 6.36% in the current year mainly due to increase in interest rates consequent to increase repo rates by RBI.

Keeping in view the business plan of 2023-24, current gearing level and unutilized credit limits, the Company is comfortable of managing its liquidity over the short and medium term.

Human Resources

From its very inception, the Company is focused on improving the quality of life of its employees as well as its surrounding community. The Company has been a pioneer in employee welfare schemes in the industry and has always believed that human resources are the differentiating factor responsible for its growth and success over the years.

The workforce represents diversity, inclusiveness and collaboration with individuals coming together from across the country and abroad to form a very strong and collaborative team that has fueled record growth and success for the Company. Diversity and inclusiveness are the two key factors that enable us to innovate and lead technically in the refractory industry. During the current year, the Company became the first refractory Company to be SA-8000 certified in the entire world. This signifies the commitment of the Company towards welfare of its people.

The capability building efforts includes a range of trainings, conferences, seminars, employee connect, engagement, and on-the-job learning activities aligning with business priorities and focusing on improved employee general wellbeing.

This year, the Company has taken several new initiatives, primarily for the employee wellbeing-linked training programmes. Over 200 unique training programmes spread across multiple sessions were conducted with over 3000 training man-days. This excludes regular shop floor training and orientation programmes conducted within departments. The Company also evaluated the effectiveness of these programmes. Together these programmes garnered average feedback of 8.8 and effectiveness for selected programmes remained at 7.8 on a 10-point scale. Our focus on strengthening internal capabilities in learning and development has resulted in achieving 70% training programmes being conducted by internal subject matter experts and 30% of the programmes conducted by external experts.

Amongst the programmes delivered internally technical training remained the biggest contributor, showcasing our strength in refractories training in the industry. Technical programmes include training in Refractories and Metallurgy, Iron and Steel making, Alumina Graphite Refractories, Robotics in operations, Operators Skill Upgradation programmes for Workmen and function specific programmes for various divisions. Behavioral programmes represented a wide bouquet of Leadership trainings in IIMs and other institutions of repute. Over 22 national/international conferences and seminars, inhouse programmes on Emotional Intelligence, Personal Effectiveness & Team Building, Communication skills and corporate grooming of young officers and Workmen were conducted. The Company is also a pioneer in Safety, Health and Environment practices. This year the focus of training in these areas includes Carbon Footprint Management, Workplace Ergonomics, Safety in operations, Behavior Based Safety etc. and various Healthcare programmes for our employees and family members. This year the Company has also conducted mass training and awareness programmes in SA-8000 covering all employees including contractual workforce associated with the Company.

Besides capability building and engagement activities, the significant investment made in the infrastructure of the Company has resulted in ensuring our workforce is in safe working environment inside the plant and enjoys a world class living in its self-sustained modern township at Belpahar. With a unique approach of continuously improve the quality of life of its workforce, the Company has become the most preferred workplace in the industry. Its efforts in this line have not only been recognized internally but have also been lauded by stakeholders including customers, and industry associations.

CORPORATE GOVERNANCE REPORT FOR THE YEAR 2022-23

Company's Corporate Governance Philosophy

TRL Krosaki Refractories Limited is not a Listed Company. Hence, the Corporate Governance norms are not statutorily mandatory for the Company. However, your Company is committed to follow good corporate governance practices proactively. The Company emphasizes the need for full transparency and accountability of all its transactions to protect the interests of its stakeholders. The Board of Directors ("the Board") considers itself as a Trustee of its Shareholders and acknowledges its responsibilities towards them for creation and safeguarding their wealth. The Company believes that good corporate governance practices generate goodwill among business partners including customers, and investors, earn respect from society, bring about a consistent sustainable growth and profitability for the Company and ensure competitive returns for the investors. The Corporate Governance Philosophy has been strengthened with the implementation of Code of Conduct applicable to the Company, its directors, and its employees.

Board of Directors

The Board is at the core of corporate governance practices of the Company and oversees how the Management serves and protects the long-term interests of all the stakeholders. The Company believes that an active, well-informed, and independent Board is necessary to ensure the highest standards of corporate governance.

SIZE AND COMPOSITION OF THE BOARD

INDEPENDENT AUDITOR'S REPORT

To the Members of TRL Krosaki Refractories Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of TRL Krosaki Refractories Limited (the "Company") which comprise the standalone balance sheet as at 31 March 2023, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report(s) thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.

- f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.
- (B) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a. The Company has disclosed the impact of pending litigations as at 31 March 2023 on its financial position in its standalone financial statements - Refer Note 25 to the standalone financial statements.

- c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- d. (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 4 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 4 to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.
- As stated in Note 10 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.
- f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.
- (C) With respect to the matter to be included in the Auditor’s Report under Section 197(16) of the Act:
- In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on Standalone Financial Statements of TRL Krosaki Refractories Limited for the year ended 31 March 2023

(Referred to in paragraph (1) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of 3 years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent clearance of goods has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) and 3(iii)(b) of the Order are not applicable to the Company.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties. Further, the Company has not given any advances in the nature of loans to any party during the year.
- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- (iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.

- (v) According to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of the products manufactured by the Company and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete. The Company is not required to maintain the cost records under section 148(1) in respect of services rendered.
- (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have generally been regularly deposited with the appropriate authorities, though there have been slight delays in a few cases of Professional Tax, Provident Fund and Income-tax.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2023 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs, Duty of Excise, Sales tax, Value Added tax or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Annexure B to the Independent Auditor's report on the standalone financial statements of TRL Krosaki Refractories Limited for the year ended 31 March 2022

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2A(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of TRL Krosaki Refractories Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Note 24 ACCOUNTING POLICIES

1) Company Information

TRL Krosaki Refractories Limited ("the Company") is a public limited company incorporated in India with its registered office situated at Belpahar, Jharsuguda District, Odisha, India.

The Company is primarily engaged in the business of manufacturing of wide range of refractories like Basic, Dolomite, High Alumina, Monolithic, Silica, Flow Control, Tap Hole Clay, Alumina Graphite and providing refractories engineering and management services.

The financial statements as at 31 March 2023 present the financial position of the Company.

The functional and presentation currency of the Company is Indian Rupee (₹), which is the currency of the primary economic environment in which the Company operates.

As at 31 March 2023, Krosaki Harima Corporation owns 77.62% of the equity shares of the Company and has the ability to influence the Company's operations. Nippon Steel Corporation is having significant influence over the Krosaki Harima Corporation.

The financial statements for the year ended 31 March, 2023 were approved for issue in accordance with the resolution of the Board of Directors on 11 May, 2023.

2) Significant Accounting Policies

The significant accounting policies applied by the Company in the preparation of its financial statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these financial statements, unless otherwise indicated.

a) Statement of Compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, as amended from time to time and other relevant provisions of the Act.

b) Basis of Preparation

The financial statements have been prepared under the historical cost convention, with an exception of certain assets and liabilities that are required to be carried at fair value by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

c) Use of estimates and critical accounting judgements

In preparation of the financial statements, the Company makes judgments in application of the accounting policies and estimates and assumptions which affects the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, and future periods affected.

Significant judgements and estimates relate to the following:

- i. carrying values of assets and liabilities including useful lives of tangible and intangible assets;
- ii. provision for employee benefits and other provisions; and
- iii. commitments and contingencies and measurement of fair values.
- iv. valuation of deferred tax assets / liabilities

d) Impact of the Code on Social Security, 2020

The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the company towards Provident Fund and Gratuity. The Ministry of Labour and Employment had released draft rules for the Code on Social Security, 2020 on November 13, 2020, and invited suggestions from stakeholders which are under consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified. The Company will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

e) Property, plant and equipment

An item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss, as incurred. When a replacement occurs, the carrying amount of the replaced part is de-recognised.

Property, plant and equipment are stated at cost or deemed cost applied on transition to Ind AS, less accumulated depreciation and impairment if any. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised. Borrowing costs incurred during the period of construction is capitalised as a part of cost of the qualifying asset.

The gain or loss arising on disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying value of such item and is recognised in the statement of profit and loss.

Property, plant and equipment which are not ready for intended use as on the date of balance sheet are disclosed as "Capital Work-in-Progress".

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

f) Intangible assets

Cost incurred for development of mines and software are recognized in the balance sheet as intangible assets when it is probable that associated future economic benefits would flow to the company and its cost can be measured reliably. These are initially measured at purchase cost and then amortised on a straight line basis over their estimated useful lives. All other costs on development of mines and software are expensed in the statement of profit and loss as and when incurred.

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

g) Depreciation and amortisation of property, plant and equipment and intangible assets

Depreciation or amortisation is provided under the straight-line method, based on the estimated useful life, as determined by technical evaluation of the useful life of the assets, in terms of Schedule II to the Companies Act, 2013.

Assets individually costing up to ₹ 25,000 are fully depreciated in the year of acquisition.

Freehold Land is not depreciated.

The charge of depreciation or amortization commences from the date the assets are available for their intended use. Depreciation on assets under construction commences only when the assets are ready for their intended use. No further charge is provided in respect of assets that are fully written down but are still in use.

The estimated useful lives of assets and residual values are reviewed periodically and, adjusted if appropriate at the end of reporting period.

As the estimated useful life of some of the assets is significantly different from the useful life given in the Schedule II to Companies Act, 2013, the useful life of the assets has been assessed based on the number of years for which the assets have already been put to use and the estimated minimum balance period for which the assets can be used in the Company. The residual values are not more than 5% of the original cost of the asset.

The estimated useful lives for the main categories of property, plant and equipment and other intangible assets are:

SI No	Class of Assets	Estimated Useful Life (in years) as per Comapny's policy	Useful Life (in years) as per Schedule II of Companies Act, 2013
I	Buildings and Roads		
	Roads	10	10
	Factory Buildings and Reservoir	30	30
	Other Buildings (RCC Structure)	60	60
II	Plant and Machinery		
	Grinder	8 to 15*	8
	Mixture, Press Drying Chambers, Shuttle Kiln	10 to 15*	8
	Gas Producer, Kiln and Shaft Kiln	25	25
	Kiln Car	10*	8
	Workshop Equipment	10 to 15*	8
	Research and development equipment	10	10
	Gunning Machine, Mixture Machine and other equipment used at Customer site.	5 to 8*	8
	Other Equipment	5 to 15*	8
III	Railway Siding	15	15
IV	Furniture and Fixture and Office Equipment		
	Furniture fittings, office equipment, computer, cinema and audio visual equipment	5*	3-10
	Hospital canteen equipment, electric fittings	10*	8
V	Vehicles		
	Motor car, Jeep, motor cycle	5*	8
	Motor Lorry and mobile equipment	8	8
VI	Intangible Assets		
	Software	10*	Not exceeding 10 yrs
	Development of mines	10 years or lease period whichever is less	Not exceeding 10 yrs

*For these class of assets, based on internal assessment and technical evaluation carried out by the technical expert, the Company believes that the useful lives as given above best represents the period over which the Company expects to use these assets. Hence the useful lives for these assets are different from the useful lives as prescribed under part C of Schedule II of the Companies Act, 2013.

h) Impairment

At each balance sheet date, the Company reviews the carrying value of its property, plant and equipment and intangible asset to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss, if any. Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Recoverable amount is the higher of fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognized in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount.

An impairment loss recognized in prior accounting periods is reviewed at each balance sheet date to assess whether there is any indication that the impairment loss recognized may no longer exist or may be decreased.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately.

i) Leases

The Company determines whether an arrangement contains a lease by assessing whether the fulfilment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to control the use of that asset to the Company in return of payment.

The Company as lessee

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset (ROU) and a corresponding equal lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the weighted average incremental borrowing rate of the company. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the balance sheet and lease payments have been classified as financing cash flows.

The Company as lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfers substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

j) Investment in associates

Investments in associates are carried at cost or deemed cost applied on transition to Ind AS, less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of investment is assessed and an impairment provision is recognised, if required, immediately to its recoverable amount. On disposal of such investments, difference between the net disposal proceeds and carrying amount is recognised in the statement of profit and loss.

k) Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

i. Financial assets

Cash and bank balances

Cash and bank balances consist of:

Cash and cash equivalents - which includes cash in hand, cheques in hand, deposits held at call with banks and other short-term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than 3 months from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.

Other balances with bank - which includes balances and deposits with banks having maturity of more than three months but less than 12 months and are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if both of the following conditions are met:

These financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and

The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through profit or loss.

The Company in respect of certain equity instruments (other than in associates) which are not held for trading, has made an irrevocable election to present subsequent changes in the fair value of such equity instruments in other comprehensive income.

Impairment of financial assets

The Company recognises lifetime expected credit losses for all trade receivables that do not constitute a financing transaction. For financial assets (apart from trade receivables that do not constitute of financing transaction) whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised.

Loss allowance for financial asset measured at amortised cost is deducted from gross carrying amount of asset.

De-recognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the financial asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognizes a borrowing for the proceeds received.

ii. Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

l) Offsetting

Financial assets and financial liabilities are off set and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to release the asset and settle the liability simultaneously.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Derivative financial instruments and hedge accounting

In the ordinary course of business, the Company uses certain derivative financial instruments to reduce business risks which arise from its exposure to foreign exchange fluctuations. The instruments are confined principally to forward foreign exchange contracts. The instruments are employed as hedges of transactions included in the financial statements of for highly probable forecast transactions / firm contractual commitments. The derivatives contracts do not generally extend beyond six months.

Derivatives are initially accounted for and measured at fair value on the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

The fair values for forward currency contracts are marked to market at the end of each reporting period. The Company adopts hedge accounting for forward foreign exchange contracts wherever possible. At the inception of each hedge, there is a formal, documented designation of the hedging relationship. This documentation includes, inter alia, items such as identification of the hedged transaction and the nature of the risk being hedged. At inception, each hedge is expected to be highly effective in achieving an offset of changes in fair value or cash flows attributable to the hedged risk. The effectiveness of hedge instruments to reduce the risk associated with the exposure being hedged is assessed and measured at the inception and on an ongoing basis. The ineffective portion of designated hedges is recognised immediately in the statement of profit and loss.

When hedge accounting is applied, the Company treats the hedge relationship in relation to foreign currency exposure as fair value hedges of recognised assets and liabilities. Changes in fair value of the hedged assets and liabilities, attributable to the risk being hedged, are recognised in the statement of profit and loss and compensate for the effective portion of the symmetrical changes in the fair value of the derivatives.

In cases where hedge accounting is not applied, changes in the fair value of derivatives are recognised in the statement of profit and loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. At that time, any cumulative gain or loss on the hedging instrument recognised in equity is retained in equity until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in equity is transferred to the statement of profit and loss for the period.

m) Employee benefits

The Company's retirement benefit obligations are subject to a number of judgements including discount rates, inflation and salary growth. Significant judgement is required when setting these criteria and a change in these assumptions would have a significant impact on the amount recorded in the Company's balance sheet and the statement of profit and loss. The Company sets these judgements based on previous experience and third party's actuarial advice.

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the amount of obligation can be estimated reliably.

Defined contribution plans

Payments to defined contribution plans such as Company's Provident Fund, Super Annuation Fund, Employee Pension Scheme, Employee State Insurance Scheme and Her Majesty's Revenue and Customs, UK (HMRC) are charged as an expense as they fall due. Payments made to the above schemes are dealt with as payments to defined contribution schemes, as the Company has no further defined benefit obligation beyond the monthly contribution except for the contribution to Provident Fund Trust which require that if the Board of the Trustee are unable to pay interest at the rate declared by the Government for the reason that the return on investment is less or for any other reason, then the deficiency shall be made good by the Company, making the interest shortfall a defined benefit obligation.

Defined benefit plans

Post Retirement Gratuity

For post-retirement gratuity scheme, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each year-end balance sheet date. Re-measurement gains and losses of the net defined benefit liability / (asset) are recognised immediately in Other Comprehensive Income. The service cost and net interest on the net defined benefit liability / (asset) is recognised as an expense within employment costs.

Past service cost is recognised as an expense, when the plan amendment or curtailment occurs, or when any related restructuring cost or termination benefits are recognised, whichever is earlier.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined-benefit obligation, as reduced by the fair value of plan assets.

Post-Retirement Medical Benefit

The company has a policy to give medical benefit to the retired employees at its own hospital at Belpahar not exceeding the amount of expense defined in its medical policy. The obligation of this service is measured and recognized based on actuarial valuation at the present value of the obligation as on the reporting date. Re-measurement gains and losses of the net defined benefit liability / (asset) are recognised immediately in Other Comprehensive Income. The service cost and net interest on the net defined benefit liability / (asset) is recognised as an expense within employment costs.

Pension to Directors

Pension payable to directors after their retirement as per the contractual agreement are recognized based on actuarial valuation at the present value of the obligation as on the reporting date. Re-measurement gains and losses of the net defined benefit liability / (asset) are

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

recognised immediately in Other Comprehensive Income. The service cost and net interest on the net defined benefit liability / (asset) is recognised as an expense within employment costs.

Other Long-term benefits

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized based on actuarial valuation at the present value of the obligation as on the reporting date. Re-measurement gains and losses of the compensated absence is recognised immediately in statement of profit and loss.

Employee Separation Scheme

Compensation to employees who have opted for retirement under the Friendly Departure Scheme of the Company is charged off in the year in which the employee is relieved from the services of the Company.

n) Inventories

i. Raw materials, Stores and Spares, Loose Tools and Fuel

Raw materials, stores and spares, loose tools and fuel are valued at weighted average cost. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Raw materials, stores and spares, loose tools and fuel held for use in the production of finished products are not written down below cost except in cases where material prices have declined, or the cost of the finished products has exceeded its net realisable value.

ii. Finished goods

These are valued at lower of cost and net realisable value. Costs are calculated at full absorption cost basis which includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost of inventories is generally ascertained on weighted average basis.

iii. Work in Progress

These are valued at cost. Costs are calculated at full absorption cost basis which includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost of work in progress is generally ascertained on weighted average basis.

iv. Stock-in-trade

These are valued at lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs to completion and the estimated costs necessary to sell them.

Provisions are made for slow moving and obsolete items based on historical experience of utilization on a product category basis and ageing policy as defined by the Company.

o) Cash Flow Statement

Cash Flows are reported using indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows.

p) Non-Current assets held for sale

Non-current assets or disposal groups classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell.

Assets and disposal groups are classified as held for sale if their carrying value will be recovered through a sale transaction rather than through continuing use. This condition is only met when the sale is highly probable and the asset, or disposal group, is available for immediate sale in its present condition and is marketed for sale at a price that is reasonable in relation to its current fair value.

The Company must also be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets held for sale are not depreciated or amortised.

q) Provisions (other than employee benefits) and contingent liabilities

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date.

Constructive obligation is an obligation that derives from an entity's actions where:

- i. by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities; and
- ii. as a result, the entity has created a valid expectation on the part of those other parties that it will discharge such responsibilities.

Contingent Liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle an obligation or a reliable estimate of the amount cannot be made.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

The Company does not recognise a Contingent Liability but discloses its existence in the Financial Statements.

r) Income taxes

Tax expenses comprises current and deferred tax. The tax currently payable is based on taxable profit for the period. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction.

Current and deferred tax are recognised as an expense or income in the statement of profit and loss, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity.

s) Revenue recognition

The Company manufactures and sells a range of refractories and provides installation and maintenance services

Sale of products

Revenue from sale of products is recognized when control of the products has transferred, being when the products are delivered to the customer. Delivery occurs when the products have been shipped or delivered to the specific locations as the case may be, the risk of loss has been transferred, and either the customer has accepted the products in accordance with the sales contracts, or the Company has objective evidence that all criteria for acceptance have been satisfied.

- Revenue from material supply is recognised on transfer of control over the product.
- Revenues from service contracts is recognised on completion of performance obligation.

Revenue is measured based on the transaction price, which is the consideration, adjusted for cash discounts, if any, as specified in the contract with the customer. Revenue towards satisfaction of performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. Revenue also excludes taxes collected from customers.

Interest Income

Interest income is accrued on a time proportion basis by reference to the principle outstanding and the effective interest rate applicable.

Dividend Income

Dividend income from investments is recognised when the right to receive payment has been established.

Rental Income

Rental income is recognised on a straight line basis over the term of the relevant arrangements.

Commission Income

Commission income is recognised when the services have been rendered.

Export incentives

Export incentives under the Duty Drawback Scheme are recognized on the basis of credits given in the bank or on receipt of duty credit scrips.

t) Government Grants

Government grants like export promotion capital goods (EPCG) related to expenditure on property, plant and equipment are deducted from the cost of the property, plant and equipment in calculating the carrying amount of the asset.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

u) Foreign currency transactions and translation

The financial statements of the Company are presented in Indian Rupees (₹), which is the functional currency of the Company and the presentation currency for the financial statements.

In preparing the financial statements, transactions in currencies other than the entity's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in the statement of profit and loss for the period.

Exchange differences arising on translation or settlement of long-term foreign currency monetary items is accounted in the statement of profit and loss for the period.

v) Borrowing Costs

Borrowings costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use.

Other borrowing costs are recognised as an expense in the period in which they are incurred.

w) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

x) Earnings per share

Basic earnings per equity share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

– other matters (Refer Below)	1,081.23	1,081.23

In respect of above, it is not practicable for the Company to estimate the timings of cash outflows, if any, pending resolution of the respective proceedings.

In the ordinary course of business, the Company faces claims and assertions by various parties. The following is a description of claims and assertions where a potential loss is possible but not probable. There are claims which the Company does not believe to be of material nature, other than those described below:

Income Tax:

The Company has ongoing disputes with income tax authorities relating to tax treatment of certain items. These are mainly for transfer pricing issues and disallowance of expenses claimed by the Company as deductions. Most of these disputes and/or dis-allowances, being repetitive in nature, have been raised by the income tax authorities consistently in most of the years. As at March 31, 2023, there are matters and/or disputes pending in appeal amounting to ₹ 779.03 Lakhs (Previous Year - ₹ 843.65 Lakhs).

Sales tax /value added tax/ entry tax/ Excise duty matters

The Company has demands that are being contested by the Company in different years amounting to ₹ 1,756.05 Lakhs (Previous Year - ₹ 1,778.42 Lakhs). These are mainly for non submission of concessional forms.

Other matters

01. Demand by Mining Officer:

The Dy. Director Mines, Sambalpur circle, had raised a demand of ₹ 539.72 lakhs on 26.08.2019 for excess production of Quartzite in Chuinpalli mines and the Mining Officer, Cuttack circle has raised a demand for ₹ 517.44 lakhs on 15.09.2020 for excess production of fireclay in Talbasta mines, during the period from 2000 to 2010 under section 21(5) of MMDR Act, 1957, based on the common cause judgment dated 2nd August, 2017 of Hon'ble Supreme Court of India. The Company challenged the said demands of Mining Department, Govt. of Odisha through a two different Writ petitions against two notices before the Hon'ble High Court of Orissa, Cuttack. The Company is of the view that, the demand under Section 21(5) of the MMDR Act is not applicable because the impugned demand is based on the judgement of Hon'ble Supreme Court of India in the case of Common Cause vrs. Union of India reported in (2017) 9 SCC 499. The decision referred in the Supreme Court Order was intended to deal with mining leases of Iron Ore and Manganese Ore in the districts of Keonjhar, Sundergarh and Mayurbhanj and has no application to the facts of the case. Moreover, the mining officer has not conducted any enquiry on illegal mining of the Company. On 11 January, 2021 the Hon'ble High Court of Odisha has disposed of the Writ Petition filed for Talbasta Mines for an amount of ₹ 517.44 lakhs and again the Hon'ble High Court of Orissa on 06.07.2022 disposed of the Writ Petition pertaining to Chhuinpalli Mines for an amount of ₹ 539.72 lakhs with a direction to challenge the impugned demand notice as per Rule 46(1) of the Orissa Minor Mineral Concession Rules, 2016 and take all grounds before the appellate authority. Accordingly, Company has filed the appeals before Joint Director of Mines, Government of Odisha, Bhubaneswar under Rule 46(1) of Odisha Minor Mineral Concession Rules, 2016 and both the appeal matter are pending for hearing. Based on the legal opinion obtained by the Company in the previous year and as per the management assessment, the Company is of the view that it has a strong case to contest on merit and there will not be any material outflow of resources by the Company.

02. Other Claims

Other civil cases for which the Company may contingently be liable aggregate to ₹ 24.07 lakhs (Previous Year - ₹ 24.07 lakhs).

Water Rate Dispute

The Company has been drawing water from Lilhari Nullha, a natural water stream. Up to 1994, as per the Orissa Irrigation Act, the water rate was payable for drawing water from irrigation work. Natural water streams like Lilhari Nullha were not covered in the definition of irrigation work, as given in Section 4(9) of the Act. Definition of 'government water source' was inserted in Section 4(6-a) of the Act in 1994, which covers natural water sources like Lilhari Nullha, and the Company has been paying water rate since then. However, the Government of Odisha demanded an amount of ₹ 57.77 Lakhs towards water rate and penalty for the period prior to 1994 which has been stayed by the Hon'ble High Court of Odisha. Water Resources Department, Government of Odisha, has been charging monthly compounded interest @ 2% on the disputed amount and the total interest charged up to 31 March 2023 is ₹ 13,472.98 Lakhs. The total disputed demand, together with interest as on 31 March 2023 is ₹ 13,530.75 Lakhs. Hon'ble High Court of Odisha has stayed charging of monthly compound interest of 2% and passed an order that compound interest @ 2% will not be allowed to charge until further orders. During the previous year, the Hon'ble High Court of Odisha has directed the Government of Odisha and the Company to negotiate and settle the dispute inline with the settlements made by the Government of Odisha with other companies. Water agreement for drawing the water was expired on 28.02.2022 and the Company has renewed the agreement for a period of 3 years upto 28.02.2025 by depositing an amount of

(Amount Rupees in lakhs, except otherwise stated)

₹ 25 lakhs under protest. Hon'ble High Court of Odisha vide its order dated 28th June, 2022 has directed Government of Odisha to take necessary direction positively on or before 01.11.2022 and if any party aggrieved with the decision of Government of Odisha then the party can file a fresh writ petition by taking all the grounds. Till that date the interim stay will be continued. Further, the Government of Odisha has published a One Time Settlement Scheme (OTS) on 06.02.2023 for all the private and Government Industries for settlement of water dues/ Taxes. Accordingly, the Company has filed its OTS application along with all the particulars before the Nodal office of Department of Water Resources appointed by Government for settlement of the water dispute. Based on the legal opinion obtained by the Company in the previous year and as per the management assessment, the Company is of the view that it has a strong case to contest on merit and there will not be any material outflow of resources by the Company.

28 Employee Benefits

The relevant details with respect to employee benefits are given here below:

(1) Defined Contribution Plan

The Company participates in a number of defined contribution plans on behalf of relevant personnel. Any expense recognized in relation to the schemes represents the value of contributions payable during the period by Company at the rates specified by the rules of those plans.

a) Provident Fund and Employees Pension Fund

In accordance with the prevailing Indian law, eligible employees of the Company are entitled to receive benefits in respect of Provident Fund, a defined contribution plan, in which both the employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. As per the provisions of the Provident Fund and Miscellaneous Provisions Act, 1952 contribution to Provident Fund is made to an irrevocable trust set up by the Company and contribution to pension fund is deposited with the Regional Provident Fund Commissioner. The rules of the Company's provident fund administered by a trust, require that if the Board of the Trustee are unable to pay interest at the rate declared by the Government for the reason that the return on investment is less or for any other reason, then the deficiency shall be made good by the Company, making the interest shortfall a defined benefit obligation. In the current year, the Company has contributed ₹ 154.44 lakhs (previous year ₹ Nil) to the PF Trust on account of loss in investment made by it and the same has been shown under employee benefit expenses.

b) Superannuation Fund

The Company has a superannuation plan. Employees who are members of the superannuation plan are entitled to benefits depending on the contribution made by Company and rate of interest declared by the superannuation trust. A separate irrevocable trust is maintained for employees covered and entitled for this benefit. The Company contributes 15% of basic salary, of the eligible employees' to the trust every year. Such contributions are recognized as an expense when incurred. The Company has no further obligation beyond this contribution.

c) Other funds

The Company contributes to the Employees State Insurance scheme as per the provisions of Employees State Insurance Act, 1948 and to Her Majesty's Revenue and Customs, UK as per provisions laid down by the UK Government for the social security and welfare of the employees based out of UK.

d) Expenses recognized in respect of above

(b) Fair value hierarchy

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below-

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair value of financial instruments that are not traded in an active market is determined using market approach and valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparty.

(c) Financial Risk Management Policies And Objectives:

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Board.

Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables, payables, loans and borrowings.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowings.

Interest rate risk

Interest rate risk is measured by using the cash flow sensitivity for changes in variables interest rates. Any movement in the reference rates could have an impact on the Company's cash flow as well as costs.

The Company is subject to variable interest rates on some of its interest bearing liabilities. The Company's interest rate exposure is mainly related to debt obligations.

Foreign currency risk

The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies

The Company evaluates exchange rate exposure arising from foreign currency transactions and the Company follows established risk management policies, including the use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company maintains sufficient cash and cash equivalents to manage its liquidity risk.

The non-derivative financial liabilities of the Company are all payable within 12 months. (Refer Note 12 and 13)

The following table shows a maturity analysis of the anticipated cash flows including future interest obligations for derivative and non-derivative financial liabilities on an undiscounted basis, which therefore differ from both carrying value and fair value. Floating rate interest is estimated using the prevailing interest rate at the end of the reporting period. Cash flows in foreign currencies are translated using the period end spot rates.

Credit Risk

Credit risk is the risk that counterparty will default on its contractual obligations resulting in a financial loss to the Company.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

Financial assets are provided for when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for provision as per provisioning policy of the Company. Where loans or receivables have been provided, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in the Statement of Profit and Loss.

Trade receivables are primarily unsecured and are derived from revenue earned from customers. Credit risk is managed through credit approvals, establishing credit limits and by continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default payments and makes appropriate provisions at each reporting date whenever is for longer period and involves higher risk. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. Refer note 7 for movement for "Allowances for credit losses".

(f) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to risk of changes in market interest rates relates primarily to the Company's debt interest obligation.

The exposure of the Company's floating debt interest obligation and its sensitive analysis are as follows: (₹ lakh)

	April 2022 to March 2023	April 2021 to March 2022
Company's debt obligation (Floating rates)	26,309.30	30,752.18

Sensitivity analysis assuming the amount of the liability outstanding at the year end was outstanding for the whole year:

If interest rate had been 25 basis point higher/ lower and all other variables held constant, the company's profit before tax for the ended 31 March 2023 would decrease/ increase by ₹ 65.77 Lakhs (Previous year - ₹ 76.88 Lakhs). This is mainly attributable to the company's exposure to interest rates on its floating rate borrowings.

(g) Securities price risk

Securities price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded prices. The Company is not an active investor in equity markets; it continues to hold certain investments in equity for long term value accretion which are accordingly measured at fair value through Other Comprehensive Income. The value of investments in such equity instruments as at 31 March 2023 is ₹ 160.96 Lakhs (Previous year - ₹ 147.04 Lakhs). Accordingly, fair value fluctuations arising from market volatility is recognised in Other Comprehensive Income.

32 Capital management

The Company's capital management is intended to safeguard its ability to continue as a going concern so that to create value for shareholders and benefits for other stakeholders by facilitating the achievement of long term and short term goals of the Company.

The Company determines the amount of capital required on the basis of annual business plan coupled with long term and short term strategic investment and expansion plans. The funding needs are met through cash generated from operations, long term and short term bank borrowings.

The Company monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

Net debt includes interest bearing borrowings less cash and cash equivalents, other bank balances and other financial assets.

The table below summarises the capital, net debt and net debt equity ratio of the Company. (₹ lakh)

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF TRL KROSAKI REFRACTORIES LIMITED

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of TRL Krosaki Refractories Limited (hereinafter referred to as the "Company") and its associates, which comprise the consolidated balance sheet as at 31 March 2023, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company and its associates as at 31 March 2023, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its associates in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Company including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the Company and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the Company and of its associates are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Company and of its associates are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter(s)

The consolidated financial statements include the Company's share of net profit (and other comprehensive income) of Rs. 335.36 lakhs for the year ended 31 March 2023, as considered in the consolidated financial statements, in respect of two associates, whose financial information have not been audited by us or by other auditor. This unaudited financial information have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these associates, and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid associates, is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, this financial information are not material to the Company.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of this matter with respect to the financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c. The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and its associate company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2023 on the consolidated financial position of the Company. Refer Note 26 to the consolidated financial statements.
 - b. The Company did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2023.
 - c. There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Company during the year ended 31 March 2023.
 - d. (i) The management of the Company has represented that, to the best of its knowledge and belief, as disclosed in the Note 05 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii) The management of the Company has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 05 to the consolidated financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
 - e. The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.
As stated in Note 11 to the consolidated financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.
 - f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.
- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:
In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure B to the Independent Auditor’s Report on the consolidated financial statements of TRL Krosaki Refractories Limited for the year ended 31 March 2023

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of TRL Krosaki Refractories Limited (hereinafter referred to as “the Company”) as of and for the year ended 31 March 2023, we have audited the internal financial controls with reference to financial statements of the Company and such company incorporated in India under the Act which is its associate company, as of that date.

In our opinion, the Company, has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”).

Management’s Responsibility for Internal Financial Controls

The Company’s Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with reference to Consolidated Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

The internal financial controls with reference to financial information insofar as it relates to one associate company, which is a company incorporated in India and included in these consolidated financial statements, have not been audited either by us or by other auditor. In our opinion and according to the information and explanations given to us by the Management, such unaudited associate company is not material to the Company.

The financial statements for the year ended 31 March, 2023 were approved for issue in accordance with the resolution of the Board of Directors on 11 May, 2023

2) Significant Accounting Policies

The significant accounting policies applied by the Company in the preparation of its financial statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these financial statements, unless otherwise indicated.

a) Statement of Compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, as amended from time to time and other relevant provisions of the Act.

b) Basis of Preparation

The financial statements have been prepared under the historical cost convention, with an exception of certain assets and liabilities that are required to be carried at fair value by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

c) Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and the Company's share of profits / losses of associates that are consolidated using the equity method of consolidation. Unrealised gains from the transaction with equity accounted investees are eliminated against the investment to the extent of the Company's interest in the investee.

d) Use of estimates and critical accounting judgements

In preparation of the financial statements, the Company makes judgments in application of the accounting policies and estimates and assumptions which affects the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, and future periods affected.

Significant judgements and estimates relate to the following-

- i. carrying values of assets and liabilities include useful lives of tangible and intangible assets;
- ii. provision for employee benefits and other provisions; and
- iii. commitments and contingencies and measurement of fair values.
- iv. Valuation of deferred tax assets / liabilities

e) Impact of the Code on Social Security, 2020

The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the company towards Provident Fund and Gratuity. The Ministry of Labour and Employment had released draft rules for the Code on Social Security, 2020 on November 13, 2020, and invited suggestions from stakeholders which are under consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified. The Company will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

f) Property, plant and equipment

An item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the Statement of Profit and Loss, as incurred. When a replacement occurs, the carrying amount of the replaced part is de-recognised.

Property, plant and equipment are stated at cost or at deemed cost applied on transition to Ind AS, less accumulated depreciation and impairment. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised. Borrowing costs incurred during the period of construction is capitalised as a part of cost of the qualifying asset.

The gain or loss arising on disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying value of such item and is recognised in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital Work-in-Progress".

g) Intangible assets

Cost incurred for Development of mines and software are recognized in the Balance Sheet as intangible assets when it is probable that associated future economic benefits would flow to the company and its cost can be measured reliably. These are initially measured at purchase cost and then amortised on a straight - line basis over their estimated useful lives. All other costs on development of mines and software are expensed in the Statement of Profit and Loss as and when incurred.

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

h) Depreciation and amortisation of property, plant and equipment and intangible assets

Depreciation or amortisation is provided under the straight- line method, based on the estimated useful life, as determined by technical evaluation of the useful life of the assets, in terms of Schedule II to the Companies Act, 2013.

Assets individually costing up to ₹ 25,000 are fully depreciated in the year of acquisition.

Freehold Land is not depreciated.

The charge of depreciation or amortization commences from the date the assets are available for their intended use.

Depreciation on assets under construction commences only when the assets are ready for their intended use. No further charge is provided in respect of assets that are fully written down but are still in use.

The estimated useful lives of assets and residual values are reviewed periodically and, adjusted if appropriate at the end of reporting period.

As the estimated useful life of some of the assets is significantly different from the useful life given in the Schedule II to Companies Act, 2013, the useful life of the assets has been assessed based on the number of years for which the assets have already been put to use and the estimated minimum balance period for which the assets can be used in the Company. The residual values are not more than 5% of the original cost of the asset.

The estimated useful lives for the main categories of property, plant and equipment and other intangible assets are:

SI No	Class of Assets	Estimated Useful Life (in years) as per Comapny's policy	Useful Life (in years) as per Schedule II of Companies Act, 2013

*For these class of assets, based on internal assessment and technical evaluation carried out by the technical expert, the Company believes that the useful lives as given above best represents the period over which the Company expects to use these assets. Hence the useful lives for these assets are different from the useful lives as prescribed under part C of Schedule II of the Companies Act, 2013.

i) Impairment

At each Balance Sheet date, the Company reviews the carrying value of its property, plant and equipment and intangible asset to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss, if any. Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognized in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount.

An impairment loss recognized in prior accounting periods is reviewed at each balance sheet date to assess whether there is any indication that the impairment loss recognized may no longer exist or may be decreased.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately.

j) Leases

The Company determines whether an arrangement contains a lease by assessing whether the fulfilment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to control the use of that asset to the Company in return of payment.

The Company as lessee

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset (ROU) and a corresponding equal lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the weighted average incremental borrowing rate of the company. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

The Company as lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

k) Equity accounted investments

The Company's interest in equity accounted investments comprises interest in associates.

An associate is an entity in which Company has significant influence but not control over the financial and operating policies.

Interest in associates are accounted for using the equity method. They are initially recognised at cost / deemed costs. Subsequent to initially recognition the consolidated financial statements include the Company's share of profit or loss and OCI of equity accounted investments until the date on which significant influences ceases. When dividend is declared and received it is adjusted in the carrying amount of investments.

Where an indication of impairment exists, the carrying amount of investment is assessed and an impairment provision is recognised, if required, immediately to its recoverable amount. On disposal of such investments, difference between the net disposal proceeds and carrying amount is recognised in the statement of profit and loss.

l) Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

I. Financial assets

Cash and bank balances

Cash and bank balances consist of:

Cash and cash equivalents - which includes cash in hand, cheques in hand, deposits held at call with banks and other short term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than 3 months from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.

Other balances with bank- which includes balances and deposits with banks having maturity of more than three months but less than 12 months and are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if both of the following conditions are met:

These financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and

The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through profit or loss.

The Company in respect of certain equity instruments (Other than in associates) which are not held for trading, has made an irrevocable election to present subsequent changes in the fair value of such equity instruments in other comprehensive income.

Impairment of financial assets

The Company recognises lifetime expected credit losses for all trade receivables that do not constitute a financing transaction. For financial assets (apart from trade receivables that do not constitute of financing transaction) whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised.

Loss allowance for financial asset measured at amortised cost is deducted from gross carrying amount of asset.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

De-recognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the financial asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognize a borrowing for the proceeds received.

ii. Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit & loss.

Offsetting

Financial assets and financial liabilities are off set and the net amount presented in the Balance Sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to release the asset and settle the liability simultaneously.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Derivative financial instruments and hedge accounting

In the ordinary course of business, the Company uses certain derivative financial instruments to reduce business risks which arise from its exposure to foreign exchange fluctuations. The instruments are confined principally to forward foreign exchange contracts. The instruments are employed as hedges of transactions included in the financial statements of for highly probable forecast transactions / firm contractual commitments. The derivatives contracts do not generally extend beyond six months.

Derivatives are initially accounted for and measured at fair value on the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

The fair values for forward currency contracts are marked to market at the end of each reporting period. The Company adopts hedge accounting for forward foreign exchange contracts wherever possible. At the inception of each hedge, there is a formal, documented designation of the hedging relationship. This documentation includes, inter alia, items such as identification of the hedged transaction and the nature of the risk being hedged. At inception, each hedge is expected to be highly effective in achieving an offset of changes in fair value or cash flows attributable to the hedged risk. The effectiveness of hedge instruments to reduce the risk associated with the exposure being hedged is assessed and measured at the inception and on an ongoing basis. The ineffective portion of designated hedges is recognised immediately in the statement of profit and loss.

When hedge accounting is applied, the Company treats the hedge relationship in relation to foreign currency exposure as fair value hedges of recognised assets and liabilities. Changes in fair value of the hedged assets and liabilities, attributable to the risk being hedged, are recognised in the statement of profit and loss and compensate for the effective portion of the symmetrical changes in the fair value of the derivatives.

In cases where hedge accounting is not applied, changes in the fair value of derivatives are recognised in the statement of profit and loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. At that time, any cumulative gain or loss on the hedging instrument recognised in equity is retained in equity until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in equity is transferred to the statement of profit and loss for the period.

m) Employee benefits

The Company's retirement benefit obligations are subject to a number of judgements including discount rates, inflation and salary growth. Significant judgement is required when setting these criteria and a change in these assumptions would have a significant impact on the amount recorded in the Company's Balance Sheet and the statement of profit and loss. The Company sets these judgements based on previous experience and third party's actuarial advice.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the amount of obligation can be estimated reliably.

Defined contribution plans

Payments to defined contribution plans such as Company's Provident Fund, Super Annuation Fund, Employee Pension Scheme, Employee State Insurance Scheme and Her Majesty's Revenue and Customs, UK (HMRC) are charged as an expense as they fall due. Payments made to the above schemes are dealt with as payments to defined contribution schemes, as the Company has no further defined benefit obligation beyond the monthly contribution except for the contribution to Provident Fund Trust which require that if the Board of the Trustee are unable to pay interest at the rate declared by the Government for the reason that the return on investment is less or for any other reason, then the deficiency shall be made good by the Company, making the interest shortfall a defined benefit obligation.

Defined benefit plans

Post Retirement Gratuity

For post-retirement gratuity schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each year-end Balance Sheet date. Re-measurement gains and losses of the net defined benefit liability / (asset) are recognised immediately in Other Comprehensive Income. The service cost and net interest on the net defined benefit liability / (asset) is recognised as an expense within employment costs.

Past service cost is recognised as an expense, when the plan amendment or curtailment occurs, or when any related restructuring cost or termination benefits are recognised, whichever is earlier.

The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined-benefit obligation, as reduced by the fair value of plan assets.

Post-Retirement Medical Benefit

The company has a policy to give medical benefit to the retired employees at its own hospital at Belpahar not exceeding the amount of expense defined in its medical policy. The obligation of this service is measured and recognized based on actuarial valuation at the present value of the obligation as on the reporting date. Re-measurement gains and losses of the net defined benefit liability / (asset) are recognised immediately in Other Comprehensive Income. The service cost and net interest on the net defined benefit liability / (asset) is recognised as an expense within employment costs.

Pension to Directors

Pension payable to directors after their retirement as per the contractual agreement are recognized based on actuarial valuation at the present value of the obligation as on the reporting date. Re-measurement gains and losses of the net defined benefit liability / (asset) are recognised immediately in Other Comprehensive Income. The service cost and net interest on the net defined benefit liability / (asset) is recognised as an expense within employment costs.

Other Long-term benefits

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized based on actuarial valuation at the present value of the obligation as on the reporting date. Re-measurement gains and losses of the compensated absence is recognised immediately in Statement of Profit and Loss.

Employee Separation Scheme

Compensation to employees who have opted for retirement under the Friendly Departure Scheme of the Company is charged off in the year in which the employee is relieved from the services of the Company.

n) Inventories

i. Raw materials, Stores and Spares, Loose Tools and Fuel

Raw materials, stores and spares, loose tools and fuel are valued at weighted average cost. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Raw materials, stores and spares, loose tools and fuel held for use in the production of finished products are not written down below cost except in cases where material prices have declined or the cost of the finished products has exceeded its net realisable value.

ii. **Finished goods:** These are valued at lower of cost and net realisable value. Costs are calculated at full absorption cost basis which includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost of inventories is generally ascertained on weighted average basis.

iii. **Work in Progress:** These are valued at cost. Costs are calculated at full absorption cost basis which includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost of work in progress is generally ascertained on weighted average basis.

iv. **Stock-in-trade:** These are valued at lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs to completion and the estimated costs necessary to sell them.

Provisions are made for slow moving and obsolete items based on historical experience of utilization on a product category basis and ageing policy as defined by the Company.

o) Cash Flow Statement

Cash Flows are reported using indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows.

p) Non-Current assets held for sale

Non-current assets or disposal groups classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell.

Assets and disposal groups are classified as held for sale if their carrying value will be recovered through a sale transaction rather than through continuing use. This condition is only met when the sale is highly probable and the asset, or disposal group, is available for immediate sale in its present condition and is marketed for sale at a price that is reasonable in relation to its current fair value.

The Company must also be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets held for sale are not depreciated or amortised.

q) Provisions (other than employee benefits) and contingent liabilities

Provisions are recognised in the Balance Sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

Constructive obligation is an obligation that derives from an entity's actions where:

- i. by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities; and
- ii. as a result, the entity has created a valid expectation on the part of those other parties that it will discharge such responsibilities.

Contingent Liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle an obligation or a reliable estimate of the amount cannot be made.

The Company does not recognise a Contingent Liability but discloses its existence in the Financial Statements.

r) Income taxes

Tax expenses comprises current and deferred tax. The tax currently payable is based on taxable profit for the period. Taxable profit differs from net profit as reported in the Statement of Profit and Loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the Balance Sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction.

Current and deferred tax are recognised as an expense or income in the Statement of Profit and Loss, except when they relate to items

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity.

s) Revenue recognition

The Company manufactures and sells a range of refractories and provides installation and maintenance services

Sale of products

Revenue from sale of products is recognized when control of the products has transferred, being when the products are delivered to the customer. Delivery occurs when the products have been shipped or delivered to the specific locations as the case may be, the risk of loss has been transferred, and either the customer has accepted the products in accordance with the sales contracts, or the Company has objective evidence that all criteria for acceptance have been satisfied.

- Revenue from material supply is recognised on transfer of control over the product.
- Revenues from service contracts is recognised on completion of performance obligation.

Revenue is measured based on the transaction price, which is the consideration, adjusted for cash discounts, if any, as specified in the contract with the customer. Revenue towards satisfaction of performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. Revenue also excludes taxes collected from customers.

Interest Income

Interest income is accrued on a time proportion basis by reference to the principle outstanding and the effective interest rate applicable.

Dividend Income

Dividend income from investments is recognised when the right to receive payment has been established.

Rental Income

Rental income is recognised on a straight line basis over the term of the relevant arrangements.

Commission Income

Commission income is recognised when the services have been rendered.

Export incentives

Export incentives under the Duty Drawback Scheme are recognized on the basis of credits given in the bank or on receipt of duty credit scrips.

t) Government Grants

Government grants like export promotion capital goods (EPCG) related to expenditure on property, plant and equipment are deducted from the cost of the property, plant and equipment in calculating the carrying amount of the asset.

u) Foreign currency transactions and translation

The financial statements of the Company are presented in Indian Rupees (₹), which is the functional currency of the Company and the presentation currency for the financial statements.

In preparing the financial statements, transactions in currencies other than the entity's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in the statement of profit and loss for the period.

Exchange differences arising on translation or settlement of long-term foreign currency monetary items is accounted in the statement of profit and loss for the period.

v) Borrowing Costs

Borrowings costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use.

Other borrowing costs are recognised as an expense in the period in which they are incurred.

w) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

x) **Earnings per share**

Basic earnings per equity share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

26 Contingent Liabilities

Contingent liabilities in respect of -	As at 31 March 2023	As at 31 March 2022
Claims against the Company not acknowledged as debts in respect of -		
— Income tax matters	779.03	843.66
— Sales tax / value added tax / entry tax matters	794.17	834.80
— Excise duty matters	961.88	943.62
— Other matters	1,081.23	1,081.23

In respect of above, it is not practicable for the Company to estimate the timings of cash outflows, if any, pending resolution of the respective proceedings.

In the ordinary course of business, the Company faces claims and assertions by various parties. The following is a description of claims and assertions where a potential loss is possible but not probable. There are claims which the Company does not believe to be of material nature, other than those described below:

Income Tax:

The Company has ongoing disputes with income tax authorities relating to tax treatment of certain items. These are mainly for transfer pricing issues and disallowance of expenses claimed by the Company as deductions. Most of these disputes and/or dis-allowances, being repetitive in nature, have been raised by the income tax authorities consistently in most of the years. As at March 31 2023, there are matters and/or disputes pending in appeal amounting to ₹ 779.03 Lakhs (Previous Year - ₹ 843.66 Lakhs).

Sales tax /value added tax/ entry tax/ Excise duty and Service tax matters

The Company has demands that are being contested by the Company in different years amounting to ₹ 1,756.05 Lakhs (Previous Year - ₹ 1,778.42 Lakhs). These are mainly for non submission of concessional forms.

Other matters

01.Demand by Mining Officer:

The Dy. Director Mines, Sambalpur circle, had raised a demand of ₹ 539.72 lakhs on 26.08.2019 for excess production of Quartzite in Chuinpalli mines and the Mining Officer, Cuttack circle has raised a demand for ₹ 517.44 lakhs on 15.09.2020 for excess production of fireclay in Talbasta mines, during the period from 2000 to 2010 under section 21(5) of MMDR Act, 1957, based on the common cause judgment dated 2nd August, 2017 of Hon'ble Supreme Court of India. The Company challenged the said demands of Mining Department, Govt. of Odisha through a two different Writ petitions against two notices before the Hon'ble High Court of Orissa, Cuttack. The Company is of the view that, the demand under Section 21(5) of the MMDR Act is not applicable because the impugned demand is based on the judgement of Hon'ble Supreme Court of India in the case of Common Cause vrs. Union of India reported in (2017) 9 SCC 499. The decision referred in the Supreme Court Order was intended to deal with mining leases of Iron Ore and Manganese Ore in the districts of Keonjhar, Sundergarh and Mayurbhanj and has no application to the facts of the case. Moreover, the mining officer has not conducted any enquiry on illegal mining of the Company. On 11 January, 2021 the Hon'ble High Court of Odisha has disposed of the Writ Petition filed for Talbasta Mines for an amount of ₹ 517.44 lakhs and again the Hon'ble High Court of Orissa on 06.07.2022 disposed of the Writ Petition pertaining to Chhuinpali Mines for an amount of ₹ 539.72 lakhs with a direction to challenge the impugned demand notice as per Rule 46(1) of the Orissa Minor Mineral Concession Rules, 2016 and take all grounds before the appellate authority. Accordingly, Company has filed the appeals before Joint Director of Mines, Government of Odisha, Bhubaneswar under Rule 46(1) of Odisha Minor Mineral Concession Rules, 2016 and both the appeal matter are pending for hearing. Based on the legal opinion obtained by the Company in the previous year and as per the management assessment, the Company is of the view that it has a strong case to contest on merit and there will not be any material outflow of resources by the Company.

02.Other Claims

Other civil cases for which the Company may contingently be liable aggregate to ₹ 24.07 lakhs (Previous Year - ₹ 24.07 lakhs).

Water Rate Dispute

The Company has been drawing water from Lilhari Nullha, a natural water stream. Up to 1994, as per the Orissa Irrigation Act, the water rate was payable for drawing water from irrigation work. Natural water streams like Lilhari Nullha were not covered in the definition of irrigation work, as given in Section 4(9) of the Act. Definition of 'government water source' was inserted in Section 4(6-a) of the Act in 1994, which covers natural water sources like Lilhari Nullha, and the Company has been paying water rate since then. However, the Government of Odisha demanded an amount of ₹ 57.77 Lakhs towards water rate and penalty for the period prior to 1994 which has been stayed by the Hon'ble High Court of Odisha. Water Resources Department, Government of Odisha, has been charging monthly compounded interest @ 2% on the disputed amount and the total interest charged up to 31 March 2023 is ₹13,472.98 Lakhs. The total disputed demand, together with interest as on 31 March 2023 is ₹ 13,530.75 Lakhs. Hon'ble High Court of Odisha has stayed charging of monthly compound interest of 2% and passed an order that compound interest @ 2% will not be allowed to charge until further orders. During the previous year, the Hon'ble High Court of Odisha has directed the Government of Odisha and the Company to negotiate and settle the dispute inline with the

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

(Amount in Rs. in lakhs, except otherwise stated)

settlements made by the Government of Odisha with other companies. Water agreement for drawing the water was expired on 28.02.2022 and the Company has renewed the agreement for a period of 3 years upto 28.02.2025 by depositing an amount of ₹ 25 lakhs under protest. Hon'ble High Court of Odisha vide its order dated 28th June, 2022 has directed Government of Odisha to take necessary direction positively on or before 01.11.2022 and if any party aggrieved with the decision of Government of Odisha then the party can file a fresh writ petition by taking all the grounds. Till that date the interim stay will be continued. Further, the Government of Odisha has published a One Time Settlement Scheme (OTS) on 06.02.2023 for all the private and Government Industries for settlement of water dues/ Taxes. Accordingly, the Company has filed its OTS application along with all the particulars before the Nodal office of Department of Water Resources appointed by Government for settlement of the water dispute. Based on the legal opinion obtained by the Company in the previous year and as per the management assessment, the Company is of the view that it has a strong case to contest on merit and there will not be any material outflow of resources by the Company.

27 Commitments

Estimated amount of contracts remaining to be executed on Capital Account and not provided for, net of advances paid ₹ 4,813.67 Lakhs (Previous Year - ₹ 2,743.53 Lakhs). Estimated amount of export obligations to be fulfilled in respect of assets imported under Export Promotion Capital Goods Scheme (EPCG) – ₹ 6,034.88 Lakhs (Previous year - ₹ 5,739.31 Lakhs).

28 The Company is engaged in the business of manufacturing, trading and sale of a range of refractories and is having its manufacturing facilities located in India. (b) Fair value hierarchy

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below-

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices). The fair value of financial instruments that are not traded in an active market is determined using market approach and valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparty.

(c) Financial Risk Management Policies And Objectives:

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Board.

Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables, payables, loans and borrowings.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowings.

Interest rate risk

Interest rate risk is measured by using the cash flow sensitivity for changes in variables interest rates. Any movement in the reference rates could have an impact on the Company's cash flow as well as costs.

The Company is subject to variable interest rates on some of its interest bearing liabilities. The Company's interest rate exposure is mainly related to debt obligations.

Foreign currency risk

The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies.

The Company evaluates exchange rate exposure arising from foreign currency transactions and the Company follows established risk management policies, including the use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company maintains sufficient cash and cash equivalents to manage its liquidity risk.

The non-derivative financial liabilities of the Company are all payable within 12 months. (Refer Note 13 and 14)

The following table shows a maturity analysis of the anticipated cash flows including future interest obligations for derivative and non-derivative financial liabilities on an undiscounted basis, which therefore differ from both carrying value and fair value. Floating rate interest is estimated using the prevailing interest rate at the end of the reporting period. Cash flows in foreign currencies are translated using the period end spot rates.

Credit Risk

Credit risk is the risk that counterparty will default on its contractual obligations resulting in a financial loss to the Company.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

Financial assets are provided for when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for provision as per provisioning policy of the Company. Where loans or receivables have been provided, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in the Statement of Profit and Loss.

Trade receivables are primarily unsecured and are derived from revenue earned from customers. Credit risk is managed through credit approvals, establishing credit limits and by continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default payments and makes appropriate provisions at each reporting date whenever is for longer period and involves higher risk. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. Refer note 8 for movement for "Allowances for credit losses".

(e) Sensitivity Analysis

1% increase or decrease in foreign currency exchange rates will have the following impact on profit before tax

Particulars	(₹ lakh)			
	April 2022 to March 2023		April 2021 to March 2022	
	1% Increase	1% decrease	1% Increase	1% decrease

Others	(3.87)	3.87	(1.10)	1.10
Increase / (decrease) in profit	(14.53)	14.53	(69.13)	69.13

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to risk of changes in market interest rates relates primarily to the Company's debt interest obligation.

The exposure of the Company's floating debt interest obligation and its sensitive analysis are as follows: (₹ lakh)

	April 2022 to March 2023	April 2021 to March 2022
(f) Company's debt obligation (Floating rates)	26,309.30	30,752.18

Sensitivity analysis assuming the amount of the liability outstanding at the year end was outstanding for the whole year:

If interest rate had been 25 basis point higher/ lower and all other variables held constant, the company's profit before tax for the ended 31 March 2023 would decrease/ increase by ₹ 65.77 Lakhs (Previous year - ₹ 76.88 Lakhs). This is mainly attributable to the company's exposure to interest rates on its floating rate borrowings.

(g) Securities price risk

Securities price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded prices. The Company is not an active investor in equity markets; it continues to hold certain investments in equity for long term value accretion which are accordingly measured at fair value through Other Comprehensive Income. The value of investments in such equity instruments as at 31 March 2023 is ₹ 160.96 Lakhs (Previous year - ₹ 147.04 Lakhs). Accordingly, fair value fluctuations arising from market volatility is recognised in Other Comprehensive Income.

34 Capital management

The Company's capital management is intended to safeguard its ability to continue as a going concern so that to create value for shareholders and benefits for other stakeholders by facilitating the achievement of long term and short term goals of the Company.

The Company determines the amount of capital required on the basis of annual business plan coupled with long term and short term strategic investment and expansion plans. The funding needs are met through cash generated from operations, long term and short term bank borrowings.

The Company monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

Net debt includes interest bearing borrowings less cash and cash equivalents, other bank balances and other financial assets.

The table below summarises the capital, net debt and net debt equity ratio of the Company.

	As at 31 March 2023	As at 31 March 2022
Total borrowings	26,309.30	30,752.18
Less: cash and cash equivalents, other bank balances and other financial assets (refer note 5,9 & 10)	703.25	1,030.38
Net Debt	25,606.05	29,721.80
