BUSINESS OVERVIEW

Channel

We deliver our technology and solutions to customers of all sizes, regardless of complexity or number of customer locations. We have a broad and diverse customer base by geography and industry, ranging from small and midsize businesses (SMBs) to creative and print production companies, governmental and public entities, and large corporations. XIL operations covers India and five South Asian countries – Bangladesh, Sri Lanka, Nepal, Maldives, Bhutan and we have our channel partners delivering Xerox Solutions to our customers in these geographies.

Our channel services include a continuum of solutions and services that helps our customers optimize their print and communications infrastructure, apply automation and simplification to maximize productivity, and ensure the highest levels of security. Our primary offerings are Managed Print Services and a range of Digital Services that leverage our software capabilities in Workflow Automation, Personalization and Communication Software, Content Management Solutions, and Digitization Services.

We support integration and document security on a scale that is critical for large enterprises.

GLOBAL DOCUMENT SERVICES (GDS)

Global Document Services deals with Enterprise Services Sales Offerings primarily:

1. Print Services
2. Digital Services
 - Print Services (all print including Managed Print Services (MPS) & Customer Engagement Services(CES))
MPS offers portfolio of analytics, cloud, digitization and Xerox® ConnectKey® Technology to help companies optimize their print infrastructure, secure their print environment and automate related business processes. We provide the most comprehensive portfolio of MPS services in the industry. We are recognized as an industry leader by major analyst firms, including IDC, Quocirca and Keypoint Intelligence-InfoTrends. Our MPS offering targets clients ranging from global enterprises to governmental entities and small and medium-sized businesses, including those served via our channel partners.
 - Digital Services enables the integration of our technology, software and services to securely design and manage the digitization and workflow of our clients' content. We utilize our domain expertise and technology to enable efficient and compliant business processing, including in-bound and out-bound communications in the demanding regulatory environments and markets of our Healthcare, Insurance, Public Sector and Retail clients.
 - We enable healthcare organizations to provide an improved patient experience, from admission to discharge.
 - We help insurance organizations to connect numerous touchpoints across the client journey, from acquisition to on-boarding.
 - We assist government agencies in improving the citizen experience, from public assistance to benefits.
 - We enable retailers to drive brand engagement and loyalty through an enhanced experience at every stage of the consumer experience, from point-of-sales to campaigns on demand.

WORKPLACE SOLUTIONS

Make boosting productivity Easier with Xerox MPS offerings.

In an era of constant change, enabling your workforce to work smarter, more collaboratively and more securely can feel like a challenge. But it doesn't have to. Xerox® Managed Print Services has the digital tools you need to gain more time in your day and do more with less effort. With a full range of options from simple apps to full-scale process automation and content management systems, you can enjoy secure access to the content and tools you need from wherever you are – and make short work of just about anything.

Xerox® Easy Assist App

As a business professional, no matter where you choose to work, you face increasing pressure to meet deadlines and attend endless meetings, but when these are paired with the rest of your daily duties, the last thing you need to be worried about is your printer. Say hello to Xerox Easy Assist, the app that puts managing your printer in the palm of your hand. The easiest method to get your Xerox device up and running quickly, for re-ordering supplies, and providing access to self-support tools – all without the need for IT support. This easy-to-use app does the heavy lifting for you – freeing you up to get back to what really matters.

We have a Comprehensive Security

Xerox has a comprehensive approach to workplace security with a set of offerings to proactively protect your device fleet and the data associated with it. We have designed a multi-layered approach that can meet your specific security needs.

We continually improve security features across our entire framework, helping customers stay safe and secure, even against the ever-changing, new and emerging cybersecurity threats we see daily. As such, our approach to security has been recognized by independent industry experts for many years, who continually see us as a leader within our sector. Most recently, Quocirca placed us on top of their Print Security Landscape, 2022 - Securing the remote and hybrid workforce assessment, saying how we “**excels in its broad and comprehensive service portfolio**”. A more comprehensive security presentation is available from the Smart Centre you can find it here:

Benefits of using Artificial Intelligence (AI) and data analytics for service delivery and device management at Xerox:

1. **Service Delivery Improvement:** AI automates supplies replenishment, making the process more reliable and removing human error. Partners get a faster escalation path for special requirements or process failures under the Managed Print Services (MPS) framework.
2. **Remote Problem Resolution:** Device service data enables remote problem analysis and resolution, reducing the need for on-site engineers and minimizing potential disruptions. Engineers equipped with necessary information and spare parts can resolve issues more efficiently, reducing the risk of second visits and improving device uptime.

3. **Security Management:** Device connectivity enables regular software updates and active password management, enhancing security and preventing attacks. This security extends from devices to documents and users.
4. **Efficiency Gains:** Analyzing device data helps identify bottlenecks and streamline workflows, saving time and labor costs. For example, saving five minutes per operation performed by ten users three times a day can save 50 hours of labor per month, translating to \$12,000 in annual savings at \$20 per hour.
5. **Environmental Impact:** Device data helps customers monitor energy consumption and improve their Environmental, Social, and Governance (ESG) scores, aiding in environmental initiatives and potentially winning more business.

We have Sustainability initiatives

Xerox have been at the forefront of technology innovations that favor sustainability for more than 100 years with following initiatives.

- **Carbon Footprint**

We're lowering the carbon footprint of our equipment, meeting ENERGY STAR® requirements and reducing greenhouse gas emissions.

- **Paper**

Paper sourcing, paper use, recycled paper and eco responsible paper offerings are designed to preserve forests and the environment.

- **Clean Air and Water**

Efforts over the years to remove toxic chemicals in manufacturing result in clean air and water in product lifecycles.

- **Chemical Management**

Xerox minimizes the use of hazardous chemicals with strict internal standards and requirements of suppliers.

- **Waste**

We produce products that use resources efficiently, minimizing waste and recycling that can't be used.

- **Health and Safety**

The health and safety of our people, products, workplaces and customers is of paramount importance.

PRODUCTION SOLUTIONS / GRAPHIC COMMUNICATION

Our Xerox Production Solutions cater to customers in the Graphic Communications and Production Print Environments with products providing high image quality and printing requirements. We have one of the broadest portfolio of Production presses and Software Solutions providing full-colour, on-demand printing for a wide range of applications with the highest quality colour and dazzling embellishments starting from the Entry Production Colour device- Xerox® PrimeLink® C9070 Printer to the Mid Production Colour with the Xerox® Versant® 280 Press, all the way upto the High-end Flagship Xerox® Iridesse® Production Presses.

These product categories have the unique ability to offer the Graphic Arts segment beyond CMYK solutions enabling them to bring to market a vibrant array of Gold / Silver Metallic hues, high density White, Clear / Low Gloss Clear enhancements and Florescent range of print solutions up to 11 colours.

For those seeking robust four colour high volume printing, we have the Versant4100 high speed printer enhanced with Vacuum feeder for greater productivity. The entire Versant range boasts of the latest EFI Fiery DFE's which provides enhanced ripping power to the Xerox Production Presses and the vacuum feeders ensure optimum productivity for the entire Versant range in the mid and high production category. The Iridesse Production Press comes standard with the Hyper Rip EFI DFE which not only takes productivity to a new level but also provides vital, colour management and ink estimation tools to ensure ease of use and colour consistency.

We cater to the Publishing, Transactional and Quick printing segments, with High-speed, High-volume, robust and versatile Mono Cut-Sheet Printing solutions with the Xerox® Prime Link® B9100/B9110/B9125/B9136, where the product has expanded media capabilities and print sizes with outstanding quality now enhanced with Vacuum feeder for greater productivity and media versatility.

Our production portfolio spans a variety of print speeds from 65 to 136ipm, image quality, feeding, finishing and media options. We are renowned worldwide in the cut-sheet colour and monochrome production industry.

Graphic Communications and Production Solutions revenues include the sale of products, software and supplies, as well as the associated technical service. The Xerox Iridesse Colour Production Press has redefined the scope of taking prints beyond standard CMYK with the new gamut extension enabled with Florescent Pink, White, Gold, Silver, Clear and Low Gloss Clear colour options, enabling both underlay and overlay printing in a single run.

We have taken this technology to the grass roots with the Entry Colour Xerox® Primelink® C9065/C9070 MFP's which are one-of-its-kind machine in the Colour segment capable of printing Gold, Silver, Clear and White to Fluorescent Cyan, Fluorescent Magenta and Fluorescent Yellow colours.

In addition to the primary offerings described above, a portion of our revenues also comes from non-core streams, including paper sales and software. The strategy includes expanding our software business to complement the Production portfolio focusing on personalization and communication software and content management solutions. These Solutions include Xerox® FreeFlow® Vision Connect Software and XMPie is a robust personalization and communication software that supports the needs of multi-channel communications from onboarding to retention.

The Xerox® FreeFlow® Variable Information Suite offers enhanced security printing options to our customers ranging from, Micro Text, Correlation text, infrared and UV which ensure protection of important and classified documents and certificates. Xerox® FreeFlow® Core is a portfolio of software offerings that bring intelligent workflow automation and integration to the processing of print jobs, from file preparation to final production, helping customers of all sizes and address a wide range of business opportunities including automation, personalization and even electronic publishing.

We provide real time productivity control with FreeFlow Vision Connect. It automates the process of monitoring and measuring vital print operation data across an entire fleet in real time. Our Clients can receive anywhere anytime immediate updates and alerts on mobile for prompt action and control of their productivity.

With our wide-range of Production Presses and bouquet of Software Solutions, we endeavour to ensure seamless productivity for our Graphic Communications clients.

PAPER

The Company do not sell paper anymore and the said activity has been stopped during the financial year 2024-2025.

CUSTOMER SERVICE

We have introduced several initiatives over the last few years to enhance our service levels, drive a better customer and partner experience, and help us expand our remote coverage. We have taken steps to increase customer retention and usage of our products.

We collate ongoing feedback from customers through regular surveys. We take actions to align our deliverables to best suit customer requirements. We have seen continuous improvement on customer satisfaction levels.

Our service represents a significant competitive advantage supported by seasoned technical specialists equipped with unique and world-class diagnostic tools. We drive a culture of continuous learning to further support our customers. We have also created e-learning platforms with special focus on developing our partner technical team's skillset through face-to-face training and the enhanced usage of Global Partner Program for online training.

We drove modernization including auto supplies replenishment, resulting in enhanced customer experience. In addition, we ensured that customer escalations and queries are monitored through a work-flow for a timely closure. Further, we have introduced a remote solve program to increase device uptime.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

As a socially responsible Corporate Citizen, Xerox India has continuously endeavoured to contribute to inclusive growth by undertaking a range of initiatives to address key challenges related to sustainable development in the country. Xerox India's CSR initiatives and activities are aligned to the requirements of Section 135 of the Act and the Rules made thereunder. In conjunction with partner organisations, we have been undertaking various initiatives over the years in the areas of education, community healthcare, women empowerment, skill-building and environmental sustainability and exploring employability opportunities in the society at large.

The brief outline of the Board's approved Corporate Social Responsibility Policy of the Company and the initiatives undertaken by the Company during the year under Report are set out in **Annexure – I** of the Annual Report in the format prescribed pursuant to the Companies (Corporate Social Responsibility Policy) Rules, 2014 (as amended and as in force for the time being). HUMAN RESOURCES DEVELOPMENT

Embracing Diversity, Driving Innovation: Xerox's People-Centric Vision

At Xerox, we deeply recognize the value of a global, diverse, and inclusive workforce. Every day, thousands of our employees across the world demonstrate our commitment to fostering a respectful, empowering, and collaborative environment—where every individual feels valued and inspired to contribute to our collective success.

Diversity of background, experience, and thought sparks innovation, strengthens teams, and drives a high-performance culture. Our pledge to equal pay for equal work and inclusive talent development reflects our dedication to building a dynamic, skilled, and engaged workforce at every level of the organization.

Creating a Culture of Growth and Agility

We are continuously evolving our structures and processes to meet the changing needs of our business. Our goal is to build a more agile, customer-focused organization—one that thrives on transformation and consistently delivers profitable and sustainable growth.

At the heart of this evolution is our ongoing Xerox Reinvention, which positions the company for long-term success. Throughout this journey, we have made significant progress in promoting employee well-being, mentorship, and career development, cultivating a workplace where everyone feels supported, empowered, and equipped to succeed. This inclusive foundation drives innovation, collaboration, and organizational excellence.

Advancing through HR Transformation and Digitalization

Our focus on HR transformation and digitalization continued into 2024. We enhanced our Performance Management Process (PMP) to embed desired behaviors and ensure accountability. Key improvements included the introduction of:

- 360-degree feedback
- Calibration sessions
- A five-point rating scale for fairer, more comprehensive evaluations

These enhancements help reduce bias and promote consistency in performance assessments.

Empowering Talent through TEK

In 2024, we launched the Talent, Education, and Knowledge (TEK) initiative—designed to unlock growth and nurture excellence across the organization. Key elements include:

- A skills taxonomy to enable workforce development
- Gamified learning and assessments
- Communities of practice for experience sharing
- Tools for career mobility and planning
- AI-driven workforce mapping to align skills with strategic goals

India-Focused Employee Engagement & CSR

In India, we have continued to invest in employee well-being and engagement, delivering dedicated sessions for all employees. Our Employee Resource Groups (ERGs) have played a pivotal role in building inclusive networks, fostering personal growth, and supporting professional development.

We also maintained a strong commitment to Corporate Social Responsibility (CSR), ensuring our initiatives contribute meaningfully to our communities and align with our values.

Supporting Career Mobility and Leadership Growth

We understand that career mobility is vital for employee development and retention. Xerox offers numerous advancement pathways and leadership development programs tailored to different stages of the talent journey—from early-career professionals to high-potential leaders. These efforts have positively impacted our employee retention, which remains consistently strong.

The aggregate number of employees on-roll as on 31st March 2025 is 208 whereas there were 242 on-roll employees as on 31st March 2024.

Nomination and Remuneration Policy

INTRODUCTION:

In pursuance of the Company's policy to consider human resources as its invaluable assets, to pay equitable remuneration to all Directors, Key Managerial Personnel's (KMP's) and employees of the Company based on skill, experience, industry standards and Company's performance, to harmonize the aspirations of human resources consistent with the goals of the Company and in terms of prevailing provisions of the Companies Act, 2013, Nomination and Remuneration Policy (hereinafter referred to as the "Policy") for Directors, Key Managerial Personnel and Senior Management has been formulated by the Nomination and Remuneration Committee and approved by the Board of Directors.

Objective and purpose of the Policy:

The objective and purpose of this policy are:

- To lay down criteria and terms & conditions with regard to identifying person(s) who are qualified to become Directors (both Executive and Non-Executive) and persons who may be appointed in Senior management and Key Managerial positions and to determine their remuneration.
- To determine remuneration based on the Company's size and financial position and trends and practices on remuneration prevailing in peer companies, in the sector engaged in the business of trading of Xerographic equipments. In addition to above, experience of concerned person(s) or contribution to achieve the Company's objective will also be considered.
- To carry out evaluation of the performance of Company's Directors, as well as Key Managerial and Senior Management Personnel.
- To provide them reward linked directly to their effort, performance, dedication and achievement relating to the Company's operations and growth.
- To retain, motivate and promote talent and to ensure long term sustainability of talented Managerial person(s) & employee(s) and create competitive advantage.

Considering the aforesaid objective, future prospect and growth of the Company, this Policy has been formulated by the Nomination and Remuneration Committee and adopted by the Board of Directors at its meeting held on 03 March, 2015.

The key features of the Nomination & Remuneration Policy are as under:

PART- A

MATTERS TO BE DEALT WITH, PERUSED AND RECOMMENDED TO THE BOARD BY THE NOMINATION AND REMUNERATION COMMITTEE

The Committee shall:

- i) Formulate the criteria for determining qualifications, positive attributes and independence of a director.
- ii) Identify person(s) who are qualified and eligible to become Director (Executive, Non-Executive viz. Independent or Non- Independent) and persons who may be appointed in Key Managerial and Senior Management positions in accordance with the criteria laid down in this Policy.
- iii) Recommend to the Board, appointment and removal of Director, KMP's and Senior Management Personnel.

PART- B

POLICY FOR APPOINTMENT AND REMOVAL OF DIRECTOR, KMP's AND SENIOR MANAGEMENT

Appointment criteria and qualifications:

- i) Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person(s) for appointment as Director, KMP's or at Senior Management level and recommend to the Board his / her appointment.
- ii) A person should possess adequate qualification, expertise and experience for the position he / she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person is sufficient / satisfactory for the concerned position in the best interest of the Company.

- iii) The Company shall not appoint or continue the employment of any person as Managing Director/Whole time Director who has attained the age of seventy years (70 years). Provided however that the term of the person holding such position may be extended beyond the age of seventy years (70 Years) with the approval of shareholders by passing a special resolution based on the explanatory statement annexed to the notice for such motion indicating the justification for extension of appointment beyond seventy years.

TERM/ TENURE:

Managing Director/Whole-time Director:

The Company shall appoint or re-appoint any person as its Executive Chairman, Managing Director or Executive Director for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of term.

Independent Director:

An Independent Director shall hold office for a term up to five consecutive years on the Board of the Company and will be eligible for re-appointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.

No Independent Director shall hold office for more than two consecutive terms, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided however that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly.

At the time of appointment of Independent Director it should be ensured that number of Boards on which such Independent Director serves is restricted to seven listed companies as an Independent Director and three listed companies as an Independent Director in case such person is serving as a Whole-time Director of a listed company.

Evaluation of Performance:

The Committee shall carry out evaluation of performance of every Director, KMP's and Senior Management personnel at regular interval.

Removal:

Due to reasons for any disqualification mentioned in the Companies Act, 2013 & rules made thereunder or under any other applicable Act, rules and regulations or otherwise as the Committee and Board may think fit in the best interest of the Company, the Committee may recommend, to the Board with reasons recorded in writing, removal of any Director, KMP's or Senior Management Personnel subject to the provisions and compliance of the applicable Act, rules and regulations made there under.

Retirement:

The Director, KMP and Senior Management Personnel shall retire as per the applicable provisions of the Companies Act, 2013 and the prevailing policy of the Company. The Board will have the discretion to retain the Director, KMP's, Senior Management Personnel in the same position / remuneration or otherwise even after attaining the retirement age, for the best interest and benefit of the Company.

PART- C

POLICY RELATING TO THE REMUNERATION FOR THE MANAGING DIRECTOR, WHOLE-TIME DIRECTOR, KMP AND SENIOR MANAGEMENT PERSONNEL

General:

- (i) The remuneration / compensation / commission etc. to the Managing Director, Whole-time Director and KMP's will be determined by the Committee and recommended to the Board for approval. However, the remuneration/ compensation/ commission etc. to the Managing Director and Whole-time Director, shall be subject to the prior/post approval of the shareholders of the Company and Central Government, wherever required. Independent Auditor's Report

To the Members of Xerox India Limited

Report on the Audit of the Financial Statements

OPINION

We have audited the accompanying financial statements of Xerox India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss, including Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit (including other comprehensive income), changes in equity and cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

EMPHASIS OF MATTER

We draw attention to Note 45 of the financial statements in respect of the investigation proceedings undertaken by the Directorate of Enforcement relating to "Cash and carry wholesale trading" activities that were undertaken by the Company during the period 2000 to 2003 and consequent non-compliances with certain provisions of the Foreign Exchange Management Act, 1999, the outcome of which in terms of financial liability, if any cannot be reliably estimated, pending disposal of the Company's representations made to the Department for Promotion of Industry and Internal Trade (DPIIT). Accordingly, no adjustments have been made to the financial statements of the Company for the year ended March 31, 2025.

Our opinion is not modified in respect of this matter.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's Annual Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under

Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Financial Statements.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Sub-section (11) of Section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(h)(vi) below on reporting under Rule 11(g).
 - (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(b) above on reporting under Section 143(3)(b) and paragraph 2 (h) (vi) below on reporting under Rule 11(g).
 - (g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 20, 37 and 45 to the financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses. Refer Note 55 to the financial statements.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company – Refer Note 53 to the financial statements.

- iv. a. The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 56(v)(i) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - b. The Management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 56(v)(ii) to the financial statements, no funds have been received by the Company from any person or entity, including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - c. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above, contain any material misstatement.
 - v. The interim dividend declared and paid by the Company until the date of this audit report is in accordance with Section 123 of the Act.
 - vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account during the year ended March 31, 2025, which has a feature of recording audit trail (edit log) facility, except that audit trail feature is not enabled in certain transaction tables at the application levels.

The audit trail facility which has been enabled, as explained above, has been operated throughout the year for all relevant transactions recorded in the accounting software. Further, during the course of our examination, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail of prior year has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in previous year.
3. In our opinion, according to information and explanations given to us, the remuneration paid/provided by the Company to its directors is within the limits laid prescribed under Section 197 read with Schedule V of the Act and the Rules thereunder.

Annexure A to The Independent Auditor's Report on Even Date on The Financial Statements of Xerox India Limited for The Year Ended March 31, 2025.

Auditor's Responsibilities for the Audit of the Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure B to Independent Auditors' Report of Even Date on The Financial Statements of Xerox India Limited for The Year Ended March 31, 2025.

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report

- i. (a) A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment, Investment Property and relevant details of Right-of-Use assets.
B. The Company has maintained proper records showing full particulars of intangible assets.
- (b) Property, Plant and Equipment, Investment Property and right-of-use assets were physically verified by the management according to a phased programme designed to cover all items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of property, plant and equipment have been physically verified by Management during the year. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us, the Company has not revalued its Property, Plant and Equipment (including Investment Property and right-of-use assets) and its Intangible Assets during the year. Accordingly, the provisions stated under clause 3(i)(d) of the Order are not applicable to the Company.
- (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988, as amended and Rules made thereunder. Accordingly, the provisions stated under clause 3(i)(e) of the Order are not applicable to the Company.
- ii. (a) The inventory (excluding stocks with third parties and stocks-in-transit) has been physically verified by the management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them and in respect of goods in transit, the goods have been received subsequent to the year end. In our opinion, the frequency, coverage and procedure of such verification is reasonable and appropriate, having regard to the size of the Company and the nature of its operations. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.
- (b) During the year, the Company has not been sanctioned working capital limits in excess of Rs. 5 Crores in aggregate from Banks/ Financial Institutions on the basis of security of current assets. Hence, reporting under the clause 3(ii)(b) is not applicable.
- iii. According to the information and explanations provided to us, the Company has not made any investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the provisions stated under clause 3(iii) of the Order are not applicable to the Company.
- iv. According to the information and explanations given to us, there are no loans, investments, guarantees, and security in respect of which provisions of Sections 185 and 186 of the Act, are applicable and accordingly, the requirement to report under clause 3(iv) of the Order is not applicable to the Company.
- v. According to the information and explanations given to us, the Company has neither accepted any deposits from the public nor any amounts which are deemed to be deposits, within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under. Accordingly, the requirement to report under clause 3(v) of the Order is not applicable to the Company.
- vi. Annexure C To The Independent Auditor's Report of Even Date on The Financial Statements of Xerox India Limited For The Year Ended March 31, 2025

Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Xerox India Limited on the Financial Statements for the year ended March 31, 2025

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Xerox India Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

OPINION

In our opinion, the Company, has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI').

MANAGEMENTS' AND BOARD OF DIRECTOR'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the

transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

1. COMPANY INFORMATION

Xerox India Limited ('the Company') was incorporated in India on December 29, 1995 and is engaged in the business of trading of xerographic equipment, multifunction devices, laser printers, systems, consumables, paper and providing after-sales services of machines sold which include servicing, repairing and selling spare parts. The registered office of the Company is located at 6th Floor, Block 1, Vatika Business Park, Sohna Road, Gurugram, Haryana. The Company is a Public Limited Company ultimately controlled by Xerox Holdings Corporation, USA.

The accompanying financial statements reflect the results of the activities undertaken by the Company during the year ended March 31, 2025.

2. MATERIAL ACCOUNTING POLICIES

2.1 Basis of preparation of financial statements

These financial statements are prepared in accordance with Indian Accounting Standards (IND AS), as notified by the Ministry of Corporate Affairs (MCA) under section 133 of the Companies Act, 2013 ("the Act") read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Basis of measurement

The financial statements have been prepared on the accrual and going concern basis and the historical cost convention except for the following as required under Ind AS:

- Certain financial assets and liabilities (including derivative instruments) is measured at fair value;
- Defined benefit plans - plan assets measured at fair value;
- Share based payments; and
- Right of use assets accounted as per Ind AS 116.

2.3 Use of estimates

The preparation of financial statements requires the management of the Company to make judgements, estimates and assumptions in conformity with the applicable accounting principles in India that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Example of such estimates include provisions for doubtful debts, employee retirement benefit plans, provision for warranty, provision for taxes and the useful life of fixed assets.

2.4 Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current when it is expected to be realised or intended to be sold or consumed in normal operating cycle, held primarily for the purpose of trading, expected to be realised within twelve months after the reporting period.

A liability is classified as current when it is expected to be settled in normal operating cycle, it is held primarily for the purpose of trading, it is due to be settled within twelve months after the reporting period, or there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

2.5 Property, plant and equipment

An item is recognised as an asset, if and only if, it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. Property, plant and equipment are stated at acquisition cost (including non-refundable duties and taxes), accumulated depreciation and accumulated impairment losses, if any. Cost includes original cost of

Notes to the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

acquisition and includes expenses incidental to such acquisition. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Freehold land is carried at historical cost.

Items of property, plant and equipment that have been retired from active use and are held for disposal are stated at the lower of their net book value and net realisable value and are shown separately in the financial statements under other non-current Assets (refer note 44).

Losses, if any, arising from the retirement of, and gains or losses arising from disposal of property, plant and equipment are recognised in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress" separately in Balance Sheet.

2.6 Intangible assets

Intangibles assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on a straight-line basis over their estimated useful lives.

2.7 Depreciation and amortisation

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful life or in case of leasehold improvements, over the shorter of lease term and the estimated useful life. The Company provides depreciation basis its useful life determined on technical evaluation which matches with the useful life as prescribed in Schedule II of Companies Act 2013. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting year.

Estimated useful life of property, plant, equipment and intangibles are as follows:

Assets	Useful Lives (in years)
Equipment given on operating lease	5
Leasehold improvements	Life of lease or 5 years, whichever is shorter
Buildings	60
Furniture, fixtures and equipment	10
Vehicles	8
Office equipment	5
Computers	3
Software	2-7

Depreciation on addition to assets is provided on pro-rata basis from the date of asset put to use. Depreciation on disposal from assets is provided for up to the date of disposal.

2.8 Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

2.9 Impairment of assets

Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable

Notes to the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash generating units).

2.10 Inventories

Inventories are stated at lower of cost and net realisable value. The basis for determination of cost of various categories of inventory is as follows:

<u>Inventory Type</u>	<u>Method of cost determination</u>
Finished goods – Trade	Weighted average
Components for sales and service of field	
Machines	Weighted average
Loose tools	Weighted average

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

Spare parts are either consumed for rendering services or held as merchandise for sale, hence considered as inventory.

The recoverability of inventories including loose tools, components for sale and service of field machines held to support servicing of discontinued/ obsolete/ dormant models, is periodically reviewed and provision for obsolescence is recorded for the difference between net realisable values and carrying value.

2.11 Foreign currency transactions

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transaction and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in profit or loss.

(iii) Translation of foreign branch

The results and financial position of foreign branch that has a functional currency different from the presentation currency is translated into the presentation currency as follows:

- Assets and liabilities are translated at the closing rate at the date of that balance sheet
- Income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), and
- All resulting exchange differences are recognised in other comprehensive income.

2.12 Revenue recognition

Revenue is recognized upon transfer of control of promised products or services to customers for an amount that reflects the consideration the Company expects to receive in exchange for those products or services after deduction of any trade discounts, volume rebates and taxes or duties collected on behalf of government such goods and service tax etc.

Equipment: Revenues from the sale of equipment directly to end customers, including those from finance leases, are recognized when obligations under the terms of a contract with the customer are satisfied and control has been transferred to the customer. For equipment placements that require the Company to install the product at the customer location, revenue is normally recognized

Notes to the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

when the equipment has been delivered and installed at the customer location. Sales of customer installable products are recognized upon shipment or receipt by the customer, according to the customer's shipping terms. Revenue from the equipment performance obligation also includes certain analyst training services performed in connection with the installation or delivery of the equipment.

The Company utilize distributors and resellers to sell equipment, supplies to end-user customers. The Company refers to distributor and reseller network as their two-tier distribution model. Revenues on sales to distributors and resellers are generally recognized when products are shipped to such distributors and resellers. However, revenue is only recognized when the distributor or reseller has economic substance apart from the Company such that collectability is probable and the Company has no further obligations related to bringing about the resale, delivery or installation of the product that would impact transfer of control. Revenue that may be subject to reversal due to contractual terms or uncertainties is not recorded as revenue until the contractual provisions lapse or uncertainties are resolved.

Distributors and resellers participate in various rebate, price-protection, cooperative marketing and other programs and the Company estimate the variable consideration associated with these programs and record those amounts as a reduction from revenue when the sales occur. Similarly, the Company accounts forestimates of sales returns and other allowances when the sales occur based on historical experience.

Maintenance services: The Company provide maintenance agreements on equipment that include service and supplies for which the customer may pay a base minimum plus a price-per-page charge for usage. In arrangements that include minimums, those minimums are normally set below the customer's estimated page volumes and are not considered substantive. The Company normally account for these maintenance agreements as a single performance obligation for printing services being delivered in a series with delivery being measured by usage as billed to the customer. Accordingly, revenue on these agreements are normally recognized as billed to the customer over the term of the agreements based on page volumes. A substantial portion of products are sold with full service maintenance agreements, accordingly, other than the product warranty obligations associated with certain entry level products, where the Company does not have any significant warranty obligations, including any obligations under customer satisfaction programs.

Bundled lease arrangements: Company also sell equipment to end customers through bundled lease arrangements that typically include equipment, maintenance and financing components for which the customer pays a single fixed minimum monthly payment for all elements over the contractual lease term. These arrangements also typically include an incremental, variable component for page volumes in excess of contractual page volume minimums, which are often expressed in terms of price-per-page. The fixed minimum monthly payments are multiplied by the number of months in the contract term to arrive at the total fixed minimum payments that the customer is obligated to make (fixed payments) over the lease term. Revenues under bundled arrangements are allocated using the residual method.

Lease deliverables include the equipment, financing, maintenance and other executory costs, while non-lease deliverables generally consist of the supplies and non-maintenance services. The allocation for the lease deliverables begins by allocating revenues to the equipment plus a profit thereon. Finance income is recognized over the period of the lease at the rate implicit in the lease. The remaining charges are allocated towards other elements using residual approach. These other elements are generally recognized over the term of the lease as service revenue.

Supplies: Supplies revenue is recognized upon transfer of control to the customer, generally upon utilization or shipment to the customer, in accordance with the sales contract terms.

Software support services and business support services are rendered to overseas affiliates of the Company. Revenue from such contracts are recognised on cost plus margin in accordance with the terms of the agreement entered between the Company and these affiliates.

Revenue from extended warranty: Revenue from extended warranty is recognised over the period of warranty.

Revenue from fixed price contracts: Where there is no uncertainty as to measurement or collectability of consideration, revenue is recognised based upon the percentage of completion method. When there is uncertainty about measurement or ultimate collectability, revenue recognition is deferred until such uncertainty is resolved.

The Company recognises contract liabilities for consideration received in respect of unsatisfied performance obligations and reports these amounts as other liabilities. Similarly, if the Company satisfies a performance obligation before it receives the consideration, the Company recognises either a contract asset or a receivable, depending on whether something other than the passage of time is required before the consideration is due. The Company also recognises an asset from the costs incurred to fulfil a contract only

Notes to the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

if those assets are expected to be recovered in future. If the recoverability is doubtful, such costs have been expensed in profit and loss account.

Interest on refund of income tax is recognised on actual realisation.

Government grants: Exports incentives under various schemes are recognised under the head of "Miscellaneous income" when there is a reasonable assurance that all the conditions attached to it have been complied and the incentives will be received.

2.13 Employee benefits

Short-term obligations:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Other long-term employee benefit obligations:

The liabilities for earned leave not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

The liabilities for retention bonus is recognised at discounted value over the vesting period.

Post-employment obligations

The Company operates the following post-employment schemes:

- (a) Defined benefit plans (gratuity and provident fund); and
- (b) Defined contribution plans (superannuation plan).

Gratuity: Benefits payable to eligible employees of the Company with respect to gratuity, a defined benefit plan is accounted for on the basis of an actuarial valuation on the projected unit credit (PUC) method adjusted for past service and fair value of plan assets as at the balance sheet date. The Company contributes all the ascertained liabilities to a fund maintained by a trust set up by the Company and administered by a board of trustees, which has taken Gratuity cum insurance policies with the Life Insurance Corporation of India to cover the gratuity liability of the employees.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. Interest cost along with current service cost is included in employee benefit expense in the statement of profit and loss. Premeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability.

Provident fund: In accordance with the provisions of the Employees Provident Funds and Miscellaneous Provisions Act, 1952, eligible employees of the Company are entitled to receive benefits with respect to provident fund, a defined benefit plan in which both the Company and the employee contribute monthly at a determined rate. These contributions are made to a fund maintained by a trust set up by the Company and administered by the Board of Trustees. The Company's liability is actuarially determined (using Projected Unit Credit method) at the end of the year and any shortfall in the fund size maintained by the trust set up by the Company is additionally provided for.

Superannuation: Benefits payable to eligible employees of the Company under the superannuation plan, a defined contribution plan is accounted for on the basis of contributions calculated at a specified percentage (at present 13%) of salary paid to the employees.

Notes to the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

The Company contributes all the ascertained liabilities to a fund set up by the Company and administered by a board of trustees, which has taken a policy with Life Insurance Corporation of India to cover such liability.

Termination benefits: Termination benefits are recognised in the Statement of Profit and Loss as and when incurred.

Group settled share based payments: Share-based compensation benefits are provided to employees via equity settled stock options granted under Award Plans of Xerox Corporation, USA

The fair value of awards granted under Employee Stock Option Plans are cross charged to the Company by Xerox Corporation USA and is recognized as an employee benefits expense with a corresponding credit to Xerox Corporation USA. The total amount to be expensed is determined by reference to the fair value of the options granted:

- Including any market performance conditions
- Excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the Company over a specified time period), and
- Including the impact of any non-vesting conditions (e.g. the requirement for employees to save or holdings shares for a specific period of time)

The total expense is recognized over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the Company revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognizes the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to the liability.

2.14 Income tax

Current tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company and its branches operate and generate taxable income. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the Statement of Profit and Loss is recognised outside the Statement of Profit and Loss. Deferred tax items are recognised in correlation to the underlying transaction either in Other Comprehensive Income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxation authority.

The Company has evaluated the applicability of "Appendix C to Ind AS 12-Uncertainty over income tax treatments". It has no material impact on financial statements.

2.15 Provisions and contingent liabilities

Provisions: A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

Notes to the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.16 Lease

As a lessee

The Company has adopted Ind AS 116-Leases effective 1st April, 2019, using the modified retrospective method. The Company has applied the standard to its leases by recognizing right-of-use asset equivalent to an amount of corresponding lease liability adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the statement of financial position immediately before the date of initial application. Accordingly, previous period information has not been restated. The Company's lease asset classes primarily consist of leases for Office Buildings. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company determines the lease term as the non-cancellable period of a lease, along with assessing the reasonable certainty of exercising the renewal option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (shortterm leases) and leases of low value assets. For these shortterm and leases of low value assets, the Company recognises the lease payments as an operating expense on a straightline basis over the term of the lease. The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. Lease liability and ROU asset have been separately presented in the balance sheet and lease payments have been classified as financing cash flows.

The Company has combined two or more contracts where the substance of multiple legal agreements entered into at or near the same time with the same counterparty (or parties related to the counterparty) might only be understood when viewed as a single, composite contract.

As a Lessor

Global document outsourcing contract in the nature of embedded lease where the minimum lease term is for the major part of the assets economic life and the minimum lease payments amounts to substantially all the fair value of the assets are considered as a Finance Lease. Other embedded leases are considered as Operating Lease.

For embedded leases in the nature of a Finance Lease, the equipment's fair value is recognised as a Lease Receivable. The minimum lease payments are identified by segregating the embedded lease payments from the rest of the payments as per the contract. Each lease receipt is allocated between the receivable and finance lease income so as to achieve a constant rate on the Lease Receivable outstanding.

Notes to the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

In the case of Operating Leases or embedded operating leases, the lease income from the operating lease is recognised in revenue over the lease term to reflect the pattern of use benefit derived from the leased asset. The respective leased assets are included in the Balance Sheet based on their nature and depreciated over its economic life.

2.17 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.18 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.19 Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, net of any expected credit losses.

2.20 Other financial assets

Classification - The Company classifies its financial assets in the following measurement categories:

- Fair value through other comprehensive income (FVOCI),
- Fair value through profit and loss,
- At amortised cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Impairment of financial assets

The Company assesses impairment based on past history of recovery, credit worthiness of the counter party adjusted with forward looking estimates associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach required by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily de-recognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Notes to the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

2.21 Derivatives

The Company enters into certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss and are included in other gains/(losses).

2.22 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The board of directors has been identified as being the chief operating decision maker. Refer note 52 for segment information presented.

2.23 Standards (including amendments) issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENT

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldomly equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies that affect the reported amounts of assets, liabilities, income and expenses. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

- Recognition of revenue – Refer note 28
- Estimation of provision for direct tax, indirect tax and other legal matters-Refer note 20
- Estimation of defined benefit obligation - Refer Note 32 and 39

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

f. Capital Reduction

The Board of Directors of the Company, at its meeting held on September 22, 2022, had approved a proposal for the reduction of issued, subscribed and paid-up equity share capital of the Company from Rs. 4,480.80 lacs to Rs. 4,331.10 lacs by way of paying off, cancelling and extinguishing 14,96,973 fully paid up equity shares of Rs. 10/- each of the Company held by the public shareholders ("Capital Reduction") in accordance with Section 66 of the Companies Act, 2013 read with National Company Law Tribunal (Procedure for Reduction of Share Capital of Company) Rules, 2006 (including any amendment or re-enactment thereof from time to time). The aforesaid Capital Reduction is subject to an approval by the Hon'ble National Company Law Tribunal ("NCLT").

The aforesaid proposal of Capital Reduction has been duly approved by the shareholders of the Company by way of passing the requisite Special Resolution on November 09, 2022 through the process of Postal Ballot, results of which were declared on November 11, 2022, subsequent to which an application was filed by the Company with the Hon'ble Chandigarh Bench of NCLT on December 21, 2022. The proceedings before NCLT on the aforesaid application is yet to be concluded.

g. Distribution made and proposed

Subsequent to the year end, the Board of directors in their meeting held on May 7, 2025 has approved the interim dividend for the financial year 2024-25 amounting to Rs. 8,961.60 lacs @ Rs. 20 per equity share. The aforesaid amount has been deposited in separate bank account on May 12, 2025. Further, as this interim dividend has been declared after the year end but before the financial statements approved by the Directors, it has not been recognised as a liability at the end of the year because no obligation exists at that time and will be recognised in the next financial year 2025-26.

Critical judgement in calculating amount:

Other provisions includes provisions made mainly for probable claims arising out of certain indirect tax, direct tax and legal matters under various statutes. These estimates take into account the specific circumstances of each matter and relevant external advice, are inherently judgmental and could change substantially over time as each matter progresses. The ultimate liability for claims may vary from the amounts provided and is dependent upon the outcome of the relevant proceedings, change in circumstances and there can be no assurance that the ultimate result will not differ from the provisions reported in the Company's financial statements by a material amount. The timing and probability of the outflow and expected reimbursements if any with regard to these matters, depends on the ultimate settlement / conclusion of these matters.

Critical judgements in calculating amounts

Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. Accruals are made at the time of sale for the estimated rebates, discounts or allowances payable or returns to be made, based on available market information current and projected, historical experience and contractual and legal obligations. The level of accrual is reviewed and adjusted regularly in the light of past experience, projected market conditions etc. Because the amounts are estimated it may differ from the final outcome, which could affect the future results of the Company.

Notes forming part of the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

Transaction price allocated to the remaining performance obligations

Transaction price is the expected consideration to be received in exchange for transferring goods or services, to the extent that it is highly probable that there will not be a significant reversal of revenue.

Reconciliation of revenue recognised with the contracted price is as follows:

	Year ended March 31, 2025	Year ended March 31, 2024
Contracted price	48,802.32	46,552.93
Adjustments for :		
Cash discounts	(44.68)	(57.19)
Trade and volume discounts	(3,620.62)	(2,546.47)
Extended warranty	35.72	14.24
Revenue recognised	45,172.74	43,963.51

Disaggregation of Revenue: Revenue is disaggregated by product group and by geography. This is consistent with the revenue information that is disclosed for each reportable segment under Ind AS 108 (refer note 52).

Timing of Revenue Recognition: Revenue from Sale of products is transferred to the customers at a point in time, whereas revenue from sale of services is transferred over a period of time.

Trade Receivables and Contract Balances

The Company classifies the right to consideration in exchange for deliverables either as receivable or as Contract Asset. A receivable is a right to consideration that is unconditional upon passage of time. Contract assets consist of unbilled revenue. Contract liabilities consist of deferred revenue and advance from customers.

Movement in Deferred revenue is as follows:

	Year ended March 31, 2025	Year ended March 31, 2024
Balance at the beginning of the year	556.11	315.21
Revenue recognised out of the deferred balance at the beginning of the year	(220.62)	(299.34)
Increase due to invoicing during the year yet to be recognised at the end of the year	275.10	540.24
Balance at the end of the year	610.59	556.11

Movement in Unbilled Revenue is as follows:

	Year ended March 31, 2025	Year ended March 31, 2024
Balance at the beginning of the year	1,123.78	1,211.20
Invoiced raised during the current year out of the balance at the beginning of the year	(811.21)	(898.45)
Revenue recognised in current year as unbilled revenue	642.22	811.03

* During the current year, the Company has sold its paper business to an unrelated party at a consideration of Rs. 167.80 lacs towards transfer of legal and beneficial ownership in local paper business. Further, the management assessed that as the business segment did not constitute a major line of business or geographical area of operations of the Company, this sale will not qualify the criteria of a discontinued operation as per Ind AS 105 – Non-current Assets Held for Sale and Discontinued Operations and therefore, the sale of paper business has not been presented separately as a discontinued operation in these financial statements.

39. EMPLOYEE BENEFITS PAYABLE

a) Leave encashment

The leave obligations cover the Company's liability for earned leave. Based on past experience, the Company does not expect all employees to avail the full amount of accrued leave or require payment for such leave within the next 12 months.

b) Defined benefit plans

Provident fund: Provident fund for employees is managed by the Company through the "Xerox India Employees' Provident Fund Trust", in line with the Provident Fund and Miscellaneous Provisions Act, 1952. The plan guarantees interest at the rate notified by the Provident Fund Authorities. The contribution by the employer and employee together with the interest accumulated thereon are payable to employees at the time of their separation from the Company or retirement, whichever is earlier. The benefits vest immediately on rendering of the services by the employee.

Gratuity: Gratuity for the eligible employees is managed by contributing all ascertained liabilities to a fund set up by the Company and administered by a board of trustees, which has taken three Gratuity cum insurance policies with the Life Insurance Corporation of India to cover the gratuity liability of the employees. Every employee is entitled to a benefit in line with the Payment of Gratuity Act, 1972, which is payable at the time of separation from the Company or retirement, whichever is earlier. The benefit vest after five years of continuous service.

Notes forming part of the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

Significant estimates: actuarial assumptions and sensitivity

The significant actuarial assumptions were as follows:

	As at March 31, 2025	As at March 31, 2024
Gratuity		
Discount rate	6.79%	7.21%
Salary growth rate	6.00%	6.00%
Provident fund		
Discount rate	6.79%	7.21%
Expected statutory rate on ledger balance	8.25%	8.25%
Expected shortfall in interest rate	0.10%	0.10%

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	Gratuity	Provident Fund
	As at March 31, 2025	As at March 31, 2025
Impact of Change in discount rate		
Present Value of Obligation at the end of period	751.37	8,129.02
1) impact due to 0.5% increase	(14.53)	(0.49)
2) impact due to 0.5% decrease	15.12	0.50
Impact of Change in salary growth rate		
Present Value of Obligation at the end of period	751.37	
1) impact due to 0.5% increase	15.17	
2) impact due to 0.5% decrease	(14.70)	

	As at March 31, 2024	As at March 31, 2024
Impact of Change in discount rate	744.29	7,829.62
1) impact due to 0.5% increase	(15.48)	(0.40)
2) impact due to 0.5% decrease	16.12	0.42
Impact of Change in salary growth rate	744.29	
1) impact due to 0.5% increase	16.23	
2) impact due to 0.5% decrease	(15.72)	

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

The major categories of plans assets for Provident Fund are as follows:

	As at March 31, 2025	As at March 31, 2024
Government securities (Central & state)	52%	50%
Equity shares of listed Companies	4%	3%
Fixed deposits under special deposit scheme of central government	12%	14%
Public sector unit bonds	32%	33%
Others	0%*	0%
	100%	100%

* Represents 0.02% of total plan assets.

Gratuity Plan Assets

The Company contributes all ascertained liabilities towards gratuity to the Xerox India Limited Group Gratuity Trust. Trustees administer contributions made to the Trust. As at March 31, 2025 and March 31, 2024, the plan assets have been invested in insurer-managed funds.

Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

- Salary Increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- Investment Risk – If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- Discount Rate : Reduction in discount rate in subsequent valuations can increase the plan's liability.
- Mortality & disability – Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- Withdrawals – Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

The Company's best estimate of contribution for the year ending March 31, 2025 towards Gratuity is Rs.9.09 lacs and towards Provident Fund is Rs.154.09 lacs.

The weighted average duration of Gratuity is 5.50 years (March 31, 2024 – 5.73 years). The weighted average duration of provident fund is 5.50 years (March 31, 2024 – 5.73 years). The expected maturity analysis of undiscounted gratuity and provident fund is as follows:

	Less than a year	Between 1 - 2 years	Between 2 - 5 years	Over 5 years	Total
March 31, 2025					
Defined benefit obligation (gratuity)	147.82	118.32	243.51	241.72	751.37

The Code on Social Security 2020 ('the Code') relating to employee benefits, during the employment and post-employment, has received Presidential assent on September 28, 2020. The Code has been published in the Gazette of India. Further, the Ministry of Labour and Employment has released draft rules for the Code on November 13, 2020. However, the effective date from which the changes are applicable is yet to be notified and rules for quantifying the financial impact are also not yet issued.

The Company will assess the impact of the Code and will give appropriate impact in the financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

44. RAMPUR CLOSURE:

Pursuant to the approval of the shareholders of the Company in their Extra-Ordinary General Meeting held on March 25, 2010 for disposal of Rampur undertaking, the Company closed the said undertaking w.e.f. March 31, 2010 and accordingly, initiated the process for its disposal. The said disposal was subject to entering into definitive agreements and obtaining of regulatory approvals thereof.

During FY 2011-12, the Company entered into an agreement with Modipur Devices Pvt. Ltd. for sale of the aforesaid undertaking including the leasehold land, controlled land, freehold land, buildings and other assets at Rampur ("Assets") for an aggregate consideration of Rs.2250 Lacs, out of which Rs.1150 Lacs was received by the Company in the financial year 2011-12 and the balance in the financial year 2013-14. However, the sale of undertaking had not been recognised in the books pending registration of the deed of conveyance/sale deed or assignment of lease. The registration of the deed of conveyance/sale deed or assignment of lease was conditional upon the obtaining of necessary regulatory approval which has been awaited

In respect of the aforesaid leasehold land, the first tranche of lease (i.e. first 30 years out of the three tranches/sub-terms of total lease term for 90 years) granted by the relevant Government to the Company expired on September 20, 2015. However, much prior to the said expiry and thereafter also, the Company wrote several letters to the relevant Government department/authority requesting renewal/extension of the lease for the second tranche of 30 years as well as permission for assignment/transfer of leasehold land in favour of Modipur Devices Pvt. Ltd.

In March 2016, the Company received a letter from the concerned Government Department seeking explanation with respect to the renewal of the lease, which was appropriately replied by the Company in April 2016. During the FY 2016-17, the concerned

Notes forming part of the Financial Statements

Government Department announced a scheme (vide notification no. 10-638/77-3-16-9 dt. April 29, 2016) providing for conversion of leasehold land into freehold land. In order to achieve the objective of the aforesaid agreement, the Company, accordingly, applied to the concerned Government Department (vide its application dated July 14, 2016) for allowing conversion of the said leasehold land into freehold land as well as transfer of the said freehold land (upon conversion) in favour of Modipur Devices Pvt. Ltd. However, the concerned Government Department returned the conversion application with an advice to complete the process of renewal first and then re-apply. Thereafter, in the year 2019-2020, the Company received letters from the local administrative/government authorities seeking some clarifications/information/documents pertaining to the aforesaid lease, and the Company submitted its reply/ies to these letters.

In September 2021, a letter (checklist/questionnaire) was received from the UP Government (Jt. Secretary's office) on the matter of renewal of leasehold land and a response had been submitted with the aforesaid authority vide letter dated September 08, 2021.

In December 2023, the Commissioner has issued a Letter being Letter No. 90/23/2169/77-3-2023-31(BH)/1984, dated December 20, 2023 to the District Magistrate Rampur whereby he has conveyed the approval by the Hon'ble Governor of UP to grant the renewal/extension of the Lease dated 21.09.1985 for a period of 30 Years from September 21, 2015 to September 20, 2045 to Xerox India Limited.

Further, in May 2024 the renewed Lease Deed for the above mentioned period was signed and duly registered in the name of Xerox India Limited.

Pending legal transfer of the aforesaid lands in the name of transferee, the Assets (including leasehold land) of Rs.24.05 lacs attributable to the said undertaking have been classified as assets held for sale.

- 45.** Subsequent to the submission of the required information to the Directorate of Enforcement ("ED") during FY 2014-15 relating to the trading activities that were undertaken by the Company during the years 2000-2003, the Company (vide its letter dated September 8, 2014) requested the Reserve Bank of India ("RBI") for clarity on the approval requirement with respect to the aforesaid trading activities undertaken by the Company. In response to this, RBI had issued a letter dated November 23, 2016 to the Company stating that, in terms of Press Note 2 of 2000 dated February 11, 2000, Foreign Direct Investment ("FDI") in cash and carry wholesale trading activities required the prior approval of the Foreign Investment Promotion Board ("FIPB").

Pursuant to the aforesaid RBI letter, the Company submitted applications to the FIPB on December 29, 2016 and May 23, 2017 (which were processed by Department of Industrial Policy and Promotion ("DIPP")). However, both these applications were rejected, first by the FIPB on technical grounds vide its letter dated April 24, 2017 citing that the Company did not seek specific approval, and thereafter, by the DIPP vide its letter dated August 25, 2017 citing that no merit was found to change the earlier decision of the Government as communicated vide the abovesaid letter dated April 24, 2017.

In response to this, the Company had then submitted an application/re-presentation on November 24, 2017 seeking post facto approval to the aforesaid trading activities, which is still under process with the DIPP, now known as Department for Promotion of Industry and Internal Trade ("DPIIT").

Thereafter, the Company received a summons dated 5th March 2018 from the ED requiring appearance of the principal officer of the Company along with detailed information and documents with respect to wholesale and retail trading undertaken by the Company during the year 2000-2003 item-wise, value-wise and quantity-wise. However, since these were extremely old information and since the post-facto approval from the DPIIT seemed to be in the last leg, the Company sought extension till March 5, 2020. However, in the month of February 2020, the Company submitted the required information to the ED with a copy to DPIIT. In March 2020, the Company was asked by the ED to arrange appearance of its officer/s from the logistics and the import divisions, however, in light of the then prevailing COVID-19 Pandemic, the said appearance could not take place. Subsequently, the Company vide letter dated 24th November 2020, requested the ED to allow appearance and record of statement of the aforesaid officer through video conferencing. However, no response has been received by the Company since then to this request, and no information or further direction has been received by the Company from the ED on such requirement or on the way forward on this matter.

During the year, DPIIT portal is showing our application as closed though there is no update on status regarding approval or rejection of the application. Further, on inquiring from DPIIT, it was informed that they are awaiting directive from ED on this matter. Considering the above, based on the legal opinion with the Company, the management is of the view that an estimate of the financial liability on the Company cannot be determined with reasonable certainty at this point in time as the same may depend on various factors, including the view taken by the DPIIT in relation to the Company's re-presentation, the aggregate foreign investment

in the Company, the revenue and profits earned from the trading activities during the years 2000-2003 and the comments (if any) of the ED on the matter. Accordingly, no liability has been recognised by the Company in respect of this matter due to the uncertainties involved.

46. The Company has a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company appoints independent consultants for conducting a Transfer Pricing Study to determine whether the transactions with associate enterprises are undertaken, during the financial year, on an "arms length basis". Adjustments, if any, arising from the transfer pricing study shall be accounted for as and when the study is completed for the current financial year. However the management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation. The transfer pricing study for the financial year 2023-24 did not result in any adjustment.

47. EXPENDITURE ON CORPORATE SOCIAL RESPONSIBILITY ACTIVITIES

As per Section 135 of the Companies Act, 2013, a company, meeting the applicability threshold, needs to spend atleast 2% of its average net profit for the immediately preceding three financial years on corporate social responsibility (CSR) activities. A CSR committee has been formed by the company as per the Act. The funds were primarily allocated to a corpus and utilized throughout the year on CSR activities which are specified in Schedule VII of the Companies Act, 2013:

	For the year ended	
	March 31, 2025	March 31, 2024
i) Amount required to be spent by the company during the year	32.45	7.54
ii) Amount of expenditure incurred	32.45	7.54
iii) Shortfall at the end of the year	-	-
iv) Total of previous years shortfall	-	-
v) Reason of shortfall	NA	NA
vi) Nature of CSR Activities	Women empowerment, eradicating hunger, poverty and promoting education and vocational skills.	Prime Minister National Relief fund
vii) Details of related party transactions, e.g. contribution to trust controlled by company in relation to CSR	NA	NA
viii) where a provision is made with respect to a liability incurred by entering into a contractual obligation, the movements in the provision during the year shall be shown separately.	NA	NA

48. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to credit risk, liquidity risk and market risk. The Company's senior management oversees the management of these risks.

The Company's senior management ensures that financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities to protect the currency exposure risk are carried out by the team that have the appropriate skills, experience and supervision.

(A) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and from its financial activities including deposits with banks. The carrying amounts of financial assets represent the maximum credit risk exposure.

Trade receivables, Contract assets and Finance lease receivables

Notes forming part of the Financial Statements

[All figures in Rs. lacs, unless otherwise stated]

The Trade receivables, Contract assets and Finance lease receivables of the Company are usually un-secured and derived from services rendered or sales made to a large number of contract as well as independent customers. As the customer base is widely distributed both economically and geographically, there is no concentration of credit risk.

As there is no independent credit rating of the customers available with the Company, the management reviews the credit-worthiness of its customers based on their financial position, past experience and other factors. In determining the allowances for doubtful trade receivables, contract assets and finance lease receivables the Company has used a simplified approach by computing the expected credit loss (ECL) allowance based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information.

Reconciliation of ECL provision

	Trade receivables	Contract assets	Finance lease receivables
ECL provision on 31 March 2023	400.98	1.74	1.43
Changes in ECL provision during the year including bad debts written off against provision	(41.51)	0.41	1.80
ECL provision on 31 March 2024	359.47	2.15	3.23
Changes in ECL provision during the year including bad debts written off against provision	21.95	(0.46)	(1.01)
ECL provision on 31 March 2025	381.42	1.69	2.22

Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits accounts in different banks.

Other financial assets measured at amortised cost

Other financial assets measured at amortized cost includes security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously.

(B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and cash equivalents and the availability of funding to meet obligations when due. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows.

Based on past performance and current expectations, the Company believes that the Cash and cash equivalents and cash generated from operations will satisfy its working capital needs, capital expenditure, commitments and other liquidity requirements associated with its existing operations, through at least the next twelve months.

Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

	As at March 31, 2025	As at March 31, 2024
Non fund based limit	395.26	395.26
Overdraft Fund Limit	2,406.00	2,395.92

Maturities of financial liabilities

(C) Market risk

(i) Foreign currency exposure

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. Exposures are broadly categorised into receivables and payable exposures.

The Company manages its foreign currency risk by entering into derivatives on net exposures, i.e. netting off the receivable and payable exposures in order to take full benefit of Natural Hedge.

The Company exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

	March 31, 2025	March 31, 2024
Exposure to foreign currency risk (assets)		
Financial assets		
EEFC Account Balance	3.48	312.56
Trade receivables	543.82	658.01
Net exposure to foreign currency risk (assets)	547.30	970.57
Exposure to foreign currency risk (liabilities)		
Trade payables *	6,420.67	7,343.56
Foreign exchange forward contracts (Buy USD)	4,772.58	1,663.53
Net exposure to foreign currency risk (liabilities)	1,648.09	5,680.03

* Without considering the credit note amounting to Rs. 2,138.35 lacs (previous year: Rs. 1,250.28 lacs) issued by the overseas related party supplier, subsequent to the year end, related to purchase price adjustment.

Other than above (USD), the Company has unhedged foreign currency exposure expressed in INR, as follows:

	March 31, 2025	March 31, 2024
Bank Balance (including margin money)	1,037.95	1,076.11
BDT		
Trade payables		
GBP	152.53	7.75
EURO	153.72	98.83
BDT	129.69	17.67

(ii) Foreign currency sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments:

	March 31, 2025	March 31, 2024
Impact on profit after tax		
USD sensitivity*		
INR/USD Appreciates by 3.6% (March 31, 2024 3.6%)	(29.65)	(93.19)

INR/BDT Depreciates 6.6% (March 31, 2024 6.6%)	(44.86)	(52.28)

* Holding all other variables constant

49. CAPITAL MANAGEMENT

The Company's objectives when managing capital is to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2024 and March 31, 2025.

(b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair value of the financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements.

Fair value hierarchy	March 31, 2025			March 31, 2024		
	Level-1	Level-2	Level-3	Level-1	Level-2	Level-3
Financial assets						
Trade receivables	-	-	5,295.07	-	-	3,937.94
Contract Assets	-	-	953.10	-	-	1,121.63
Cash and cash equivalents	13,203.06	-	-	13,911.17	-	-
Bank balances other than cash and cash equivalents	80.05	-	-	80.44	-	-
Other Financial Assets	-	-	1,453.69	-	-	1,414.88
Foreign exchange forward contracts	-	-	-	-	5.53	-
Total financial assets	13,283.11	-	7,701.86	13,991.61	5.53	6,474.45
Financial liabilities						
Trade payables	-	-	7,319.28	-	-	8,672.07
Lease Liabilities	-	-	181.28	-	-	10.72
Other Financial Liabilities	-	-	471.57	-	-	1,021.84
Foreign exchange forward contracts	-	58.67	-	-	-	-
Total financial liabilities	-	58.67	7,972.13	-	-	9,704.63

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between level 1 and 2 during the year.

(c) Fair value of financial assets and liabilities measured at amortised cost

The carrying amounts of short term trade receivables, trade payables, cash and cash equivalents, other bank balances, security deposits and other current financial assets and liabilities are considered to be the same as their fair values, due to their short-term nature.

The fair values of security deposit are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy since significant inputs required to fair value an instrument are observable. There is no material difference between carrying amount and fair value of security deposit as on March 31, 2025 and March 31, 2024.

51. SHARE BASED PAYMENTS

Equity settled share based payments

Xerox Corporation, USA has a long-term incentive plan whereby eligible employees of the Company may be granted restricted stock units (RSUs), performance shares (PSs) in order to continue to attract and retain employees and to better align employees' interests with those of the shareholders. Each of these awards is subject to settlement with newly issued shares of common stock of Xerox Corporation.

Restricted stock units: Compensation expense is based upon the grant date market price and is recorded over the vesting period, which is normally three years from the date of grant, based on management's estimate of the number of shares expected to vest.

Performance shares: Vest contingent upon meeting pre-determined cumulative goals for revenue, earnings per Share (EPS) and cash flow from operations, typically over a three-year performance period. If the cumulative three-year actual results exceed the stated targets, then all plan participants have the potential to earn additional shares of common stock up to a maximum overachievement of 100% of the original grant. In 2017, the maximum overachievement that could be earned was changed to 100% (from 25%) for all participants to align their maximum overachievement with that of the officers and selected executives. Previously that level was only available to officers and certain senior executives. All performance shares entitle the holder to one share of common stock, payable after a three-year service period and attainment of the stated goals. The fair value of performance shares is based upon the market price of our stock on the date of the grant. Compensation expense is recognized over the vesting period, which is normally three years from the date of grant, based on management's estimate of the number of shares expected to vest. If the stated targets are not met, any recognized compensation cost would be reversed.
